That the third sentence on page 3 of the document, which reads "In those cases in which the courses in question fall under the purview of one or another of the Program or School Chairs (Business-related courses for example), the approval of the Chair will be sought" be copied from the rationale and placed directly in the section outlining how the program will be overseen, that the phrase "(Business-related courses for example)" be removed from the sentence, and that the word "sought" be changed to "required" in that sentence.

CARRIED.

Finally, it was pointed out that there were two minor typographical and grammatical errors in the last two sentences of the motion which required correction, as follows:

- change the phrase "at need" to "as needed"
- change the phrase "form approval" to "for approval"

**Friendly Amendment:**

Brunt / Annis

That the phrase "at need" be changed to "as needed" and the phrase "form approval" be changed to "for approval."

CARRIED.

**Amended Motion:**

Brunt / Annis

That new sections be added to the 2006-2007 Undergraduate Calendar: Admissions Section (p. 29), immediately following the paragraph headed "British Columbia Adult Graduation Diploma;" Services and Facilities Section (p. 37), immediately following the paragraph headed "Conference and Events Services," (new text underlined); and that the program be overseen, incorporating revisions recommended by Senate, as follows:

**(Page 29 of Admissions Section)  
Continuing Studies Credit**

Certain courses offered through Continuing Studies may earn UNBC credit without the student having to be admitted formally. See “Continuing Studies” on p. 37, and online at [www.unbc.ca/continuingstudies](http://www.unbc.ca/continuingstudies).

**(Page 37 of Services and Facilities Section)**  
**Continuing Studies**

Continuing Studies is an integral contributor, and a vital partner, in the learning environment at UNBC. Its vision is to sustain a culture of lifelong learning at the University. Continuing Studies has a professional commitment to contribute collaboratively with all of the University’s Academic Programs, and to both lead and serve the community by staying responsive to the needs of the North.

Continuing Studies courses are primarily short in duration and designed to meet the needs of both professional development and/or personal interest. Certain Continuing Studies courses are clearly designated as earning academic credit at UNBC. Credit earned in this manner is unspecified, and is treated as elective credit hours. University admission requirements do not apply to these courses, and students are advised that they will be registered for them on a credit basis unless they direct otherwise at the beginning of the course. Unless otherwise designated, credits earned in this manner are recorded on a Pass basis upon successful completion. Unsuccessful attempts are not recorded. Whether taken for-credit or not-for-credit, the content and requirements of these courses are the same.

For more information, please see the Continuing Studies course catalogue, or visit Continuing Studies online at [www.unbc.ca/continuingstudies](http://www.unbc.ca/continuingstudies).

. . . and that, on the delegated authority of Senate, the program described in this motion be overseen by the Committee on Academic Policy and Planning (SCAPP) and the Committee on Research and Graduate Studies (SCRGS) through a jointly-reporting Subcommittee, the Continuing Studies Credit Committee (CSCC), consisting of the Vice-President (Academic) and Provost, the Deans of CASHS, CSAM and Graduate Studies, and the Continuing Studies Manager. The Committee will be enabled to consult widely in its deliberations and to add to its membership as needed. In those cases in which the courses in question fall under the purview of one or another of the Program or School Chairs, the approval of the Chair will be required. CSCC will submit its recommendations on undergraduate credits to SCAPP, for approval; and SCAPP will report to Senate, at least annually, its decisions on undergraduate credits earned through Continuing Studies.

Effective date: May 2007  
CARRIED, with 2 opposed.

This material was presented for information only.

**7.2 Senate Committee on Research and Graduate Studies**

**Blouw / Tait**

**S-200701.23**

**Academic Credit from Continuing Studies**

Tait / Mandy

That, on the recommendation of the Senate Committee on Research and Graduate Studies, a new Section be added to the Graduate Calendar under the general heading "Services and Facilities," following the paragraph headed "Conference and Events Services" on p. 19, as proposed.

Background information for this motion was introduced by Dr. Brunt at the same time he discussed the parallel motion which was put to the Senate Committee on Academic Policy and Planning. The differences in the approval process between this motion and the SCAPP motion were also outlined at that time.

The benefits to be derived from offering continuing studies courses for credit were discussed.

With regard to the SCGRS motion, it was proposed that the third sentence on page 3 of the document, which reads “In those cases in which the courses in question fall under the purview of one or another of the Program or School Chairs (Business-related courses for example), the approval of the Chair will be sought” be copied from the rationale and placed in the section outlining how the program will be overseen, that the phrase “(Business-related courses for example)” be removed from the sentence, and that the word “sought” be changed to “required,” as was done with the SCAPP motion.

In addition, it was pointed out that there was a minor typographical error in the second last sentence of the motion which required correction, as follows:

- change the phrase “at need” to “as needed”

**Friendly Amendment:**

Tait / Mandy

That the sentence which reads “In those cases in which the courses in question fall under the purview of one or another of the Program or School Chairs (Business-related courses for example), the approval of the Chair will be sought” be copied from the rationale and placed in the section outlining how the program will be overseen, that the phrase “(Business-related courses for example)” be removed from that sentence, that the word “sought” be changed to “required” in the same sentence, and the phrase “at need” be changed to “as needed.”

CARRIED.

**Motion as Amended:**

Tait / Mandy

That, on the recommendation of the Senate Committee on Research and Graduate Studies, a new Section be added to the Graduate Calendar under the general heading “Services and Facilities,” following the paragraph headed “Conference and Events Services” on p. 19, as proposed.

**Continuing Studies**

Continuing Studies is an integral contributor, and a vital partner, in the learning environment at UNBC. Its vision is to sustain a culture of lifelong learning at the University. Continuing Studies has a professional commitment to contribute collaboratively with all of the University’s Academic Programs, and to both lead and serve the community by staying responsive to the needs of the North.

Continuing Studies courses are primarily short in duration and designed to meet the needs of both professional development and/or personal interest. Certain Continuing Studies courses are clearly designated as earning academic credit at UNBC. Credit earned in this manner is unspecified, and is treated as elective credit hours. University admission requirements do not apply to these courses, and students are advised that they will be registered for them on a credit basis unless they direct otherwise at the beginning of the course. Unless otherwise designated, credits earned in this manner are recorded on a Pass basis upon successful completion. Unsuccessful attempts are not recorded. Whether taken for-credit or not-for-credit, the content and requirements of these courses are the same. Graduate students are reminded that, as with all other academic credits, credits earned in this manner may not be applied to their degree programs without the express permission of their Supervisory Committee and approval by the Dean of Graduate Studies. Graduate Students are further reminded that fees for Continuing Studies Courses, whether approved for their academic program of study or not, are additional to the tuition fee units for their academic programs.

For more information, please see the Continuing Studies course catalogue, or visit Continuing Studies online at [www.unbc.ca/continuingstudies](http://www.unbc.ca/continuingstudies).

...and that the program described in this motion be overseen by the Committee on Academic Policy and Planning (SCAPP) and the Committee on Research and Graduate Studies (SCRGS) through a jointly-reporting Subcommittee, the Continuing Studies Credit Committee (CSCC), consisting of the Vice-President (Academic) and Provost, the Deans of CASHS, CSAM and Graduate Studies, and the Continuing Studies Manager. The Committee will be enabled to consult widely in its deliberations and to add to its membership as needed. In those cases in which the courses in question fall under the purview of one or another of the Program or School Chairs, the approval of the Chair will be required. CSCC will submit its recommendations on graduate credits to SCRGS for approval, and SCRGS will bring to Senate, at least annually, its recommendations on graduate credits earned through Continuing Studies.

Effective Date: May 2007  
CARRIED.

**S-200701.24**

**Discussion / Approval of Guidelines for Development of New Certificate Programs**

Tait / Mandy

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the *Guidelines for Certificates of Graduate Studies* be approved.

Tait / Annis

That the Minutes of the January 17, 2007 Public Session of Senate be approved as presented.  
CARRIED.

**3.0** **Business Arising from Previous Meetings of Senate**

**3.1** Update on 2500 Additional Graduate Spaces

**Cozzetto**

Dr. Cozzetto provided Senators with further information regarding the graduate spaces he reported on at the previous meeting, stating that the initiative had been mentioned in the throne speech and that funding was expected to be announced in the budget on February 20. Dr. Cozzetto added that the details of the process to obtain the funding had not yet been determined, but that it would be a competitive process between the four research-intensive universities in British Columbia.

Dr. Brunt was asked whether caveats to the "Report Cards" circulated would be provided, per item 6.0 of the January Senate minutes. Dr. Brunt responded that he would be discussing this during his presentation.

**4.0** **President's Report**

**Cozzetto**

The President provided a presentation to update Senators on budget issues, direction for which had been approved by the Board of Governors at their January 30 meeting. He indicated that this information was posted on the UNBC website, and complimented those who had worked on the plan. Dr. Cozzetto highlighted the problem of the budget imbalance, and indicated that consultants had been engaged to address these issues, the full report of which was expected to be available and placed on the website and in the library within two weeks of the Senate meeting. He concluded that the consultants had stressed that the budget imbalance was the result of expenditure management, not revenue.

Colleen Smith, Chief Financial Officer, indicated that the budget plan presented did not contain finalized numbers, but instead was a model of how the University expected to manage the budget from this point forward. She highlighted several items, including the following:

- although additional income may be generated in future, currently, the University's revenue is mostly from the grant received from the provincial government
- Expenditures were incorporated for servicing the debt on the Teaching and Learning Centre and the Northern Sport Centre, and funding for capital equipment replacement costs
- A strategic investment pool was incorporated, a flexibility which is not currently available in the budget
- The goal for cuts in expenditures was set at \$1.9 million in 2007/2008, \$2.4 million in 2008/2009, and \$1.8 million in 2009/2010
- The budget has been spread out over three years, and some plans will take three years to unfold
- The budget process will become more strategic as a result of being spread over three years as opposed to an annual budget
- At the end of three years, it is anticipated that the budget will be sustainable and give the University much more flexibility to deal with the issues

**5.0** **Report of the Provost**

**Brunt**

Dr. H. Brunt did a presentation entitled "3-Year Management Plan: Academic Programs and Services," which outlined the changes to the organizational structure of the University as approved by the UNBC Board of Governors in January. Dr. Brunt indicated that the budget was currently unsustainable, and that the University would not be able to continue cutting in the manner of previous years. He added, however, that the changes and objectives had to be understood in the context of the university's strategic plans. The challenges, goals, and recommendations for each unit were outlined, and the revised structures were introduced, with some of the points summarized as follows:

- The current organizational structures resulted in the senior Executive spending the majority of their time managing others

- The Vice-President Academic and Provost's portfolio has been changed to that of Provost, the University's Chief Operating Officer
- The separation of the offices of Research and Graduate Studies was illogical, and they have been merged, under the direction of a Vice-Provost Research and Graduate Programs, to provide for cohesive services in these areas
- Linking the Deans of Colleges with the Vice-Provost Research and Graduate Programs will ensure a formal mechanism for planning between undergraduate and graduate programs, and research
- The implementation of the next phase of Academic Visioning Initiative will be done as soon as possible, as it was put on hold to accommodate dealing with the budget and restructuring concerns
- The Co-op Program as it currently exists is an expenditure that assists few students, and initiatives other than Co-op could serve a greater number of students with career planning
- A reduction of 20 to 25 faculty members would be essential to the realization of a sustainable budget, with the reductions being made as strategically as possible according to the University's mission, and some through attrition and the offering of incentive packages
- Incentive packages would be generous and voluntary
- There was discussion that some collaboration or merging of academic Programs, was possible, with suggestions in this regard being discussed extensively within the Colleges
- Resources would be moved from the Co-operative Education Program to initiatives that were more inclusive
- A focus on graduate education was imperative, as this would lead to additional funding for the University
- The creation of the position of Dean of Teaching, Learning and Technology would provide support for the establishment and management of cutting edge technologies such as Northlink, which could conceivably bring revenue to the University
- UNBC currently has the second worst retention rate of all Canadian universities, which must be addressed

Dr. Brunt emphasized that the organizational changes were not only in relation to the budget imbalance, but to strategic planning. With regard to the changes to the Co-operative Education Program, Dr. Brunt indicated that this had been an extremely difficult decision, but that the enrolment numbers of Co-op students was perpetually low, and a greater number of students could be served through other career-advancement initiatives. He added that a transition plan for current Co-op students had been drafted by the outgoing Director, whereby the work terms required would be reduced from 4 to 3, and the University would do its utmost to ensure that current Co-op students would be able to complete up to three work terms by April 2008. He concluded that he had since come to recognize that the abolishment of the Co-op Program was contentious, and thus did not intend to place that motion on the table.

## 6.0 Question Period

Several questions were posed in relation to the reports from the President and Provost.

The question was raised as to why there was a public announcement regarding the Co-op Program before it came to Senate. Dr. Brunt responded that the Board of Governors had approved the abolishment of several Director positions, one of them being the Director of the Co-operative Education Program, and that the funding for the Program was to be discontinued. It was agreed that the Co-op Program was a matter of Senate authority as it relates to the calendar, but in the absence of funding, Dr. Brunt concluded it was difficult to envision how the Program could continue.

K. Kielly was congratulated on having been appointed Registrar, and the President was asked when the appointment had taken effect. Dr. Cozzetto responded that all appointments being made as the result of restructuring were interim appointments, and would be taken to the Board for approval at their meeting scheduled for March 30, 2007.

**S0200702.02A:**

**Motion to recognize Mr. John DeGrace**

Casperson / Brunt

That Senate formally recognize and show its appreciation to the outgoing Secretary of Senate and Registrar, Mr. John DeGrace, for his hard work and deep commitment to these offices.

CARRIED.

Dr. Cozzetto noted that Senate was in unanimous agreement with the motion, and that he would convey Senate's thanks to Mr. DeGrace.

Several questions were asked related to FTEs and which Programs were most likely to be affected. Dr. Brunt responded that the popularity of programs varied over time, and that students "vote with their feet," but insisted that every faculty member at UNBC was exceptional. He added that he was most hopeful that reductions would be made through strategic realignment of programs and incentive packages, as he did not wish to face the alternative of redundancy and exigency.

Senator Domshy indicated that, with the changes to the Co-op Program, there may be more room for the involvement of the Alumni Association in establishing opportunities for mentoring, for instance, and that the Association would welcome the opportunity to assist in this regard. Dr. Brunt responded that he anticipated there would be an increased role for the Alumni Association.

It was questioned how the notion of a multi-campus university fits within the new structure, and Dr. Brunt responded that the new structure didn't differentiate between the campuses. Senator Macknak added that the new structure recognizes old problems, including the lack of advising services for students in the regions and increasing enrolment in the face of decreasing services, and that he liked the new structure because it would result in one university providing quality services across multiple campuses.

The question of what it would take to keep the Co-op Program running, enrolment-wise, was raised. Dr. Brunt responded that this wasn't looked at, as the participation rate was prohibitively low. Dr. Brunt added that he could not conclude that the Co-op Program wouldn't re-emerge in the future once the budget was sustainable, but that in realistic terms, the \$400,000 needed to run the Program was equivalent to approximately four faculty member positions or eight staff positions. The President reiterated that the goal was to provide services and opportunities to a greater number of students than were currently being serviced by the Co-op Program, and that how that might unfold was still in the planning process. Concern was expressed that UNBC would be the only University in British Columbia without a Co-op Program. In response, it was stated that many universities had been moving toward alternative career services for students.

It was asked how the President's Office would be restructured, and Dr. Cozzetto replied that the positions of Vice-President Administration and Finance, and University Secretary, had been eliminated. Dr. Brunt added that funding for the Office of University Advancement would be transitioned out of the operating budget.

**7.0 Committee Reports:**

**7.1 Senate Committee on Academic Policy and Planning**

**Brunt**

**S-200702.03**

**Agreement of Cooperation Between Groupe Ecole Supérieure de Commerce de Troyes (France) and the University of Northern British Columbia**

Brunt / Casperson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the agreement of cooperation between Groupe Ecole Supérieure de Commerce de Troyes (France) and the University of Northern British Columbia be approved as proposed.

Effective date: Immediately upon approval by Senate

CARRIED.

**S-200702.04**

## **Affiliation Agreement Between Emily Carr Institute of Art + Design and the University of Northern British Columbia**

Brunt / Rennebohm

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the affiliation agreement between Emily Carr Institute of Art + Design and the University of Northern British Columbia be approved as proposed.

Effective date: Immediately upon approval by Senate  
CARRIED.

Senator Rapaport mentioned that he had seen an advertisement in the Prince George Citizen for a sessional faculty position for this Program, and asked why this was required when it had been indicated when this Program was approved that no further resources would be required. Dean Randall responded that Emily Carr would be absorbing the costs related to this position.

### **S-200702.05**

#### **Course Deletion — ENVS 203-3**

Brunt/ McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course ENVS 203-3 Environmental Policy be deleted, and that all reference to ENVS 203-3 be deleted from the Calendar.

Effective date: September 2007

CARRIED.

Senator Mandy asked why there had not been a calendar description motion submitted with this motion. L. Friskie, Academic Advisor, responded that the course had been deleted and would be removed from all Program requirements.

### **S-200702.05A**

#### **Revision to Undergraduate Calendar — Deletion of Co-operative Education Program**

Brunt / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the Co-operative Education Program be deleted as proposed.

Effective date: Immediately upon approval by Senate

Several Senators indicated that they were opposed to the deletion of the Co-op Program. Senator Giroday indicated that she had a petition signed by approximately 426 members of the UNBC community, and asked for the Chair's advice regarding how to submit this information. Dr. Cozzetto indicated that the document would be accepted and entered into the record. Senator Giroday indicated that the petition was signed based on the following rationale, to oppose the elimination of the UNBC Co-op program:

"The UNBC Co-op program is an attraction point for students selecting universities based on the work placement opportunities that institution will provide. The permanent elimination of the Co-op program, a nationally recognized work placement program, has the potential to negatively impact future UNBC enrollment as well as infringe of the rights of students currently enrolled in the program."

Responding to the concerns about eliminating the Co-op Program, several Senators suggested that there were diverse forms of experiential learning, Co-op being just one, and that the funding which was currently being used to support a small number of students could be put to better use in support of all UNBC students. In view of the discussion, the Chair indicated that it was apparent that Senators felt there were outstanding issues with regard to the Co-op Program, and that further discussion was warranted.

#### **Motion to refer:**

Macknak / Brunt

That motion S-200702.05A be referred back to the Senate Committee on Academic Policy and Planning for further work and discussion.

Senator Casperson indicated that, if the motion on the floor was defeated, Senators had drafted a motion to refer the Co-op issue to another committee. Senator Hemingway asked whether an explanation could

be provided regarding the other committee and motion prior to voting on the motion to refer. Senator Casperson thus read the alternate motion.

Concern was raised about referring this motion to a committee consisting of hand-picked members, as the Senate Committee on Academic Policy and Planning had dealt with the motion initially. In response, Senators spoke both in favour of, and in opposition to, referring the motion back to SCAPP.

**Motion to hold ballot vote:**

Hyndman / Casperson

That a ballot vote be held on the motion to refer motion S-200702.05A back to the Senate Committee on Academic Policy and Planning.

CARRIED.

A ballot vote was held, and the motion to refer motion S-200702.05A back to the Senate Committee on Academic Policy and Planning was DEFEATED.

**Motion to continue meeting:**

Casperson / Mandy

That the Senate meeting be continued beyond 5:30 p.m.

CARRIED.

Senator Hyndman read a statement from Senator Medhurst, who was unable to attend the Senate meeting, in support of the Co-op Program. Concern was expressed regarding the process followed related to the Co-op Program, that an announcement related to an academic issue came from the Human Resources department.

**Motion to refer Co-op motion to another committee of Senate:**

Casperson / Mandy

That this motion be referred to a committee of Senate:

- to consist of
  - Robert Ellis, who shall be Chair (Faculty Senator),
  - Eleanor Annis (Faculty Senator),
  - Jacqueline Holler (Faculty Senator),
  - Kerensa Medhurst (Student Senator),
  - Howard Brunt (Provost) or his representative, and
  - Paul Madak (Dean of Enrolment Management) or his representative;
- that the committee be directed to consider this motion and alternatives with regard to:
  - UNBC's attractiveness to current and future students,
  - The employability of the University's graduates,
  - The University's reputation with employers and the community,
  - The fit with the Academic Visioning Initiative, and
  - The relative costs of such programs;
- that the committee consult with affected groups; and
- that the committee report back to Senate not later than March 14, 2007.

CARRIED.

**7.2 Senate Committee on Regional Policy and Inter-Institutional Relations**

**Randall**

Senate motions S-200702.06 and S-200702.07 were removed from the agenda.

**S-200702.08**

**Approval of Agreement Between UNBC and Bodwell College**

Randall / Mandy

That, on the recommendation of the Senate Committee on Regional Policy and Inter-Institutional Relations, the Agreement between UNBC and Bodwell College be approved.

Effective Date: Immediately upon approval by Senate

CARRIED.

**S-200702.09**

**Approval of Agreement Between UNBC and Canada International College (CIC), a Division of School District No. 43 (Coquitlam)**

Randall / Mandy

That, on the recommendation of the Senate Committee on Regional Policy and Inter-Institutional Relations, the Agreement between UNBC and Canada International College (CIC), a Division of School District No. 43 (Coquitlam), be approved.

Effective Date: Immediately upon approval by Senate

CARRIED.

**S-200702.10**

**Approval of Agreement Between UNBC and The National Outdoor Leadership School (NOLS)**

Randall / Rapaport

That, on the recommendation of the Senate Committee on Regional Policy and Inter-Institutional Relations, the Agreement between UNBC and The National Outdoor Leadership School (NOLS) be approved.

Effective Date: Immediately upon approval by Senate

CARRIED.

**S-200702.11**

**Approval of Agreement Between UNBC and King George International College**

Randall / Tait

That, on the recommendation of the Senate Committee on Regional Policy and Inter-Institutional Relations, the Agreement between UNBC and King George International College be approved.

Effective Date: Immediately upon approval by Senate

CARRIED.

**S-200702.12**

**Annual Report from the Senate Committee on Regional Policy and Inter-Institutional Relations**

Randall / Mandy

That the Annual Report (dated February 2007) from the Senate Committee on Regional Policy and Inter-Institutional Relations be received.

Effective Date: February 14, 2007

CARRIED.

It was requested that, in future, care be taken to remove students' names from reports to Senate.

**7.3 Senate Committee on Scholarships and Bursaries**

**Jensen**

In the absence of a committee Chair, Senator Jensen, member of the Senate Committee on Scholarships and Bursaries, presented the report from this committee.

**Motion:**

Jensen / Mandy

That Senate motions S-200702.13 to S-200702.23 be dealt with as an omnibus motion.

CARRIED.

**S-200702.13**

**Revised Terms and Conditions — Western Chartered Financial Athletic Scholarships**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised terms and conditions for the Western Chartered Financial Athletic Scholarships be approved.

Effective date: September 2007  
CARRIED.

**S-200702.14**

**Revised Terms and Conditions — McCarthy Tetrault Annual Scholarship**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised terms and conditions for the McCarthy Tetrault Annual Scholarship be approved.

Effective date: September 2007  
CARRIED.

**S-200702.15**

**Revised Terms and Conditions — Arne and Lesley Carlson Endowed Scholarship Fund**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised terms and conditions for the Arne and Lesley Carlson Endowed Scholarship Fund be approved.

Effective date: September 2007  
CARRIED.

**S-200702.16**

**Revised Terms and Conditions — Canadian Institute of Forestry Bursary**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised terms and conditions for the Canadian Institute of Forestry Bursary be approved.

Effective date: September 2007  
CARRIED.

**S-200702.17**

**Revised Terms and Conditions — McLean Foundation Scholarship**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised terms and conditions for the McLean Foundation Scholarship be approved.

Effective date: September 2007  
CARRIED.

**S-200702.18**

**Revised Terms and Conditions — Michael Strel Memorial Bursary**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised terms and conditions for the Michael Strel Memorial Bursary be approved.

Effective date: September 2007  
CARRIED.

**S-200702.19**

**Revised Terms and Conditions — Simons Foundation Bursaries for Single Mothers**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised terms and conditions for the Simons Foundation Bursaries for Single Mothers be approved, in order to become The Simons Foundation Bursary for Lone Parents.

Effective date: September 2007  
CARRIED.

**S-200702.20**

**Revised Terms and Conditions — UNBC Men’s Basketball Alumni Bursary**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised terms and conditions for the UNBC Men’s Basketball Alumni Bursary be approved.

Effective date: September 2007

CARRIED.

**S-200702.21**

**Revised Calendar Description — Dr. Alvin and Mrs. Janie Mooney Scholarship**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised calendar description for the Dr. Alvin and Mrs. Janie Mooney Scholarship be approved.

Effective date: September 2007

CARRIED.

**S-200702.22**

**Revised Calendar Description — Wilson, King, and Company Annual Scholarships**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised calendar description for the Wilson, King, and Company Annual Scholarships be approved.

Effective date: September 2007

CARRIED.

**S-200702.23**

**Revised Calendar Description / Intent — Louis and Irene Monasch and Family Bursary**

Jensen / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised calendar description / intent for the Louis and Irene Monasch and Family Bursary be approved.

CARRIED.

The meeting ended at 5:50 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

March 14, 2007  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, K. Beeler, H. Brunt, D. Casperson, D. Cozzetto (Chair), R. Ellis, A. Espíritu, M. Gorzelak, D. Hemingway, J. Holler, J. Hyndman, E. Jensen (teleconference), D. Kimmie, E. Kinghorn (teleconference), T. Knudsen, J. Li, D. Macknak, M. Mandy, W. McGill, K. Medhurst, D. Nyce (teleconference), E. Owen-Williams, E. Pratt, J. Randall, E. Rapaport, S. Rennebohm, J. Safaei Boroojeny, B. Simard (teleconference), A. Smith, R. Tait (Vice-Chair), D. Tasa, M. Thomson, S. Wagner

**Regrets:**

H. Domshy, H. Giroday, H. Li, A. Nussbaumer, C. Opio, M. Reed, H. Samadi

**Non-voting members present:**

C. Myers (Recording), S. Keith, K. Kielly, P. Madak, P. Michel, L. Pattie, C. Smith, H. Smith

---

The meeting commenced at 3:30 p.m.

The following note was included on the agenda:

**PLEASE NOTE:** The enclosed motions (listed as “Motion 1” and “Motion 2”),  
copies of which are included directly after this agenda in the  
meeting package, are Special Order motions which will be  
dealt with promptly at 4:00 p.m. Hyndman

Dr. Cozzetto introduced two new undergraduate student Senators, Thomas Knudsen and Devan Tasa.

**1.0 S-200703.01  
Approval of the Agenda**

Hyndman / Mandy

That the Agenda for the March 14, 2007 Public Session of Senate be approved as proposed.  
CARRIED.

Senator Wagner pointed out two errors on the agenda, as follows:

- Motion S-200703.04 (New Course Approval — HHSC 440-3) — the title of the motion should have read “HHSC 440-(3-6)” rather than “HHSC 440-3,” and the reference to HHSC 430 in the motion should have been HHSC 440;

- Motion SCAPP200702.19 (Prerequisite and Calendar Course Description Change — PSYC 409-3) — the body of the motion made reference to HHSC 350-3, which should have been HHSC 351-3.

## **2.0 S-200703.02**

### **Approval of Senate Public Session Minutes**

Mandy / Annis

That the Minutes of the February 14, 2007 Public Session of Senate be approved as presented.  
CARRIED.

Senator Mandy pointed out that the minutes indicated that Senator Rapaport was absent from the meeting, which he was not. C. Myers agreed to make the correction on the February 14, 2007 minutes.

## **3.0 Business Arising from Previous Meetings of Senate**

No business arising was identified.

## **4.0 President's Report**

**Cozzetto**

President Cozzetto noted that the final report from the consultants, Harris and Mansell, was on the UNBC budget website, and that an e-mail had been sent out to notify the university community that the report had been posted. He suggested that Senators review the report if they hadn't yet done so, as it raised several important points and challenges.

The President reported that the province had notified the university that UNBC would be losing its undergraduate growth seats of 112 FTE by 2009/2010, in the amount of approximately \$800,000 in funding, as the result of not having met FTE target growth. However, he added that the University would have the opportunity to convert that shortfall to graduate student growth in order to retain funding levels, and that it would be critical for Senate to be involved in how the University approached FTE growth, as there would be budget ramifications if growth targets were unmet.

Dr. Cozzetto mentioned that he had received a reminder from the Association of Universities and Colleges of Canada that the federal budget would be announced on Monday, March 19, and that he was hopeful for good news regarding research, by way of maintained or increased funding to cover indirect costs of research.

Finally, Dr. Cozzetto mentioned that the motion on the current Senate meeting agenda, requesting that the Board of Governors direct the administration to cease making announcements regarding program admission closures, would be added to the Board agenda if it was carried by Senate.

## **5.0 Report of the Provost**

**Brunt**

Dr. Brunt indicated that he had met with three northern Colleges regarding the "NorthLink" project, and that he anticipated the project would move forward, with which he was pleased.

The Provost provided Senators with a presentation on the Academic Visioning Initiative (AVI) / Embracing Change, Promoting Excellence (ECPE). The presentation outlined the goals of the AVI and a proposed method for moving forward with implementation, including membership of two working groups and a Senate steering group. He added that he would like to have a meeting of Senate committee chairs called for the purpose of drafting Terms of Reference for the working groups and steering group, which would then be brought back to Senate in April for consideration.

Senator Rapaport suggested that, given the importance of graduate education and the funding announced by the province, it would make sense to include the (Acting) Vice-Provost, Research and Graduate Programs, to the membership, with which Dr. Brunt agreed.

## **6.0 Question Period**

Senator Beeler asked whether, in the short term, Programs should assume that the current administrative and Program structures, including Chairs as well as budgets, would remain in place. Dr. Brunt responded that, although the implementation plan was over three years, changes could begin at any time.

Senator Casperson asked whether the Senate Handbook would be revised in light of the creation of the position of Vice-Provost, Research and Graduate Programs. Dr. Brunt replied that the Senate Handbook was currently being revised, and that the Vice-President Research would be replaced by the Vice-Provost, Research and Graduate Programs.

Senator Rapaport noted that some Programs had proposed mergers, and asked how the suggestions were being dealt with. Dr. Brunt responded that budget reduction ideas were being proposed and that he encouraged people to continue doing so.

Senator Casperson mentioned that he had asked at the previous Senate meeting for information regarding the appointment date and method of appointment for the Registrar, and whether the appointment was “acting” or “interim.” Dr. Cozzetto indicated that he believed the Chair of the Board of Governors had responded to Senator Casperson’s query, which Senator Casperson replied he hadn’t seen. Dr. Cozzetto indicated he would ensure that the response of the Chair was provided to Senator Casperson.

#### **4:00 p.m. Special Order Motions**

Two special order motions were dealt with precisely at 4:00 p.m.

##### **S-200703.02A** (denoted as “Motion 1” in the Senate meeting package)

Hyndman / Rapaport

That the UNBC Senate respectfully request the Board to direct the Administration to cease making announcements and to remove existing announcements of program admission closures (however temporary) until such time as the Board has determined the number of students that may be accommodated in these programs; has made rules consistent with these determinations; has requested the approval of Senate to implement these rules; and Senate has approved these rules.

Senator Hyndman introduced this motion, indicating that the motion was in reference to the *University Act*, which delineates the authority of the Board of Governors and Senate. She stated that the *Act* provides that closures to admissions to any degree are under the authority of the Board, but only with Senate approval, and that Senate hadn’t approved the closures which were currently occurring. Senator Hyndman added that the motion requested that the Board and Senate adhere to procedures outlined in the *University Act*. Furthermore, she questioned what the financial and academic benefits of closing admissions to academic degrees had been, and that it was important to refer to the Academic Visioning Initiative prior to closing admissions to any degrees. Senator Hyndman pointed out that the College Councils had passed motions requesting that the administration “slow down” with regard to the changes being implemented, as had the Faculty Association. She concluded that it was imperative that a concrete plan in relation to the Academic Visioning Initiative be put in place, which would also include discussions with the Colleges, prior to closing admissions to any degrees.

Senator Casperson indicated that what was being sought by this motion was the consideration of admission suspensions in the context of a concrete academic plan. He added that the motion was indirect, which would provide time to sort out the details, but that the looseness of the wording should not be interpreted as permission to continue with the closures. Finally, Senator Casperson stated that legal counsel had been sought, and that the opinion provided was that Senate had a role in this issue.

Several Senators indicated their support for this motion, while others indicated they were opposed to the motion and questioned the motives of the Senators who brought the motion to Senate. Points made in support of the motion included the following: although it was important that the University move forward, it was at least as important that moving forward be done in a strategic manner, and that by taking a bit longer to consider how to proceed would not be detrimental, but rather would bring people together and allow the University to move ahead in a measured way; it was important to adhere to the *University Act*; the financial implications of the changes were unclear, as changes to the Women’s Studies Program would not realize a significant financial saving; agreement that change was necessary, but there was

cloudiness around the decisions which had been taken; there is a link between the faculty buyouts and admissions, and that, until it was known who would take buyouts, an informed decision could not be made with regard to freezing applications.

Points in opposition to the motion included that, by waiting, the budgetary implications would be compounded, with negative results, and that reducing the operating budget was no longer tenable, so the administration was required to take measures of this nature.

Dr. Brunt indicated that, although he was not in favour of this motion, he welcomed it, as there was a need for clarity on the roles of the Board of Governors, Senate, and management, which intersect. However, Dr. Brunt added, to underestimate the pressure the University was under would be detrimental, and that the University didn't have the luxury of waiting. Dr. Brunt stated that the University had not closed any Programs, and added that he believed the decision to temporarily suspend admissions was a management right, and that the portion of the *University Act* referred to in the motion did not pertain to this issue. He concluded that creating dissension was unhelpful, so he looked forward to having this issue resolved at the Board meeting, as the Board was in the best position to hear all arguments and come to a judgment.

Dr. Cozzetto affirmed that what was driving this plan was the fiscal situation, and that people would need to work together to come up with solutions. He reiterated that, if the plans to move ahead were further delayed, there would be serious financial implications for the University, and that management would have done the University a disservice by allowing matters to continue as they had been.

**S-200703.02B**

**Motion to Hold Vote by Secret Ballot**

Hyndman / Casperson

That the vote on motion S-200703.02A be held by secret ballot.

CARRIED.

A secret ballot vote was held, and motion S-200703.02A was CARRIED.

**S-200703.02C** (denoted as "Motion 2" in the Senate meeting package)

That the President be directed to communicate this decision to the Board immediately.

WITHDRAWN.

Senator Hyndman requested that, since the President had already indicated that Motion 1 would be forwarded to the Board if carried by Senate, this motion be withdrawn. Dr. Cozzetto assured Senators that motion S-200703.02A would be placed on the Board agenda.

**7.0 Committee Reports:**

**7.1 Reports from Standing Committees:**

**7.1.1 Senate Committee on Academic Policy and Planning**

**Brunt**

**S-200703.03**

**Transfer Credit for Coursework Relating to the Ninety (90) Credits in Arts, Science, or in Other Teachable Fields Relevant to the BC School System**

Brunt / Mandy

That, on the recommendation of the Senate Committee on Academic Policy and Planning, transfer credit for coursework relating to the ninety (90) credits in Arts, Science, or in other teachable fields relevant to the BC School system that have been completed prior to UNBC registration by applicants to the Bachelor of Education Program shall not be subject to the ten-year provision in the university calendar regulation

regarding *Time Limit for Transfer Credit* but shall be determined by the program based upon the British Columbia College of Teachers' acceptable course work and degree policy.

Effective date: March 15, 2007

CARRIED.

An Executive Summary of the proposed changes to the Health Sciences Program was included for information.

**S-200703.04**

**New Course Approval — HHSC 440-(3-6)**

Brunt / Medhurst

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HHSC 440-3 Special Topics in Health Sciences be approved as proposed.

Effective date: Immediately upon approval by Senate

CARRIED.

An Executive Summary of the proposed changes to the Political Science Program was included for information.

**S-200703.05**

**Change to Program Requirements — Political Science Major (Lower Division Requirements)**

Brunt / Mandy

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the Lower Division Requirements for the POLS major be revised to make MATH 242 an option to ECON 205.

Effective date: September 2007

CARRIED.

**S-200703.06**

**Change to Mathematics Requirement — Major in Biochemistry and Molecular Biology**

Brunt / Ellis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the Mathematics requirement for the Biochemistry and Molecular Biology major be revised.

Effective date: September 2007

CARRIED.

The following motions were provided to Senate for information only, as they had been approved by the Senate Committee on Academic Policy and Planning.

**SCAPP200702.13**

**Course Prerequisite Change — POLS 320-3**

That the prerequisites for POLS 320-3 be revised to include MATH 242-3 as an alternate to ECON 205-3.

Effective date: September 2007

**SCAPP200702.19**

**Prerequisite and Calendar Course Description Change — PSYC 409-3**

That the calendar course description be revised, and the prerequisites for PSYC 409-3 Advanced Health Psychology be modified for BHSC students to include HHSC 350-3 instead of PSYC 215-3.

Effective date: September 2007

**7.1.2 Senate Committee on Research and Graduate Studies**

**Tait**

An Executive Summary regarding the proposed changes to the Health Sciences Program was included for information.

**S-200703.07**

**New Course Approval — HHSC 630-3**

Tait / Knudsen

That, on the recommendation of the Senate Committee on Research and Graduate Studies, a new course HHSC 630-3 Advanced Toxicology and Environmental Health be approved as proposed.

Effective date: September 2007

CARRIED.

**S-200703.08**

**New Course Approval — HHSC 640-(3-6)**

Tait / Mandy

That, on the recommendation of the Senate Committee on Research and Graduate Studies, a new course HHSC 640-(3-6) Special Topics in Health Sciences be approved as proposed.

Effective date: September 2007

CARRIED.

**S-200703.09**

**Changes to Program Requirements — Addition of Electives for History MA Program**

Tait / Holler

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the Elective Courses for the History (MA Program) requirements be amended to add two new courses, HIST 707-3 Themes in Cultural History and HIST 708-3 Themes in Social History.

Effective date: May 2007

CARRIED.

**7.1.3 Senate Committee on Scholarships and Bursaries**

**Kielly (Acting)**

**S-200703.10**

**New Terms and Conditions — Jordy Hoover Varsity Bursary**

Tait / Hemingway

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the new terms and conditions for the Jordy Hoover Varsity Bursary be approved.

Effective date: September 2007

CARRIED.

**S-200703.11**

**New Terms and Conditions — UNBC Students for Life Bursary**

Tait / Hemingway

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the terms and conditions for the UNBC Students for Life Bursary be approved.

Effective date: September 2007

CARRIED.

**S-200703.12**

**New Terms and Conditions — R. Priefer Organic Chemistry Prize**

Tait / Mandy

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the terms and conditions for the new R. Priefer Organic Chemistry Prize be approved.

Effective date: September 2007

CARRIED.

**S-200703.13**

**New Terms and Conditions — Chan Foucher LeFebvre LLP, Chartered Accountants Scholarship**

Tait / Medhurst

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the terms and conditions for the new Chan Foucher LeFebvre LLP, Chartered Accountants Scholarship be approved.

Effective date: September 2007

CARRIED.

**S-200703.14**

**New Terms — Golden Key UNBC Leadership Incentive Scholarship**

Tait / Annis

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the terms for the Golden Key UNBC Leadership Incentive Scholarship be approved.

Effective date: April 2007

CARRIED.

**S-200703.15**

**New Terms — President’s Leadership Award**

Tait / Medhurst

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the terms for the President’s Leadership Award be approved.

Effective date: April 2007

CARRIED.

**S-200703.16**

**2006 / 2007 Annual Report from Senate Committee on Scholarships and Bursaries**

Tait / Hemingway

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the 2006 / 2007 Annual Report be received.

Effective date: March 14, 2007

CARRIED.

The following motion was provided to Senate for information only, as it had been approved by the Senate Committee on Scholarships and Bursaries.

**SCSB20070214.10**

**Revised Calendar Description — BC Council of Garden Clubs Bursary**

That the revised calendar description for the BC Council of Garden Clubs Bursary be approved.

Effective date: September 2007

**7.1.4 Senate Committee on Nominations**

**Smith**

**S-200703.17**

**Membership Changes to Senate Committees (no material)**

Smith / Mandy

That, on the recommendation of the Senate Committee on Nominations, the following candidate, who has met all eligibility requirements to serve on the Senate Committee on the University Budget, be approved as proposed.

CARRIED.

Further nominations were invited from the floor, and none being received, the candidate was appointed as proposed.

**SENATE COMMITTEE AND POSITION TO BE FILLED**

**CANDIDATE**

**Senate Committee on the University Budget**

Graduate Student representative (to June 30, 2007)

Rheanna Robinson

The following was provided to Senate for information only, as the nominees had been elected by their respective student societies.

**Elected to Senate by Northern Undergraduate Student Society:**

Undergraduate Student Senator (to June 30, 2007)

Devan Tasa

Undergraduate Student Senator (to June 30, 2007)

Thomas Knudsen

**7.2 Reports from Ad Hoc Committees:**

**7.2.1 Senate Committee Reviewing Co-operative Education Program**

**Ellis**

**S-200703.19**

**Proposal for an Integrated Program for Student Career Development**

Ellis / Rapaport

That, on the recommendation of the Senate Co-op Committee, a proposal for an integrated program for students that supports student career development; co-operative education, service learning, and other forms of experiential learning; and employment services be brought to Senate by March 2008.

Effective date: March 14, 2007

Senator Ellis provided the report from this committee, and thanked the members of the committee for their contribution. He indicated that the committee had consulted with a variety of groups, which was outlined in the report, and that they had reached a number of conclusions, including unanimous agreement that the Co-operative Education Program should be continued at UNBC. He conceded that the participation rate was low, but added that efforts should be made to increase participation rates, and that other universities were supportive of a wide range of activities in relation to career development, and added that the 2.5 FTE positions in the office should be sufficient. Finally, Senator Ellis suggested that the committee's recommendations were consistent with the University's academic mission, and recommended that a proposal be brought back to Senate with regard to how to proceed.

Senator Ellis pointed out that, prior to putting motion S-200703.19 on the table, it would be necessary to deal with the motion to delete the Co-op Program that had been moved at the previous Senate meeting. Dr. Brunt agreed to withdraw the motion, but reminded Senators that he had not wanted this motion put on the table at the last Senate meeting, and did so only in his role as Chair of the Senate Committee on Academic Policy and Planning.

**Motion to withdraw Senate motion S-200702.05A** (Revision to Undergraduate Calendar — Deletion of Co-operative Education Program)

Brunt / Hyndman

That Senate motion S-200702.05A, moved at the February 14 meeting of Senate, be withdrawn.

CARRIED.

Dr. Brunt thanked the committee for their report, but questioned how the Co-operative Education Program could be expected to do more by moving from 5.5 FTE positions to 2.5 FTE positions. He also indicated that, in order to provide funding to this initiative, funds would have to be reduced in other areas, and wondered how this would be accomplished.

The question was asked regarding what would happen to the Co-op Program if this motion was passed, and Dr. Brunt replied that the key would be whether there was funding available to continue the Co-op Program, which would have to be taken from other programs.

Discussion having ceased, motion S-200703.19 was voted on, and was CARRIED.

Senator Ellis indicated that there were details that would need to be worked out, and suggested the School of Business may have some funding available to put toward this initiative. Dr. Brunt thanked Dr. Ellis for this offer, but added that another \$150,000 to \$200,000 would be required, and that the situation would remain as it currently was until further funding was secured, but if the funding could be put in place, the decision to abolish the Co-operative Education Program would be reconsidered.

**8.0 Other Business**

**8.1 Report of the Registrar**

**Kielly**

The Registrar had nothing to report.

**9.0 Information**

The following documents were provided to Senators for their information.

**Cozzetto**

**2.1**

2007 / 2008 Budget Review and Discussion

**2.1.1**

Presentation of Preliminary 2007 / 2008 Budget Information by President Cozzetto

President Cozzetto outlined the issues related to the 2007 / 2008 preliminary budget, indicating that the University was faced with a budget imbalance of \$6.0 million, that there had been Budget Cabinet meetings, information provided to the community on the UNBC website, and that the Board of Governors had approved a three-year budget process plan, informed by the consultants of Mansell and Harris, on January 27, 2007.

Chief Financial Officer Colleen Smith provided Senators with a presentation outlining the current budget situation, highlighting the following points:

- The budget is one part of the management plan for the University
-

- Much more flexibility is being built into the budget, which will permit the University to respond to opportunities which may arise
- The University was on track to hit the budget targets set for the 2007 / 2008 fiscal year
- A claw-back of funds from the province, in the amount of approximately \$800,000, will occur in the operating grant from the 2007 / 2008 to 2009 / 2010 budget years, as the result of failing to meet student FTE targets
- Any funds the University might receive for additional graduate spaces had not yet been incorporated into the budget, but the University expected to receive word in this regard by Friday, March 30, after which time this information would be incorporated into the budget.

### 2.1.2

#### **S-20070328.02**

#### **Report from the Senate Committee on the University Budget (SCUB)**

Ellis / Smith

That the 2007 Annual Report from the Senate Committee on the University Budget be received.  
CARRIED.

Senator Espíritu thanked the members of SCUB for their contributions, and Allyson Truant for her diligent support of the committee. Senator Espíritu added that several groups had either been consulted or had their concerns brought to the committee by their representatives, and drew attention to the following points from the committee's report:

- It was important to reiterate the recommendations made by SCUB in 2006, as the committee had recommended changes to the budget process, so there was a synergy between what the committee had recommended in 2006 and what was currently being done in terms of the budget process and organizational changes
- Information and comments SCUB received from the University community suggested that there was widespread support for change
- Although the process undertaken since the inception of the changes had been open and transparent, there was nonetheless a feeling that Senators' voices hadn't been heard in the process, and a commitment was expressed that Senate wished to work with administration to make that happen
- It was critical to keep our goal in mind — our students
- There was an active rumour mill, with comments being heard as far away as Vancouver, and frustration had been expressed that the image of the University had been compromised and marketing "undone."
- Increased social dialogue and communication would be helpful in bringing the University community together and moving forward with the task at hand

President Cozzetto thanked SCUB for their report and their work, on behalf of Senate and the University, and opened the floor to discussion.

### 2.1.3

#### Senate Discussion

Senator Mandy asked whether there would be an additional Senate meeting in June to review the final budget, and Dr. Cozzetto indicated there would be, if it was acceptable to Senate. Senator Espíritu added that SCUB planned to hold additional meetings also, but that the committee would be chaired by another member of the committee, as she would be off campus.

It was questioned what would happen with the enrolment contingency funds if they were not used, and C. Smith responded that this hadn't yet been considered, as it hadn't been incorporated in previous budgets, but that she anticipated the University reserves would then not be used as extensively.

The guidelines for accessing funds from the strategic investment pool was questioned, and Dr. Brunt responded that it was important to think about the Embracing Change, Promoting Excellence (ECPE) process in this regard, that fund requests would be entertained in relation to 6 areas outlined in the ECPE report. He added that strategic funding requests, in excess of \$5 million, had already been received.

Whether the restructuring of the library had been taken into account in the structural budget was questioned, and C. Smith responded that it had not, but that was not to say that it wasn't funded, as \$1.4 million had been received from the province for that purpose. In response to an additional question about cost overruns in this regard, C. Smith added that normally those funds wouldn't be taken out of the operating budget, but the University would work within the total funding provided for the project, and make decisions about what would and wouldn't proceed in order to stay within budget.

It was asked whether the breakdown of the number of positions affected by the base budget reduction in salaries was available. C. Smith indicated that she did not know that information off hand, but Dr. Brunt responded that, in relation to CUPE positions, 14 positions, but only three individuals, were impacted, and that several Directors and Exempt staff positions were affected. President Cozzetto added that this information could be provided to Senators, and C. Smith indicated it would be provided in the June budget, which was satisfactory to the Senator raising the question.

The issue of debt servicing was raised, particularly the interest on the Northern Sport Centre (NSC) debt and the length of time it would take to pay this off. C. Smith responded that the debt sits with the government and their reporting, not with UNBC, and that many universities are in similar situations as the result of substantially increased construction costs. In relation to the NSC, C. Smith indicated that the Board of Governors had approved internal financing of the shortfall from University reserves, \$1 million of which would be rebuilt into the reserves, and that it was anticipated that the amount would be financed over 20 years. It was questioned whether the University had been pursuing other options for paying down the NSC shortfall, such as naming opportunities. President Cozzetto replied that naming opportunities were being pursued, but that it would not be enough to cover the entire shortfall. It was also questioned whether the province had been asked for further funding, and Dr. Cozzetto indicated that such a request would not be accommodated, but that the federal government had been approached, and although a favourable response had not yet been received, nor had the request been rejected.

The question was raised whether the funds the University receives from the province for graduate spaces would be revealed at the Board of Governors meeting on Friday. Dr. Brunt responded that, if the information was finalized by Friday, it would likely be presented to the Board. It was questioned whether Aboriginal access FTE's were being pursued, and Dr. Brunt indicated that they were, but that this would be a negligible amount, as there were only 100 FTEs available province-wide. He added that the University would be responsible for meeting graduate growth FTE targets, which thus exerted pressure on Programs to accommodate these additional students at a time when offers of admission have already been made by Programs and the University is reducing faculty and staff. In addition, it was expressed that Programs can deal with this quickly, as many applicants had already received offers elsewhere.

Capital Equipment Replacement funding was discussed, and Dr. Brunt indicated that he hoped the University would never again be in the position where these funds were so limited. It was suggested that this funding should be tied in with the AVI, such as in relation to laboratory equipment.

It was asked whether SmartCard fees would be reduced as a result of the service being reduced. C. Smith responded that the University was currently doing a detailed analysis into how to proceed in this regard.

The question was raised as to whether faculty members were being increased in some Programs. Dr. Brunt responded that the short answer to this question was "no," and although some Programs needed more faculty, every attempt would be made not to do so, and when absolutely necessary, to hire sessional instructors. It was also asked whether faculty would ever become cost-neutral, and Dr. Brunt responded that, theoretically, this should happen at some point, but if it ever did, that it wouldn't happen anytime soon.

It was questioned whether there had been any success in finding funding for the Co-operative Education Program, and Dr. Brunt replied that all budget holders had been approached, and that he was now in the process of attempting to find funding for career development initiatives in general, not simply the Co-op Program, and added that he expected this to be resolved by mid-May.

The meeting commenced at 3:30 p.m.

**1.0 S-200705.01**

**Approval of the Agenda**

Tait / Tasa

That the Agenda for the May 9, 2007 Public Session of Senate be approved as presented, with the following addition, at the request of Dr. Brunt:

- Under "Other Business," Agenda item 8.2 (Senate Handbook and the Position of Vice-Provost Research and Graduate Programs)

CARRIED.

**2.0 Approval of Senate Minutes:**

**2.1 Notes of informal meeting of Senators, held on April 18, 2007 (for information only)**

**Note:** As a result of lack of quorum at the Senate meeting of April 18, 2007, there were no Senate minutes to be approved. The notes from the informal meeting of April 18, 2007 were included for information with the April meeting material, and all agenda items from the April 18, 2007 meeting were included under Business Arising, below.

### 3.0 Business Arising from Previous Minutes of Senate

#### 3.1.1 **S-200705.02**

##### **Ratification of Motions from Informal Meeting of April 18, 2007 — Academic Visioning Initiative Approval of Committee Terms of Reference and Appointment of Senators**

Tait / Jensen

That the motions approved at the informal meeting of April 18, 2007, concerning the Academic Visioning Initiative Special Senate Steering Committee and Working Groups Terms of Reference, and appointment of Senators to these committees, be ratified. The motions as modified and passed are presented below, details on pages 1 to 9 of the April package.

Effective date: May 9, 2007

CARRIED.

Senator Holler reported that she had received a letter from the First Nations Studies Program recommending the addition of an Aboriginal Lay member to the AVI Steering Committee. After discussion with regard to this request, it was suggested that the lay member on the Senate Steering Committee be designated specifically as an Aboriginal lay member, and appointed from the Senate Committee on First Nations and Aboriginal Peoples.

##### **Friendly Amendment:**

Tait / Holler

That the position of “One Lay Member” on the Special Senate AVI Steering Committee be revised to become “One Aboriginal Lay Member.”

CARRIED.

##### **Approval of Special Senate Committee — Academic Visioning Initiative, Phase 2 Implementation: Special Senate AVI Steering Committee**

That, on the recommendation of the Steering Committee of Senate, Senate create the Special Senate Committee for the Academic Visioning Initiative, Phase 2 Implementation: Special Senate AVI Steering Committee, and approve the terms of reference for the committee, and the terms of reference for the Academic Alignment Working Group, and the terms of reference for the Pedagogy Working Group, as proposed.

Effective Date: April 18, 2007; formerly, motion S-200704.04.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.02.

##### **Appointment of Two Senators — Academic Visioning Initiative, Phase 2 Implementation: Academic Alignment Working Group**

That, on the recommendation of the Steering Committee of Senate, Senate agree to appoint two Senators to the Academic Alignment Working Group that will report to the Special Senate AVI Steering Committee.

Effective Date: April 18, 2007; formerly, motion S-200704.05.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.02.

##### **Appointment of Two Senators — Academic Visioning Initiative, Phase 2 Implementation: Pedagogy Working Group**

That, on the recommendation of the Steering Committee of Senate, Senate agree to appoint two Senators to the Pedagogy Working Group that will report to the Special Senate AVI Steering Committee.

Effective Date: April 18, 2007; formerly, motion S-200704.06.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.02.

#### 3.1.2 **S-200705.03**

##### **Ratification of Motions from Informal Meeting of April 18, 2007 — Academic Visioning Initiative Procedure for Appointment of Senators**

Tait / Hyndman

That the motions approved at the informal meeting of April 18, 2007, concerning the Academic Visioning Initiative procedure for appointment of Senators to the Special Senate AVI Steering Committee and Associated Working Groups, be ratified. The motion as passed is presented below, details on page 10 of the April package.

Effective date: May 9, 2007

CARRIED.

**Procedure for Appointing Senators to Special Senate AVI Steering Group and Associated Working Groups**

That Senate recommend that the Senate Committee on Nominations follow the normal procedure, as outlined in the Senate Handbook, to fill the positions on the Special Senate AVI Steering Committee, the Academic Alignment Working Group, and the Pedagogy Working Group.

Effective date: Immediately upon approval by Senate; formerly, motion S-200704.06A.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.03.

**3.1.3 S-200705.04**

**Ratification of Motions from Informal Meeting of April 18, 2007 — Report from Senate Committee on Academic Policy and Planning**

Tait / Randall

That the motions approved at the informal meeting of April 18, 2007, originating from the Senate Committee on Academic Policy and Planning, be ratified. The motions as passed are presented below, details on pages 11 to 60 of the April package.

Effective date: May 9, 2007

CARRIED.

An Executive Summary of the proposed changes to the Health Sciences Program was included for information.

**New Course Approval — HHSC 430-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HHSC 430-3 Toxicology and Environmental Health be approved as proposed.

Effective date: Immediately upon approval by Senate; formerly, motion S-200704.07.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.04.

**Addition of Course Preclusion — ANTH 311-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, a preclusion be added to the Calendar entry for ANTH 311-3 Nutritional Anthropology to reflect the new cross-listing with HHSC 311-3 Nutrition.

Effective date: September 2007; formerly, motion S-200704.08.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.04.

**Addition of Course Preclusion — HHSC 311-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, a preclusion be added to the Calendar entry for HHSC 311-3 Nutrition to reflect the new cross-listing with ANTH 311-3 Nutritional Anthropology.

Effective date: September 2007; formerly, motion S-200704.09.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.04.

An Executive Summary of the proposed changes to the History Program was included for information.

**New Course Approval — HIST 120-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 120-3 Sex Changes: An Introduction to the History of Sexuality be approved as proposed. Effective date: May 2007; formerly, motion S-200704.10.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.04.

**New Course Approval — HIST 125-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 125-3 Introduction to Crime and History be approved as proposed. Effective date: May 2007; formerly, motion S-200704.11.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.04.

**New Course Approval — HIST 130-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 130-3 History Through Film be approved as proposed. Effective date: May 2007; formerly, motion S-200704.12.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.04.

An Executive Summary of the proposed changes to the Political Science Program was included for information.

**Change to Program Requirements — Joint Major in Economics and Political Science**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the Upper Division Requirements for the Joint Major in Economics/Political Science be revised. Effective date: September 2007; formerly, motion S-200704.13.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.04.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Program Requirements****Lower Division Requirement**

- ECON 100-3 Microeconomics
- ECON 101-3 Macroeconomics

~~Fifteen additional credit hours of 300 or 400 level Women's Studies and Political Science courses.~~

**3.1.4 S-200705.05**

**Ratification of Motions from Informal Meeting of April 18, 2007 — Report from Senate Committee on Research and Graduate Studies**

Tait / Annis

That the motion approved at the informal meeting of April 18, 2007, originating from the Senate Committee on Research and Graduate Studies, be ratified. The motion as passed is presented below, details on pages 69 to 74 of the April package.

Effective date: May 9, 2007; formerly, motion S-200704.07.

CARRIED.

An Executive Summary regarding the proposed changes to the First Nations Studies Program was included for information.

**New Course Approval — FNST 613-3**

That, on the recommendation of the Senate Committee on Research and Graduate Studies, a new course FNST 613-3 Themes in Aboriginal Women's Studies be approved as proposed.

Effective date: September 2007; formerly, motion S-200704.18.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.05.

**3.1.5 S-200705.06**

**Ratification of Motions from Informal Meeting of April 18, 2007 — Report from Senate Committee on Scholarships and Bursaries**

Tait / Holler

That the motions approved at the informal meeting of April 18, 2007, originating from the Senate Committee on Scholarships and Bursaries, be ratified. The motions as modified and passed are presented below, details on pages 78 to 85 of the April package.

Effective date: May 9, 2007

CARRIED.

**New Terms and Conditions — The Stafford Family Award**

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the new terms and conditions for The Stafford Family Award be approved.

Effective date: Established 2005; formerly, motion S-200704.19. (*Note: This award will be activated following the passing of the insured party.*)

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.06.

**New Terms and Conditions — Don and Pat Cozzetto Women's Athletic Scholarships**

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the new terms and conditions for the Don and Pat Cozzetto Women's Athletic Scholarships be approved.

Effective date: September 2007; formerly, motion S-200704.20.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.06.

### **New Terms and Conditions — Pacific Century Graduate Scholarships**

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the new terms and conditions for the Pacific Century Graduate Scholarships be approved for the 2007/2008 academic year.

Effective date: April 2007; formerly, motion S-200704.21.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.06.

### **Graduate Entrance Scholarships (no material)**

That, on the recommendation of the Graduate Entrance Scholarship Sub-Committee of the Senate Committee on Scholarships and Bursaries, and contingent on funding being made available, the number of Graduate Entrance Scholarships for 2007/8 be increased by five and that a late competition be held.

Effective date: Immediately upon approval by Senate; formerly, motion S-200704.21A.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.06.

### **Revised Terms and Conditions — BC Northern Real Estate Awards**

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revised terms and conditions for the BC Northern Real Estate Awards be approved.

Effective date: September 2007; formerly, motion S-200704.22.

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.06.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Eligibility:** Available to full-time students who have completed at least 30 credit hours towards an undergraduate degree at UNBC, who are relatives of members, or members of the BC Northern Real Estate Board. The student recipients' home town must be within the geographical boundaries defined by the Yukon border in the north, 70 Mile House in the south, Queen Charlotte Islands in the west, and the Alberta border in the east, with Dawson Creek, Chetwynd, and Tumbler Ridge excluded. ~~Preference will be given to a relative of a member or a member of the BC Northern Real Estate Board.~~

**Note** In the event of two equal candidates for one award, the determining factor will be the highest academic standing. Recipients of these awards may apply for and receive this award more than once. If there are no candidates meeting the criteria of a relative of a member, or a member of the BC Northern Real Estate Board, then the award will be given to another eligible student residing within the region outlined above.

#### **3.1.6 S-200705.07**

### **Ratification of Motions from Informal Meeting of April 18, 2007 — Report from Senate Committee on Nominations**

Tait / Randall

That the motion presented at the informal meeting of April 18, 2007, originating from the Senate Committee on Nominations, be ratified. The motion as passed is presented below.

Effective date: May 9, 2007

CARRIED.

### **Membership Changes to Senate Committees (no material)**

That, on the recommendation of the Senate Committee on Nominations, the following candidates, who have met all eligibility requirements to serve on the following Senate committees, be approved as proposed.

Effective date: Immediately upon approval by Senate; formerly, motion S-200704.24.

**SENATE COMMITTEE AND POSITION TO BE FILLED**

**CANDIDATE**

**Senate Committee on Academic Appeals**

(Undergraduate) Student Senator (to June 30, 2007)

Thomas Knudsen

**Senate Committee on Honorary Degrees and Other  
Forms of Special Recognition**

(Undergraduate) Student Representative (to June 30, 2007)

Thomas Knudsen

**Senate Committee on Academic Policy and Planning**

(Undergraduate) Student Senator (to June 30, 2007)

Devan C. Tasa

**Steering Committee of Senate**

(Undergraduate) Student Senator (to June 30, 2007)

Devan C. Tasa

**Senate Committee on First Nations and Aboriginal Peoples**

Faculty Senator (to January 31, 2008)

Eileen Owen-Williams

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.07.

**3.1.7 S-200705.08 (no material)**

**Ratification of Motions from Informal Meeting of April 18, 2007 — Election of Senators to University Promotion and Tenure Committee**

Tait / Mandy

That the motion presented at the informal meeting of April 18, 2007, concerning the election of Senators to the University Promotion and Tenure Committee, be ratified. The motion as passed is presented below.

Effective date: May 9, 2007

CARRIED.

**Nomination and Election of Tenured Faculty Senator and Tenured Faculty Senator (Alternate) to the University Promotion and Tenure Committee**

That the following nominee be approved for membership on the University Promotion and Tenure Committee, for a term of office of two years, beginning October 1, 2007.

Effective date: October 1, 2007; formerly, motion S-200704.25.

**University Promotion and Tenure Committee**

One tenured faculty Senator

Jacqueline Holler

One tenured faculty Senator, alternate

No nominations received

This motion was approved as a result of the ratification undertaken by way of Senate motion S-200705.08.

It was agreed that someone would be sought to fill the position of tenured faculty Senator, alternate, after the June Senate meeting. The position would require filling because the current incumbent, Senator Beeler, was going on sabbatical, and her last meeting of Senate would be the June meeting, so she would thus be ineligible to serve the remainder of her term on the committee.

**3.2 Motion Forwarded from Senate to the UNBC Board of Governors**

Senator Mandy reported that, despite the fact that notice of motion had been given at the previous meeting, it had been decided that a motion would not be put forward at this time. Senator Mandy expressed confidence that the Board of Governors would address the issue.

**4.0 President's Report**

**Cozzetto**

The President reported that he attended a session regarding the Campus 2020 Report, which was well attended and at which many questions were raised. He added that it was important to keep in mind that

this is a report, not provincial policy, and that discussion will take place regarding the recommendations. He indicated that he would be attending further meetings and would keep Senators informed in this regard.

Dr. Cozzetto indicated he was pleased to report that it had been announced at a meeting of the North Central Municipal Association in Williams Lake that an anonymous pledge had been made to the Northern Medical Programs Trust, in the amount of \$2.0 million, which would be paid out in \$300,000 yearly increments.

## **5.0 Report of the Provost**

**Brunt**

Dr. Brunt advised Senators that the initial series of Continuing Education courses for credit, which he viewed as being a creative set of courses, would be forwarded to the Senate Committee on Academic Policy and Planning for approval.

The Provost stated that the call-out campaign was underway, and that it was an ongoing challenge to retain students between their first and second years of study. He added that he would ask Dean Madak to report back to Senate in this regard.

Dr. Brunt reported on two other matters, indicating that a motion allowing high school / university courses for dual credit was moving forward, and that he had met with capped programs to discuss the possibility of lifting their caps, at least for the upcoming year.

Finally, Dr. Brunt reported that he had tendered his resignation, and would be leaving the University this summer. Dr. Brunt added that Dean Randall had been appointed as interim Provost, and that the transition was well underway. He expressed that the continued implementation of the Academic Visioning Initiative was key, and that it would not be slowed down during the transition.

## **6.0 Question Period**

Senator Rennebohm asked whether the retention rates between first and second year were lower for certain Programs, particularly whether the capped programs were predominantly affected, and Dr. Brunt replied that, on the contrary, the capped programs had the best retention rates. Dr. Brunt added that Deans Madak and Smith had collaborated on a global retention strategy, and that he would ask them to report on this issue at the next meeting of Senate. It was requested that the analysis include a breakdown by GPA. Dean Madak responded that this analysis had already been done, and that a substantial number of students being lost were in the GPA range from 2.5 – 3.5.

Senator Casperson asked about the timelines, costs, and search committee compositions in relation to the senior administrator vacancies which were currently being filled. The President responded that he would provide a written report to Senators, and also offered some of the information verbally.

Senator Hyndman asked about the budget approval process, and Dr. Brunt replied that the budgets for Programs would be maintained at the previous year's level. He added that the plans was to bring the budget back to Senate for review prior to it being forwarded to the Board of Governors for approval at their meeting to be held on June 22, 2007.

## **7.0 Committee Reports:**

### **7.1 Senate Committee on Academic Policy and Planning**

**Brunt**

#### **S-200705.09**

#### **Change to Admission Requirement — Education Program**

Brunt / Domshy

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the Admission Requirement for applicants to the Education Program (on page 94 of the 2006-07 calendar) be changed as proposed.

Effective date: March 15, 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

8. Submission of the completed application forms ~~shall~~ that include the Experience with Children and Youth Form, ~~three letters of reference~~, three Confidential Reference Forms, and the Personal Statement Form.

## 7.2 Senate Committee on Research and Graduate Studies

Tait

### **S-200705.10**

#### **Calendar Change — Resource Recreation and Tourism**

Tait / McGill

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the program name associated with the Resource Recreation and Tourism courses in the graduate calendar be changed.

- A. That the program name, Resource Recreation and Tourism, and associated acronym (RRT) referred to in the graduate calendar be changed to the new name and acronym of Outdoor Recreation and Tourism Management (ORTM); and
- B. That the term 'Resource' in existing RRT courses be deleted from the name.

Effective Date: Immediately upon approval by Senate

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### ~~RRT~~ ORTM 600 - Recreation and Tourism Ecology, Management and Design

This course focuses on the theories, processes and techniques involved in ecological management and design of conservation and protected areas. Students develop skills in community-based involvement in conservation area design, GIS approaches and techniques for analysis, the concept of naturalness, capacity and suitability of the natural resource base for tourism and recreation such as commercial backcountry recreation, and the evaluation of ecological values. Specific focus is given to policies, procedures and practices to protect and manage resource and tourism resources within an integrated management context.

#### ~~RRT~~ ORTM 603 - International Dimensions of ~~Resource~~ Recreation and Tourism

~~The~~ This course discusses global dimensions and forces in ~~resource~~ recreation and tourism, particularly those in developing nations. Typical topics include the role of the United Nations in protected area planning and management, poverty and protected areas, the effects of globalization on ORTM ~~RRT~~, the impact of the concepts of sustainable development and biodiversity in ORTM ~~RRT~~, the risk society, the changing role of local communities in conservation, sex tourism, and enforcement issues in the developing world.

#### ~~RRT~~ ORTM 607 - Recreation, Tourism and Communities

This course assesses the relationship between tourism and recreation and local communities as well as collaborative techniques for involving communities in tourism consultation processes. It covers topics such as the concepts of communities and stakeholders, hosts and guests, the relationship between community involvement and tourism, community attitudes towards tourism development, and emerging approaches towards collaboration and partnerships.

~~RRT~~ ORTM 608 - Social and Behavioural Dimensions of Recreation and Tourism

This course examines individual and social factors that shape personal perception, experience and behaviours in a recreation and tourism setting.

~~RRT~~ ORTM 610 - Research and Analysis in Recreation and Tourism

This course examines contemporary research approaches and methods using a variety of examples from the natural and social sciences focusing on ~~resource~~-recreation and tourism. Topics include the research process and quantitative and qualitative approaches to research. The class incorporates an applied project or projects for which data will be collected and analyzed in a mix of lab and lecture formats.

~~RRT~~ ORTM 612 - Issues and Trends in ~~Resource~~ Recreation and Tourism

This seminar examines current issues and problems in ~~resource~~-recreation and tourism, and explores philosophical, historical and contemporary trends and issues in ~~resource~~ recreation, parks and tourism. The future outlook for management, administration and utilization of recreation and tourism resources in BC will be examined.

~~RRT~~ ORTM 614 - Polar Recreation and Tourism

This course focuses on the unique aspects of tourism and recreation in the Polar Regions. Topics covered include issues of shared management, sovereignty, tensions between science and tourism, adventure and expeditionary tourism and recreation, the logistical challenges of operating in such remote environments, and the impacts tourism and recreation have in the Polar Regions.

**7.3 Senate Committee on Scholarships and Bursaries**

**Tait**

**S-200705.11**

**New Terms and Conditions — Brownridge & Company Insurance Services Inc. Annual Athletic Bursaries**

Tait / Owen-Williams

That the Terms and Conditions for the Brownridge & Company Insurance Services Inc. Annual Athletic Bursaries be approved.

Effective date: September 2007

CARRIED.

Senator Mandy questioned the value of the award and whether it exceeded the amount permitted under the Canadian Interuniversity Sport rules. The President explained that the intention was to allow no more

than the maximum permitted of \$4500, including the \$2,000 offered by Brownridge & Company and the additional tuition waiver provided by UNBC. Thus, a friendly amendment, to reflect this information, was proposed to the "Value" section of the calendar information. It was also suggested that the Senate Committee on Scholarships and Bursaries be asked to develop a policy in relation to the awarding of tuition waivers.

**Friendly Amendment:**

Wagner / Mandy

That the "Value" of the award be changed to read:

"Value: Full tuition waiver (\$2000 of which is provided by Brownridge and Company Insurance Services Inc.)"

CARRIED.

**S-200705.12**

**New Terms and Conditions — Brownridge Athletic Bursary**

Tait / Wagner

That the Terms and Conditions for the Brownridge Athletic Bursary be approved.

Effective date: September 2007

CARRIED.

**Friendly Amendment:**

Wagner / Mandy

That the "Value" of the award be changed to read:

"Value: \$5,000, not to exceed full tuition plus fees";

and that the "Donor" section be changed to read:

"Donor: Brian and Jackie Brownridge."

CARRIED.

Senator Beeler noted that there was no calendar description provided with this motion. Dr. Cozzetto suggested that it would be helpful to have someone from the Advancement Office at Senate to address questions arising regarding scholarships and bursaries, and suggested that, in future, if nobody from that office was available at Senate meetings to answer questions, that the items be postponed to the next meeting at which someone was in attendance.

**S-200705.13**

**New Terms and Conditions — Spectra Energy Transmission 50<sup>th</sup> Anniversary Bursaries for Aboriginal Students**

Tait / Owen-Williams

That the Terms and Conditions for the Spectra Energy Transmission 50<sup>th</sup> Anniversary Bursaries for Aboriginal Students be approved.

Effective date: September 2007

CARRIED.

**S-200705.14**

**New Terms and Conditions — Northern Trust Bursary**

Tait / Annis

That the Terms and Conditions for the Northern Trust Bursary be approved.

Effective date: September 2007

CARRIED.

**S-200705.15**

**New Terms and Conditions — FMC of Canada Limited Environmental Engineering Scholarship**

Tait / Mandy

That the Terms and Conditions for the FMC of Canada Limited Environmental Engineering Scholarship be approved.

Effective date: September 2007

CARRIED.

**S-200705.16**

**Dissolution of Terms and Conditions — Prince George Chapter IODE Bursary**

Tait / Mandy

That the dissolution of the Terms and Conditions for the Prince George Chapter IODE Bursary be approved.

Effective date: January 2008

CARRIED.

**7.4 Senate Committee on Nominations**

**Smith**

The Terms of Reference for the Committee and Working Groups, as revised at the April 18, 2007 Senate meeting, are included for information.

**S-200705.17 (no material)**

**Appointment of Senators to the AVI Phase 2 Implementation: Special Senate AVI Steering Committee**

Smith / Tait

That, on the recommendation of the Senate Committee on Nominations, the following appointees be approved for membership on the Special Senate AVI Steering Committee, for a term of office expiring no later than November, 2010.

One Faculty Senator from CASHS  
One Faculty Senator from CSAM  
Two additional Faculty Senators

Jalil Safaei Borojeny  
David Casperson  
Jacqueline Holler  
To be determined  
To be determined  
To be determined  
Deanna Nyce

One Undergraduate Student Senator  
One Graduate Student Senator  
One Lay Member (not restricted to Senators)  
One Regional Member (not restricted to Senators)

CARRIED.

Senator Smith pointed out that one faculty Senator was still required for the Special Senate AVI Steering Committee, and mentioned that some Senators who would be going on sabbatical effective July 1, 2007 would be replaced on Senate, and that perhaps one of the new Senators would be interested in filling the vacancy.

**S-200705.18 (no material)**

**Appointment of Senators to the AVI Phase 2 Implementation: Academic Alignment Working Group**

Smith / Casperson

That, on the recommendation of the Senate Committee on Nominations, the following appointees be approved for membership on the Academic Alignment Working Group, for a term of office expiring no later than November, 2010.

Two Senators

Robert Ellis  
Eric Rapaport

CARRIED.

**S-200705.19 (no material)**

**Appointment of Senators to the AVI Phase 2 Implementation: Pedagogy Working Group**

Smith / Nussbaumer

That, on the recommendation of the Senate Committee on Nominations, the following appointees be approved for membership on the Pedagogy Working Group, for a term of office expiring no later than November, 2010.

Two Senators

Eleanor Annis  
Eileen Owen-Williams

CARRIED.

**7.5 Senate Committee on Academic Appeals**

**Casperson**

**S-200705.20**

**Revisions to Academic Appeals Form**

Casperson / Mandy

That, on the recommendation of the Senate Committee on Academic Appeals, the revisions to the Academic Appeals Form be approved as proposed.

Effective date: May 2007

CARRIED.

**8.0 Other Business**

**8.1 Report of the Administrative Registrar**

**Kielly**

The Registrar had nothing to report.

**8.2 Senate Handbook and the Position of Vice-Provost Research and Graduate Programs**

Dr. Brunt requested an amendment to the Senate Handbook to reflect the new position of Vice-Provost Research and Graduate Programs. Senator Casperson indicated that notice of motion was required in this regard, and Dr. Brunt agreed to proceed with this request at the next meeting of Senate.

**S-200705.20A**

**Notice of Motion**

Casperson / Mandy

That Senate approve notice of motion regarding the Senate Handbook.

CARRIED.

**9.0 Information**

There were no items for information.

**10.0 S-200605.21**

**Move to In Camera Session**

Casperson / Hyndman

That the meeting move In Camera.

CARRIED.

**11.0 S-200605.31**

**Adjournment**

Mandy / Wagner

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 5:10 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

June 13, 2007  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

K. Beeler, H. Brunt, D. Casperson, D. Cozzetto (Chair), H. Domshy, R. Ellis, H. Giroday, M. Gorzelak, D. Hemingway, J. Hyndman, E. Jensen (teleconference), D. Kimmie, T. Knudsen, D. Macknak, M. Mandy, W. McGill, A. Nussbaumer, D. Nyce, E. Owen-Williams, E. Pratt, J. Randall, S. Rennebohm, J. Safaei Boroojeny, A. Smith, D. Tasa, S. Wagner

---

The meeting commenced at 3:30 p.m.

**1.0 S-200706.01**

**Approval of the Agenda**

McGill / Beeler

That the Agenda for the June 13, 2007 Public Session of Senate be approved, with the following addition:

- Item 2.3 under “Business Arising” — Report from the Senate Committee on Nominations

CARRIED.

**2.0 Business Arising from Previous Minutes of Senate**

**2.1 Retention Reports from the Dean, Student Success and Enrolment Management**

**Madak**

**2.1.1** Retention Data

**2.1.2** Retention Plan

Dean Madak provided two reports regarding student recruitment and retention. He stressed the fact that the information in the report was the “first run” at the data, and in the future the information would be further broken down as compared with what is in the current report. He emphasized several points, including the following: that first year student losses are the most significant, and place UNBC at the bottom of Canadian universities; that the students being lost are significantly comprised of students with higher-end GPAs, and that an exit survey will hopefully be useful in determining why those students are leaving; and, that academic advising is crucial, and the model UNBC has recently adopted (the centralized team approach) is one of two major models adhered to in North America.

It was asked whether recruitment and retention of mature students had been addressed, and Dean Madak responded that it had not yet been, but there were plans to do so in the fall. The question was raised as to when exit surveys would begin, and whether students who left the University between January and April of 2007 would be surveyed. Dean Madak replied that they were currently looking at instituting exit surveys in the fall semester, and would not be surveying any students who left UNBC prior to the date exit surveys are implemented. It was noted that contacting students who have left the University is often a difficult task, and that one needs to be realistic about data that might be obtained, because exit surveys done at UNBC in previous years produced data that were inconclusive. For this reason, at some point after exit surveys are implemented, evaluation would be undertaken to determine whether it was feasible to continue with the surveys.

## 2.2 **S-200706.02**

### **Revision of Senate Handbook — Replacement of Dean of Graduate Studies with Vice-Provost, Research and Graduate Programs**

Brunt / Casperson

That the Senate Handbook be amended as follows:

1. that Article 4 of the Senate Handbook be changed to replace "Vice-President Research" with "Vice-Provost Research and Graduate Programs" in the descriptions of the following Committees:
  - the Senate Committee on Honorary Degrees and other forms of Special Recognition (SCHDSR)
  - the Senate Committee on Research and Graduate Studies (SCRGS)
  - the Research Ethics Board (SCRGS)
  - the Research Ethics Board (SCRGS)
  - the SCRGS Subcommittee on Animal Care and Use (ACC)
2. that Article 4 of the Senate Handbook be changed to replace "Dean of Graduate Studies" with "Vice-Provost Research and Graduate Studies" in the descriptions of the following Committees:
  - the Senate Committee on Admissions and Degrees (SCAD)
  - the SCAPP and SCRGS Subcommittee on Curriculum and Calendar (SCCC)
  - the Senate Committee on Research and Graduate Studies (SCRGS)
  - the Senate Committee on Scholarships and Bursaries (SCSB)
  - the Senate Committee on Academic Policy and Planning (SCAPP)
3. that current members of the SCRGS Research Ethics Board and the SCRGS Subcommittee on Animal Care and Use continue until they resign or other members are appointed;
4. and that these changes become effective July 1, 2007.

CARRIED.

Dr. Brunt mentioned that, although the complete Senate Handbook was currently under revision, it would likely not be coming to Senate for approval until September, and it was important that the proposed changes be implemented as soon as possible. Dr. Brunt pointed out that there was a duplicate reference to the Research Ethics Board in "Part 1" of the motion, and asked that one of those references be stricken. He also suggested that, rather than the Dean of Graduate Studies being replaced by the "Vice-Provost Research and Graduate Studies," that the position be replaced by the "Associate Dean of Graduate Programs."

#### **Friendly amendment:**

Brunt / Casperson

That, in motion S-200706.02, the second reference to the "Research Ethics Board (SCRGS)" be deleted from Part 1, and that Part 2 be changed to read "that Article 4 of the Senate Handbook be changed to replace "Dean of Graduate Studies" with "Associate Dean of Graduate Programs."

CARRIED.

The question was raised whether the Vice-Provost Research and Graduate Programs and the Associate Dean of Graduate Programs would co-Chair the Senate Committee on Research and Graduate Studies, as the Vice-President Research and Dean of Graduate Studies had done. Dr. Brunt responded that this question would be addressed in the context of the full review of the Handbook. In this regard, it was also agreed that the question of whether the Associate Dean of Graduate Programs should become a member of Senate also needed to be attended to.

### **2.3 Report from the Senate Committee on Nominations**

Senator Smith reported that, as she would be going on sabbatical effective July 1, 2007, she wished to notify Senate that the following positions remain unfilled on the Senate AVI Steering Group:

- One faculty Senator

Senator Smith added that, as several new Senators would be joining Senate in the fall to replace Senators going on sabbatical, perhaps one of the new Senators would be interested in filling this vacancy.

- Two student Senators (one undergraduate and one graduate)

With regard to these positions, Senator Smith indicated that NUGSS would be doing their elections in September.

- One (Aboriginal) Lay Member

Finally, Senator Smith reiterated that Senate had determined that the Senate Committee on First Nations and Aboriginal Peoples would be responsible for nominating or appointing someone to this position, and that she had heard nothing from that committee in this regard.

### **3.0 President's Report**

**Cozzetto**

President Cozzetto reported on the status of the searches to fill the senior administrative positions of Chief Financial Officer and Executive Director, University Advancement. He added that the search for the Vice-Provost Research and Graduate Programs was just beginning, and that a search for the Provost would begin in the fall.

As this was Dr. Brunt's final Senate meeting, Dr. Cozzetto thanked him personally on behalf of Senate for his leadership and hard work. Senators applauded Dr. Brunt.

### **4.0 Report of the Provost**

**Brunt**

Dr. Brunt stated that it had been a pleasure to serve UNBC in the past 3 years, and to work with Senate. He indicated that the recent changes were difficult but critical, and added that he hoped to look back with pride and see UNBC flourish. He thanked Senators for their support, and for their critique, as he indicated that was what Senate was all about. Finally, Dr. Brunt mentioned something he said concerned him, namely a "shadow Senate system," which he characterized as divisive, non-collegial, something that formalizes the work of Senate, and that can do damage to the work of Senate. He recommended that Senators utilize Senate committees and share their ideas in the Senate, and that he would leave it with Senators to decide how to work both inside and outside Senate.

### **5.0 Question Period**

A question was asked regarding the amount of graduate student funding UNBC obtained, and Dr. Brunt responded that it was in the order of 25 FTEs, 19 of them at \$20,000 and 6 at \$11,800. He added that most of the funds allocated would go directly into the pockets of graduate students, and that next year's submission should be aligned with government priorities to maximize the possibility of obtaining a greater amount of funding.

It was questioned why the scholarships announced at Convocation in honour of Mr. Bentley, former Chancellor, had not been seen by Senate. Dr. Cozzetto responded that the terms of reference had not yet been crafted, that they would come to Senate for approval, and that the University wanted to recognize Mr. Bentley's service to UNBC and Senate through external funding provided for the scholarships, which is why the announcement had been made at Convocation.

## 6.0 Committee Reports:

### 6.1 Senate Committee on Academic Policy and Planning

Brunt

#### S-200706.03

##### **Calendar Change — General Academic Regulations**

Brunt / Macknak

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the General Academic Regulations, beginning on p. 58 of the 2007-2008 Undergraduate Calendar, excepting Regulations 43 to 52 inclusive, be amended as proposed.

Effective date: September 2007

CARRIED.

Some concern was expressed regarding the use of UNBC student e-mail addresses, but it was agreed that this was the best possible approach. It was asked whether this motion would provide the possibility for sending global e-mails to the student population, and Dean Madak indicated that this is what the University planned to work toward.

Concern was expressed about removing paragraph 40, as the University was required to accommodate students in this regard whether or not paragraph 40 was removed, as failing to do so would be an infringement of the Human Rights Code. In light of this further information, it was recommended that this paragraph be retained, and that the Office of the Registrar be asked to develop a form for the purpose of requesting that an examination be rescheduled to accommodate religious holidays.

#### **Friendly amendment:**

Brunt / Macknak

That paragraph 40 (Religious Holidays / Examination Schedule) be retained in the document, and that the Office of the Registrar be asked to develop a form for requesting that an examination be rescheduled to accommodate religious holidays.

CARRIED.

**Action:** K. Kielly to develop a form for students to apply for an exemption from writing an examination for religious reasons on a religious holiday.

Details of the approved calendar change, including the amendment, are as follows (deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## IV. General Academic Regulations

### 1. Purpose of Academic Regulations

UNBC is committed to high academic standards as well as to assisting students to achieve their educational goals.

The Academic Regulations provide the framework within which academic programs are completed, and offer academic guidance along the program path.

**The University reserves the right to add to, alter, or amend these regulations at any time.**

## **2. E-mail Communication**

E-mail is one of the official means of communication between UNBC and its students. All students are assigned a UNBC e-mail address upon course registration. ~~An~~ The e-mail address assigned to a student by the University will be the only e-mail address used by UNBC for communication with students for academic and administrative purposes. Students are responsible for checking their UNBC e-mail ~~address~~ account regularly so as to remain current with administrative and academic notifications. It is the student's responsibility to ensure that time-critical e-mail is accessed, read, and acted upon in a timely fashion. If a student chooses to forward University e-mail to another e-mail address, it is the student's responsibility to ensure that the alternate account is active.

[The University does not have any means other than registered mail for ensuring that students have received or read official communications. The proposed Academic Regulation offers absolute clarity as to what constitutes a student's e-mail address for University purposes, and places the responsibility on students to access their university e-mail account regularly. Subsequent Sections are as presented in the Calendar, will be renumbered following Senate's approval of the substance of this motion.]

## **2. General Requirements for a Degree With a Major**

First-entry undergraduate degree programs require a minimum 120 credit hours with (except for the BA General and BSc Integrated degrees, and professional programs) a major subject. A Major is a set of academic credits that, taken together, offers a strong concentration in a particular subject area or discipline as defined by the University Senate. Special regulations apply to individual degree programs and to honours degrees, the requirements for which should be consulted as well.

## **3. Continuing/Returning Students**

A continuing student is one who has registered in one of the last three semesters. Unless such a student has been required to withdraw, or is suspended ~~or expelled~~, the continuing student can return to the University without reapplying. A returning student is one who has not registered in any of the last three semesters. The student must reapply to the University and, if readmitted, will be governed by the general and program regulations in effect at the time of readmission.

[There is no provision in the University Act for "expulsion" of a student. If a student is not to return, the student is "suspended indefinitely." ]

## **4. Course Load**

A full course load for a student is considered to be 5 courses (15 credit hours) in any one semester. Not more than 20 credit hours may be attempted in a semester except by permission of the Dean of the relevant College.

## **5. Full-Time Studies**

In any given semester, a full-time student is one who is registered in 9 credit hours or more in that semester.

## **6. Part-Time Studies**

Any student who registers in fewer than 9 credit hours per semester is considered a part-time UNBC student in that semester. Students applying to UNBC to study part-time are subject to the regular admission requirements.

## **7. Classification of Students**

For purposes of classification and reporting, all undergraduate students in first-entry programs will be designated as First Year, Second Year, Third Year, or Fourth Year students.

To be considered a Second Year student, one must have obtained a minimum of 30 semester hours of credit towards a degree, or at least 21 semester hours of credit and be registered for sufficient additional semester hours of credit in the current or next semester to total 30.

To be considered a Third Year student, one must have obtained a minimum of 60 semester hours of credit towards a degree, or at least 51 semester hours of credit and be registered for sufficient additional semester hours of credit in the current or next semester to total 60.

To be considered a Fourth Year student, one must have obtained a minimum of 90 semester hours of credit towards a degree, or at least 81 semester hours of credit and be registered for sufficient semester hours of credit in the current or next semester to total 90.

## **8. Auditing Courses**

To audit a course is to attend lectures without being responsible for doing assignments or writing examinations.

No credit is given for a course taken in this manner, but courses audited will be recorded on a student's transcript.

To audit a course, a student needs the permission of the instructor, and in some cases must

---

pay an auditing fee.

Except by the express permission of the instructor, an auditing student does not participate in class discussion.

## **9. Class Attendance**

Students are expected to attend classes on a regular basis. Instructors may establish attendance requirements for each class. These expectations must be defined in the course syllabus.

## **10. Challenge for Credit by Examination**

Under the conditions set out below, students may challenge for credit in a course by writing an examination during an examination period or at a time designated by the course instructor. To be eligible to challenge for credit, a student must be currently registered at UNBC, or have been admitted to study at UNBC other than on a Letter of Permission. Each Dean, on the advice of the Program Chair, will decide which courses are eligible for challenge exams. Students who have earned credit for the course at UNBC or for the equivalent course at another institution, or who have audited the course at UNBC or another institution, or who are currently registered in the course at UNBC, are not eligible to challenge for credit in the course.

Students may not challenge a prerequisite course after successfully completing the advanced course. Students may not challenge a course which they have previously failed. Grades for course challenges are recorded on the transcript and the grade is included in the calculation of the grade point average.

Application for Course Challenge forms are available at the Office of the Registrar. Students must submit the completed and approved form and payment for the course challenge to the Office of the Registrar not later than the last day of classes in the applicable semester. The fee for course challenge is one-half the regular tuition fee for the course and is non-refundable.

Arrangements for a challenge examination may be cancelled up until the last day of classes in the applicable semester. A student who pays for a challenge exam and does not cancel the arrangement by the deadline or does not write the exam will receive a grade of F.

## **11. Advanced Standing**

In cases in which course challenge is not possible or appropriate transfer credit is unable to be granted, the ~~Dean or Program Chair~~ Program Chair or instructor, as appropriate, upon review of the student's background, may grant a student permission to undertake advanced course work without the normal prerequisites. Such advanced standing will not reduce the number of

credits that the student must accumulate to obtain a UNBC degree.

[Commonly the Calendar will allow either the Program Chair or the instructor to waive a prerequisite, but never the Dean.]

## **12. Lower Division and Upper Division Courses**

All 100 and 200 level course work is designated as “lower division”. Course work done at the 300, 400, and 500 levels is designated as “upper division”.

## **13. Residency Requirement for Graduation**

Students must complete a minimum of 30 credit hours of upper division UNBC course work to receive a UNBC degree.

## **14. Official and Unofficial Transcripts**

Official transcripts are confidential and are only released on written request from the student. Transcripts issued to an institution, company, or agency are mailed directly to their address, or held for pick-up at the Office of the Registrar in confidential envelopes marked ‘Official Transcript’. In extenuating circumstances, transcripts may be issued to a student. Third-party requests must be accompanied by a signed authorization from the student.

Each transcript will include the student’s complete record at the University. Since credit earned is determined on the results of final examinations, a transcript will not include results of midterm examinations.

Transcripts will not be released without payment of the required transcript fee, and/or if there is an outstanding financial obligation.

Requests for transcripts can be made online at [www.unbc.ca/registrar/transcripts/](http://www.unbc.ca/registrar/transcripts/) through UNBC Online Services, or by completing a Transcript Request Form available in the Office of the Registrar. There is a 10-day turnaround for transcript requests.

Unofficial transcripts are available to students directly through ~~student online services at~~ [www.unbc.ca, Web for Students](http://www.unbc.ca/Web-for-Students) UNBC Online Services, [www.unbc.ca](http://www.unbc.ca).

[Business practices as to how transcripts are processed have changed, and there is a transcript fee. Students can now request (and pay) online through their UNBC Online Services secure account, in addition to the ‘traditional’ methods.]

## **15. Evaluation of Transcripts**

The evaluation of transcripts is the responsibility of the Office of the Registrar. Questions relating to transfer credit should be dealt with at the beginning of a student's program. Except for courses taken during that semester on a Letter of Permission, under no circumstances will consideration be given to transfer credits requested during the final semester (15 credit hours) of a student's program.

## **16. Time Limit for Transfer Credit**

Transfer credit normally will not be awarded for courses completed in excess of ten academic years prior to the date of first UNBC registration.

## **17. Letters of Permission**

A Letter of Permission ensures that courses successfully completed at another institution will be transferred to UNBC for consideration as credit toward the student's degree program. Before taking courses from other post-secondary institutions for credit on a Letter of Permission towards a UNBC credential, a student must:

- a. have completed at least nine semester credit hours of study at UNBC
- b. not be on academic probation or in arrears on account with the University

Course work taken on a Letter of Permission is considered to be transfer credit, and therefore subject to all policies and practices related to transfer credit.

Students who complete courses without having first obtained a Letter of Permission risk not having those courses accepted for transfer credit.

## **18. Criminal Records Search**

Under the requirements of the Criminal Records Review Act (1996) UNBC requires, as part of the application process, criminal records searches for applicants to program areas that involve working with children or other vulnerable persons. The cost of this search is the responsibility of the student. Criminal Records Search forms are available in the Office of the Registrar. Results which identify relevant criminal convictions may disqualify an applicant from admission into a program. Submission of a Criminal Records Search at the point of admission does not preclude either the program or provincial certification bodies from requesting a subsequent Criminal Records Search prior to field placement or professional registration. Criminal Records Searches are requirements for the following programs:

- Bachelor of Education (BEd)
- Bachelor of Science in Nursing (BScN)

- Bachelor of Social Work (BSW)

## 19. Student Access to Official University Record

Students have the right to inspect their Official University Record, including the student file, under the supervision of a staff member and as maintained by the Office of the Registrar. Students have the right to have access to their financial assistance file, as maintained by the Financial Aid and Awards Office under the supervision of a staff member. Assessment reports and letters of reference submitted by third parties in support of students applying to professional programs will not be available for inspection. Students may inspect their Official University Record during normal office hours, and upon advance request in writing. When students inspect their original records, examination will be permitted only under conditions that will prevent alteration or mutilation. In the event of a dispute as to the accuracy of the information maintained in their Official University Record, a student may appeal to the Registrar.

## 20. Declaring a Major

All undergraduate students, other than students enrolled in professional programs or General/Integrated degrees (for whom Majors do not apply), are required to declare a Major before the end of the semester in which they will complete 30 credit hours (See Academic Regulation 2). Students intending to pursue a General or Integrated degree program must declare this intent before the end of the semester in which they will complete 30 credit hours. A student who transfers into the University must declare a Major at the time of application. Declaration of Major forms are available from the Office of the Registrar.

Students must contact a program advisor in their area of study to declare or to change a Major.

[The added text in paragraph 1 removes any possible ambiguity as to who must declare their intended major. The Registrar is considering alternative wordings.]

## 21. Double Majors

Graduation with a double major from either the College of Arts, Social and Health Sciences or the College of Science and Management requires completion of the requirements for each major. Any courses that are included in the requirements for both majors may be counted for both. Note: If double majors fall between two degrees, students must select one degree or the other, i.e., BA or BSc. They do not qualify for both. ~~Students are not permitted to include more than two majors in the same degree program.~~

[Although it is quite a rare occurrence, there need be no obstacle to a student pursuing this option.]

## 22. Minors

A minor requires a minimum of 18 credit hours, at least 12 of which must be upper division. In most cases, the upper limit requirement for a minor is 27 credit hours, at least 12 of which must be upper division. Normally, a maximum of two courses (six to eight credit hours) used to fulfill requirements for a major (or another minor) may also be used to fulfill requirements for a minor. In all minors in the College of Science and Management (See Academic Structure pages) that require a minimum of 24 credits, the 100 level credits used to fulfill requirements for a major (or another minor) may also be used to fulfill requirements for a minor, and in some such minors further credits used to fulfill requirements for a major (or another minor) may also be used to fulfill requirements for a minor. "Please refer to the program pages for specific details." Students are not permitted to include more than two minors in the same degree program.

## 23. Co-operative Education

Except by permission of the Co-operative Education Program:

- a. no student may be registered in more than one course in addition to a "Co-op Work Semester" during a work term.
- b. Co-operative Education students must finish their academic programs on an academic term, not a work term.
- c. no student may drop or withdraw from a "Co-op Work Semester" once registered in it.

## 24. Time to Complete an Undergraduate Degree

~~Students admitted to UNBC normally are expected to~~ Except by permission of the Dean, students must complete their undergraduate degree program within 15 years of their first semester of registration.

[This is a case in which the weasel-word "normally" is not helpful.]

## 25. Second Undergraduate Degrees

Students who have earned a Bachelor's level degree at UNBC or at any other accredited University may obtain a second Bachelor's degree (or the same Bachelor's degree in the case of the BA or BSc) from UNBC under the following conditions:

- a. not more than sixty (60) of the credit hours counted towards the second degree may be taken from the first degree.

- b. the major subject in the second degree must be clearly distinct from the major subject in the first degree. Where there is any doubt on this point, the decision of the relevant Dean will be final. Students contemplating second degrees are encouraged to consult the relevant Dean in advance.

## **26. Application of Certain Professional Courses to Earn an Undergraduate Degree**

With the approval of both the Program Chair and College Dean, certain credits in the Northern Medical Program at UNBC/UBC and in accredited programs in the health professions at other Universities may be accepted towards the Bachelor of Science Degree. Applications for degrees under this regulation will be considered on a case-by-case basis, and in no case subsequent to the conferral of the professional degree in question. Not more than thirty (30) semester hours of professional credits may be counted.

## **27. Registration after the Published Add/Drop Date**

No student is permitted to register for any course after the last date to add courses as published in the Calendar except on the express written permission of the Dean, on the advice of the instructor and of the Program Chair under whose authority the course is offered, as appropriate.

[If a student is permitted to register in a course late, subsequently fails the course, and appeals on the basis that he or she should never have been permitted to take the course in the first place, should decision-making responsibility have fallen to the instructor and Chair, or to the Dean? At most universities late registration is very rare, and so it should be at UNBC as well. If the Dean is the one making the decision, the Dean's authority will underlie the insistence that, in future, deadlines be met.]

## **28. Change of Grade after Submission of Final Grades**

Except for grade changes resulting from formal Academic Appeal, any changes in final grade after the initial grade submission must be transmitted to the Office of the Registrar through the appropriate Dean.

## **29. Repeating Courses**

Except by permission of the Dean, students normally are allowed to repeat a course only once. Both grades are recorded on the transcript, and the higher (passing) grade of either attempt may be used for credit towards the degree and only that grade will be calculated into the GPA.

In the case of more than one failed attempt, the result of the later attempt will be calculated into the Grade Point Average. In cases where the repeated course is a required course for a specific degree, two failed attempts may result in the student being required to withdraw from that degree program.

**Note: Repeating a course to achieve a higher passing grade may have implications for student loan purposes. See Financial Aid Officer.**

### 30. Exemptions

At the direction of a Student's Academic Program Chair, specific course exemptions from course requirements may be granted. Nevertheless, the total number of credit hours for the degree still must be earned.

### 31. Graduation Constraints

- a. Normally, the Program regulations that apply to a student's graduation are those that applied in the Academic Year in which the student was most recently admitted for continuous registration.
- b. Students must apply to graduate. Application for graduation must be received by the Office of the Registrar no later than October 31st of the calendar year prior to the year in which graduation is contemplated, accompanied by the appropriate (non-refundable) graduation fee.
- c. ~~Effective June 2004, s~~ Students are not permitted to graduate while on Academic Probation (i.e., CGPA less than 2.00) or while any Academic Appeals are pending.
- d. ~~Effective June 2004, s~~ Students are not permitted to graduate with deferred grades (DEF) remaining on their transcript.
- e. Students who have any outstanding obligation to the University ~~are not permitted to graduate~~ will not be issued an official transcript. Outstanding obligations include, but are not limited to, the following:
  - o tuition fees owing
  - o library or other fines
  - o outstanding library loans
  - o outstanding equipment or other loans

### 32. Grounds for Withholding Official Transcripts and Degree Parchments

In instances of non-payment of any portion of tuition, prescribed fees or University library fines and/or bills, or of delinquency in the return or replacement of University property on loan, or non-repayment of cash advances or loans, or violation of residence license agreement, the University shall not permit a student to register for further courses, and shall not issue an official transcript ~~or a degree parchment~~. The above prohibitions shall be in force until such time as indebtedness to the University has been cleared to the satisfaction of the University.

[Arguably, a student who qualifies to graduate but owes the University should be denied a transcript - which is the official University record - but should be permitted to cross the stage and receive a degree parchment. This is the common practice at Canadian Universities.]

### 33. Grading

Each course taken for academic credit is assigned a final grade at the end of the semester. The final grade for each course will be indicated by a letter grade and a grade point on the student's transcript.

**Grade Point Average:** Grade Point Average (GPA) is a method of expressing a student's academic performance as a numerical value. Each letter grade is assigned a numerical equivalent, which is then multiplied by the credit hour value assigned to the course to produce the grade point.

**Semester Grade Point Average:** Semester Grade Point Average (SGPA) is computed by dividing the total number of grade points earned by the total number of credit hours taken in a semester. See Academic Regulation 30 (Repeating Courses) for the treatment of repeated courses in GPA calculations.

**Cumulative Grade Point Average:** The UNBC Cumulative Grade Point Average (CGPA) expresses performance as a numerical average for all UNBC courses for all semesters completed. The CGPA is calculated by dividing the total number of grade points earned to date by the total number of credit hours undertaken to date. (Letter grades of P or W are not assigned a numerical value and are not used in calculating the grade point average.) See Academic Regulation 30 (Repeating Courses) for the treatment of repeated courses in GPA calculations. The CGPA provides the numerical value used to determine good academic standing or academic probation.

Grading System - Undergraduate Students

UNBC Grade Point	Letter Grade	Percentage	Definition/Standin g
------------------	--------------	------------	-------------------------

4.33	A+	90 -100%	Excellent
4.00	A	85-89.9%	
3.67	A-	80-84.9%	
3.33	B+	77-79.9%	Good
3.00	B	73-76.9%	
2.67	B-	70-72.9%	
2.33	C+	67-69.9%	Satisfactory
2.00	C	63-66.9%	
1.67	C-	60-62.9%	Marginal
1.33	D+	57-59.9%	
1.00	D	53-56.9%	
0.67	D-	50-52.9%	
0.00	F	0 -49.9%	Failure

**The following are not included in academic average:**

P	Passing grade	credit awarded
AEG	Aegrotat standing	credit awarded
DEF	Deferred grade	no credit awarded
W	Withdrawn	no credit awarded
WE	Withdrawn under extenuating circumstances	no credit awarded
AUD	Audit of course	no credit awarded
INP	Course or thesis work	in progress
NGR	No grade reported	

**Calculation of Grade Point Average**

The following is an example of how a student's GPA is calculated at the end of a semester:

1. ENGL 201-3 B	3.00	3 credit hours x 3.00 = 9.00
2. ENGL 212-3 B-	2.67	3 credit hours x 2.67 = 8.01
3. BIOL 101-4 C+	2.33	4 credit hours x 2.33 = 9.32
4. HIST 302-3 A+	4.33	3 credit hours x 4.33 = 12.99
5. PSYC 301-3 W	—	—
<b>Total</b>	<b>13 credit hours</b>	<b>39.32</b>
<b>Semester GPA</b>	<b>39.32/13 = 3.02</b>	

#### 4. International Exchange

In order to be eligible to participate in an international exchange program, UNBC students must have either a UNBC cumulative GPA higher than 2.67, or a GPA in the previous two semesters on at least 18 credit hours higher than 3.00.

#### 35. International Exchange Grading

In the case of a formal exchange, the grades from an exchange university are reported using a Pass/Fail grading system and are not counted towards a student's UNBC SGPA or CGPA.

#### 36. Honours and Distinction

a) Candidates for undergraduate degrees whose CPGA at graduation is 3.00 or better will graduate:

- > 4.00      With Distinction
- > 3.67 to < 4.00      First Class Honours
- > 3.50 to < 3.67      Upper Second Class Honours
- > 3.00 to < 3.50      Second Class Honours

[Most students (myself included) don't like to see the words "second class" on transcript or parchment. A better division might be graduation with "High Distinction" (3.67 to 4.33) and "Distinction" (3.00 to 3.67).]

**b. Candidates for the joint (with UBC) Bachelor of Applied Science in Environmental Engineering will be granted a degree *With Distinction* if they achieve an overall GPA of at least 3.67 on all 200-level and higher courses while registered in the BASc program.**

[The added text is to bring the UNBC standard for this particular degree into accord with the UBC standard, so that the transcripts and parchments from the two institutions will be mutually consistent.]

#### 37. Examinations

- a. No final examinations may count for more than 50% (fifty per cent) of the total course marks.

- b. With the exception of laboratory, clinical or practicum-based final examinations, tests worth, in aggregate, more than 10% of the final grade must not be administered during the final week of classes. Major papers or projects must not be newly assigned during the last two weeks of classes.
- c. Program Chairs may make exceptions to parts a) or b) of this policy in extraordinary cases. Such exception must be made before the first day of scheduled classes and have the approval of the Dean.
- d. Students are required to write no more than two final exams in any one 24 hour period. When a course has a final examination, it must be administered during the scheduled examination period.
- e. Final exams are no longer than three hours in duration. Exceptions must be approved by the program chair.

### **38. Conduct in Examinations**

Students must present appropriate identification upon entering the examination room. Appropriate identification is defined as a UNBC student card and/or some other form of photo identification acceptable to the proctor. The following regulations apply to the conduct of examinations:

- a. Books, papers, or other materials or devices must not be in the possession of the student during an exam except by the express permission of the examiner. Specifically, without such permission no laptop computers, mobile phone sets, handheld electronic devices or the like may be in possession of the student in the examination room (see Regulation 44 (b)).
- b. No candidate is permitted to enter the examination room more than 30 minutes after the beginning of the examination, or permitted to leave within 30 minutes after the examination has started.
- c. Candidates must not communicate in any way with other candidates in the examination room.
- d. Candidates must not leave their seats, except when granted permission by the proctor.
- e. Candidates must turn in all materials, including rough work, upon leaving the examination room.
- f. Food and beverages other than water are not permitted in the examination room.

### **39. Student Access to Final Examinations**

The instructor will, on request by a student, informally review the final examination with the student after the semester grade has been released.

Final examinations will be retained by the instructor for a period of sixty days after the examination period, after which time they may be shredded or destroyed by other acceptable means.

#### **40. Religious Holidays/Examination Schedule**

In some instances, students may find themselves, for religious reasons, unable to write a final examination on a scheduled day. If the final examination cannot be rescheduled to avoid the conflict, the student concerned shall be evaluated by other means, which may include another examination scheduled at a different time. Students must complete the appropriate form (available from the Office of the Registrar) and notify their instructors of a conflict at least two weeks prior to the examination period.

[It is proposed that this Regulation be deleted. In the past five years no student has applied for such an exemption. UNBC is a secular institution, and students attending generally are aware of the fact. It would be worth considering adding a "notice" to this effect on p. 1. If it is not deleted, the Registrar's Office should prepare a form for students to complete if they wish to apply for such an exemption, and should be prepared to accommodate students whose examinations are scheduled on any of Friday, Saturday or Sunday.]

#### **41. Final Examinations Missed**

Satisfactory explanation, with supporting documentation as appropriate, for any final examination missed must be made by the student or designate to the Office of the Registrar within 48 hours from the time the examination was written.

Within 48 hours of receiving a submission, the ~~Administrative~~ Registrar or designate may direct the Program under which the course is offered to arrange the writing of a special examination in the case of an examination which was missed.

Normally, for explanations of sickness, a doctor's certification is required.

#### **42. Deferred Examinations and Grades**

- a. Students may apply for a deferred examination or deferred status to complete required term work if medical or compassionate reasons prevent attendance at an examination or completion of assignments. Written application for a deferment, along with supporting documentation and written approval from the instructor and Program Chair, should be received by the Office of the Registrar without exception before the date of the final examination. After that date, Academic Regulation 42 (Final Examinations Missed) applies. Forms for deferred status are available to Faculty from the Office of the Registrar. If a student is granted a deferral, the exam must be written or the

- Re-apply every semester
- Obtain a minimum semester grade point average of 2.00 in order to remain eligible for re-entry under this category.

Note:

1. Interest Only students who wish to continue their studies beyond 30 credit hours in pursuit of a UNBC credential must re-apply, meet the general admission requirements as stated in the Calendar and, as applicable, declare a Major (see Academic Regulation 20).~~later decide to pursue a degree or certificate program at UNBC, must re-apply and meet general admission requirements as stated in the calendar.~~
2. Applicants whose first language is not English should refer to the section English Language Requirements.
3. Applicants previous or currently on academic probation or required to withdraw are not eligible for admission or re-entry under this category.

#### **S-200706.05**

##### **Dual High School / UNBC Credit**

Brunt / Macknak

That, on the recommendation of the Senate Committee on Academic Policy and Planning, a new section be added to the Undergraduate calendar under the general heading "Other Admission Categories," following the heading "Studying at UNBC as a Visiting Student (on a Letter of Permission)" on p. 29 as proposed.

Effective date: September 2007

CARRIED.

Concerns were raised regarding the employment relationship to UNBC of individuals teaching these courses, and it was agreed that these details would need to be worked out with the Faculty Association. It was thus suggested that a sentence be added to the rationale, to state as follows:

"The final process will be determined in consultation with the UNBC Faculty Association."

##### **Friendly amendment:**

Brunt / Macknak

That the statement "The final implementation process will be determined in consultation with the UNBC Faculty Association" be added to the "Rationale" section of the motion form.

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **Dual High School/University Credit**

High school students in grades 12 who are in good standing, and have the recommendation from their principal or guidance counsellor may enrol with UNBC in order to earn credits that can be used jointly as elective credits towards high school graduation and as first year university credit towards a degree. This program is designed to allow high school students the opportunity to gain first hand experience in a university level course while at the same time earning credits towards their high school diploma. High school students who successfully complete a course(s) can also apply the credits earned towards their future university degree. The courses offered to high school students will be first

year UNBC courses. In order to qualify for dual credit, the British Columbia Ministry of Education requires that course be approved by the student's home high school before the student registers for the course.

High school students wishing to take a UNBC course to obtain Dual Credit must be in grade 12 and must be in good academic standing at the time of application. In addition, students must obtain the signature of their principal (or guidance counsellor) and a parent or guardian (if under 18 years old) indicating that they are capable of successfully completing a university level course.

While students may take up to three courses from UNBC for Dual Credit, they may only take one course at a time. Upon completion of the course, a transcript will be mailed to the student and to the high school. It should be noted that the successful completion of a Dual High School/University Credit course does not guarantee future admission to UNBC.

#### **S-200706.06**

#### **Discontinuation of Form Entitled "Distance Delivery of New Courses and Proposed Course Changes"**

Brunt / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the requirement to complete the form entitled "Distance Delivery of New Courses and Proposed Course Changes" be discontinued.

Effective date: June 2007

CARRIED.

An Executive Summary of the proposed revisions to the Post-Diploma BScN and the Certificate in Rural and Northern Nursing was included for information.

#### **S-200706.07**

#### **Change to Program Requirements — Post-Diploma Baccalaureate Nursing Program**

Brunt / Macknak

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the Post-Diploma Baccalaureate Nursing Program be approved as proposed.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Post-Diploma Baccalaureate Nursing Program**

The minimum requirement for completion of the Post-Diploma Baccalaureate Nursing Program BScN is ~~63~~ 45 credit hours with ~~42~~ 24 of these required credits in nursing. Admission occurs in September and January. The fulfillment of admission requirements does not guarantee admission to the post-diploma program and is based on available space.

## **Admission Requirements**

Applicants must:

- meet UNBC admission requirements
- submit official transcript(s) from diploma program
- provide evidence of active and continuing registration as a nurse in British Columbia ~~or, in the case of newly graduated students, provide evidence of an interim working permit from the College of Registered Nurses of British Columbia (CRNBC). Should new graduates admitted to the program subsequently fail in the CRNE examination, they will be required to withdraw from the program.~~ Annual documentation of current, practising CRNBC licensure is required while enrolled in the program.

A total of ~~30~~ 15 credits may be transferred from other recognized institutions into the nursing program. In order to meet the clinical concentration requirement of the nursing program, students may transfer credit from successfully completed studies at the nursing post-diploma level, provided that the certificate or diploma was completed within the five years prior to admission. Normally, the student is currently practising in that specialty area.

In order to meet the graduation requirements for the BScN, the post-RN student must successfully complete the following courses:

## **Program Requirements**

### **Lower Division Requirement**

#### **~~100 Level~~**

~~ANTH 101-3 Peoples and Cultures~~

## Elective Requirement

~~Nine~~ Six credit hours chosen to ensure completion of a minimum of ~~63~~ 45 credit hours and fulfillment of the following requirements:

Three credit hours of First Nations Studies at any level.

Three credit hours at the 200 level or above and related to area of clinical concentration (with permission of program).

### S-200706.08

#### **Change to Program Requirements — Rural and Northern Nursing Certificate and Subsequent BScN Completion**

Brunt / Owen-Williams

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the Rural and Northern Nursing Certificate and subsequent BScN completion be approved as proposed.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **~~Rural and Northern~~ Acute Care Nursing Certificate**

~~The Certificate in Rural and Northern Nursing~~ The Rural Acute Care Nursing Certificate provides the opportunity for ~~experienced~~ Registered Nurses to pursue ~~Post-Diploma undergraduate studies through~~ a concentrated program of courses in ~~Rural and Northern~~ Acute Care Nursing. The Certificate will provide students with

some of the essential knowledge and clinical skills needed to provide nursing care in rural ~~and northern~~ community hospitals ~~clinics and health centres~~.

~~At present, the major employers of nurses are Community and Regional Health Boards (in hospitals, public health and home care). Other employers include Ministry of Children and Families, community agencies, First Nations communities and Medical Services Branch of Health Canada. This Certificate will be of particular relevance to nurses employed in rural and northern communities.~~

The Certificate program has been developed as an academic program that is practice-driven, and supported by health authorities across British Columbia. It is based upon the principles of primary health care, and an orientation to the needs of nurses in acute care facilities in rural and remote communities. The program includes some existing courses that have been offered within the Post-Diploma Baccalaureate Nursing Program (BScN), with the addition of some enhanced courses in health assessment, health promotion, and management of emergent situations.

The Certificate requires successful completion of 30 credit hours.

~~A maximum of 15 credit hours may be transferred from other recognized institutions into the Certificate program.~~

A maximum of ~~30~~ 15 credit hours from other recognized institutions may be transferred into the Certificate and the BScN completion option only.

~~The Certificate can be completed in one year of study or extended over several years~~ is designed to be completed on a part-time basis through distance education. Students can complete their BScN through the attainment of ~~33~~ 15 additional credit hours of prescribed courses.

This Certificate does not replace the UNBC Post-Diploma BScN program as it offers a focus in one specialized area only. Other focus areas ~~previously~~ provided through the UNBC Post-Diploma BScN, notably community health, community continuing care, First Nations health and nursing, and nursing management are not included in the Certificate program.

Applicants must meet the admission criteria for the UNBC Post-Diploma Baccalaureate Nursing Program, ~~and in addition have a minimum of one year (1700 hours) experience as a registered nurse.~~ Nursing Program policies for Registered Nurse students pursuing a degree ~~will~~ apply to Certificate students.

## **Certificate Requirements**

~~NURS 301-3 Advanced Pathophysiology~~

~~NURS 302-3 Health Assessment~~

~~NURS 401-4 Introduction to Community Nursing~~  
~~NURS 402-3 Health Promotion~~  
~~NURS 400-3 Pharmacotherapeutics for Nurses~~  
~~NURS 417-4 Management of Emergent Situations~~  
~~NURS 460-4 Advanced Health Assessment~~  
~~NURS 450-6 Rural and Northern Nursing~~  
NURS 451-3 Health Assessment Across the Lifespan  
NURS 452-6 Chronic Disease Management, Palliative Care and Wound Care  
NURS 453-3 Nursing Practice with Older Persons  
NURS 454-6 Perinatal Care  
NURS 455-6 Critical Care, Emergency and Trauma  
NURS 456-3 Mental Health and Addictions  
NURS 457-3 Living and Working in a Rural Community

## **BScN Completion**

Students wishing to complete the UNBC Post-Diploma BScN will be required to successfully complete ~~33~~ 15 credit hours in addition to the ~~Certificate in Rural and Northern Nursing~~ Rural Acute Care Nursing Certificate to a total of 45 credit hours.

### **~~100 Level~~**

~~ANTH 101-3 Peoples and Cultures~~

### **200 Level**

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 444-3, 8 Practicum: Mental Health Nursing** This course provides the opportunity for students to integrate and apply relevant theoretical and clinical knowledge in a variety of mental health clinical settings. It provides the opportunity to work with clients with a range of mental health problems, such as substance use and/or misuse, acute mental health problems that necessitate hospitalization, and long term mental health problems that are addressed through community mental health services. The NCBNP requires an 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

*Pre- or co-requisites:* NURS 432-3 or equivalent. All courses in the NCBNP must be taken prior to or concurrently with NURS 444-8.

**S-200706.31**

**Calendar Course Description Change — NURS 445-8**

Brunt / Ellis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course description for NURS 445-8 Practicum: Maternal and Child Nursing be approved as proposed.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 445-3, 8 Practicum: Maternal and Child Nursing** This course facilitates the integration and application of perinatal and/or pediatric nursing knowledge and skills in the practice setting. Emphasis in the perinatal stream is on a woman- and family-centred approach to pregnancy, childbearing, and newborn care. This is carried forward into the pediatric stream with a family-centred approach for nursing care of children and adolescents. Practice experience may be with healthy clients as well as those with complex health issues. Clinical experiences may be in acute or community settings. The NCBNP requires an 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

*Pre- or co-requisites:* NURS 434-3 or equivalent. All courses in the NCBNP must be taken prior to or concurrently with NURS 445-8.

**S-200706.32****Calendar Description Change — Audit Fees**

Randall / Mandy

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the calendar text for the Fees section on page 31 of the 2006 / 2007 Graduate Academic Calendar be approved as proposed.

Effective date: June 1, 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Non-Degree Graduate Students:**

Non-degree graduate students are charged \$723.01 for each course attempted.

**Audit Fees for Degree and Non-Degree Graduate Students**

Full-time and part-time graduate (degree) students auditing undergraduate courses will be charged the same per-credit-hour fee as part-time undergraduate students.

Graduate (degree) students who audit courses at the graduate or undergraduate level are responsible for all applicable course fees (e.g. field trip fees). Ancillary fees are included in the student's full- or part-time graduate program tuition fee units.

Non-degree students and/or those persons holding a four-year Baccalaureate degree as defined in Section 1.3.1 will be charged \$354.42 (half of the cost of taking one course as a non-degree student) for auditing any three-credit hour course. They are responsible for all applicable ancillary and individual course fees.

**Additional Semester Fees . . .****S-200706.33****Calendar Description Change — Fees Section 1.6**

Randall / McGill

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the calendar text in Section 1.6 of the 2006 / 2007 Graduate Academic Calendar be approved as proposed.

Effective date: June 1, 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**1.6 Auditing Graduate Courses**

An individual who is either a graduate student or holds a four-year Baccalaureate

degree as defined in 1.3.1 may be permitted to audit up to three credit hours of graduate courses in a semester. A continuing student should add the audit course to the registration form. A new applicant auditing a course should submit a Graduate registration form to the Office of the Registrar clearly indicating the course name and number with an application for admission to Graduate Studies together with proof of degree conferral. Registration as an auditor is subject to the following conditions: Neither full-time nor part-time graduate (degree) students will be charged for auditing graduate-level courses as long as auditing the course is required by the graduate supervisor/supervisory committee. If any course audit is not already included as part of a student's approved graduate program, then a Graduate Program Revision Form must be completed. The supervisor must provide a rationale for the course audit, explaining how the course is related to the student's research. The appropriate signatures must also be included on the Graduate Registration Form and/or the Add/Drop Form.

**1.6.1** Admittance to the class is dependent on the class size and other factors that the Instructor and the Program establish.

**1.6.2** The degree of participation in the course is at the discretion of the Instructor.

**1.6.3** Attendance and participation shall grant no entitlement to an academic record of such attendance and shall not be considered as meeting admission, prerequisite or course requirements for any graduate program.

**S-200706.34**

**Calendar Change — General Academic Regulations**

Randall / Casperson

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the General Academic Regulations, beginning on p. 52 of the 2007-2008 Graduate Calendar, excepting Regulations 22 to 32 inclusive, be amended as proposed.

Effective Date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **IV. General Academic Regulations**

**Note: Graduate students are directed, as well, to the [Graduate Studies Admissions and Regulations](#) section of this Calendar.**

### **1. Purpose of Academic Regulations**

UNBC is committed to high academic standards as well as to assisting students to achieve their educational goals.

The Academic Regulations provide the framework within which academic programs are

completed, and offer academic guidance along the program path.

**The University reserves the right to add to, to alter, or to amend these regulations at any time.**

## **2. E-mail Communication**

E-mail is one of the official means of communication between UNBC and its students. All students are assigned a UNBC e-mail address upon course registration. ~~An~~The e-mail address assigned to a student by the University will be the only e-mail address used by UNBC for communication with students for academic and administrative purposes. Students are responsible for checking their UNBC e-mail address-account regularly so as to remain current with administrative and academic notifications. It is the student's responsibility to ensure that time-critical e-mail is accessed, read, and acted upon in a timely fashion. If a student chooses to forward University e-mail to another e-mail address, it is the student's responsibility to ensure that the alternate account is active.

[The University does not have any means other than registered mail for ensuring that students have received or read official communications. The proposed Academic Regulation offers absolute clarity as to what constitutes a student's e-mail address for University purposes, and places the responsibility on students to access their university e-mail account regularly. Subsequent Sections are as presented in the Calendar, will be renumbered following Senate's approval of the substance of this motion.]

## **2. Full-Time Studies**

A full-time graduate student during any one of the academic semesters is one who is either enrolled in courses totaling a minimum of six credit hours during a single semester or working on a dissertation, thesis or project during a semester (see [Graduate Studies Admissions and Regulations](#) section).

## **3. Part-Time Studies**

A part-time graduate student during any one of the academic semesters is one who is enrolled in courses totaling less than six credit hours during a single semester, and who is not working on a dissertation, thesis or project (see [Graduate Studies Admission and Regulations](#) section).

## **4. Class Attendance**

Students are expected to attend classes on a regular basis. Instructors may establish attendance requirements for each class. These expectations must be defined in the course syllabus.

## 5. Official & Unofficial Transcripts

Official transcripts are confidential and are only released on written request from the student. Transcripts issued to an institution, company, or agency are mailed directly to their address, or held for pick-up at the Office of the Registrar in confidential envelopes marked 'Official Transcript'. In extenuating circumstances, transcripts may be issued to a student. Third-party requests must be accompanied by a signed authorization from the student.

Each transcript will include the student's complete record at the University. Since credit earned is determined on the results of final examinations, a transcript will not include results of mid-term examinations.

Transcripts will not be released without payment of the required transcript fee, and /or if there is an outstanding financial obligation.

Requests for transcripts can be made online at [www.unbc.ca/registrar/transcripts](http://www.unbc.ca/registrar/transcripts) through UNBC Online Services, or by completing a Transcript Request Form available in the Office of the Registrar. There is a 10-day turnaround for transcript requests.

Unofficial transcripts are available to students directly through ~~student online services at [www.unbc.ca](http://www.unbc.ca)~~, [Web for Students](http://www.unbc.ca/Web-for-Students) UNBC Online Services, at [www.unbc.ca](http://www.unbc.ca).

[Business practices as to how transcripts are processed have changed, and there is a transcript fee. Students can now request (and pay) online through their UNBC Online Services secure account, in addition to the 'traditional' methods.]

## 6. Evaluation of Transcripts

The evaluation of transcripts is the responsibility of the Office of the Registrar.

## 7. Criminal Records Search

Under the requirements of the Criminal Records Review Act (1996) UNBC requires, as part of the application process, criminal records searches for applicants to program areas that involve working with children or other vulnerable persons. The cost of this search is the responsibility of the student. Criminal Records Search forms are available in the Office of the Registrar. Results which identify relevant criminal convictions may disqualify an applicant from admission into a program. Submission of a Criminal Records Search at the point of admission does not preclude either the program or provincial certification bodies from requesting a subsequent Criminal Records Search prior to field placement or professional registration.

Criminal Records Searches are requirements for the following Graduate programs:

- Community Health Science (MSc)
- Disability Management (MA)
- Counselling (MEd)
- Nursing (MScN, MSCN:FNP)
- Social Work Programs (MSW)

## **8. Student Access to Official University Record**

Students have the right to inspect their Official University Record, including the student file, under the supervision of a staff member and as maintained by the Office of the Registrar. Students have the right to have access to their financial assistance file, as maintained by the Financial Aid and Awards Office under the supervision of a staff member. Assessment reports and letters of reference submitted by third parties in support of students applying to Graduate programs will not be available for inspection. Students may inspect their Official University Record during normal office hours, and upon advance request in writing. When students inspect their original records, examination will be permitted only under conditions that will prevent alteration or mutilation. In the event of a dispute as to the accuracy of the information maintained in their Official University Record, a student may appeal to the Registrar.

## **9. Registration after the Published Revision Deadline Date**

No graduate student is permitted to alter their registration for any course after the last date to revise registration as published in the Calendar except on the express written permission of the instructor and the Dean of Graduate Studies.

## **10. Change of Grade after Submission of Final Grades**

Except for grade changes resulting from formal Academic Appeal, any changes in final grade after the initial grade submission must be transmitted to the Office of the Registrar through the Dean of Graduate Studies.

## **11. Repeating Courses**

Graduate students may not repeat graduate courses except under exceptional circumstances and only with the approval of the Dean of Graduate Studies on the recommendation of the supervisory committee. In the event that a course is repeated, it is the second grade earned which will be used in the grade point average calculation.

## **12. Graduation**

- a. Students must apply to graduate. The Application for Graduation Form must be received by the Office of the Registrar no later than March 1 of the calendar year in which graduation is contemplated, accompanied by the appropriate (non-refundable) graduation fee.
- b. Students who have any outstanding obligation to the University are not permitted to graduate. Outstanding obligations include, but are not limited to, the following:
  - o tuition fees owing,
  - o library or other fines,
  - o outstanding library loans,
  - o outstanding equipment or other loans.

### **13. Grounds for Withholding Official Transcripts and Degree Parchments**

In instances of non-payment of any portion of tuition, prescribed fees or University library fines and/or bills, or of delinquency in the return or replacement of University property on loan, or non-repayment of cash advances or loans, or violation of a residence license agreement, the University shall not permit a student to register for further courses, and shall not issue an official transcript ~~or a degree parchment~~. The above prohibitions shall be in force until such time as indebtedness to the University has been cleared to the satisfaction of the University.

[Arguably, a student who qualifies to graduate but owes the University should be denied a transcript - which is the official University record - but should be permitted to cross the stage and receive a degree parchment. This is the common practice at Canadian Universities.]

~~Each course taken for academic credit is assigned a final grade at the end of the semester. The final grade for each course will be indicated by a letter grade on the student's transcript.~~

### **14. Grading**

Each course taken for academic credit is assigned a final grade at the end of the semester. The final grade for each course will be indicated by a letter grade on the student's transcript.

[This paragraph was misplaced and belongs under A.R. 14 instead of 13, as in the equivalent Regulations of the Undergraduate Calendar.]

**Grade Point Average:** Grade Point Average (GPA) is a method of expressing a student's academic performance as a numerical value. Each letter grade is assigned a numerical equivalent, which is then multiplied by the credit hour value assigned to the course to produce the grade point.

**Semester Grade Point Average:** Semester Grade Point Average (SGPA) is computed by dividing the total number of grade points earned by the total number of credit hours taken in a semester.

**Cumulative Grade Point Average:** The UNBC Cumulative Grade Point Average (CGPA) expresses performance as a numerical average for all UNBC courses for all semesters completed. The CGPA is calculated by dividing the total number of grade points earned to date by the total number of credit hours undertaken to date. (Letter grades of P or W are not assigned a numerical value and are not used in calculating the grade point average.) See Academic Regulation 11 (Repeating Courses) for the treatment of repeated courses in GPA calculations. The CGPA provides the numerical value used to determine good academic standing or academic probation.

**Graduation Requirement:** In order to graduate, a student must have the minimum cumulative grade point average required by the student's program, and also have satisfied non-course-based requirements of the program.

### Grading System - Graduate Students

UNBC Grade Point	Letter Grade	Percentage	Definition / Standing
4.33	A+	90 -100%	Excellent
4.00	A	85-89.9%	
3.67	A-	80-84.9%	
3.33	B+	77-79.9%	Good
3.00	B	73-76.9%	
2.67	B-	70-72.9%	

**Graduate Studies:** See [Graduate Studies Admissions and Regulations](#). Passing grade is B- for all courses taken towards a graduate degree. Courses in which achievement is less than B- are assigned a letter grade of "F". Individual programs may set higher standards.

The following are not included in academic average:

P	Passing grade	credit awarded
AEG	Aegrotat standing	credit awarded
DEF	Deferred grade	no credit awarded
W	Withdrawn	no credit awarded
WE	Withdrawn under extenuating circumstances	no credit awarded

AUD Audit of course no credit awarded  
INP Course or Thesis work in progress  
NGR No grade reported

---

### Calculation of Grade Point Average

The following is an example of how a student's GPA is calculated at the end of a semester:

1. PSYC 600-4 B	3.0	4 credit hours x 3.0	= 12.00
2. PSYC 610-3 A+	4.33	3 credit hours x 4.33	= 12.99
	<b>Total</b>	<b>7 credit hours</b>	<b>24.99</b>
	<b>Semester GPA</b>	<b>24.99/7 = 3.57</b>	

---

### 15. International Exchange Grading

In the case of a formal exchange, the grades from an exchange university are reported using a Pass/Fail grading system and are not counted towards a student's UNBC CGPA.

### 16. Examinations

- a. When a graduate course has a final examinations, the examination shall normally be worth at least 25% of the total course marks.
- b. With the exception of laboratory, clinical or practicum-based final examinations, tests worth, aggregate, more than 10% of the final grade must not be administered during the final week of classes. During the last two weeks of classes, major papers or projects must not be newly assigned.
- c. Students are required to write no more than two final exams in any one 24-hour period. When a course has a final examination, it must be given during the scheduled examination period.
- d. Final exams are no longer than three hours in duration. Exceptions must be approved by the Program Chair.
- e. Deans may make exceptions to this policy in extraordinary cases. Such exceptions must be made at the beginning of the semester, and have the approval of the Program Chair.

## 17. Conduct in Examinations

Students must be prepared to present appropriate identification upon entering the examination room. Appropriate identification is defined as a UNBC student card and/or some other form of photo identification acceptable to the proctor. The following regulations apply to the conduct of examinations:

- a. Books, papers, or other materials or devices must not be in the possession of the student during an exam except by the express permission of the examiner. Specifically, without such permission, no laptop computers, mobile phone sets, handheld electronic devices or the like may be in the possession of the student in the examination room (see Regulation 22 (b)).
- b. No candidate is permitted to enter the examination room more than 30 minutes after the beginning of the examination, or permitted to leave within 30 minutes after the examination has started.
- c. Candidates must not communicate in any way with other candidates in the examination room.
- d. Candidates must not leave their seats, except when granted permission by the proctor.
- e. Candidates must turn in all materials, including rough work, upon leaving the examination room.
- f. Food and beverages other than water are not permitted in the examination room.

## 18. Student Access to Final Examinations

The instructor will, on request by a student, informally review the final examination with the student after the semester grade has been released.

Final examinations will be retained by the instructor for a period of sixty days after the examination period, after which time they may be shredded or destroyed by other acceptable means.

## 19. Religious Holidays/Examination Schedule

~~In some instances, students may find themselves, for religious reasons, unable to write a final examination on a scheduled day. If the final examination cannot be rescheduled to avoid the conflict, the student concerned shall be evaluated by other means, which may include another examination scheduled at a different time. Students must complete the appropriate form (available from the Office of the Registrar) and notify their instructors of a conflict at least two weeks prior to the examination period.~~

[It is proposed that this Regulation be deleted. UNBC is a secular institution, and students attending generally are aware of the fact. It would be worth considering adding a "notice" to this effect on p.

**Discontinuation of Form Entitled “Distance Delivery of New Courses and Proposed Course Changes”**

Randall / Nussbaumer

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the requirement to complete the form entitled “Distance Delivery of New Courses and Proposed Course Changes be discontinued.

Effective date: June 2007

CARRIED.

**S-200706.36**

**Calendar Description Change — Disability Management Program Practicum Duration**

Randall / McGill

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the change to the duration of the Disability Management Practicum (on page 103 of the 2007-2008 calendar) be approved as proposed.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**DISM 795-6** Disability Management Practicum Students participate in field-based learning activities for the purpose of pursuing and developing research/policy/administration/practice skills within a related employment area. The duration of this component is ~~a three-month continuous term~~ equivalent to three months full-time employment.

**6.3 Senate Committee on Scholarships and Bursaries**

**Tait**

**S-200706.37**

**Nominations for UNBC Scholars to Yukon High Schools**

Jensen / Rennebohm

That the opening up of nominations for UNBC Scholars to Yukon high schools as per the Eligibility criteria outlined in the Academic Calendar be approved.

Effective date: May 2007

MOTION WITHDRAWN.

It was suggested that this motion did not require approval by Senate, as it was simply meant to clarify a process that was already in place, and that Senate’s views on this motion be passed along to the Senate Committee on Scholarships and Bursaries.

**S-200706.38**

**Calendar Description Change — Health Sciences Graduate Programs**

Jensen / Hemingway

That the inclusion under Health Sciences (page 2 of “Awards and Financial Aid” online and paper calendars, 1. Awards, 2. Definitions) in the Graduate Programs: MCPS (Chemistry) be approved.

Effective date: May 2007

CARRIED.

**7.0 Other Business**

**7.1 Report of the Registrar**

**Kerr (Acting)**

The Acting Registrar had nothing to report.

**7.2 Election of Vice-Chair of Senate**

Owing to the departure of Dean Tait from Senate, election of a new Vice-Chair was required. Senator Casperson was nominated by Senator Mandy, and accepted the nomination. Senator Randall was nominated by Senator Brunt, and accepted the nomination. After an election was conducted by secret ballot, Dean Randall was elected to the position of Vice-Chair of Senate, for a term ending in September, 2008.

**8.0 Information**

There were no items for information.

**9.0 S-200706.39  
Move to In Camera Session**

Wagner / Mandy

That the meeting move In Camera.

CARRIED.

**10.0 S-200706.42  
Adjournment**

Macknak / Gorzelak

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 5:30 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

June 21, 2007  
2:30 – 4:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, D. Casperson, D. Cozzetto, B. Ellis, A. Espíritu (teleconference), D. Hemingway, J. Holler, E. Jensen, D. Macknak, M. Mandy, B. McGill, K. Medhurst, A. Michalos, A. Nussbaumer, C. Opio, J. Randall, E. Rapaport, S. Rennebohm, J. Safaei Boroojeny, D. Tasa

**Regrets:**

H. Brunt, H. Domshy, H. Giroday, M. Gorzelak, J. Hyndman, D. Kimmie, E. Kinghorn, T. Knudsen, H. Li, J. Li, D. Nyce, E. Owen-Williams, E. Pratt, M. Reed, H. Samadi, B. Simard, R. Tait, M. Thomson, S. Wagner

---

The meeting commenced at 2:35 p.m.

**1.0**

**S-20070621.01**

**Approval of the Agenda**

Tasa / McGill

That the Agenda for the June 21, 2007 Public Session of Senate be approved as presented.  
CARRIED.

**2.0**

**2007 / 2008 Budget Review and Discussion**

Senator Casperson questioned whether the following agenda items were rightfully placed under the heading of "President's Report," and it was agreed that the heading be removed.

**2.1 Presentation of 2007 / 2008 Budget Information by President Cozzetto and Acting Chief Financial Officer, Colleen Smith**

Dr. Cozzetto provided context to the budget presentation, reminding Senators that reports had previously been provided to Senate regarding the budget issues, that a plan for addressing these issues had been approved by the Board of Governors, and that the plan had subsequently been implemented. The President indicated that this year's budget process had deviated from the general operating budget process, and that he anticipated reverting to the typical process for the coming budget year. Dr. Cozzetto also stated that the University's strategic vision, namely that outlined in "Embracing Change, Promoting Excellence" (ECPE), drives the budget, and that all six committees of ECPE have submitted recommendations regarding the budget. Finally, the President noted that a \$1.4 million strategic investment fund had been created, which he hoped could be expanded upon in the process of moving forward, to allow for the funding of creative initiatives arising from, for instance, the Academic Visioning Initiative, recruitment and retention, and "Embracing Change, Promoting Excellence" (ECPE). Dr. Cozzetto concluded by stating that the University would shortly be

moving into planning for the 2008/09 budget, and that the budget assumptions would be recalibrated in September to reflect fall enrolment numbers, and an updated report would be presented to Senate at that time.

C. Smith gave a presentation of the budget material, highlighting key areas of risk and assumptions made in putting the plan together. She indicated that major assumptions had been made regarding enrolment and FTE, the amount of government funding, and tuition revenue. FTE growth had initially been targeted at 5%, with an enrolment contingency fund being established in the event the target wasn't met. The target had since been revised to maintenance of the 2006/07 enrolment levels, essentially amounting to a target of zero growth, and C. Smith added that the budget would be reanalyzed in the fall once the enrolment numbers were known. Salary and non-salary inflationary pressures were identified, such as benefit costs and utilities. The Provincial grant was noted to be \$40.4 million, a 6.1% increase over last year, resulting mainly from funding for new graduate student seats and PSEC-approved salary increases. C. Smith reported that tuition fee income would benefit from an increase in FTE from 2005/06 to 2006/07, as well as federal funding for indirect costs of research, a tuition fee increase of 2%, and an increase to mandatory fees. She added that there was no change to the multiplier for new international undergraduate students. With regard to expenditures, C. Smith reiterated there were cost pressures that were not funded by the province, specifically employee agreement costs such as market adjustments, which amounted to approximately \$600,000, and utility costs.

The creation of a sustainable budget model was discussed, including the occurrence of administrative reorganization. It was noted that the target had been met for base budget reductions, \$1.886 million of which was salary-related, with non-salary reductions of \$119,000. It was also mentioned that an investment pool had been created, which would enable investment in strategic long-term goals, with a focus on the strategic directions as established by ECPE.

Other points made with regard to the budget were that there had been investments in graduate student support, the regional campuses, and recruitment and retention initiatives. Departmental budgets had been untouched, and the capital equipment replacement contribution had been reinstated. The result was a balanced budget with total revenue and expenditures of \$57,494,819. Going forward, it was anticipated that more detailed input regarding the budget would be solicited from the departments and Programs, and that the University would continue with a three-year budget process and develop an institutional approach to budget planning with focus being placed beyond the operating budget.

## **2.2 S-20070621.02**

### **Report from the Senate Committee on the University Budget (SCUB)**

Casperson / Mandy

That the 2007 Annual Report (final version) from the Senate Committee on the University Budget be received.

CARRIED.

Chair of the Senate Committee on the University Budget, Senator Ellis, presented the report on behalf of the committee, which was supplementary to the interim report presented to Senate in March. He noted that this committee was advisory to the President, with a mandate to assist with the budget and budget planning. Senator Ellis suggested that, in some ways, the University had done what SCUB had recommended last year, especially by instituting longer-term budget planning. However, he indicated that there was still concern regarding demoralization and rumours related to the budget process undertaken in the past year. Senator Ellis added that there were communication problems and that earlier calls for collaboration between faculty, staff, students, and administration in some ways went unanswered. The committee also expressed concern that the reorganization had negative consequences, such as loss of faith from students, fear and uncertainty from staff and faculty, and contributed to an atmosphere of poor morale, rumours, and mistrust. Thus, taking these issues into account, the committee asked itself how the University could move forward, and came up with some recommendations. Senator Ellis acknowledged that the past year had been a difficult one, but that an attempt should be made to look forward, as this was a great

University. Senator Ellis reminded Senators that the University had several strengths, such as being a small, personal, collaborative University that engaged with the broader community in the North. The committee recommended that a compelling vision for the future be articulated, as they were concerned about some of the university's strengths, such as the implementation of the Academic Visioning Initiative, losing momentum in the face of the past year's budget process and reorganization. They suggested that clarity be provided on the budget reduction process, as there was likely to be fear and uncertainty related to years two and three of the budget, as it had been indicated previously that the second year of this budget was likely to result in the greatest level of cuts. The committee also recommended that more discussion take place around the strategic investment fund, which the committee viewed as an exciting opportunity for collaborative creativity. Finally, the committee recommended that everyone in the University take responsibility for rebuilding morale and trust through communication, and to respect divergent points of view, and emphasized the importance of informal mechanisms of communication in rebuilding trust and morale.

### **2.3 Senate Discussion**

Several questions were raised regarding the budget. It was asked whether the strategic investment fund was to be used to cover deficits, and C. Smith responded that it was not intended for that purpose, but for special projects and positions, and seed funding, but that further discussion would be required to solidify the details for accessing the funds.

A question regarding debt financing was raised, and C. Smith explained how the debt was being financed, which was \$1.14 million of reserve funding and a \$1 million internal loan. She added that the reserves would be rebuilt at the rate of \$100,000 per year over a ten year period.

It was asked who the Budget Cabinet members were, and C. Smith responded that the cabinet consisted of the President, Provost, CFO, Deans, Directors, Registrar, and Executive Director University Advancement. It was asked how this was different from President's Executive Council, and C. Smith responded that it was expanded from PEC. It was also asked why PEC had disappeared in this budget, and it was noted by C. Smith that the position had been moved to the University Secretariat.

It was mentioned that, although the budget was based on zero growth in FTE, the latest numbers were behind last year's. The President responded that, currently, there was a 7% decrease in undergraduate applications, but a 4% increase in graduate applications, and that the goal was to increase conversion rates on applications to enrolments, but that if the targets weren't met, the University would be required to look at using the enrolment contingency fund. C. Smith added that the numbers would be reviewed again in September, but that planning for a possible drop in enrolments was useful and put the University in a better position than they had been in 2005/06, when a drop in enrolments hadn't been anticipated and additional funds had to be identified from other sources to cover the decrease. A question was raised whether it was possible that any funding would be clawed back by the government if enrolment targets weren't met, and President Cozzetto responded that he wasn't certain, but didn't expect this to happen, at least initially. Dr. Cozzetto opined that, as long as the government continues to provide funding based on FTEs, that challenge would remain, and added that the government has been asked to base funding on other outcome and performance measures, and although they have demonstrated some receptivity to doing so, it hasn't yet been determined how such an arrangement could be implemented.

Dr. Cozzetto was asked about the reduction in the number of staff positions, and responded that, with regard to staff for this fiscal year, the net reduction was 21, which consisted of 7 senior administrators, 14 CUPE and Exempt group positions, and 10 faculty members who accepted a buyout, for a total of 31 positions. Following up on this question, it was asked when people would be advised about what these reductions would mean for next year, with regard to how many more positions would need to be cut. Dr. Cozzetto responded that this could not be determined until the revenue amounts for fall were known, and at that time the budget would be reviewed in light of the updated information. The comment was made that, if there was not currently a representative of the Faculty Association, CUPE, or students on the

budget cabinet, that this be considered in order to build trust and work together. It was also asked when the three-year budget "picture" would be presented, and Dr. Cozzetto responded that this would be presented in the fall once the revenues were known.

It was questioned whether debt financing for the Northern Sport Centre would be required, or whether the University would get revenue from the building. C. Smith responded that the University would be required to fund its share of any debt, and that all revenue would go to Northern Sport Centre Limited, a portion of which UNBC would eventually receive.

It was questioned when savings would be realized from the faculty buyouts, and what that model looked like. C. Smith responded that there would be some savings in 2008/09, but that she didn't have the numbers in front of her, as Dr. Brunt was the person aware of those details.

The Senate Committee on the University Budget, regarding their recommendation that a strategic vision for the University be imparted, were asked whether ECPE and the AVI did not constitute the University's strategic vision. Senator Ellis agreed that they were, but responded that the committee felt the vision had been somewhat lost in the face of budget cuts. He also agreed that the responsibility for maintaining the vision was not just that of senior administration. He added that the committee was simply sounding a warning signal, as they sensed that people were losing interest or disengaging with the University's vision.

It was asked how many positions were gained with the inclusion of the security positions. C. Smith responded that these positions were included in an ancillary unit, Parking and Security, and were not contained within the operating budget. She added that there were between 8 and 9 new CUPE positions, but that the total costs for the provision of security would be reduced by approximately \$200,000 when fully implemented in-house rather than contracted out.

The size of the reserve fund was questioned, and C. Smith responded that it was approximately \$2 million, and the President added that Board approval would be required for the use of any reserve funding.

It was asked whether there were any NorthLink expenditures in the budget, and C. Smith responded that there were not. Dr. Cozzetto provided an update regarding NorthLink and noted that the province had provided a \$160,000 planning grant.

Whether there were funds in the budget for Co-operative Education and other experiential learning was questioned, and Dr. Cozzetto replied that there were not. Senator Ellis indicated that he and the Director of Human Resources were developing plans for a student career centre, and was hopeful that Co-operative Education would be a part of it, along with enhanced career services.

The comment was made that it was a relief to see the capital equipment replacement funding in place again, and it was asked when computers would start being replaced. C. Smith responded that the university would be moving forward on doing so immediately.

The salary costs for senior administrators was questioned, and C. Smith responded that she did not have those numbers in front of her, because it was split along the lines of faculty and non-faculty, but that the Financial Information Act had historical data.

It was mentioned that changes required to the calendar in relation to the changes made in the Office of Graduate Studies had not been brought to Senate, and it was asked when this would be done. Dean Randall replied that these revisions would be brought to Senate in September, as there would be no July or August Senate meetings, and added that the University would operate on the basis of the existing calendars until that time.

### 3.0

#### **S-20070621.03**

#### **Adjournment**

Mandy / Rapaport

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 4:30 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

September 12, 2007  
3:30 – 5:30 PM

Room 6-205/211 Conference Centre - Prince George Campus

---

**Present:**

A. Michalos, D. Cozzetto, J. Randall, B. McGill, A. Nussbaumer, D. Macknak, D. Hemingway, J. Holler, H. Li, J. Safaei Boroojeny, S. Wagner, D. Casperson, B. Ellis, J. Hyndman, E. Jensen, J. Li, M. Mandy, E. Rapaport, E. Annis, D. Kimmie, T. Knudsen, S. Rennebohm, H. Samadi, D. Tasa, E. Kinghorn, M. Thomson, D. Nyce

**Regrets:**

E. Owen-Williams, C. Opio, A. Espiritu, H. Giroday, H. Domshy, B. Simard

---

The meeting commenced at 3:30 p.m.

**1.0 S-200709.01**

**Approval of the Agenda**

Mandy / Michalos

That the Agenda for the September 12, 2007 Public Session of Senate be approved, with the following addition:

Agenda item 8.2 — Selection Procedures for Dean of Teaching, Learning & Technology

CARRIED.

Senator Mandy asked for an update regarding two items arising from the minutes, the budget and the revisions to the graduate academic calendar reflecting the changes to the Office of Graduate Programs. D. Cozzetto indicated he would provide an update regarding the budget under his report, and K. Kielly indicated that the changes to the graduate academic calendar were in the process of being revised.

**2.0 Approval of Senate Public Session Minutes**

**S-200709.02**

**Approval of Minutes of June 21, 2007**

Hemingway / McGill

That the Minutes of the June 21, 2007 Public Session of Senate be approved as presented.

MOTION WITHDRAWN.

Senator Mandy indicated that having the text of calendar changes included in the minutes is useful, and requested that the practice be continued. In light of this request, it was suggested that the minutes be

---

postponed to the next meeting of Senate so that the requested information could be included in the minutes.

**Motion to postpone:**

Mandy / Hyndman

That Senate motions S-200709.02, S-200709.03, and S-200709.04 be postponed.

CARRIED.

Thus, the motion to approve the minutes of June 21, 2007 was withdrawn.

**Action:** C. Myers to revise the minutes of June 21, 2007, June 13, 2007, and May 9, 2007, to include the text from calendar changes, and to put the minutes on the agenda for the Senate meeting of October 10, 2007.

**S-200709.03**

**Approval of Minutes of June 13, 2007**

That the Minutes of the June 13, 2007 Public Session of Senate be approved as presented.

**S-200709.04**

**Approval of Minutes of May 9, 2007**

That the Minutes of the May 9, 2007 Public Session of Senate be approved as presented.

**3.0 Business Arising from Previous Minutes of Senate**

**3.1 Nomination and Election of Tenured Faculty Senator (Alternate) to the University Promotion and Tenure Committee (no material) H. Li**

That nominations be opened, and if necessary, an election held, for membership of a tenured Faculty Senator (alternate) on the University Promotion and Tenure Committee, to replace Senator Beeler, for a term of office of two years, beginning October 1, 2007.

Effective date: October 1, 2007

Senator Li called for nominations for this position, and none were forthcoming. It was suggested that, since new faculty Senators would be joining Senate shortly, this item be left on the agenda.

**Action:** C. Myers to retain this item on the agenda for the October 10, 2007 Senate meeting.

**4.0 President's Report Cozzetto**

The President provided a brief update on the budget, and noted that a full report would be provided at the October Senate meeting, once the enrolment data had been finalized after the add-drop date of September 17, 2007. He indicated that the enrolment numbers look positive, and that he wanted to publicly thank those who had worked so diligently to make this happen.

With regard to the implementation of Phase II of the Academic Visioning Initiative, the President mentioned that this would be very important work for Senate, which would set the groundwork for future academic programs and structure. He added that he was excitedly anticipating the work to come out of the AVI committees, and that anything he could do to support the process he would be happy to do if asked.

Several questions were asked of the President with regard to the enrolment figures in general, to which the President replied. He indicated that he anticipated head counts to be slightly higher than last year's numbers, with FTE's being level with last year or perhaps slightly lower than last year.

Senator Hyndman expressed concern that several graduate students had been unable to register as the result of the registration packages sitting in the Office of the Registrar. Dr. Hartley, Associate Dean of Graduate Programs, indicated that there was currently a backlog in the Office of the Registrar, which had been impacted by the extended admission deadline. The Registrar added that staff members were

working long hours to address the backlog, and that the current process creates barriers for students, which she was discussing with the Associate Dean of Graduate Programs with a view to improving the process for graduate students. Senator Hemingway expressed thanks that these issues were being addressed, and added that it would helpful to ensure that those taking on-line courses were registered first, as they were unable to begin their courses online unless registered. K. Kielly thanked Senator Hemingway for the suggestion.

## 5.0 Report of the Provost

Randall

### 5.1 Academic Visioning Initiative Implementation – Update

The Provost indicated that, partly because of position vacancies, the committees didn't meet over the summer, but because the deliberations of these committees are important, he was of the opinion that it would be a disservice to require them to report to Senate in January in accordance with their terms of reference. He thus suggested an extension of the reporting requirement to, perhaps, January, 2008. Dr. Randall outlined the role of the Academic Alignment Working Group, and added that the committees would determine on their own how to best seek input from Senators and stakeholders.

The Provost provided an update regarding the search for the Vice-Provost, Research and Graduate Programs, and noted that a call for nominations e-mail for membership on the committee would be distributed to faculty Senators shortly.

Dr. Randall reported that the Aboriginal Service Plan had been prepared, after receipt of a draft report by an external consultant, and the plan was to be submitted by September 28. He added that the intent of the service plan was to increase the number of Aboriginal learners in the post-secondary system, and to retain those students, goals that fit nicely with what UNBC is already doing quite well. Senator Hemingway asked whether there would be an opportunity for the Programs to review the plan, and Dean Madak indicated that the deadline was tight, but the final proposal would be placed on the website. Dean Madak added that the criteria required for the proposal were rigid, but that the First Nations Centre and First Nations Studies Program had provided input.

Senator Mandy asked whether a motion was in order to change the reporting date for the AVI Committees, and the Provost indicated that, perhaps a better approach would be to meet with the committees first to determine what an appropriate deadline would be, and report back to Senate in this regard at the October Senate meeting.

## 6.0 Question Period

It was questioned whether the policy on the UNBC website regarding the naming of buildings was current, and if so, whether all requests for naming of buildings had been forwarded to the Senate Committee on Honorary Degrees and Other Forms of Special Recognition in accordance with the policy. Dr. Cozzetto replied that, as far as he was aware, they had. Dean Randall indicated that the provincial government had recently issued new guidelines for naming, and suggested it would be useful to review those guidelines in relation to the current UNBC policy.

<b>Action:</b>	C. Myers to add "Naming Guidelines and Policy" to the agenda for the October 10, 2007 Senate meeting.
----------------	---

A question was raised regarding how the use of UNBC only e-mail addresses had been working, as cases had come to light of e-mail, which was sent from one UNBC address to another UNBC address, being forwarded to junk mail folders. Dr. Cozzetto suggested that this question be referred to the ITS department for an answer. Dr. Randall indicated that perhaps this had more to do with the subject heading than the e-mail address, but agreed that it should be forwarded to ITS for response.

<b>Action:</b>	C. Myers to forward this question to the ITS department for response.
----------------	---

It was requested that a report on faculty hiring and buyouts be provided, including how many faculty members had been hired in place of those who had chosen to leave the University. Dr. Randall responded that he could provide a report at the next meeting of Senate, but indicated that the University was still in a transition period in this regard, and that it was like attempting to pin down a moving target. He added that he didn't anticipate a "Phase II" buyout, and that decisions taken with regard to filling vacant positions were being done strategically, depending upon the need to fill the position.

The allocation of the graduate student funding received from the provincial government was questioned, particularly the number of teaching assistantships, as the Senator making the query had heard that there were fewer teaching assistantships available this year than in previous years. Dean McGill responded with regard to the situation in the College of Science and Management, stating that the budget for teaching assistantships was not changed, and the funding was allocated according to enrolment and past usage, but that demand for teaching assistantships had increased. The Office of Research and Graduate Programs agreed to provide a report at the next meeting of Senate.

With regard to possibly extending the reporting deadline for the AVI committees, it was suggested that perhaps an interim report could be made, to alleviate fears of faculty, Programs, and students with regard to the possibility that majors will be reduced. The Provost agreed that these concerns should be kept in mind, and encouraged that people with these concerns express them to the AVI committees so they can be taken into consideration. He added that any elimination of majors that might occur wouldn't necessarily lead to elimination of positions, as realignment or amalgamation of Programs was another possibility. He also noted that any University is required to review the Programs they offer from time to time, and that unlimited expansion was unrealistic.

It was asked how the estimate of faculty buyouts had decreased from approximately 30 to 10 in a 6-month period, and requested that, when the budget was presented in October, figures related to a 1% increment in enrolment, and how that related to what could be funded in terms of faculty, be included. It was also asked that, during the budget report, information be provided to explain how the University got from a position of having to deal with a \$6 million budget shortfall over a three-year period to where it is now, given the decreased estimate of faculty buyouts required.

## **7.0 Committee Reports:**

### **7.1 Senate Committee on Academic Policy and Planning**

**Randall**

#### **S-200709.05**

##### **Amendment of Course Numbering System in Undergraduate Calendar**

Randall / Rapaport

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the Course Numbering system be amended in the 2007-2008 Undergraduate Calendar to expand the definition of courses available at the 500 level (page 168 of the current academic calendar refers).  
Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Course Number – indicates discipline and level of study (100-299 for lower division, 300-499 for upper division, 500 for honours level and post-baccalaureate courses).

#### **S-200709.06**

##### **Calendar Description Change — Co-operative Education Work Term Semesters**

Randall / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, under the general heading "Co-operative Education" on page 68 of the 2007 - 2008 undergraduate calendar, the fourth section under the heading "Admission to the Program" be revised to read "three" rather than "four" work term semesters.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Students are normally required to successfully complete ~~four~~ three work term semesters.

**S-200709.07**

**Calendar Description Change — Change to Cumulative Grade Point Average in Co-operative Education “Admission to the Program” Section**

Randall / Casperson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the section under Co-operative Education on page 68 of the 2007 – 2008 Undergraduate calendar under the heading “Admission to the Program” be amended by changing the minimum cumulative grade point average from 2.75 to 2.5 as presented.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Intake into the Co-operative Education program occurs in the Fall Semester. Students planning to enter the Co-op program should attend information sessions held during the first month of classes and contact the UNBC Co-op office as early as possible.

To qualify and continue in the Co-operative Education option of their degree, a student must:

- participate in an entry interview
- be enrolled full time (9 credit hours)
- participate in Co-operative Education Pre-employment Workshops
- have a minimum cumulative grade point average of ~~2.75~~ 2.50 with normally no grade lower than “D”.
- have completed 30 credit hours before beginning the first Co-op Education work term semester

**S-200709.08**

**Calendar Description Change — Change to Cumulative Grade Point Average In Co-operative Education Section**

Randall / Ellis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the section listed “Co-operative Education” on page 179 of the 2007 – 2008 Undergraduate calendar be amended by changing the “minimum GPA” from 2.75 to 2.5, as presented.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Unless otherwise stated, the prerequisites for all Co-op Education courses are: acceptance into Co-operative Education, declaration of academic program major, completion of 30 credit hours or permission of the relevant Co-op Coordinators and Program Chair. Minimum GPA ~~2.75~~ 2.50.

An Executive Summary of the proposed revisions to the Post-Baccalaureate Diploma Program (Curriculum and Instructional Studies) was included for information.

**S-200709.09**

**New Program Approval — Post-Baccalaureate Diploma Program (Curriculum and Instructional Studies)**

Randall / Michalos

That, on the recommendation of the Senate Committee on Academic Policy and Planning, a Post-Baccalaureate Diploma be approved and added to the calendar as specified.

Effective date: January 2008

CARRIED.

Several questions were posed with regard to this proposed diploma, which were addressed by Professor Willow Brown. It was questioned which of the courses corresponded to existing undergraduate or graduate courses, in terms of being taught in conjunction with them. Professor Brown replied that, although several of the diploma courses did match existing courses, she expected the different course levels (undergraduate, diploma, and graduate) to target different groups of students. Dean Madak mentioned that possible preclusions in relation to the undergraduate courses should be examined. Professor Brown also reported that, although EDUC 546 was shown in the proposal, that course was delayed in coming to Senate because it was being reviewed by the Senate Committee on First Nations and Aboriginal Peoples prior to being forwarded to the Senate Committee on Academic Policy and Planning.

Motions S-200709.10 to S-200709.32 were dealt with as an omnibus motion.

**S-200709.10**

**New Course Approval — EDUC 500-3**

Randall / Mandy

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 500-3 Teacher Leadership be approved as proposed.

Semester of first offering: January 2008

CARRIED.

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 594-3 Self-Directed Professional Development be approved as proposed.

Semester of first offering: January 2008

CARRIED.

**To Senate for Information:**

Report from the Senate Committee on Academic Policy and Planning Regarding the SCAPP and SCRGS Continuing Studies Credit Committee (CSCC)

Senator Macknak provided background information regarding this report. He indicated that the process of approving the courses hadn't been without issue, as the CSCC had to move quickly to approve the initial batch of courses, which was quite large, and added that he hoped to refine the process. Several questions, concerns, and suggestions were raised by Senators. First, there was no indication in the report of where FTE's were to be assigned. The Provost responded that that step hadn't yet been taken, and it would have to be determined how that information would be recorded and reported to majors and Programs. Second, an objection was raised to some courses that require Christian practice, and it was suggested that a policy be created to address this. Third, it was asked how expertise was identified for consultation purposes in creating new courses, as it was possible that people might be experts in a given field without anyone necessarily being aware of that fact. Senator Macknak responded that a better method was required for advertising the courses in order to solicit input from those with expertise in the field. Fourth, it was suggested that the course letters be more generic so it doesn't appear that the courses are assigned to a particular UNBC Program. Fifth, it was asked whether prorated funding was provided to the Library to provide support for courses in disciplinary areas not currently existing at UNBC. Continuing Studies Manager, Randall Brazzoni, responded that the students taking many of these courses don't pay supplementary University fees, so should not expect the same level of service, but regardless, the Provost added that it was his understanding that funds were allocated in the specific courses for supporting materials. It was questioned how music appreciation related to the Teacher Qualification Service, and Senator Macknak responded that it resulted in an increase. Given Senator Macknak's response, it was reiterated that the level of library support provided for these courses be examined.

The Provost reported that the President had been called away to a meeting unexpectedly, and thus assumed the Chair.

**7.2 Senate Committee on Research and Graduate Studies**

**Thring**

An Executive Summary of the proposed changes to the Nursing Program was included for information.

Motions S-200709.33 to S-200709.35 were dealt with as an omnibus motion.

CARRIED.

**7.3 Senate Committee on Scholarships and Bursaries**

**Jensen**

Motions S-200709.36 to S-200709.38 were dealt with as an omnibus motion.

**S-200709.36**

**New Terms and Conditions — Phil Bodman Memorial Bursary**

Jensen / Wagner

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the new Terms and Conditions for the Phil Bodman Memorial Bursary be approved as proposed.

Effective date: September 2007

CARRIED.

**S-200709.37**

**New Terms and Conditions — Chamber Anniversary Awards**

Jensen / Wagner

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the new Terms and Conditions for the Chamber Anniversary Awards be approved as proposed.

Effective date: September 2007

CARRIED.

**S-200709.38**

**New Terms and Conditions — Sam Ketchum Memorial Scholarship**

Jensen / Wagner

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the new Terms and Conditions for the Sam Ketchum Memorial Scholarship be approved as proposed.

Effective date: September 2007

CARRIED.

**S-200709.39**

**Revised Terms and Conditions — Eleanor (Elly) Alaska-Lee Johnsen Foundation Scholarship**

Jensen / Rapaport

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revisions to the Terms and Conditions for the Eleanor (Elly) Alaska-Lee Johnsen Foundation Scholarship be approved as proposed.

Effective date: September 2007

CARRIED.

It was questioned whether the value for this award conformed to the Canadian Interuniversity Sport (CIS) requirements. After some discussion, and noting that books were not part of the CIS criteria, it was moved and seconded that the value be amended to "tuition plus fees to a maximum of \$5,000."

**S-200709.39A**

**Change to Value for the Eleanor (Elly) Alaska-Lee Johnsen Foundation Scholarship**

Mandy / Rapaport

That the value for the Eleanor (Elly) Alaska-Lee Johnsen Foundation Scholarship be changed from "\$5,000" to "tuition plus fees to a maximum of \$5,000."

CARRIED.

Details of the approved calendar change, including the amendment, are as follows (deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Value:** ~~\$2,500~~ Tuition plus fees to a maximum of \$5,000

**Number:** ~~Two, one in September and one in January~~ One

**S-200709.40**

**Revised Terms and Conditions — Steadman Family Matching Grant**

Jensen / Wagner

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revisions to the Terms and Conditions for the Steadman Family Matching Grant be approved as proposed.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Type:** ~~Scholarship~~ Bursary

**Criteria:** ~~Demonstrated financial need and academic proficiency.~~

**S-200709.41**

**Proposed \$10,000 Ceiling on Graduate Student Award Recipients**

Jensen / Annis

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the Graduate Award recipients may receive one or more UNBC administered awards but to a maximum ceiling of \$10,000 in an academic year.

Effective date: September 2007

Concern was expressed about creating a ceiling, and that if a ceiling was going to be created, that perhaps \$10,000 was too low. The concern was countered with the statement that the intent of this motion was to ensure that graduate funding was available to all eligible students. In addition, it was suggested that the word “administered” be changed to “financed” in the motion, to make it clear that this motion did not pertain to external funding agencies, funds for which could possibly be administered by UNBC.

**Friendly Amendment:**

Casperson / Annis

That the word “administered” be changed to “financed” in Senate motion S-200709.41.

CARRIED.

**Motion as Amended:**

Jensen / Annis

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the Graduate Award recipients may receive one or more UNBC financed awards but to a maximum ceiling of \$10,000 in an academic year.

Effective date: September 2007

CARRIED.

**7.4 Senate Committee on Nominations**

**H. Li**

**S-200709.42**

**Membership Changes to Senate Committees (no material)**

Li / Thomson

That, on the recommendation of the Senate Committee on Nominations, the following candidates, who have met all eligibility requirements to serve on the following Senate committees, and barring further nominations, be approved as proposed.

CARRIED.

**SENATE COMMITTEE AND POSITION TO BE FILLED**

**CANDIDATE**

**Senate Committee on Nominations**  
Faculty Senator (to January 31, 2009)

Matthew Reid

**Senate Committee on Academic Appeals**  
Faculty Member – Professional Program (to January 31, 2010)

Josee Lavoie

**Senate Committee on Academic Policy and Planning**  
Faculty Member – CASHS (to January 31, 2010)

Kyle Matsuba

**Senate Committee on Research and Graduate Studies**  
Faculty Member – Professional Program (to January 31, 2010)

Lantana Usman

**Senate Committee on Student Discipline Appeals**  
Faculty Senator (to January 31, 2010)

Matthew Reid

**To Senate for Information**

**Elected by acclamation to Senate by CSAM Faculty:**

Faculty Senator (to fill balance of Senator Mandy's term to January 31, 2008,  
and for a 3-year term ending January 31, 2011)

Matthew Reid

**7.5 Steering Committee of Senate**

**Cozzetto**

**S-200709.43**

**Revisions to Senate Handbook**

Randall / Ellis

That, upon the recommendation of the Steering Committee of Senate, the revisions to the Senate Handbook be approved, with revisions as noted.

Effective date: Immediately upon approval by Senate

CARRIED.

**Motion:**

Mandy / Hyndman

That the statement "The requirement that they be Lay Senators effectively restricts these Senators to members of the Alumni Association" be struck from Section 3(e)(iv).

CARRIED.

**Motion:**

Mandy / Casperson

That the phrase "appropriate unit" be retained, and the proposed addition of the word "College" be struck from Section 3(l)(i).

CARRIED.

**Motion:**

Casperson / Hyndman

That the phrase "from a College" be struck from Section 3(l)(ii).

CARRIED.

**Motion:**

Casperson / Hyndman

That the proposed statement “When the second Wednesday of the month is a holiday or during a final exam week, the meeting shall be held on the next available Wednesday, except during the month of December,” in Section 3(s)(i)(a) be changed to read “When the second Wednesday of the month is a holiday or during a final exam period of the January semester, the meeting shall be held on the next available Wednesday.”

CARRIED.

**Motion:**

Hyndman / Rapaport

That the phrase “and other experts, both within and beyond the University,” be added after the word “Chairs” in the second bullet under the heading “Terms of Reference” for the SCAPP and SCRGS Continuing Studies Credit Committee (CSCC).

CARRIED.

**Motion:**

Macknak / Rapaport

That the second College Dean and the Associate Dean of Graduate Programs be added to the membership of the Senate Committee on Regional Policy and Inter-Institutional Relations (SCRPIIR).

CARRIED.

It was asked that the Steering Committee of Senate look at the category of “Lay Senator” and “Lay Regional Senator” to determine if clarity can be provided in terms of those two categories of Senators.

**Action:** C. Myers to add this item to the agenda for the next meeting of the Steering Committee of Senate.

It was questioned why it had not been proposed that the Dean of Teaching, Learning and Technology be added to Senate or any Senate committees, and a request was made that the Steering Committee of Senate examine placing that Dean on Senate committees.

**Action:** C. Myers to add this item to the agenda for the next meeting of the Steering Committee of Senate.

Concern was expressed over the proposed changes to the Senate Committee on Scholarships and Bursaries, given there was currently no Executive Director, and that several motions put forward in recent months from the committee were problematic. In response, it was expressed that failing to approve the proposed changes to this committee would result in the continued delay of the approval of funding opportunities for UNBC, a severe disadvantage to UNBC in the increasingly competitive post-secondary environment.

**Motion:**

Mandy / Casperson

That the existing wording for the terms of reference for the Senate Committee on Scholarships and Bursaries be retained, except for the proposed revisions related to the administrative restructuring and the proposed changes to the Faculty Senators.

DEFEATED.

**8.0 Other Business**

Senator Wagner noted that this was Senator Mandy’s final meeting of Senate, and commended her for her longstanding service to the UNBC Senate, appreciation which was echoed by other Senators.

**8.1 Report of the Registrar**

**Kielly**

As the Registrar had to depart the Senate meeting at 5:15 p.m., the Acting Registrar, Ms. S. McKenzie, reported that the Office of the Registrar was in the process of recruiting for the position of Calendar

Editor, and that the online calendars, which were currently out of date, would be the first order of business to be completed once the position was filled.

**8.1.1 Membership of the SCAPP and SCRGs Subcommittee on Curriculum and Calendar (SCCC), reported in accordance with the Senate Handbook Terms of Reference for the SCCC (no material):**

Provost (ex officio)	James Randall
Registrar	Kathy Kielly
Faculty Senator, designate of Dean of CASHS	Vacant
Faculty Senator, designate of Dean of CSAM	Jennifer Hyndman
Faculty Senator, designate of Associate Dean of Graduate Programs	Matthew Reid
Designate of the University Librarian	Joanne Matthews

**8.2 Selection Procedures for Dean of Teaching, Learning & Technology**

The proposed terms of reference and membership for this search committee were distributed to Senators.

**S-200709.43A**

**Approval of the Selection Procedures for the Dean of Teaching, Learning and Technology**

Randall / Hyndman

That the proposed terms of reference and membership of the Selection Committee for the position of Dean of Teaching, Learning and Technology be approved.

CARRIED.

It was questioned whether the task listed in the terms of reference, “to review the position of the Dean of Teaching, Learning and Technology,” could be construed as needing to decide whether or not the position should be retained, and the Provost responded that it could be. Following up on that question, it was asked whether creating a search committee did not necessarily mean that a search would be conducted, and again the Provost responded that that was his understanding. He added that, if it was decided that a search was required, that could not be done without first approving a procedure for doing so.

**Motion:**

Hyndman / Mandy

That the Director of the Centre for Teaching, Learning and Technology be added to the selection committee membership.

CARRIED.

**Motion:**

McGill / Casperson

That the President be removed from the search committee membership.

CARRIED.

**9.0 Information**

**9.1 Thank you letter to Senate from Dr. M. Watanabe, UNBC Honorary Degree recipient**

This letter was provided to Senators for information.

**10.0 S-200709.44**

**Adjournment**

Mandy / Casperson

That the Senate meeting be adjourned.

The meeting ended at 6:45 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

October 10, 2007  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, D. Casperson, D. Cozzetto, B. Ellis, D. Hemingway, J. Holler, G. Hopkins, J. Hyndman, E. Jensen, D. Kimmie, E. Kinghorn (teleconference), T. Knudsen (teleconference), J. Li, D. Macknak, G. Martel, B. McGill, A. Michalos, E. Owen-Williams, J. Randall, M. Reid, E. Rapaport, S. Rennebohm, J. Safaei Borojeny, T. Shaw, B. Simard (teleconference), D. Tasa, M. Thomson, S. Wagner

**Regrets:**

H. Domshy, H. Giroday, K. Hutchings, H. Li, A. Nussbaumer, D. Nyce, E. Sharp

---

The meeting commenced at 3:35 p.m.

**1.0 S-200710.01**

**Approval of the Agenda**

Wagner / McGill

That the Agenda for the October 10, 2007 Public Session of Senate be approved, with the following additions:

Agenda item 8.2 — Discussion of Continuing Studies Courses for Credit;

Agenda item 7.5 — Report from the Senate Committee on Academic Appeals (Steering Committee of Senate report thus becomes agenda item 7.6).

CARRIED.

**2.0 Approval of Senate Public Session Minutes**

**S-200710.02**

**Approval of Minutes of September 12, 2007**

Rapaport / Ellis

That the Minutes of the September 12, 2007 Public Session of Senate be approved as presented.

CARRIED.

**S-200710.03**

**Approval of Minutes of June 21, 2007**

Hyndman / Holler

That the Minutes of the June 21, 2007 Public Session of Senate be approved as presented.

CARRIED.

**S-200710.04**

**Approval of Minutes of June 13, 2007**

---

Reid / Rapaport

That the Minutes of the June 13, 2007 Public Session of Senate be approved as presented.  
CARRIED.

**S-200710.05**

**Approval of Minutes of May 9, 2007**

McGill / Owen-Williams

That the Minutes of the May 9, 2007 Public Session of Senate be approved as presented.  
CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

**3.1 Nomination and Election of Tenured Faculty Senator (Alternate) to the University Promotion and Tenure Committee (no material)**

Thomson / Wagner

That, barring further nominations from the floor, tenured Faculty Senator Kevin Hutchings be elected by acclamation to serve in the position of Tenured Faculty Senator (Alternate) on the University Promotion and Tenure Committee, for a term of office of two years, beginning October 10, 2007.

Effective date: Immediately upon approval by Senate

As no further nominations were received, Senator Hutchings was elected by acclamation, and the motion was CARRIED.

**3.2 Response from ITS Regarding UNBC E-mail Addresses (no material)**

Dr. Randall read the response from ITS regarding UNBC e-mail addresses and suggested that, if anyone required further information or assistance, they should contact ITS directly.

**3.3 Report from the Office of Graduate Programs Regarding Graduate Funding and Enrolment Thring**

**3.3.1** Report to Senate on BC Ministry of Advanced Education Graduate FTE Funding Support

**3.3.2** Phase 2: Request for Additional Graduate Student Spaces by UNBC for 2008/09 to 2010/11

**3.3.3** Phase 2: Request for Additional Graduate Student Spaces by UNBC for 2008/09 to 2010/11 —  
Table 2 Revised

Dr. Thring indicated that these reports were for information, provided in response to a request made at the last Senate meeting, and responded to several questions that were raised, most of which were in relation to the number of graduate students, teaching assistantships, and graduate student funding. In addition, it was asked whether the University was working on a strategy to ensure that the social sciences and humanities received their fair share of government funding, and the Provost agreed that this was an issue, and suggested that strategies be developed to increase graduate funding in these areas.

**3.4 Provincial Naming Privileges Guidelines and UNBC Policy (for information)**

The Provost noted that these documents had been provided for information, to be reviewed with an eye to whether the University's policy required revision in light of the province's policy. A Senator asked whether the President and Registrar viewed this policy as requiring that all requests for naming be brought to the Senate Committee on Honorary Degrees and Other Forms of Special Recognition for consideration, and the Registrar responded that she did.

#### **4.0 President's Report**

**Cozzetto**

The President provided an update on the budget, noting that there had been a reduction of \$2.8 million in the base budget, representing 21 staff and 10 faculty positions, most of which were vacant. He added that there had been an additional savings of approximately \$500,000 from the operating budget for a total base budget reduction of \$3.3 million. Furthermore, in terms of revenue, some additional unanticipated funding from the Ministry had been received, and FTEs were stable. He indicated that endowment funds had generated 10.2% this year, so there was approximately \$1 million in funding available after awards were distributed. The President concluded that this was good news, but emphasized that the University was "not out of the woods yet" in relation to the budget. However, he added that the University was a long way down the road to budget sustainability, a process he intended to continue to manage for the next twelve to eighteen months.

#### **5.0 Report of the Provost**

**Randall**

##### **5.1 AVI Committee update – Recommended Change to Date for Reporting to Senate (no material)**

The Provost provided an update regarding the AVI committees, reporting that the Academic Alignment Working Group had met and the Pedagogy Working Group would be meeting shortly. He agreed with the idea of the Academic Alignment Working Group providing an interim report to Senate in December, and indicated that, at that time, he would be in a better position to recommend a date for the final report, which he anticipated as being January or February.

Dr. Randall noted that, in response to a request received at the last meeting, 10 faculty members would be leaving as a result of the buyouts, on various dates from July 1, 2007 to beyond July 1, 2008. He added that no tenured or tenure track appointments had been made to fill any of these positions, but that some vacant positions which were unrelated to the buyouts had been filled.

The Provost reported that the Aboriginal Services Plan had been submitted by the deadline date, but that no response had yet been received. He added that the plan would be posted on the UNBC website.

Finally, Dr. Randall indicated that he would like to provide a "state of the University address" sometime within the next few months, with a focus on student recruitment and retention, including the impact of dwindling high school student numbers, attracting other populations of students, and the future of student recruitment, including the University's obligation as a learning institution within Canada and the world.

#### **6.0 Question Period**

A question was raised regarding the source of the 1.7% increase in FTE reported in a recent news release, and the response was that it was a measure of summer and fall FTE for any courses that generate credit. Discussion ensued regarding the contribution of Continuing Education courses to the FTE, and it was confirmed that Continuing Studies FTEs were between 15 and 20, and even without those courses, there had been a slight FTE increase, but that high school enrolment continued to be a major challenge. It was asked whether Senators would be receiving a detailed enrolment report. The Provost indicated that the enrolment reports are public documents, so there should be several sources for obtaining them, but that he would pass them along to the Deans for distribution. A Senator noted that, although these reports are getting to the Chairs, some don't pass them on, so it would be helpful to have them in a centralized location. The Provost responded that the reports could be provided in College Council meetings.

It was asked whether the University had looked at models to assign credit for prior learning to mature students. It was noted that, although granting credit for prior learning is a popular notion, many prior learning assessment tools are cumbersome, and that populations are not homogeneous. However, Dean Madak added that recruitment of mature students was one of the priorities of "Embracing Change, Promoting Excellence," and that it would be examined.

A Senator commented that, although the President had provided a budget report, it was lacking in detail with regard to how a large portion of the \$6 million deficit has been expunged in a relatively short time

frame. Dr. Cozzetto responded that this information would be provided by the Chief Financial Officer to the Senate Committee on the University Budget, and ultimately to the Board of Governors.

The Strategic Investment Fund was discussed, and Dr. Randall indicated that some funding had already been allocated from this source. He added that there were two issues yet to be addressed with regard to the Fund, namely the issue of one-time versus ongoing funding, and the process to be used for future allocations of funding.

It was asked when the AVI Steering Group would be meeting, and Dr. Randall replied that he would be calling a meeting of that group shortly.

## **7.0 Committee Reports:**

### **7.1 Senate Committee on Academic Policy and Planning (no material) Randall**

The Senate Committee on Academic Policy and Planning had nothing to report.

### **7.2 Senate Committee on Research and Graduate Studies (no material) Thring**

There was no report from the Senate Committee on Research and Graduate Studies.

### **7.3 Senate Committee on Scholarships and Bursaries Madak**

#### **To Senate for Information:**

#### **SCSB20070912.04**

##### **New Terms and Conditions — Gerald Kirschke Memorial Bursary**

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the new Terms and Conditions for the Gerald Kirschke Memorial Bursary be approved as proposed.

Effective date: September 2008

#### **SCSB20070912.08**

##### **Continuation of Four-Year Scholarship Guarantees Pilot Project**

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the Four-Year Scholarship Guarantees continue as a pilot project for one more year.

Effective date: September 2007

#### **SCSB20070912.10**

##### **Timetable and Procedures for the 2008/2009 Entrance Awards**

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the proposed timetable and procedures for the 2008/2009 Entrance Awards be approved.

Effective date: September 2007

#### **SCSB20070912.11**

##### **Delegation of Authority to the Registrar's Office / Awards and Financial Aid to Offer Entrance Awards**

That the SCSB Committee delegate authority to the Registrar's Office / Awards and Financial Aid to offer entrance awards according to the timetable and procedures outlined in the 2008/2009 Entrance Awards document.

Effective date: September 2007

It was suggested that, given the terms of reference of the Senate Committee on Scholarships and Bursaries, this item should be recommended to Senate for approval. The Registrar responded that this was not viewed to be a policy, as the Entrance Awards were in their second year of a pilot study, and that once the efficacy of offering these awards had been determined, a policy would be brought to Senate for approval if necessary.

### **7.4 Senate Committee on Nominations**

**H. Li**

**S-200710.06**

**Membership Changes to Senate Committees (no material)**

Thomson / Wagner

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate and Senate committees as indicated, be approved as proposed, with the exception of Shawn Rennebohm for the Senate Committee on Scholarships and Bursaries.

In the absence of Senator Li, Senator Thomson gave the report from the Senate Committee on Nominations. Senator Thomson noted that Senator Rennebohm was no longer available to sit on the Senate Committee on Scholarships and Bursaries, and asked that his name be removed from the list and the motion be approved with that exception.

As no further nominations were received for any of the positions, all the applicants were appointed to the respective positions, and the motion was CARRIED.

**SENATE COMMITTEE AND POSITION TO BE FILLED**

**CANDIDATE**

**Senate**

Lay Senator (appointment to fill position vacated by Michael Reed until January 31, 2009)

Rheanna Robinson

**Steering Committee of Senate**

Student Senator (until March 31, 2008)  
Faculty Senator (until January 31, 2009)

Devan Tasa  
Kevin Hutchings

**Senate Committee on Academic Appeals**

Undergraduate Student Senator (until March 31, 2008)  
Student Senator (Aboriginal if possible—until March 31, 2008)

Shawn Rennebohm  
Thomas Knudsen

**Senate Committee on Admissions and Degrees**

Graduate Student Representative (until March 31, 2008)  
Undergraduate Student Representative (until March 31, 2008)

Elizabeth Sharp  
Trevor Shaw

**Senate Committee on Academic Policy and Planning**

Undergraduate Student Representative (until March 31, 2008)  
Undergraduate Student Senator (until March 31, 2008)

Dacia Kimmie  
Devan Tasa

**Senate Committee on First Nations and Aboriginal Peoples**

Aboriginal Lay Senator (to replace Michael Reed until January 31, 2009)  
First Nations Representative -- Member at Large (until March 31, 2010)  
First Nations Representative -- Member at Large (until March 31, 2010)

Rheanna Robinson  
Sharon Bird  
Nancy James

**Senate Committee on Regional Policy and Inter-Institutional Relations**

Student Senator (until March 31, 2008)

Trevor Shaw

**Senate Committee on Research and Graduate Studies**

Graduate Student Representative -- CSAM (until March 31, 2008)

Kamalprit Chohan

**Senate Committee on Scholarships and Bursaries**

Graduate Student Representative (until March 31, 2008)  
Undergraduate Student Representative (until March 31, 2008)

Julius Bankole  
Sarah Pickett

**Senate Committee on the University Budget**

Student Senator (until March 31, 2008)  
Undergraduate Student (until March 31, 2008)

Trevor Shaw  
Thomas Knudsen

**To Senate for Information**

**Elected by acclamation to Senate by CASHS Faculty:**

Faculty Senator (to fill balance of Senator Smith's term to January 31, 2009) Kevin Hutchings

**Elected by acclamation to Senate by NUGSS:**

Undergraduate Student Senator (to March 31, 2008)  
Undergraduate Student Senator (to March 31, 2008)  
Undergraduate Student Senator (to March 31, 2008)  
Undergraduate Student Senator (to March 31, 2008)  
Undergraduate Student Senator (to March 31, 2008)  
Undergraduate Student Senator (to March 31, 2008)

Gareth Hopkins  
Dacia Kimmie  
Thomas Knudsen  
Shawn Rennebohm  
Trevor Shaw  
Devan C. Tasa

**Elected by acclamation to Senate by GSS:**

Graduate Student Senator (to March 31, 2008)  
Graduate Student Senator (to March 31, 2008)

Julius Bankole  
Elizabeth Sharp

**7.5 Senate Committee on Academic Appeals**

**Casperson**

As Chair of the Senate Committee on Academic Appeals, Senator Casperson reported that, although the terms of reference for the committee compel the committee to report to Senate in the month of October, the report was not approved by the Senate Committee on Academic Appeals in time to be added to this month's Senate agenda, so it would be provided at the next Senate meeting.

**7.6 Steering Committee of Senate**

**Cozzetto**

**S-200710.07**

**2007 Annual Report of the College of Science and Management (CSAM)**

McGill / Annis

That, on the recommendation of the Steering Committee of Senate, the 2007 Annual Report (2006 - 2007) of the College of Science and Management (CSAM) be received.

Effective date: October 10, 2007

CARRIED.

**7.5.1 Report Regarding the Request from Senate to Examine the Categories of Lay Senator and Lay Regional Senator**

The Registrar reported that the committee was still reviewing this request, and would report to Senate once this had been completed.

**7.5.2 Report Regarding the Request from Senate to Examine Placing the Dean of Teaching, Learning, and Technology on Senate Committees**

The Provost indicated that the selection committee for this position was scheduled to meet shortly, and that their first item of business would be to determine the value of this position. Thus, he suggested that, until the committee had undertaken their review and determined the need for this position, it was premature to consider adding it to Senate committees.

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**Kielly**

The Registrar had nothing to report.

## 8.2 Discussion of Continuing Studies Courses for Credit

Concern was raised regarding the Continuing Studies courses that had been approved by SCAPP to be offered for credit. It was noted that, for many faculty members, public awareness in this regard just came about with the recent passing of the motion to approve the courses, and concern has since been expressed that the courses are not required to be approved by Senate. Furthermore, although it is recognized that increasing FTE is a valid consideration, there is a desire on the part of faculty members to control academic quality, and if this isn't addressed, there may be a collision of the two positions. It was articulated that there is ambiguity surrounding what credit is and how it is perceived by students, as well as the quality of the courses that are being promoted or advertised.

In response to the concerns that were voiced, it was reiterated that there has been a great deal of interest from the community in taking Continuing Studies courses for credit, but Senator Macknak acknowledged that the first group of courses approved were problematic in the sense that the approval had to be made within extremely tight timelines. He suggested that perhaps cataloguing an inventory of concerns in this regard would be useful. It was agreed that this would be useful, but that it was insufficient, as concerns had already been raised that hadn't been addressed. It was suggested that what was required was a process for what happens before the courses get to the Continuing Studies Credit Committee for review and approval. For instance, it was questioned who should make decisions regarding the quality of instruction and the content of the courses to be considered for approval. The Provost suggested that there had been conflation of the FTEs associated with these courses and the learning needs of the University's students, and added that many universities applied credit to their Continuing Studies courses, some even amounting to completion of full degrees. It was generally agreed by Senators that these courses had merit, but concerns remained regarding the procedures by which credit was determined, and the academic quality of the courses being approved for credit. Senator Macknak reported that he would be meeting with some external experts in this regard, and would be happy to revisit the procedures for approving these courses. The Provost offered to meet with Senator Macknak and report back to Senate.

**Action:** Dr. Randall and Senator Macknak to meet regarding Continuing Studies courses for credit and report back to Senate.

## 9.0 Information (no material)

There were no items for information.

## 10.0 S-200710.08 Move to In Camera Session

Wagner / Hyndman

That the meeting move In Camera.

CARRIED.

## 11.0 S-200710.13 Adjournment

Consensus

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 5:15 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

November 14, 2007  
3:30 – 5:30 PM

G. Hopkins, A. Nussbaumer, D. Nyce, E. Owen-Williams, J. Randall, E. Rapaport, R. Robinson, M. Thomson

---

The meeting commenced at 3:30 p.m.

**1.0 S-200711.01**

**Approval of the Agenda**

Wagner / Annis

That the Agenda for the November 14, 2007 Public Session of Senate be approved as presented.

CARRIED.

**2.0 S-200711.02**

**Approval of Minutes**

Reid / Tasa

That the Minutes of the October 10, 2007 Public Session of Senate be approved as presented.

CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

No business arising was identified.

**4.0 President's Report**

**Cozzetto**

The President reported on several matters. He indicated that UNBC had received national recognition for its research mission, which had been widely publicized across Canada. He congratulated faculty members and thanked all involved in this endeavour.

Second, Dr. Cozzetto noted that the research subgroup of "Embracing Change, Promoting Excellence" (ECPE) had considered the establishment of Research Excellence Awards for faculty, and decided that

four awards would be created. Drs. Thring and Hartley have been asked to lead a group to define the criteria and selection process, and these individuals will be acknowledged at Convocation.

Thirdly, the President reported that UNBC had placed 4<sup>th</sup> again in the Macleans ranking, in the "Primarily Undergraduate" category.

Finally, the President indicated that the University had received confirmation from the Ministry of additional FTE funding for 87 graduate students for the next three years, which amounted to \$2,196,800 in new base funding this year, and the next three. Dr. Cozzetto expressed thanks to Drs. Thring and Hartley and the faculty members who worked on this proposal.

## **5.0 Report of the Provost**

**McGill**

In the absence of the Provost, Dean McGill provided a brief report on the Provost's activities. He indicated that the AVI Academic Alignment and Pedagogy Working Groups had been holding Town Hall meetings. He added that the Academic Alignment Working Group was still receiving proposals, which were to be considered at their next meeting on November 20, and that a summary of the proposals would be posted on the web page shortly.

With regard to the AVI Steering Committee, Dean McGill noted that the quorum for this committee required a student Senator, and that there were currently no Senators on the committee.

## **6.0 Question Period**

Several questions were asked about the scheduling of courses during the time for Senate, to which Dean McGill responded. It was suggested that some Senates meet in the evening, and perhaps that could be looked at in future.

The issue of recent computer difficulties on campus was raised, and the following questions were asked:

- 1) Where is the data backup policy housed? Is it with PEC, the Provost, or elsewhere?
- 2) How many terabytes of information do we have as administrative data, and as academic data? How is it backed up? How long are back ups retained?

In addition, the comment was made that back up was not the responsibility of faculty members, but was a centralized service. Confirmation was requested for this understanding.

A Senator indicated that he had heard that the capital equipment expenditure fund was being discussed by the Budget Cabinet for possible reduction or a change in process by which funds are allocated, and asked whether this was correct. President Cozzetto responded that this was just one item among many that were part of the discussion of what we fund and how we fund it. He indicated that the Budget Cabinet had just begun discussions, and that no decisions had been made at this point.

It was noted that, at a previous meeting of Senate, Senator Macknak had agreed to meet with some people who had expertise in the area of offering Continuing Studies courses for credit and report back to Senate on the matter, and Senator Macknak was asked whether he could provide a timeline in this regard. Senator Macknak indicated that he had been intentionally vague about timelines, because he was talking to a number of people across the country about coming here in January, but that he would be bringing something back to Senate in late January or February. It was requested that Senator Macknak solicit input from all faculty and from the Library, so he suggested he would send out an e-mail inviting input from the whole University community.

## 7.0 Committee Reports:

### 7.1 Senate Committee on Academic Policy and Planning

McGill

#### **S-200711.03**

#### **Calendar Change — Admission from Secondary Schools and CEGEP in Other Canadian Provinces**

McGill / Casperson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the “Admission from Secondary Schools and CEGEP in Other Canadian Provinces” be approved as proposed.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **Ontario**

~~Successful completion of the OSSD (or OSSHGD) including six OAC's and/or grade 13 courses with an overall 65% average selected from:~~

~~OAC English (Language and Literature recommended)~~

~~three or more OAC's selected from: Classical Civilization, Classical Studies, English, Français, French, other languages, Algebra and Geometry, Calculus, Finite Mathematics, Biology, Chemistry, Computing Science, Physics, Geography, History, Economics, Law, Politics, and not more than one of Sociology, Drama, Music or Visual Art~~

~~additional OAC courses necessary to complete the OSSD~~

~~**Note: UNBC does not award transfer credit or advanced standing/course waivers or exemptions on the basis of OAC courses.**~~

#### **Ontario –~~New Secondary School Curriculum~~**

Successful completion of the Ontario Secondary School Diploma (OSSD), or equivalent, including five grade 12 U or U/C courses with an overall 65% average including:

Grade 12 U English

four additional Grade 12 U or U/C courses

All high school courses applied as prerequisites for UNBC courses must be drawn from the “University” designation. Not more than one course proposed for admission may be drawn from the “Arts” category.

#### **S-200711.04**

#### **Calendar Change — Alberta and the Northwest Territories**

McGill / Casperson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the “Alberta and the Northwest Territories,” in the undergraduate calendar, be approved as proposed.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### Alberta and the Northwest Territories

Successful completion of an academic grade 12 program that leads to graduation and includes at least five courses with an overall 65% average selected from:

— ~~English 30~~

— English 30-1

at least three additional courses selected from the following: Biology 30, Chemistry 30, Language 30, Math 30, Math 31, Physics 30, Science 30, Social Studies 30, World Geography 30, World History 30

additional level 30 or level 31 courses necessary for the successful completion of grade 12

### **S-200711.05**

#### **Calendar Change — English Language Requirements**

McGill / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the “English Language Requirements,” in the undergraduate calendar, be approved as proposed.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### English Language Requirements

English is the primary language of instruction and communication at UNBC. Consequently, it is expected that an applicant should be able to demonstrate an acceptable level of proficiency in the use of English to receive and participate in classroom instruction and discussion as well as complete written assignments.

Applicants whose first language is not English, regardless of citizenship or country of origin, must submit evidence of English language proficiency prior to admission.

Acceptable evidence of English language proficiency may be any one of the following:

- TOEFL (Test of English as a Foreign Language) score of at least 570 in the paper-based test and at least 230 in the computer-based test. UNBC's institutional TOEFL code is 0320. Note: Applicants taking the new TOEFL exam (September 2005 and beyond) must score at least 89.
- IELTS (International English Language Testing System) score of at least 6.5 in the Academic Reading and Writing Module with no score less than 6.0.
- LPI (Language Proficiency Index) score of at least 5.
- CAEL (Canadian Academic English Language) Assessment score of at least 70.
- University of Cambridge ESOL grade of B on the Certificate of Advanced English (CAE)
- A final grade of 75% (B) or better in English 12 from the British Columbia secondary system.
- A final grade of 75% (B) or better in a University Transferable English course.

In order to be considered valid, these scores must be sent directly from the testing agency/institution to the Office of the Registrar.

#### **S-200711.06**

##### **Calendar Change — Mature Student Entry**

McGill / Reid

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the “Mature Student Entry,” in the undergraduate calendar, be approved as proposed.

Effective date: September 2007

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striktthrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Mature Student Entry**

Each mature student application will be reviewed on its own merits. Mature applicants must be:

~~permanent residents of British Columbia~~

Canadian Citizens or Permanent Residents of Canada

out of school for at least three years

21 years of age on or before the first day of classes

Students must submit transcripts of any post-secondary work that they have completed for the purpose of prerequisite checks, and a résumé of both academic and other activities (employment, service, etc.) for the past three years.

~~Normally, mature students will enroll on a part-time basis for at least one semester.~~

#### **S-200711.07**

##### **Approval of Agreement of Cooperation Between Finnmark University College, Norway and the University of Northern British Columbia**

McGill / Michalos

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the agreement of cooperation between Finnmark University College, Norway and the University of Northern British Columbia be approved as proposed.

Effective date: January 2008

CARRIED.

#### **S-200711.08**

##### **2008 – 2009 Proposed Undergraduate Sessional Dates**

McGill / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the proposed undergraduate Sessional Dates for 2008 – 2009 be approved as proposed.

Effective Date: For inclusion in the 2008-2009 Undergraduate Academic Calendar

CARRIED.

Senator Casperson reported that there had been discussion at the Senate Committee on Academic Policy and Planning (SCAPP) regarding the short timeframe between the end of the fall semester and the beginning of the examination period. The Acting Registrar added the point that expanding this timeframe would cut into the time available for the Office of the Registrar to run academic standing. It was suggested that perhaps the Northern Sport Centre could be utilized for writing exams so that more examinations could be conducted within a shorter amount of time, allowing for additional time between the last day of classes and the first day of the examination period.

#### **S-200711.09**

##### **Course Deletion — CORE 104-3**

McGill / Reid

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course CORE 104-3 Life Sciences be deleted, and that all reference to CORE 104-3 be deleted from the undergraduate academic Calendar.

Effective date: September 2008

CARRIED.

A Senator asked whether any degrees currently required this course, and the reply was that First Nations Studies did, but that they have decided to change that requirement to Biology 110.

#### **S-200711.10**

##### **New Course Approval — EDUC 546-3**

McGill / Kimmie

That, on the recommendation of the Senate Committee on Academic Policy and Planning, a new course EDUC 546-3 First Nations Education be approved as proposed.

Semester of first offering: January 2008

CARRIED.

#### **S-200711.11**

##### **Change to Degree Requirements — Major in General Business**

McGill / Ellis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the degree requirements for the Major in General Business be approved and added to the calendar as proposed.

Effective date: January 2008

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in General Business**

The General Business major allows students to obtain a reasonable depth of knowledge in all the functional areas of business while maintaining a broad-based education in business management. This combination provides the integrative management skills to operate both within and across functional responsibility areas, an ability valued highly by employers. Therefore, General Business majors are in demand by many firms and government organizations. Students intending to start their own business endeavours would also be well served by the General Business major.

The minimum requirement for a Bachelor of Commerce with a major in General Business is 120 credit hours.

#### **Program Requirements**

Note: Students enrolling in any course required for a major in the Bachelor of Commerce degree must have completed all prerequisite courses with a minimum of “C-” or better. In exceptional circumstances the Program Chair may waive this requirement on a case by case basis.

#### **Lower Division Requirement**

**100 Level**

COMM 100-3\* Introduction to Canadian Business  
ECON 100-3 Microeconomics  
ECON 101-3 Macroeconomics  
MATH 150-3\*\* Finite Mathematics for Business and Economics  
or MATH 220-3 Linear Algebra  
MATH 152-3\*\* Calculus for Non-majors  
or MATH 100-3 Calculus I

\*Students transferring with 30 or more credit hours of courses required for the Commerce degree are exempt from this requirement.

\*\*Students wishing to pursue additional Math courses as electives are advised to choose MATH 100-3 (Calculus I) and MATH 220-3 (Linear Algebra).

Students not having the appropriate prerequisites for any courses must consult with the Business Advisor.

#### 200 Level

COMM 210-3 Financial Accounting  
COMM 211-3 Managerial Accounting  
COMM 220-3 Financial Management I  
COMM 230-3 Organizational Behaviour  
COMM 240-3 Introduction to Marketing  
COMM 251-3 Introduction to Management Science  
CPSC 250-3 Applied Business Computing  
ECON 205-3 Statistics for the Social and Management Sciences  
or MATH 242-3 Statistics for Social and Health Sciences

#### Upper Division Requirement

#### 300 and 400 Level

COMM 300-3 Introduction to Business Law  
COMM 302-3 Entrepreneurship  
COMM 320-3 Financial Management II  
COMM 330-3 Human Resource Management  
COMM 350-3 Production and Operations Management  
COMM 351-3 Management Information Systems  
COMM 400-3 Business Policy I  
ECON 310-3 Intermediate Microeconomic Theory  
ECON 311-3 Intermediate Macroeconomic Theory

Twelve credit hours selected from any of the other four majors or from the following (with no more than six credit hours in any one major area):

COMM 331-3 Organizational Theory  
COMM 332-3 Business and Professional Ethics  
COMM 333-3 Women in Organizations or ECON 301-3 Women and the Economy

COMM 401-3 Business Policy II  
COMM 430-3 Organization Studies: Selected Topics  
COMM 431-3 Industrial Relations  
COMM 432-3 Cross-cultural Workplace Practices  
COMM 439-3 HRM: Selected Topics  
COMM 450-3 Total Quality Management  
COMM 498-(3-6) Special Topics in Business Administration

### Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 120 credit hours.

An Executive Summary of the proposed changes to the Political Science Program was included for information.

Senate motions S-200711.12 and S-200711.13 were dealt with as an omnibus motion.

#### **S-200711.12**

##### **Course Deletion — POLS 325-3**

McGill / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course POLS 325-3 Canadian Politics and Identity be deleted and removed from the undergraduate academic Calendar.

Effective date: January 2008

CARRIED.

#### **S-200711.13**

##### **Course Deletion — POLS 401-3**

McGill / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course POLS 401-3 Resource Politics be deleted and removed from the undergraduate academic Calendar.

Effective date: January 2008

CARRIED.

#### **S-200711.14**

##### **New Course Approval — POLS 306-3**

McGill / Holler

That, on the recommendation of the Senate Committee on Academic Policy and Planning, a new course POLS 306-3 Politics and Government of Mexico be approved as proposed.

Semester of first offering: September 2008

CARRIED.

#### **S-200711.15**

##### **New Course Approval — POLS 309-3**

McGill / Holler

That, on the recommendation of the Senate Committee on Academic Policy and Planning, a new course POLS 309-3 Politics and Society in China be approved as proposed.

Semester of first offering: January 2008

CARRIED.

An Executive Summary of the proposed new academic Program, for a major entitled Public Administration and Community Development, was included for information.

**S-200711.16**

**New Academic Program Approval — Major in Public Administration and Community Development**

McGill / Tasa

That, on the recommendation of the Senate Committee on Academic Policy and Planning, a new major, Public Administration and Community Development, be approved for inclusion in the Geography Program BA, as proposed.

Proposed Start Date: January 2008

CARRIED.

An Executive Summary of the proposed changes to the Social Work Program was included for information.

**S-200711.17**

**Change to Program Requirements — Social Work Program: Child Welfare Certificate**

McGill / Michalos

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the Child Welfare Certificate be approved and added to the calendar as proposed.

Effective date: January 2008

CARRIED.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Child Welfare Certificate**

The Child Welfare Certificate program is open only to Bachelor of Social Work and Bachelor of Child & Youth Care graduates. The Certificate is designed to prepare students for child protection practice with the Ministry of Children and Family Development. Primary focus is on students learning and practicing specialized skills for child welfare practiced in the northern and rural regions of British Columbia. However, certificate graduates will be well prepared to work in all agencies and locations that provide child welfare service. The Certificate consists of ~~30~~ 18 credit hours. Admission into the Certificate program is limited. Students must establish their course of study with approval from the Chair of the Social Work Program.

Students will be required to undergo a criminal records search prior to being admitted. Refer to Academic Regulation #18.

A maximum of ~~15~~ 6 credit hours may be transferred from courses taken in the UNBC Bachelor of Social Work Program, or from other recognized institutions into the Certificate program.

**Standards of Professional Conduct**

All students are expected to abide by professional standards as set forth by the Canadian Association of Schools of Social Work (CASSW) and the relevant Social Work Codes of Ethics. Violation of professional standards may result in suspension or dismissal from the program or the education institution.

**Qualification for a Certificate**

To fulfill the requirements of graduation, the student must:

- attain a minimum cumulative GPA of 2.33 (C+) on courses for credit towards the Certificate

- complete all course requirements for the Certificate

#### Certificate Requirements

SOCW 401-3 Northern and Remote Social Work  
 SOCW 422-3 Child Welfare Practice  
 SOCW 426-3 Current Issues on Child Welfare Practice  
 SOCW 439-3 Social Work/Law and the Justice System  
 SOCW 499-3 Directed Readings  
~~SOCW 402-15 Social Work Field Education II~~  
SOCW 497-3 Reflection on Practice

#### **S-200711.18**

##### **New Course Approval — SOCW 497-3**

McGill / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, a new course SOCW 497-3 Reflection on Practice be approved as proposed.

Semester of first offering: January 2008

CARRIED.

#### **S-200711.19**

##### **2007 Annual Report (October 1, 2006 to September 30, 2007)**

McGill / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the 2007 Annual Report (October 1, 2006 to September 30, 2007) from the Senate Committee on Academic Policy and Planning be received.

Effective Date: October 10, 2007

CARRIED.

#### **To Senate for Information:**

#### **SCAPP200710.22**

##### **Change to Calendar Course Description, Course Prerequisites, and Course Preclusion — COMM 333-3**

That the Calendar entry for COMM 333-3 Women in Organizations, including the course description, prerequisites and preclusion, be revised as proposed.

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**COMM 333-3 Women in Organizations** ~~A~~ This seminar course ~~that~~ examines the issues faced by women in the work force. Topics include women in non-traditional occupations and women as entrepreneurs. Individual, organizational and societal approaches to enhancing opportunities and quality of work life for working women are explored.

Prerequisites: COMM 230-3, ECON 100-3, and ECON 101-3, or permission of the instructor.

Precluded: ECON 301-3

Effective date: January 2008

**SCAPP200710.16**

**Change to Course Title and Calendar Course Description — POLS 316-3**

That the changes to the course title and calendar course description for POLS 316-3 Community Government and Politics be approved as proposed.

Effective date: September 2007

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 316-3 ~~Community~~ Municipal Government and Politics**  
**This course ~~A surveys of~~ approaches to the study of ~~local~~ municipal government with special attention to citizen participation, and administrative efficiency in municipal politics.**

**SCAPP200710.19**

**Change to Calendar Course Description — SOCW 421-3**

That the changes to the course title and calendar course description for SOCW 421-3 Human Growth and Development be approved as proposed.

Effective date: January 2008

Details of the approved calendar change are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**SOCW 421-3 Human Growth and Development** **This course** ~~Examines~~ human growth and development with an emphasis on social processes from birth to death. The course follows a life cycle approach and addresses the influence of issues such as culture, class, gender and sexual orientation. Linkages are drawn between individual human development and health and social welfare policy, particularly as it affects residents of northern British Columbia. Note: Students who have not taken a human growth and development course must take this course prior to graduating with a BSW.

Prerequisites: enrolment limited to students admitted to the Social Work program, or with permission of the Social Work Program Chair. If students have previously taken a Human Growth and Development course they must check with a Student Advisor to ensure that the course meets the Human Growth and Development requirement.

**7.2 Senate Committee on Research and Graduate Studies**

**Thring**

**S-200711.20**

**2008 – 2009 Proposed Graduate Sessional Dates**

Thring / Casperson

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the proposed graduate Sessional Dates for 2008 – 2009 be approved as proposed.

Effective Date: For inclusion in the 2008-2009 Graduate Academic Calendar

CARRIED.

**To Senate for Information:**

**SCSB20071010.04**

**New Terms and Conditions — Mark Sunstrum Bursary**

That the new Terms and Conditions for the Mark Sunstrum Bursary be approved as proposed.

Effective date: September 2008

**SCSB20071010.05**

**New Terms and Conditions — Peter Bentley Athletic Scholarships**

That the new Terms and Conditions for the Peter Bentley Athletic Scholarships be approved as proposed.

Effective date: September 2008

**SCSB20071010.06**

**Revised Terms and Conditions — Alumni of UNBC Computer Science Scholarship**

That the revised Terms and Conditions for the Alumni of UNBC Computer Science Scholarship be approved as proposed.

Effective date: September 2008

**SCSB20071010.03**

**Revised Terms and Conditions — Canadian Federation of University Women – Prince George - Scholarship**

That the revised Terms and Conditions for the Canadian Federation of University Women – Prince George - Scholarship be approved as proposed.

Effective date: September 2008

**SCSB20071010.08**

**Revised Terms and Conditions — Eleanor (Elly) Alaska-Lee Johnsen Foundation Scholarship**

That the revised Terms and Conditions for the Eleanor (Elly) Alaska-Lee Johnsen Foundation Scholarship be approved as proposed.

Effective date: September 2008

**S-200711.21**

**2007 Annual Report (October 1, 2006 to September 30, 2007)**

Casperson / Holler

That, on the recommendation of the Senate Committee on Academic Appeals, the 2006-2007 Annual Report (October 1, 2006 to September 30, 2007) from the Senate Committee on Academic Appeals be received.

Effective Date: November 14, 2007

CARRIED.

**S-200711.22**

**Membership Changes to Senate Committees (no material)**

Consensus

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate committees as indicated, be approved as proposed.

CARRIED.

**SENATE COMMITTEE AND POSITION TO BE FILLED**

**CANDIDATE**

**Senate Committee on Nominations**

Student Senator (until March 31, 2008)

Shawn Rennebohm

**Senate Committee on First Nations and Aboriginal Peoples**

Student Representative, T'seba Student Society (until March 31, 2008)

Candice Wilson

**Senate Committee on Student Discipline Appeals**

Graduate Student (until March 31, 2008)

Undergraduate Student (until March 31, 2008)

First Nations Student (until March 31, 2008)

Member of the Administrative Staff (until March 31, 2010)

Marianne Sprague

Aisha Damji

Beverly Isaac

Steven Storch

It was asked whether the Senate Committee on Nominations had attempted to fill the vacant positions on the AVI Steering Committee, and the response was that several attempts had been made to do so. It was noted that the membership and quorum requirements for the committee were such that quorum could not be met without a student Senator in attendance, and that this was problematic. A Senator suggested that, by the next Senate meeting, a student Senator should either be appointed or the requirement to have a student Senator in attendance to meet quorum be removed. The student Senators in attendance indicated that they wished to retain their voice on this committee, and would ensure someone was identified to take on this role prior to the next Senate meeting.

**7.6 Steering Committee of Senate**

**Cozzetto**

**7.6.1 S-200711.23**

**Extension of Terms of Office for Current Senators and Senate Committee Members (no material)**

Wagner / Martel

That, on the recommendation of the Steering Committee of Senate, the terms of office for Senate and Senate committee members which were set to expire on January 31, 2008, be extended to March 31, 2008, in accordance with the recent changes to terms of office in the Senate Handbook.

Effective date: Immediately upon approval by Senate.

CARRIED.

**7.6.2 Provision of Senate package in PDF format (no material)**

Dr. Cozzetto noted that the College Councils had moved to providing meeting packages in PDF format, and wondered whether Senate was open to moving to packages being provided in this manner to cut down on paper usage. Discussion ensued, with some Senators indicating that this was an off-loading of printing costs to the Programs, as they print the complete package anyway. It was noted that, if Senators so wished, they would be provided with a package in hard copy. It was suggested that, if the Bentley Centre room used for Senate meetings had wireless capability for the use of laptops it would make sense to provide the packages in PDF format, but otherwise it wouldn't. An alternate suggestion was to project the meeting package and go through it in the Senate meeting. It was suggested that the provision of the meeting package in both hard copy and electronic formats be tried on an experimental basis. C. Myers indicated that she would have to look into the software required for making the packages in electronic format prior to proceeding with this.

A Senator asked that the possibility of providing the Senate motion forms online also be considered.

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**Kielly**

**9.0 Information (no material)**

There were no items for information

**10.0 S-200711.24**

**Move to In Camera Session**

Casperson / Hutchings  
That the meeting move In Camera.  
CARRIED.

**11.0** **S-200711.28**  
**Adjournment**  
Consensus  
That the Senate meeting be adjourned.  
CARRIED.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

December 19, 2007  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, D. Casperson, D. Cozzetto, H. Domshy, B. Ellis, J. Holler, K. Hutchings, J. Hyndman, E. Jensen, J. Li, B. McGill, A. Michalos, A. Nussbaumer, E. Owen-Williams, J. Randall, M. Reid, S. Rennebohm, R. Robinson, J. Safaei Boroojeny, E. Sharp, T. Shaw, D. Tasa, M. Thomson, S. Wagner

**Regrets:**

D. Hemingway, G. Hopkins, D. Kimmie, E. Kinghorn, T. Knudsen, H. Li, D. Macknak, G. Martel, D. Nyce, E. Rapaport, B. Simard, R. Thring

**Guests:**

Lynda Pattie, Director, Information Technology Services  
Dr. Heather Smith, Director, Centre for Teaching, Learning and Technology

---

The meeting commenced at 3:30 p.m.

**1.0 S-200712.01**

**Approval of the Agenda**

McGill / Casperson

That the Agenda for the December 19, 2007 Public Session of Senate be approved as presented.  
CARRIED.

**2.0 S-200712.02**

**Approval of Minutes**

Michalos / Hyndman

That the Minutes of the November 14, 2007 Public Session of Senate be approved as presented.  
CARRIED.

Senator Nussbaumer noted that she had been present at the November meeting, and requested that this be reflected in the minutes.

**3.0 Business Arising from Previous Minutes of Senate**

**3.1 ITS Backup/Disaster Recovery and Information Technology Learning Advisory Group**

L. Pattie, Director, Information Technology Services, attended the meeting to respond to questions raised at the previous Senate meeting with regard to information storage and the recent problem with servers

---

and backups. She discussed the written report that she had submitted to Senate, and responded to several questions, as well as outlining the equipment that was used by ITS and backup services that were provided. She indicated that faculty members were responsible for backing up their own course materials on WebCT, and that student assistants were available to assist faculty members to do so. With BCE6, however, she indicated that central backups were completed every night. Dr. Randall noted that there was a proposed advisory group, which would allow people to discuss issues of concern. Senator Annis suggested that this advisory group should have input from graduate studies and researchers, which Dr. Randall took note of, yet added that the wish was to keep the group small enough to ensure that the members could take an active role. Concern was expressed that faculty member concerns weren't able to be accommodated, as the previous head of Computing and Telecommunication Services, whose position was terminated, was a faculty member who had both teaching and research experience. Dr. Smith, Director, Centre for Teaching, Learning and Technology, commented that she had been actively involved when decisions regarding migration had been made, and that the Centre for Teaching, Learning and Technology actively seeks the advice of faculty members.

#### **4.0 President's Report**

**Cozzetto**

The President had nothing to report.

#### **5.0 Report of the Provost**

**Randall**

##### **5.1 Interim Report from the AVI Academic Alignment Working Group**

As Chair of the AVI Academic Alignment Working Group, the Provost discussed the written interim report the Group had submitted. He noted that there had been concerns related to the lack of submissions received in relation to the macro-level structure of the University, but that the committee had decided not to impose their views on what that structure might be in advance of receiving proposals. However, Dr. Randall indicated that the committee, at their last meeting, had a brainstorming session to discuss the macro-level structure. He added that, at that meeting, many suggestions had been made, and that a few models would be brought to the committee and university community for consideration. Finally, he noted that, as a result of lack of quorum, the AVI Steering Committee had not yet met formally, so the reporting relationship between the Steering Committee and the Working Groups had not yet been established.

##### **5.2 Interim Report from the AVI Pedagogy Working Group (H. Smith)**

Dr. Heather Smith, Director, Centre for Teaching, Learning, and Technology, and Chair of the AVI Pedagogy Working Group, discussed the written interim report that was submitted by the AVI Pedagogy Working Group. She recommended that Senate look primarily at pages 18 to 22 of the report, which was the heart of the work the Group had undertaken, and which was a follow up from the work completed by the previous AVI Pedagogy Committee. Dr. Smith noted that the Working Group had focused on the Working Assumptions and the Critical Initiatives contained in the report, and added that, before any recommendations could be undertaken, a needs assessment would be required. Dr. Smith thanked the committee members for their contributions to the Working Group.

The Provost stated that he was excited about what had been achieved, and added that, in his opinion, it was important to consider whether the proposals put forward could have achieved results in the absence of the AVI Working Groups, and that he hoped to see fundamental changes as a result of this process.

Dr. Randall provided a brief report from the AVI Steering Committee, noting that the committee had met several times, and that there were notes from those meetings. However, because no student Senators had yet committed to serving on the committee, the committee lacked the ability to obtain quorum. The Provost added that he hoped this had now been addressed, as Senate would be asked later in the meeting to approve a student Senator candidate for appointment to the AVI Steering Committee.

Several questions were raised from Senators with regard to the work of the AVI Working Groups. It was asked what procedure would be utilized to approve any structural changes. Dr. Randall responded that he wasn't certain, and that he would reserve his response until he could determine what procedures had been followed in the past and whether they would be suitable in this instance. A Senator observed that most of the proposals received by the Academic Alignment Working Group were related to one College,

and asked what the Working Group had done with regard to the other College, specifically whether there was grassroots consultation. Dr. Randall responded that any proposals would have to come from the Programs themselves. Dean McGill responded that he hadn't directed anyone in CSAM to do anything in particular, but added that a wide-ranging discussion had taken place, both at the College Council and at other levels within the College. The Provost suggested that time was an issue, as a tension existed between getting recommendations out there as soon as possible and giving people sufficient time to do the groundwork necessary in preparing proposals.

It was questioned why the original report from the AVI Pedagogy Committee had not been seen by Senate. Dr. Smith responded that she believed that the report had simply been lost in the shuffle. Dr. Randall added that some of the AVI reports were part of the Embracing Change, Promoting Excellence (ECPE) process, and that those reports were on the website. A Senator asked whether any further consultations would be undertaken, apart from the Town Hall Meetings and teaching workshops. Dr. Smith responded that, in her opinion, any member of the committee would be willing to speak with anyone who so wished. The question was raised whether the data from surveys related to student success which were mentioned in the report could be summarized and provided to Senate. Dr. Cozzetto asked Dean Madak to provide a summary of this information at the next meeting of Senate.

<b>Action:</b> Dean Madak to provide a summary of student survey data at next meeting of Senate.
--

## 6.0 Question Period

A Senator expressed concern about the possible invasion of privacy resulting from the fingerprint scanning utilized to verify the identities of those wishing to gain access to the Northern Sport Centre (NSC). It was asked what was being done with the scanned data that was being collected. The Provost responded that L. Pattie, who had departed the meeting, could provide more information in this regard, but that the data kept on file was not fingerprints, but binary information from points on the fingerprint that is then linked to the person whose finger is scanned. He added that, because the NSC was a partnership between the University and others, UNBC did not have strict jurisdiction over the processes used at the NSC. Dr. Randall noted that the University had consulted with the Privacy Commissioner and legal counsel, both of whom, in their preliminary reports, suggested that the technology being used was not inappropriate. Dr. Cozzetto indicated that the report on the use of the technology lists several reasons why other technologies are not being used, and that the difficulty was with regard to the setup of the NSC, as there were multiple distinct entry points that required membership fees for entry.

It was asked whether, despite the reasons for the use of the scanning technology, it was not possible for students, who were all required to possess student identification cards, to use those cards to gain entry to the facility. The sentiment was expressed that students should be able to opt out of the scanning technology but still be able to use the facility, since they were paying to do so. Dr. Cozzetto suggested that the appropriate way to have this concern dealt with was for the Senator to contact the student representative on the board of the Northern Sport Centre Limited (NSCL). It was suggested that perhaps the President could make representation to the board on behalf of the students. Dr. Cozzetto responded that the reason he had recommended the student representative on the Board be consulted was that the NSCL was a separate entity over which UNBC had no authority. It was asked why, as a member of the NSCL board, the President could not make a case on behalf of the students. Dr. Cozzetto responded that the use of this technology had already been discussed at the board, and that the Northern Undergraduate Student Society did not view the use of the technology as a major issue.

The Provost indicated that the petition which had been circulated contained erroneous information, which is why the report had been written. In response, a Senator suggested that it was important that the University not give the impression that the petition was based on false information and that the data collected were not fingerprints, as the NSC was used as a plank in the University's recruitment strategy, and that the University should thus take an active role in resolving the students' concerns in this regard. The President asked whether Senators would like to have Len McNamara attend the next meeting of Senate to discuss the issue, and at least one Senator felt it would be valuable to do so. It was reiterated that, if it was possible for students to get into the NSC without the use of biometric data, that this option be made available to them. The Provost suggested that Senators read the report with regard to the technology.

A student Senator expressed that he was pleased to hear about the resolution with regard to parking at the NSC, but requested that this information be disseminated so that people were informed. Dr. Cozzetto noted that the Senator's point was well taken.

A Senator asked about the rules for the upcoming election of faculty members to the UNBC Board of Governors, and the President indicated that he was gathering information and planned to provide a written response to the Senator within the next few days.

## 7.0 Committee Reports:

### 7.1 Senate Committee on Academic Policy and Planning

Randall

#### **S-200712.03**

#### **Calendar Revision — “Course Descriptions” Section of the Undergraduate Calendar**

Reid / Michalos

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the “Course Descriptions” section, on page 168 of the 2007-2008 Undergraduate Academic Calendar, be approved as proposed.

Effective Date: January 2008

CARRIED.

Details of the approved calendar change, including the amendment, are as follows (deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Course Descriptions**

The following explanation will help clarify the terms found in the course descriptions.

**Course Number** — indicates discipline and level of study (100-299 for lower division, 300-499 for upper division, 500 for honours level courses).

**Credit Value Hours** — Credit hours are assigned to each course; most courses are 3 credit hours.

**Courses with Variable Credits** — Some courses are listed with a choice of credit hours; for example: (3-6) implies that the course may be offered for any number of credits from 3 to 6 inclusive. Some courses may be repeated for credit when the subject matter differs substantially. Where an option to repeat is available, a statement to this effect appears within the course description.

#### **S-200712.06**

#### **Calendar Change — High School Admissions**

Reid / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the “High School Admissions,” in the undergraduate calendar be approved as proposed.

Effective Date: January 2008

CARRIED.

Details of the approved calendar change, including the amendment, are as follows (deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Admission Requirements for Applicants from BC and Yukon High Schools**

Successful completion of an approved ~~provincially examinable~~ grade 12 program leading to graduation with an acceptable BC/Yukon high school average calculated on the basis of the five best grade 12 courses from the listings in the Admission Requirements by Degree Group Table above or First Entry Professional Program of your choice (see also “Special Entry”).

### **Special Early Provisional Admission**

Students registered in grade 12 at a BC high school who are planning to attend UNBC in the September immediately following graduation are encouraged to apply for Special Early Admission no later than the end of February. A decision will be made based on the student's self-declared Grade 11 and 12 grades, and, no later than the end of February, a provisional offer of admission will normally be made to all applicants who meet or exceed the minimum grade point average and course requirements. The conditions associated with special early provisional admission are that the applicant's academic average remain at or above the minimum, that all required courses are successfully completed, and that graduation requirements are satisfied. These conditions will be checked in August upon receipt of the final marks from the Ministry of Education.

The University reserves the right to withdraw a provisional offer of admission if the above conditions are not met.

### **Early Provisional Admission from a BC High School**

Students registered in grade 12 at a BC high school who are planning to attend UNBC in the September immediately following graduation are advised to apply for Early Admission (currently before the end of February). All applicants who do this and notify their school counsellor of their application to UNBC will automatically have their interim grade 12 marks submitted to UNBC by the Ministry of Education. A provisional decision will be made based on these grades and a provisional offer of admission will be made to applicants who are considered exceptional. The conditions associated with early provisional admission are that the applicant's academic average remain at or above the minimum, that all required courses are successfully completed, and that graduation requirements are satisfied. These conditions will be checked in August upon receipt of the final marks from the Ministry of Education. Where a student does not satisfy the three conditions, the University reserves the right to withdraw the provisional offer of admission.

### **BC High School Transcripts**

Applicants who are required to submit official BC High School transcripts, should contact the BC Ministry of Education:

Ministry of Education - Transcripts

PO Box 9886 Stn Prov Govt  
Victoria, BC V8W 9T6  
General Information Telephone: (250) 356-2432  
or

visit the Ministry of Education website: <http://www.gov.bc.ca/bced>.

## Headstart Entry from a BC High School

Outstanding students who have completed BC grade 11, can demonstrate an exceptional academic record, and can provide evidence of above average maturity may apply for admission to UNBC. In many cases this may mean concurrently registering in one or two first-year introductory UNBC courses while completing grade 12. However, in exceptional cases, these applicants may be admitted to study as a full-time first-year student at UNBC.

To apply for HeadStart entry, the application must be accompanied by an autobiographical letter indicating the applicant's areas of interest and reasons for wishing to attend UNBC, along with letters of recommendation from the high school principal and at least one teacher or counsellor from the school, and a complete high school transcript. Questions and correspondence should be directed to the Office of the Registrar.

## International Baccalaureate

Students who are awarded an International Baccalaureate Diploma may be awarded up to 30 credit hours of transfer credit upon receipt of the official transcript from the International Baccalaureate headquarters. Students who are awarded the diploma must have an overall standing of four, with no course below a three. Diploma students are required to present three Higher level subjects and three Subsidiary level subjects in order to be eligible for transfer credits.

Students who are awarded the International Baccalaureate Certificate must have a grade of four in each Higher level subject to be eligible for individual course transfer credit. Subsidiary level subjects are not eligible for transfer credit on a certificate program.

A list of acceptable IB courses is available in the BC Transfer Guide (available online at <http://www.bccat.ca/>), or visit our [Admission Requirements by Degree Groups](#) table above.

## Advanced Placement

Students who take the College Board Advanced Placement courses in high school may be awarded transfer credit upon receipt of the official exam results from the College Board. Courses completed with a grade of four or above will be awarded transfer credit. Students who have completed AP courses with a grade of three may be considered for Advanced Standing in a first-year course. A listing of acceptable AP courses for transfer credit is available in the BC Transfer Guide (available online at <http://www.bccat.ca/>).

## British Columbia Adult Graduation Diploma

Applicants must be at least 19 years of age, and have successfully completed the BC Adult Graduation Diploma and the appropriate entrance requirements for Degree Group at the provincial or Grade 12 level with an overall average of 65% or better. Applicants in this category are not required to complete a fifth grade 12 course as noted in the [Admission Requirements by Degree Group](#) table above.

An Executive Summary of the proposed changes to the Social Work Program was included for information.

**S-200712.07**

**Change to Calendar Description — Social Work MSW**

Michalos / Hyndman

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the UNBC Academic Calendar Description for the MSW in Social Work be approved as proposed.

Effective date: January 2008

CARRIED.

Details of the approved calendar change, including the amendment, are as follows (deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Social Work (MSW)**

-----  
Dawn Hemingway, ~~Assistant~~ Associate Professor, and Program Chair

Glen Schmidt, Associate Professor, and MSW Coordinator

Gerard Bellefeuille, Associate Professor

Bruce Bidgood, Associate Professor

Si Transken, Associate Professor

~~Jill Grant, Assistant Professor~~

Judy Hughes, Assistant Professor

Heather Peters, Assistant Professor

Dave Sangha, Assistant Professor

Eleanor Wint, Assistant Professor

Greg Beattie, Adjunct Professor

Robert Hart, Adjunct Professor

Kwong Leung Tang, Adjunct Professor

Anita Vaillancourt, Adjunct Professor

Website: <http://www.unbc.ca/socialwork>

The Master of Social Work program is available on a full- or part-time basis, and can be completed through a thesis or practicum route. The MSW builds on the BSW by offering students an integrated research/policy/practice concentration in one of the key thematic areas: social work in northern and remote areas, First Nations, women and the human services, and community practice and research. The aim of the MSW is to provide students with advanced social work research, policy, and practice skills. It is designed to enable students to pursue independent studies that will help them undertake a variety of responsibilities in management, policy formulation, program consultation, planning, advanced social work, clinical practice, and research within the human services.

**Admission**

Enrolment in the MSW is strictly limited.

In addition to the admission application requirements outlined in Section 1.0 of the Graduate Studies Admissions and Regulations, applicants are required to undergo a criminal records search, and provide evidence of this prior to being considered for admission. Completion of the MSW Supplementary Application form is also required in order to be considered for admission. The MSW Supplementary Application form is included with the application material for this program. Two academic letters of reference and one professional letter of reference must be submitted.

Application deadlines are found under "Semester Dates" at <http://www.unbc.ca/calendar/graduate/general/dates.html>.

For additional information about Graduate Studies and to download Graduate application forms, please [click here](#).

The MSW program at UNBC emphasizes a pro-active orientation that aims to provide informed theoretical, empirical, and substantive choices for improvements in human service programs, policies, education, and social work practice. This approach to social work and social policy is known as social administration.

The key elements in this social administration approach as they relate to the thematic areas of the MSW at UNBC consist of the following:

- the description and analysis of the operation of human services in northern and remote regions;
- the study of social policies and social work practices, and their individual and social consequences for the people and communities in the interior and northern British Columbia;
- the examination of global, historical, social, and economic changes, and the way these affect the living conditions and the people served by human service agencies and organizations in northern and remote areas; and
- the recognition of the values central to the responsibility of human service professionals to work with socially disadvantaged and powerless groups, and to expand the power and resources of these groups through social work practice.

Within this social administration approach courses are arranged so students develop skills that integrate the research/policy/practice domains of social work. A major emphasis of the MSW is to foster critical intervention skills that link the domains of social policy, social work research, and social work practice. For example, if one chooses to develop a speciality in community practice and research, or social policy, the program of studies will emphasize the linkages between these domains or dimensions of social work.

Applications for admission to the MSW program are available from the Office of Graduate Studies.

## Requirements

The MSW consists of a practicum or thesis option, and clusters of courses that provide for a research/policy/practice concentration in one of the key focus areas: social work in northern and remote areas, First Nations, women and the human services, and community practice and research.

A minimum of two years post-BSW (24 months full-time equivalent) human service experience is normally required before candidates can be considered for the MSW program. To be admitted, a minimum academic standing of B- (70%) in the undergraduate degree is normally required. Letters of reference, as well as a written statement of the candidate's research and practice interests and reasons for pursuing a MSW, are also required. A personal interview may be requested. Applicants who do not meet the above requirements may still be admitted under the provisions of affirmative action.

### Taking a MSW at UNBC

There are two entry routes into the MSW.

#### Entry Route 1:

The One Year MSW: Entry from a Bachelor of Social Work, and ~~normally two years~~ one year (24 12 months full-time equivalent) post-BSW human service experience.

For full-time students this will consist of 33 credit hours of course work, including completion of a thesis or practicum report.

#### Entry Route 2:

The Two Year MSW: Entry with a Bachelor degree in a related field or discipline, and two years (24 months full-time equivalent) human service experience (66 credit hours).

For full-time students, this will consist of a minimum two years (24 months) program of course and practica. A thesis or practicum report is required following completion of course work. An oral defense is required for the thesis or practicum. This route normally includes 66 credit hours, consisting of 33 credit hours in each of the two years.

### One Year MSW

This program requires the successful completion of a minimum course work of 27 credit hours for practicum students, and 24 credit hours for thesis students. The program comprises an integrated core of five required courses, two elective courses, a thesis practicum, and a thesis, OR five required courses, four electives, and a practicum.

## Requirements

All students must take the following required courses:

SOCW 609-3	Advanced Quantitative Research
HHSC 703-3	Advanced Qualitative Research Approaches in Health and Human Sciences
SOCW 704-3	MSW Integrative Seminar

Thesis students must take SOCW 701-3 Thesis Practicum

Two of:

SOCW 601-3	Issues in Northern/Remote Social Work
SOCW 602-3	First Nations: Advanced Social Work Practice
SOCW 603-3	Women: Policy/Practice Issues
SOCW 605-3	Community Work/Politics of Change

## Electives

Thesis students are required to take two electives and practicum students are required to take four electives from:

SOCW 604-3*	Directed Readings/Electives
SOCW 610-3	Addictions and Mental Health
SOCW 613-3	Clinical Social Work Practice
SOCW 615-3	Multi-Cultural Social Work Practice
SOCW 620-3	Policy Making/Human Services
SOCW 621-3	Comparative Welfare Analysis
SOCW 651-3	Legal Issues for Women
SOCW 698-3	Special Topics

\*Students may only take SOCW 604-3 Directed Readings/Electives course once.

Students may take up to two electives from other UNBC graduate programs.

## Thesis and Practicum

SOCW 700-9	MSW Thesis
SOCW 701-3	Thesis Practicum
SOCW 732-6	MSW Practicum II

## Two Year MSW

The MSW normally comprises 33 credit hours (one year) of graduate study for those with a BSW degree, and two years of previous human service experience. For those

with baccalaureate degrees in related areas and two years of full-time previous human service experience, the MSW will normally consist of 66 credit hours (two years) of study. The first year will consist of 600 level courses, two 600 level electives, plus a Practicum (SOCW 632-9).

The 600 level courses are:

SOCW 630-3	Communication Skills
SOCW 631-3	Critical Social Work Practice
SOCW 632-9	MSW Practicum I
SOCW 633-3	Critical Social Policy
SOCW 634-3	Social Work Research/Policy/Practice
SOCW 635-3	Social Work Philosophy and Ethics
SOCW 637-3	Advanced Practice
SOCW Elective-3	Two 3-credit-hour, 600-level Social Work elective courses

### **S-200712.08**

#### **Calendar Revision — “Course Descriptions” Section of the Graduate Calendar**

Holler / Hyndman

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the “Course Descriptions” section, on page 95 of the 2007-2008 Graduate Academic Calendar, be approved as proposed.

Effective date: January 2008

CARRIED.

Details of the approved calendar change, including the amendment, are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Course Descriptions**

The following explanation will help clarify the terms found in the course descriptions.

**Course Number** — indicates discipline and level of study (600-700 master’s level; 800 for doctoral and post-doctoral).

**Credit Value Hours** — Credit hours are assigned to each course; most courses are 3 credit hours.

**Courses with Variable Credits** — Some courses are listed with a choice of credit hours; for example: (3-6) implies that the course may be offered for any number of credits from 3 to 6 inclusive. Some courses may be repeated for credit when the subject matter differs substantially. Where an option to repeat is available, a statement to this effect appears within the course description.

Madak

#### To Senate for Information:

##### SCSB20071114.07

##### **Revised Terms and Conditions — Gerald Kirschke Memorial Bursary**

That the revised Terms and Conditions for the Gerald Kirschke Memorial Bursary be approved.

Effective date: September 2008

Details of the approved calendar change, including the amendment, are as follows (deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### CALENDAR INFORMATION:

**Award Category:** In-course

**Award Name:** Gerald Kirschke Memorial Bursary

**Calendar Description/Intent:** This bursary was established in memory of Gerald Kirschke, ~~who worked in Forestry in Prince George his whole life. Gerald was a second generation logger who grew up in the Prince George area. Gerry owned and operated Six Mile Lake Logging Ltd. which operated east of town throughout the seventies and eighties. His father Bill Kirschke owned and operated Six Mile Lake Sawmills on Tabor Lake throughout the fifties and sixties. Gerry was well respected throughout the forest industry and believed there was a strong future in forestry for the North. The Gerald Kirschke Memorial Bursary~~ This bursary is intended to support a student in Natural Resources Management who is experiencing financial need.

**Donor:** Frost Lake Logging Ltd.

**Value:** \$2,500

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to a full time undergraduate student with a declared major in Natural Resources Management BSc degree program who has completed 30 credit hours.

Preference will be given to a resident of Northern British Columbia.

Criteria: Demonstrated financial need and academic proficiency.

Application Instructions: Fill out all sections of the Awards Application form.

**Effective Date:** Established 2007

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

##### SCSB20071114.08

##### **Revised Terms and Conditions — Springboard to Success Scholarship**

That the revised Terms and Conditions for the Springboard to Success Scholarship be approved.

Effective date: January 2008

Concern was expressed that, although it was essential to encourage local high school students to attend UNBC, there were no scholarships for more mature students, and it was asked whether this could be addressed. Dean Madak, as Chair of the Senate Committee on Scholarships and Bursaries, indicated that he had asked University Advancement to work on this, and to talk to potential donors in this regard.

Details of the approved calendar change, including the amendment, are as follows (deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** External and Admission

**Award Name:** Springboard to Success Scholarship

**Calendar Description/Intent:** This scholarship recognizes well-rounded deserving students who have demonstrated strong school service and leadership, maintained a GPA of 6.0 or greater, as well as participated in athletics and/or clubs. This scholarship is named each year in recognition of an individual or group that has contributed to public education within the boundaries of School District No. 57 (Prince George).

**Donors:** School District No. 57 and UNBC

**Value:** \$2,000 (~~\$1,000~~ and a \$1,000 tuition waiver)

**Number:** Variable

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship

**Eligibility:** Available to a student attending any school participating in the School District No. 57 Awards program.

**Criteria:** Demonstrated high school academic achievement of 6.0 GPA or greater. Demonstrated strong school service and leadership. Demonstrated involvement in school sports and/or clubs.

**Conditions:** Recipient must enrol in full time studies at UNBC.

**Application Instructions:** Fill out all sections of the School District No. 57 Awards Committee application form and attach a letter of reference outlining your school participation.

**Effective Date:** Established 2006

**Recipient Selection:** School District No. 57 Awards Committee.

**SCSB20071114.03**

**Calendar Description — Don Thorlakson Memorial Award**

That the calendar description for the Don Thorlakson Memorial Award be approved.  
Effective date: January 2008

Details of the approved calendar text are as follows:

**Award Category:** External and Admission

**Award Name:** Don Thorlakson Memorial Award

**Calendar Description/Intent:** This annual award was established by School District No. 57 in 1994 to honour the memory of Don Thorlakson, a well-respected teacher of students in Special

Education and English as a Second Language programs. This award is intended to provide financial assistance to a graduating student who has been in an English as a Second Language program. These are endowed funds held by the Prince George Community Foundation.

**Donor:** School District No. 57 and UNBC

**Value:** \$2,000 (\$1,000 cash and a \$1,000 tuition waiver)

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Award

**Eligibility:** Available to a graduating student who has been in an English as a Second Language program.

**Criteria:** Demonstrated care and concern for others in the home, school or community and financial need.

**Application Instructions:** Fill out all sections of the School District No. 57 Awards Committee application form and attach a letter of reference outlining care and concern for others.

**Conditions:** A letter of reference must accompany application.

**Effective Date:** Established 2008

**Recipient Selection:** School District No. 57 Awards Committee.

**SCSB20071114.04**

**Calendar Description — Prince of Wales Scholarship**

That the new calendar description for the Prince of Wales Scholarship be approved.  
Effective date: January 2008

Details of the approved calendar text are as follows:

**CALENDAR INFORMATION:**

**Award Category:** External and Admission

**Award Name:** Prince of Wales Scholarship

**Calendar Description/Intent:** A perpetual scholarship was established in 1986 to commemorate the visit to Prince George of their Royal Highnesses, the Prince and Princess of Wales. These are endowed funds held by the Prince George Community Foundation.

**Donor:** School District No. 57 and UNBC

**Value:** \$5,000 (\$2,500 and a \$2,500 tuition waiver)

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship

**Eligibility:** Open to all students graduating from School District No. 57 and commencing full time studies at UNBC.

**Criteria:** Demonstrate a high record of academic achievement in both Grade 11 and Grade 12. Demonstrate outstanding citizenship as evidenced by their involvement in school and community

activities. Demonstrate involvement / achievement in Art, Dance, Drama or Music in school or community.

**Application Instructions:** Fill out all sections of the School District No. 57 Awards Committee application form and attach a minimum of one and not more than three testimonial letters, record of marks or other support material substantiating each of the three areas of achievement:

- a) citizenship in school and community
- b) involvement and achievement in Art, Dance, Drama, Music or Speech Arts
- c) academic achievement

**Effective Date:** Established 2008

**Recipient Selection:** School District No. 57 Awards Committee.

**SCSB20071114.05**

**Calendar Description — R.T. Wilson MScN – Nurse Practitioner Clinical Practicum Bursary**

That the calendar description for the R.T. Wilson MScN – Nurse Practitioner Clinical Practicum Bursary be approved.

Effective date: January 2008

Details of the approved calendar text are as follows:

**CALENDAR INFORMATION:**

**Award Category:** Graduate

**Award Name:** R.T. Wilson MScN -Nurse Practitioner Clinical Practicum Bursary

**Calendar Description/Intent:** The R.T. Wilson MScN – Nurse Practitioner Clinical Practicum Bursary has been established to provide financial assistance for students undertaking clinical practica outside of their resident communities. The bursaries are intended to support student expenses associated with clinical practicum placements in which students must be away from their primary place of residence.

**Donor:** R.T. (Tony) Wilson (Estate)

**Value:** NURS 720 – Integrating Primary Health Care I (\$500)  
NURS 730 - Integrating Primary Health Care II (\$500)  
NURS 790 – Nurse Practitioner Internship (\$500)

**Number:** Varies – the number of bursaries for each course will be determined annually.

**Placement in which Calendar:** Graduate

**Award Type:** Bursary

**Eligibility:** Available to full or part time students enrolled in the MScN – Family Nurse Practitioner Program, in the following clinical courses: NURS 720 – Integrating Primary Health Care I, NURS 730 -Integrating Primary Health Care II and NURS 790 – Nurse Practitioner Internship.

**Criteria:** Demonstrated financial need and a cumulative GPA of 3.00 or higher.

**Note:** Successful applicants may receive this award more than once, that is, once for each clinical course.

**Application Instructions:** Fill out the Financial Need and Voluntary Information sections of the Awards Application form.

**Effective Date:** Endowed 2006

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation of the Nursing Program Merit Recognition Committee, and following verification of financial need and academic standing by the UNBC Awards Office.

**SCSB20071114.06**

**Calendar Description — R.T. Wilson Rural and Remote Nursing Clinical Practicum Bursary**

That the calendar description for the R.T. Wilson Rural and Remote Nursing Clinical Practicum Bursary be approved.

Effective date: January 2008

Details of the approved calendar text are as follows:

**CALENDAR INFORMATION:**

**Award Category:** In-course

**Award Name:** R.T. Wilson Rural and Remote Nursing Clinical Practicum Bursary

**Calendar Description/Intent:** The R.T. Wilson Rural and Remote Nursing Clinical Practicum Bursary has been established to provide financial assistance for Bachelor of Science in Nursing students in their third and fourth year undertaking clinical practica outside of Prince George, Quesnel or Terrace in rural or remote venues. **Value:** NURS 320 – Extended Clinical Practicum II (\$400)  
NURS 416 – Clinical Practicum: Community Nursing (\$400)  
Fourth Year Focus Practicum Courses (\$600)

**Number:** Variable – the number of bursaries at each level will be determined annually.

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to full time students enrolled in the Northern Collaborative Baccalaureate Nursing Program or the Post Diploma BScN in the following clinical courses:

NURS 320 – Extended Clinical Practicum II,  
NURS 416 – Clinical Practicum: Community  
Nursing and Fourth Year Focus Practicum Courses.

**Criteria:** Demonstrated financial need and a cumulative GPA of 3.0 or higher; must undertake the whole practicum in a rural or remote location.

**Note:** Successful applicants may receive this award more than once, that is, once for each clinical course listed above.

**Application Instructions:** Fill out the Financial Need and Voluntary Information sections of the Awards Application form.

**Effective Date:** Endowed 2006

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation of the Nursing Program Merit Recognition Committee, following verification of financial need and academic standing by the UNBC Awards Office.

**7.4 Steering Committee of Senate**

**Cozzetto**

**S-200712.10**

**Change to Senate Handbook — Quorum for the Senate Committee on Regional Policy and Inter-Institutional Relations**

Hutchings / Casperson

That, on the recommendation of the Steering Committee of Senate, quorum for the Senate Committee on Regional Policy and Inter-Institutional Relations be changed from “Majority” to “Six (6) voting members present at meetings.”

Effective date: Immediately upon approval by Senate  
CARRIED.

**S-200712.11**

**Change to Membership — AVI Steering Committee**

Casperson / Hutchings

That, on the recommendation of the Senate Committee on Nominations, the addition of the phrase “(or alternate)” be included after the Undergraduate Student Senator and Graduate Student Senator positions on the AVI Steering Committee.

Effective date: Immediately upon approval by Senate  
CARRIED.

**7.5 Senate Committee on Nominations**

**Thomson**

**S-200712.12**

**Membership Changes to Senate and Senate Committees (no material)**

Hutchings / Bankole

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate and Senate committees as indicated, be approved as proposed.

CARRIED.

No further nominations were received, so the following candidates were approved to sit on Senate and the respective Senate committees as follows:

**SENATE COMMITTEE AND POSITION TO BE FILLED**

**CANDIDATE**

**Senate**

Faculty Senator from CSAM (to fill vacant position until March 31, 2008)

Stephen Dery

**AVI Steering Committee**

Undergraduate Student Senator (until March 31, 2008)  
Faculty Senator (until November 30, 2010)

Shawn Rennebohm  
Erik Jensen

**Senate Committee on Academic Policy and Planning**

Graduate Student Representative (until March 31, 2008)

Brooke Boswell

**Senate Committee on Student Discipline Appeals**

Faculty Senator from CASHS (until March 31, 2009)

Shannon Wagner

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**Kielly**

The Registrar reported that the changes to the graduate calendar in relation to the Office of Research and Graduate Studies were being addressed, and that she expected to have the revisions in draft form early in the new year. She added that there was a delay with having the online calendar revised, as the position holding responsibility for that duty was currently vacant.

**9.0 Information (no material)**

**10.0**    **S-200712.13**  
**Move to In Camera Session**  
Consensus  
That the meeting move In Camera.  
CARRIED.

**11.0**    **S-200712.16**  
**Adjournment**  
Consensus  
That the Senate meeting be adjourned.  
CARRIED.

The meeting ended at 5:05 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

January 16, 2008  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, S. Dery, H. Domshy, B. Ellis, D. Hemingway, G. Hopkins, K. Hutchings, J. Hyndman, E. Jensen, D. Kimmie, T. Knudsen, H. Li, J. Li, D. Macknak, P. Madak, G. Martel, B. McGill, A. Nussbaumer, D. Nyce (teleconference), J. Randall, E. Rapaport, M. Reid, S. Rennebohm, R. Robinson, J. Safaei Borojony, T. Shaw, D. Tasa, M. Thomson, R. Thring, S. Wagner

**Regrets:**

D. Casperson, D. Cozzetto, J. Holler, E. Kinghorn, A. Michalos, E. Owen-Williams, E. Sharp, B. Simard

---

The meeting commenced at 3:30 p.m., and was chaired by the Provost.

New Senator Stephen Dery was introduced to Senate by the Provost.

**1.0 S-200801.01**

**Approval of the Agenda**

Rapaport / Hutchings

That the Agenda for the January 16, 2008 Public Session of Senate be approved, with the following addition:

**3.2 Northern Sport Centre**

CARRIED.

**2.0 S-200801.02**

**Approval of Minutes**

Reid / Madak

That the Minutes of the December 19, 2007 Public Session of Senate be approved as presented.

CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

**3.1 Follow-up to Senate Questions Regarding Student Survey Data**

**Madak**

Dean Madak discussed the reports he had provided to Senate. A Senator noted that some of the links provided were no longer active, and it was questioned where UNBC was ranked relative to other universities with regard to the survey responses. Dean Madak acknowledged that, owing to the size of the surveys, they were difficult to summarize, and responded that, in some areas UNBC was ranked better than many other universities, but in other areas, was ranked lower. He stated that, overall, UNBC does very well in areas related to First Nations students, library support, and attitudes toward faculty. He added that UNBC had a higher proportion of Aboriginal students than other universities, at 13 percent, with the next closest university having 2.3 percent. However, students indicated they would like more financial aid.

The Provost suggested that, since there is so much information and it is difficult to know where to draw the line when summarizing the data, perhaps an open hour-long meeting could be held on campus to provide people with information. Dean Madak responded that he was currently working with Heather Smith to provide a lunch-hour open session and discussion for faculty and students on the National Survey of Student Engagement (NSSE), and that he expected to announce the session within the next few weeks. It was requested whether Senate could be invited to the session, and Dean Madak replied that they would be.

### **3.2 Northern Sport Centre**

The issue of the collection of biometric data was again raised, and it was questioned whether students could not simply swipe their student cards to gain access to the building and areas within it. The Provost encouraged those concerned to read the pamphlet, which addresses the challenges associated with using alternate methods of entry, and added that he would see if Len McNamara could come to the next Senate meeting. He added that it was his understanding that NUGSS had no issue with the collection of biometric data, and the Senator responded that, with all due respect to NUGSS, he felt they had been complacent, and that the student Senators had been approached several times by students expressing concern in this regard.

### **4.0 President's Report**

**Cozzetto**

In the President's absence, the Provost read a statement from the President providing an update on the budget and the budget process. He noted that the President had been invited to meet with the Senate Committee on the University Budget, that the Provost and President would be meeting with College Councils to discuss the budget process and the Strategic Investment Fund with them, that the President would provide an update to the campus community and on the budget website in this regard, and that the budget would be presented to Senate and the Board of Governors at the end of March. The Provost added that he had also met with SCUB, and had received valuable feedback.

### **5.0 Report of the Provost**

**Randall**

The Provost reported that the AVI committees had not yet met since the holiday break, but would begin meeting again fairly soon. He provided an update with regard to NorthLink, noting that the project was currently moving forward on the technical side, and that some courses were being piloted for a test.

He reminded Senate of the space available in the BMO Building, and added that this would be an exciting opportunity for units with initiatives with a community component to take advantage of the location.

Dr. Randall provided an update on the status of the search for the Vice-Provost, Research and Graduate Programs, and that the committee expected to be short-listing candidates by mid-February.

Information about funding for two initiatives, the Aboriginal Service Plan and "A Gathering Place" was provided. The Provost indicated that, with regard to the first initiative, the University had received \$200,000 for the first year, but was negotiating with the Ministry of Advanced Education for further funding. He explained that the second initiative was to increase the number of places on campus where Aboriginal students can feel comfortable meeting, and that the University had submitted an ambitious proposal for a standalone building. The Ministry responded that there was not enough funding available to support the University's proposal, and asked for a proposal in the area of approximately \$600,000, which was the amount per applicant if the money was divided equally. Dr. Randall added, however, that

the University could seek additional funding for the building, as it was important that the University made their case for such a building as a place for gathering, displaying cultural artifacts, conducting research, and administering academic programming.

The Provost was asked for the status of the other searches currently underway, and he indicated that, with regard to the CFO position, interviews were taking place this week and next, and that they hoped to make an announcement as soon as possible. He added that the search for the Provost was on a similar timeline as that for the Vice-Provost, Research and Graduate Programs.

## 6.0 Question Period

No questions were raised.

## 7.0 Committee Reports

### 7.1 Reports from Standing Committees:

#### 7.1.1 Senate Committee on Academic Policy and Planning

Randall

The UNBC policy entitled “‘Schools’ within the University” was included for information.

##### **S-200801.03**

##### **Change from Program to School – Education Program**

Annis / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the Education Program become the School of Education as per the “schools within the university” policy (Senate motion S-200303.07).

Effective Date: January 2008

CARRIED.

##### **S-200801.04**

##### **Change from Program to School – Nursing Program**

Hemingway / Hyndman

That SCAPP recommend to Senate that the Nursing Program become the School of Nursing as per the “schools within the university” policy (Senate motion S-200303.07).

Effective Date: November 2007

CARRIED, with change in effective date to January 2008.

##### **S-200801.05**

##### **Change from Program to School – Social Work Program**

Hemingway / Domshy

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the Social Work Program become the School of Social Work as per the “schools within the university” policy (Senate motion S-200303.07).

Effective Date: January 2008

CARRIED.

##### **S-200801.06**

##### **New Course Approval – POLS 372-3**

Hemingway / Tasa

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course POLS 372-3 Theories of Justice be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course introduces students to the study of justice in contemporary political theory and practice. Specific topics include justice in the liberal and libertarian traditions, justice as impartiality, justice and the politics of difference, justice as a universal or culturally bound norm, reconciliation and transitional justice, and questions surrounding historic injustice and its contemporary redress. Case studies from Canada and around the globe are used to highlight the challenges associated with implementing the requirements of justice in concrete political settings.

An Executive Summary of the changes to the Biology Program was included for information.

**S-200801.07**

**New Course Approval – BIOL 111-1**

Annis / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course BIOL 111-1 Introductory Ecology Laboratory be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This laboratory course complements BIOL 110-3 Introductory Ecology, and provides field and laboratory experience in introductory ecological sciences.

**To Senate for information:**

**SCAPP200712.09**

**Change to Course Description and Prerequisites – ENPL 305-3**

That the changes to the course description and prerequisites for ENPL 305-3 Environmental Impact Assessment be approved as proposed.

Proposed semester of first offering: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENPL 305-3 Environmental Impact Assessment ~~Analysis of environmental impact statements and their legal framework; methods of environmental assessment.~~**

This course introduces students to the theory and practice of environmental impact assessment, including the history of environmental impact assessment in Canada and abroad, the methods used in environmental assessments, and the legal framework for the environmental impact assessment process in Canada and in other selected jurisdictions. The course emphasizes how the environmental assessment process accounts for biophysical, socio-economic and health issues.

*Prerequisites:* 60 credit hours or permission of the instructor

*Preclude:* ENVS 305-3

**SCAPP200712.10**

**Change to Course Description and Prerequisites – ENSC 201-3**

Page 23

That the changes to the course description and prerequisites for ENSC 201-3 Introduction to Atmospheric Science be approved as proposed.

Proposed semester of first offering: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 201-3 Introduction to Atmospheric Science Weather and Climate**

~~Weather and climate are key physical determinants of many human and natural systems.—~~This course explains the fundamental processes of weather and climate ~~at all temporal and spatial scales,~~ and leads the student toward an understanding of how the atmosphere works and how to interpret the weather. Topics ~~introduced~~ covered include: atmospheric energy, solar and terrestrial radiation, the “Greenhouse Effect;” and climate change, air quality and stratospheric ozone, humidity, clouds, precipitation, storms and weather systems, hurricanes and tornadoes, stability and thunderstorms, ~~and atmospheric statics, geostrophic wind and atmospheric dynamics,~~ and weather forecasting.

Prerequisites: Physics 12 or CORE 102-3 or 100 level PHYS None

Precluded: ENVS 201-3

**7.1.2 Senate Committee on Research and Graduate Studies**

**Thring**

**S-200801.08**

**Change to Admission Requirements and Calendar Description — MBA Program**

McGill / Rapaport

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the Admission Requirements and calendar description for the MBA Program be approved as proposed.

Effective date: January 2008

CARRIED.

Dr. Thring, Chair of the Senate Committee on Research and Graduate Studies, indicated that several serious concerns had been raised at SCRGS regarding the proposed revisions to the MBA Program, with the expectation that they be addressed prior to the Senate meeting. The Registrar noted that no intake for the January semester currently exists for the MBA Program, and although it has been proposed that this be undertaken, no application deadline had been indicated. She asked how this would affect the fees and student progression. Concern was also raised, as it had been in SCRGS, with regard to the “Exceptional Admission” category and how this was to be determined and justified in the event a student challenged the University. Senator Ellis indicated that he was of the understanding that the concerns brought up in SCRGS were to be addressed in the future, and that he would need to discuss them with the other Programs. He added that he didn’t believe there was any impact on the fees, that fees would be the same as for students who began in the September semester. There was disagreement on this point, and Senator Ellis responded that this would be taken to the fees committee for approval. With regard to the concerns raised in relation to the exceptional admission category, it was responded that no student who meets the general admission criteria has ever been denied, that they would only be denied if they didn’t have at least three years of work experience, and that the Program didn’t see this as an issue. Senator Ellis added that the Program had not turned down any qualified students, and that they would work on making the changes as requested by SCRGS for future. A Senator commented that the category of exceptional admission applies to many Programs, and that colleagues must be trusted to make the appropriate decisions in this regard. It was suggested that, to address the admission deadline concern, the sentence reading “The program accepts students for the September and January semesters” be stricken, and the School of Business website address be included in the calendar text for those seeking information on admission deadlines.

**Motion:**

Martel / Rapaport

That the School of Business website address be included in the calendar text with regard to semester dates.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **~~Business Administration (Dip. BA)~~**

-

~~The Graduate Diploma in Business Administration (Dip. BA) is designed to be the first stage in the Masters in Business Administration (MBA) Program, and is awarded to students who satisfactorily complete the eight required courses of the Dip BA stage, but do not go on to complete the MBA.~~

~~During the diploma stage, students are introduced to the major disciplinary areas within business studies, including strategy, economics, accounting, finance, organizational behaviour, marketing, and operations management. This part of the program builds the broad base of skills required by senior management.~~

-

Discussion of concerns of the North is infused into disciplinary course work, and also specifically addressed in a Northern Business Issues workshop, the capstone of the diploma stage.

Course work during the diploma stage of the MBA program normally includes work assessed on an individual and group basis. Enterprise problems are seldom completely resolved through individual effort, and group work reinforces and enhances individual ability to work within multi-disciplinary teams.

Delivery of course material reflects the work and home life demands of participants. Course content is delivered through workshops which are scheduled to facilitate attendance and minimize the need for work release.

Workshops are compulsory, and may require weekend, evening, and summer break attendance.

### **Business Administration (MBA)**

The MBA is recognized worldwide as the hallmark of the management professional. Graduates of the UNBC MBA program develop a well-rounded understanding of the skills needed by leaders of private and public sector organizations, and the challenges facing enterprises in general, and northern ones in particular.

The program is designed to allow professionals to complete their degree within two years while continuing to work full-time. During the first year of the program, students are introduced to the major disciplinary areas within the field of business, including strategy, economics, accounting, finance, organizational behaviour, marketing, and operations management. This part of the program builds the broad base of knowledge and skills required by senior management.

During the second year of the program, students gain a broad understanding of the global, legal and ethical environment in which organizations operate, and of the challenges facing organizations. In the context of northern British Columbia, there are economic, social, and environmental challenges confronting small and rural communities participating in a resource-based economy. Through the development of leadership and management capabilities, the MBA Program helps the communities and organizations of central and northern British Columbia to achieve sustainable success and prosperity in a changing and complex world.

A capstone practical business research project is required to complete the MBA degree.

Course participants have the opportunity to focus on individual interests during the MBA Project. Working under the supervision of a faculty member, students

complete a major research project, applying relevant theory to the study of a substantial organizational problem or issue.

Course work during the MBA program normally includes work assessed on an individual and group basis. Enterprise problems are seldom completely resolved through individual effort, and group work reinforces and enhances individual ability to work within multi-disciplinary teams.

The students in the MBA program reflect the social and cultural diversity of British Columbia and Canada, an enduring source of strength for our nation. Students will develop an appreciation and respect for the diverse perspectives and ways of understanding the world that their fellow students bring to the program.

Delivery of course material reflects the work and home life demands of participants. Course content is delivered through workshops which are scheduled to facilitate attendance and minimize the need for work-release. Workshops are compulsory, and may require weekend, evening, and summer attendance.

### **Admission Requirements**

~~Admission to the Dip. BA program is a necessary precursor to admission to the MBA program. The number of spaces in the Dip. BA and MBA stages of the MBA program each year are~~ is limited to facilitate quality interaction with faculty and to enrich learning for every student. Admission is by a selection process based on criteria described below.

In addition to the admission requirements outlined in Section 1.0 of the [Graduate Studies Admissions and Regulations](#), candidates are required to provide:

- Evidence of a minimum of three years of work experience in a managerial or professional position;
- Three letters of reference from academics, colleagues, supervisors or significant clients;
- Demonstrated proficiency in English, as stipulated in Section 1.1 of the [Graduate Studies Admissions and Regulations](#), is required.

### **Recommended**

- A Graduate Management Admission Test (GMAT) score report (expected minimum score 500-550). (The GMAT test is recommended but not required).

The program accepts students for the September and January semesters.

Application deadlines are found under "Semester Dates," or online at <http://www.unbc.ca/calendar/graduate/general/dates.html>, or at the School of Business web page at <http://www.unbc.ca/commerce/index.html>.

For additional information about Graduate Studies, and to download Graduate application forms, please visit online at <http://www.unbc.ca/graduatestudies/>.

For additional information regarding admissions, please see the Graduate Studies Admissions and Regulations.

### **Exceptional Admission**

Under special circumstances, candidates who either lack a formal degree or do not meet the grade point average requirements but who have other outstanding qualifications, such as a professional designation, may be eligible for admission. For these candidates, ~~a GMAT score report~~ and a personal interview are is required. The personal interview is designed to assess the applicant's business skills and knowledge.

### **Recommended Progression**

The program is designed in a two-year modular format, preceded in some instances by a pre-MBA stage.

### **Pre-MBA Stage**

Students selected who lack specific core skills in key quantitative or qualitative areas are required to supplement or refresh their skills through a program of study established at the time of their application. The pre-MBA program is individually tailored, and determined by the Business Graduate Curriculum Committee before an offer of conditional admission into the program is made.

### **~~Diploma Stage~~**

~~The course work in this phase covers the fundamentals of modern management.~~

### **Required Courses for the First Year ~~Diploma Stage~~**

COMM 603-3 Business and Corporate Strategy  
COMM 610-3 Accounting  
COMM 620-3 Corporate Finance  
COMM 632-3 Organizational Behaviour  
COMM 640-3 Marketing  
COMM 650-3 Operations Management  
ECON 608-3 Managerial Economics

### **~~Business Administration (MBA)~~**

~~The MBA is recognized worldwide as the hallmark of the management professional.~~

Graduates of the UNBC MBA program develop a well-rounded understanding of the skills needed by leaders of private and public sector organizations, and the challenges facing enterprises in general, and northern ones in particular.

The program is designed to allow professionals to complete their degree within two years while continuing to work full time. During the MBA stage's one-year course of studies, participants build upon disciplinary skills introduced during the Diploma in Business Administration stage of the program. Beyond disciplinary skills, participants learn to interpret the organizational environment, and adapt standard management practice to new demands. In the context of northern British Columbia, these demands may be related to the demographic and environmental challenges of working in remote and/or resource-dependent communities, such as building new economy industries, and service industry issues.

-  
Course participants have the opportunity to focus on individual interests during the MBA project phase. Working under the supervision of a faculty member, students complete a major research project, applying relevant theory to the study of a substantial organizational problem or issue. Under certain circumstances, and with the approval of the Business Graduate Curriculum Committee, course work may be adapted to accommodate particular interests of students or groups of students.

-  
Course work during the MBA program normally includes work assessed on an individual and group basis. Enterprise problems are seldom completely resolved through individual effort, and group work reinforces and enhances individual ability to work within multi-disciplinary teams.

-  
Delivery of course material reflects the work and home life demands of participants. Course content is delivered through workshops which are scheduled to facilitate attendance and minimize the need for work-release. Workshops are compulsory, and may require weekend, evening, and summer break attendance.

### **Admission Requirements**

Admission to the MBA degree program requires successful completion of the 24 credits that make up the Graduate Diploma in Business Administration (Dip. BA) at the University of Northern British Columbia within four years of admission to the MBA.

### **Recommended Progression**

The course work in Second Year the MBA degree stage focuses on advanced management practices.

### **Required Courses for Second Year the MBA Stage**

COMM 701-3 Strategy Implementation

COMM 703-3 International Business  
COMM 725-3 Financial Management  
COMM 735-3 Law, Governance and Ethics  
COMM 736-3 Human Resources Management and Industrial Relations  
COMM 755-3 Management of Technology

### **Project**

~~A capstone practical business research project is required to complete the MBA degree.~~

### **Required Project**

COMM 799-6 MBA Project

### **Graduate Diploma in Business Administration**

~~Students who successfully complete the Diploma phase the first year of the program, but are unable to complete the MBA degree phase the second year, the project or both due to personal circumstances, are awarded a Diploma in Business Administration upon duly presented request.~~

#### **7.1.3 Senate Committee on Scholarships and Bursaries**

**Madak**

#### **To Senate for Information:**

##### **SCSB20071212.03**

##### **Revised Terms and Conditions — Association of British Columbia Professional Foresters Bursaries**

That the revised Terms and Conditions for the Association of British Columbia Professional Foresters Bursaries be approved.

Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

##### **CALENDAR INFORMATION:**

**Award Category:** In-course

**Award Name:** Association of BC Forest Professionals Bursaries

**Calendar Description/Intent:** The intent of the Endowment is to provide financial assistance and encouragement to students in pursuit of post secondary education with the University of Northern British Columbia.

**Donor:** The Association of BC Forest Professionals

**Value:** \$1,000

**Number:** Two

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to a full time undergraduate student enrolled in either 3<sup>rd</sup> or 4<sup>th</sup> year of the Natural Resources Management – Forestry major leading to eligibility to apply to become a Registered Professional Forester in British Columbia who has completed a

minimum of 30 credit hours.

**Criteria:** Demonstrated financial need

**Conditions:** Having met the proceeding criteria, the recipient will be selected on the basis of Academic Proficiency.

**Note:** This award is renewable for a period of one year, subject to the recipient maintaining the criteria academic standing for this award.

**Application Instructions:** Fill out all sections of the Awards Application form and attach your Resume.

**Effective Date:** Endowed 1996

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

#### **SCSB20071212.04**

##### **Revised Terms and Conditions — BC Foresters Award for Excellence**

That the revised Terms and Conditions for the BC Foresters Award for Excellence be approved.

Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **CALENDAR INFORMATION:**

**Award Category:** In-course

**Award Name:** Association of BC Forest Professionals Award for Excellence

**Calendar Description/Intent:** Forestrust is the charitable arm of the Association of BC Forest Professionals established in 1984 to provide funding for scholarships and bursaries to further the advancement of forestry education in British Columbia and to focus public awareness and education activities on the management of forest resources in British Columbia.

**Donor:** FORESTRUST, the charitable trust of the Association of BC Forest Professionals

**Value:** \$2,000.00

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship

**Eligibility:** Available to a full time student enrolled in a program offered by the Natural Resources Management – Forestry major who has completed 30 credit hours and who is eligible to apply to become a BC Registered Professional Forester.

**Criteria:** Academic Proficiency and Excellence in extra-curricular activities.

**Conditions:** Tenable upon confirmation of full-time enrolment in a Natural Resources Management – Forestry major at UNBC in the semester immediately following the granting of the award.

**Application Instructions:** Fill out all sections of the Awards Application form and attach your Resume.

**Effective Date:** Endowed 1993

**Recipient Selection:** Nominations for this award will be evenly split between recommendations by the Natural Resources Management - Forestry and joint recommendation by the Natural Resources Management – Forestry.

#### **7.1.4 Steering Committee of Senate**

**Cozzetto**

##### **S-200801.09**

##### **2007 Annual Report of the College of Arts, Social and Health Sciences**

Randall / Hemingway

That, on the recommendation of the Steering Committee of Senate, the 2007 Annual Report (September 1, 2006 – August 31, 2007) of the College of Arts, Social and Health Sciences be received.

Effective date: January 16, 2008

CARRIED.

**7.2 Reports from *Ad Hoc* Committees:**

**7.2.1 Senate Committee Reviewing Co-operative Education Program**

**Ellis**

The following materials were provided to Senate for Information:

1. Materials from Senate meeting of March 14, 2007
2. Memorandum from Mike Knudson to Howard Brunt dated June 18, 2007
3. Memorandum from Mike Knudson to Robert Ellis dated November 15, 2007

Senator Ellis, as the Chair of the Senate Committee reviewing the Co-operative Education Program, provided a report regarding last year's Senate motion to examine the Co-op Program. He provided information about what had been done to date, and that the University had created a Student Career Centre, which includes the Co-operative Education Program. He added that extensive consultation had taken place with students, faculty, and staff, and that the new model for co-operative education was better than it had been in the past.

Several Senators expressed their satisfaction with the new Career Centre and co-operative education model. It was noted, however, that in previous years, posters had been placed around campus advertising the Co-operative Education Program, and in light of the fact that some students remained under the impression that the Program had been eliminated, posters continue to be displayed. Employees of the Student Career Centre, Maria Trujillo and Ryan Bennett, who were in attendance at the Senate meeting, acknowledged the Senator's request.

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**Kielly**

**9.0 Information (no material)**

**10.0 S-200801.10**

**Move to In Camera Session**

Nyce / Reid

That the meeting move In Camera.

CARRIED.

**Adjournment**

Madak / Robinson

That the Senate meeting be adjourned.

CARRIED.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

February 13, 2008  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, D. Casperson, D. Cozzetto, S. Dery, H. Domshy, B. Ellis, D. Hemingway, J. Holler, G. Hopkins, K. Hutchings, J. Hyndman, E. Jensen, K. Kielly (Secretary of Senate), D. Kimmie, T. Knudsen, J. Li, D. Macknak, G. Martel, B. McGill, A. Michalos, C. Myers (Recording), A. Nussbaumer, J. Randall, E. Rapaport, M. Reid, S. Rennebohm, R. Robinson, J. Safaei Boroojeny, E. Sharp, T. Shaw, D. Tasa

**Regrets:**

E. Kinghorn, H. Li, D. Nyce, E. Owen-Williams, B. Simard, M. Thomson, R. Thring, S. Wagner

**Guests:**

L. McNamara, L. Pattie

---

The meeting commenced at 3:30 p.m.

**1.0 S-200802.01**

**Approval of the Agenda**

Hutchings / Rapaport

That the Agenda for the February 13, 2008 Public Session of Senate be approved, with the following revision:

- Given the length of the agenda, that agenda item 6.0 (Question Period) be moved to directly after agenda item 7.4.1.

CARRIED.

**Motion to amend the agenda:**

Hyndman / Casperson

That the agenda be amended to include item S-200802.98A (Change to Program Requirements — BSc in Natural Resources Management — Wildlife and Fisheries Major)

Dr. Cozzetto noted that, for this motion to pass, a two-thirds majority vote of Senators would be required.

CARRIED.

The motion to approve the agenda, with revisions, was CARRIED.

**2.0 S-200802.02**

**Approval of Minutes**

---

Dery / Domshy

That the Minutes of the January 16, 2008 Public Session of Senate be approved as presented.

CARRIED.

### **3.0 Business Arising from Previous Minutes of Senate**

#### **3.1 Student Access to the Northern Sport Centre (no material) (Len McNamara and Lynda Pattie attending)**

Several questions regarding the use of biometrics at the Northern Sport Centre (NSC) were posed to Mr. McNamara and Ms. Pattie, to which they responded. Major points that were discussed were the possible use of other methods of access, such as swipe cards or PIN numbers. It was noted that every door in the NSC is equipped with two methods of entry, but it has not yet been decided how those will be used. It was reiterated that, if students have concerns about methods of entry or anything else at the NSC, the proper course of action is to bring this to the student representative on the Board of the Northern Sport Centre Ltd., who was Cameron Ehl from NUGSS.

#### **4.0 President's Report**

**Cozzetto**

The President indicated that, given the length of the agenda, he had nothing to report at this time.

#### **5.0 Report of the Provost**

**Randall**

The Provost provided a brief report on the status of the Academic Visioning Initiative (AVI) work, noting that the Academic Alignment Working Group had met that morning, and would be releasing draft recommendations on alignment this week. He added that a meeting of the AVI Steering Committee would be held on Friday, and that, with regard to the proposed recommendations, input would be sought from all quarters, through such venues as Town Hall meetings.

#### **6.0 Question Period**

As a result of revisions to the agenda, Question Period was moved to later in the meeting.

#### **7.0 Committee Reports**

##### **7.1. Senate Committee on Academic Policy and Planning**

**Randall**

##### **S-200802.03**

##### **New Course Approval — ENGL 120-3**

Randall / Casperson

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENGL 120-3 Introduction to Canadian Native Literatures be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course offers an introduction to the study of Canada's Native literatures, including traditional oral narratives, drama, poetry, and fiction.

An Executive Summary of proposed History curriculum changes was included for information.

It was proposed that motions S-200802.04 to S-200802.07 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.04**

**New Course Approval — HIST 330-3**

Randall / Martel

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 330-3 Lectures in Indigenous History be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

It was questioned whether this motion had been vetted through the Senate Committee on First Nations and Aboriginal Peoples, to which it was determined it had not, but should have been. The Provost reminded Senators that there was an omnibus motion on the floor.

**Motion to amend omnibus motion:**

That motions S-200802.04 to S-200802.07 be moved as an omnibus motion, but that the new course, HIST 330, also be forwarded to the Senate Committee on First Nations and Aboriginal Peoples for review.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines the political, social, and economic history in one or more specified Indigenous area(s) and period(s). The topics under study vary according to the expertise of the instructor and may include areas world wide. When the subject matter differs substantively the course may be repeated for a maximum of six credit hours with the permission of the instructor and the Program Chair.

Credit Hours:            Three (3) can be repeated for up to 6 credits providing content differs substantially.

Prerequisites: One course in FNST or HIST or permission of the instructor

Preclusions: HIST 390 and HIST 391

**S-200802.05**

**New Course Approval — HIST 331-3**

Randall / Martel

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 331-3 Lectures in Military History be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines the military history in one or more specified nations and/or periods. The topics under study vary according to the expertise of the instructor and may include: the origins and causes of war; the impact of new technologies on tactics and strategy; military and naval innovation and resistance to innovation; the changing relationship of offense and defense; the concept of mass war; and the relationship of military institutions to society. When the subject matter differs substantively the course

may be repeated for a maximum of six credit hours with the permission of the instructor and the Program Chair.

Credit Hours: Three (3) can be repeated for up to 6 credits providing content differs substantially.

Prerequisites: One History course or permission of the instructor

**S-200802.06**

**New Course Approval — HIST 332-3**

Randall / Martel

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 332-3 Lectures in Social History be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines the social history in relation to regional, national, or international contexts through time in one or more specified nations and/or periods. The topics under study vary according to the expertise of the instructor and may include major social changes, the social origins of major historical events, or the history of particular social movements. When the subject matter differs substantively the course may be repeated for a maximum of six credit hours with the permission of the instructor and the Program Chair.

Credit Hours: Three (3) can be repeated for up to 6 credits providing content differs substantially.

Prerequisites: One History course or permission of the instructor

**S-200802.07**

**New Course Approval — HIST 333-3(6)**

Randall / Martel

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 333-3(6) Lectures in Cultural History be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines the cultural history in one or more specified nations and/or periods. The topics under study vary according to the expertise of the instructor and may include surveys in cultural events such as the Renaissance or Modernism or examination of how events such as war, economic crisis, technological change, or changing notions of gender or race have shaped culture through time or within specific periods or regions. When the subject matter differs substantively the course may be

repeated for a maximum of six credit hours with the permission of the instructor and the Program Chair.

Credit Hours: Three (3) can be repeated for up to 6 credits providing content differs substantially.

Prerequisites: One history course or permission of the instructor.

An Executive Summary of proposed changes to the Economics Curriculum was included for information.

**S-200802.08**

**Course Deletion — ECON 303-3**

Martel / Hyndman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the course ECON 303-3 Economics of Technological Change be deleted.

Effective date: May 2008

CARRIED.

An Executive Summary for the Education Post-Baccalaureate Diploma Program (Montessori Education) Proposal was included for information.

It was proposed that motions S-200802.09 to S-200802.16 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.09**

**New Course Approval — EDUC 570-3**

Rennebohm / Hyndman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 570-3 Montessori Theory be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is designed to provide a comprehensive overview of the Montessori preschool years (ages 3-6). It includes lectures and seminars on Montessori educational theory, philosophy, and preschool curriculum. The course is required of students who are not Montessori 3-6 certified.

**S-200802.10**

**New Course Approval — EDUC 571-3**

Rennebohm / Hyndman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 571-3 Montessori Curriculum and Instruction: Language be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course prepares the student to implement an integrated approach to language literacy and cultural studies consistent with Montessori pedagogy. Demonstration,

lecture presentations, small group discussion, and supervised practice with materials are utilized.

**S-200802.11**

**New Course Approval — EDUC 572-3**

Rennebohm / Hyndman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 572-3 Montessori in Context (Child Development) be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Students examine Maria Montessori's philosophical beliefs. The integration of philosophy, current research in the area of child development, and content pedagogy is the focus of this component of the program. Lecture presentations, small group discussion, and independent and small group research projects are utilized.

**S-200802.12**

**New Course Approval — EDUC 573-3**

Rennebohm / Hyndman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 573-3 Montessori Curriculum and Instruction – Scientific Literacy be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course focuses on the development and refinement of knowledge and skills necessary for full implementation of the Montessori approach to Cosmic Education and the elementary cultural studies curriculum. The course provides a constructivist approach to the integration of Cosmic Education, Science and Practical Life/Technology. Through hands on experience, research, small group projects, lecture, and demonstration students develop and refine competency in scientific literacy.

**S-200802.13**

**New Course Approval — EDUC 574-3**

Rennebohm / Hyndman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 574-3 Montessori Curriculum and Instruction – Mathematics Education be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is designed to prepare the student to present the Montessori mathematics curriculum and facilitate the development of mathematics in a Montessori Elementary class (ages 6-12). Demonstration, lecture presentations, and supervised practice with

didactic materials provide links between Montessori pedagogy and mathematical concepts.

**S-200802.14**

**New Course Approval — EDUC 575-3**

Rennebohm / Hyndman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 575-3 Montessori Integrated Cultural Studies and Field Study Planning be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

In this course, students research, design, and demonstrate appropriate materials and activities that reflect an integration of history, geography, the sciences, and creative arts. Topics include the scope and importance of movement, nutrition and physical exercise for the development of the whole child and an understanding of an integrated and interdisciplinary approach to education and an ability to apply Montessori principles in preparation for a field study and portfolio. Lecture, demonstration, field trips, discussion, participation in physical activities, and individual research projects are utilized.

**S-200802.15**

**New Course Approval — EDUC 576-3**

Rennebohm / Hyndman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 576-3 Montessori Integrated Cultural Studies Field Study be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The function of the Field Study/Practicum Phase is to provide for the student a supervised teaching/learning experience and a period of observation, internalization, and further study, to bring together the theory and practice of Montessori Education.

**S-200802.16**

**New Course Approval — EDUC 577-3**

Rennebohm / Hyndman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 577-3 Montessori Portfolio be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is the culmination of the Montessori Education Program and results in the production of a print-based or electronic portfolio. Students provide artifacts from their coursework and professional experience that demonstrate a definite understanding of

the Montessori theory and practice. The media include video, audio, student assessment, and any related evidence.

**S-200802.17**

**Revised Calendar Description — Education Post-Baccalaureate Diploma Program (Addition of Montessori Education)**

Annis / Tasa

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the current Calendar description of the Post-Baccalaureate Diploma Program be revised to include the addition of the new focus area, with accompanying eight courses, of Montessori Education.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Post-Baccalaureate Diploma (Curriculum & Instructional Studies and Montessori Education)

---

Program ~~Director~~: Coordinator, Andrew Kitchenham

Willow Brown, Assistant Professor

Colin Chasteauneuf, Assistant Professor

Bryan Hartman, Professor

Andrew Kitchenham, Associate Professor

Judith Lapadat, Professor

Peter MacMillan, Associate Professor

Monty Palmantier, Lecturer

Dennis Procter, Assistant Professor

Lantana Usman, Assistant Professor

**Website:** [www.unbc.ca/education/pbdp](http://www.unbc.ca/education/pbdp)

The Post-Baccalaureate Diploma program and courses within it are designed to advance the professional knowledge and skills of practicing K-12 teachers. Diploma requirements are coherent with the BC Teacher Qualification requirement for 30 credits in a focused area of study for an increase in professional certification from level 4 to 5. Admission is on a course by course basis to accommodate teachers who may want to increase their competency or update their knowledge and skills in a particular area of instruction. Flexible admission also allows for teachers to select the variable number of courses required to increase professional standing to the “five plus” category currently administered by some school districts.

### Admission

Applicants applying for admittance to the Diploma Program require a four-year (120 credit hours) undergraduate degree from a UNBC-recognized university completed with a cumulative grade point average of 2.0 or better. Applicants must have the ability to study and work in English. An additional requirement for this Post-Baccalaureate Diploma is that students possess a current teaching certificate or are admitted with the approval of the admissions committee.

The number of spaces in each course offered in the Post-Baccalaureate Diploma program is limited; therefore, course registration will be on a first come first served basis until the specified course is full. This program admits new students three

times per year, at the start of each term: October 30 for the January Term, April 30 for July/August courses, and June 30 for the September Term.

To accommodate practicing teachers, Diploma courses are offered in the late afternoon or evening, on weekends, and during the summer. It is recommended that students plan to make full use of the Summer Session offerings to complete the Diploma within the ten year time limit. It is recommended that students complete the two compulsory courses early in their program of studies.

Applicants are required to submit proof of a recent criminal records check (within five years). Students are expected to abide by expectations for professional conduct for the teaching profession in British Columbia.

## Program Requirements

Completion of a Post-Baccalaureate Diploma is achieved with 30 credits of coursework, including two compulsory courses and eight electives.

Students may be granted credit for up to 15 credits of upper division coursework from another recognized institution, provided that such courses have not been associated with the receipt of a degree or diploma.

The focus ~~area~~ areas offered at this time ~~is~~ are Curriculum and Instructional Studies and Montessori Education.

### Required Courses

[EDUC 500-3](#) Teacher Leadership

One of the following:

[EDUC 501-3](#) Action Research in Schools and Classrooms

[EDUC 502-3](#) Interpretation and Application of Educational Research

<a href="#">EDUC 577-3</a>	<u>Montessori Portfolio</u>

An Executive Summary for NCBNP 3<sup>rd</sup> & 4<sup>th</sup> Year Course Changes was included for information.

It was proposed that motions S-200802.18 to S-200802.21 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.18**

**New Course Approval — NURS 317-3**

Rennebohm / Hopkins

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course NURS 317-3 Maternity Nursing Theory be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides a theoretical foundation for the provision of nursing care to diverse and multicultural women, neonates, and families that is woman- and family-centred. Emphasis is on integration and application of evidence-based theory from nursing and related fields, CRNBC standards for nursing practice, communication, and critical thinking with the nursing process.

Pre- or co-requisites: NURS 220-5 or permission of the Program Chair

Preclusions: NURS 310-3

**S-200802.19**

**New Course Approval — NURS 318-3**

Rennebohm / Hopkins

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course NURS 318-3 Pediatric Nursing Theory be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course emphasizes the nursing care of children and adolescents with acute and chronic conditions who require medical and/or surgical interventions, with particular attention to common health problems found in northern populations and First Nations groups. The course also addresses the impact of illness, hospitalization, surgery, disability, and terminal illness on the child or adolescent and on their family. Concepts related to health promotion, the effect of genetics and environment on the health of children, and the influence of social determinants of health on children and adolescents are introduced.

Pre- or co-requisites: NURS 220-5 or permission of the Program Chair

Preclusions: NURS 310-3

**S-200802.20**

**New Course Approval — NURS 321-2.5**

Rennebohm / Hopkins

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course NURS 321-2.5 Maternity Nursing Clinical be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The focus of this course is on integration and application of relevant theory in practice with childbearing women, infants and families using the nursing process. Emphasis is on the role of the nurse as caregiver and collaborator with women and the health care team for woman- and family-centered practice with clients of diverse and multicultural backgrounds.

Pre- or co-requisites: NURS 317-3

Preclusions: NURS 311-5

**S-200802.21**

**New Course Approval — NURS 322-2.5**

Rennebohm / Hopkins

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course NURS 322-2.5 Pediatric Nursing Clinical be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course focuses on the most common acute and long-term health problems of the pediatric clients. The health care needs of infants, children and adolescents, with a focus on health promotion, risk reduction, and disease prevention, are emphasized. The effects of illness and hospitalization on the child and family unit are also explored. Clinical experiences occur in pediatric and community health settings and provide opportunities to apply pediatric nursing knowledge in clinical situations.

Pre- or co-requisites: NURS 318-3

Preclusions: NURS 311-5

It was proposed that motions S-200802.22 to S-200802.27 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.22**

**Change to Calendar Course Description and Credit Hours — NURS 440-3, 8**

Robinson / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course description and credit hours for NURS 440-8 Practicum: Community Health Nursing be approved as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 440-3, 5, 8 Practicum: Community Health Nursing** This course facilitates the integration and application of concepts and models related to community health nursing. It provides the opportunity for students to acquire skills needed to contribute to services and programs in the community. Emphasis is on the nurse as a partner with the community. The NCBNP requires ~~an~~ a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

*Pre- or co-requisites:* NURS 420-3 or equivalent. All courses in the NCBNP must be completed prior to or concurrently with NURS 440-5 or NURS 440-8

**S-200802.23**

**Change to Calendar Course Description and Credit Hours — NURS 441-3, 8**

Robinson / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course description and credit hours for NURS 441-3, 8 Practicum: First Nations Health and Nursing be approved as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 441-3, 5, 8 Practicum: First Nations Health and Nursing** This course provides clinical experiences for nursing students interested in working with First Nations clients, families, and communities. Clinical experiences are in agencies within First Nations communities, or in agencies that primarily serve First Nations clients. The NCBNP requires ~~an~~ a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

*Pre- or co-requisites:* NURS 422-3. All courses in the NCBNP must be taken prior to or concurrently with NURS 441-5 or NURS 441-8

**S-200802.24**

**Change to Calendar Course Description and Credit Hours — NURS 442-3, 8**

Robinson / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course description and credit hours for NURS 442-3, 8 Practicum: Rural Nursing be approved as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 442-3, 5, 8 Practicum: Rural Nursing** This course facilitates the integration and application of knowledge and skills in rural nursing. Clinical experiences are located in rural hospitals, treatment and diagnostic centres, or community mental health agencies serving rural communities. The NCBNP requires ~~an~~ a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

*Pre- or co-requisites:* NURS 424-3. All courses in the NCBNP must be taken prior to or concurrently with NURS 442-5 or NURS 442-8

**S-200802.25**

**Change to Calendar Course Description and Credit Hours — NURS 443-3, 8**

Robinson / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course description and credit hours for NURS 443-3, 8 Practicum: Acute Care Nursing be approved as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 443-3, 5, 8 Practicum: Acute Care Nursing** This course enables students to consolidate and extend knowledge and ability in acute care nursing practice. Clinical practice occurs with client populations requiring acute treatment and interventions. The NCBNP requires ~~an~~ a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

*Pre- or co-requisites:* NURS 426-3 or equivalent; all courses in the NCBNP must be taken prior to or concurrently with NURS 443-5 or NURS 443-8

**S-200802.26**

**Change to Calendar Course Description and Credit Hours — NURS 444-3, 8**

Robinson / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course description and credit hours for NURS 444-3, 8 Practicum: Mental Health Nursing be approved as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 444-3, 8 Practicum: Mental Health Nursing** This course provides the opportunity for students to integrate and apply relevant theoretical and clinical knowledge in a variety of mental health clinical settings. It provides the opportunity to work with clients with a range of mental health problems, such as substance use and/or misuse, acute mental health problems that necessitate hospitalization, and long term mental health problems that are addressed through community mental health services. The NCBNP requires an 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

*Pre- or co-requisites:* NURS 432-3 or equivalent. All courses in the NCBNP must be taken prior to or concurrently with NURS 444-8.

**S-200802.27**

**Change to Calendar Course Description and Credit Hours — NURS 445-3, 8**

Robinson / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course description and credit hours for NURS 445-3, 8 Practicum: Maternal and Child Nursing be approved as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 445-3, 5, 8 Practicum: Maternal and Child Nursing** This course facilitates the integration and application of perinatal and/or pediatric nursing knowledge and skills in the practice setting. Emphasis in the perinatal stream is on a woman- and family-centred approach to pregnancy, childbearing, and newborn care. This is carried forward into the pediatric stream with a family-centred approach for nursing care of children and adolescents. Practice experience may be with healthy clients as well as those with complex health issues. Clinical experiences may be in acute or community settings. The NCBNP requires ~~an~~ a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

*Pre- or co-requisites:* NURS 434-3 or equivalent. All courses in the NCBNP must be taken prior to or concurrently with NURS 445-5 or NURS 445-8

It was proposed that motions S-200802.28 and S-200802.29 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.28**

**Course Deletion — NURS 310-3**

Domshy / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, NURS 310-3 Nursing Practice with the Childbearing Family be deleted from the calendar.

Effective date: September 2008

CARRIED.

**S-200802.29**

**Course Deletion — NURS 311-5**

Domshy / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, NURS 311-5 Clinical Practicum: Childbearing Family be deleted from the calendar.

Effective date: September 2008

CARRIED.

It was proposed that motions S-200802.30 to S-200802.33 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.30**

**Change to Program Requirements — NCBNP Third and Fourth Year Requirements**

Hutchings / Annis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the third and fourth year requirements for the NCBNP be approved as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Upper Division Requirement**

### **300 Level**

NURS 304-3 Introduction to Nursing Knowledge

NURS 306-3 Introduction to Epidemiology

NURS 308-3 Ethics and Law in Nursing

~~NURS 310-3 Nursing Practice with the Childbearing Family~~

~~NURS 311-5 Clinical Practicum: Childbearing Family~~

NURS 312-3 Mental Health Nursing Practice

NURS 313-3 Nursing Practice with the Elderly Adult

NURS 315-2.5 Clinical Practicum: Mental Health

NURS 316-2.5 Clinical Practicum: Elderly Adult

NURS 317-3 Maternity Nursing Theory

NURS 318-3 Pediatric Nursing Theory

NURS 320-5 Extended Clinical Practicum II

NURS 321-2.5 Maternity Nursing Clinical

NURS 322-2.5 Pediatric Nursing Clinical

#### **400 Level**

NURS 403-3 Introduction to Nursing Research  
NURS 408-3 Nursing Leadership  
NURS 415-3 Introduction to Community Health and Nursing  
NURS 416-4 Clinical Practicum: Community Nursing  
POLS 403-3 Social and Health Policy and Administration

At least one of the following areas of clinical focus:

both NURS 420-3 Community Health Nursing  
and NURS 440-85 Practicum: Community Health Nursing  
or  
both NURS 422-3 First Nations Health and Nursing  
and NURS 441-85 Practicum: First Nations Health and Nursing  
or  
both NURS 424-3 Rural Nursing  
and NURS 442-85 Practicum: Rural Nursing  
or  
both NURS 426-3 Acute Care Nursing  
and NURS 443-85 Practicum: Acute Care Nursing  
or  
both NURS 432-3 Mental Health Nursing  
and NURS 444-85 Practicum: Mental Health Nursing  
or  
both NURS 434-3 Maternal and Child Nursing  
and NURS 445-85 Practicum: Maternal and Child Nursing

#### **S-200802.31**

##### **Change to Program Requirements — Nursing**

Hutchings / Annis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Nursing Program calendar entry (page 151-152 of the 2007-08 calendar) be revised as proposed.

Effective date: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Health Assessment, Immunization & CPR Certification**

All students accepted into the undergraduate nursing program will be sent documentation and information regarding health status and immunization policies. ~~Prior to registration in courses, all~~ Once accepted to the NCBNP, Certificate, or Post-Diploma programs, all students must submit:

- a health assessment completed and signed by a physician within 12 months prior to the commencement of course work which testifies that the applicant is able to undertake nursing studies, including clinical practica.

- record of immunization status. Current status for the following immunizations is strongly recommended: diphtheria, tetanus, poliomyelitis, measles, mumps, rubella, hepatitis B and varicella. A Mantoux test (PPD) for tuberculosis is also strongly recommended. Completed immunization forms for the NCBNP must be submitted to the Admissions Office at the institution the student is currently attending prior to March 31 in the first year of attendance. Students entering the Certificate or Post-Diploma BScN must complete and submit specified immunization forms prior to commencing a course with a clinical component. Failure to do so may result in the student not being allowed to practice in the clinical setting.
- documentation of CPR certification, level C, which must be maintained throughout the program. Proof of CPR certification must be submitted prior to commencement of classes.  
CPR must be recertified every two years regardless of expiry date on the card.

## **Clinical Practica Scheduling and Expectations**

Clinical practica may be configured and offered outside the existing timetable structure and sessional dates, such as a four or six week block. The students in the NCBNP must complete a consolidating nursing practicum following both their fourth and sixth semesters of study in the program.

Attendance in each nursing practicum course is mandatory. Students may only miss clinical hours for approved reasons following prior consultation with their clinical instructor. Students who miss more than 10% of their total required practicum experience hours will be considered at risk for failure and may be required to withdraw from the course.

## **Program Costs**

Costs associated with study in the BScN programs are the responsibility of the individual student, including transportation costs and any expenses involved in academic studies, lab, and clinical practica. Students may be required to complete clinical experiences at sites other than Prince George, Quesnel, or Terrace. Provision for all travel, accommodation, and living expenses associated with required clinical practice is the sole responsibility of the student.

## **Academic Performance**

The student is subject to all policies and regulations of the institution(s) where they are registered for courses. In matters related to academic appeals and academic dishonesty, students are subject to the policies and rules of the institution where they are registered for courses. Issues related to progression through the program, such as probation, are governed by UNBC guidelines on academic standing and continuance.

Students may repeat a nursing course once. Students who ~~fail~~ do not obtain the minimum passing grade, as defined under 'Qualification for Degree', in a required nursing course twice are required to withdraw from the program. A student who is required to withdraw from a required clinical course due to unsatisfactory performance will automatically be assigned a grade of F.

## Qualification for Degree

It is the responsibility of the student to ensure that his/her degree or certificate requirements are met. Graduation requirements are found in the Regulations and Policies section of this Calendar. To fulfill the requirements of graduation, the student must:

- ~~• attain a minimum cumulative GPA of 2.33 (C+) on courses for credit towards the degree.~~
- ~~• obtain a minimum passing grade of 2.00 (C) in all nursing courses for credit towards the degree with the exception of designated clinical practica nursing courses where a passing grade (P) is required.~~
- ~~• complete all requirements for either BScN program within eight years of admission into the program or from the first nursing course used for credit towards the degree.~~
  
- attain a minimum cumulative GPA of 2.33 (C+) on all courses used for credit towards the degree or certificate
- obtain a minimum passing grade of 2.00 (C) in the following courses, or their equivalents, as applicable to the specific program:
  - all NURS courses, including NURS electives, with the exception of designated clinical practica nursing courses which require a passing grade of (P)
  - all HHSC courses
  - ANTH 101-3
  - MATH 242-3
  - POLS 403-3
- complete all requirements for the appropriate program as follows:
  - NCBNP BScN within eight years, starting with the first semester of registration in a NURS course in the NCBNP at UNBC or one of its collaborative partner institutions
  - Post-Diploma BScN within eight years, starting with the first semester of registration in a NURS course in the Post-Diploma BScN at UNBC
  - Certificate program within six years, starting with the first semester of registration in a NURS course in the Certificate program at UNBC

## Transfer Credit

~~Transfer credit and/or advanced standing may be awarded for course work completed at other recognized institutions. All transfer credit for course work taken prior to admission to the BScN program will be evaluated at the request of the student, and applied at the time of~~

initial registration in the program. Once admitted to the nursing program, course work taken in other institutions for transfer credit towards the degree requires a Letter of Permission prior to registration in the course.

## **Letter of Permission**

Once admitted to the nursing program, students who want to take course work at other institutions for transfer credit towards the degree may require a Letter of Permission prior to registration in the course. Students should contact the Nursing Advisor at the institution they are currently attending for further information. (Refer to Academic Regulations #17 in this Calendar).

## **Course Challenge**

Course challenge is available for up to six credits of the required nursing courses in the Post-Diploma Baccalaureate Nursing program. Up to six credits of course challenge may be applied towards the degree if less than nine credit hours of nursing courses have been transferred in. Only three credits of course challenge can apply towards the degree if the maximum of nine credit hours in nursing have been transferred in.

## **Part-time Studies**

With prior approval by the Nursing Advisor at the institution the student is applying to or currently attending, and subject to course availability, undergraduate Nursing programs may be taken on a part-time basis; however, students may be required to enrol full-time during a portion of their program.

## **Leave of Absence**

Students wanting to take a Leave of Absence must apply, in writing, to the Nursing Advisor at the institution that the student is currently attending. Upon approval, students are eligible for up to a one year Leave of Absence. Students who do not apply for a Leave of Absence will be considered to be out-of-sequence and will lose their priority for registration.

## **Withdrawal from the Nursing Program**

Students who voluntarily withdraw from the Nursing program must notify, in writing, the Nursing Advisor at the institution that the student is currently attending. Where students fail to notify the Nursing Advisor, the Nursing Advisor will deem a student to have voluntarily withdrawn from the Nursing program where the student has not registered in Nursing courses in any of the last three semesters.

# Northern Collaborative Baccalaureate Nursing Program

The Northern Collaborative Baccalaureate Nursing Program requires students to take at least 95 credit hours of Nursing courses. The minimum requirement for completion of a Bachelor of Science in Nursing is 134 credit hours.

~~The total transfer credit awarded on the basis of acceptable work completed at other recognized institutions may not exceed 60 credit hours. Nursing courses must have been completed within the five years prior to admission to be eligible for transfer credit into the nursing program.~~

## Transfer Credit

Transfer credit and/or advanced standing may be awarded for course work completed at other recognized institutions. All transfer credit for course work taken prior to admission to the BScN program will be evaluated at the request of the student, and applied at the time of initial registration in the program.

The total transfer credit awarded on the basis of acceptable course work completed at non-collaborative partner institutions may not exceed 60 credit hours. Nursing courses must have been completed within five years prior to admission to be eligible for transfer credit into the nursing program.

## Admission Requirements

### **S-200802.32**

#### **Change to Program Requirements — LPN Addition to NCBNP Admission Requirements**

Hutchings / Annis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the NCBNP Admission requirements (page 152 of the 2007-08 calendar) be revised as proposed.

Effective date: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Admission Requirements

Self-identified Aboriginal applicants who meet or exceed the minimum requirements for admission to the program will be given priority for up to twenty percent (20%) of the first-year seats for the Northern Collaborative Baccalaureate Nursing Program (NCBNP).

Admission is based on academic qualifications and available space. Priority admission will be given to students who meet admission criteria (see Admissions Section in this calendar) and apply by the deadline of March 31. Applications received after the deadline may be reviewed based on available space in the program.

Applicants from BC and Yukon secondary schools must:

- meet UNBC admission requirements, and
- have completed Principles of Math 11, English 12, Biology 12, Chemistry 11 with a minimum C+ (65%) in each course

Other applicants must:

- meet UNBC admission requirements, and
- have completed the equivalent of Principles of Math 11, English 12, Biology 12, Chemistry 11 with a minimum of C+ (65%) in each course

## **Admission Requirements: Licensed Practical Nurse (LPN) Access**

Licensed Practical Nurses (LPNs) who are applying for admission to the NCBNP must:

- meet all Northern Collaborative Baccalaureate Nursing Program admission requirements
- be a graduate of a Practical Nursing program recognized by the College of Licensed Practical Nurses of BC (CLPNBC) since 1994
- have current practising or be eligible for practising registration with the CLPNBC
- have practised as a LPN for a minimum of 1700 hours in a patient care setting during the last 4 years, OR graduated from a BC Practical Nursing Program within the year of application. Proof of worked hours must be submitted with application and can be obtained from employers

LPN applicants will be assessed on an individual basis and may be eligible for up to a maximum of 24 transfer credit hours of Nursing courses.

Applicants who have completed a BC Practical Nursing Certificate prior to 1994, or have completed a certificate or diploma from a program outside of BC, may not be exempt from any of the first or second year nursing courses.

All successful LPN applicants must meet individually with the Nursing Advisor at the institution to which they are applying in order to be referred to a Nursing Faculty member for transfer credit and proficiency assessment.

In order to meet the graduation requirements for a BScN, the student must successfully complete the following courses:

**S-200802.33**

**Change to Program Requirements — NCBNP Elective Requirements**

Hutchings / Annis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the NCBNP elective requirements (page 153 of the 2007-08 calendar) be revised as proposed.

Effective date: May 2008  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Elective Requirement

Eighteen credit hours chosen to fulfill the requirements below, and to ensure completion of a minimum of 134 credit hours. A course may not be used to satisfy the requirements in more than one category. Students are strongly advised to complete elective course work prior to 4th year.

- Three credit hours in First Nations Studies at any level, or HIST 110-3 Indigena, or equivalent
- Three credit hours in Humanities at any level, or ENGL 170-3, or equivalent
- Three additional credit hours in Nursing at the 200 level or above, or three credit hours at the 200 level or above in a subject related to Nursing (with permission of program)
- At least three credit hours at the 200 level or above in any subject
- At least three credit hours at the 300 level or above in any subject
- Three credit hours at any level in any subject

An Executive Summary of the proposed changes to the Mathematics Program was included for information.

It was proposed that motions S-200802.34 and S-200802.38 be moved as an omnibus motion, to which it was requested that motion S-200802.34 be dealt with separately.

### **S-200802.34**

#### **New Course Approval — MATH 240-3**

Hyndman / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course MATH 240-3 Basic Statistics be approved as proposed.

Proposed semester of first offering: September 2008

Senator Hyndman indicated that the Mathematics Program wished to remove ECON 205 and PSYC 315 from the list of equivalencies for this course, with which the Economics and Psychology Programs were in agreement. She added that the reason for this request was that, because several upcoming motions were dependent upon the approval of this course, she did not wish to risk the motion being defeated, but that the Mathematics Program would likely seek to add these courses to the list of course equivalencies again in future.

#### **Motion:**

Hyndman / McGill

That ECON 205-3 and PSYC 315-3 be removed from the list of course equivalencies for MATH 240-3.  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is an introduction to the basic principles of statistics and procedures for data analysis. Topics include gathering data, displaying and summarizing data, examining relationships between variables, probability models, sampling distributions, estimation and

significance tests, inference for means and proportions in one and two sample situations, contingency tables, and simple linear regression. Students register in a computer lab corresponding to their area of interest.

Preclusions: MATH 242-3, MATH 342-3, ECON 205-3, and PSYC 315-4. Students who have completed MATH 341-3 or MATH 371-3 may not take MATH 240-3 for credit.

Course Equivalencies: MATH 242-3, MATH 342-3.

**S-200802.35**

**New Course Approval — MATH 336-3**

Hyndman / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course MATH 336-3 Intermediate Differential Equations be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is a continuation of MATH 230-3 and is designed to increase the depth and breadth of students' knowledge pertaining to differential equations. Topics include existence and uniqueness theory for ordinary differential equations, series solutions of differential equations, linear system theory, phase plane analysis and stability, boundary value problems and Green's Functions, general introduction to the theory of Fourier Series with an application to boundary value problems for the Heat Equation, Wave Equation and Laplace's Equation.

Prerequisites: MATH 230

Preclusions: MATH 334

**S-200802.36**

**New Course Approval — MATH 371-3**

Hyndman / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course MATH 371-3 Probability and Statistics for Scientists and Engineers be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is a calculus-based introduction to the theory and application of probability and statistics. The topics to be covered include concepts of probability, events, and populations, probability theorems, the concept of a random variable, continuous and discrete random variables, joint probability distributions, distributions of functions of a random variable, moments, Chebyshev's inequality, the de Moivre-Laplace theorem, the central limit theorem, sampling and statistical estimation theory, hypothesis testing, simple regression analysis, and an introduction to the design of experiments.

Prerequisites: MATH 101-3

Preclusions: MATH 340-3, MATH 341-3

**S-200802.37**

**New Course Approval — MATH 372-3**

Hyndman / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course MATH 372-3 Mathematical Statistics be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Calendar Course Description: This course introduces the theory of statistical inference. The topics to be covered from likelihood theory are maximum likelihood estimation, sufficiency, and the likelihood ratio test. The topics to be covered from frequentist theory are point estimation, unbiasedness, consistency, efficiency, confidence intervals, small sample and large hypothesis tests. The topics to be covered from Bayesian theory are risk, point estimation and credible intervals.

Prerequisites: MATH 371-3

Preclusions: MATH 340-3, MATH 341-3

**S-200802.38**

**New Course Approval — MATH 441-3**

Hyndman / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course MATH 441-3 Nonparametric Statistics be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses the methodology and application of nonparametric statistics. The topics to be covered include goodness-of-fit tests, contingency tables, empirical distribution function tests, the sign test, the Wilcoxon test, the Wilcoxon-Mann-Whitney test, the Kruskal-Wallis test, and rank correlation.

Prerequisites: One of the following: MATH 240-3, MATH 242, MATH 341, MATH 342, MATH 371-3, ECON 205-3, or PSYC 315-4

Course Equivalencies: Proposed MATH 641-3

**S-200802.39**

**Deletion of Minor in Applied Mathematics**

Hyndman / Annis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Minor in Applied Mathematics be deleted.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Minor in Applied Mathematics**

~~The minor in Applied Mathematics serves to complement the studies of a student working in a major field where more sophisticated quantitative methods are required. Completion of such a minor should enhance a student's appreciation of the power of the interdisciplinary approach and of the importance of modern mathematical techniques in a great variety of disciplines.~~

-

~~The minor in Applied Mathematics requires students to complete a minimum of 24 credit hours, 12 of which must be upper division Mathematics.~~

-

~~There is no limit to the number of courses that may be used to fulfill program requirements for a major (or another minor) and also a minor in Applied Mathematics.~~

~~MATH 342-3 (Biostatistics) may not be used for credit towards the 12 credit hours of upper division Mathematics course requirements for the Applied Mathematics minor.~~

### **Requirements**

- MATH 100-3 - Calculus I
- ~~—or~~ MATH 105-3 - Enriched Calculus
- MATH 101-3 - Calculus II
- MATH 200-3 - Calculus III

~~At least five courses must be taken from the following list, four of which must be upper division:~~

- CPSC 100-4 - Computer Programming I
- CPSC 141-3 - Discrete Computational Mathematics
- CPSC 142-3 - Discrete Computational Mathematics II
- MATH 201-3 - Introduction to Complex Analysis
- MATH 220-3 - Linear Algebra
- MATH 221-3 - Operations Research
- MATH 230-3 - Linear Differential Equations and Boundary Value Problems
- MATH 333-3 - Partial Differential Equations
- MATH 334-3 - Ordinary Differential Equations
- MATH 335-3 - Numerical Analysis I

- ~~MATH 340-3~~ - ~~Introduction to Probability~~
- ~~MATH 341-3~~ - ~~Introduction to Statistics~~
- ~~MATH 433-3~~ - ~~Topics in Partial Differential Equations~~
- ~~MATH 434-3~~ - ~~Topics in Applied Mathematics~~
- ~~MATH 435-3~~ - ~~Numerical Analysis II~~
- ~~MATH 440-3~~ - ~~Advanced Probability and Statistics~~
- ~~MATH 455-3~~ - ~~Graphs and Algorithms~~

It was proposed that motions S-200802.40 to S-200802.47 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.40**

**Course Deletion — MATH 221-3**

Hyndman / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, MATH 221-3 Operations Research be deleted.

Effective date: September 2008

CARRIED.

**S-200802.41**

**Course Deletion — MATH 333-3**

Hyndman / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, MATH 333-3 Partial Differential Equations be deleted.

Effective date: September 2008

CARRIED.

**S-200802.42**

**Course Deletion — MATH 334-3**

Hyndman / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, MATH 334-3 Ordinary Differential Equations be deleted.

Effective date: September 2008

CARRIED.

**S-200802.43**

**Course Deletion — MATH 370-3**

Hyndman / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, MATH 370-3 Geometry I be deleted, and that all references to MATH 370-3 be deleted from the calendar.

Effective date: September 2008

CARRIED.

**S-200802.44**

**Course Deletion — MATH 425-3**

Hyndman / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, MATH 425-3 Mathematical Logic be deleted, and that all references to MATH 425-3 be deleted from the calendar.

Effective date: September 2008

CARRIED.

**S-200802.45**

**Course Deletion — MATH 433-3**

Hyndman / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, MATH 433-3 Topics in Partial Differential Equations be deleted, and that all references to MATH 433-3 be deleted from the calendar.

Effective date: September 2008

CARRIED.

**S-200802.46**

**Course Deletion — MATH 434-3**

Hyndman / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, MATH 434-3 Topics in Applied Mathematics be deleted, and that all reference to MATH 434-3 be deleted from the calendar.

Effective date: September 2008

CARRIED.

**S-200802.47**

**Course Deletion — MATH 435-3**

Hyndman / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, MATH 435-3 Numerical Analysis II be deleted.

Effective date: September 2008

CARRIED.

It was proposed that motions S-200802.48 to S-200802.50 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.48**

**Change to Program Requirements — Joint Major in Chemistry / Mathematics**

McGill / Rennebohm

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Joint Major in Chemistry/Mathematics calendar entry be modified as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Joint Major in Chemistry/Mathematics**

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Chemistry and Mathematics is 125 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics major or joint major.

## Program Requirements

### Lower Division Requirement

CHEM 100-3	General Chemistry I
CHEM 101-3	General Chemistry II
CHEM 120-1	General Chemistry Lab I
CHEM 121-1	General Chemistry Lab II
CHEM 200-3	Physical Chemistry I
CHEM 201-3	Organic Chemistry I
CHEM 202-3	Inorganic Chemistry I
CHEM 203-3	Organic Chemistry II
CHEM 210-3	Analytical Chemistry I
CPSC 100-4	Computer Programming I

MATH 100-3	Calculus I
or MATH 105-3	Enriched Calculus

MATH 101-3	Calculus II
MATH 200-3	Calculus III
MATH 201-3	Introduction to Complex Analysis
MATH 220-3	Linear Algebra

<del>MATH 221-3</del>	<del>Operations Research</del>
or <u>MATH 226-3</u>	<u>Advanced Linear Algebra</u>

MATH 230-3	Linear Differential Equations and Boundary Value Problems
------------	---

PHYS 110-4	Introductory Physics I: Mechanics
PHYS 111-4	Introductory Physics II: Waves and Electricity

### Upper Division Requirement

CHEM 300-3	Physical Chemistry II
or CHEM 305-3	Physical Chemistry III
CHEM 310-3	Analytical Chemistry II
or CHEM 311-3	Analytical Chemistry III

CHEM 320-3            Inorganic Chemistry II  
or CHEM 321-3        Inorganic Chemistry III

\*Nine credit hours of 300 or 400 level Chemistry  
Six credit hours of 400 level Chemistry

MATH 320-3            Survey of Algebra  
MATH 335-3            Numerical Analysis I  
~~MATH 340-3            Introduction to Probability~~  
MATH 371-3            Probability and Statistics for Scientists and  
Engineers

\*Nine credit hours of 300 or 400 level Mathematics  
Six credit hours of 400 level Mathematics

\*Three of these 18 credit hours must be at the 400 level so that a minimum of 15 credit hours of 400 level Chemistry and Mathematics are completed.

### **Elective Requirement**

Elective credit hours as necessary to ensure completion of a minimum of 125 credit hours.

#### **S-200802.49**

#### **Change to Program Requirements — Joint Major in Computer Science / Mathematics**

McGill / Rennebohm

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Joint Major in Computer Science/Mathematics calendar entry be modified as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Joint Major in Computer Science/Mathematics**

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Computer Science and Mathematics is 124 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics or Computer Science major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics or Computer Science major or joint major.

## Program Requirements

### Literacy Requirement

One of:

ENGL 170-3	Writing and Communication Skills
ENGL 270-3	Expository Writing

### Lower Division Requirement

CPSC 100-4	Computer Programming I
CPSC 101-4	Computer Programming II
CPSC 141-3	Discrete Computational Mathematics
CPSC 142-3	Discrete Computational Mathematics II
CPSC 200-3	Algorithm Analysis and Development
CPSC 230-4	Introduction to Logic Design
CPSC 231-4	Computer Organization and Architecture
CPSC 281-3	Data Structures I

MATH 100-3	Calculus I
or MATH 105-3	Enriched Calculus

MATH 101-3	Calculus II
MATH 200-3	Calculus III
MATH 201-3	Introduction to Complex Analysis
MATH 220-3	Linear Algebra
<del>MATH 221-3</del>	<del>Operations Research</del>
or <u>MATH 226-3</u>	<u>Advanced Linear Algebra</u>
MATH 224-3	Foundations of Modern Mathematics
MATH 230-3	Linear Differential Equations and Boundary Value Problems

### General Science Requirement

Two of:

BIOL 101-4	Introductory Biology I
BIOL 102-4	Introductory Biology II

CHEM 100-3            General Chemistry I  
and CHEM 120-1      General Chemistry Lab I

CHEM 101-3            General Chemistry II  
and CHEM 121-1      General Chemistry Lab II

PHYS 100-4            Introduction to Physics I  
or PHYS 110-4\*        Introductory Physics I:

PHYS 111-4\*            Introductory Physics II: Waves and Electricity

**\*Note:** PHYS 110-4 (Introductory Physics I: Mechanics) and PHYS 111-4 (Introductory Physics II: Waves and Electricity) are strongly recommended for all majors.

### Upper Division Requirement

CPSC 320-3            Programming Languages  
CPSC 321-3            Operating Systems  
CPSC 370-3            Functional and Logic Programming

\*Six credit hours of 300 or 400 level Computer Science.  
Six credit hours of 400 level Computer Science (excluding seminar, project, and special topics courses).

MATH 320-3            Survey of Algebra  
MATH 335-3            Numerical Analysis I  
~~MATH 340-3        - Introduction to Probability~~  
MATH 371-3            Probability and Statistics for Scientists and Engineers

\*Six credit hours of 300 or 400 level Mathematics.  
Six credit hours of 400 level Mathematics.

\*Three of these 12 credit hours must be at the 400 level so that the total number of Computer Science and Mathematics credit hours at the 400 level is at least 15.

**Note:** ~~MATH 435-3 (Numerical Analysis II) and CPSC 340-3 (Theory of Computation)~~ are is recommended.

### Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 124 credit hours.

**S-200802.50**

**Change to Program Requirements — Joint Major in Mathematics / Physics**

McGill / Rennebohm

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Joint Major in Mathematics/Physics calendar entry be modified as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Joint Major in Mathematics/Physics

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Mathematics and Physics is 125 credit hours.

[MATH 342-3](#) (Biostatistics) may not be used for credit towards any Mathematics major, minor, or joint major.

[MATH 150-3](#) (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics major or joint major.

[PHYS 307-3](#) (Selected Topics in Environmental Physics) may not be used as Physics credit toward any Physics major, minor, or joint major.

\*Six credit hours of 300 or 400 level Physics.

Three of these 12 credit hours must be at the 400 level so that a minimum of 15 credit hours of 400 level Mathematics and Physics are completed.

**Elective Requirement**

Elective credit hours as necessary to ensure completion of a minimum of 125 credit hours.

**S-200802.51**

**Change to Program Requirements — Major in Mathematics**

Hyndman / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the calendar entry for the Mathematics Major be modified as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Major in Mathematics

A major in Mathematics requires ~~19~~ 18 mathematics courses (~~57~~ 54 credit hours), at least 30 credit hours of which must be upper division courses and of those upper division credits, at least 12 must be taken at the 400 level.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics major or joint major.

The minimum requirement for completion of a Bachelor of Science with a major in Mathematics is 120 credit hours.

## Program Requirements

**Note:** Students enrolling in any Mathematics courses with prerequisites are required to have completed all prerequisite courses for that course with a "C-" or better, or have permission to enrol from the Program Chair.

## Literacy Requirement

One of:

ENGL 170-3 Writing and Communication Skills

ENGL 270-3 Expository Writing

## Lower Division Requirement

### 100 Level

CPSC 100-4 Computer Programming I

CPSC 141-3 Discrete Computational Mathematics

MATH 100-3 Calculus I

or MATH 105-3 Enriched Calculus

MATH 101-3 Calculus II

### 200 Level

MATH 200-3 Calculus III

MATH 201-3 Introduction to Complex Analysis

MATH 220-3 Linear Algebra

~~MATH 221-3 Operations Research~~

MATH 224-3 Foundations of Modern Mathematics

MATH 226-3 Advanced Linear Algebra

MATH 230-3 Linear Differential Equations and Boundary Value Problems

## Recommended

CPSC 101-4 Computer Programming II

CPSC 142-3 Discrete Computational Mathematics II

## General Science Requirement

Two of:

BIOL 101-4	Introductory Biology I
BIOL 102-4	Introductory Biology II
CHEM 100-3	General Chemistry I
and CHEM 120-1	General Chemistry Lab I
CHEM 101-3	General Chemistry II
and CHEM 121-1	General Chemistry Lab II
PHYS 100-4	Introduction to Physics I
or PHYS 110-4*	Introductory Physics I:
PHYS 111-4*	Introductory Physics II: Waves and Electricity

\*Note: PHYS 110-4 (Introductory Physics I: Mechanics) and PHYS 111-4 (Introductory Physics II: Waves and Electricity) are strongly recommended for all majors.

## Upper Division Requirement

### 300 Level

MATH 302-3	Theory of Metric Spaces
MATH 320-3	Survey of Algebra
MATH 321-3	Topology
<del>—or MATH 370-3</del>	<del>Geometry I</del>
<u>MATH 336-3</u>	<u>Intermediate Differential Equations</u>
<del>MATH 333-3</del>	<del>Partial Differential Equations</del>
<del>—or MATH 334-3</del>	<del>Ordinary Differential Equations</del>
or MATH 335-3	Numerical Analysis I
<del>MATH 340-3</del>	<del>Introduction to Probability</del>
<del>MATH 341-3</del>	<del>Introduction to Statistics</del>
<u>MATH 371-3</u>	<u>Probability and Statistics for Scientists and Engineers</u>
<u>MATH 372-3</u>	<u>Mathematical Statistics</u>

### 400 Level

Twelve credit hours of 400 level Mathematics courses.

### **Elective Requirement**

Elective credit hours as necessary to ensure completion of a minimum of 120 credit hours.

#### **S-200802.52**

#### **Change to Program Requirements — Major in Computer Science**

Casperson / Hutchings

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Computer Science Major calendar entry be modified as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in Mathematics**

#### Major in Computer Science

A major in Computer Science requires at least 21 Computer Science courses and at least 67 credit hours in Computer Science, at least 27 hours of which must be upper division courses, and of those upper division credits, at least 12 must be taken at the 400 level.

The following courses may not be used for credit towards a Computer Science major or joint major:

MATH 150-3	Finite Mathematics for Business and Economics
MATH 342-3	Biostatistics

The minimum requirement for completion of a Bachelor of Science with a major in Computer Science is 120 credit hours.

### **Program Requirements**

**\*Note:** Students enrolling in any Computer Science or Mathematics course with prerequisites are required to have completed all prerequisite courses for that course with a "C-" or better, or have permission to enrol from the Program Chair.

### **Lower Division Requirement**

#### **100 Level**

CPSC 100-4	Computer Programming I
CPSC 101-4	Computer Programming II

CPSC 126-3	Introduction to Computer Systems
CPSC 141-3	Discrete Computational Mathematics
CPSC 142-3	Discrete Computational Mathematics II
MATH 100-3	Calculus I
or MATH 105-3	Enriched Calculus
MATH 101-3	Calculus II

### **200 Level**

CPSC 200-3	Algorithm Analysis and Development
CPSC 230-4	Introduction to Logic Design
CPSC 231-4	Computer Organization and Architecture
CPSC 281-3	Data Structures I
CPSC 290-3	Systems Analysis and Design
MATH 220-3	Linear Algebra

### **General Science Requirement**

PHYS 110-4	Introductory Physics I: Mechanics
PHYS 111-4	Introductory Physics II: Waves and Electricity

**\*Note:** In some special cases other science courses approved by the Chair of Computer Science may be used to satisfy this requirement.

### **Upper Division Requirement**

#### **300 Level**

CPSC 320-3	Programming Languages
CPSC 321-3	Operating Systems
CPSC 325-3	Introduction to Compiler Design
CPSC 340-3	Theory of Computation
CPSC 370-3	Functional and Logic Programming
MATH 340-3	<del>Introduction to Probability</del>
<u>MATH 371-3</u>	<u>Probability and Statistics for Scientists and Engineers</u>

\*While not required for the major, students are urged to include CPSC 300-3 (Software Engineering I) and CPSC 301-3 (Software Engineering II) in their program.

#### **400 Level**

At least 12 credit hours of Computer Science courses must be taken at the 400 level, and at least nine of these credit hours must be outside the seminar, project course, research course, or special topics course category.

Alternate courses may be substituted for the above with the written permission of the Program Chair and Dean of the College.

### **Subject Requirement**

Six additional credit hours of computer science at any level. MATH 335-3 (Numerical Analysis I) may be counted as a computer science course by computer science majors.

### **Elective Requirement**

Elective credit hours as necessary to ensure completion of a minimum of 120 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics major or joint major.

The minimum requirement for completion of a Bachelor of Science with a major in Mathematics is 120 credit hours.

### **S-200802.53**

#### **Change to Calendar Description (Faculty Listing) – Environmental Planning**

Rapaport / Annis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the School of Environmental Planning faculty listing be changed as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **School of Environmental Planning (BPI)**

~~Chris Hawkins, Associate Professor, and Acting Program Chair~~

John Curry, Associate Professor

David Connell, Assistant Professor

Eric Rapaport, Assistant Professor

Orland Wilkerson, Assistant Professor

Raymond Chipeniuk, Adjunct Professor

Theresa Healy, Adjunct Professor

Richard Krehbiel, Adjunct Professor

James Randall, Adjunct Professor

Finlay Sinclair, Adjunct Professor

### **S-200802.54**

## **Change to Calendar Description — Major in Natural Resource Planning**

Reid / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the calendar description for the Major in Natural Resource Planning be changed as proposed.

Effective date: February 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in Natural Resources Planning**

The major in Natural Resources Planning is designed to provide students with an understanding of the complexities of including the natural and cultural environment in planning decision-making. The major is intended to address both project level and large-scale environmental planning issues that occur in developments that impact the natural environment.

The objective of this major is to familiarize students with planning and decision-making in a variety of sectors that include provincial land use planning, environmental assessment, watershed planning and integrated resource and environmental management. These areas of planning are characterized by complex and intricate problems that revolve around how to use our natural resources and who should decide. The multidimensional aspects of environmental management include natural and cultural complexity, different desired futures, value differences, assessment and monitoring tools, and integration methods. This major emphasizes understanding planning in both the substantive realm (natural and social sciences), and the procedural realm (the process of including people in the decision-making process).

Students enrolled in the Natural Resources Planning Major must successfully complete 121 credit hours, including a minimum of 46 credit hours of upper division courses. Major and elective course requirements must also be met. Students must ensure that they complete course prerequisites before registering in any course.

General requirement: 66 credit hours Major requirement: 40 credit hours Elective requirement: 15 credit hours

The minimum requirement for a Bachelor of Planning with a Major in Natural Resource Planning is 121 credit hours.

#### **Lower Division**

BIOL 101-4 Introductory Biology I

BIOL 102-4 Introductory Biology II

NREM 204-3 Introduction to Wildlife and Fisheries  
NREM 410-3 Watershed Management  
ORTM 200-3 Sustainable Outdoor Recreation and Tourism  
ORTM 204-3 Visitor Behaviour  
ORTM 305-3 Protected Area Planning and Management\*  
ORTM 400-3 Recreation and Tourism Ecology, Management and Design  
or ORTM 407-3 Recreation, Tourism and Communities\*

\*indicates course has pre-requisite

### **S-200802.55**

#### **Change to Program Requirements — School of Environmental Planning**

Tasa / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the School of Environmental Planning Program Requirements listing be changed as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Program Requirements**

#### **Lower Division General Environmental Planning Requirement**

##### **100 Level**

ECON 100-3 Microeconomics  
ENPL 104-3 Introduction to Planning  
POLS 100-3 Contemporary Political Issues

##### **200 Level**

ECON 205-3 Statistics for the Social and Management Sciences  
or MATH 242-3 Statistics for Social and Health Sciences

ENPL 204-3 Principles and Practices of Planning  
ENPL 205-3 Environment and Society  
ENPL 206-3 Planning Analysis and Techniques  
ENPL 207-3 Introduction to Computer Aided Design for Planners  
ENPL 208-3 First Nations Community and Environmental Planning  
GEOG 204-3 Introductory Geographical Information Systems for the Social Sciences  
POLS 200-3 Canadian Government and Politics

### **Upper Division General Environmental Planning Requirement**

#### **300 Level**

ENPL 301-3 Sustainable Communities: Structure and Sociology  
ENPL 303-3 Spatial Planning with Geographical Information Systems  
ENPL 304-3 Mediation, Negotiation and Public Participation  
ENPL 305-3 Environmental Impact Assessment  
ENPL 318-3 Professional Planning Practice  
ENPL 319-3 Social Research Methods

#### **400 Level**

ENPL 401-3 Environmental Law  
ENPL 410-3 Land Use Planning  
ENPL 411-3 Planning Theory, Process and Implementation  
ENPL 415-3 Ecological Design  
~~ENPL 419-3 Social Research Methods~~  
ENVS 414-3 Environmental and Professional Ethics

In addition, students may undertake ENPL 420-1 Research Methodology, ENPL 430-3 Undergraduate Thesis, ENPL 431-3 Professional Report, ENPL 440 (2-6) Internship as part of their electives.

It was proposed that motions S-200802.56 and S-200802.57 be moved as an omnibus motion, to which there was unanimous consent.

#### **S-200802.56**

##### **New Course Approval — ENVS 101-3**

Domshy / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENVS 101-3 Introduction to Environmental Citizenship be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENVS 101-3 Introduction to Environmental Citizenship** This course provides an introduction to the concept of “environmental citizen,” and to the foundational elements of environmental studies, including social, ecological, humanistic and indigenous approaches to understanding human interactions with the natural environment. Development of skills in written communication is emphasized.

**S-200802.57**

**New Course Approval — ENVS 326-3**

Domshy / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENVS 326-3 Natural Resources, Environmental Issues and Public Engagement be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENVS 326-3 Natural Resources, Environmental Issues and Public Engagement** This course examines public engagement mechanisms and the attributes of successful engagement with respect to environmental and resource management issues. It also addresses the socio-political and legal requirements for engagement with the public, including Aboriginal peoples. Exercises and critiques are used to provide students with practical experience in public engagement around environmental issues.

**S-200802.58**

**Course Deletion — COMM 401-3**

Ellis / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the course COMM 401-3 Business Policy II be deleted from the calendar.

Effective date: May 2008

CARRIED.

An Executive Summary for a Proposal of a Minor in General Business (Bachelor of Commerce) from the School of Business was included for information.

**S-200802.59**

**Approval of New Minor in General Business**

Ellis / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new Minor in General Business be approved as proposed.

Proposed start date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**B. Program Description**

**1. General Calendar Description:**

The Minor in General Business is designed for students from outside the School of Business who are interested in obtaining skills and knowledge of business management. It will appeal to students who anticipate becoming involved in the supervision or management of work units or organizations in their careers. Students can obtain a minor in General Business within their degree program by completing 24 credit hours.

The minor consists of 12 credits at the lower division level (4 courses) and 12 credits (4 courses) at the upper division level.

## 2. **Curriculum:**

Required

COMM 100-3 Introduction in Canadian Business

Three of:

COMM 210-3 Financial Accounting

COMM 211-3 Managerial Accounting

COMM 220-3 Financial Management I

COMM 230-3 Organizational Behaviour

COMM 240-3 Introduction to Marketing

COMM 251-3 Introduction to Management Science

Four of:

COMM 300-3 Introduction to Business Law

COMM 302-3 Entrepreneurship

COMM 303-3 Introduction to International Business

COMM 320-3 Financial Management II

COMM 330-3 Human Resource Management

COMM 332-3 Business and Professional Ethics

COMM 343-3 Behavioural Marketing

COMM 350-3 Production and Operations Management

COMM 351-3 Management Information Systems

COMM 431-3 Industrial Relations

COMM 432-3 Cross-cultural Workplace Practices

A maximum of 4 courses (12 credit hours) used to fulfill program requirements for a major or another minor may also be used to fulfill requirements for a minor in General Business.

It was proposed that motions S-200802.60 to S-200802.66 be moved as an omnibus motion, to which there was unanimous consent.

### **S-200802.60**

#### **Change to Degree Requirements — General Business**

McGill / Ellis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the calendar description for the degree requirements for General Business be changed as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in General Business**

The General Business major allows students to obtain a reasonable depth of knowledge in all the functional areas of business while maintaining a broad-based

education in business management. This combination provides the integrative management skills to operate both within and across functional responsibility areas, an ability valued highly by employers. Therefore, General Business majors are in demand by many firms and government organizations. Students intending to start their own business endeavours would also be well-served by the General Business major.

The minimum requirement for a Bachelor of Commerce with a major in General Business is 120 credit hours.

### **Program Requirements**

Note: Students enrolling in any course required for a major in the Bachelor of Commerce degree must have completed all prerequisite courses with a minimum of "C-" or better. In exceptional circumstances the Program Chair may waive this requirement on a case by case basis.

### **Lower Division Requirement**

#### **100 Level**

<a href="#">COMM 100-3*</a>	Introduction to Canadian Business
<a href="#">ECON 100-3</a>	Microeconomics
<a href="#">ECON 101-3</a>	Macroeconomics
<a href="#">MATH 150-3**</a>	Finite Mathematics for Business and Economics
or <a href="#">MATH 220-3</a>	Linear Algebra
<a href="#">MATH 152-3**</a>	Calculus for Non-majors
or <a href="#">MATH 100-3</a>	Calculus I

\*Students transferring with 30 or more credit hours of courses required for the Commerce degree are exempt from this requirement.

\*\*Students wishing to pursue additional Math courses as electives are advised to choose MATH 100-3 (Calculus I) and MATH 220-3 (Linear Algebra).

Students not having the appropriate prerequisites for any courses must consult with the Business Advisor.

#### **200 Level**

<a href="#">COMM 210-3</a>	Financial Accounting
<a href="#">COMM 211-3</a>	Managerial Accounting

#### **Change to Program Requirements — Major in Accounting**

McGill / Ellis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Major in Accounting be revised as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in Accounting**

Every organization needs to keep track of its financial operations and financial position. Accounting is concerned with the measurement, provision, interpretation and application of financial and economic information for the efficiency and evaluation of an organization's operations. The information provided by the accounting function is employed for effective planning, control and decision making by management, and to report on the organization's financial operations to shareholders, debtholders, government and other stakeholders of the firm. Graduates with an Accounting major are in demand by all sectors of the economy, including government, business, and public accounting firms. An Accounting major is recommended for students who wish to become Chartered Accountants (CAs), Certified General Accountants (CGAs), or Certified Management Accountants (CMAs).

The minimum requirement for a Bachelor of Commerce with a major in Accounting is 120 credit hours.

## Program Requirements

Note: Students enrolling in any course required for a major in the Bachelor of Commerce degree must have completed all prerequisite courses with a minimum of "C-" or better. In exceptional circumstances the Program Chair may waive this requirement on a case by case basis.

### **S-200802.63**

#### **Change to Program Requirements — Major in Finance**

McGill / Ellis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Major in Finance be revised as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Major in Finance

Finance involves evaluating profitability and valuing real investments such as capital projects, as well as financial securities such as stocks, bonds, options and futures. In addition to the study of sources of capital and financing decisions of the firm and individual investors, the Finance major also studies the management of financial institutions such as banks and trust companies. The tools of Finance are used by small and large firms, government and individual investors. Instruction in Finance provides valuable information regarding financing and evaluating investment opportunities to students planning to enter into business for themselves. Government and firms employ Finance majors as financial analysts as well as in general management positions. In addition, the financial services industry is one of the fastest growing industries in Canada. Individuals interested in positions in the financial sector, or pursuing either the Chartered Financial Planner (CFP) or Chartered Financial Analyst (CFA) designations, or completing the Canadian Securities Course (CSC), should consider majoring in Finance.

The minimum requirement for a Bachelor of Commerce with a major in Finance is 120 credit hours.

### Program Requirements

Note: Students enrolling in any course required for a major in the Bachelor of Commerce degree must have completed all prerequisite courses with a minimum of "C-" or better. In exceptional circumstances the Program Chair may waive this requirement on a case by case basis.

#### **Change to Program Requirements — Major in International Business**

McGill / Ellis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Major in International Business be revised as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in International Business**

In recent years the importance of an international perspective for students of business has increased as a result of the increasing globalization of the economy. The International Business major exposes students to the impact of the international environment on the functional areas of business management. In conjunction with courses in the International Studies program, the major in International Business allows students to focus on a country or region of the world, providing education in language, culture and business practice. Graduates are suited to work in firms or government agencies involved in international operations.

The minimum requirement for a Bachelor of Commerce with a major in International Business is 120 credit hours.

### **Program Requirements**

Note: Students enrolling in any course required for a major in the Bachelor of Commerce degree must have completed all prerequisite courses with a minimum of "C-" or better. In exceptional circumstances the Program Chair may waive this requirement on a case by case basis.

### **International Studies Requirement**

Six credit hours of International Studies courses at any level.

### **Elective Requirement**

Elective credit hours as necessary to ensure completion of a minimum of 120 credit hours.

#### **S-200802.66**

#### **Change to Program Requirements — Major in Marketing**

McGill / Ellis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Major in Marketing be revised as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in Marketing**

Marketing refers to the set of activities needed to find, build, and serve markets for products and services. Students of marketing will acquire analytical tools from economics, mathematics, statistics and the social and behavioural sciences. A major in Marketing is useful for such positions as account representatives, brand managers, advertising executives and market researchers. Marketing majors may find employment in the private sector, in non-profit organizations, and in government. Marketing concepts and principles are of particular importance to small businesses and new business ventures.

The minimum requirement for a Bachelor of Commerce with a major in Marketing is 120 credit hours.

### **Program Requirements**

Note: Students enrolling in any course required for a major in the Bachelor of Commerce degree must have completed all prerequisite courses with a minimum of "C-" or better. In exceptional circumstances the Program Chair may waive this requirement on a case by case basis.

### **Elective Requirement**

Elective credit hours as necessary to ensure completion of a minimum of 120 credit hours.

An Executive Summary of the proposed Bachelor of Commerce, Major in Human Resources Management was included for information.

Appendix I, Projected Revenues and Costs, Bachelor of Commerce, Major in Human Resources Management was included for information.

It was proposed that motions S-200802.67 to S-200802.73 be moved as an omnibus motion, to which there was unanimous consent.

Senator Annis questioned the fact that the Library had indicated that there was a shortfall of resources to mount these courses and the major, but that this wasn't included in the budget.

The Provost responded that there had yet been no agreement on additional funding to support these new courses and the new major in Human Resource Management, and that he would not take this to the Board of Governors without that agreement in place. It was questioned whether Senate's role was not simply to look at the academic rigour of the Program, to which it was agreed that was Senate's role, but it was further suggested that without funding in place, there is no academic merit to the major.

#### **Motion:**

Rapaport / Rennebohm

That motions S-200802.67 to S-200802.73 be approved subject to funding.  
DEFEATED.

It was suggested that the motion to approve subject to funding was unnecessary, as the funding for any new initiatives had to be approved by the Board of Governors regardless. In response, the point was made that the motion, had it been approved, would have ensured that the major and associated courses would not be moved forward to the Board of Governors unless and until funding was in place.

The normal approval process for new initiatives was questioned, and Dr. Cozzetto indicated that normally, funding is in place before a new degree or major is brought to Senate. It was added that, with regard to the *University Act*, Senate's role is to approve the academic components of new initiatives, while the Board's role is to approve anything requiring funding, but in this case, he understood there had been a disagreement between the Provost and the Program with regard to funding.

The Provost responded that he was not made aware of the proposed major until it had passed through College Council, and attempts to negotiate the funding had not yet been successful.

**Motion to table:**

Tasa / McGill

That the omnibus motion regarding motions S-200802.67 to S-200802.73 be tabled.  
DEFEATED.

Senator Ellis indicated that the Program had met with many groups and feel that they have a great program that will help with the mandate of recruitment and retention.

The Provost agreed with Senator Ellis on this point, but reiterated that concerns regarding funding have not yet been addressed, and added that he could not, for this reason, take this to the Board of Governors. It was again questioned whether Senate's role was not limited to determining the academic merits of these courses and proposed major, and the Provost responded that that was correct, but that he would not feel comfortable taking this to the Board of Governors without resolution on the funding aspect.

It was suggested that, since there was no appetite for tabling the motion, the motion go forward and negotiation be undertaken.

The question was called, a vote was held, and the original motion was CARRIED.

**S-200802.67**

**New Course Approval — COMM 304-3**

McGill / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course COMM 304-3 Employment Law in Canada be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The purpose of this course is to foster an understanding of the legal context of the relationship between employer and employee, and of the duties and responsibilities in that relationship. The laws surrounding human rights, employment standards, health and safety, grievance and arbitration, and dismissal are examined.

Prerequisites: COMM 300-3 or POLS 255-3

**S-200802.68**

**New Course Approval — COMM 334-3**

McGill / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course COMM 334-3 Strategic Human Resource Planning be approved as proposed.  
Proposed semester of first offering: September 2008  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines the leadership role that a human resources professional plays in developing the organization's vision, goals, and strategies and the human resource initiatives that support these strategic directions. Students acquire capabilities in job analysis and human resources planning, which provides the informational foundation for all of human resources management.

Prerequisites: COMM 330-3

**S-200802.69**

**New Course Approval — COMM 335-3**

McGill / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course COMM 335-3 Organization Effectiveness be approved as proposed.  
Proposed semester of first offering: September 2008  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Students learn how to develop high performance work programs that support organizational culture and goals. Students acquire an understanding of an organization's relationship to its external environment; the principles of organizational design, structure, and change; and the strategies for employee communication, retention and involvement.

Prerequisites: COMM 330-3

**S-200802.70**

**New Course Approval — COMM 433-3**

McGill / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course COMM 433-3 Recruitment, Selection, Retention be approved as proposed.  
Proposed semester of first offering: January 2009  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course develops the knowledge and skills to recruit and select employees who will contribute to the success of an organization. The concepts and techniques of recruitment, selection, orientation, and deployment are examined from legal, ethical, cultural, and strategic perspectives.

Prerequisites: COMM 330-3 and COMM 334-3

**S-200802.71**

**New Course Approval — COMM 434-3**

McGill / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course COMM 434-3 Compensation be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course develops the knowledge and skills to design and administer compensation and benefit programs that attract and retain employees and support organizational goals. Labour markets, job evaluation, internal and external equity, and communication and confidentiality are examined from legal, ethical, cultural, and strategic perspectives.

Prerequisites: COMM 334-3

**S-200802.72**

**New Course Approval — COMM 435-3**

McGill / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course COMM 435-3 Organizational Learning, Development and Training be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course develops the knowledge and skills to design, implement, and evaluate training and development programs that will enable employees to fulfill their potential and contribute to the goals of an organization. Principles of adult learning, coaching and counseling, program design and evaluation, and career planning are examined from legal, ethical, cultural, and strategic perspectives.

Prerequisites: COMM 334-3

**S-200802.73**

**New Course Approval — COMM 436-3**

McGill / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course COMM 436-3 Workplace Health and Safety be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course develops the knowledge and skills to design, manage and evaluate programs in the areas of health, safety, security, and worker's compensation to ensure

the protection and well-being of employees. The joint responsibilities and rights of employers, unions, and employees, the identification of risks and hazards in the environment, the development of training programs and preventative measures, accident investigation, the accommodation of disabled workers, the provision of wellness and employee assistance programs, and information management systems are discussed from legal and ethical perspectives.

Prerequisites: COMM 334-3

Preclusions: HHSC 370-3 Occupational Health

#### **S-200802.74**

#### **Approval of New Major in Human Resources Management**

Ellis / Robinson

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new major in Human Resources Management for the Bachelor of Commerce be approved as proposed.

Effective date: September 2008

CARRIED.

The Provost suggested that this major would benefit by using a direct application and direct admit process, and felt that the Program was doing a disservice to this major by not making this change, which had been requested at the Senate Committee on Academic Policy and Planning. He suggested holding off on considering approval of this major until that was done.

Senator Ellis responded that none of the School of Business's programs are direct entry, and that he didn't wish for this to be confrontational, but that the School has been working on this initiative for two years, and they feel this major is a missing piece of their Program. The President commented that it didn't make sense that this debate was being held in Senate, that he hoped these issues could be resolved prior to Senate. The Provost agreed, but reiterated that he had indicated what he thought was required in terms of a budget in order to approve the motion, and felt that direct entry would be an improvement. Another Senator noted that, if she recalled correctly, the funding issue associated with the proposed major had been discussed in CSAM, but they felt there was academic merit to the major and thus voted to move it forward.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **B. Program Description**

### **1. General Calendar Description:**

Major in Human Resources Management The success of any company or organization rests on the commitment and imagination of the people who are its members. Effective human resources management enables an organization to build success through people. By attracting qualified employees, developing their talents through training, fairly compensating them for their efforts and protecting their health and safety, we create organizations that are productive, innovative, and satisfying to employees. We provide our students with the knowledge and skills to effectively manage the people in an organization. Human resources management is a professional field that is growing rapidly in Canada and there are many career opportunities within this exciting field.

The minimum requirement for completion of a Bachelor of Commerce with a major in Human Resources Management is 120 credit hours.

## 2. **Curriculum:**

### Program Requirements

Note: Students enrolling in any course required for a major in the Bachelor Commerce degree must have completed all prerequisite courses with a minimum of C- or better. In exceptional circumstances the Program Chair may waive this requirement on a case by case basis.

#### *Lower Division Requirement*

##### 100 Level

COMM 100-3\* Introduction to Canadian Business  
ECON 100-3 Microeconomics  
ECON 101-3 Macroeconomics  
MATH 150-3\*\* Finite Mathematics for Business and Economics  
or MATH 220-3 Linear Algebra  
MATH 152-3\*\* Calculus for Non-majors  
or MATH 100-3 Calculus I

\*Students transferring with 30 or more credit hours of courses required for the Commerce degree are exempt from this requirement.

\*\*Students wishing to pursue additional Math courses as electives are advised to choose MATH 100-3 (Calculus I) and MATH 220-3 (Linear Algebra).

Students not having the appropriate prerequisites for any courses must consult with the Business Advisor.

##### 200 Level

COMM 210-3 Financial Accounting  
COMM 211-3 Managerial Accounting

COMM 436-3 Workplace Health and Safety  
ECON 310-3 Intermediate Microeconomic Theory  
ECON 311-3 Intermediate Macroeconomic Theory

Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 120 credit hours.

**S-200802.75**

**New Course Approval — ENSC 450-3**

Rennebohm / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course ENSC 450-3 Geophysical Data Analysis be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course focuses on the practical and theoretical aspects of advanced geophysical data analysis methods, including time series analysis, linear multivariate statistical analysis, nonlinear statistical methods based on neural network, inverse theory and optimal estimate of space-state. Emphasis is placed on the environmental analysis and prediction using large datasets (e.g., the global satellite observations) and dynamical models (space-state models). The course format consists of lectures and labs, where students apply theories and methods to solve practical problems.

Prerequisites: MATH 371-3 or MATH 240-3

Preclusions: ENSC 650 -3

Course Equivalencies: ENSC 650

**S-200802.76**

**Changes to Program Requirements — BSc Minor in Environmental Science**

Annis / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the program requirements for the BSc Minor in Environmental Science be approved as proposed.

Effective date: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Environmental Pollution and Management

ENSC 302-3 Energy Development

ENPL 305-3 Environmental Impact Assessment

ENSC 308-3 Northern Contaminated Environments

ENSC 404-3 Waste Management

ENSC 406-3 Environmental Modelling

ENSC 412-3 Air Pollution

ENSC 451-3 Groundwater Hydrology

ENSC 452-3 Reclamation and Remediation of Disturbed Environments

ENSC 453-3 Environmental Resources Management and Decision Making

NREM 410-3 Watershed Management

It was proposed that motions S-200802.77 and S-200802.78 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.77**

**Calendar Change — Major in Biochemistry and Molecular Biology**

Rennebohm / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the calendar entry for the Major in Biochemistry and Molecular Biology be changed to reflect the new course numbering for BIOL 312-3 Molecular Cell Physiology.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**300 Level**

BIOL 311-3 Cell and Molecular Biology

CHEM 409-3 Enzymology

**S-200802.79**

**Change to Program Requirements — BIOL 202-3, BIOL 203-3 and BIOL 204-3 Required for Biology BSc Majors**

Holler / Reid

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, all three of BIOL 202-3 Invertebrate Zoology, BIOL 203-3 Microbiology and BIOL 204-3 Plant Biology be taken by Biology BSc majors as required courses, instead of being able to take a choice of two of the three courses.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Major in Biology**

The major in Biology requires students to take at least ~~62~~ 65 credit hours of biology-oriented courses, of which 42 credit hours must be upper division (i.e., 300 or 400 level). Note: NRES 430-6 can count as up to six credit hours toward this requirement (with permission of the Biology Program Chair).

The minimum requirement for the completion of a Bachelor of Science with a major in Biology is 126 credit hours.

## **Program Requirements**

### **Lower Division Requirement**

#### **100 Level**

BIOL 101-4 Introductory Biology I  
BIOL 102-4 Introductory Biology II  
CHEM 100-3 General Chemistry I

Two of:

ENSC 201-3 Introduction to Atmospheric Science  
ENSC 202-3 Introduction to Aquatic Systems  
FSTY 205-3 Introduction to Soil Science  
GEOG 210-3 Geomorphology

It was proposed that motions S-200802.80 to S-200802.82 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.80**

**New Course Approval — FSTY 207-1**

Safaei Boorjony / Reid

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course FSTY 207-1 Terrestrial Ecological Classification be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Terrestrial Ecological Classification explores the critical concepts and methodology of classifying terrestrial ecosystems. The course explores the historical context and attributes of several systems of ecological classification. The primary focus is Biogeoclimatic Ecosystem Classification, the standard for natural resource managers in BC. The course also explores regional examples of site classification.

Prerequisites: BIOL 101-4 and BIOL 102-4

**S-200802.81**

**New Course Approval — FSTY 209-4**

Safaei Boorjony / Reid

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course FSTY 209-4 Forest Biology and Silvics be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Calendar Course Description: Forest Biology and Silvics explores critical aspects of the biology of forest floor organisms and the autecology of associated regional tree species.

The course also examines the biology and ecology of forest ecosystems, the structure and function of forest trees and stands, the influence of biotic and abiotic factors on tree and stand growth, interactions between forest ecosystems and ecological site conditions, and silvicultural attributes of tree species of Western Canada.

Prerequisites: BIOL 101-4 and BIOL 102-4 and FSTY 201-3

**S-200802.82**

**New Course Approval — FSTY 317-1**

Safaei Boorjony / Reid

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course FSTY 317-1 Forest Disturbance Agents be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This laboratory course focuses on the identification of pathogens and insects of importance in forest health. The course is required for students in the Natural Resources Management degree Forest Ecology and Management major, and it should be taken concurrently with FSTY 307-3. Field trips are required.

Prerequisites: 60 credit hours

Co-requisites: FSTY 307-3

Preclusions: FSTY 307-4

**S-200802.83**

**New Course Approval — NREM 413-3**

Annis / Robinson

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course NREM 413-3 Agroforestry be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course introduces students to agroforestry concepts, strategies and practices (systems). Discussions include ecological, economic, and social circumstances under which a landowner lives and makes decisions about whether or not to practice agroforestry. Both temperate and tropical approaches to agroforestry systems are addressed in the course. Special attention is given to agroforestry research and development in British Columbia.

Prerequisites: Upper Division Standing (More Than 60 Credit Hours)

It was proposed that motions S-200802.84 to S-200802.86 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.84**

**Change to Course Title and Credit Hours — FSTY 201-4**

Rennebohm / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the course title and number of credit hours for FSTY 201-4 Plant Systems be changed as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**FSTY 201-4** ~~**FSTY 201-3**~~ **Forest Plant Systems** ~~Identification and ecology of important forest plants (woody and herbaceous); attributes significant to vegetation management. Field trips required. Includes development of a plant collection. This course provides knowledge and understanding of classification, nomenclature and identification, morphology, phenology, range, natural history, evolutionary relationships, and basic ecology of important trees (native and exotic) and forest plant families (woody and herbaceous) in western Canada. The course also provides a survey of plant indicator potential and attributes significant to vegetation management. The course includes the development of a plant collection and field trips are required.~~

*Prerequisites:* BIOL 101-4 and BIOL 102-4

*Co-requisites:* FSTY 205-3

**S-200802.85**

**Change to Course Title, Credit Hours, and Calendar Course Description — FSTY 305-3**

Rennebohm / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the course title, credit hours, and course description of FSTY 305-3 Silviculture I be changed as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~**FSTY 305-3**~~ **FSTY 305-4** ~~**Silviculture I**~~ **Silviculture** ~~Stand dynamics, natural and artificial regeneration methods, site preparation, intermediate stand treatments, relationships of natural resource management to silviculture practices. Field trips required.~~ Silviculture examines forest ecology, stand dynamics, basic management practices and harvesting. Content includes stand dynamics, natural and artificial regeneration methods, site preparation, intermediate stand treatments, silvicultural systems, forest harvesting concepts and practices, and relationships of natural resource management to silviculture practices. Field trips are required.

*Prerequisites:* ~~FSTY 201-4~~ FSTY 201-3, FSTY 205-3, ~~206-3~~, ~~208-3~~, FSTY 209-4, NREM 203-3

**S-200802.86**

**Change to Course Title, Credit Hours, and Calendar Course Description — FSTY 307-4**

Rennebohm / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the course title, credit hours, and course description of FSTY 307-4 Forest Health be changed as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~FSTY 307-4~~ FSTY 307-3 Forest Health Disturbance Ecology and Forest Health ~~This~~ lecture course explores principles ~~Principles~~ and concepts of disturbance ecology, ~~including examples of fire, disease and insects~~ forest entomology and forest pathology. Links between anthropomorphic disturbances, Processes for addressing fire risk and forest health problems, and approaches to forest health management are explored. ~~Field trips required.~~

*Prerequisites:* 60 credit hours, ~~FSTY 201-4~~ FSTY 201-3, FSTY 207-1, FSTY 208-3 ~~FSTY 209-4~~

It was proposed that motions S-200802.87 and S-200802.88 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.87**

**Change to Course Title, Credit Hours, and Calendar Course Description — NREM 100-2**

Rennebohm / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the course title, credit hours, and course description of NREM 100-2 Natural Resources Management I be changed as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~NREM 100-2~~ NREM 100-3 Natural Resources Management I Field Skills ~~This~~ ~~course is an introduction to basic~~ introduces contemporary and traditional field skills in the natural resources including field navigation, outdoor survival, plant and tree identification, basic natural resource measurements, use of GPS, and air photo interpretation. Extensive fieldwork is required.

*Prerequisites:* none

*\*Note: Applications for exemption from ~~NREM 100-2~~ NREM 100-3 must be made within the first year of study in any program that requires ~~NREM 100-2~~ NREM 100-3.*

**S-200802.88**

**Change to Credit Hours and Calendar Course Description — NREM 101-2**

Rennebohm / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the credit hours and course description for NREM 101-2 Natural Resources Management II be changed as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~**NREM 101-2**~~ ~~**NREM 101-3**~~ ~~**Natural Resources Management II**~~ ~~**Introduction to**~~ ~~**Natural Resources Management and Conservation**~~ Introduction to natural resource policies, issues and professional fields of natural resources management. This course introduces past, present and future issues in natural resources management and conservation. Guest speakers share their professional experiences working in various fields of natural resources management. Students learn to think critically about the multidisciplinary nature of resource management and they provide solutions to complex, real-world problems.

*Prerequisites: none*

It was proposed that motions S-200802.89 to S-200802.92 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.89**

**Course Deletion — FSTY 206-3**

Reid / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, FSTY 206-3 Forest Biology be deleted.

Effective date: September 2008

CARRIED.

**S-200802.90**

**Course Deletion — FSTY 208-3**

Reid / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, FSTY 208-3 Silvics be deleted.

Effective date: September 2008

CARRIED.

**S-200802.91**

**Course Deletion — FSTY 302-3**

Reid / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, FSTY 302-3 Forest Harvesting Systems be deleted.

Effective date: September 2008

CARRIED.

**S-200802.92**

**Course Deletion — FSTY 309-3**

Reid / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, FSTY 309-3 Fire Ecology and Management be deleted.

Effective date: September 2008

CARRIED.

**S-200802.93**

**Approval of New Minor in Biology and Conservation**

Reid / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new minor in Biology and Conservation be approved as proposed.

Proposed start date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**B. Program Description**

- 1. General Calendar Description:** The minor in Biology and Conservation provides students with a background in ecological principles and techniques associated with the management and conservation of animal and plant populations and communities associated with a range of ecosystems. Upon completion of the minor, students will have a broad background in genetics and evolution, population and community dynamics, ecological analysis, and the key problems and approaches for conserving biological diversity.

The minor in Biology and Conservation requires the completion of a minimum of 27 credit hours of study (plus associated prerequisites). A maximum of two courses (6 credit hours) used to

fulfill the requirements for a major, or another minor, may also be used to fulfill requirements for this minor. Forest Ecology and Management Majors will have the following pre-requisites as part of the major core requirements. Students from other majors will need to fulfill the pre-requisite requirements for this minor.

BIOL 101-4 Introductory Biology I  
BIOL 102-4 Introductory Biology II  
BIOL 201-3 Ecology  
MATH 240-3 Basic Statistics

## 2. Curriculum:

### Required Courses

BIOL 210-3 Genetics  
BIOL 325-3 Ecological Analysis  
BIOL 410-3 Population and Community Ecology  
BIOL 411-3 Conservation Biology

Five of the following courses, three of which must be Biology courses:

NREM 204-3 Introduction to Wildlife and Fisheries  
BIOL 303-3 Plant Physiology  
BIOL 305-3 Plant Morphology and Anatomy  
BIOL 307-3 Ichthyology and Herpetology  
BIOL 308-3 Ornithology and Mammalogy  
BIOL 321-3 Animal Physiology  
BIOL 323-3 Evolutionary Biology  
BIOL 350-3 Ethnobotany  
BIOL 401-3 Plant-Microbial Interactions  
BIOL 402-3 Aquatic Plants  
BIOL 404-3 Plant Ecology  
BIOL 406-3 Fish Ecology  
BIOL 412-3 Wildlife Ecology  
BIOL 440-3 Internship  
ENPL 305-3 Environmental Impact Assessment  
ENVS 325-3 Global Environmental Change  
NREM 413-3 Agroforestry

### **S-200802.94**

#### **Approval of New Minor in Earth Sciences**

Domshy / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new minor in Earth Sciences be approved as proposed.

Proposed start date: September 2008

CARRIED.

A Senator noted that the proposed new minors are introducing new policy into the University, as they're obligatory to the degree. He added that it was his understanding that the minors were introduced simply

because streams or specializations are not currently noted on parchments. Dean McGill responded that the minors were not mandatory, but a suite of courses was mandatory that happened to constitute a minor.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **B. Program Description**

1. **General Calendar Description:** The Earth Sciences minor provides depth in areas of earth science that support natural resource management. Students are required to complete 18 credit hours (12 of which must be 300 or 400 level) chosen from the following lists, with at least one course from each of the first three groups. A maximum of two courses (6 credit hours) used to fulfill the requirements for a major, or another minor, may also be used to fulfill requirements for this minor. It is the student's responsibility to ensure that they have the required prerequisites.

### **2. Curriculum:**

Hydrology:

ENSC 202-3 Introduction to Aquatic Systems  
ENSC 451-3 Groundwater Hydrology  
ENSC 454-3 Snow and Ice  
GEOG 310-3 Hydrology *or* NREM 410-3 Watershed Management

Geomorphology:

GEOG 311-3 Concepts in Geomorphology  
GEOG 405-3 Fluvial Geomorphology  
GEOG 411-3 Advanced Elements in Geomorphology  
GEOG 412-3 Geomorphology of Cold Regions  
GEOG 414-3 Weathering Processes

Soil Science:

FSTY 315-3 Forest Soil Management  
FSTY 425-3 Soil Formation and Classification  
FSTY 455-3 Biogeochemical Processes in Soil Systems

Other:

ENSC 425-3 Global Change Science  
GEOG 413-3 Advanced GIS  
GEOG 432-3 Remote Sensing  
GEOG 457-3 Advanced Remote Sensing

**S-200802.95**

**Approval of New Minor in Natural Resources Planning and Operations**

Hutchings / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new minor in Natural Resources Planning and Operations be approved as proposed.

Proposed start date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**B. Program Description**

- 1. General Calendar Description:** The Natural Resources Planning and Operations minor is designed for students primarily interested in planning and operations (and their governing policies) related to the management of forested and non-forested lands. Students will learn about natural resource policy, forest-management planning and operations, environmental impacts of management practices, forest productivity and timber supply, and resource sustainability along with current computer-based management tools. It is strongly recommended that students taking this minor have a background in forest ecology and management.

The minor in Natural Resources Planning and Operations requires the completion of 19 credit hours, of which 12 credit hours must be at the upper division (i.e., 300 or 400 level). Courses used to fulfill major requirements may not be applied toward the minor in Forest Planning and Operations. It is the student's responsibility to ensure that they have the required prerequisites.

**2. Curriculum:**

**Required Courses**

NREM 210-4 Integrated Resource Management

ENVS 301-3 Natural Resources, Environmental Issues, and Public Engagement

Four from the following courses (with no more than two courses in any single program [e.g., ENPL]):

BIOL 325-3 Ecological Analysis

BIOL 413-3 Wildlife Management

ECON 305-3 Environmental Economics

ECON 330-4 Resource Economics

ECON 411-3 Cost-Benefit Analysis

ENPL 204-3 Principles and Practices of Planning

ENPL 303-3 Spatial Planning with GIS

ENPL 304-3 Mediation, Negotiation and Public Participation

ENPL 305-3 Environmental Impact Assessment

ENPL 410-3 Land Use Planning

ENPL 411-3 Planning Theory, Process and Implementation  
ENSC 453-3 Environmental Resource Management / Decision Making  
FSTY 310-3 Forest Economics  
FSTY 315-3 Forest Soil Management  
FSTY 405-3 Forest Growth and Yield  
FSTY 407-3 Forest Products  
GEOG 413-3 Advanced GIS  
NREM 306-3 Society, Policy and Administration  
NREM 410-3 Watershed Management  
NREM 413-3 Agroforestry

**S-200802.96**

**Approval of New Minor in Social Dimensions of Natural Resources Management**

Rapaport / Rennebohm

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new minor in Social Dimensions of Natural Resources Management be approved as proposed.

Proposed start date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**B. Program Description**

- 1. General Calendar Description:** The Minor in Social Dimensions of Natural Resources Management prepares students to engage the public and First Nations in collaborative processes dealing with the range of values encompassed within the practice of natural resources management. Upon completion of the minor, students will be familiar with planning policy and practice as it applies to natural resources management, the range of values and social considerations that apply to a number of resource sectors, and tools for soliciting and involving multi-stakeholder interests.

The minor in Social Dimensions of Natural Resources Management requires the completion of a minimum of 24 credit hours of study. A maximum of two courses (6 credit hours) used to fulfill the requirements for a major, or another minor, may also be used to fulfill requirements for this minor. Students need to fulfill the prerequisite requirements for this minor.

**2. Curriculum:**

**Required**

ENPL 401-3 Environmental Law

(additional pre-requisites required POLS 100-3 Contemporary Political Issues)

One of:

ENPL 304-3 Mediation, Negotiation and Public Participation

ENVS 326-3 Natural Resources, Environmental Issues, and Public Engagement

One of:

POLS 332-3 Community Development  
POLS 434-3 Resource Communities in Transition

An additional five of the following courses (no more than 2 courses in any single program [e.g., ENPL]):

BIOL 350-3 Ethnobotany  
ENPL 104-3 Introduction to Planning  
ENPL 304-3 Mediation, Negotiation and Public Participation  
ENPL 319-3 Social Research Methods  
ENPL 409-4 Advanced First Nations Community and Environmental Planning  
ENVS 326-3 Natural Resources, Environmental Issues, and Public Engagement  
ENVS 325-3 Global Environmental Change: Science and Policy  
FNST 203-3 Introduction to Traditional Ecological Knowledge  
FNST 304-3 First Nations Environmental Philosophy and Knowledge  
FSTY 440-3 Internship  
GEOG 401-3 Resource Geography  
GEOG 403-3 Aboriginal Geography  
GEOG 424-3 Social Geography of Northern Communities  
HIST 421-(3-6) Topics in Environmental History  
NREM 413-3 Agroforestry  
ORTM 200-3 Sustainable Outdoor Recreation and Tourism  
POLS 220-3 Canadian Law and Aboriginal Peoples  
POLS 316-3 Community, Government and Politics  
POLS 332-3 Community Development  
POLS 434-3 Resource Communities in Transition

**S-200802.97**

**Approval of New Minor in Forest Recreation**

McGill / Hutchings

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new Minor in Forest Recreation be approved as proposed.

Proposed start date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

B. Program Description

3. General Calendar Description: The minor in Forest Recreation provides natural resource management students and others with an opportunity to gain a foundation and expertise in the specialized aspects of forest recreation while pursuing another major. The minor requires students to take a total of 18 credits. The minor has three required courses basic to the field of Forest Recreation (nine credits) and a set of elective courses (minimum of nine credits).
4. Curriculum:

## Required Courses

ORTM 100-3 Leisure in Life  
ORTM 200-3 Sustainable Recreation and Tourism  
ORTM 300-3 Recreation and Tourism Impacts

## Elective Courses

Nine credit hours from the following list with a minimum of three credit hours at the 400 level:

ORTM 301-3 Environmental Interpretation  
ORTM 305-3 Protected Area Planning and Management  
ORTM 306-3 Indigenous Tourism and Recreation  
ORTM 333-3 Field Experience  
ORTM 400-3 Recreation and Tourism Ecology, Management and Design  
ORTM 407-3 Recreation, Tourism and Communities  
ORTM 410-3 Research Methods and Analysis  
ORTM 412-3 Issues and Trends in Outdoor Recreation and Tourism  
ORTM 440-(2-6) Internship  
ORTM 498-(1-3) Special Topics  
ORTM 499-(1-6) Independent Study

A maximum of two courses (six credit hours) used to fulfill program requirements for a major (or another minor) may also be used to fulfill requirements for this minor.

An Executive Summary of the BSc in Natural Resources Management (Forestry Major) was included for information.

### **S-200802.98**

#### **Change to Program Requirements — BSc in Natural Resources Management (Forestry Major)**

McGill / Annis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the BSc in Natural Resources Management (Forestry Major) be accepted and the calendar changed to reflect the revisions as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in Forestry**

### **Major in Forest Ecology and Management**

~~Undergraduate students are required to take 22 Forestry and Natural Resources Management courses (68 credit hours). Of these, 15 courses must be upper division.~~

Undergraduate students are required to take a total of 96 credit hours of program core courses in addition to a qualified minor as outlined below.

The minimum requirement for completion of a Bachelor of Science with a major in Forest Ecology and Management is ~~136~~ 123 credit hours.

## **Program Requirements**

### **100 Level Requirements:**

BIOL 101-4 Introductory Biology I  
BIOL 102-4 Introductory Biology II  
CHEM 100-3 General Chemistry I  
CHEM 101-3 General Chemistry II  
CHEM 120-1 General Chemistry Lab I  
CHEM 121-1 General Chemistry Lab II

~~FSTY 405-3 Silviculture II~~  
~~FSTY 407-3 Forest Products~~  
FSTY 408-3 Forest Practices and Management  
NREM 400-4 Natural Resources Planning  
~~NREM 410-3 Watershed Management~~  
NREM 411-3 Environmental and Professional Ethics  
NRES 421-1 Professional Writing  
and NRES 422-2 Undergraduate Report  
or NRES 430-6 Undergraduate Thesis

**Elective Requirement:**

~~Elective credit hours as necessary to ensure completion of a minimum of 136 123 credit hours.~~

**Minor requirement associated with Forest Ecology and Management major**

Forest Ecology and Management students are required to complete a minor as part of their degree. The eligible minors will allow students to gain a solid foundation in numerous specialized areas of forest management.

Eligible minors include:

- Biology and Conservation
- Earth Science
- Environmental Planning
- Environmental Science
- Environmental Studies
- Forest Recreation

- General Business
- Geographic Information Systems (GIS)
- Global Environmental Change
- Natural Resources Planning and Operations
- Social Dimensions of Natural Resource Management

Minors have different credit hours requirements, but for all minors 12 credit hours must be at the upper division (i.e., 300 or 400 level). Students must ensure that all prerequisite courses have been completed for elective choices in each minor. Beyond the specific minor requirements, students must complete elective credit hours as necessary to ensure completion of a minimum of 123 credit hours.

### **~~BSc Honours-Forestry~~**

### **BSc Honours-Forest Ecology and Management**

The Honours in ~~Forestry~~ Forest Ecology and Management offers students a higher level of education and research experience for proceeding to post graduate studies. Honours students are required to complete the degree requirements for the BSc Natural Resources Management (~~Forestry Major~~) (Forest Ecology and Management Major). In addition, required hours of electives credits must be at the 300 or 400 level and each student must complete a 6 credit hour research thesis under the supervision of a faculty member.

Admission to the honours program will take place after the completion of 60 credit hours and will require a minimum CGPA of 3.33. Attaining the minimum requirement will not guarantee admission to the honours program, which will be at the discretion of the Program. Maintenance of a CGPA of 3.33 is required to remain in the honours program.

Elective credit hours are determined to be the number of credit hours needed to ensure completion of a minimum of ~~136~~ 123 credit hours; not including thesis.

#### **S-200802.98A**

#### **Change to Program Requirements — BSc in Natural Resources Management (Wildlife and Fisheries Major)**

Rennebohm / Casperson

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the BSc in Natural Resources Management (Wildlife and Fisheries major) be approved.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in Wildlife and Fisheries**

~~Undergraduate students are required to take 16 Biology courses (50 credit hours) and six Natural Resources Management courses (17-18 credit hours).~~ Undergraduate students are required to take 21 Biology and Natural Resources Management courses (65-66 credit hours). Of these, 14 courses must be upper division.

The minimum requirement for completion of a Bachelor of Science with a major in Wildlife and Fisheries is ~~125~~ 123 credit hours.

## **Program Requirements**

    or NREM 410-3 Watershed Management  
    or NREM 333-3 Field Camp

#### Electives

Elective credit hours as necessary to ensure completion of a minimum of ~~125~~ 123 credit hours.

#### **S-200802.99**

#### **New Course Approval — ORTM 433-(1-6)**

Madak / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, a new course ORTM 433-(1-6) Field Experience II be approved as proposed.

Proposed semester of first offering: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This senior-level experiential course provides a combination of theoretical and practical skills in the field. The course integrates outdoor recreation and nature-based tourism perspectives, and is based in various locations in BC, and worldwide. ORTM 433 may be offered in conjunction with ORTM 333; in some years enrolment may be required in both.

Credit Hours: 1-6

Contact Hours: Lecture \_\_\_\_, Laboratory \_\_\_\_, Seminar \_\_\_\_, Other (specify): 1-6 (dependent on credit hours, but also on specific iteration of the course). Specific nature of the contact hours (seminar vs. lab) will also depend on the specific iteration of the course.

Prerequisites: Any 300 level ORTM course and 60 credit hours, and permission of instructor.

Co-requisites: ORTM 333-3 in some years

#### **S-200802.100**

#### **Change to Program Requirements — Geography Program (BSc) Minor in Geographic Information Systems**

McGill / Casperson

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the Geography Program (BSc) minor in Geographic Information Systems be approved and the calendar changed to reflect the revisions as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **Minor in GIS (Geographic Information Systems)**

The aim of the minor is to provide a level of competence in, ~~and exposure to,~~ a combination of courses in Geographic Information Systems and Computer Science technologies. This grouping is designed to serve both majors in NRES programs and in Computer Science. Combining these selected courses in Geography and Computer Science will provide a level of proficiency in geographic data processing and analysis suitable for careers in the GIS industry.

The ~~four~~ three required Geography courses are the core of the minor, along with four additional courses selected from a list of GIS courses and Computer Science courses, of which CPSC 110-3 (Introduction to Computer Systems and Programming), CPSC 126-3 (Introduction to Computer Systems), and ~~CPSC 311-3 (Computer Applications Programming)~~ CPSC 350-3 (Computer Graphics) are aimed

at those not majoring in Computer Science. ~~The final project course is designed to integrate the Minor components.~~

A maximum of two courses (six credit hours) at or above the 200 level used to fulfill program requirements for a major or another minor may also be used to fulfill requirements for a minor in GIS.

The minimum requirement for the completion of the minor in GIS is ~~24~~ 21 credit hours, of which at least 12 must be upper year credits.

### Requirements

GEOG 205-3	Cartography and Geomatics
GEOG 300-3	Geographic Information Systems
<del>GEOG 413-3</del>	<del>Advanced GIS</del>
GEOG 432-3	Remote Sensing

Four (4) from the courses listed below, to include at least one (1) in GEOG/ENPL and two (2) in CPSC

<del>GEOG 430-3</del>	<del>Undergraduate Thesis</del>
<del>GEOG 440-3</del>	<del>Internship</del>
<del>GEOG 498-3</del>	<del>Directed Studies</del>
<del>GEOG 499-3</del>	<del>Independent Studies</del>
<del>CPSC 490-3, CPSC 491-3</del>	<del>Computing Project I, II</del>
<del>CPSC 495-3, CPSC 496-3</del>	<del>Undergraduate Research Project I, II</del>
<u>GEOG 204-3</u>	<u>GIS for the Social Sciences</u>
<u>ENPL 303-3</u>	<u>Spatial Planning with GIS</u>
<u>GEOG 413-3</u>	<u>Advanced GIS</u>
<u>GEOG 457-3</u>	<u>Advanced Remote Sensing</u>

Three of:

CPSC 100-4	Computer Programming I
or CPSC 110-3	Introduction to Computer Systems and Programming
CPSC 126-3	Introduction to Computer Systems
CPSC 270-3	Human Interface Design
<del>CPSC 311-3</del>	<del>Computer Applications Programming</del>
<u>CPSC 350-3</u>	<u>Computer Graphics</u>
CPSC 422-3	Database Systems

**The following items were presented to Senate for information:****SCAPP200801.09****Prerequisite Change — HIST 421-(3-6)**

That the changes to the prerequisite for HIST 421-(3-6) Topics in Environmental History be approved as proposed.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

HIST 421-(3-6) Topics in Environmental History This course explores aspects of environmental history in a variety of geographic settings in various historical periods; the precise content of the course will vary from year to year depending on the expertise of the instructor. The course may be repeated with the permission of the instructor and program chair if the subject matter of the course differs substantially.

Prerequisites: ~~HIST 260-3~~ or One of HIST 360-3, ENVS 306, GEOG 207, POLS 334, FNST 304 or permission of the instructor.

**SCAPP200801.10****Prerequisite Change — HIST 440-(3-6)**

That the changes to the prerequisite for HIST 440-(3-6) Internship in History be approved as proposed.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

HIST 440-(3-6) Internship in History ~~An~~ This is an academic course delivered in relevant workplaces (museums, archives, etc). Students ~~will be~~ are supervised in a manner that ~~will~~ enables them to integrate their academic skills with practical application. This course may be repeated once for a total of six credits.

Prerequisites: History interns must be History majors who have completed 60 credit hours. Permission of the Chair of ~~undergraduate advisor~~ for History is required for registration. ~~60 credit hours. HIST 200-3~~

**SCAPP200801.11****Prerequisite Change — HIST 458-(3-6)**

That the changes to the prerequisite for HIST 458-(3-6) Topics in Law, Order and Society be approved as proposed.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

HIST 458-(3-6) Topics in Law, Order, and Society This course explores the historical interrelationships of law, authority, and social ordering in several geographic contexts. The course may be repeated with the permission of the instructor and program chair if the subject matter of the course differs substantially.

Prerequisites: ~~HIST 210-3 and HIST 211-3~~ Two History courses or permission of the instructor.

**SCAPP200801.12****Change to Prerequisite and Calendar Course Description — HIST 490-(3-6)**

That the changes to the prerequisite and calendar course description for HIST 490-(3-6) Topics in Historiography be approved as proposed.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

HIST 490-(3-6) Topics in Historiography This course ~~will~~ examines particular themes in the history of history as a discipline. Topics might include the study of a particular school of historical thought, different interpretations of a major historical event, noteworthy historical controversies or the work of a significant historian. This course may be repeated for ~~credit (a maximum of six credit hours)~~ with the permission of the instructor and the Program Chair (permission to be given only when the subject matter differs substantially). Prerequisites: ~~HIST 200-3 and HIST 300-3~~ and one additional History course or permission of the instructor.

### **SCAPP200801.13**

#### **Change to Prerequisite and Calendar Course Description — HIST 491-(3-6)**

That the changes to the prerequisite and calendar course description for HIST 491-(3-6) Topics in Intellectual History be approved as proposed.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

HIST 491-(3-6) Topics in Intellectual History This course ~~will~~ examines various themes in the history of ideas. Topics might include major intellectual developments such as the scientific revolution, the Enlightenment or modernism; or the influence of ideas on historical events such as the American and French revolutions may be examined; or particular movements, schools of thought or seminal thinkers may be the focus of the course. This course may be repeated for ~~credit (a maximum of six credit hours)~~ with the permission of the instructor and the Program Chair (permission to be given only when the subject matter differs substantially). Prerequisites: ~~HIST 200-3 and HIST 300-3~~ and one additional History course or permission of the instructor.

### **SCAPP200801.14**

#### **Prerequisite Change — HIST 492-(3-6)**

That the changes to the prerequisite for HIST 492-(3-6) Topics in Cultural History be approved as proposed.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

HIST 492-(3-6) Topics in Cultural History This course ~~will~~ examines various themes in the history of culture. Topics might include major developments in the history of culture such as the Renaissance or Modernism; or the ways in which major historical events such as the Reformation or the First World War have reshaped culture might be examined; or particular cultural movements (such as classicism of 1960s counter-culture) may be the focus of the course. This course may be repeated for ~~credit (a maximum of six credit hours)~~ with the permission of the instructor and the Program Chair (~~permission to be is~~ is given only when the subject matter differs substantially). Prerequisites: ~~HIST 200-3 and HIST 300-3~~ and one additional History course or permission of the instructor.

### **SCAPP200801.17**

#### **Change to Calendar Course Description, Prerequisites and Preclusion — ECON 301-3**

That the changes to the calendar entry for ECON 301-3 Women and the Economy, including the course description, prerequisites and preclusion, be approved as proposed

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ECON 301-3 Women and the Economy** ~~Examination of~~ This course examines women's economic situations in Canada and other industrialized economies. Labour market topics such as why women earn lower wages than men, occupational segregation, and the international division of labour ~~will be~~ are considered. Other topics include the unequal distribution of resources within the household, pay equity, and the feminization of poverty; attention is paid to public policies relating to these issues.

*Prerequisites:* ECON 100-3,101-3, or permission of the instructor or COMM 230-3

*Precluded:* COMM 333-3

### **SCAPP200801.28**

#### **Change to Calendar Course Description and Prerequisite — NURS 304-3**

That the changes to the course description and prerequisite for NURS 304-3 be approved as proposed.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 304-3 Introduction to Nursing Knowledge** This course pProvides an overview of the types of knowledge or theory in the profession, and how such knowledge is developed. It eEncourages a critical analysis of trends in knowledge development and highlights the crucial relationship of knowledge to practice.

*Prerequisites:* ~~upper division standing in BScN program~~ NURS 220-5, or enrolment in the Post-Diploma BScN, or permission of the Program Chair

### **SCAPP200801.29**

#### **Change to Course Prerequisite — NURS 306-3**

That the changes to the prerequisite for NURS 306-3 be approved as proposed.  
Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 306-3 Introduction to Epidemiology** This course applies epidemiological principles in the examination of patterns of disease and disability among populations, particularly those in northern latitudes. It introduces students to the interpretation of vital statistics, the critique of cross-sectional, case-control and cohort design, and the principles of screening.

*Prerequisites:* ~~upper division standing in the BScN program or permission of the instructor.~~ NURS 220-5, or enrolment in the Post-Diploma BScN, or permission of the Program Chair

*Precluded:* HHSC 350-3

### **SCAPP200801.30**

#### **Change to Calendar Course Description and Prerequisite — NURS 308-3**

That the changes to the course description and prerequisite for NURS 308-3 be approved as proposed.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 308-3 Ethics and Law in Nursing** This course eExamines ethical reasoning and the use of ethical theory in nursing practice decisions. Health care law as it

relates to nursing practice is explored. Special focus is on the meaning and use of nursing practice acts, professional standards of practice and nursing codes of ethics.

*Prerequisites:* ~~upper division standing in BScN program~~ NURS 220-5 or permission of the Program Chair

**SCAPP200801.31**

**Change to Calendar Course Description and Prerequisite — NURS 312-3**

That the changes to the course description and prerequisite for NURS 312-3 be approved as proposed.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 312-3 Mental Health Nursing Practice** This course ~~introduces~~ the theory and concepts of mental health nursing and examines the role of the mental health nurse in northern nursing practice settings. Attention is given to historical, current and projected trends with a focus on the unique concerns of the north.

*Prerequisites:* ~~upper division standing in NCBNP~~ NURS 220-5 or permission of the Program Chair

**SCAPP200801.32**

**Change to Calendar Course Description and Prerequisite — NURS 313-3**

That the changes to the course description and prerequisite for NURS 313-3 be approved as proposed.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 313-3 Nursing Practice with the Elderly Adult** This course ~~examines~~ the knowledge, skills and attitudes required to provide holistic care to the older adult. The course focuses on the older adult's strengths and wisdom in adjusting to the aging process as well as acknowledging the effect of acute and chronic physical and psychological conditions.

*Pre- or co-requisites:* ~~upper division standing in the NCBNP~~

*Prerequisites:* NURS 220-5 or permission of the Program Chair

**SCAPP200801.66**

**Change to Calendar Course Description — ENPL 301-3**

That the course description for ENPL 301-3 Sustainable Communities: Structure and Sociology be changed as proposed.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENPL 301-3 Sustainable Communities: Structure and Sociology**

Organization, function, change, development and decline of communities; applications emphasizing rural and urban settings. This course focuses on the social dimension of planning, including the organization, function, development, and decline of human settlements. Students learn about the sociology of community and the relations between social interaction and physical structures. Topics include social impact assessments, indicators of sustainable communities, and current planning programs (eg., healthy communities, new urbanism, and Smart Growth).

*Prerequisites:* none

*Preclude:* ENVS 301-3

**SCAPP200801.67**

**Change to Calendar Course Description and Course Number — ENPL 419-3**

That the course description and number for ENPL 419-3 Social Research Methods be changed as proposed.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~**ENPL 419-3 Social Research Methods** This is a capstone course for Environmental Studies BSc and BA majors. An overview of quantitative and qualitative research methods used in environmental studies, social sciences, and humanities, including issues such as research design, data collection techniques, data analysis and management. Approach will be problem-oriented in which students examine a complete system (e.g. pulp industry) cooperatively with students in ENSC 418-3.~~

**ENPL 319-3 Social Research Methods** This course provides an overview of social research methods used in environmental planning, social sciences, and humanities. Topics covered include research design, data collection techniques (e.g., surveys, interviews), quantitative and qualitative data analysis, and project management.

~~*Prerequisites:* 90 credit hours or permission of the instructor~~

~~*Preclude:* ENVS 419-3~~

*Prerequisites:* 60 credit hours or permission of the instructor

*Precluded:* ENVS 419-3 and ENPL 419-3

**SCAPP200801.68**

**Change to Calendar Course Description — ENPL 440-(2-6)**

That the course description for ENPL 440-(2-6) Internship be changed as proposed.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~**ENPL 440 (2-6) Internship** May be repeated for credit (maximum six credit hours).~~ This course allows students to gain applied knowledge in the field of planning outside the university setting. A student can take one or several

internship(s) for a maximum of 6 credit hours toward the Bachelor of Planning degree.

Prerequisites: permission of the instructor and Program Chair.

**SCAPP200801.75**

**Change to Calendar Course Description — COMM 343-3**

That the course description for COMM 343-3 Consumer Behaviour be revised as proposed.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**COMM 343-3 ~~Consumer Behaviour~~ Behavioural Marketing** This course ~~focuses on~~ examines the psychological, social, and cultural factors that influence consumer cognition, feelings, attitudes and behaviour by introducing concepts, principles and theories drawn from marketing and related social science disciplines. Students learn from a managerial decision-making perspective and investigate the implications of consumer behaviour for all stages of the marketing process, including product development, marketing communications, and post-sales services. ~~that are relevant to the prediction and explanation of individual, group and environmental influences on consumption behavior. Beyond understanding how consumption behavior is manifested in all of its forms, students are exposed to a managerial decision-making perspective by examining how target market and positioning strategies can be used to influence consumer cognitions, feelings, attitudes, and behavior.~~

Prerequisites: COMM 240-3

**SCAPP200801.76**

**Change to Calendar Course Description and Course Title — COMM 400-3**

That the calendar course description and course title for COMM 400-3 Business Policy I be revised as proposed.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**COMM 400-3 ~~Business Policy I~~ Strategic Management** An integrated This integrative course which focuses on the core concepts and analytical tools of strategic planning and implementation. The materials presented cover the changes in competitive markets and company strategies that are being driven by globalization and technological innovation. ~~functions and responsibilities of senior management. The course deals with the concept of organizational strategy, including how it is developed and implemented in actual situations. The course includes extensive use of case analysis and features a wide range of business types and sizes. Focus on cases related to small business, tourism and other industries of regional significance.~~

Recommended: This course is open to Commerce students in their graduating year.

**SCAPP200801.96**

**Course Number and Title Change — BIOL 424-3**

That BIOL 424-3 Molecular Cell Physiology be renamed to BIOL 312-3 Molecular Cell Physiology.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**~~BIOL 424-3~~ 312-3 Molecular Cell Physiology** This course examines the molecular basis of cellular processes from cell-division to cell signalling, cell and tissue interactions, cellular mechanisms of development, cell differentiation, and the immune system.

*Prerequisites:* BIOL 311-3

*Preclusion:* BIOL 424-3

**SCAPP200801.107**

**Course Title Change — FSTY 405-3**

That the name of FSTY 405-3 Silviculture II be changed to FSTY 405-3 Forest Growth and Yield.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**~~FSTY 405-3 Silviculture II~~ Forest Growth and Yield** This course explores factors influencing forest yields, traditional prediction methods, and growth and yield simulation. The course also explores ~~Exploration of~~ stand dynamics, quantitative implications of management treatments and environmental limitations to tree and stand growth.

*Prerequisites:* NREM 203-3 and MATH 152-3, MATH 342-3 and ~~FSTY 305-3~~ FSTY 305-4

**SCAPP200801.110**

**Calendar Course Description Change — NREM 203-3**

That the course description of NREM 203-3 Resource Inventories and Measurements be changed as proposed.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**~~NREM 203-3 Resource Inventories and Measurements~~ Introduction to measurement techniques and concepts used in natural resources fields including forest inventory. Extensive field work required. This course introduces multiple resource inventories, designed to provide an understanding of how natural resources are sampled and quantified. Emphasis is placed on the measurement of forest attributes, and the analysis of forest resource data. Students learn how to make graphical and numerical summaries of their datasets and to generate descriptive statistics such as measures of central tendency and dispersion. This**

foundational course prepares students for future courses and careers in natural resource management, by providing them with a set of basic field skills and techniques. Field trips are required.

*Prerequisites:* ~~three credit hours of computer science, NREM 100-2~~ NREM 100-3

**SCAPP200801.111**

**Change to Calendar Course Description and Prerequisites — NREM 400-4**

That the course description and prerequisites for NREM 400-4 Natural Resources Planning be changed as proposed.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NREM 400-4 Natural Resources Planning** ~~Natural resource management planning processes to include crown land and different lease arrangements as well as private land. Inventory, public involvement, implementation, monitoring, and assessing resource values.~~ This course focuses on the development and application of planning frameworks, government policy, and legislation from the perspective of natural resources management in British Columbia and Canada. Students are exposed to contemporary approaches for natural resources planning, the history and current application of policy and legislation in BC, and a variety of tools for engaging the public and stakeholders.

*Prerequisites:* 90 credit hours ~~and NREM 210-4~~ or permission of the instructor

**7.2 Senate Committee on Research and Graduate Studies**

**Thring**

In Dr. Thring's absence, the report from the Senate Committee on Research and Graduate Studies was presented by Dean Martel.

An Executive Summary of the proposed changes to the Economics Program was included for information.

**S-200802.101**

**New Course Approval — ECON 799-12**

Holler / Hemingway

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course ECON 799-12 Master's Thesis be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The MA thesis should pose and examine a significant development question in a way that demonstrates critical thinking, an understanding of the relevant literature, and the ability to conduct systematic research. In preparation for the thesis, a research proposal is to be drafted for approval by a supervisory committee. An oral defence of the thesis is required.

### **S-200802.102**

#### **Change to Program Requirements and Calendar Description — MA Development Economics**

Randall / Casperson

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course ECON 799-12 Master's Thesis be approved to be added to the MA Development Economics Program, and the calendar description be revised.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Development Economics (MA Program)

---

Fiona MacPhail, Associate Professor, and Program Chair

Paul Bowles, Professor

Ajit Dayanandan, Assistant Professor

Karima Fredj, Assistant Professor

Jalil Safaei Boroojeny, Assistant Professor

Baotai Wang, Assistant Professor

Bryan Bogdanski, Adjunct Professor

**Website:** <http://www.unbc.ca/economics>

Economic development remains a critical issue for more than three-quarters of the world's population who reside in countries classified as "low income" or "middle income." The causes and consequences of economic development remain contested issues. This academic program considers the changing global, regional and national contexts for economic development; the policy lessons that can be learned from comparative studies; and the tools required to enable development economists to contribute to the development process.

Economic development cannot be studied in isolation from other dimensions of development. An understanding of poverty, for example, requires not only economic analysis but also an understanding of the insights provided by other social and health sciences. The training of a development economist must therefore expose students to interdisciplinary approaches to development.

The Master of Arts degree in Development Economics is available on a full-time or part-time basis, involving coursework and the mandatory completion of a graduate project or thesis. Upon admission into the Development Economics MA program, each student will be assigned a supervisor, who will work closely with the students to monitor their program of study and progress. In consultation with the supervisor, students will choose courses designed to complement and inform their areas of interest.

### Admission Requirements:

Applicants to the UNBC Development Economics MA program must follow the admission requirements outlined in [Section 1.0 of the UNBC Graduate Academic Calendar](#). Applicants normally should have a four-year undergraduate degree that is equivalent to a UNBC degree in Economics. In addition to these requirements, applicants must also provide a sample of written work (usually a senior-level undergraduate essay or research paper) as part of their application. Entrance to the MA will be competitive: only applicants with a record of excellence in undergraduate work, strong letters of academic recommendation, and strong letters of intent will be considered. In their letters of intent, applicants should demonstrate evidence of interest in the MA's areas of specialization (Development Economics). ~~The application deadline is March 30, 2007~~

for the September 2007 entry. ~~The deadline will be February 15 in subsequent years (please consult the Graduate Calendar Admission Deadlines).~~ Successful applicants will enter the M.A. program the following September (at the beginning of the Fall Semester).

Application deadlines are found in this calendar under "Semester Dates" or online at: <http://www.unbc.ca/calendar/graduate/>, also under "Semester Dates." The Development Economics MA Program accepts students for the September Semester.

For additional information about graduate admissions or to download application materials, go to the Graduate Programs website at <http://www.unbc.ca/graduateprograms/>.

## Requirements:

The course of study is composed of a minimum total of 24 credit hours of work for the project option and a minimum of 27 credit hours of work for the thesis option. First, students are required to complete 5 courses totaling 15 credit hours. Second, students are required to produce (i) both a detailed project proposal and bibliography and to defend, in a formal oral examination, a 9-credit project of a maximum of 50 pages in length or (ii) a detailed thesis proposal and to defend, in a formal oral examination, a 12 credit thesis of a maximum of 75 pages.

## Required Courses:

<a href="#">ECON 601-3</a>	The Global Economy
<a href="#">ECON 604-3</a>	Poverty, Inequality and Development
<a href="#">ECON 710-3</a>	Macroeconomic Policy for Development
<a href="#">ECON 712-3</a>	Applied Econometrics

## Required Research:

<a href="#">ECON 798-9</a>	MA Project <u>or</u>
<a href="#">ECON 799-12</a>	MA Thesis

In addition, any student who does not, at the time of entry to the program, have a course in advanced microeconomics at the undergraduate level will be required to take [ECON 451-3](#) (Advanced Microeconomics).

## Elective Course:

The elective course is normally selected from graduate level Economics courses offered at UNBC and must be approved by the supervisor.

### **S-200802.103**

#### **New Course Approval — ENSC 650-3**

Holler / Hemingway

That, on the recommendation of the Senate Committee on Research and Graduate Studies, a new course ENSC 650-3 Geophysical Data Analysis be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course focuses on the practical and theoretical aspects of advanced geophysical data analysis methods, including time series analysis, linear multivariate statistical analysis, nonlinear statistical methods based on neural network, inverse theory and optimal estimate of space-state. Emphasis is placed on the environmental analysis and prediction using large datasets (e.g., the global satellite observations) and dynamical models (space-state models). The course format consists of lectures and labs, where the students apply theories and methods to solve practical problems.

**Preclusions:** ENSC 450-3

**Course Equivalencies:** ENSC 450-3

**S-200802.104**

**New Course Approval — MATH 641-3**

Hyndman / Reid

That, on the recommendation of the Senate Committee on Research and Graduate Studies, a new course MATH 641-3 Nonparametric Statistics be approved as proposed.

Proposed semester of first offering: None indicated  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses the methodology and application of nonparametric statistics. The topics to be covered include goodness-of-fit tests, contingency tables, empirical distribution function tests, the sign test, the Wilcoxon test, the Wilcoxon-Mann-Whitney test, the Kruskal-Wallis test, and rank correlation.

Preclusions: MATH 441-3

Course Equivalencies: Proposed MATH 441-3

It was proposed that motions S-200802.104 and S-200802.105 be moved as an omnibus motion, to which there was unanimous consent.

**S-200802.105**

**Course Deletion — MATH 610-3**

Reid / Hemingway

That, on the recommendation of the Senate Committee on Research and Graduate Studies, MATH 610-3 History of Mathematics be deleted.

Effective date: September 2008  
CARRIED.

**S-200802.106**

**Course Deletion — MATH 625-3**

Reid / Hemingway

That, on the recommendation of the Senate Committee on Research and Graduate Studies, MATH 625-3 Mathematical Logic be deleted.

Effective date: September 2008  
CARRIED.

**S-200802.107**

**New Course Approval — NREM 613-3**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Research and Graduate Studies, a new course NREM 613-3 Agroforestry be approved as proposed.

Proposed semester of first offering: September 2009  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course introduces students to agroforestry concepts, strategies and practices (systems). Discussions include ecological, economic, and social circumstances under which a landowner lives and makes decisions about whether or not to practice agroforestry. Both temperate and tropical approaches to agroforestry systems are addressed in the course. Special attention is given to agroforestry research and development in British Columbia. Students are exposed to current modelling techniques used in agroforestry, as well as research opportunities in agroforestry.

Prerequisites: Upper Division Standing (More than 60 Credit Hours)

Preclusions: NREM 413

### 7.3 Senate Committee on Scholarships and Bursaries

Madak

#### The following item was presented to Senate for information:

##### SCSB20071010.03

##### **New Terms and Conditions — Canadian Federation of University Women – Prince George – Beryl McMurray Award**

That the new terms and conditions for the Canadian Federation of University Women – Prince George – Beryl McMurray Award be approved as proposed.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** In-course

**Award Name:** Canadian Federation of University Women - Prince George - Beryl McMurray Award

**Calendar Description/Intent:** Beryl chose to make Prince George her home after emigrating from New Zealand as a young teacher. She completed her formal education as a mature student but was a life long learner interested in travel, reading, sports, gardening, her home, church and community. Beryl was a strong supporter of education, particularly for women as evidenced by her commitment to and involvement in the Canadian Federation of University Women (CFUW). She was very involved in the local club, holding all executive positions over the years. Beryl also sat on the board of the national organization and travelled to many international conferences. She is remembered as a dedicated educator, an avid traveller and a loyal friend.

**Donor:** Beryl McMurray (Estate) and the Canadian Federation of University Women – Prince George (CFUW)

**Value:** \$1500

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Award

**Eligibility:** Available to a full time undergraduate student enrolled in the Bachelor of Education programme. First preference will be given to a female student. Second preference will be given to a resident of northern British Columbia.

**Note:** Should there be no qualified candidate enrolled in the Bachelor of Education programme

who applies for the award, the award may be made to a student enrolled in the Bachelor of Social Work, Bachelor of Science in Nursing or Northern Medical Program.

**Criteria:** Academic proficiency and Demonstrated financial need

**Effective Date:** Endowed 2007

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

#### 7.4 Steering Committee of Senate

Cozzetto

##### 7.4.1 Joint Retreat — Board of Governors and Senate (no material)

###### 7.4.1.1 Senate Orientation and Training (no material)

Dr. Cozzetto asked the Registrar to provide information about a proposed retreat and orientation for Senators. K. Kielly prefaced the information with the statement that the special January Board of Governors retreat had been cancelled, so the notion of a joint retreat between a proportion of Senate and the Board of Governors would be brought to the Board for discussion at their meeting in March. It had been suggested that an executive review of Senate be undertaken, and that issue to be examined include, for instance, motion forms, package size, providing advice on the Senate website, elections, and roles of Senators. Senators were asked whether they would be interested in an executive review of Senate processes, and there was general agreement to doing so. It was asked what the cost would be for such an undertaking, and the President responded that he hadn't looked into costs, as he wanted to know whether Senate had an appetite for doing this prior to proceeding. With Senate's agreement, the Chair proposed that the Steering Committee of Senate be tasked with developing this proposal, and Senators were in agreement.

Action:	C. Myers to add the issues of a joint retreat and Senate orientation and training to the next agenda of the Steering Committee of Senate.
---------	---

#### 8.0 Question Period

As the result of an amendment to the agenda, this item was moved from agenda item 6.0.

The status of current searches was requested, and the President responded that, with regard to the search for the Provost, the committee had determined semifinalists, and were in the process of arranging interviews.

Dr. Randall responded that, with regard to the search for the Vice-Provost, Research and Graduate Programs, there had been a public presentation on the past Monday, and that the committee would either be bringing in additional candidates the following week or a recommendation would be forthcoming.

A Senator asked for discussion regarding a point that had been made earlier, specifically whether the motions that were approved in relation to the new major in Human Resource Management could be blocked from being placed on the Board of Governors agenda. Dr. Cozzetto outlined the *University Act*, indicating that it provides Senate with the authority to approve academic initiatives, while the Board approves funding, which sets up potential disagreement that would normally be resolved prior to an initiative being forwarded to the Board for consideration. He added that the Provost has the management prerogative not to fund new initiatives, including the proposed major.

A Senator suggested that his reading of the *University Act* would suggest that, if the motion was approved by Senate, the University Act provided that the motion should be brought to the Board of Governors, as Section 37 (1) (f) indicated that Senate's role was "to approve and recommend to the Board of Governors." He added that, in his assessment of the *Act*, although he didn't believe the Provost had the right to block this item from being placed on the agenda, he certainly had the authority to speak against approval of the initiative, or to suggest postponing it until the appropriate funding was in place.

A Senator indicated she would like the Senate Committee on Academic Policy and Planning (SCAPP) to review what notations are currently placed on transcripts and parchments, and whether that should be

revised. It was thus suggested that the current practice be provided to Senate by the Registrar so that Senate could review this and make a recommendation, if necessary, to SCAPP.

Action:	K. Kielly to provide Senate with a report regarding current notations on transcripts and parchments.
---------	--

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**Kielly**

The Registrar had nothing to report.

**9.0 Information**

**9.1 Invitation to Senate from Senator Domsby — International Women's Day Presentation and Reception (no material)**

Senator Domsby advised Senators that the Lieutenant Governor of Nova Scotia, Mayann Francis, would be on campus to celebrate International Women's Day on March 7, 2008 at 3:00 p.m. She cordially invited Senators to support the University and attend the celebration. President Cozzetto thanked Senator Domsby for the work she had done to make this event happen, and agreed that this was a wonderful opportunity for UNBC.

**9.2 Response from President Cozzetto — Nomination Process for Faculty Member Positions on the Board of Governors**

A written response regarding the nomination process for faculty member positions on the Board of Governors was provided for information.

**10.0 S-200802.108**

**Adjournment**

Consensus

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 5:25 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

March 12, 2008  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, D. Casperson, S. Dery, H. Domshy, B. Ellis, D. Hemingway, J. Holler, G. Hopkins, K. Hutchings, J. Hyndman, E. Jensen, D. Kimmie, T. Knudsen, H. Li, J. Li, D. Macknak, G. Martel, B. McGill, J. Randall, E. Rapaport, M. Reid, R. Robinson, J. Safaei Boroojeny, D. Tasa, R. Thring, S. Wagner

**Regrets:**

D. Cozzetto, E. Kinghorn, A. Michalos, A. Nussbaumer, D. Nyce, E. Owen-Williams, S. Rennebohm, T. Shaw, E. Sharp, B. Simard, M. Thomson

---

The meeting commenced at 3:30 p.m.

The President was off campus, so the Senate meeting was chaired by Dr. Randall, Vice-Chair of Senate.

**1.0 S-200803.01**

**Approval of the Agenda**

Dery / Hutchings

That the Agenda for the March 12, 2008 Public Session of Senate be approved as presented.

CARRIED.

**2.0 S-200802.02**

**Approval of Minutes**

Safaei Boroojeny / Annis

That the Minutes of the February 13, 2008 Public Session of Senate be approved, with the following amendments:

That the mover for motion S-200802.35 be corrected, and revised from "Casperson" to "Holler."

CARRIED.

### 3.0 Business Arising from Previous Minutes of Senate

K. Kielly reported that she would be providing a report to Senate, hopefully at the next regular meeting, regarding notations on transcripts and parchments.

### 4.0 President's Report

Cozzetto

The President was unavailable to attend.

### 5.0 Report of the Provost

Randall

The Provost reported that UNBC had been awarded funding for another 7 graduate FTE's, and noted that this was substantial, as SFU was awarded funding for only 11.

An update regarding the Academic Alignment Working Group was provided. The Provost noted that town hall meetings had been held, and submissions had been solicited. He noted that, although he recognized that Senate wants to move as expeditiously as possible on this initiative, people had asked for more time to reflect and provide suggestions, so he had extended the deadline to March 21. The Provost was asked whether he planned to bring the report of the Pedagogy Working Group to the AVI Steering Committee prior to that. The Provost responded that he would call a meeting of the AVI Steering Committee, as it was agreed that they would look at the reports.

<b>Action:</b> J. Randall to provide the report from the AVI Academic Alignment Working Group to the AVI Steering Committee.
--

### 6.0 Question Period

The status of the Human Resources major was questioned. The Senator also asked what the policy was with regard to applying to the SIF, and if this could be expedited. The Provost replied that he was trying to resolve the financial aspect of the Human Resources major. He added that no decisions had yet been made with regard to the SIF, and that a call for proposals had been disseminated widely across the University community. The Senator added that she was interested in knowing how this was proceeding, as there is interest in the Program, but time was of the essence. The Provost responded that he was attempting to resolve the financial issues prior to the Board meeting, and added that he anticipated decisions regarding the SIF proposals would be made within the next week.

A Senator asked whether the report from the external review of Continuing Studies was available yet, what the process was for this year, and whether courses had been chosen already. Senator Macknak responded that he is in the process of writing the report to Senate and hoped to have it available in the very near future.

It was reported that a notice had been sent to faculty members asking for members on a selection committee for the Director of the Centre for Teaching, Learning, and Technology, with a response deadline of today, and the Senator asked why there was such a short timeframe for responding. The Provost said he was unable to speak to that question, and asked that the College Deans check into this and ensure that sufficient time is provided for responding.

A Senator was of the understanding that February courses were not yet incorporated into the September semester course offerings, and asked if this was the case. The Registrar responded that the resources were now in place for this to be dealt with, and that the office was scrambling to have this information entered. The Senator asked if it was expected that there would be problems with fall registration, and the Registrar responded that she didn't anticipate problems, as the schedule wasn't to be released until later.

The procedure for making the change to the breadth requirement was discussed, and the Provost suggested that the motions passed by Senate should be reviewed for content. It was also suggested that

College Councils should be provided with information required to facilitate this change, and that this should be discussed with the Programs and at SCAPP.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

McGill

#### **S-200803.03**

##### **Changes to Program Requirements — BSc Major in Environmental Science**

Dery / Rapaport

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the program requirements for the BSc Major in Environmental Science be approved as proposed.

Effective date: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

400 Level

ENSC 406-3 Environmental Modelling

ENSC 418-3 Environmental Measurement and Analysis

ENPL 401-3\* Environmental Law

ENVS 414-3 Environmental and Professional Ethics

Two of:

ENSC 302-3 Energy Development

ENSC 404-3 Waste Management

ENSC 412-3 Air Pollution

ENSC 451-3 Groundwater Hydrology

ENSC 452-3 Reclamation and Remediation of Disturbed Environments

ENSC 453-3 Environmental Resources Management and Decision Making

NREM 410-3 Watershed Management

#### **S-200803.04**

##### **Change to Program Requirements — BA in Environmental Studies**

Rapaport / Ellis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the BA in Environmental Studies curriculum be approved and the Calendar changed to reflect the revisions.

Effective date: September 2008

CARRIED.

The faculty list for this motion was questioned, as there was one entry that was out of order in terms of rank. The Registrar responded that the list should be in order of rank.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Environmental Studies (BA Program)**

Kathy Lewis, Associate Professor and Program Chair

Annie Booth, Associate Professor

~~John Curry, Associate Professor~~  
~~Alex Hawley, Associate Professor~~  
~~Heather Myers, Associate Professor~~  
~~Debra Straussfogel, Associate Professor~~  
~~Art Fredeen, Associate Professor~~

~~Wendong Tao, Senior Lab Instructor~~  
~~Karyn Sharp, Lecturer~~  
~~Ken Wilkening, Associate Professor~~

Website: <http://www.unbc.ca/envs>

## **Major in Environmental Studies**

~~The Bachelor of Arts in Environmental Studies emphasizes a social science and humanities perspective on environmental issues. The program concentrates on issues arising from resource use and the effects of that use on the environment. Conflicting uses, political processes and value systems related to natural resources are studied. The program provides a strong philosophical, social and scientific basis for understanding the full diversity of environmental issues and positions students to be effective agents for mitigation of, and/or adaptation to, environmental change.~~

~~Degree requirements: 69~~ 72 credit hours

~~Area of focus: 24 to 29~~ 24 to 29 credit hours

~~Elective credit hours in any subject as necessary to ensure completion of a minimum of 120 credit hours (at least 15 credit hours must be at the 300 or 400 level).~~

### **Lower Division Requirement**

#### **100 Level**

ANTH 101-3 Peoples and Cultures

Or FNST 100-3 The Aboriginal Peoples of Canada

BIOL 110-3 Introductory Ecology

CHEM 110-3 Chemistry for Everyday Life

Or CHEM 101-3 General Chemistry I

~~ECON 100-3 Microeconomics~~

ENPL 104-3 Introduction to Planning  
ENVS 101-3 Introduction to Environmental Citizenship  
GEOG 100-3 Environments and People  
POLS 100-3 Contemporary Political Issues

*Note: CPSC 150-3 (Computer Applications) is recommended for students without computing experience. Students are strongly encouraged to take an appropriate methodology course as part of their electives. Students who wish to take the Science, Technology and Society area of focus should take BIOL 101-4 and 102-4 instead of BIOL 110. Students who wish to take the First Nations area of focus should choose FNST 100-3.*

### **200 Level**

ENSC 425-3 Global Change Science

FSTY 205-3 Introduction to Soil Science

INTS 205-3 Introduction to International Studies

NREM 333-3 Field Applications in Resource Management

### **First Nations**

Choose at least one FNST course and two additional courses from the following:

ANTH 206-3 Ethnography in Northern B.C.

FNST 215-3 Issues in External Relations for Contemporary Indigenous Peoples

FNST 216-3 Issues in Internal Organization for Contemporary Indigenous Peoples

FNST 249-3 Aboriginal Resource Planning

GEOG 206 -3 Social Geography

POLS 220-3 Canadian Law and Aboriginal Peoples

Choose five of:

BIOL 350-3 Ethnobotany

ENPL 208-3 First Nations Community and Environmental Planning

FNST 280-3 Aboriginal Medicines I - Harvesting and Preservation

FNST 300-3 Research Methods in First Nations Studies

FNST 304-3 First Nations Environmental Philosophy and Knowledge

FNST 416-3 International Perspectives

FNST 451-3 Traditional Use Studies

GEOG 301-3 Cultural Geography

GEOG 403-3 Aboriginal Geography

HIST 390-3 Aboriginal People in Canada

NREM 303-3 First Nations Approach to Resource Management

ORTM 306-3 Indigenous Tourism and Recreation

POLS 412-3 Comparative Aboriginal State Relations

### **Elective Requirement**

Elective credit hours in any subject as necessary to ensure completion of a minimum of 120 credit hours (at least 15 of these elective credit hours must be at the 300 or 400 level).

#### **S-200803.05**

#### **Change to Program Requirements — Minor in Environmental Studies**

Hyndman / Dery

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the minor in Environmental Studies curriculum be approved and the Calendar changed to reflect the revisions.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Minor in Environmental Studies

The minor in Environmental Studies offers an opportunity for students in other disciplines to learn how individual lives are connected with environmental systems, and to gain understanding and perspective on key environmental issues. ~~gain knowledge of social systems and policy as they affect environmental and natural resources issues.~~ A maximum of two courses (six credit hours) used to fulfill program requirements for a major or another minor may also be used to fulfill requirements for a minor in Environmental Studies.

The minor in Environmental Studies requires the completion of 18 credit hours, 12 of which must be at the upper division level.

### Required

~~ENPL 205-3 Environment and Society~~

ENVS 101-3 Introduction to Environmental Citizenship

ENVS 325-3 Global Environmental Change: Science and Policy

ENVS 414-3 Environmental and Professional Ethics

~~GEOG 100-3 Environments and People~~

Three of:

ENPL 205-3 Environment and Society

ENPL 301-3 Sustainable Communities: Structure and Sociology

ENPL 401-3 Environmental Law

ENSC 308-3 Northern Contaminated Environments

~~ENVS 306-3 Human Ecology~~

ENVS 326-3 Natural Resources, Environmental Issues and Public Engagement

ENVS 309-3 Women and Environmental Studies

FNST 203-3 Introduction to Traditional Environmental Knowledge

FNST 304-3 First Nations Environmental Philosophy and Knowledge

GEOG 100-3 Environments and People

GEOG 401-3 Resource Geography

NREM 303-3 First Nations' Approaches to Resource Management

~~NREM 306-3 Society, Policy and Administration~~

ORTM 100-3 Leisure in Life

## **S-200803.06**

### **Change to Program Requirements — Major in Physics**

Jensen / Reid

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the Major in Physics section of the undergraduate calendar be approved as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Major in Physics**

A major in Physics requires students to complete ~~55~~ 49 credit hours of Physics (~~17~~ courses); ~~33~~ 27 credit hours of these must be at the upper division level.

PHYS 307-3 (Selected Topics in Environmental Physics) may not be used as Physics credit toward any Physics major, minor, or joint major.

The minimum requirement for completion of a Bachelor of Science degree with a major in Physics is ~~124~~ 120 credit hours.

## **Program Requirements**

### **Lower Division Requirement**

#### **100 Level**

CHEM 100-3 General Chemistry I

MATH 100-3 Calculus I

or MATH 105-3 Enriched Calculus

MATH 101-3 Calculus II

PHYS 110-4 Introductory Physics I: Mechanics

PHYS 111-4 Introductory Physics II: Waves and Electricity

CPSC 100-4 Computer Programming I

or CPSC 110-3 Introduction to Computer Systems and Programming

#### **200 Level**

MATH 200-3 Calculus III

MATH 201-3 Introduction to Complex Analysis

MATH 220-3 Linear Algebra

MATH 230-3 Linear Differential Equations and Boundary Value Problems

PHYS 200-3 Thermal Physics

PHYS 202-4 Electromagnetism and Optics

PHYS 205-3 Modern Physics I

Four additional credit hours of Physics at the 200 level [other than PHYS 215-3 (Energy, Physics and the Environment)].

## Upper Division Requirement

### 300 Level

~~MATH 334-3 Ordinary Differential Equations~~

MATH 336-3 Intermediate Differential Equations

PHYS 300-3 Classical Mechanics

PHYS 302-3 Quantum Mechanics I

~~PHYS 390-3 Advanced Physics Laboratory~~

PHYS 310-3 Classical Electromagnetism I

~~Nine additional credit hours of Physics at the 300 level.~~

### 400 Level

PHYS 400-3 Quantum Mechanics II

PHYS 401-3 Seminar on Contemporary Topics in Physics

PHYS 407-3 Statistical Mechanics

~~Six~~ Nine additional credit hours of Physics at the 300 or 400 level.

## Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of ~~124~~ 120 credit hours.

Recommended electives include:

CPSC 101-4 Computer Programming II

or CPSC 311-3 Computer Applications Programming

CHEM 101-3 General Chemistry II

CHEM 200-3 Physical Chemistry I

MATH 335-3 Numerical Analysis I

MATH 340-3 Introduction to Probability

### **To Senate for information:**

An Executive Summary of the proposed changes to the History Program was included for information.

#### **SCAPP200802.03**

##### **Prerequisite Change — HIST 493-(3-6)**

That the prerequisite for History 493-(3-6) Topics in Social History be changed to delete HIST 200 and add "or permission of the instructor" to the list of prerequisites.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

HIST 493-(3-6) This course ~~will~~ examines various themes in social history. Topics might include major social changes such as the industrial revolution or Canadian

urbanization; or the social origins of major historical events such as the Reformation or the Russian Revolution might be examined; or particular social movements (such as socialism or utopianism) may be the focus of the course. This course may be repeated for credit (maximum six credit hours) with the permission of the instructor and the Program Chair (permission to be given only when subject matter differs substantially). Prerequisites: ~~HIST 200 and HIST 300~~ or permission of the instructor

**SCAPP200802.04**

**Prerequisite Change — HIST 498-(3-6)**

That the prerequisite for History 498-(3-6) Topics in History (International) be changed to the following: One of HIST 150-3, HIST 290-3, HIST 241-3 or permission of the instructor.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

HIST 498-(3-6) Topics in History (International) This course covers particular aspects of international history selected by the instructor. The course may be repeated for credit (maximum six credit hours) with the permission of the instructor and the Program Chair (permission to be given only when the subject matter differs substantially).

Prerequisites: ~~HIST 150-3 or HIST 290-3, or HIST 241-3~~ One of HIST 150-3, HIST 290-3, HIST 241-3 or permission of the instructor

**SCAPP200802.10**

**Prerequisite Change — SOCW 420-3**

That SOCW 320-3 become a prerequisite requirement for SOCW 420-3.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**SOCW 420-3 Family/Child Welfare Policy** Family and Child Welfare Policy focuses on feminist and First Nations critiques of child welfare policy and social work intervention. It critically examines assumptions in family and child welfare policy including notions of family, substitute care, conceptions about violence and neglect, and the implications of child welfare policy for social work practice in northern communities.

**7.2 Senate Committee on Scholarships and Bursaries**

**Madak**

**S-200803.07**

**Revision of Senate Motion S-200709.41**

Hutchings / Rapaport

That motion S-200709.41 be revised as follows:

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, Graduate Award recipients may receive one or more UNBC financed awards as listed in the Graduate Academic Calendar ~~but~~ to a maximum ceiling of \$10,000 in an academic year. The following awards are not included in the awards ceiling: a) Teaching Assistantships, b) Research Assistantships and/or Faculty stipends, and c) Tuition Scholarships.

Effective date: September 2008

CARRIED.

A question was raised with regard to the guidelines if a student applies for two scholarships and is awarded one in the amount of \$5000 and one in the amount of \$5500, for instance. Specifically, it was

asked whether the student would be permitted to accept a partial award to a total of \$10,000, or be forced to decline one of the awards. The Associate Dean of Graduate Programs responded that he had not come across this situation yet, so wasn't certain, but would provide an answer at a future Senate meeting.

<b>Action:</b> I. Hartley to provide information regarding the procedure that is adhered to when students are provided with two scholarships, the total of which exceeds the \$10,000 ceiling.
--

**To Senate for information:**

**SCSB20080213.03**

**New Calendar Description — Sorila Entrance Scholarship in Environmental Engineering**

That the new calendar description for the Sorila Entrance Scholarship in Environmental Engineering be approved.

Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Admission

**Award Name:** Sorila Entrance Scholarship in Environmental Engineering

**Calendar Description/Intent:** This award is established to honour the memory of Uuno Henrik Sorila (1908-1989) who graduated in the field of engine design in 1929, which resulted in a long career of technical design and invention. A number of his inventions were patented and eventually "Henrik" established a metal factory named JYKY. He was a peace loving man and after the second world war transformed a railroad car of rifle barrels into crowbars. As a token of appreciation to him, Henrik's family would like to dedicate this award to the aspiring environmental engineering students of UNBC.

**Donor:** Eero Sorila

**Value:** \$250

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship

**Eligibility:** Available to a full time undergraduate student enrolled in Environmental Engineering. First preference will be given to a resident of Northern British Columbia.

**Criteria:** Academic proficiency

**Note:** Successful applicants can not receive this award more than once.

**Application Instructions:** Fill out all sections of the Awards Application form.

**Effective Date:** Established 2007

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080213.04**

**New Calendar Description — Studentcare Award**

That the new calendar description for the Studentcare Award be approved.

Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** In-course

**Award Name:** Studentcare Award

**Calendar Description/Intent:**

**Donor:** NUGSS and Studentcare

**Value:** \$500

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Award

**Eligibility:** Available to a full time undergraduate student who has completed 30 credit hours.

**Criteria:** Satisfactory academic standing and demonstrated extracurricular involvement with UNBC affiliated clubs, services or volunteer opportunities.

**Conditions:** Recipients must have been enrolled in the NUGSS Health and Dental Care plan in the previous academic year.

**Note:** Successful applicants can not receive this award more than once.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a letter detailing your extracurricular involvement with UNBC affiliated clubs, services or volunteer opportunities.

**Effective Date:** Established 2007

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080213.05**

**Revised Calendar Description — Graduate Entrance Scholarships**

That the calendar description for the Graduate Entrance Scholarships be revised as proposed.  
Effective date: February 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Graduate Entrance Scholarships**

**Value** \$10,000, renewable for one year for Master's program/renewable for two years for Doctoral program

**Number** Up to Twenty

**Eligibility** Available to full-time students entering a ~~Graduate~~ Master's program at UNBC for the first time, and to full-time students entering a Doctoral Program for the first time and who have not previously held a Graduate Entrance Scholarship.

**Criteria** Academic excellence

**Conditions** Past and/or current recipients of the Pacific Century Scholarship are not eligible to receive the Graduate Entrance Scholarship. Past recipients of the UNBC Graduate Entrance Scholarship are not eligible to receive the Graduate Entrance Scholarship again.

**Note** Student must apply for admission to a UNBC Graduate Program to be considered. Nominations will be selected by a committee chaired by the Associate Dean of Graduate Programs.

**Application Instructions** Complete question #3 on the Application for Admission to Graduate Programs form and include the documentation indicated on the form.

**SCSB20080213.06**

**Revised Calendar Description — Pacific Century Scholarship**

That the calendar description for the Pacific Century Scholarship be revised as proposed.  
Effective date: February 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Graduate

**Award Name:** Pacific Century Graduate Scholarships

**Calendar Description/Intent:** N/A

**Donor:** Ministry of Advanced Education

**Value:** \$10,000

**Number:** 11

**Placement in which Calendar:** Graduate

**Award Type:** Scholarship

**Eligibility:** Available to full-time students entering a thesis-based Master's graduate degree program at UNBC for the first time-, or to full-time students entering a thesis- based PhD program at UNBC for the first time.

**Criteria:** A minimum graduate admission average of 3.80.

**Conditions:** Past and/or current recipients of the UNBC Graduate Entrance Scholarships are not eligible to receive these awards.

**Effective Date:** Established in 2007 by the Provincial Government for an initial four (4) year period. The terms for the UNBC version of the scholarships will be revisited in light of the success of the 2007/8 competition and revisions will be brought forward for Senate's approval.

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation of the Graduate Scholarship Selection Committee.

#### **SCSB20080213.07**

##### **Dissolution of Terms and Conditions — BC Hydro Scholarships**

That the dissolution of the Terms and Conditions for the BC Hydro Scholarships (externally administered) be approved.

Effective date: February 2008

Why the BC Hydro award was being dissolved was questioned, as the rationale did not provide explanation. The Provost noted that he would take this comment back to the Senate Committee on Scholarships and Bursaries.

#### **SCSB20080213.11**

##### **2007/08 Annual Report — Senate Committee on Scholarships and Bursaries**

That the 2007/08 Annual SCSB report be received.

Effective date: February 2008

It was requested that the Senate Committee on Scholarships and Bursaries report on the number of dissolved awards in their annual report. The Provost agreed to also bring this request to the SCSB, and agreed to raise the question of whether their report should be forwarded to Senate for approval rather than information.

7.2.1 Report on 2008 / 2009 Early Entrance Awards Offers

7.3 **Senate Committee on Regional Policy and Inter-Institutional Relations**

**Macknak**

#### **S-200803.08**

##### **Approval of Transfer Agreement Tourism Management Programs**

Hyndman / Ellis

That, upon the recommendation of the Senate Committee on Regional Policy and Inter-Institutional Relations, the Transfer Agreement Tourism Management Programs between UNBC and The College of the Rockies, Camosun College, Capilano College, Malaspina University-College, North Island College, Selkirk College, Thompson Rivers University and Yukon College be approved as proposed.

Effective date: May 2008

CARRIED.

It was agreed that the effective date for this motion should be changed from November 14, 2007 to May 2008.

**S-200803.09**

**Approval of Agreement Between Kwantlen University College (Associate Degree in General Science) and the UNBC Environmental Science Program**

Dery / Madak

That, upon the recommendation of the Senate Committee on Regional Policy and Inter-Institutional Relations, the Agreement between Kwantlen University College (Associate Degree in General Science) and the UNBC Environmental Science Program be approved as proposed.

Effective date: May 2008

CARRIED.

It was agreed that the effective date for this motion should be changed from October 10, 2007 to May 2008.

**To Senate for information:**

**SCRPIIR2008016.04**

**2007 Annual Report — Senate Committee on Regional Policy and Inter-Institutional Relations**

That the annual report of the Senate Committee on Regional Policy and Inter-Institutional Relations (SCRPIIR) be received.

Effective date: January 16, 2008

**SCRPIIR2008016.05**

**Northwest Annual Report from Senate Committee on Regional Policy and Inter-Institutional Relations**

That the Northwest annual report be submitted to Senate for information.

Effective date: January 16, 2008

**7.4 Steering Committee of Senate**

**Cozzetto**

**7.4.1 Senate Orientation and Training (no material)**

The Provost reported that this item had been discussed further at the Steering Committee of Senate (SCS). The committee was in the process of gathering information regarding potential facilitators. SCS members felt that the facilitator could assume two roles, providing assistance regarding Senate procedures, and structuring a Senate orientation and facilitation process (that could be provided on an ongoing basis). It was anticipated that this information would be brought back to Senate for discussion in April or May, and that the orientation would be provided in September.

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**Kielly**

**9.0 Information (no material)**

**10.0 S-200803.10**

**Move to In Camera Session**

Hutchings / Dery

That the meeting move In Camera.

CARRIED.

**11.0 S-200803.13**

**Adjournment**

McGill / Martel

That the Senate meeting be adjourned.

CARRIED.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

March 26, 2008  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, D. Casperson, D. Cozzetto, S. Dery, H. Domshy, B. Ellis, D. Hemingway, K. Hutchings, J. Hyndman, E. Jensen, D. Kimmie, T. Knudsen, H. Li, J. Li, D. Macknak, P. Madak, G. Martel, A. Michalos, D. Nyce (teleconference), E. Owen-Williams, J. Randall, E. Rapaport, M. Reid, S. Rennebohm, R. Robinson, J. Safaei Boroojeny, E. Sharp, T. Shaw, D. Tasa, R. Thring

**Regrets:**

J. Holler, G. Hopkins, E. Kinghorn, B. McGill, A. Nussbaumer, B. Simard, M. Thomson, S. Wagner

---

The meeting commenced at 3:30 p.m. A motion to approve the agenda as proposed was moved by Senator Casperson, seconded by Senator Hutchings, and carried.

**1.0** 2008 / 2009 Budget Review and Discussion

**1.1** Presentation of Preliminary 2008 / 2009 Budget Information

**Cozzetto**

The Chair of Senate indicated that he would be making a presentation regarding the budget, but prior to doing so, he noted that the Budget Cabinet process went well, that the Senate Committee on the University Budget met regularly, and he met with the committee and the committee Chair. Dr. Cozzetto reported that, two weeks ago, he had been called to meet in Vancouver with the Ministry of Advanced Education, and at this meeting, all the BC university presidents were advised that their budget letters from the Ministry were rescinded and they would be receiving revised letters in April. He thus requested an emergency meeting with SCUB to share this information, and added that little had changed, but that he would share information regarding the latest budget letter once received.

Dr. Cozzetto made a presentation on the budget, noting that the presentation was the same as would be presented to the Board of Governors on the upcoming weekend. The presentation included a list of the members of Budget Cabinet, the budget envelope process, and the 2008/09 estimated revenues and expenditures, with both being in the amount of \$62,213,463.00. He noted that, with regard to the budget envelopes, the decision-making resides with the Programs, and that the Budget Cabinet only looked at the envelope numbers at a macro level.

The Provost discussed the Strategic Investment Fund, which he noted was created to allow for strategic initiatives, to the amount of approximately \$1.0 million. He added that several proposals were received, and that a decision would be made in this regard in the near future.

The President alluded to the implications of the revised budget letters, and noted that, to the best of his understanding, the rough breakdown of the cuts would be as follows:

UBC	\$12.0 million
SFU	\$6.5 million
UVic	\$4.5 million
TRU	\$1.5 million
UNBC	\$1.0 million
Royal Roads	\$.5 million

He added that The University Presidents' Council (TUPC) had written to the Minister of Finance and the Premier to ask for a meeting, and that no reply had yet been received, but that he hoped the issue could be resolved.

He suggested that, given this new information provided at such a late date, the Board of Governors had some options:

- 1) Pass a deficit budget pending additional information from the Ministry. He noted that some Boards would be doing this.
- 2) Pass a provisional budget, and revisit the budget in June when further information is available.
- 3) Defer budget approval until June.
- 4) Other options. The President indicated he didn't wish to pre-empt any discussion the Board might have regarding the budget.

Dr. Cozzetto added that this development is hard to understand, given the government's surplus, and that the BC university presidents feel betrayed by the Ministry. He concluded by stating that, if budget reductions are required, input will be solicited, and Budget Cabinet will be used for planning any reductions. In addition, the President indicated that he would keep the University community informed as he receives further information.

**1.2 S-20080326.01**

**Ellis**

**2008 Report from the Senate Committee on the University Budget (SCUB)**

That the 2008 Annual Report from the Senate Committee on the University Budget be received.

Senator Ellis, Chair of SCUB provided a report from the committee. As background, he provided the mandate and terms of reference of the committee, and noted that, in terms of fulfilling their mandate, the Chair and committee had met with the President. He added that the committee worked hard, but that they didn't receive two pieces of information, namely the 2008/09 detailed budget and the proposals submitted to Budget Cabinet. He noted that it was difficult to provide comment on a budget when significant material wasn't received. SCUB members had been asked to consult with their constituents, and they met with senior administrators. They then used the information gathered as the basis for providing advice, in an iterative manner, to the President. The committee identified several concerns, including the lack of clarity of the budgeting process (both Budget Cabinet and the Strategic Investment Fund), and staff cuts and turnover in some areas. He added that several recommendations were made, and that some were the same as those recommended by SCUB in the previous year. In conclusion, he stated that the committee felt the university should focus on recruitment and retention, and be a goal-driven organization in which goals and milestones are known and feedback on progress is undertaken. Finally, Senator Ellis thanked the members of SCUB, and stated that he anticipated they would be working until the 2008/09 budget was finalized.

After the President's presentation and the SCUB report, several questions were raised and discussion took place. The major points of discussion were the government's decision to revise the budget letter and mobilizing the Prince George community in this regard; concerns with the Budget Cabinet process and the possibility of having more wide-ranging representation (such as from CUPE and the Faculty Association) on Budget Cabinet, which would provide for a more collaborative

budgeting process; renegotiating something similar to the Northern Allowance; the lack of a detailed budget and the potential implications regarding SCUB's ability to comment on the budget and whether the University has complied with the *University Act*; whether policy concerns were being addressed through the budget; and lack of communication with the University community regarding the implications of the Ministry's revised budget letter, which was reported in the Prince George Citizen prior to being announced at the University.

It was suggested that the Chair of SCUB be invited to sit on Budget Cabinet, and Senator Ellis responded that he didn't think that was necessary, as simply following the terms of reference for the committee would ensure that the committee was provided with the information they required. The President indicated that he was of the impression that SCUB had received the information they requested, and that he would leave it to the Chair of SCUB to determine the best approach in this regard. Dr. Cozzetto concluded the meeting by advising that he would communicate with the University community after the Board meeting.

**2.0**      **S-20080326.02**

**Adjournment**

Consensus

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 5:30 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

April 9, 2008

3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

D. Adamick, E. Annis, J. Bankole, T. Binnema, C. Bock, D. Casperson, D. Cozzetto, H. Domshy, H. Donker, B. Ellis, C. Greening, D. Hemingway, R. Hoffman, J. Holler, K. Hutchings, J. Hyndman, E. Jensen, H. Li, J. Li, D. Macknak, P. Madak, B. McGill, A. Michalos, A. Nussbaumer, D. Nyce (teleconference), J. Randall, M. Reid, S. Rennebohm, R. Robinson, J. Safaei Boroojeny, J. Schneider, D. Tasa, R. Thring, S. Wagner, S. Zahir

**Regrets:**

S. Dery, E. Kinghorn, G. Martel, E. Sharp, T. Shaw, B. Simard, M. Thomson

---

The meeting commenced at 3:30 p.m. The Chair introduced several new Senators, as follows:

Faculty Senators (terms of office from April 1, 2008 to March 31, 2011)

Faculty member from CASH  
Faculty member from CASHS  
Faculty member from CSAM  
Faculty member at Large

Ted Binnema  
Ross Hoffman  
Saif Zahir  
Han Donker

Student Senators (terms of office from April 1, 2008 to March 31, 2009)

Undergraduate Student Representative  
Undergraduate Student Representative  
Undergraduate Student Representative  
Graduate Student Representative

Drew Adamick  
Christina Bock  
Corbin Greening  
Jon Schneider

Dr. Cozzetto thanked several Senators whose terms of office had expired:

Eileen Owen-Williams (faculty member from CASHS)  
Eric Rapaport (faculty member from CSAM)  
Thomas Knudsen (undergraduate student)  
Gareth Hopkins (undergraduate student)  
Dacia Kimmie (undergraduate student)

**1.0 S-200804.01**

**Approval of the Agenda**

Hutchings / Reid

That the Agenda for the April 9, 2008 Public Session of Senate be approved as presented.

CARRIED.

## 2.0 Approval of Minutes

### S-200804.03

#### Approval of Minutes of March 12, 2008

Holler / Rennebohm

That the Minutes of the March 12, 2008 Public Session of Senate be approved as presented.  
CARRIED.

## 3.0 Business Arising from Previous Minutes of Senate

### 3.1 Report from the Registrar regarding notations on transcripts

K. Kielly provided this report. It was questioned how long notations regarding disciplinary action remained on the transcript. The Registrar responded that the removal timeline is stipulated by the Dean in relation to the particular action, and that sometimes the notations are permanent, depending upon the action.

## 4.0 President's Report

Cozzetto

### 4.1 Joint Retreat — Board of Governors and Senate (no material)

President Cozzetto advised that the Board of Governors would like to host a reception for all Senators, on one of two possible dates, June 20, 2008 or March 27, 2009. He noted that, because of the September Board meeting being held in Quesnel and the December meeting incorporating the staff recognition event, those were the only dates available in the near future. He asked people to indicate to C. Myers which dates they were available, and that once the date had been decided, invitations would be sent to Senators. A Senator requested that C. Myers send Senators an e-mail reminding them of this information so that they could respond.

<b>Action:</b> C. Myers to send e-mail to Senators regarding the potential dates for the Joint Retreat with the Board of Governors.
---

## 5.0 Report of the Provost

Randall

The Provost reported on the AVI process, noting that the Pedagogy Working Group submitted their final report. He added that the Academic Alignment Working Group (AAWG) was receiving input, and that he planned to bring a revised report to the AAWG next week. The AVI Senate Steering Committee would be meeting shortly after that to discuss the reports of the working groups.

With regard to the Strategic Investment Fund, he noted that he was personally gratified to see the creative ideas that came forward, as that was the intent of this fund. Dr. Randall anticipated an announcement regarding successful proposals in the very near future.

Regarding NorthLink, the Provost noted that plenty of activity was taking place. The "proof of concept" first course had been completed, and student assessment and collaboration were successful. The next step was now being looked at, and it was hoped that the initiative could be expanded with regard to both technology and technicians.

## 6.0 Question Period

It was asked whether there was any further information regarding the budget, and the President responded that there had been no indication from the Minister of Finance regarding the request from The University Presidents' Council to meet with her. A Senator suggested that, historically, the University has had a surplus at year-end, and asked for information regarding the 2007/08 budget and historical data from year to year. Dr. Cozzetto responded that he couldn't answer with regard to the historical data, but will get that information from the Finance office. He did note that, in 2007/08, there were salary savings of approximately \$250,000, a tax (GST) rebate in the amount of approximately \$550,000, and \$1.7 million

from the Ministry of Advanced Education to cover capital costs escalations over past years, back to the building of the Enhanced Forestry Lab.

<b>Action:</b> Dr. Cozzetto to provide Senate with historical data regarding year-to-year budget surpluses.
---

The status of the funding of the Human Resources major was questioned. The Provost replied that \$80,000 had been allocated in each of the next two years to launch this as a pilot project, and that it didn't go to the Board of Governors for approval because it was viewed as not requiring approval because funding was in place. He added that he was in error regarding the Ministry's Degree Quality Assessment Board requirements, so the degree needs to be forwarded to the Ministry. Dr. Randall noted that, while DQAB and the Board's Academic Operations Committee are considering the proposal, the degree will be advertised in the meantime.

A Senator reported that there was still some uncertainty from faculty members regarding what they need to do to accommodate the change to the breadth requirements. The Provost replied that he had spoken with Dr. Heather Smith, and that she agreed that a more coordinated approach was required. He added that funding had been set aside, and if Chairs have questions, they should speak with Dr. Smith in her capacity as Director of the Centre for Teaching, Learning, and Technology, until something is put in place, hopefully as soon as possible.

A Senator asked when a Town Hall meeting could be held to discuss the approach to the anticipated \$1 million shortfall. Dr. Cozzetto responded that Budget Cabinet had discussed this, and that they were contemplating recommending a "hybrid" approach, which would include a decrease in the Strategic Investment Fund and the use of some one-time funding. He added that this is the type of recommendation Budget Cabinet wants to bring to the Board of Governors, who are responsible for making the final decision. He was asked whether cuts to positions and Programs were anticipated, and the President responded that this was not anticipated, as had previously been stated.

It was asked when the report from the external reviewers of Continuing Studies would be received. Senator Macknak, Director of Continuing Studies, responded that it would be provided at the next meeting of Senate.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Randall

#### **S-200804.04**

#### **New Course Approval — HIST 340-3**

Adamick / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 340-3 Politics and Society in Twentieth Century China be approved as proposed.

Proposed semester of first offering: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**This course examines Chinese political and social development through the 20th century with primary attention paid to the comparison of past and present in state building, economic development, and social change.**

**S-200804.05**

**Change to Program Requirements — Nursing Program (Student Professional Membership)**

Rennebohm / Tasa

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the paragraph regarding Student Professional Membership for Nursing on page 151 of the 2007-08 calendar be deleted.

Effective date: January 2008

CARRIED.

It was questioned whether this revision would have the effect of leaving any students without malpractice insurance. The Nursing Program representative indicated that she believed that students were covered by UNBC.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Student Professional Membership**

~~NCBNP students are required to become student members of the CRNBC, the cost of which will be the responsibility of the student. In addition to membership benefits, this requirement will provide student malpractice insurance.~~

**S-200804.06**

**Approval of Agreement of Cooperation — Département Techniques de commercialisation Institut Universitaire de Technologie de Dijon, Université de Bourgogne (France) and the University of Northern British Columbia**

Adamick / Holler

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the Agreement of Co-operation between the Département Techniques de commercialisation Institut Universitaire de Technologie de Dijon, Université de Bourgogne (France) and the University of Northern British Columbia be approved as proposed.

Effective date: September 2008

CARRIED.

An Executive Summary of the proposed new Aboriginal Child and Youth Mental Health Certificate, School of Social Work, was included for information.

**S-200804.07**

**Approval of New Certificate Program — Aboriginal Child and Youth Mental Health Certificate**

Hemingway / Annis

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, an Aboriginal Child and Youth Mental Health Certificate be approved and added to the Calendar as specified.

Proposed start date: September 2008

CARRIED.

It was pointed out that the first two sentences of the "General Calendar Description" on page 2 of 6 of the motion were contradictory. It was thus recommended that the word "only" be removed from the first sentence, so that the sentence would now read:

"The Aboriginal Child and Youth Mental Health Certificate program is open ~~only~~ to Bachelor of Social Work and Bachelor of Child & Youth Care Graduates."

The Social Work Program was amenable to this change.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The Aboriginal Child and Youth Mental Health Certificate program is open to Bachelor of Social Work and Bachelor of Child & Youth Care graduates. Those with a Master of Social Work or related Masters-level degree are also eligible to apply. The Certificate is designed for students who seek to practice in the area of Aboriginal child and youth mental health with a focus on working in northern and remote communities. In particular, this Certificate will provide the education and skills necessary to work with children and youth who are experiencing significant mental health issues or are at high risk. The certificate consists of 18 credit hours of 500-level course work. Admission into the Certificate program is limited. Students must establish their course of study with approval from the Chair of the School of Social Work.

Students are required to undergo a criminal records search prior to being admitted. (Refer to [Academic Regulation #19](#)).

### **Standards of Professional Conduct**

All students are expected to abide by professional standards as set forth by the Canadian Association of Schools of Social Work (CASSW) and the relevant Social Work Codes of Ethics. Violation of professional standards may result in suspension or dismissal from the program or the educational institution.

### **Qualification for Certificate**

To fulfill the requirements of graduation, the student must:

- attain a minimum cumulative GPA of 2.33 (C+) on courses for credit towards the Certificate
- complete all course requirements for the Certificate

## **2. Curriculum**

### **Certificate Requirements**

SOCW 501-3 Aboriginal Peoples in Canada: Past/Present/Future  
SOCW 502-3 Reflections on Practice: Child/Youth Mental Health  
SOCW 503-3 Social Work/Counselling Skills with Children/Youth  
SOCW 504-3 Mental Illness and Addictions Among Children/Youth  
SOCW 505-3 Crisis Work With Children/Youth: Restoring Balance  
SOCW 506-3 Community-based Prevention: Creating Balance

It was proposed that motions S-200804.08 to S-200804.13 be moved as an omnibus motion, and in the absence of objection, the Senate proceeded in this manner.

**S-200804.08**

**New Course Approval — SOCW 501-3**

Robinson / Hutchings

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course SOCW 501-3 Aboriginal Peoples in Canada: Past/Present/Future be approved as proposed. Proposed semester of first offering: September 2008  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines the history of Aboriginal peoples in Canada coupled with an examination of current and future impacts in relation to Aboriginal children and youth. A particular focus is on the importance and knowledge of traditional family systems, parental attachment, and evolving methods and practices. Interwoven discussions also include managing personal issues in professional practice, self-care and the concepts of bringing together Aboriginal and Western frameworks for health and mental health.

**S-200804.09**

**New Course Approval — SOCW 502-3**

Robinson / Hutchings

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course SOCW 502-3 Reflections on Practice: Child/Youth Mental Health be approved as proposed. Proposed semester of first offering: September 2008  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is designed for students who are, or plan to be, working in an Aboriginal child and youth mental health setting. The objective is to provide an opportunity to reflect on practice experience. The historical and cultural development of social work practice models is surveyed emphasizing contemporary models such as anti-oppressive practice, constructivism, and feminist practice. Assessment, intervention, planning, advocacy, organizing, recording, confidentiality, evaluation, case management, interdisciplinary environments, and termination are also studied.

**S-200804.10**

**New Course Approval — SOCW 503-3**

Robinson / Hutchings

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course SOCW 503-3 Social Work/Counseling Skills with Children/Youth be approved as proposed. Proposed semester of first offering: September 2008  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines practice and intervention skills focused on restoring balance when working with Aboriginal children and youth. The course examines basic issues of child development as well as communication skills that are effective in working with younger people. Specific therapeutic assessments and interventions are discussed and practiced within the

course. The importance of balancing the relationship between western and traditional treatment and intervention approaches is also examined.

**S-200804.11**

**New Course Approval — SOCW 504-3**

Robinson / Hutchings

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course SOCW 504-3 Mental Illness and Addictions Among Children/Youth be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Common types of mental illness are studied along with an overview of substance misuse and addictions. Structural elements impacting mental health such as poverty, racism, and isolation are considered as well as biological, traumatic, attachment, and familial factors. The epidemiology of mental illness among Aboriginal children and youth is examined along with factors associated with etiology. Pharmacological interventions are also examined.

**S-200804.12**

**New Course Approval — SOCW 505-3**

Robinson / Hutchings

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course SOCW 505-3 Crisis Work With Children/Youth: Restoring Balance be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines the nature of crisis and looks at the type of crisis situations faced by children and youth, giving special attention to Aboriginal children and youth. Basic crisis intervention skills are identified and practiced towards the restoration of balance. There is a particular focus on suicide, including assessment of suicide lethality, intervention skills, skills for working with survivors, cluster suicide and suicide epidemics, and prevention work. Other trauma or crisis work, critical incident debriefing with children and youth and an examination of individual, family and community risk and protective factors are also addressed.

**S-200804.13**

**New Course Approval — SOCW 506-3**

Robinson / Hutchings

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course SOCW 506-3 Community-Based Prevention: Creating Balance be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines community prevention strategies and risk reduction as it applies to child and youth mental health, highlighting the role and restoration of traditional activities that promote wellness for Aboriginal children and youth. Interventions and practical application of prevention strategies in relation to suicide, parenting, disability, and other issues are

addressed. Approaches to identifying and building on existing community programs and community strengths are also emphasized.

**S-200804.14**

**Change to Admission Requirements — English 12**

Madak / Hutchings

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, Admission to UNBC from British Columbia high schools be revised to state that students are required to have either English 12 or acceptable alternative.

Effective date: May 1, 2008

After discussion, it was proposed that this motion be amended to replace the text at the end of the sentence, from “acceptable alternative” to “English First Peoples 12.”

**Motion to amend Senate motion S-200804.14:**

Hyndman / Holler

That Senate motion S-200804.14 be amended to read: “That, upon the recommendation of the Senate Committee on Academic Policy and Planning, Admission to UNBC from British Columbia high schools be revised to state that students are required to have either English 12 or English First Peoples 12.”

CARRIED.

The motion, as amended, was CARRIED.

**S-200804.15**

**Approval of New Minor — Indigenous Ecological Knowledge**

Nyce / Hoffman

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new minor in Indigenous Ecological Knowledge be approved.

Proposed start date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

\*\* "A fifth Grade 12 Course": Any other of the approved Grade 12 courses, and also any Grade 12 course taught in the secondary school including locally-developed courses: e.g. (First Nations Languages), career preparation courses (Construction 12, etc.), or others (Art 12, Band 12, Information Technology 12, Communications 12, CAPP 12, etc.) or any Advanced Placement or International Baccalaureate courses.

\*\*\*Students interested in pursuing the BHSc Biomedical Studies Major are strongly encouraged to take Principles of Mathematics 12, Chemistry 12, and Biology 12 before entering the Program.

\*\*\*\***Nursing:** UNBC's partner institutions, the College of New Caledonia (CNC) & Northwest Community College (NWCC) are processing admissions to the Northern Collaborative Baccalaureate Nursing Program. If you wish to apply to our Prince George or Quesnel campuses, please apply through CNC: [http://www.cnc.bc.ca/Exploring/Applying\\_to\\_CNC.htm](http://www.cnc.bc.ca/Exploring/Applying_to_CNC.htm); if you wish to apply to our Terrace campus, please apply through NWCC at:

[http://www.nwcc.bc.ca/AdmissionRegistration/admission\\_application.cfm](http://www.nwcc.bc.ca/AdmissionRegistration/admission_application.cfm)

◆ UNBC accepts English First Peoples 12 as an acceptable equivalent to English 12.

**Note: Table excludes second-entry professional programs (Education, Social Work).**

**S-200804.16****New Course Approval – POLS 797-9**

Holler / Hutchings

That, upon the recommendation of the Senate Committee on Research and Graduate Studies, the new course POLS 797-9 Graduate Project be approved as proposed.

Proposed semester of first offering: September 2008

CARRIED.

It was noted that the Calendar description for this course was not in the present tense, which was the required format for Calendar descriptions.

**Action:** C. Myers to revise the Calendar description as requested.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The Graduate Project is a requirement for students choosing the MA Project Option. Students prepare a 12,000 – 15,000 word research paper, under the direction of a supervisor from Political Science. The project contains a thorough review of the existing literature, a detailed bibliography, and demonstrates clear evidence of critical thinking. A project proposal and the final research paper are assessed by a graduate committee, comprising the supervisor, one other member from Political Science, and one member from outside the program.

**S-200804.17****Change to Program Requirements — Political Science Program**

Reid / Michalos

That, upon the recommendation of the Senate Committee on Research and Graduate Studies, the MA Program Requirements and Course Offerings for Political Science be updated to reflect the addition of a Graduate Project option, and the addition of a new course, POLS 797-9: Graduate Project.

Effective date: September 2008

CARRIED.

It was noted that, on page 2 of 3 of this motion, under the heading “Project Option,” the reference to “a thesis proposal” should be changed to “a project proposal.”

**Action:** C. Myers to make this revision.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Requirements**

Students may choose either a *Thesis* or a *Project* option.

**Thesis Option**

Requirements for the Thesis Option comprise four graduate courses (including POLS 702-3 - Scope and Methods of Political Science), a thesis proposal, and a 12 credit thesis. No more than two of the four required graduate courses may be from disciplines other than Political Science.

~~Course work includes POLS 702-3 (Scope and Methods of Political Science), an approved research proposal, and a thesis (POLS 799-12). Besides POLS 702-3, two of the four required graduate courses should be from Political Science.~~

## Project Option

Requirements for the Project Option comprise five graduate courses (including POLS 702-3 - Scope and Methods of Political Science), a project proposal, and a 9 credit project. No more than two of the five required graduate courses may be from disciplines other than Political Science.

## Course Offerings

\* Indicates courses offered every year. All others are offered every other year.

## 7.3 Senate Committee on Scholarships and Bursaries

Madak

### S-200804.18

#### **Change to Graduate Calendar Description — Awards and Financial Aid**

McGill / Michalos

That, upon the recommendation of the Senate Committee on Scholarships and Bursaries, the change to the Graduate Calendar description for Awards and Financial Aid be approved.

Effective date: April 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Awards and Financial Aid

---

### Introduction

The Awards and Financial Aid Office helps students to obtain the funds necessary to finance their UNBC education and to provide educational budgeting services. Funds may be obtained from a variety of sources, including: government and bank loans, private, corporate, and public scholarships and bursaries; UNBC awards; and employment opportunities.

### Teaching Assistantships

Many graduate students receive all or part of their financial support through Teaching Assistantships. This support requires the graduate student to be involved in instruction and/or marking, and it is not guaranteed to any student. Minimum grade standards must be met, and the awards are made available, in part, in response to instructional needs within Program areas. Students should contact specific Programs for more information.

## I. Awards

The University of Northern British Columbia is committed to encouraging students from diverse backgrounds and experience to further their academic education through the establishment of scholarships, which promote academic excellence, and bursaries, which assist students in overcoming financial barriers to post-secondary education. All awards established at the University of Northern British Columbia are subject to acceptance by the University Senate. Students in, or applying to, the Graduate Diploma in Business Administration/Masters in Business Administration Program are not eligible for UNBC graduate awards unless an award directly specifies their eligibility.

### 1. Applications

A Graduate application form is available at the UNBC Awards, ~~Financial Aid, and Student Employment Centre~~ and Financial Aid office. The application form is also available online at [www.unbc.ca/finaid](http://www.unbc.ca/finaid). This form should be used for both Graduate Awards and Open Awards.

Individual applicants are responsible for knowing the application deadlines, providing complete information on the application form, and supplying any supporting documentation that is required.

Unless otherwise stated in the criteria, the deadline for applying for Graduate and Open Awards is February 15 each year. Completed applications must be **received** by the Awards and Financial Aid office by 4 pm.

### 2. Definitions

Unless otherwise stated, these definitions apply to the criteria listed on subsequent pages.

#### Academic Excellence

Normally, a minimum A average, equivalent to or greater than a 4.00 GPA.

#### Academic Proficiency

Normally, a B+ average, equivalent to or greater than a 3.33 GPA.

#### Satisfactory Academic Standing

Normally, a minimum B average, equivalent to or greater than a 3.00 GPA, with no course grade less than a B-.

#### Minimum Standing

For the purpose of awards eligibility, minimum standing ("passing grades") shall be considered equivalent to satisfactory academic standing.

#### Annual GPA

Calculated on the basis of grade point averages for credit hours completed during the awards year, May 1 to April 30.

#### Award Units

Calculated by multiplying the credit hours completed during the specified term by the grade points received for those hours.

#### Full-time Graduate Student

A full-time student is a graduate student who is enrolled in six credits or more per semester, or is enrolled in a thesis, project, or comprehensive examination or dissertation.

#### Resident of Northern BC

A person who resides in a northern community located within the regions established under the College and Institute Act for the College of New Caledonia, the Northern Lights College, and the Northwest Community College.

A resident of northern British Columbia is defined as a person whose principal residence for twelve consecutive months immediately prior to admission at UNBC is within the defined region.

### **Health Sciences**

For those awards where "health sciences" is stated in the criteria, the following programs are considered eligible:

#### **Undergraduate Programs:**

Bachelor of Health Sciences (BHScN)  
Bachelor of Science in Nursing (BScN)  
Bachelor of Science, Psychology (BSc)  
Bachelor of Social Work (BSW)  
Bachelor of Science, Biochemistry & Molecular Biology (BSc)

#### **Graduate Programs**

Nursing (MScN, MScN:FNP)  
Community Health Science (MSc)  
MCPS (Chemistry) (MSc)  
Psychology (MSc)  
Disability Management (MA)  
Education-Counselling (MEd)  
Social Work (MSW)

## **Award Types**

### **Award**

An award may be a fellowship, scholarship, bursary, prize or other monetary recognition assigned to a student.

### **Fellowship**

Usually available only to graduate students, awarded on the basis of high academic achievement (academic excellence or academic proficiency) toward which secondary criteria may be applied.

### **Scholarship**

Awarded on the basis of high academic achievement (academic excellence or academic proficiency) toward which secondary criteria may be applied.

### **Bursary**

Awarded on the basis of demonstrable financial need, provided the student has met the requirement of satisfactory academic standing, toward which secondary criteria, including academic achievement, may be applied.

### **Prize**

The award's value may be non-monetary, such as a book or other gift-in-kind, or, if monetary, its value is normally less than \$250.

### **Medal**

The award is an academic medal, awarded on the basis of academic excellence or academic proficiency, toward which secondary criteria may be applied.

## Award Categories

### Graduate

Graduate Awards are set aside for students who have been admitted into Graduate Programs at UNBC.

### Open

These awards may be available to a variety of UNBC students, including new undergraduates, transfer students, undergraduate in-course students, and graduate students. Some awards may also be available to Faculty.

## 3. Administrative Policies

Unless otherwise stated, these policies apply to the criteria listed on subsequent pages.

### Graduate Awards

Students commencing or continuing in UNBC Graduate Programs are encouraged to apply for UNBC's Graduate Awards. To be considered for awards adjudicated on the basis of criteria such as community service or written research intent, it is recommended that students submit a résumé or curriculum vitae, and a thesis proposal, along with a completed Graduate Awards application form, to the Awards, ~~Financial Aid, and Student Employment Centre~~ and Financial Aid office. Applicants may be evaluated on the basis of their admission GPA or their annual GPA for courses taken within the academic year.

### Awards Ceiling

The University reserves the right to limit the amount of money awarded to any student and, if necessary, to reassign awards to other students by reversion. The Senate Committee on Scholarships and Bursaries will generally recommend that no individual student receive an award or combination of awards exceeding a determined value.

### Disbursement

It is generally understood that students will be enrolling in both the Fall and the Winter Semesters. Funds will be deposited directly into the students' UNBC accounts in two equal disbursements; the first on or about September 10, and the second on or about January 15.

Awards may normally be deferred for a period of one semester only. Requests for deferrals must be made in writing to the Awards, ~~Financial Aid, and Student Employment Centre~~ and Financial Aid office.

The University reserves the right to apply awards proceeds against outstanding fees owing to the University. If the amount of the award or awards exceeds the unpaid fees for the semester, the student may apply for a refund of the excess balance after the add/drop deadline has past.

### Liability

Any award may be withheld or cancelled for any of these reasons: lack of suitable candidates; failure to meet the terms and conditions of the award; withdrawal from the University; or withdrawal of the award by the donor. Furthermore, the University assumes liability for the payment of scholarships, bursaries, prizes, and other awards only to the extent that expected gifts from donors or returns from particular investments of endowed funds are realized. The University also reserves the right to make whatever changes are required, including cancellation of particular awards or changes to criteria.

### Requirements

Unless otherwise stated, all awards are conditional upon confirmation of full-time registration at the University of Northern British Columbia in the semesters immediately following the granting of the award.

To Senate for information:

**SCSB20080312.04**

**New Calendar Description — Northern BC Graduate Students' Society Legacy Bursary**

That the new calendar description for the Northern BC Graduate Students' Society Legacy Bursary be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** Graduate

**Award Name:** Northern BC Graduate Students' Society Legacy Bursary

**Calendar Description/Intent:** The Northern BC Graduate Students' Society Legacy awards were established by the NBCGSS to support graduate students at UNBC.

These awards are financially supported by alumni of UNBC graduate studies. The goal of the NBCGSS Legacy Bursary is to support students in financial need or that demonstrate outstanding leadership or community involvement.

**Donor:** Northern BC Graduate Students' Society (NBCGSS)

**Value:** \$500

**Number:** Two (1 to a CASHS student, 1 to a CSAM student)

**Placement in which Calendar:** Graduate

**Award Type:** Bursary

**Eligibility:** Available to full time graduate students who are in good academic standing.

**Criteria:** Satisfactory academic standing and demonstrated financial need and/or leadership or community involvement.

**Conditions:** Students who have won awards that exceed their tuition for that academic year are ineligible to win this award.

**Note:** Students may apply for the Bursary for the first 2 years of their Master's Degree or the first 3 years of their PhD program.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a curriculum vitae including two personal references or one personal reference and one letter of reference and a short biography outlining leadership, volunteering or community involvement. Indicate in the financial need section of the application whether or not you would like to remain anonymous upon receiving this award.

**Effective Date:** Established 2008

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080312.05**

**New Calendar Description — Northern BC Graduate Students' Society Legacy Scholarship**

That the new calendar description for the Northern BC Graduate Students' Society Legacy Scholarship be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** Graduate

**Award Name:** Northern BC Graduate Students' Society Legacy Scholarship

**Calendar Description/Intent:** The NBCGSS Legacy awards were established by the

NBCGSS to support graduate students who excel at UNBC. These awards are supported financially by alumni of UNBC graduate studies. The goal of the NBCGSS Legacy Scholarship is to recognize and support academic excellence.

**Donor:** Northern BC Graduate Students' Society (NBCGSS)

**Value:** \$500

**Number:** Two (1 to a CASHS student, 1 to a CSAM student)

**Placement in which Calendar:** Graduate

**Award Type:** Scholarship

**Eligibility:** Available to full time UNBC graduate students.

**Criteria:** Academic excellence

**Conditions:** Students who have won financial awards that exceed their tuition for that academic year are ineligible to win this award.

**Note:** In addition to academic excellence, contributions to the graduate culture and the graduate program in which the applicant is enrolled in will also be evaluated. Students may apply for the Scholarship for the first 2 years of their Master's Degree or first 3 years of their PhD program.

**Application Instructions:** Fill out all sections of the Awards Application form and attach curriculum vitae and a letter outlining contributions to the graduate culture and program.

**Effective Date:** Established 2008

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

#### **SCSB20080312.06**

#### **New Terms and Conditions — PAPTAC Western Branch Bursary**

That the new Terms and Conditions for the PAPTAC Western Branch Bursary be approved.

Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **CALENDAR INFORMATION:**

**Award Category:** Open and In-course

**Award Name:** PAPTAC Western Branch Bursary

**Calendar Description/Intent:** The Pulp and Paper Technical Association of Canada strives to provide technical and practical information on pulp and paper manufacture and to further the application of the sciences in the pulp and paper industry. As part of this mandate, the Western Branch holds an annual technical conference with participants from across Western Canada. The 2006 and 2007 conferences in Prince George were very successful and, as a result, we want to give back to the community by supporting and encouraging students to work in our industry.

**Donor:** The Pulp and Paper Technical Association of Canada, Western Branch

**Value:** \$1,250

**Number:** Two

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to full time undergraduate students with a declared major in Environmental Engineering or Environmental Science. First preference will be given to residents of Northern British Columbia.

**Criteria:** Demonstrated financial need and satisfactory academic standing.

**Application Instructions:** Fill out all sections of the Awards Application form.

**Effective Date:** Established 2007 *NOTE: This is a one-time award supported by funds from 2006 and 2007 conference revenue.*

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080312.07**

**Revised Terms and Conditions — Alex C. Michalos Award**

That the revised Terms and Conditions for the Alex C. Michalos Award be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** In-course

**Award Name:** Alex C. Michalos Award

**Calendar Description/Intent:** Dr. Alex C. Michalos F.R.S.C. was one of the early faculty members of UNBC, serving as the Chair of the Political Science program. Much of Dr. Michalos' scholarly work has been concerned with improving the quality of life through applications of science and technology. Dr. Michalos founded and edits the Journal of Business Ethics and Social Indicators.

**Donor:** Dr. Alex C. Michalos

**Value:** ~~\$1000~~ \$300

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Award

**Eligibility:** Available to a full or part time undergraduate student who has completed 30 credit hours.

**Criteria:** Academic excellence and demonstrated community/volunteer service in the Prince George community.

**Note:** Successful applicants can receive this award more than once.

**Application Instructions:** Fill out all sections of the Awards Application form and attach three letters of recommendation attesting to your community involvement.

**Effective Date:** Established 1998

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080312.08**

**Revised Terms and Conditions — Christopher Desjardins Memorial Bursary**

That the revised Terms and Conditions for the Christopher Desjardins Memorial Bursary be approved.

Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** Admission

**Award Name:** Christopher Desjardins Memorial Bursary

**Calendar Description/Intent:** Christopher Desjardins (January 23, 1983 – August 26, 2000) lived in Prince George as a child and has many close friends residing here. Chris was a vibrant 17 year-old who touched many lives in his short life. Chris highly valued the closeness of family and friends. With his zest for life, Chris was determined to achieve success over all obstacles and continue on with his education. He was a grade 12 student in Abbotsford, BC. It is the wish of Loreen and Larry Obst (Chris' aunt and uncle) to establish this bursary in Chris' memory to enable other young students to have the opportunity to achieve their dreams and goals.

**Donor:** ~~Family and Friends of Christopher Desjardins~~ Loreen and Larry Obst

**Value:** \$1,000

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to a full time undergraduate student. First preference will be given to a resident of northern BC and have stated career goals toward a career path.

**Criteria:** Academic proficiency and demonstrated financial need.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a brief outline of your career goals.

**Effective Date:** Established 2000

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080312.09**

**Revised Terms and Conditions — Pulp, Paper and Woodworkers of Canada, Local 9 Bursary**

That the revised Terms and Conditions for the Pulp, Paper and Woodworkers of Canada, Local 9 Bursary be approved.

Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by strikethrough, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** Open

**Award Name:** Pulp, Paper and Woodworkers of Canada, Local 9 Bursary

**Calendar Description/Intent:** The members of PPWC, Local 9 established two bursaries to encourage its members and their families to further their academic education in the north and to assist them in overcoming financial barriers to post secondary education.

**Donor:** Members of the Pulp, Paper and Woodworkers of Canada, Local 9

**Value:** \$1,500

**Number:** Two

**Placement in which Calendar:** Undergraduate and Graduate

**Award Type:** Bursary

**Eligibility:** Available to a full or part time undergraduate or graduate student enrolled in any program of study ~~must be given to~~ who is a member, the spouse of a member, a child, grandchild or legal ward of a member or deceased member of the Pulp, Paper and Woodworkers of Canada, Local 9. Proof of membership must be supplied at the time of application.

**Criteria:** Demonstrated Financial Need

**Conditions:** ~~Student able to receive the bursary once.~~ Student is unable to receive this award more than once.

**Note:** If no applicants meet the criteria, the award shall be made available to any applicant who is a member, the spouse of a member, a child, grandchild or legal ward of a member or deceased member of the Pulp, Paper and Woodworkers of Canada, Local 9.

**Application Instructions:** Fill out all sections of the Awards Application form and attach proof of membership.

**Effective Date:** Established 2004

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080312.11**

**Approval of Terms and Conditions Template**

That the Terms and Conditions template be approved as submitted.

Effective date: January 2008

---

The meeting commenced at 3:30 p.m.

**1.0 S-200805.01**

**Approval of the Agenda**

Hutchings / Holler

That the Agenda for the May 14, 2008 Public Session of Senate be approved as presented.

CARRIED.

**2.0 Approval of Minutes**

The Chair proposed that motions S-200805.02 and S-200805.03 be moved as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200805.02**

**Approval of Minutes of April 9, 2008**

Tasa / Reid

That the Minutes of the April 9, 2008 Public Session of Senate be approved as presented.

CARRIED.

**S-200805.03**

**Approval of Minutes of March 26, 2008**

Tasa / Reid

That the Minutes of the special Senate budget meeting of March 26, 2008 be approved as presented.

CARRIED.

### **3.0 Business Arising from Previous Minutes of Senate (no material)**

No business arising was identified.

### **4.0 President's Report**

**Cozzetto**

#### **4.1 Bill 34 – University Amendment Act**

The President provided documentation outlining the proposed changes to the *University Act*. He drew attention to three substantial changes, as follows:

- 1) the creation of five special purpose teaching universities
- 2) the procedure for selecting a Chancellor
- 3) definition of faculty

The President added that if this Bill is approved, the new universities will have the authority to award graduate degrees, and because there is no limit to the programs they can become engaged in, this may become a threat to the research intensive universities.

### **5.0 Report of the Provost (no material)**

**Randall**

The Provost reported that the Academic Visioning Initiative Senate Steering Committee had a meeting scheduled for May 21, and that this committee would be providing a report, along with the reports of the Academic Alignment and Pedagogy Working Groups, to Senate in June.

The Provost also reported that the Senate Committee on Academic Policy and Planning (SCAPP) and the Senate Committee on Research and Graduate Studies (SCRGS) had discussed some motions related to an expansion of awards for UNBC students. Several valid points were raised at the meetings, so the motions would be revised and sent to the College Councils for feedback.

The final item which Dr. Randall reported on was that the Ministry of Advanced Education had offered some seminars regarding sustainability and green campuses to BC institutions, with which UNBC was involved.

### **6.0 Question Period (no material)**

A question was raised regarding the enrolment snapshot of April 15, specifically whether there was a more recent snapshot, and why there was a 40 percent decrease in conversions between last year and this year. The Provost responded that there had been a technical problem which prevented the release of the most recent report, but that the next report was scheduled to be released on May 15. With regard to the decrease in conversions, Dr. Randall explained that registration opened two weeks later this year than last year, and there were new programs last year which resulted in increased intake that wouldn't be experienced this year. He added that the Dean of Student Success and Enrolment Management was preparing longer-term strategies regarding recruitment, including revising the recruitment plan to take into account technological developments such as Facebook, for instance.

Another Senator expressed concern about the time taken between applications being received by the University and the Programs receiving those applications for consideration. The Provost indicated that there was now in place a 48 – 72 hour turnaround time in the Office of the Registrar, but recognized there were issues with the graduate application process. Both the Provost and Registrar responded that they were well aware of these issues, and that the concerns were being addressed by increasing staffing and streamlining processes. The Registrar also requested that, if faculty members discover issues with the application or registration process, they advise the Office of the Registrar immediately so that the issues can be rectified.

A Senator asked whether Senators thought it would be a useful exercise to participate in a committee of the whole discussion of Senate regarding recruitment and retention. In response, it was agreed that this

would be useful, and that it was the role of Senate. It was suggested, however, that the discussion be general in nature, as Senate was not necessarily the appropriate forum for the discussion of specific issues, but that it would also be worthwhile discussing specific items in a different forum. The President suggested that the Steering Committee of Senate be charged with coming up with an agenda item in this regard for placement on the June Senate meeting agenda.

**Action:** C. Myers to add an agenda item regarding a "Recruitment and Retention Discussion" to the agenda for the May meeting of the Steering Committee of Senate for discussion and addition to the June Senate meeting agenda.

The President was asked whether The Presidents' University Council (TUPC) has been vocal about their concerns regarding Bill 34 and the advent of the new universities. Dr. Cozzetto responded that TUPC had addressed the Plant commission, but that the new universities had positioned themselves well politically, and unless the Bill failed in the legislature, which was unlikely, this was a "done deal." The Provost added that, if the legislation was passed, the next location at which concern could be expressed was at the Degree Quality Assessment Board (DQAB). The DQAB is the entity that approves new programs and degrees, so Dr. Randall suggested that universities which already offer programs similar to those being proposed by a new university challenge the approval of those proposed programs. The President suggested that the next discussion with the government should be with regard to the funding model, because if it continues to be solely based on FTE, many universities are now set up to fail given the raised level of competition. Dr. Cozzetto concluded with the comment that he had asked TUPC to keep the university presidents apprised on the status of this Bill.

A student Senator reported that he was of the understanding that some space which had been allocated for use by students with disabilities had been reallocated to the College Deans, and he expressed concern that, if students aren't provided with services they need, they will go elsewhere. Dr. Randall invited the student Senators to discuss this with him after the meeting.

There was further discussion of space, and the possibility that the new Northern Undergraduate Student Centre building would lead to further separation of faculty and students that seemed to occur when the Teaching and Learning Building was opened. It was requested that any initiatives to prevent this separation be considered. Dr. Randall advised that the student societies were involved in the discussions which took place at the Space Allocation Committee meetings, but that proposals could still be submitted to the Space Allocation Committee.

## **7.0 Committee Reports**

### **7.1 Senate Committee on Academic Policy and Planning**

**Randall**

#### **S-200805.04**

##### **Course Deletion — COMM 344-3**

Jensen / McGill

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, COMM 344-3 Marketing Channels be deleted.

Effective date: September 2009

CARRIED.

The effective date for this motion was scheduled to be September 2008. Senator Li asked that this date be changed to September 2009, to which Senate agreed.

#### **S-200805.05**

##### **New Course Approval — COMM 346-3**

Holler / Reid

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the new course COMM 346-3 Internet Marketing be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides insights into the converging logic of traditional marketing in the information age from managerial and consumers' perspectives. Students learn how to understand consumer internet behaviour, identify appropriate target segments, develop product opportunities, pricing structures, and distribution channels over the Internet, and execute marketing strategy in a computer-mediated environment.

**Prerequisites:** COMM 240-3, CPSC 250-3

**S-200805.06**

**Change to Calendar Text — Essentials of Mathematics 12**

Wagner / Casperson

That, upon the recommendation of the Senate Committee on Academic Policy and Planning, the calendar entry for Essentials of Mathematics 12 be modified as proposed.

Effective date: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

*Note that BC Introductory Mathematics 11, Applications of Mathematics 11, Essentials of Mathematics 11, ~~and Applications of Mathematics 12~~, and Essentials of Mathematics 12 are not considered pre-requisites for any Mathematics courses as currently taught.*

To Senate for Information:

**7.1.1 Report from Senator Macknak — External Review of UNBC Continuing Studies**

Senator Macknak provided this report to Senate. A Senator expressed that she thought the external review was an accurate reflection of faculty members' concerns, and hoped that Continuing Studies would continue to address the recommendations as they had been doing. The sentiments were expressed that Senate should have authority for approving new Continuing Studies courses for credit, and that, if Senate had delegated this authority to the Senate Committee on Academic Policy and Planning, this debate should be reopened in future.

A Senator noted that, according to her recollection, the letters XXXX were to be used to identify Continuing Studies credit courses in order to distinguish them from regular credit courses. The Provost indicated he would review the previous Senate minutes and ensure that the spirit of the motion was conformed to when approving Continuing Studies courses for credit.

**SCAPP20080421.01**

**New Course Approval — XCMP 207-3**

That the new course XCMP 207-3 Introduction to Google Sketch Up be approved as proposed.

Proposed semester of first offering: May 2008

**SCAPP20080421.02**

**New Course Approval — XCMP 217-3**

That the new course XCMP 217-3 Intro to Computer Aided Design be approved as proposed.

Proposed semester of first offering: May 2008

**S-200805.07****Change to Calendar Description — MBA Program**

McGill / Adamick

That, upon the recommendation of the Senate Committee on Research and Graduate Studies, the calendar description for the MBA Program be changed.

Effective date: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Program Fees for Full-Time MBA and Dip. BA Students**

PROGRAM	PROGRAM FEES
<b><u>Year One of the MBA Graduate Diploma in Business Administration (Dip. BA) (year one)</u></b>	\$18,360.00* *payable in 3 installments: \$6,120 within 30 days of offer of admission & \$6,120 per subsequent semester payable the first day of classes.
<b><u>Year Two of the MBA Master of Business Administration (MBA) (year two)</u></b>	\$12,240.00* *payable over 2 semesters @ \$6,120 per semester-payable the first day of classes.

\*Students ~~enrolled in 2004~~ who complete ~~both stages of~~ the UNBC MBA program within two years are guaranteed stable program fees. Students who do not complete the program within the two years are subject to any changes in program fees.

\*The program fees include course costs, ~~course texts, and~~ most classroom materials, ~~accommodations and subsistence and meal costs~~ when required for ~~residential on-campus sessions~~. Program fees include the cost of two one-week off-campus sessions, one in August and one in May. **The program fees do not include UNBC student fees, costs of textbooks, accommodation and transportation.** Please refer to the UNBC Graduate Studies website ([www.unbc.ca/graduateprograms/](http://www.unbc.ca/graduateprograms/)) for more information on student fees.

A student who withdraws from the MBA Program after the one-week off-campus session in August will have \$2,000 withheld to cover the costs of that session.

For information regarding continuation fees, please see “Tuition Fee Units for Continuing Students”.

**S-200805.08**

**Change to Application Dates — MBA Program**

McGill / Ellis

That, upon the recommendation of the Senate Committee on Research and Graduate Studies, the application dates for the MBA Program be changed.

Effective date: May 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**1.0 General Admission**

. . .

The deadline for application to the Disability Management Program is March 15 for September Semester admission.

The deadlines for Canadian applications to the Master of Business Administration degree program Program is are May 15 for September Semester admission and September 15 for January Semester admission. The deadlines for international applications to the Master of Business Administration degree program are April 15 for September Semester admission and July 15 for January Semester admission.

Applications for admission should be submitted as early as possible to the Office of the Registrar. Applications received after the deadlines may not be processed in time to permit admission.

An Executive Summary of the proposed changes to the Social Work Program was included for information.

**S-200805.09**

**Change to Program Requirements and Calendar Description — School of Social Work**

Domschy / Hutchings

That, upon the recommendation of the Senate Committee on Research and Graduate Studies, the UNBC Academic Calendar Description for Social Work be changed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Taking a MSW at UNBC**

There are two entry routes into the MSW.

**Entry Route 1:**

~~The One Year~~ MSW: Entry from a Bachelor of Social Work, and one year (12 months full-time equivalent) post-BSW human service experience.

For full-time students this will consist of 33 credit hours ~~of course work~~, including completion of a thesis or practicum report.

This program requires the successful completion of a minimum course work of 27 credit hours for practicum students, and 24 credit hours for thesis students. The program comprises an integrated core of five required courses, two elective courses, a thesis/practicum, and a thesis, OR five required courses, four electives, and a practicum.

**Entry Route 2:**

~~The Two-Year~~ MSW Foundation Year: Entry with a Bachelor degree in a related field or discipline, and two years (24 months full-time equivalent) human service experience (66 credit hours).

For full-time students, this will consist of a minimum two years (24 months) program of course and practica. A thesis or practicum report is required following completion of course work. An oral defense is required for the ~~thesis or practicum~~. This route normally includes 66 credit hours, consisting of 33 credit hours in each of the two years.

~~One-Year~~ MSW

~~This program requires the successful completion of a minimum course work of 27 credit hours for practicum students, and 24 credit hours for thesis students. The program comprises an integrated core of five required courses, two elective courses, a thesis/practicum, and a thesis, OR five required courses, four electives, and a practicum.~~

**Requirements**

~~All~~ Thesis students must take the following required courses:

- |                     |   |
|---------------------|---|
| SOCW 609-3          | Advanced Quantitative Research  |
| HHSC 703-3          | Advanced Qualitative Research Approaches in Health and Human Sciences |
| SOCW 704-3          | MSW Integrative Seminar   |
| <u>SOCW 700-912</u> | <u>MSW Thesis</u>   |

~~Thesis students must take SOCW 701-3 Thesis Practicum~~  
Practicum students must take the following required courses:

- |                   |  |
|-------------------|--|
| <u>SOCW 609-3</u> | <u>Advanced Quantitative Research</u>  |
| <u>HHSC 703-3</u> | <u>Advanced Qualitative Research Approaches in Health and Human Sciences</u> |
| <u>SOCW 704-3</u> | <u>MSW Integrative Seminar</u>   |
| <u>SOCW 732-6</u> | <u>MSW Practicum II</u>  |

All students must take at least two of the following courses:

~~Two of:~~

SOCW 601-3	Current Issues in Northern/Remote Social Work
SOCW 602-3	First Nations: Advanced Social Work Practice
SOCW 603-3	Women: Policy/Practice Issues
SOCW 605-3	Community Work/Politics of Change

Electives

~~Thesis students are required to take two electives and practicum students are required to take four electives from:~~

SOCW 604-3*	Directed Readings/Electives
SOCW 610-3	Addictions and Mental Health
SOCW 613-3	Clinical Social Work Practice
SOCW 615-3	Multi-Cultural Social Work Practice
SOCW 620-3	Policy Making/Human Services
SOCW 621-3	Comparative Welfare Analysis
SOCW 651-3	Legal Issues for Women
SOCW 698-3	Special Topics
<u>SOCW 701-3</u>	<u>Thesis Practicum</u>

Thesis students are required to take a total of two electives. Those two electives may be taken from the above list, and/or from other UNBC graduate programs, and/or from other accredited Canadian universities via approved transfer agreements (e.g. the Western Deans' Agreement).

Practicum students are required to take a total of four electives, two of which must come from the above list of courses. The two electives which do not come from the above list may be taken from other UNBC graduate programs and/or from other accredited Canadian universities via approved transfer agreements (e.g. the Western Deans' Agreement).

\* Students may only take SOCW 604-3 Directed Readings/Electives course once for 3 credits.

~~Students may take up to two electives from other UNBC graduate programs.~~

~~Thesis and Practicum~~

<del>SOCW 700-9</del>	<del>MSW Thesis</del>
<del>SOCW 701-3</del>	<del>Thesis Practicum</del>
<del>SOCW 732-6</del>	<del>MSW Practicum II</del>

~~Two Year MSW Foundation Year~~

~~The MSW normally comprises 33 credit hours (one year) of graduate study for those with a BSW degree, and two years of previous human~~

~~service experience.~~ For those with baccalaureate degrees in related areas and two years of full-time previous human service experience, the MSW will normally consist of 66 credit hours (two years) of study. The ~~first~~ foundation year will consist of six 600 level courses, two 600 level electives, plus a Practicum (SOCW 632-6).

The 600 level courses are:

SOCW 630-3	Communication Skills
SOCW 631-3	Critical Social Work Practice
SOCW 632-9	MSW Practicum I
SOCW 633-3	Critical Social Policy
SOCW 634-3	Social Work Research/Policy/Practice
SOCW 635-3	Social Work Philosophy and Ethics
SOCW 637-3	Advanced Practice
<del>SOCW Elective 3</del>	<del>Two 3-credit-hour, 600-level Social Work elective courses</del>

**S-200805.10**

**Change to Credit Hours — SOCW 700-9**

Domshy / Shaw

That, upon the recommendation of the Senate Committee on Research and Graduate Studies, the credit hours for SOCW 700-9 MSW Thesis be changed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

SOCW 700-~~912~~ MSW Thesis Students taking this route will register for a thesis leading to a written report of high academic quality that demonstrates mastery of the field specified and an ability to undertake research. The thesis may be based on research about models of advanced practice, policy and/or evaluation in the thematic areas of the MSW program.

To Senate for Information:

**SCRG200804.11**

**Course Prerequisite Change — COMM 725-3**

That the prerequisite for COMM 725-3 Financial Management be deleted.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

COMM 725-3 Financial Management Case analysis and class investigation of 'live cases' are used to explore managerial issues in finance including financial forecasting,

management of working capital, business and share price valuation, capital structure and development of long term finance. Depending on class interests, more specialized topics such as dividend policy, mergers and acquisitions, use of derivatives and financing high-technology ventures are covered.

~~Prerequisites: COMM 610-3 or permission of the instructor~~

**SCRG200804.07**

**Course Prerequisite Change — SOCW 609-3**

That the prerequisite for SOCW 609-3 Advanced Quantitative Research be changed.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**SOCW 609-3 Advanced Quantitative Research**

Advanced Quantitative Research in Social Policy and Social Work Practice covers a range of quantitative methods, research designs, statistical analyses and measures. The course explores social policy and social work issues in comparative, national and provincial contexts and links measures, methods and analyses to current issues and debates in social work policy and practice. The course prepares students with the research tools necessary to undertake their thesis and/or practicum projects.

**Prerequisite: MSW Foundation Year students must successfully complete SOCW 634-3**

**7.3 Steering Committee of Senate**

**Randall**

**7.3.1 Senate Orientation and Training — Proposed Terms of Reference**

The Provost reminded Senators that the Steering Committee of Senate had been asked to discuss this, which they did. The committee produced draft terms of reference related to this work, and invited input on the terms of reference from Senators. He added that, if the terms of reference meet with Senate approval, the plan was to contact the first ranked individual, bring that person to campus early in September for a one-day environmental scan, information from which would be used to structure the sessions. The consultant would then come back in October to provide the orientation sessions, and would submit a final report a month after that. No opposition was expressed in relation to the proposed terms of reference.

**7.4 Senate Committee on Nominations**

**Reid**

**S-200805.11**

**Membership Changes to Senate and Senate Committees (no material)**

Casperson / Wagner

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate committees as indicated, be approved as proposed.

CARRIED, with Senator Devan Tasa, rather than Senator Drew Adamick, being appointed as the (Undergraduate) Student Senator on the Steering Committee of Senate.

A Senator reported that the T'seba Student Association was now defunct, so the reference to that position in the membership for the Senate Committee on First Nations and Aboriginal Peoples would need to be addressed. The Chair of the Senate Committee on Nominations responded that, despite the fact that the Association was defunct, from what he understood, the criteria for belonging to the Association were that the student was Aboriginal and a member of the Northern Undergraduate Student Society, criteria which have been met by the student being nominated for that position. He thanked the Senator for bringing this point to his attention and added that it would be resolved.

Senator Macknak noted that the Senate Committee on Regional Policy and Inter-Institutional Relations had been asked to assist with the procedure for appointing regional representatives to Senate, and had made some recommendations and heard nothing further. He asked whether there were any developments in this regard. Senator Reid replied that the Senate Committee on Nominations had developed a procedure for appointing regional Senators, which would need to be incorporated into the Senate Handbook. Once the proposed revisions were finalized, they would be forwarded to the Steering Committee of Senate for consideration.

It was questioned if more than one candidate had put his or her name forward for appointment to the Student Senator position on the Steering Committee of Senate. The Chair of the Senate Committee on Nominations responded that two individuals had put their names forward, which were subsequently voted on by the Senate Committee on Nominations, with the individual garnering the most votes being forwarded to Senate for recommendation. A Senator added that the Senate Committee on Nominations was welcome to put only one, or more than one, name forward for consideration by Senate, but that the floor was always open for further nominations. Senator Adamick nominated Senator Tasa for the position of Student Senator on the Steering Committee of Senate, and Senator Tasa accepted the nomination. Senator Adamick thus withdrew his name from the candidacy for that position. There being no further nominations for any of the positions, nominations were closed, and all candidates were appointed to the positions as outlined below.

<b><u>SENATE COMMITTEE AND POSITION TO BE FILLED</u></b> <i>(except where otherwise noted, all terms begin April 1, 2008)</i>	<b><u>CANDIDATE</u></b>
<b><u>Steering Committee of Senate</u></b> (Undergraduate) Student Senator (until March 31, 2009)	Devan Tasa
<b><u>Senate Committee on Nominations</u></b> (Undergraduate) Student Senator (until March 31, 2009)	Shawn Rennebohm (2 <sup>nd</sup> term)
<b><u>Senate Committee on Academic Appeals</u></b> Student Senator (Aboriginal if possible) (until March 31, 2009) Undergraduate Student Senator (until March 31, 2009) Graduate Student Senator (until March 31, 2009) Faculty Member (until March 31, 2009)	Corbin Greening Shawn Rennebohm (2 <sup>nd</sup> term) Elizabeth Sharp Ted Binnema
<b><u>Senate Committee on Admissions and Degrees</u></b> Undergraduate Student Representative (until March 31, 2009) Graduate Student Representative (until March 31, 2009)	Trevor Shaw (2 <sup>nd</sup> term) Elizabeth Sharp (2 <sup>nd</sup> term)
<b><u>Senate Committee on Academic Policy and Planning</u></b> (Undergraduate) Student Senator (until March 31, 2009) Undergraduate Student Representative (until March 31, 2009) Graduate Student Representative (until March 31, 2009)	Devan Tasa (2 <sup>nd</sup> term) Christina Bock Jon Schneider
<b><u>Senate Committee on Scholarships and Bursaries</u></b> (Undergraduate) Student Senator (until March 31, 2009) Undergraduate Student Representative (until March 31, 2009) Graduate Student Representative (until March 31, 2009)	Drew Adamick Sarah Pickett (2 <sup>nd</sup> term) Julius Bankole (2 <sup>nd</sup> term)
<b><u>Senate Committee on Research and Graduate Studies</u></b> Graduate Student (CASHS) (until March 31, 2009) Graduate Student (CSAM) (until March 31, 2009)	Elizabeth Sharp Jon Schneider

**Senate Committee on First Nations and Aboriginal Peoples**

Student Representative, T'seba Student Society  
(until March 31, 2009)  
Faculty Senator (until March 31, 2011)  
First Nations Representative — Métis (until March 31, 2011)

Corbin Greening  
Ross Hoffman  
Patrick Pocha

**Senate Committee on Regional Policy and Inter-Institutional Relations**

(Undergraduate) Student Senator (until March 31, 2009) Trevor Shaw (2<sup>nd</sup> term)

**Senate Committee on Honorary Degrees and Other Forms of Special Recognition**

(Undergraduate) Student Representative (until March 31, 2009) Thomas Knudsen (2<sup>nd</sup> term)

**Senate Committee on the University Budget**

(Undergraduate) Student Senator (until March 31, 2009)  
Undergraduate Student Representative (to March 31, 2009)  
Graduate Student Representative (until March 31, 2009)

Trevor Shaw (2<sup>nd</sup> term)  
Drew Adamick  
Rhea Bowen

**Senate Committee on Student Discipline Appeals**

Undergraduate Student Representative (until March 31, 2009)  
Graduate Student Representative (until March 31, 2009)  
First Nations Student Representative (until March 31, 2009)

Troy Dickson  
Marianne Sprague (2<sup>nd</sup> term)  
Beverly Isaac (2<sup>nd</sup> term)

To Senate for Information:

**SCAPP and SCRGS Subcommittee on Curriculum and Calendar**

Faculty Senator, designate of Associate Dean  
of Graduate Programs (until March 31, 2011)  
Faculty Senator, designate of Dean of CSAM  
(July 1, 2008 to December 31, 2008 – sabbatical leave  
replacement)

Matt Reid

Jianbing Li

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**Kielly**

The Registrar had nothing to report.

**9.0 Information**

**9.1 Reception — Board of Governors and Senate (no material)**

Based on tabulated responses regarding Senators' availability, it was reported that the Board of Governors would be hosting a reception on June 20, 2008. Senators were advised that they would receive formal invitations, with further details, by mail.

**10.0 S-200805.12**

**Move to In Camera Session**

Jensen / Wagner  
That the meeting move In Camera.  
CARRIED.

**11.0 S-200805.18**

**Adjournment**

Holler / Wagner  
That the Senate meeting be adjourned.

The meeting ended at 5:10 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

June 11, 2008  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

Present:

D. Adamick, E. Annis, J. Bankole, T. Binnema, C. Bock, D. Casperson, S. Déry, H. Domshy, H. Donker, B. Ellis, C. Greening, I. Hartley (Associate Dean, Graduate Programs—non-voting), D. Hemingway, R. Hoffman, J. Holler, K. Hutchings, J. Hyndman, E. Jensen, G. Kerr (incoming Registrar and Secretary of Senate—non-voting), K. Kielly (Registrar and Secretary of Senate—non-voting), P. Madak, G. Martel, B. McGill, A. Michalos, P. Michel (Director, First Nations Centre—non-voting), C. Myers (Recording—non-voting), A. Nussbaumer, D. Nyce, J. Randall, M. Reid, S. Rennebohm, R. Robinson, C. Russell (Director, Student Success—non-voting), J. Safaei Boroojeny, J. Schneider, T. Shaw, B. Simard, D. Tasa, R. Thring, S. Wagner, S. Zahir

Regrets:

H. Li, J. Li, E. Kinghorn, D. Macknak, E. Sharp, M. Thomson

---

The meeting commenced at 3:30 p.m.

This meeting was chaired by the Vice-Chair of Senate, Dr. Randall. Prior to beginning the meeting, Dr. Randall noted that Senators Hemingway and Safaei Boroojeny were attending their final meetings of Senate, and thanked them for their service to Senate.

**1.0 S-200806.01**

**Approval of the Agenda**

Reid / Domshy

That the Agenda for the June 11, 2008 Public Session of Senate be approved as presented.

CARRIED.

**2.0 Approval of Minutes**

**S-200806.02**

**Approval of Minutes of May 14, 2008**

Hutchings / Reid

That the Minutes of the May 14, 2008 Public Session of Senate be approved as presented.

CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

**3.1 Course numbers for Continuing Studies courses for credit (no material)**

**Macknak**

On behalf of Senator Macknak, the Provost read a response from Senator Macknak regarding a question raised at the last Senate meeting. Senator Macknak indicated that the course numbers for Continuing Studies courses for credit were to begin with "X," followed by the unique letters and/or numbers for each course, and not the letters "XXXX" and a unique course number, which was a misunderstanding.

**3.2** Discussion regarding recruitment (no material)

**Madak**

Dean Madak provided a presentation on recruitment (Appendix I, attached). Prior to moving into the presentation, Dean Madak noted that the presentation would focus primarily on undergraduate recruitment, as the Office of Research and Graduate Programs was responsible for graduate recruitment, and the Director Regional Operations, Senator Macknak, was now responsible for international recruitment.

Some of the points Dean Madak raised were that applications from the lower mainland have decreased by 34%, that there are issues with student life (such as a lack of activities on campus), and that expenses for recruiting are increasing (such as hotel and fuel costs), but that awards are distributed much earlier now, resulting in an increase in conversions from applications to registrations, that Academic Achievers' events are under negotiation for the Quesnel and Terrace regions, and that an MA program in the Nass Valley is being funded through Aboriginal Services Plan funding received in January.

Dean Madak suggested that perhaps a Senate committee could be struck to look at recruitment, as, in his opinion, UNBC needed to develop more than a policy on recruitment, but that action plans were needed in order to be successful. Finally, Dean Madak suggested that perhaps scheduling and Program-level changes would be useful, to allow for the offering of evening and short courses for working people. Dean Madak then invited questions and discussion from Senators.

With regard to the discontinuation of recruitment in Ontario, a Senator asked whether 2 years had been sufficient time to gauge the success of this strategy. Dean Madak replied that it had, as the money spent for the trips to Ontario (\$6,000 - \$10,000) did not produce corresponding results. He added that there was simply too much competition in Ontario, including from other British Columbia universities.

A Senator noted that the institution needs to be careful about making assumptions about what students want, because mature students in her Program have consistently asked that courses be offered during the day, as they are willing to take time away from work, rather than attend classes in the evening. Another Senator responded that their Program had found the opposite, pointing to the possibility that the issue might require examination on a Program-by-Program basis. The Senator who made the initial comment added that the students expressed a liking for the condensed weekend courses. Another Senator commented that there are no food services available on the weekends, to which it was responded that the University would have to completely rethink how they do business prior to implementing weekend and evening courses to any extent.

A Senator suggested that, with regard to graduate applications, it would be helpful to have a presentation similar to the one given by Dean Madak on undergraduate recruitment. The Provost responded that the Associate Dean of Graduate Programs could provide a presentation to Senate with regard to graduate recruitment.

**Action:** Associate Dean Hartley to provide a presentation in relation to graduate recruitment at a future meeting of Senate.

Questions were raised with regard to graduate application numbers and processes. The Registrar explained how graduate applications were processed, and that, if Programs received the applications directly, they were not recorded in the system until they were received by the Office of the Registrar. A Senator emphasized the urgency of sending applications to the programs as early as possible after they were complete, and the Registrar agreed, but questioned the definition of "complete." She stated that there was variability across Programs with regard to when they wanted to see the applications.

**Motion:**

Robinson / Casperson

That the Senate Committee on Research and Graduate Studies develop and recommend a process with the Registrar's Office by which graduate applications are submitted directly to programs for their evaluation immediately after they are complete, or after the date of the deadline for applications, to expedite the process in which applicants receive an offer of admission to UNBC.

Although there was agreement with the general principle of this motion, concern was expressed that the motion as it was currently constituted might "tie the hands" of the Senate Committee on Research and Graduate Studies prior to the completion of the review they would be asked to undertake. A revision to the motion was suggested, and the mover and seconder agreed that they would view the proposed change to the motion as a friendly amendment.

**Friendly amendment:**

That the Senate Committee on Research and Graduate Studies review the process for the intake of graduate applications.

CARRIED.

**Action:** C. Myers to add this item to the agenda for the next meeting of the Senate Committee on Research and Graduate Studies.

**4.0 President's Report**

**Randall**

In the absence of the President, Dr. Randall provided reports from the President and Provost. He reminded Senators that the reception for the Board of Governors and Senate was taking place on Friday, June 20 at 6pm in the Administration Building atrium. With regard to the upcoming search for a new president, he indicated that the matter could be discussed now or a special meeting could be held for that purpose. He noted that, in 2005, the terms of reference for the search committee were revised at Senate, and that an additional student and faculty representative were added to the membership. Dr. Randall indicated that he had copies of the terms of reference if anyone was interested in obtaining a copy. A Senator expressed that the situation UNBC has found itself in warrants serious consideration of an internal person for the position of Acting President. The Provost was asked whether there would be two separate individuals filling the positions of Acting President and Provost, and he responded that, as far as he knew, there would.

**5.0 Report of the Provost**

**Randall**

**5.1 Report on Implementation of Revised Breadth Requirement** (Page 20)

Dr. Randall advised Senators that the Senate Committee on Academic Policy and Planning had discussed how to move forward with the breadth requirements, and that the attached memorandum from Dr. Heather Smith was used as a basis for that discussion. He added that funding in the amount of \$35 - \$40,000 had been offered for the purpose of training individuals to assist Programs with implementing the breadth requirements. Finally, Dr. Randall concluded that it was incumbent upon Senate to review the timelines established for this process, as they may need to be revised in order to ensure that sufficient time is provided to complete the implementation processes. A Senator noted that he was frustrated with the length of time this process has taken to date, and that the processes being recommended will also be time-consuming.

**6.0 Question Period**

No questions were raised.

**7.0 Committee Reports**

**7.1 Reports from *Ad Hoc* Committees**

**S-200806.03**

**Academic Visioning Initiative (AVI) Steering Committee and Working Group Reports**

Holler / Martel

That Senate receive the reports of the two Academic Visioning Initiative Working Groups and adopt the recommendations (p. 7 of Academic Alignment Working Group Final Report) and critical initiatives (pp. 5-9 of the Pedagogy Working Group Final Report) stated within those reports.

Effective date: June 11, 2008

**Motion:**

Greening / Adamick

That the motion to receive the report be tabled, as Senators have not had a chance to truly reflect on the implications of the motion.

DEFEATED.

**Motion:**

Casperson / Hyndman

That the question be divided into two parts, as follows:

- 1) That Senate receive the report of the Academic Visioning Initiative Pedagogy Working Group and adopt the critical initiatives (pp. 5-9 of the Pedagogy Working Group Final Report) stated within that report.
- 2) That Senate receive the report of the Academic Visioning Initiative Academic Alignment Working Group and adopt the recommendations (p. 7 of the Academic Alignment Working Group Final Report) stated within that report.

CARRIED.

**Motion:**

Holler / Martel

That Senate receive the report of the Academic Visioning Initiative Pedagogy Working Group and adopt the critical initiatives (pp. 5-9 of the Pedagogy Working Group Final Report) stated within that report.

CARRIED.

**Motion:**

Jensen / Holler

That Senate receive the report of the Academic Visioning Initiative Academic Alignment Working Group and adopt the recommendations (p. 7 of the Academic Alignment Working Group Final Report) stated within that report.

CARRIED.

The Provost suggested that there appeared to be some confusion over the implications of this motion, and clarified that it was only the recommendations contained on page 7 of the Final Report that were to be approved. A member of the AVI Steering Committee added that approving this motion would provide a mechanism for moving forward, but still allow for adaptation throughout the implementation process. Another member of the AVI Steering Committee clarified that the effect of approving this motion would simply be to provide for a continuation of the discussion that had begun. The Provost reported that the AVI Steering Committee members had indicated that they were looking for mechanisms of incremental change. He added that several issues needed to be explored in relation to the recommendation, such as the effect on the Faculty Association, funding, and policies and procedures, but that approving these recommendations would provide a roadmap for change. He concluded by thanking all the members of the AVI Steering Committee and Working Groups for their input, and was of the opinion that this exercise had moved the University forward quite a distance.

**7.2 Reports from Standing Committees**

**7.2.1 Senate Committee on Academic Policy and Planning**

## **S-200806.04**

### **Approval of 2009 / 2010 Sessional Dates**

Hutchings / Casperson

That the Senate Committee on Academic Policy and Planning recommend to Senate that the proposed undergraduate Sessional Dates for 2009-2010 be approved.

Effective date: For inclusion in the 2009-2010 Undergraduate Academic Calendar.

CARRIED.

Given that classes were scheduled to begin the day after Labour Day in September, and New Year's day in January, it was questioned whether students were able to gain access to the residences prior to that. The Director of Student Success, C. Russell, responded that, providing students advise someone of when they plan on arriving, they are accommodated.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Definitions**

In each 12-month academic year beginning in September:

September Semester – September to December

January Semester – January to April

May Semester – May to August

## **2009 September Semester**

*(62 teaching days)*

**(Tuesday-13, Wednesday-12 Thursday-13, Friday-13, Monday-11)**

### **September**

7	Monday	Labour Day, University closed
8	Tuesday	First day of classes, September Semester All September Semester fees due
21	Monday	Last day to add/drop September Semester courses without financial penalty Last day to change September Semester courses from audit to credit and credit to audit

### **October**

12	Monday	Thanksgiving Day, University closed
20	Tuesday	Last day to withdraw from September Semester courses without academic penalty, 50% tuition refund
30	Friday	Deadline for application to graduate in 2009

### **November**

2	Monday	Application deadline for undergraduate studies for January Semester
11	Wednesday	Remembrance Day, University closed

### **December**

4	Friday	Last day of classes
---	--------	---------------------

7	Monday	First day of exam period
18	Friday	Last day of exam period
25 – 31	Fri. to Thurs.	University closed
28	Monday	Maintenance Shutdown

## 2010 January Semester

*(63 Teaching days)*

**(Thursday-13, Friday-12, Monday-12, Tuesday-13, Wednesday-13)**

### January

1-3	Fri. – Sun	University Closed
4	Monday	First day of classes All January Semester fees due
15	Friday	Last day to add/ drop January Semester courses without financial penalty Last day to change January Semester courses from audit to credit and credit to audit

### February

1	Monday	Application deadline for the Bachelor of Social Work Program for the September Semester 2010 Application deadline for Bachelor of Fine Arts
12	Friday	Last day to withdraw from January Semester courses without academic penalty, 50% tuition refund
15	Monday	Beginning of Mid-Semester Break. No classes Feb 15 - 19

### March

1	Monday	Application deadline for undergraduate studies for September Semester 2010 Application deadline for the Environmental Engineering Program for September Semester 2010 Application deadline for the Bachelor of Health Science Program for September Semester 2010 Application deadline for UNBC administered scholarships and bursaries Application deadline for May Semester 2010
15	Monday	Application deadline for the Bachelor of Education program September Semester 2010
31	Wednesday	Application deadline for the Northern Collaborative Baccalaureate Nursing Program September Semester 2010

### April

2	Friday	Good Friday, University closed
5	Monday	Easter Monday, University closed
9	Friday	Last day of classes
12	Monday	First day of exam period
23	Friday	Last day of exam period

## 2010 May Semester

**(29 Teaching days – Spring Intersession)**

**(29 Teaching days – Summer Intersession)**

## (63 May Semester)

### May

3	Monday	First day of classes, May Semester and Spring Intersession All May Semester fees due, including Spring/Summer Intersessions
7	Friday	*Last day to add/drop Spring Intersession courses without financial penalty
14	Friday	Last day to add/drop May Semester courses without financial penalty Last day to change May Semester courses from audit to credit and credit to audit
21	Friday	Last day to withdraw from Spring Intersession courses without academic penalty, 50% tuition refund
24	Monday	Victoria Day, University closed
28	Friday	Convocation

### June

1	Tuesday	Application deadline for International Students for January Semester 2011 Application deadline for the Northern Advancement Program
11	Friday	Last day of classes, Spring Intersession Last day to withdraw from May Semester courses without academic penalty, 50% tuition refund
14	Monday	First day of exam period, Spring Intersession
18	Friday	Last day of exam period, Spring Intersession
21	Monday	Summer break begins for May Semester, no classes June 21 – July 4
30	Wednesday	Recommended application deadline for the BC Student Assistance Program (BC Student Loans)

### July

1	Thursday	Canada Day, University closed
3	Saturday	University closed (maintenance shutdown)
5	Monday	Classes resume for May Semester First day of classes, Summer intersession
9	Friday	*Last day to add/drop Summer Intersession courses without financial penalty
23	Friday	Last day to withdraw from Summer Intersession courses without academic penalty, 50% tuition refund

### August

2	Monday	BC Day, University closed
13	Friday	Last day of classes, Summer Intersession and May Semester
16	Monday	First day of exam period, Summer Intersession and May Semester
20	Friday	Last day of exam period, Summer Intersession and May Semester

\* For condensed courses, the last day to withdraw (50% tuition refund) is indicated in the course-specific documentation.

## 2009 - 2010 Senate Dates

September 9, 2009	January 20, 2010	May 12, 2010
October 14, 2009	February 10, 2010	June 9, 2010
November 18, 2009	March 10, 2010	July 14, 2010
December 9, 2009	April 21, 2010	August 11, 2010

**S-200806.05**

**New Course Approval — POLS 417-3**

Michalos / Robinson

That the Senate Committee on Academic Policy and Planning recommend to Senate that the new course POLS 417-3 Ethical Leadership be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides an overview of the literature on leadership throughout history as well as reviews the main leadership theories developed in the 20th and 21st centuries, with a focus on what makes a good leader, both in the sense of administrative or managerial effectiveness as well as in a moral sense. Models of successful leadership in both the public and private sector are explored through case studies.

**Prerequisites:** Upper division standing

**Preclusions:** COMM 437-3 (Cross Listed)

**S-200806.06**

**Change to Program Requirements — Environmental Engineering (BASc. Program)**

Annis / Déry

That the Senate Committee on Academic Policy and Planning recommend to Senate that the calendar entry for Environmental Engineering (BASc. Program) be modified.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Environmental Engineering (BASc Program)

~~Guy Plourde, Associate Professor and Program Chair~~

Kerry Reimer, Associate Professor and Program Chair

Joselito Arocena, Professor, and Canada Research Chair, Soil and Environmental Sciences

Ron Thring, Professor and Co-Director

Jueyi Sui, ~~Assistant~~ Associate Professor and Co-Director

Philip Owens, Associate Professor and Endowed Chair Landscape Ecology

Peter Jackson, ~~Associate~~ Professor

Michael Rutherford, Associate Professor

Youmin Tang, Associate Professor, and Canada Research Chair, Climate Prediction and Predictability

Stephen Dery, Assistant Professor, and Canada Research Chair, Northern Hydrometeorology

Steve Helle, Assistant Professor

Jianbing Li, ~~Assistant~~ Associate Professor

~~Joseph Ackerman, Adjunct Professor~~

**Website:** <http://www.unbc.ca/engineering>

Engineers serve society across a wide range of economic sectors, and an increased number of engineering graduates are needed by the province to assure its economic growth and maintain its high quality of life. As one aspect of this, future development decisions in most major sectors of the British Columbia economy must fully integrate environmental and economic factors. Problems in water, air and soil pollution control and remediation, solid waste management, mine waste disposal, and geo-environmental engineering require highly skilled engineers with a solid background in environmental engineering, strong communication skills and the ability to work across disciplines. The program prepares graduates for a wide range of employment opportunities where the technical expertise and problem solving skills of engineers are needed in conjunction with a strong awareness and understanding of environmental issues and problems. This is the case most particularly for resource industries (e.g. forestry, fisheries, mining, oil and gas, pulp and paper, and the agri-food industry); various government departments and research organizations; and in environmental engineering consulting companies. It is also anticipated that graduates will work in the new environmental economy – areas related to environmental reclamation, remediation and restoration.

The Environmental Engineering Bachelor of Applied Science program is a 4.5 year (nine semester) joint degree between the University of British Columbia and the University of Northern British Columbia. The program is based on a unique collaboration between UNBC and UBC that capitalizes on the strength of UNBC in Environmental Science and the strength of UBC in Engineering. It incorporates complementary elements and expertise from each institution while maintaining the exposure of students to the distinctive character of both institutions. The program starts with a two-year foundation in mathematics, basic and environmental sciences from UNBC. In the third and fourth years, the program provides a thorough education and training in engineering fundamentals, engineering analysis and engineering design, largely through courses in Civil Engineering and Chemical and Biological Engineering at the University of British Columbia. The final term at UNBC exposes students to practical environmental engineering problems.

The Environmental Engineering program is accredited by the Canadian Engineering Accreditation Board of the Canadian Council of Professional Engineers.

### **Admission Requirements**

Admission to the program is limited and is based on academic qualifications and available space. Priority admission will be given to students who meet admission criteria and apply by the deadline of **March 1**.

Applicants from BC and Yukon secondary schools must:

Meet UNBC admission requirements, and

Have an average of at least 75% based on the following four courses: Principles of Math 12, English 12 and two provincially examinable Science 12 courses. In addition, applicants must have successfully completed Chemistry 11 and either Biology 11 or Biology 12 in order to meet course prerequisites in the Program. Physics 12 or an equivalent is strongly recommended, as it is a prerequisite for first-year Physics courses in the program. Students who are admitted without the Physics 12 prerequisite may be delayed in their studies as they may not be able to complete the first four semesters of the program in the normal two year time period. Meeting the minimum GPA does not guarantee admission. Under exceptional circumstances the prerequisites may be waived.

Other applicants must demonstrate that they possess qualifications at least equivalent to the BC and Yukon requirement.

### **Regulations**

Unless otherwise specified, the rules and regulations will be those applicable at the institution (UBC or UNBC) at which the students are attending at the time the rules/regulations need to be applied. In the case where the rules and regulations are needed to cover the program as a whole, or where the institution of attendance is not relevant, then the more stringent rules/regulations will be applied. Any academic appeals will be handled using the procedures at the institution where the rules/regulations need to be applied.

### **Residency**

The minimum residency requirement is 90 credits. These may be fulfilled through a combination of courses taken at UNBC and UBC, provided that at least 30 credits are completed at each of the two institutions.

### **Progression**

Progression between years and institutions requires good academic standing in the program at the most recent institution of residence (UNBC or UBC). At UNBC this means a GPA of at least 2.00 or 63%. At UBC this means an average of at least 55%, and passing grades in at least 65% of the credits taken.

### **Graduation**

It is the responsibility of the student to ensure that his/her degree requirements are met. Students must have a CGPA of at least 2.00 (63%) over all courses at both institutions to graduate. The diploma will carry crests from both granting institutions (UNBC and UBC).

## Transfers

Transfers into the program are allowed provided that the prerequisite courses or articulated courses are completed, and space is available in the program. Acceptance of transfers into the program will be based upon GPA, with priority given to those with the highest GPA. Regardless of the articulated courses transferred, students must satisfy the residency requirement (see above).

## Co-operative Education

Co-operative education, available through UBC Engineering Co-op, is an optional but strongly recommended element of the Environmental Engineering program. ~~The co-op option of the program will be administered by UNBC with the close co-operation of UBC. Students will require a 2.75 GPA in their program of study to qualify for entry and continuance in the co-op option. Students will be eligible to apply for the co-op option during their first academic year at UNBC and will be eligible to experience their first work term upon completion of 30 credits at UNBC. Students will be eligible to experience their second work term after completing 60 credits at UNBC.~~

## Program Requirements

UNBC degree requirements:	<del>85 credit hours</del> <u>91 credit hours</u>
UNBC elective credits:	<del>6 credit hours</del>
UBC degree requirements:	<del>55 credit hours</del> <u>70 credit hours</u>
UBC technical elective credits:	<del>12 credit hours</del>
UBC design elective credits:	<del>3 credit hours</del>
<b>Total credits for degree:</b>	<b>161 credit hours</b>

### Semester 1 and 2 completed at UNBC

BIOL 101-4	Introduction to Biology I
BIOL 102-4	Introduction to Biology II
CHEM 100-3	General Chemistry I
CHEM 101-3	General Chemistry II
CHEM 120-1	General Chemistry Lab I
CHEM 121-1	General Chemistry Lab II
CPSC 110-3	Introduction to Computer Systems and Programming
ENSC 100-1	Introduction to Engineering Seminar
MATH 100-3	Calculus I

MATH 101-3	Calculus II
NRES 100-3	Communications in NRES
PHYS 110-4	Introductory Physics I: Mechanics
PHYS 111-4	Introductory Physics II: Waves and Electricity
CORE 101-3	Humanities
or CORE 103-3	Social Sciences or three credit hours of Humanities and Social Science courses. Humanities and Social Science courses may be selected from among the areas that are considered Humanities and Social Science for purposes of the BA (General). POLS 100-3 Contemporary Political Issues is recommended in meeting this requirement as it is a prerequisite for ENPL 401-3 in semester 9 of the program.

### Semester 3 and 4 completed at UNBC

CHEM 200-3	Physical Chemistry I
CHEM 220-3	Organic and Biochemistry
ENSC 200-3	Fundamentals of Environmental Engineering
ENSC 201-3	Introduction to Atmospheric Science
ENSC 202-3	Introduction to Aquatic Systems
ENSC 350-3	Fluid Mechanics
FSTY 205-3	Introduction to Soil Science
MATH 200-3	Calculus III
MATH 220-3	Linear Algebra
MATH 230-3	Linear Differential Equations and Boundary Value Problems
<del>MATH 342-3</del>	<del>- Biostatistics</del>
<u>MATH 371-3</u>	<u>Probability and Statistics for Scientists and Engineers</u>

### Semester 5 and 6 completed at UBC

CHBE 241-3	<del>Mass, Energy, Momentum Balance</del> <u>Material and Energy Balances</u>
CHBE 242-3	Chemical and Biological Process Technology
CHBE 364-2	Environmental Engineering Laboratory
CHBE 373-3	Water Pollution Control
CHBE 484-3	<del>Pollution Prevention Engineering</del> <u>Green Engineering Principles and Applications for Process Industries</u>

CIVL 200-3	Engineering and Sustainable Development
CIVL 210-4	Soil Mechanics I
CIVL 315-4	Fluid Mechanics II
CIVL 316-4	Hydrology and Open Channel Flow
MINE 391-3	Mining and the Environment

Three credit hours of technical elective chosen from a constrained list.

### **Semester 7 and 8 completed at UBC**

CHBE 346-3	Chemical and Biological Engineering Thermodynamics
CHBE 351-3	Transport Phenomena II
CHBE 459-3	Chemical and Biological Engineering Economics
CHBE 485-3	<del>Air Pollution Control</del> <u>Air Pollution Prevention and Control</u>
CIVL 402-2	Engineering Law and Contracts in Civil Engineering
CIVL 408-3	Geoenvironmental Engineering
CIVL 416-3	Environmental Hydraulics
CIVL 418-3	Engineering Hydrology

Three credit hours of design elective chosen from a list of design oriented courses.  
Nine credit hours of technical electives chosen from a constrained list.

### **Semester 9 completed at UNBC**

ENPL 401-3	Environmental Law
ENSC 417-6	Designing Solutions in Environmental Engineering
ENSC 418-3	Environmental Measurement and Analysis

Three credit hours of Social Science or Humanities elective.  
Three credit hours of elective.

### **Technical electives available at UNBC for the UBC portion of the curriculum in the UBC/UNBC Joint Environmental Engineering Program**

The following UNBC courses may be used to meet a Technical Elective requirement in the UBC portion of the Joint UBC/UNBC Environmental Engineering BAsc. program. Normally, no more than one course from the list may be used. To qualify towards UBC technical elective requirements, the technical elective must be taken prior to transition to UBC.

### **Technical Electives at UNBC**

ENSC 404-3	Waste Management
ENSC 406-3	Environmental Modelling
ENSC 408-3	Storms
ENSC 425-3	Global Change Science
ENSC 451-3	Groundwater Hydrology
ENSC 452-3	Reclamation and Remediation of Disturbed Environments
ENSC 453-3	Environmental Resources Management and Decision Making
FSTY 455-3	Biogeochemical Processes in Soil Systems
NREM 410-3	Watershed Management

It was proposed that motions S-200806.07 to S-200806.10 be dealt with as an omnibus motion, and in the absence of opposition, this was undertaken.

**S-200806.07**

**Course Deletion — MATH 242-3**

Hyndman / Michalos

That the Senate Committee on Academic Policy and Planning recommend to Senate that the course MATH 242-3 Statistics for Social and Health Sciences be deleted.

Effective date: September 2008

CARRIED.

**S-200806.08**

**Course Deletion — MATH 340-3**

Hyndman / Michalos

That the Senate Committee on Academic Policy and Planning recommend to Senate that the course MATH 340-3 Introduction to Probability be deleted.

Effective date: September 2008

CARRIED.

**S-200806.09**

**Course Deletion — MATH 341-3**

Hyndman / Michalos

That the Senate Committee on Academic Policy and Planning recommend to Senate that the course MATH 341-3 Introduction to Statistics be deleted.

Effective date: September 2008

CARRIED.

**S-200806.10**

**Course Deletion — MATH 342-3**

Hyndman / Michalos

That the Senate Committee on Academic Policy and Planning recommend to Senate that the course MATH 342-3 Biostatistics be deleted.

Effective date: September 2008

CARRIED.

**S-200806.11****Approval of 2009 / 2010 Sessional Dates**

Hutchings / Hyndman

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the proposed Graduate Sessional Dates for 2009-2010 be approved.

Effective date: For inclusion in the 2009-2010 Graduate Academic Calendar.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Definitions**

In each 12-month academic year beginning in September:

September Semester – September to December

January Semester – January to April

May Semester – May to August

**2009 September Semester**

**(62 teaching days)**

**(Tuesday-13, Wednesday-12, Thursday-13, Friday-13, Monday-11)**

**September**

7	Monday	Labour Day, University closed
8	Tuesday	First day of classes, September Semester All September Semester fees due
15	Tuesday	Application deadline for Graduate Studies for January Semester 2010 for: Business Administration (MBA – Canadian applicants), First Nations Studies (MA), Gender Studies (MA), International Studies (MA), Mathematical, Computer, & Physical Sciences (MSc), Natural Resources & Environmental Studies (MA, MSc, MNRES), Political Science (MA)
21	Monday	Last day to register or revise registration for the September Semester Last day to withdraw from program without financial penalty Last day to change September Semester courses from audit to credit and credit to audit

**October**

12	Monday	Thanksgiving Day, University closed
20	Tuesday	*Last day to withdraw from September Semester courses without academic penalty

**November**

11	Wednesday	Remembrance Day, University closed
16	Monday	Application deadline for non-degree status for January Semester

**December**

4	Friday	Last day of classes
---	--------	---------------------

7	Monday	First day of exam period
18	Friday	Last day of exam period
25 – 31	Fri. to Thurs.	University closed
28	Monday	Maintenance Shutdown

\*Graduate Students must have permission of their supervisor to alter their registration and must maintain continuous enrolment in order to maintain their position in Graduate Studies.

## 2010 January Semester

### (63 teaching days)

(Thursday-13, Friday-12, Monday-12, Tuesday-13, Wednesday-13)

#### January

1-3	Friday to Sunday	University closed
4	Monday	First day of classes, January Semester All January Semester fees due
15	Friday	Last day to register or revise registration for the January Semester Last day to withdraw from program without financial penalty Last day to change January Semester courses from audit to credit and credit to audit Application deadline for Psychology (MSc) and (PhD) Programs for September Semester 2010

#### February

12	Friday	*Last day to withdraw from January Semester courses without academic penalty
15	Monday	Application deadline for UNBC administered Graduate Awards Application deadline for Graduate Studies for May Semester 2010 Application deadline for Graduate Studies September Semester 2010 for: Community Health Science (MSc), Education (MEd), First Nations Studies (MA), Gender Studies (MA), History (MA), Interdisciplinary Studies (MA), International Studies (MA), Mathematical, Computer, & Physical Sciences (MSc), Natural Resources & Environmental Studies (MA, MSc, MNRES) and (PhD), Nursing (MScN, MScN:FNP), Political Science (MA), Social Work (MSW)
15	Monday	Beginning of Mid-Semester Break. No classes February 15-19

#### March

1	Monday	Deadline for application to graduate in 2010
15	Monday	Application deadline for Disability Management (MA) for September Semester 2010.

#### April

2	Friday	Good Friday, University closed
5	Monday	Easter Monday, University closed
9	Friday	Last day of classes
12	Monday	First day of exam period
15	Thursday	Application deadline for non-degree status for the May Semester 2010 Application deadline for Master of Business Administration (International applicants) for the September Semester 2010
23	Friday	Last day of exam period
30	Friday	Deadline to complete all requirements for Master's and PhD programs for graduation

\*Graduate Students must have permission of their supervisor to alter their registration and must maintain continuous enrolment in order to maintain their position in Graduate Studies

## **2010 May Semester (29 teaching days – Spring Intersession)**

(29 teaching days – Summer Intersession)

(63 teaching days – May Semester)

### **May**

3	Monday	First day of classes, May Semester and Spring Intersession <u>All</u> May Semester fees due, including Spring/ Summer Intersessions
7	Friday	Last day to register or revise registration for the Spring Intersession courses without financial penalty
14	Friday	Application deadline for Master of Business Administration (Canadian applicants) for the September Semester 2010
17	Monday	Last day to register or revise registration for the May Semester Last day to withdraw from program without financial penalty Last day to change May Semester courses from audit to credit and credit to audit
21	Friday	Last day to withdraw from Spring Intersession without academic penalty
24	Monday	Victoria Day, University closed
28	Friday	Convocation

### **June**

11	Friday	Last day of classes, Spring Intersession *Last day to withdraw from May Semester courses without academic penalty
14	Monday	First day of exam period, Spring Intersession
18	Friday	Last day of exam period, Spring Intersession
21	Monday	Summer break begins for May Semester, no classes June 21– July 4

### **July**

1	Thursday	Canada Day, University closed
3	Saturday	University closed (maintenance shutdown)
5	Monday	Classes resume for May Semester First day of classes, Summer Intersession
9	Friday	Last day to register or revise registration for Summer Intersession courses without financial penalty
15	Thursday	Application deadline for Master of Business Administration (International applicants) for the January Semester 2011
23	Friday	Last day to withdraw from Summer Intersession courses without academic penalty

### **August**

2	Monday	BC Day, University closed
13	Friday	Last day of classes, Summer Intersession and May Semester
16	Monday	Application deadline for non-degree status for the September Semester First day of exam period, Summer Intersession and May Semester

For condensed courses, the last day to revise registration is indicated in the course-specific documentation.

\*Graduate Students must have permission of their supervisor to alter their registration and must maintain continuous enrolment in order to maintain their position in Graduate Studies.

## 2009 - 2010 Senate Dates

September 9, 2009  
October 14, 2009  
November 18, 2009  
December 9, 2009

January 20, 2010  
February 10, 2010  
March 10, 2010  
April 21, 2010

May 12, 2010  
June 9, 2010  
July 14, 2010  
August 11, 2010

### **S-200806.12**

#### **Change to Application Deadline Date — English MA Program**

Ellis / Michalos

That the Senate Committee on Research and Graduate Studies recommend to Senate that the English Program move the English Program MA application deadline date to January 16<sup>th</sup> of each year to bring the UNBC deadline in line with other English departments across the country.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## 1.0 General Admission

Application material is available from the Office of the Registrar or from the web site, [www.unbc.ca/graduateprograms/](http://www.unbc.ca/graduateprograms/). The requirements for admissibility include, but are not limited to: an acceptable academic standing (see 1.3.2); acceptable letters of reference; the availability of a supervisor within the program concerned; and the availability of adequate space and facilities.

All documents submitted to the Office of the Registrar must be in the original language in which they were produced. Documents not produced in the English language must be accompanied by a notarized translation into English. Documents submitted in support of an application become the property of the University of Northern British Columbia and will not subsequently be released.

Application deadlines are **February 15** for September Semester and May Semester admission, and **September 15** for January Semester admission. Individual graduate programs may set other deadlines.

The **deadline** for application to the **English** Program is **January 16** for September Semester admission.

The **deadline** for application to the **Psychology** Program is **January 16** for September Semester admission.

The **deadline** for application to the **Disability Management** Program is **March 15** for September Semester admission.

The **deadline** for application to the **Business Administration** Program is **May 15** for September Semester admission.

Applications for admission should be submitted as early as possible to the Office of the Registrar. Applications received after the deadlines may not be processed in time to permit admission.

Intake to Graduate Programs is in the September Semester. However, some programs have intake in the January Semester as well.

Admission to a Graduate Program is valid only for the semester indicated in the letter of offer of admission.

The University of Northern British Columbia specifically reserves the right to exercise its sole, absolute, and unfettered discretion in admitting individuals to the University, its programs, or courses.

Applicants who have been offered admission to a graduate program must indicate, in writing, their intention to accept or decline the offer of admission within thirty days. **Failure to notify the University may result in cancellation of the offer of admission.**

**In order to be considered for admission to Graduate Programs, all applicants must provide the following to the Office of the Registrar by the deadlines noted above:**

1. **Application form for admission to Graduate Programs.**
2. **Application fee.**
3. **Document evaluation fee (if applicable). Please see [Fees](#).**
4. **Three assessment reports (letters of reference) sent directly to UNBC from the referees.**
5. **Official transcripts (one copy) from all post-secondary institutions attended.**
6. **Statement of Academic Interests (letter of intent).**

The following programs require the submission of additional application material in order to complete the application: **Business Administration; Community Health Science; Disability Management; Education (Counselling); English; History; Interdisciplinary Studies; International Studies; Mathematical, Computer, and Physical Sciences; Natural Resources and Environmental Studies; Nursing and Family Nurse Practitioner; Psychology; and Social Work.** See individual program listings for further information.

#### **S-200806.13**

#### **New Course Approval — POLS 617-3**

Casperson / Annis

That the Senate Committee on Research and Graduate Studies recommend to Senate that the new course POLS 617-3 Ethical Leadership be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides an overview of the literature on leadership throughout history as well as reviews the main leadership theories developed in the 20th and 21st centuries, with a focus on what makes a good leader, both in the sense of administrative or managerial effectiveness as well as in a moral sense. In addition to providing students with grounding in mainstream theories of leadership, this course focuses on case-based material and evaluates models of successful leadership in both the public and private sector.

