

**Job Advert**  
**CETE Research Assistant (Mar 2025-June 2025)**

The Climate Education in Teacher Education (CETE) research project seeks a part-time, short-term Graduate Research Assistant (GRA) to help support research between March 2025 and June 2025, with the possibility of an extension.

Pay is \$25.00/hr + MERCs (gross pay is \$29.93/hr). Hours are flexible. Approximately 10 hours/week.

Applicants must be a UNBC graduate student, have experience with qualitative research, action research, and work well with a collaborative team. The successful candidate will be required to sign a confidentiality agreement and provide a current TCPS2 Certificate.

Specific Duties:

- Administration: oversee project timelines and files, including approvals, reporting, protocol adherence, monitoring of instruments, and qualitative data collection/storage processes
- Communications: organize and facilitate CETE research team and design team meetings, support to develop workshops and other presentations, and general communications with public

The work can be achieved remotely, and meetings with the research team are via Zoom.

The GRA will work under the supervision of Drs. Hart Banack and David Litz, along with the rest of the CETE research team, which includes another RA.

The position offers excellent opportunities to hone and further develop research experience and proficiencies, along with experience with design-based research and membership on a collaborative research team.

For more information about CETE is found here:
