

Vanderhoof

THE TOWN

Vanderhoof is situated at the geographical centre of BC with a population of 4500. This area is the traditional territory of Saik'uz First Nation.

Vanderhoof is a great place to explore and get involved with the local White Sturgeon Conservation Centre or visit nearby Fraser Lake which is the Swan Capital of the world. The town sits along the Nechako River with plenty of trails to explore.

The community has four beautiful seasons with many events and activities to keep you and your family engaged in the community. It is a lovely town with some adorable shops and walking trails.

Enjoy no commute and instant access to nature in this vibrant and welcoming community.

THE TEAM

A Resident can enjoy all the clinical experiences in this community as the sole resident. You will work with a team of GPs that serve a 24 acute care bed and eight bassinets hospital facility.

There is one clinic that the team of physicians work from. You may find yourself going on a home visit, providing long term care or stress testing. Physicians in this community are very supportive of each other and learners.

Each family practice is very busy and all in one clinic. The hospital and clinic are very close together. There are many supportive services in the community such as physiotherapy, dietician, assisted living, cardiac rehab, mental health and substance use, OT, home support and outreach to surrounding communities.
