Landscape Conservation Ecosystem Science and Management Faculty of Environment Tenure-Track

The University of Northern British Columbia (UNBC) invites applications for a tenure-track position in the Department of Ecosystem Science and Management at the rank of Assistant Professor, with a proposed starting date of September 2024. As an institution committed to the fostering of an inclusive and transformative learning environment, UNBC values high quality and growth in both teaching and scholarship.

UNBC's [Dept of Ecosystem Science & Management](#) oversees BSc degrees in Biology; Conservation Science & Practice; Forest Ecology & Management; Wildlife & Fisheries; and a BA in Nature-Based Tourism Management. Faculty supervise graduate students (Masters and Doctoral) and contribute to teaching within the [Natural Resources & Environmental Studies \(NRES\) Graduate Program](#). The [Faculty of Environment](#) and is well equipped with modern on-campus research facilities, three field research stations, and two research forests. UNBC is located in the midst of intact and diverse ecosystems as well as provincial, national, and Indigenous managed and conserved lands. Our environment and surrounding communities offer a wide range of opportunities for conservation research.

We seek candidates who will develop a vigorous, externally funded, long-term research program among the research areas specified below. UNBC values interdisciplinarity, and the successful candidate will have the opportunity to collaborate with faculty from across the university as well as national and international colleagues, conservation groups, First Nations, government, and industry.

This position is offered as part of a new degree in Conservation Science and Practice, with majors in Landscape Conservation and Management and Wildland Conservation and Recreation. Conservation Science addresses the policy, planning, and practice of conserving biological diversity. The successful candidate will contribute research and teaching expertise that use novel methods and tackle the challenges of conservation at broad scales. Preference will be given to applicants with a background in the natural sciences and that have a demonstrated ability to conduct interdisciplinary research that contributes to core issues in conservation science. Desirable areas of research and teaching include: landscape and watershed management, conservation planning, applications of spatial analyses to conservation and protected areas, structured decision making for conservation, climate change, socio-ecological systems, ecosystem services, and disturbance and restoration ecology.

Applicants for this position should normally hold a PhD directly relevant to Conservation Science, which includes Natural Resource Management, Ecology, Physical Geography, among others. The successful candidate will have a growing record of scholarly activity, as well as present evidence of and commitment to teaching excellence.

Our Commitment to Diversity and Employment Equity

The University of Northern British Columbia is fully committed to creating and maintaining an equitable, diverse, and inclusive environment that is accessible to all. We are devoted to ensuring a welcoming, safe, and inclusive campus free from harassment, bullying, and discrimination. This commitment is woven into our motto and mission. In the Dakelh language, UNBC's motto 'En Cha Huná translates to "he/she/they also live" and means respect for all living things. Through the respect for all living things, we are able to grow and learn better together, each bringing our own unique individual differences and contributions to inspire leaders for tomorrow by influencing the world today.

Employment equity requires that we remove barriers and overcome both direct and indirect discrimination. In this way, the pool of excellent candidates increases substantially. We encourage applications from members of groups that have been marginalized on any grounds enumerated under the B.C. Human Rights Code, including sex, sexual orientation, gender identity or expression, racialization, disability, political belief, religion, marital or family status, age, and/or status as a First Nation, Metis, Inuit, or Indigenous person

About the University and its Community

Since its founding in 1990, the University of Northern British Columbia (UNBC) has emerged as one of Canada's best small research-intensive universities, with a passion for teaching, discovery, people, and the North. UNBC's excellence is derived from community-inspired research, hands-on learning, and alumni who are leading change around the world.

Since time immemorial, Indigenous peoples have walked gently on the diverse traditional territories where the University of Northern British Columbia community is grateful to live, work, learn, and play. We are committed to building and nurturing relationships with Indigenous peoples, we acknowledge their traditional lands, and we thank them for their hospitality. UNBC's largest campus in Prince George is located on the traditional unceded territory of the Lheidli T'enneh, in the spectacular landscape near the geographic centre of beautiful British Columbia.

UNBC's three regional campuses are located in Quesnel, Fort St. John, and Terrace. The South-Central campus in Quesnel is situated on the traditional territory of the Lhtako Dené (Red Bluff Band), Nazko, Lhoosk'uz Dené Nation (Kluskus Band), and Esdilagh First Nations (formerly Alexandria Band). Lhtako, Nazko, and Lhoosk'uz are Dakelh First Nations, and Esdilagh is a member of the Tsilhqot'in Nation. The Peace River-Liard campus in Fort St. John is situated on the traditional territory of the Doig River, Blueberry River and Halfway River First Nations. They are the Dunne-Za people. The Northwest campus in Terrace is situated on traditional Ts'msyen (Tsimshian) territory of the Kitsumkalum and Kitselas First Nations. It includes a satellite campus in the coastal community of Prince Rupert.

UNBC consistently ranks in the top three in its category in the annual Maclean's university rankings. UNBC also recently placed among the top five per cent of higher education institutions worldwide by the Times Higher Education World University Rankings.

With a diverse student population, the University is friendly, inclusive, and supportive. Prince George is a city of ~74,000 people with impressive cultural, educational, and recreational amenities. For more information about living and working in Prince George, please refer to <http://www.unbc.ca/experience> and <https://moveupprincegeorge.ca>. Make your mark with this leading post-secondary institution.

Salary

The salary for this position will be determined with consideration of the successful candidate's relevant qualifications and experience as per the UNBC Faculty Association Collective Agreement. The annual salary range for this position is expected to be from \$84,637 to \$122,736. Please refer to the link below to the Collective Agreement (**Article 48**) for more information:
