

Teacher Program Meets Teacher Demand

UNBC Bachelor of Education K-7 program at the Terrace campus continues to successfully deliver the B.Ed. program. This year and the upcoming years will see an increase in retired teachers and thus a need for teachers.

September 2017 will welcome its 6th Cohort to the Bachelor of Education K-7 program, the program has an intake every 2 years. A majority of the students will enter into the program with 90 credits or a degree in Arts.

If you have thought about being a Teacher, now is the time!!

Applications are now being accepted at the Terrace campus for September 2017 or you can speak to an advisor regarding our 2019 intake!
