## INFORMATION AND INSTRUCTIONS FOR COMPLETION

Full information on the current procedure and requirements for a doctoral degree oral examination (defence) can be found on the Office of Graduate Programs <u>website</u>.

## **Completing the Form**

The student works with their supervisor and committee to identify three potential dates/times for the defence, completing sections 1 through 4. The supervisor then completes section 5 (recommending an external examiner). The Chair's support for the external examiner is indicated by signing this section as well. The completed form should be returned to <a href="mailto:grad-office@unbc.ca">grad-office@unbc.ca</a> with a PDF copy of dissertation and the Declaration of Readiness for Defence form. Each supervisory committee member is required to complete a declaration.

#### Form Deadline

The defence request and required attachments must be received by the Office of Graduate Programs no later than 8 weeks prior to the first defence date proposed on the form.

## **Examining Committee Participation**

The examining committee will consist of the supervisory committee and an external examiner. At a minimum, the people who must attend the defence in person are the student, supervisor (or one of the co-supervisors), the external examiner and one committee member (Graduate Calendar Policy 7.10.1).

#### **Defence Mode**

For current information on defence location options, please visit this link.

## **Recording Defences**

Defences may be recorded only if all examining committee members (including the external examiner and chair) are in agreement. The chair must announce that the defence is being recorded prior to starting the defence and provide an opportunity for audience members to leave if they chose to do so.

#### **External Examiner Recommendation**

The recommended external examiner should be a distinguished scholar with particular experience both in the field of the dissertation research and in supervising doctoral students. The external examiner should have no past, current or planned involvement or association with the student or the supervisor. In submitting this form, the supervisor and student are affirming neither party has performed collaborative research work with the external examiner within the last five years. The student's supervisory committee recommends the external examiner, and the supervisor then makes an informal inquiry as to the prospective external examiner's willingness to serve. If the individual is prepared to serve, the nomination is then made by the supervisor on this form supported by the appropriate program Chair.

The Office of Graduate Programs will email the copy of the dissertation submitted with this form to the external examiner once the Dean has approved their selection.

#### **Closed Defence**

In rare circumstances where a public examination would be detrimental to the student or the sponsor of the research to have it made public, the author of the thesis, project or dissertation may request a closed oral examination. This request must be made at the same time as the request for the oral examination. Please attach a memo to the Dean with this form if a closed defence is required, providing details on the reason for the request.
