

## **Job Advert- CETE Graduate Research Assistant (June 1, 2024-Sept 1, 2024)**

The Climate Education in Teacher Education (CETE) research project seeks to hire a part-time, short-term Graduate Research Assistant (GRA) to help enact a sub-research project that looks to gather knowledge from local Indigenous knowledge-holders and Elders around Climate Change Education. The contract is for 3 months to begin, and there may be an extension.

Pay is \$25.00/hr + mandatory costs (gross pay is \$29.93/hr). Hours are flexible and approximately 10 hours/week.

Applicants must have experience with managing a research project, including conducting literature reviews, supporting budgets, editing written works, and collaborating with a team of researchers. Applicants must be a current UNBC graduate student.

Work can be accomplished remotely and via Zoom meetings with the research team.

Tasks include the following:

- Project Management
- Recruitment
- Data Gathering and Analysis
- Record Keeping
- Literature Review

The GRA will work under the supervision of Dr. Hart Banack, along with the rest of the CETE research team. The prior CETE RA will be able to help orient the new GRA for continuity.

The position offers a UNBC graduate student excellent opportunities to hone, further develop their qualitative research proficiencies with design-based research and be part of a collaborative research team.

For more information about CETE is found here:
