

25th Anniversary Event

Natural Resources & Environmental Studies Institute Special Colloquium

The Natural Resources & Environmental Studies Institute (NRESi) builds connections among university researchers and communities or external experts to advance understanding of natural resources and the environment. NRESi facilitates collaborative integrative and interdisciplinary projects to address complex issues involving ecological processes, social values, and earth systems.

NRESi will take an opportunity during one of its weekly colloquium sessions to conduct a special 25th anniversary panel discussion. This event will allow time for reflection on the history and successes of NRESi, as well as create a dialogue to discuss opportunities for the future.

Date: September 19, 2014

Time: 3:30pm - 4:30pm
with reception to follow

Place: Bentley Centre