Preclusions: POLS 417, COMM 437

It was proposed that motions S-200806.14 to S-200806.17 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200806.14**

**Course Deletion — MATH 633-3**

Holler / Ellis

That the Senate Committee on Research and Graduate Studies recommend to Senate that the course MATH 633-3 Topics in Partial Differential Equations be deleted.

Effective date: September 2008

CARRIED.

**S-200806.15**

**Course Deletion — MATH 634-3**

Holler / Ellis

That the Senate Committee on Research and Graduate Studies recommend to Senate that the course MATH 634-3 Topics in Applied Mathematics be deleted.

Effective date: September 2008

CARRIED.

**S-200806.16**

**Course Deletion — MATH 635-3**

Holler / Ellis

That the Senate Committee on Research and Graduate Studies recommend to Senate that the course MATH 635-3 Numerical Methods in Differential Equations be deleted.

Effective date: September 2008

CARRIED.

**S-200806.17**

**Course Deletion — MATH 790-3**

Holler / Ellis

That the Senate Committee on Research and Graduate Studies recommend to Senate that the course MATH 790-3 Topics in Geometry be deleted.

Effective date: September 2008

CARRIED.

An Executive Summary related to proposed graduate awards was included for information.

**S-200806.18**

**Creation of University Gold Medals**

Hutchings / Holler

That, on the recommendation of the Senate Committee on Research and Graduate Studies, Senate create University Gold Medals, upon graduation, as described below.

Effective date: September 2008

CARRIED.

A Senator indicated he was not in favour of this motion or the next motion because, if the goal was to award excellence, these initiatives were structured in such a way that a computer will decide who receives the awards. He added that the evaluation of theses in this regard was problematic, as someone with an innovative thesis or project may not qualify owing to GPA.

Another Senator echoed those comments, and indicated she was sorry not to see the notation of "Pass with Distinction," which she viewed as important.

The comment was made by one Senator that he was uncomfortable with decisions of this nature being based on the mathematical precision in a GPA, as he didn't see much difference between GPA's of 3.67 and 3.65, for instance.

The Provost was of the opinion that it was beneficial to structure the awards in this manner as a result of the variation in expectations that exists between Programs and disciplines.

A Senator expressed the opinion that, although he was in favour of creating these kinds of awards, he thought the concern regarding innovative theses being ineligible was valid. He thus suggested that a letter from the student's supervisor, for instance, be contemplated as an additional item for consideration in the decision-making process regarding the bestowal of the award.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## 4.6 Degree Completion and Graduation

**4.6.1** The University Senate grants degrees in May each year. Each candidate for a degree must complete an Application for Graduation form and must pay the graduation fee (see Fees Section). Application for Graduation forms are available in the Office of the Registrar.

**4.6.2** The deadline for completing all requirements for the degree is the final business day in April for Spring graduation.

**4.6.3** Students can be considered for the awarding of a degree only when all of the following requirements have been satisfied:

- a. Completion of the program of study and meeting the grade point average requirements for the degree.
- b. For Master's candidates, submission of two final copies of the thesis, project, or practicum. Regulations governing proper submission are set out in the Formatting Guidelines For Graduate Dissertations, Theses, Projects & Practicum Reports. Only the latest version of these instructions is valid. Students should obtain a copy from the Office of Graduate Studies or from the Graduate Studies website: [www.unbc.ca/graduatestudies](http://www.unbc.ca/graduatestudies).
- c. Signing of the approval pages for the student's thesis, project or other scholarly work by the supervisor.
- d. Submission of an Application for Graduation form to the Office of the Registrar and an official degree audit completed by the University.
- e. Payment of all outstanding fees. Those students who have outstanding accounts will not receive their degree parchment or be issued transcripts. Students should be aware of the semester fee payment schedule for graduate degrees (see Fees Section). All students must check their fee status with the Graduate Studies Officer at the Office of the Registrar.

## 4.7 Graduation Awards

University Gold Medals are awarded to the graduating graduate student in each graduate degree program who has the highest cumulative GPA in the graduating class of that degree program, provided that the student's cumulative GPA equals or exceeds the standard for academic excellence (which at the graduate level is 4.00).

- Master of Arts (MA)
- Master of Natural Resources and Environmental Studies (MNRES)
- Master of Science in Nursing (MScN)
- Master of Social Work (MSW)
- Master of Education (MEd)
- Master of Science (MSc)
- Master of Business Administration (MBA)
- PhD

In the event of a tie, multiple awards are conferred.

### **S-200806.19**

#### **Creation of Distinctions for Graduating Graduate Students**

Zahir / Robinson

That, on the recommendation of the Senate Committee on Research and Graduate Studies, Senate create Distinctions (*Cum Laude*, *Magna Cum Laude* and *Summa Cum Laude*) for graduating graduate students.

Effective date: September 2008

CARRIED.

A Senator noted that he had asked for clarification regarding the difference between a “clear pass” and a “pass with minor revisions” from the Associate of Graduate Programs when this motion was discussed by the Senate Committee on Research and Graduate Studies. He noted that he was concerned that minor thesis revisions would render students ineligible to receive the designation. The Provost responded that the Associate Dean of Graduate Programs had been asked to look into this concern. The Associate Dean of Graduate Programs indicated that whether to offer a clear pass or a pass with minor revisions seems to be up to the examining committee at the time, so it is hard to quantify a clear pass. The Senator responded that UNBC’s current structure is what compels the committee to decide between a clear pass and minor revisions, and asked that the Associate Dean of Graduate Programs come back to Senate with a report in this regard. The Provost noted that, at the meeting of the Senate Committee on Research and Graduate Studies, it was requested that the Associate Dean of Graduate Programs provide the committee with clear definitions of “clear pass” and “pass with minor revisions,” but that this process was not to impinge upon this motion. The Senator who raised the concern about the ambiguity between a clear pass and a pass with minor revisions asked that his concern be recorded in the minutes.

The Provost thanked the former Dean of Graduate Studies, Dr. Robert Tait, and others who had worked to create these awards, for their efforts.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## 4.8 Graduation with Academic Distinction

### **Summa Cum Laude**

The designation Summa Cum Laude, meaning “with highest distinction,” is awarded to graduates who have a cumulative graduate grade point average of 4.00 or higher; a “clear pass” on their thesis or dissertation; and support from their supervisory committee.

### **Magna Cum Laude**

The designation Magna Cum Laude, meaning “with great distinction,” is awarded to graduates who have a cumulative graduate grade point average of 4.00 or higher; a “pass with minor revisions” on their thesis or dissertation; and support from their supervisory committee. Students in a non-thesis program are eligible for this honour, if the Program in which they are registered has approved criteria for distinguishing levels of performance on the non-course requirements (e.g., a project, comprehensive examination, a practicum).

### **Cum Laude**

The designation Cum Laude, meaning “with distinction,” is awarded to graduates who have a cumulative graduate grade point average of 3.75 to 3.99; a “pass with minor revisions” on their thesis or dissertation; and support from their supervisory committee. Students in a non-thesis program are eligible for this honour, if the Program in which they are registered has approved criteria for distinguishing levels of performance on the non-course requirements (e.g., a project, comprehensive examination, a practicum).

### **S-200806.20**

#### **Calendar Revision – Addition of Regulations 4.7 (Graduation Awards) and 4.8 (Graduation with Academic Distinction) on Page 45 of the 2008-2009 Graduate Academic Calendar**

Hyndman / Michalos

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the calendar description related to graduating graduate student awards be approved as proposed.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **4.6 Degree Completion and Graduation**

**4.6.1** The University Senate grants degrees in May each year. Each candidate for a degree must complete an Application for Graduation form and must pay the graduation fee (see Fees Section). Application for Graduation forms are available in the Office of the Registrar.

**4.6.2** The deadline for completing all requirements for the degree is the final business day in April for Spring graduation.

**4.6.3** Students can be considered for the awarding of a degree only when all of the following requirements have been satisfied:

- f. Completion of the program of study and meeting the grade point average requirements for the degree.
- g. For Master's candidates, submission of two final copies of the thesis, project, or practicum. Regulations governing proper submission are set out in the Formatting Guidelines For Graduate Dissertations, Theses, Projects & Practicum Reports. Only the latest version of these instructions is valid. Students should obtain a copy from the Office of Graduate Studies or from the Graduate Studies website: [www.unbc.ca/graduatestudies](http://www.unbc.ca/graduatestudies).
- h. Signing of the approval pages for the student's thesis, project or other scholarly work by the supervisor.
- i. Submission of an Application for Graduation form to the Office of the Registrar and an official degree audit completed by the University.
- j. Payment of all outstanding fees. Those students who have outstanding accounts will not receive their degree parchment or be issued transcripts. Students should be aware of the semester fee payment schedule for graduate degrees (see Fees Section). All students must check their fee status with the Graduate Studies Officer at the Office of the Registrar.

## 4.7 Graduation Awards

University Gold Medals are awarded to the graduating graduate student in each graduate degree program who has the highest cumulative GPA in the graduating class of that degree program, provided that the student's cumulative GPA equals or exceeds the standard for academic excellence (which at the graduate level is 4.00).

- Master of Arts (MA)
- Master of Natural Resources and Environmental Studies (MNRES)
- Master of Science in Nursing (MScN)
- Master of Social Work (MSW)
- Master of Education (MEd)
- Master of Science (MSc)
- Master of Business Administration (MBA)
- PhD

In the event of a tie, multiple awards are conferred.

## 4.8 Graduation with Academic Distinction

### **Summa Cum Laude**

The designation Summa Cum Laude, meaning "with highest distinction," is awarded to graduates who have a cumulative graduate grade point average of 4.00 or higher; a "clear pass" on their thesis or dissertation; and support from their supervisory committee.

### **Magna Cum Laude**

The designation Magna Cum Laude, meaning "with great distinction," is awarded to graduates who have a cumulative graduate grade point average of 4.00 or higher; a "pass with minor revisions" on their thesis or dissertation; and support from their supervisory committee. Students in a non-thesis program are eligible for this honour, if the Program in which they are registered has approved criteria for distinguishing levels of performance on the non-course requirements (e.g., a project, comprehensive examination, a practicum).

### **Cum Laude**

The designation Cum Laude, meaning "with distinction," is awarded to graduates who have a cumulative graduate grade point average of 3.75 to 3.99; a "pass with minor revisions" on their thesis or dissertation; and support from their supervisory committee. Students in a non-thesis program are eligible for this honour, if the Program in which they are registered has approved criteria for distinguishing levels of performance on the non-course requirements (e.g., a project, comprehensive examination, a practicum).

## 5.0 Appeals

Appeals are heard by the Senate Committee on Academic Appeals and are not subject to further appeal. Further information may be obtained from the Office of the Registrar. See also the Academic Appeals Policy and Procedures section under the General Regulations and Policies section of the Calendar.

### **S-200806.21**

#### **Graduate Calendar Revision — Cross-Reference to the New Awards in the “Awards and Financial Aid” Section, Page 132 in the 2008-2009 Graduate Academic Calendar**

Reid / Zahir

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the UNBC Graduate calendar be revised to cross-refer to the new awards and the changes made to existing *Awards and Financial Aid* section by including text as outlined below.

Effective date: September 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Award Types**

#### **Award**

An award may be a fellowship, scholarship, bursary, prize or other monetary recognition assigned to a student.

#### **Fellowship**

Usually available only to graduate students, awarded on the basis of high academic achievement (academic excellence or academic proficiency) toward which secondary criteria may be applied.

#### **Scholarship**

Awarded on the basis of high academic achievement (academic excellence or academic proficiency) toward which secondary criteria may be applied.

#### **Bursary**

Awarded on the basis of demonstrable financial need, provided the student has met the requirement of satisfactory academic standing, toward which secondary criteria including academic achievement may be applied.

#### **Prize**

The award's value may be non-monetary, such as a book or other gift-in-kind, or if monetary, its value is normally less than \$250.

#### **Medal**

The award is an academic medal, awarded on the basis of academic excellence or academic proficiency, toward which secondary criteria may be applied.

### **Award Categories**

#### **Graduate**

Graduate Awards are set aside for students who have been admitted into the Graduate Studies program at UNBC.

#### **Graduation Awards**

Please see Regulations 4.7 (Graduation Awards) and 4.8 (Graduation with Academic Distinction) for a list of graduation awards.

#### **Open**

These awards may be available to a variety of UNBC students, including new undergraduates, transfer students, undergraduate in-course students, and graduate students. Some awards may also be available to Faculty.

To Senate for Information:

### **SCRG200805.04**

#### **Change to Prerequisites and Calendar Course Description — EDUC 719-3**

That the prerequisites and calendar course description for EDUC 719-3: Counselling Practicum on page 107 of the 2007-2008 Graduate Academic Calendar be amended as proposed.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course includes is a ~~two-stage extended~~ practicum ~~which may include~~ graduated placements in at least ~~two different~~ one school, agency or institutional settings; scheduled seminars; and ~~supervised individual~~ supervision counselling. Students are required to complete 120 hours of direct client contact time ~~at to~~ complete successfully the their practicum. ~~requirements.~~

### 7.2.3 Senate Committee on Scholarships and Bursaries

Madak

To Senate for Information:

#### **SCSB20080514.03**

#### **New Terms and Conditions — NCMA Community Development Scholarship**

That the new Terms and Conditions for the NCMA Community Development Scholarship be approved.

Effective date: May 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **CALENDAR INFORMATION:**

**Award Category:** Open

**Award Name:** NCMA Community Development Scholarship

**Calendar Description/Intent:** The North Central Municipal Association (NCMA) is one of the five area Associations within the Union of British Columbia Municipalities (UBCM). The region includes the area of British Columbia from 100 Mile House to the Yukon border, and west to the Queen Charlotte Islands. The purpose of the NCMA is to identify issues that impact on BC's northern economy, its environment, and the social well being of its people. Focusing on issues from a regional, rather than local or provincial perspective, the NCMA's mandate is to work with other levels of government to affect "made in the north" strategies and solutions. NCMA is proud to offer these scholarships to assist and encourage students studying Public Administration and Community Development at the University of Northern BC.

**Donor:** North Central Municipal Association

**Value:** \$500

**Number:** Two

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship

**Eligibility:** Available to a full or part time undergraduate student with a declared major in Bachelor of Commerce, Public Administration and Community Development who has completed 60 credit hours. First preference will be given to a resident of Northern British Columbia.

**Criteria:** Academic proficiency. Priority will be given to a student whose long-term career goals include a career with local government in the NCMA Region.

**Conditions:** Student is unable to receive this award more than once.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a letter outlining long-term career goals.

**Effective Date:** Established 2008

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

#### **SCSB20080514.04**

##### **New Terms and Conditions — BC Hydro Environmental Studies Award**

That the new Terms and Conditions for the BC Hydro Environmental Studies Award be approved.  
Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **CALENDAR INFORMATION:**

**Award Category:** In-course

**Award Name:** BC Hydro Environmental Studies Award

**Calendar Description/Intent:** BC Hydro is proud to support UNBC students in their commitment to the pursuit of post secondary education. As part of their community outreach programs, BC Hydro focuses on the key areas of global environmental change and energy conservation.

**Donor:** BC Hydro

**Value:** \$1,500

**Number:** Three

**Placement in which Calendar:** Undergraduate

**Award Type:** Award

**Eligibility:** Available to full time undergraduate students with a declared major in Environmental Studies with a minor in Global Environmental Change. Available only to students who are residents of Northern British Columbia.

**Criteria:** Satisfactory academic standing and a demonstrated high interest in energy conservation or environmental best practices

**Application Instructions:** Fill out all sections of the Awards Application form and attach a statement of interest in energy conservation or environmental best practices.

**Effective Date:** Established 2008

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

#### **SCSB20080514.05**

##### **Revised Terms and Conditions — Cloverdale Paint Bursary**

That the revised Terms and Conditions for the Cloverdale Paint Bursary be approved.  
Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **CALENDAR INFORMATION:**

**Award Category:** Open

**Award Name:** Cloverdale Paint Bursary

**Calendar Description/Intent:** Cloverdale Paint is a private western Canadian company that started in Surrey, BC in 1933. The company has grown steadily opening branches and our Prince George location opened in 1986. We now operate from Saskatchewan, Alberta, BC and Washington State. The owners and employees are proud to support scholarships in many Universities and Colleges in western Canada.

**Donor:** Cloverdale Paint inc.

**Value:** ~~\$600~~ \$700

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to a full time undergraduate student. Must be a resident of British Columbia or Alberta. First preference will be given to students related to employees of Cloverdale Paint.

**Criteria:** Demonstrated financial need and demonstrated commitment to community service and career and/or entrepreneurial objectives.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a letter outlining community service and career and/or entrepreneurial objectives.

**Effective Date:** Established 2001

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080514.06**

**Revised Terms and Conditions — Knights of Columbus Council #8927 Bursary**

That the revised Terms and Conditions for the Knights of Columbus Council #8927 Bursary be approved.  
Effective date: January 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** Open

**Award Name:** Knights of Columbus Council #8927 Bursary

**Calendar Description/Intent:** The Knights of Columbus, Council #8927 annually donate one ~~\$500~~ \$600 bursary to a full time University of Northern British Columbia student in any program of study.

**Donor:** Knights of Columbus Council #8927

**Value:** ~~\$500~~ \$600

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to a full time undergraduate student in any program of study.

**Criteria:** Demonstrated financial need and satisfactory academic standing.

**Application Instructions:** Fill out all sections of the Awards Application form.

**Effective Date:** Established 2001

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**7.2.4 Senate Committee on Admissions and Degrees**

**Shaw**

To Senate for Information:

**SCAD200805.06**

**2007 / 2008 Annual Report**

That the 2007 / 2008 Annual Report from the Senate Committee on Admissions and Degrees be approved and forwarded to Senate for information.

Effective date: May 13, 2008

This report was provided for information, and no questions were raised.

**S-200806.22**

**Senate Handbook Revision**

Casperson / Hutchings

That, on the recommendation of the Steering Committee of Senate, the revisions to the Senate Handbook be approved as proposed.

Effective date: June 11, 2008

CARRIED.

**S-200806.23**

**Revisions to the “Structure and Governance” Document for the College of Science and Management**

Reid / Zahir

That, on the recommendation of the Steering Committee of Senate, the document: “Structure and Governance of the College of Science and Management” be modified 1) to delete reference to Academic Advisors and add reference to Student Advisors; 2) to include designated librarians as shown below; 3) to replace reference to Vice President (Academic) and Provost with Provost; 4) delete reference to Operation Manager; and 5) add reference to Graduate Chairs as part of CMT.

Effective date: June 11, 2008

CARRIED.

7.2.6 Senate Committee on Nominations

7.2.6.1 Election of Vice-Chair of Senate (no material)

The Chair of the Senate Committee on Nominations reported that, given the upcoming departure of the Acting Provost, who was the Vice-chair of Senate, a new Vice-chair needed to be elected.

A Senator noted that the term for the current Acting Provost was set to expire in September, and recommended that the position be filled only until then and that another election be undertaken at that time.

**Motion:**

Casperson / Hyndman

That Dr. Mark Dale be elected Vice-Chair of Senate effective July 1 until the September Senate meeting.  
CARRIED.

It was questioned whether this counted as a full term. The response was that, because it was a partial term, Dr. Dale would be eligible to serve two additional consecutive one-year terms.

**Motion:**

Casperson / Hyndman

That the Senate meeting be extended beyond 5:30 p.m.  
CARRIED.

**S-200806.24**

**Membership on the SCAPP and SCRGS Continuing Studies Credit Committee (no material)**

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor, Senate approve one of the following candidates to fill the position of the Faculty Member from CASHS, until March 31, 2011, to serve on the SCAPP and SCRGS Continuing Studies Credit Committee:

Sherry Beaumont  
Colin Chasteauneuf  
Fiona MacPhail  
Peter MacMillan

An election was held by secret ballot, and Fiona MacPhail was elected to serve on this committee.

**S-200806.25**

**Membership Changes to Senate and Senate Committees (no material)**

Reid / Zahir

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate committees as indicated, be approved as proposed.

CARRIED.

**SENATE COMMITTEE AND POSITION TO BE FILLED**  
*(except as otherwise noted, all terms begin immediately)*

**CANDIDATE**

**Steering Committee of Senate**

Faculty Senator (July 1, 2008 until March 31, 2009)

Jacqueline Holler

**Senate Committee on Academic Appeals**

Faculty Senator — CSAM

(to fill the balance of a term, to March 31, 2009)

Erik Jensen

**Senate Committee on Academic Policy and Planning**

Regional Faculty Member (to March 31, 2011)

Sue Johnson

**Senate Committee on Research and Graduate Studies**

Faculty Member — CSAM

(to fill the balance of a term, to March 31, 2009)

Saif Zahir

**Senate Committee on First Nations and Aboriginal Peoples**

Faculty Member — CASHS (to March 31, 2011)

Faculty Senator (to March 31, 2011)

First Nations Representative — Lheidli T'enneh

(to March 31, 2011)

Margo Greenwood (2<sup>nd</sup> term)

Eleanor Annis

Rena Zatorski (2<sup>nd</sup> term)

**Senate Committee on Regional Policy and Inter-Institutional Relations**

Faculty Member — Professional Program (to March 31, 2011)

Heather Peters (2<sup>nd</sup> term)

**Senate Committee on the University Budget**

Faculty Senator — CSAM (to March 31, 2011)

Exempt Group Member (to March 31, 2011)

CUPE Member (to March 31, 2011)

Han Donker

Claudette Gouger

Dale Laluk

**SCAPP and SCRGs Continuing Studies Credit Committee**

Faculty Member — CSAM (to March 31, 2011)

Pranesh Kumar

**8.0 Other Business**

**8.1 Report of the Registrar**

**Kielly**

Ms. Kielly advised Senators that this was her last meeting of Senate. She thanked Senators for the opportunity to work with Senate and C. Myers for her assistance, and introduced the new Registrar, Mr. Grant Kerr.

**Motion:**

Casperson / Hutchings

That Senate formally recognize and show its appreciation to the outgoing Secretary of Senate and Registrar, Ms Kathleen Kielly, for her hard work and commitment to these offices.

CARRIED.

**8.2 Senators Completing Their Terms**

Dr. Randall advised Senators that this was his last meeting of Senate, and thanked Senators for the opportunity to work with Senate. He noted that Senators Nussbaumer, Thring, and Martel were also participating in their last meeting of Senate, and thanked them for their commitment to Senate. Senators expressed their thanks to the outgoing Senators.

**9.0 Information**

**9.1 Annual Report from the Harassment and Discrimination Advisor**

The report was received for information.

**10.0 S-200806.26**

**Move to In Camera Session**

Michalos / Jensen

That the meeting move In Camera.

CARRIED.

**11.0 S-200806.28**

**Adjournment**

Martel / Madak

That the Senate meeting be adjourned.

CARRIED.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

September 10, 2008  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, T. Binnema, N. Black, C. Bock, D. Casperson, M. Dale, S. Déry, H. Domshy, H. Donker, B. Ellis, G. Fondahl, C. Greening, R. Hoffman, J. Holler, K. Hutchings, J. Hyndman, C. Jago, E. Jensen, P. Madak, A. Michalos, D. Nyce, G. Prkachin, M. Reid, J. Schneider, E. Sharp, D. Tasa, S. Wagner, J. Young, S. Zahir

**Regrets:**

D. Adamick, E. Kinghorn, J. Li, D. Macknak, B. McGill, S. Rennebohm, R. Robinson, T. Shaw, B. Simard, M. Thomson

---

The meeting commenced at 3:35 p.m. The Chair introduced several new Senators.

**1.0 S-200809.01  
Approval of the Agenda**

Dr. Jago requested that the following items be removed from the agenda:

- Motion S-200809.14 (Change to Program Requirements and Calendar Description — Psychology Lower Division Degree Requirements)
- Motion S-200809.18 (Policy Revision — “Harassment and Discrimination”)

Hyndman / Ellis

That the Agenda for the September 10, 2008 Public Session of Senate be approved with the removal of motions S-200809.14 and S-200809.18.  
CARRIED.

**2.0 S-200809.02  
Approval of Minutes of June 11, 2008**

Reid / Madak

That the Minutes of the June 11, 2008 Public Session of Senate be approved as presented.  
CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

**3.1 Graduate Admissions Intake Process (no material) Dale**

Dr. Dale advised Senators that this issue was in the process of being solved, and that he would provide further details at an upcoming Senate meeting.

---

Senator Tasa expressed a wish to thank the Board of Governors for hosting the Senate at the event held in June, and to indicate that Senate would be interested in participating in an event like this again in the future. Senators were in agreement with these sentiments being expressed to the Board of Governors.

#### **4.0 President's Report**

**Jago**

##### **4.1 Role as Interim President (no material — presentation)**

Dr. Jago made a presentation on his mandate as Interim President. He stated that there were several issues to be addressed, but that his main focus was to ensure the hiring of a new President as soon as possible and to establish the conditions internally, including strengthening the management team, to facilitate that hiring. Dr. Jago added that he intended to promote internal stability by limiting the scope of organizational changes over the next year, and to build on the positive changes that have taken place over the past few years.

##### **4.2 The Role of Senate in University Governance (no material — presentation)**

A presentation by the Chair regarding the role of Senate in university governance focused on the recent changes to the University Act with the creation of several new special purpose, teaching universities. Dr. Jago highlighted the distinctions between the new universities and the four research-intensive universities. As a research-intensive university, UNBC is in an advantageous position compared with the teaching universities with regard to governance. The research intensive universities' Senates remain autonomous bodies in relation to their respective Boards, while the new universities' Senates are of a different composition and very much advisory to their Boards of Governors. In addition, the research intensive universities enjoy a level of autonomy from governmental regulatory authority much greater than that of the special purpose teaching universities. In conclusion, Dr. Jago made the following comments:

- The bi-cameral, self-governance powers vested in universities are essential for protecting the autonomy and academic freedom that universities need.
- They cannot be taken for granted.
- They must be treated with the utmost respect by university administrators and by university senators alike.
- In a bicameral system, it is important that senates not encroach upon the jurisdiction of boards; that boards not encroach upon the jurisdiction of senates; that university administrators respect the jurisdiction of each; and that all strive to differentiate clearly matters of governance from matters of management.
- It is within this context that I affirm my pleasure in resuming my position as Chair of the UNBC Senate and my expectation of a good year of academic governance ahead.

##### **4.3 First-Year University Student Survey (2007) (no material — presentation)**

The President provided a presentation outlining the findings of a report on the experience of first year students. He noted that the presentation was designed to highlight features of the UNBC first-year student profile that are of interest and should help to guide UNBC recruitment strategies and in further developing the services provided to students. The report offered a profile of students in universities placed in three different categories based on institution size. The reasons for attending university and for choosing UNBC were addressed. Some points worthy of note were that students cited the Maclean's magazine rankings as being an important factor in choosing UNBC over other universities, students at UNBC tend to get the classes they want, and the educational experience is exceptionally good. Dr. Jago added that a survey comparing students in 2002 and 2007 would be considered for inclusion on a future Senate meeting agenda.

## 5.0 Report of the Provost

Dale

### 5.1 2008 – 2011 Accountability Plan and Report (for information)

The Provost began his report by thanking Senators for making him feel welcome at UNBC. Dr. Dale noted that a physiotherapy program was currently being developed in conjunction with the University of Victoria and the University of British Columbia, which he acknowledged would take work to bring to fruition. He reported that he had attended the meeting of the faculty caucus of Senate, at which it was suggested he provide a report on the current status of hiring committees for vacant administrator positions. He thus reported that the director of Human Resources would not be replaced until an external review of the department was completed, and that the selection committee was currently being established for the Chief Librarian position. With regard to the Academic Visioning Initiative, the Provost reported that he planned to bring forward, to the AVI Steering Committee and Senate, a mechanism to bring this process to a close. When he was asked whether the Pedagogy Working Group recommendations would be abandoned, Dr. Dale acknowledged the work of the Pedagogy Working Group and that he was aware that several of the group's recommendations were already in progress. Both he and the President clarified that it was the proposed organizational changes, and how those could be brought to a close, that were being considered. Dr. Jago added that he wanted to bring something forward to the next Senate to resolve this issue and put it to rest, as instability of this nature was not healthy and could hinder the attraction of a new President, so he wanted to address this matter quickly.

## 6.0 Question Period

No questions were raised. However, Senators welcomed Dr. Jago back to UNBC and to the Senate.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Dale

The Registrar indicated that, with regard to effective dates, all motions with effective dates of September 2008, except those from the Psychology Program, should be changed to January 2009. This change was proposed because the September 2008 semester was already underway and any revisions would affect students registered currently. With regard to Psychology Program motions, the Registrar advised that the Program had requested that the effective dates for all motions be revised to May 2009. Senators agreed to the recommended revisions to effective dates.

It was proposed that the motions from the Senate Committee on Academic Policy and Planning be moved as an omnibus motion.

#### **Motion:**

Zahir / Hyndman

That motions S-200809.03 to S-200809.16, with the exception of motion S-200809.14, which was removed from the agenda, be moved as an omnibus motion.

CARRIED.

#### **S-200809.03**

##### **Change to Degree Requirements — BSc Integrated**

Zahir / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the calendar entry for BSc (Integrated) be changed to delete reference to MATH 342-3 and replace it with MATH 240-3 as proposed.

Effective date: September 2008

CARRIED, with change in effective date to January 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Change to Program Requirements — BSc NRM, Major in Outdoor Recreation and Conservation**

Zahir / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the program requirements and calendar entry for the BSc NRM, Major in Outdoor Recreation and Conservation be changed to reflect recent changes including updates in other programs.

Effective date: September 2008

CARRIED, with change in effective date to January 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Major in Outdoor Recreation and Conservation

This BSc Major in Outdoor Recreation and Conservation focuses on the natural and social dimensions of outdoor recreation planning and management, using an integrated resource management framework. Emphasis in this major is placed on planning and managing environmentally and culturally sensitive recreation opportunities in natural environment settings.

Northern British Columbia provides an unparalleled setting for learning, teaching, and researching the various aspects of outdoor recreation and conservation management. British Columbia has a large land base and a range of natural environments that support a vast array of dispersed and concentrated outdoor recreation opportunities. The program examines the components of planning and managing recreation opportunities through the study of such subject areas as ecology, integrated resource management, planning, protected areas management, tourism management, environmental studies and geography (e.g., GIS).

Undergraduate students are required to take 12 Outdoor Recreation and Tourism Management courses (36 credit hours). Of these, 9 courses are upper division.

The minimum requirement for the completion of a Bachelor of Science with a major in Outdoor Recreation and Conservation is 120 credit hours.

#### **New Course Approval — COMM 437-3**

Zahir / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course COMM 437-3 Values-based Leadership be approved as proposed.

Effective date: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course provides an overview of the literature on leadership throughout history and reviews the main leadership theories developed in the 20th and 21st centuries, with a focus on what makes a good leader, both in the sense of administrative or

managerial effectiveness as well as in a moral sense. Models of successful leadership in both the public and private sector are explored through case studies.

**Prerequisites:** COMM 230-3

**Preclusions:** POLS 417-3

An Executive Summary of proposed changes to the Nursing Program curriculum was included for information.

**S-200809.13**

**Calendar Description Change — Nursing Program (Health Assessment)**

Zahir / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the information in the Nursing program pages regarding Health Assessment be removed and replaced with CRNBC Requisite Skills and Abilities as proposed.

Effective date: September 2008

CARRIED, with change in effective date to January 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **College of Registered Nurses of British Columbia Requisite Skills and Abilities**

All students who apply to the Northern Collaborative Baccalaureate Nursing Program must demonstrate the capacity to meet College of Registered Nurses of British Columbia's (CRNBC) Requisite Skills and Abilities. Certain basic skills and abilities are required for a student to attain the Competencies in the Context of Entry-Level Registered Nurse Practice in British Columbia. These Requisite Skills and Abilities can be found on the CRNBC website.

## **~~Health Assessment, Immunization & CPR Certification~~**

All students accepted into the undergraduate nursing program will be sent documentation and information regarding ~~health status and~~ immunization policies. Once accepted to the NCBNP, Certificate, or Post-Diploma programs, all students must submit:

- ~~• a health assessment completed and signed by a physician within 12 months prior to the commencement of course work which testifies that the applicant is able to undertake nursing studies, including clinical practice.~~
- record of immunization status. Current status for the following immunizations is strongly recommended: diphtheria, tetanus, poliomyelitis, measles, mumps, rubella, hepatitis B and varicella. A Mantoux test (PPD) for tuberculosis is also strongly recommended. Completed immunization forms for the NCBNP must be submitted to the Admissions Office at the institution the student is currently attending prior to March 31 in the first year of attendance. Students entering the Certificate or Post-Diploma BScN must complete and submit specified immunization forms prior to commencing a course with a clinical component. Failure to do so may result in the student not being allowed to practice in the clinical setting.

- documentation of CPR certification, level C, which must be maintained throughout the program. Proof of CPR certification must be submitted prior to commencement of classes.

CPR must be recertified every two years regardless of expiry date on the card.

An Executive Summary of proposed changes to the Psychology Program curriculum was included for information.

**S-200809.14**

**Change to Program Requirements and Calendar Description — Psychology Lower Division Degree Requirements**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the program requirements and calendar description for the lower division degree requirements for a major in Psychology be changed as proposed.

Effective date: January 2009

This motion was removed from the agenda.

**S-200809.15**

**Change to Program Requirements and Calendar Description — Psychology Upper Division Degree Requirements**

Zahir / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the program requirements and calendar description for the upper division degree requirements for a major in Psychology be changed as proposed.

Effective date: January 2009

CARRIED, with change in effective date to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**One additional 400-level course**

One of:

~~PSYC 442-3 Methods in Developmental Psychology~~

~~PSYC 445-3 Methods in Perception and Psychophysics~~

~~PSYC 450-3 Tests and Measures~~

~~PSYC 455-3 Methods in Social Psychology~~

~~PSYC 460-3 Methods in Cognitive Psychology~~

~~PSYC 470-3 Psychophysiology~~

~~PSYC 475-3 The Evaluation of Social Programs~~

~~PSYC 480-3 Critical Analysis in Psychology and the Health~~

~~Sciences~~

~~PSYC 485-3 Current Topics in Psychological Research~~

Each student will complete a thesis project [PSYC 490-3 (Honours Thesis I), PSYC 495-3 (Honours Thesis II)] under the supervision of a faculty member. Admission to the honours program will take place after the end of the second year (i.e., upon completion of 60 credit hours) and will require a minimum CGPA of 3.33. Attaining the minimum requirement will not guarantee admission to the honours program, which will be at the discretion of the Program. To remain in the honours program requires the maintenance of a minimum CGPA of 3.33.

The minimum requirement for completion of a BSc Honours - Psychology is ~~134~~ 122 credit hours.

**To Senate for Information:**

**SCAPP200806.06**

**Course Prerequisite Change — BIOL 325-3**

That the changes to the prerequisites for BIOL 325-3 be approved.

Effective date: September 2008

The effective date of this motion was changed to January 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

BIOL 325-3 Ecological Analyses This course is an introduction to the application of analytical methods for addressing common ecological problems. Particular emphasis is placed on: sampling design, formulating hypotheses, statistical inference and the writing of abstracts. Students learn to analyze data by applying the scientific method to ecological research.

*Prerequisites:* BIOL 201-3 and ~~MATH 342-3~~ MATH 240-3

**SCAPP200808.27**

**Course Prerequisite Change — BIOL 411-3**

That one prerequisite for admission into Conservation Biology (BIOL 411-3), Genetics (BIOL 210-3), be removed and the course description be revised as proposed.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**BIOL 411-3 Conservation Biology** ~~Ecological and genetic considerations for the maintenance of biological diversity and the practical applications to the management of natural resources.~~ This course provides a broad exposure to the theory and techniques necessary for understanding and preventing threats and declines to biological diversity. The science and application of conservation biology draw from a wide range of disciplines; thus, course and lab materials integrate perspectives from both the natural and social sciences. Students are advised to take this course in their final year of studies.

*Prerequisites:* BIOL 201-3 ~~and 210-3~~

**SCAPP200806.09**

**Course Prerequisite Change — ENSC 418-3**

That the prerequisites for ENSC 418-3 be revised as proposed to reflect the discontinued offering of MATH 342-3.

Effective date: September 2008

The effective date of this motion was changed to January 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 418-3 Environmental Measurement and Analysis** This is a capstone course for Environmental Science and Environmental Engineering Majors. It is a quantitative laboratory- and field-based course focusing on advanced environmental measurement and analysis of atmospheric, aquatic and terrestrial systems. The approach is integrative and problem-oriented; students may examine natural and/or managed systems, including engineering systems (e.g. waste management) and systems impacted by anthropogenic activity (e.g. contamination).

*Prerequisites:* MATH 240-3 or MATH 371-3, MATH 342-3, ENSC 308-3 or ENSC 200-3, 200 level 3 credit Chemistry, FSTY 205-3, and 90 credit hours or permission of the instructor.

**SCAPP200806.10**

**Course Prerequisite Change — ENSC 450-3**

That the prerequisites for ENSC 450-3 be revised as proposed to reflect the discontinued offering of MATH 342-3.

Effective date: September 2008

The effective date of this motion was changed to January 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 450-3 Geophysical Data Analysis** This course focuses on the practical and theoretical aspects of advanced geophysical data analysis methods, including time series analysis, linear multivariate statistical analysis, nonlinear statistical methods based on neural network, inverse theory and optimal estimate of space-state. Emphasis is placed on the environmental analysis and prediction using large datasets (e.g., the global satellite observations) and dynamical models (space-state models). Course format consists of lectures and labs, ~~by which the students apply theories and methods to solve practical problems.~~

*Prerequisites:* MATH 240-3 ~~MATH 342-3~~, or MATH 371-3, or permission of the instructor.

**SCAPP200806.03**

**Course Prerequisite Change — HIST 320-3**

That the prerequisites for HIST 320-3, The Western United States, be changed from 'HIST 221-3 and HIST 222-3 or permission of the instructor' to 'two history courses or permission of the instructor'.  
Effective date: September 2008

The effective date of this motion was changed to January 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**HIST 320-3 The Western United States** This class focuses on social relations in the US West from pre-contact times to the present and on the West's mythical place in US history.

*Prerequisites:* ~~HIST 221-3 and HIST 222-3~~ Two history courses or permission of the instructor.

**CAPP200808.03**

**Course Prerequisite and Calendar Course Description Change — NURS 451-3**

That the prerequisite and calendar course description for NURS 451-3 Health Assessment Across the Lifespan be changed as proposed.  
Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 451-3 Health Assessment Across the Lifespan** This course provides students with the knowledge and skills to extend their ability to conduct a thorough health assessment for diverse client populations throughout the lifespan. Students conduct age-appropriate comprehensive health histories and physical examinations, identify health concerns and risks, taking into account culture, ethnicity and health beliefs, and make informed clinical judgments. This course includes an extended skills-building workshop. This course is restricted to registered nurses.

*Major Restriction:* Restricted to the Rural Acute Care Nursing Certificate or Post-Diploma BScN students only, or by permission of the ~~instructor~~ Chair, School of Nursing.

**SCAPP200808.04**

**Course Prerequisite and Calendar Course Description Change — NURS 452-6**

That the prerequisite and calendar course description for NURS 452-6 Chronic Disease Management, Palliative Care and Wound Care be changed as proposed.  
Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 452-6 Chronic Disease Management, Palliative Care and Wound Care** This course has three components; Chronic Disease Management utilizes current, evidence-based knowledge, skills and management tools to provide effective patient-centred care for clients with chronic health challenges in rural practice. The Palliative Care section enables the learners to extend their knowledge surrounding palliative care guidelines and concludes with grief and bereavement issues. In the Wound Care component, students learn how to provide evidence-based and cost-effective wound care for people residing in rural settings. This course is restricted to registered nurses.

Major Restriction: Restricted to the Rural Acute Care Nursing Certificate or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

Pre or co-requisites: NURS 451-3

#### **SCAPP200808.05**

##### **Course Prerequisite Change — NURS 453-3**

That the prerequisite for NURS 453-3 Nursing Practice with Older Persons be changed as proposed.  
Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 453-3 Nursing Practice with Older Persons** This course focuses on health promoting, person-centred practice for nurses working with older persons in rural acute care. Assessment focuses on the physical and mental health of older persons within the context of their everyday experience and their family and/or culture. Particular attention is paid to the strengths of the individual as well as the presenting health challenges. Nurses explore strategies to prevent and/or address common health issues experienced by older persons. This course is restricted to registered nurses.

Major Restriction: Restricted to the Rural Acute Care Nursing Certificate or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

Pre or co-requisites: NURS 451-3

#### **SCAPP200808.06**

##### **Course Prerequisite Change — NURS 454-6**

That the prerequisite for NURS 454-6 Perinatal Care be changed as proposed.  
Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 454-6 Perinatal Care** This course spans the antenatal, intrapartum and post-partum continuum with particular focus on the perinatal skills and competencies required for nurses to support women and their families as they experience low risk, normal pregnancies. Students learn to recognize and take action in situations beyond the bounds of normal and make sound, informed clinical judgments in emergency situations in rural settings. This course involves an extended workshop and practicum. Prior to the practicum, students must provide proof of certification in the Neonatal

Resuscitation Program (NRP) and the Fetal Health ~~Surveillance~~ Surveillance course (FHS). This course is restricted to registered nurses.

Major Restriction: Restricted to the Rural Acute Care Nursing Certificate or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.  
Pre or co-requisites: NURS 451-3

**SCAPP200808.07**

**Course Prerequisite and Calendar Course Description Change — NURS 455-6**

That the prerequisite and calendar course description for NURS 455-6 Critical Care, Emergency and Trauma be changed as proposed.  
Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 455-6 Critical Care, Emergency and Trauma** This course provides students with the practical ~~evidence-based~~ evidence-based information, skills and tools necessary to quickly identify patients with critical conditions and to intervene appropriately and effectively within the context and confines of rural nursing practice. The most salient aspects of adult, geriatric and pediatric emergency and critical care encountered in rural practice are examined. This includes rapid and accurate patient assessment, recognition of clinical deterioration, and emergency interventions with stabilization and safe transfer of life-threatening conditions. The course includes a focused lab experience and a practicum at a larger tertiary centre. This course is restricted to registered nurses.

Major Restriction: Restricted to the Rural Acute Care Nursing Certificate or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

**SCAPP200808.08**

**Course Prerequisite and Calendar Course Description Change — NURS 456-6**

That the prerequisite and calendar course description for NURS 456-6 Mental Health and Addictions be changed as proposed.  
Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 456-3 Mental Health and Addictions** This course provides students with the basic knowledge and skills required to care for people living with common mental health and addiction issues encountered in rural nursing practice. A holistic relational nursing focus allows students to apply concepts discussed in a variety of health challenges and to intervene appropriately. Nursing approaches to clinical decision making with clients who have specific mental health problems such as psychotic, mood, anxiety and personality disorders are highlighted. Nursing practice approaches to ~~addictions~~ addictions, substance use, and crisis intervention, including aggression and suicide attempts, are addressed. This course is restricted to registered nurses.

Major Restriction: Restricted to the Rural Acute Care Nursing Certificate or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

Pre or co-requisites: NURS 451-3

**SCAPP200808.09**

**Course Prerequisite Change — NURS 457-3**

That the prerequisite for NURS 457-3 Living and Working in a Rural Community be changed as proposed.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 457-3 Living and Working in a Rural Community** This course enables students to gain an understanding and appreciation of the unique challenges facing nurses who live and work in rural communities. Confidentiality, anonymity, cultural safety, inter-professional relationships, population health, and maintaining competence are addressed. Students gain greater knowledge and sensitivity in the provision of ethical and effective health care for First Nations populations. This course is restricted to registered nurses.

~~Major~~ Major Restriction: Restricted to the Rural Acute Care Nursing Certificate or Post-Diploma BScN students only, or by permission of the instructor Chair, School of Nursing.

**SCAPP200806.15**

**Course Prerequisite Change — ORTM 300-3**

That the prerequisites for ORTM 300-3 Recreation and Tourism Impacts be changed.

Effective date: September 2008

The effective date of this motion was changed to January 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ORTM 300-3 Recreation & Tourism Impacts** This course reviews the identification, monitoring and mitigation of ecological, economic and socio-cultural impacts of recreation and tourism activities. Through labs, fieldwork and analysis of the literature, students examine the origin and management of impacts of recreation and tourism.

Precluded: ~~RRT 300~~ RRT 413-3

Prerequisites: BIOL 110-3 or BIOL 201-3 RRT 100 or ORTM 100 and RRT 2XX or ORTM 2XX or RRT 200 or ORTM 200 or RRT 202 or ORTM 202 or RRT 204 or ORTM 204

**SCAPP200806.16**

**Course Title and Prerequisite Change — ORTM 400-3**

That the calendar entry for the course ORTM 400-3 Recreation and Tourism Ecology, Management and Design be changed to reflect a name change in the course title and that prerequisites be simplified.

Effective date: September 2008

The effective date of this motion was changed to January 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ORTM 400-3 Recreation and Tourism Ecology, Management and Conservation Area Design and Management** This course focuses on the theories, processes and techniques involved in ecological management and design of conservation and protected areas. Students develop skills in community-based involvement in conservation area design, GIS approaches and techniques for analysis, the concept of naturalness, capacity and suitability of the natural resource base for tourism and recreation ~~such as commercial backcountry recreation and the evaluation of ecological values~~. Specific focus is given on policies, procedures and practices to protect and manage resource recreation and tourism resources within an integrated management context are discussed.

~~Precluded: RRT 400~~

~~Prerequisites: RRT 300 or ORTM 300 and RRT 305 or ORTM 305~~ BIOL 110-3 or BIOL 201-3, and 60 credit hours

#### **SCAPP200808.15**

##### **Course Prerequisite Change — PSYC 301-3**

That the prerequisites for PSYC 301-3 Social Psychology be changed as proposed.  
Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 301-3 Social psychology This course examines human behaviour in its social context. Specific topics covered include interpersonal interaction, social motivation and attitudes, prejudice, socialization and communication.

Prerequisites: PSYC 101-3, 102-3 and a total of ~~45~~ 60 credit hours successfully completed

#### **SCAPP200808.16**

##### **Course Prerequisite and Calendar Course Description Change — PSYC 303-3**

That the prerequisites and calendar course description for PSYC 303-3 Introduction to Abnormal Psychology be changed as proposed.  
Effective date: September 2008

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 303-3 Introduction to Abnormal Psychology This course provides an introduction to the study of abnormal behaviour. Topics include the history of psychopathology, definitions of abnormality, classification and assessment, models of psychopathology and an introduction to the specific syndromes of abnormal behaviour.

Prerequisites: PSYC 101-3, 102-3 and a total of ~~45~~ 60 credit hours successfully completed

**SCAPP200808.17**

**Course Prerequisite and Calendar Course Description Change — PSYC 306-3**

That the prerequisites and calendar course description for PSYC 306-3 Theories of Personality be changed as proposed.

Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 306-3 Theories of Personality This course provides aAn introduction to the study of personality. Influential models of personality structure and function are examined as are techniques for personality assessment.

Prerequisites: PSYC 101-3, 102-3 and a total of ~~45~~ 60 credit hours successfully completed

**SCAPP200808.18**

**Course Prerequisite Change — PSYC 307-3**

That the prerequisites for PSYC 307-3 Motivation and Emotion be changed as proposed.

Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 307-3 Motivation and Emotion This course addresses the properties and determinants of motivated behaviour and emotional states. Topics include eating and drinking, defence, sexual behaviour and the nature, structure and mechanisms of emotion.

Prerequisites: PSYC 101-3, 102-3 and a total of ~~45~~ 60 credit hours successfully completed

**SCAPP200808.19**

**Course Prerequisite and Calendar Course Description Change — PSYC 309-3**

That the prerequisites and calendar course description for PSYC 309-3 Introduction to Health Psychology be changed as proposed.

Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 309-3 Introduction to Health Psychology This course provides aAn introduction to behavioural health science.

Prerequisites: PSYC 101-3, 102-3 and a total of ~~45~~ 60 credit hours successfully completed

**SCAPP200808.20**

**Course Prerequisite and Calendar Course Description Change — PSYC 315-4**

That the prerequisites and calendar course description for PSYC 315-4 Design and Analysis of Psychological Research I be changed as proposed.

Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 315-4 Design and Analysis of Psychological Research I This course addresses the design, description and analysis of psychological research. Principles of research design ~~will be~~ are taught, along with common methods for analyzing data from descriptive statistics through correlational and ~~non-parametric~~ nonparametric techniques to analysis of variance. Multivariate methods ~~will be~~ are introduced. Research design and analysis issues ~~will be~~ are addressed in an integrated manner.

Prerequisites: PSYC 101-3, 102-3, 215-3 **and a total of 60 credit hours successfully completed**

### **SCAPP200808.22**

#### **Course Prerequisite and Calendar Course Description Change — PSYC 317-3**

That the prerequisites and calendar course description for PSYC 317-3 Psychobiology be changed as proposed.

Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 317-3 Psychobiology This course offers a ~~This course~~ It addresses the structure and function of the nervous system and its role in psychological processes, including perception, emotion, motivation, cognition, memory and overt behaviour.

Prerequisites: PSYC 101-3, 102-3 and a total of ~~45~~ 60 credit hours successfully completed

### **SCAPP200808.23**

#### **Course Prerequisite and Calendar Course Description Change — PSYC 318-3**

That the prerequisites and calendar course description for PSYC 318-3 Sensation and Perception be changed as proposed.

Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 318-3 Sensation and Perception This course offers a ~~This course~~ It addresses the structure and function of the nervous system and its role in psychological processes, including perception, emotion, motivation, cognition, memory and overt behaviour.

Prerequisites: PSYC 101-3, 102-3 and a total of ~~45~~ 60 credit hours successfully completed

**SCAPP200808.24**

**Course Prerequisite and Calendar Course Description Change — PSYC 320-3**

That the prerequisites and calendar course description for PSYC 320-3 The Psychology of Learning be changed as proposed.

Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 320-3 The Psychology of Learning ~~This course provides a~~An introduction to the study of learning. Topics covered include classical and operant processes, and cognitive models of response acquisition and change.

Prerequisites: PSYC 101-3, 102-3 and a total of ~~45~~ 60 credit hours successfully completed

**SCAPP200808.25**

**Course Prerequisite Change — PSYC 330-3**

That the prerequisites for PSYC 330-3 Cognition be changed as proposed.

Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 330-3 Cognition This course provides an introduction to current research and theories of human mental processes and the methods used to study them. Topics may include attention, memory processes and systems, concept formation, language processing, problem solving, reasoning, and judgment and choice.

Prerequisites: PSYC 101-3, 102-3 and a total of ~~45~~ 60 credit hours successfully completed

**SCAPP200808.26**

**Course Prerequisite Change — PSYC 345-3**

That the prerequisites for PSYC 345-3 Lifespan Development be changed as proposed.

Effective date: January 2009

The effective date of this motion was changed to May 2009.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 345-3 Lifespan Development This course addresses the development of psychological abilities and characteristics and the mechanisms that subserve them. The full range of the human lifespan, from the prenatal period to the senior years, is examined.

Prerequisites: PSYC 101-3, 102-3 and a total of 60 credit hours successfully completed

**SCAPP200808.29**

**2008 Annual Report from the Senate Committee on Academic Policy and Planning**

That the 2008 Annual Report (October 1, 2007 to August 31, 2008) from the Senate Committee on Academic Policy and Planning be approved by the Committee and forwarded to Senate for information.

Effective date: August 20, 2008

**7.2 Steering Committee of Senate**

**Jago**

**S-200809.17**

**Policy Revision — “Selection Procedures for the Search Committee for the President & Vice-Chancellor”**

Holler / Jensen

That, on the recommendation of the Steering Committee of Senate, the proposed revisions to the policy entitled “Selection Procedures for the Search Committee for the President & Vice-Chancellor” be approved by Senate and recommended to the UNBC Board of Governors for approval.

Effective date: September 10, 2008

CARRIED.

Dr. Jago explained that the two employee groups, given their distinction from one another, had asked for individual representation on the committee. He added that any revisions would require final approval by the Board of Governors. A Senator expressed concern that the addition of another staff member would dilute faculty representation on this committee.

**S-200809.18**

**Policy Revision — “Harassment and Discrimination”**

That, on the recommendation of the Steering Committee of Senate, the proposed revisions to the policy entitled “Harassment and Discrimination” be approved by Senate and recommended to the UNBC Board of Governors for approval.

Effective date: September 10, 2008

This motion was removed from the agenda.

**7.3 Senate Committee on Nominations**

**Reid**

**7.3.1 Election of Vice Chair of Senate (no material)**

The Chair opened the floor for nominations for the position of Vice Chair of Senate. Dr. Mark Dale was nominated for the position by Senator Hyndman, seconded by Senator Holler. There being no further nominations, Dr. Dale was declared elected to the position by acclamation.

**S-200809.19**

**Membership on the Senate Committee on the University Budget (no material)**

That, on the recommendation of the Senate Committee on Nominations, Senate approve one of the following candidates to fill the position of a Faculty Member, until March 31, 2009, to serve on the Senate Committee on the University Budget:

Paul Bowles  
Kevin Keen

A secret ballot vote was held, and Dr. Paul Bowles was appointed to this committee. The President mentioned, as an aside, that he had already met with the Chair of the Senate Committee on the University Budget to discuss the budgeting process.

**S-200809.20**

**Membership Changes to Senate and Senate Committees (no material)**

Consensus

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate and Senate committees as indicated, be approved as proposed.

CARRIED.

**SENATE COMMITTEE AND POSITION TO BE FILLED**

**CANDIDATE**

Senate

Faculty Senator — CASHS (until March 31, 2009, replacing Han Li) Colin Chasteauneuf

Senate Committee on Nominations

Faculty Senator (term runs from now until March 31, 2009) Ted Binnema

Senate Committee on Regional Policy and Inter-Institutional Relations

Faculty Senator (term runs from now until March 31, 2011) Saif Zahir

Senate Committee on Scholarships and Bursaries

Faculty Senator — CASHS (until March 31, 2009) Shannon Wagner

As there were no further nominations for any of these positions, the applicants were appointed to the respective Senate committees.

**To Senate for Information:**

Senator Reid, Chair of the Senate Committee on Nominations, noted that Penelope Barrett had subsequently resigned from Senate, so her name should be moved up under the category entitled “Declaration of Vacancy on Senate (Resignation).”

Declaration of Vacancy on Senate (Resignation):

Faculty Senator from CASHS (term ending March 31, 2009) Han Li

Senate By-Election Results (Elected):

Faculty Senator from CASHS (July 1, 2008 to March 31, 2009) Penelope Barrett  
Faculty Senator from CASHS (July 1, 2008 to March 31, 2009) Glenda Prkachin

**Appointment(s) to Senate Committee(s):**

SCAPP and SCRGs Subcommittee on Curriculum and Calendar

Designate of the University Librarian (no end date) Heather Empey

**8.0 Other Business**

**8.1 Enrolment Report**

**Madak**

Dean Madak provided a report on current enrolment numbers, which was positive. He indicated that these numbers were as of September 1, and that the next collection period was at the add/drop date. He noted that FTEs were up 9.3%. He added that applications were down approximately 9% from last year, especially from the lower mainland, but that applications from northern residents had increased. Registrations were up 4.8%. Last year’s graduating class was 835 students which needed to be replaced, and had been. Dr. Madak also noted that graduate FTEs were up 78%, but added that this number may be a little inflated, as the graduate registrations had been completed earlier than ever before, and there may be some courses dropped. With regard to final numbers, Dean Madak indicated that he expected them to rise approximately 2 – 3% from current numbers. Dr. Madak noted that most students who applied to UNBC this year really wanted to come here and did come here. He attributed this at least partly to the employment of student ambassadors to call applicants. Finally, Dean Madak reminded Senators that the budget for this year was based on 0% increase in enrolment, so we should be in a positive situation.

**8.2 Report of the Registrar (no material)**

**Kerr**

The Registrar reported that, based on previous years’ performance, he expected FTE numbers to increase approximately half a percentage point between the add/drop date and November 1.

**8.2.1 E-mail from Dean McGill — Change to Semester of First Offering for New Courses  
NREM 413-3 / 613-3**

The Registrar noted that this memorandum was for information only, advising Senate of a change to a semester of first offering.

**9.0 Information (no material)**

There were no items for information.

**10.0 S-200809.21**

**Adjournment**

Young / Tasa

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 4:55 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

October 8, 2008  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, T. Binnema, C. Bock, D. Casperson, C. Chasteauneuf, S. Déry, H. Domshy, H. Donker, B. Ellis, G. Fondahl, C. Greening, R. Hoffman, J. Holler, K. Hutchings, J. Hyndman, C. Jago, E. Jensen, G. Kerr (Secretary of Senate), J. Li, P. Madak, B. McGill, A. Michalos, C. Myers (Recording), G. Prkachin, M. Reid, S. Rennebohm, J. Schneider, E. Sharp, D. Tasa, S. Wagner, J. Young, S. Zahir

**Regrets:**

N. Black, M. Dale, E. Kinghorn, D. Macknak, D. Nyce, R. Robinson, T. Shaw, B. Simard, M. Thomson

---

The meeting commenced at 3:30 p.m. President Jago introduced a new faculty Senator from the College of Arts, Social and Health Sciences, Dr. Colin Chasteauneuf.

**1.0 S-200810.01**

**Approval of the Agenda**

Holler / Hutchings

That the Agenda for the October 8, 2008 Public Session of Senate be approved as presented.

Senator Reid requested that an item be added to the agenda under the report of the Senate Committee on Nominations, as agenda item 7.4.1 (Call for Nominations for a Tenured Faculty Senator on the University Promotion and Tenure Committee (UPTC)).

CARRIED, with the addition as proposed.

**2.0 Approval of Minutes**

**S-200810.02**

**Approval of Minutes of September 10, 2008**

Reid / Zahir

That the Minutes of the September 10, 2008 Public Session of Senate be approved as presented.

CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

**3.1 Discussion regarding retention (no material — presentation)**

**Madak**

Dean Madak provided a presentation regarding retention at UNBC. He noted that the data contained in this report were from the previous year. Some of the points emphasized in Dr. Madak's presentation were

---

that the majority of Canadian university students are female, dropout rates are affected by economic trends, other universities are reporting the same upward spike in registrations that UNBC experienced this August, dropout rates between first and second year are approximately thirty percent, male and female dropout rates are similar, Aboriginal students drop out to the largest degree between first and second years and at a higher rate than non-Aboriginal students, and that students over the age of 25 drop out at a higher rate than younger students, but complete their degrees more quickly than those under the age of 25.

Dean Madak added that students drop out for many reasons, but “lack of engagement” is the factor that is currently receiving the most attention by researchers. As a result, UNBC is focusing on initiatives that serve to help students become engaged members of the University community. Dr. Madak reported that the literature indicates that utilizing the best professors in first year classes is the best retention strategy.

Several questions were posed, to which Dean Madak responded. In response to a request, he noted that he could provide retention rates by Program. Dr. Jago added that, rather than reporting that information in Senate, individual Programs could be notified if there were issues identified with their particular Program. As the result of a request, Dean Madak also agreed to provide a detailed enrolment report to Senate at an upcoming meeting. The University’s approach to international recruitment and retention was queried, and Dr. Jago responded that a report had been provided to President’s Executive Council that he would be happy to share with Senators at the next Senate meeting. He also asked that Carolyn Russell, Director of International, attend to respond to any questions and provide a summary of the report. Finally, Dean Madak was asked whether the 30% dropout rate reflects what is happening in other Universities, and he responded that it was slightly higher than the average of approximately 25%. Dr. Jago advised Senators that the Maclean’s report provides information for comparison in this regard.

**Action:** Dean Madak to provide a detailed enrolment report to Senate at an upcoming meeting.

C. Myers to invite C. Russell to attend the next Senate meeting to provide a summary of the report regarding international recruitment and retention, and to respond to any questions which may arise.

### 3.2 Letter to UNBC Board of Governors from Senate (for information)

Dr. Jago reported that the Board of Governors was pleased to receive the thank you letter from Senators. He added that the Board has a practice of holding a planning meeting in January, and that they plan to devote some time to a joint Board of Governors / Senate retreat on university governance. Dr. Jago indicated that the Board has a strong desire to work with Senate. He stated that the format for that workshop was in the planning stages, and that he would bring the plans back to Senate once they were confirmed.

### 4.0 President’s Report

**Jago**

Dr. Jago reported that he had attended a meeting of The University President’s Council (TUPC) last week, at which they met with the Assistance Deputy Minister of the Ministry of Advanced Education. He noted that budgetary and other matters were discussed, and that there is a desire to move forward in a manner that is beneficial to the universities. He indicated that TUPC is in the process of dissolving, and that it would be replaced by a “Research Universities Council,” which was a smaller body consisting of the research-intensive universities.

The President informed Senators that he had been meeting with Program Chairs in order to get a sense of concerns that exist. He felt that these meetings had been productive, and added that once he had completed these meetings and reflected upon them, he may bring a report to Senate.

Finally, Dr. Jago advised that the most recent enrolment figures indicated an increase in FTE’s of between 4 and 5 percent, probably closer to 5%. He stated that these were good numbers, and that they provided some compensation for the drop the university experienced last year.

## 5.0 Report of the Provost

Dale

In Dr. Dale's absence, Dr. Jago read the report that Dr. Dale provided. Dr. Jago indicated that he wanted Senators to have the report in writing so they would have time to ponder it prior to the next meeting of Senate. He indicated that this item would be placed on the agenda for the next Senate meeting, and that it would be proposed that the Academic Visioning Initiative (AVI) Steering Committee and Academic Alignment Working Group be dissolved if they still exist at that time. The President added that the Provost had been working with the Deans, and had met with the AVI Steering Committee. He also stated that he was alarmed at the impact that the "report cards" distributed a few years ago had had on the culture of this institution and the resulting lack of cooperation and collaboration. Dr. Jago added that he was unaware of this concern, and that Dr. Dale had written this report before he became aware of it. The President concluded that he was committed to fostering Program cooperation, interdisciplinarity, and collaboration, and that he hoped to restore the culture that existed previously, in which Programs worked together.

The President noted that he was moving ahead to involve the Colleges and Programs in determining how being a research-intensive university enhances the undergraduate education the University provides. Dr. Bob Tait has been engaged to work with the others on this initiative, and will be meeting with College Councils in October and November to discuss the matter. Dr. Jago added that this was an area of interest for Dr. Tait and that he should work well with the Programs, that this would tie in with the work of the Centre for Teaching, Learning and Technology, and that it would be incorporated into the pedagogical aspect of the Academic Visioning Initiative.

It was questioned whether Dr. Dale's report would be circulated to College Councils. Dr. Jago responded that he saw no reason why it could not be discussed in that forum, as the document would benefit from broad consideration.

## 6.0 Question Period

It was asked when the elevator in the Library would be functional, as it had been down for the past year or so. The Vice President Administration and Finance, E. Bray, replied that the trucks were on site and the elevator was being worked on, but she wasn't certain when the work would be completed.

The status of the search for the University Librarian position was questioned. Dr. Jago responded that a consultant had been hired, the committee was struck, and they were in the process of advertising for the position. He added that one or two other librarian positions had recently been filled. Senator Annis noted that she was the Senate representative on the search committee for the Librarian, and invited Senators to forward any comments or concerns to her regarding the search for the Librarian.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Dale

Two separate Executive Summaries of proposed changes to the Psychology Program curriculum were included for information.

It was suggested that motions S-200810.03 and S-200810.04 be dealt with as an omnibus motion. In the absence of opposition, Senate proceeded in this manner.

#### **S-200810.03**

##### **Course Deletion — PSYC 216-3**

Hutchings / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, PSYC 216-3 Research Design and Methodology in Psychology II be deleted and removed from the undergraduate academic calendar.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### ~~PSYC 216 – Research Design and Methodology in Psychology II~~

~~In this course students will continue to learn basic research design and the methods psychologists use to investigate behaviour and mental processes, with particular emphasis on empirical methodology. The course provides students with hands-on experience in research design, data collection and writing research reports in APA style.~~

#### **S-200810.04**

##### **Course Deletion — PSYC 260-3**

Hutchings / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, PSYC 260-3 Psychological Foundations be deleted and removed from the undergraduate academic calendar.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### ~~PSYC 260 – Psychological Foundations~~

~~Detailed introduction to empirical and theoretical aspects of fundamental psychological processes (e.g. motivation, emotion, perception, cognition and learning).~~

#### **S-200810.05**

##### **Change to Program Requirements and Calendar Description — Psychology Lower Division Degree Requirements**

Bock / Reid

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the program requirements and calendar description for the lower division degree requirements for a major in Psychology be changed as proposed.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Major in Psychology**

Undergraduate students are required to take 17 psychology courses (53 credit hours). Of these, at least 12 (38 credit hours) must be upper division courses.

The minimum requirement for completion of a Bachelor of Science with a major in Psychology is 122 credit hours.

### **Program Requirements**

#### **Lower Division Requirement**

100 and 200 Level

CPSC 150-3 Computer Applications

PSYC 101-3 Psychology as a Science

PSYC 102-3 Psychology and Human Problems

PSYC 215-3 Research Design and Methodology in Psychology I  
~~PSYC 216-3 Research Design and Methodology in Psychology II~~  
~~PSYC 260-3 Psychological Foundations~~

**Two additional Psychology 200-level courses**

Note: It is strongly recommended that students planning to major in Psychology select at least one elective course in mathematics and one in biology within the first two years.

**To Senate for Information:**

**SCAPP200808.21**

**Course Prerequisite and Co-requisite Change — PSYC 316-4**

That the prerequisites and co-requisites for PSYC 316-4 Design and Analysis of Psychological Research II be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 316-4 Design and Analysis of Psychological Research II

This course is a continuation of Psychology 315-4, addressing the design, description and analysis of psychological research.

Prerequisites: PSYC 101-3, 102-3, 215-3, ~~216-3~~, 315-4

Co-requisite: ~~PSYC 216-3~~ **and a total of 60 credit hours successfully completed**

**SCAPP200809.06**

**Course Prerequisite Change — PSYC 403-3**

That the prerequisites for PSYC 403-3 Patterns of Psychopathology and Their Treatment be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 403-3 Patterns of Psychopathology and Their Treatment

This course addresses major syndromes of abnormal behaviour, introducing students to the major biological and experiential theories of their origins. Approaches to treatment are also addressed.

Prerequisites: PSYC 101-3, 102-3, 215-3, ~~260-3~~, 303-3

**SCAPP200809.07**

**Course Prerequisite and Co-requisite Change — PSYC 405-3**

That the prerequisites and co-requisites for PSYC 405-3 Clinical Psychology be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 405-3 Clinical Psychology

This course deals with the contemporary practice of clinical psychology. Topics include the role of the clinical psychologist, psychological assessment, the conduct of psychological therapies and ethical issues.

Prerequisites: PSYC 101-3, 102-3, 215-3, ~~216-3~~, ~~260-3~~, 303-3

Co-requisites: ~~PSYC 216-3~~, 403-3

**SCAPP200809.08**

**Calendar Course Description and Prerequisite Change — PSYC 417-3**

That the calendar course description and prerequisites for PSYC 417-3 Behaviour Modification be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 417-3 Behaviour Modification This course examines the application of behavioural and social learning concepts to the change of problematic human behaviour.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~

**SCAPP200809.09**

**Calendar Course Description and Prerequisite Change — PSYC 418-3**

That the calendar course description and prerequisites for PSYC 418-3 Advanced Issues in Perception and Sensation be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 418-3 Advanced Issues in Perception and Sensation

This course provides a treatment of advanced questions in the study of perception. Building on an understanding of fundamental sensory mechanisms, this course provides further exploration of the mechanisms of perception and the manner in which perceptual processes are integrated with such other psychological processes as attention, learning, memory and cognition. Mechanisms ~~will be~~ are highlighted by discussion of such ~~specific~~ topics as the perception of pain, emotion and speech.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 318-3

**SCAPP200809.10**

**Calendar Course Description and Prerequisite Change — PSYC 419-3**

That the calendar course description and prerequisites for PSYC 419-3 Neuropsychology be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 419-3 Neuropsychology This course provides an ~~An~~ introduction to sensory, motor, cognitive and affective disorders resulting from brain damage and dysfunction.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 317-3

**SCAPP200809.11**

**Calendar Course Description and Prerequisite Change — PSYC 430-3**

That the calendar course description and prerequisites for PSYC 430-3 Advanced Cognitive Psychology be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 430-3 Advanced Cognitive Psychology

This course examines advanced issues in the study of cognition. Topics may include models of memory, implicit learning, decision theory, computer simulation of thought and action.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 330-3

**SCAPP200809.12**

**Course Prerequisite Change — PSYC 442-3**

That the prerequisites for PSYC 442-3 Methods in Developmental Psychology be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 442-3 Methods in Developmental Psychology

This course addresses experimental and observational methods used in developmental psychology.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 315-4, 345-3

**SCAPP200809.13**

**Course Prerequisite Change — PSYC 450-3**

That the prerequisites for PSYC 450-3 Tests and Measures be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 450-3 Tests and Measures

This course provides exposure to the design, conduct and interpretation of common techniques for describing human thoughts, feelings, and behaviours.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 315-4

**SCAPP200809.14**

**Course Prerequisite Change — PSYC 455-3**

That the prerequisites for PSYC 455-3 Methods in Social Psychology be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 455-3 Methods in Social Psychology

This course addresses experimental and observational techniques commonly used to test hypotheses about human social behaviour.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 301-3, 315-4

**SCAPP200809.15**

**Calendar Course Description and Prerequisite Change — PSYC 460-3**

That the calendar course description and prerequisites for PSYC 460-3 Methods in Cognitive Psychology be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 460-3 Methods in Cognitive Psychology

This ~~seminar-style~~ seminar-style course allows students to discuss, present and critically evaluate research on human mental processes, with particular emphasis on methodological issues.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 315-4, 330-3

**SCAPP200809.16**

**Calendar Course Description and Prerequisite Change — PSYC 470-3**

That the calendar course description and prerequisites for PSYC 470-3 Psychophysiology be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 470-3 Psychophysiology

This course offers An introduction to the measurement of physiological responses to psychological conditions.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 315-4 and one of 301-3, 306-3, 307-3, 309-3, 317-3

**SCAPP200809.17**

**Calendar Course Description and Prerequisite Change — PSYC 475-3**

That the calendar course description and prerequisites for PSYC 475-3 The Evaluation of Social Programs be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 475-3 The Evaluation of Social Programs

This course offers An introduction to the methods and processes of program evaluation. Topics covered include needs assessment, the development of measures, formative and summative evaluation.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 315-4, or permission of the instructor

**SCAPP200809.18**

**Calendar Course Description and Prerequisite Change — PSYC 480-3**

That the calendar course description and prerequisites for PSYC 480-3 Critical Analysis in Psychology be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 480-3 Critical Analysis in Psychology and the Health Sciences

This course addresses the logic of drawing conclusions in psychology and the health sciences. Through an analysis of the requirements for conducting reviews of the literature on a particular topic, the process of summarizing findings, and the conduct of clinical trials and their analysis, students ~~will be~~ are exposed to common pitfalls in and prerequisites for the establishment of knowledge.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 315-4, or permission of the instructor

**SCAPP200809.19**

**Course Prerequisite Change — PSYC 485-3**

That the prerequisites for PSYC 485-3 Current Topics in Psychological Research be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 485-3 Current Topics in Psychological Research

This course provides exposure to advanced laboratory methods applied to areas of emerging interest in psychology.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 315-4, and upper division standing and permission of the instructor

**SCAPP200809.20**

**Calendar Course Description and Prerequisite Change — PSYC 490-3**

That the calendar course description and prerequisites for PSYC 490-3 Honours Thesis be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 490-3 Honours Thesis I

In this course, students pursue Aan independent research project. Credit for ~~PSYC 490-3~~ will be this course is based on the introduction and proposed methodology for the project.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 315-4, 316-4

**SCAPP200809.21**

**Calendar Course Description and Prerequisite Change — PSYC 495-3**

That the calendar course description and prerequisites for PSYC 495-3 Honours Thesis II be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 495-3 Honours Thesis II In this course, students pursue Aan independent research project. Credit for ~~PSYC 495-3~~ will be this course is based on a report of the results and implications of the project.

*Prerequisites:* PSYC 101-3, 102-3, 215-3, ~~260-3~~, 315-4, 316-4

**SCAPP200809.22**

**Calendar Course Description and Prerequisite Change — PSYC 497-3**

That the calendar course description and prerequisites for PSYC 497-3 Senior Seminar be changed as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

PSYC 497-3 Senior Seminar

~~This course provides An integrative seminar for advanced students. Enrolment is Restricted to fourth year fourth-year Psychology students.~~  
Prerequisites: PSYC 101-3, 102-3, 215-3, 260-3, registered in fourth year and 90 credit hours successfully completed

## 7.2 Senate Committee on Scholarships and Bursaries

Madak

### To Senate for Information:

#### **SCSB20080910.03**

##### **New Terms and Conditions — BCMA Scholarship**

That the new Terms and Conditions for the BCMA Scholarship be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Open

**Award Name:** BCMA Scholarship

**Calendar Description/Intent:** The British Columbia Medical Association is proud to establish this scholarship to benefit Nursing students at the University of Northern British Columbia.

**Donor:** British Columbia Medical Association

**Value:** \$1,500

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship

**Eligibility:** Available to a full or part time undergraduate student enrolled in the Bachelor of Health Sciences - Nursing Program.

**Criteria:** Academic proficiency

**Application Instructions:** Fill out all sections of the Awards Application form.

**Effective Date:** Established 2008

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

#### **SCSB20080910.04**

##### **New Terms and Conditions — BC Psychological Association Gold Medal Award**

That the new Terms and Conditions for the BC Psychological Association Gold Medal Award be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Graduate

**Award Name:** BC Psychological Association Gold Medal Award

**Calendar Description/Intent:** This gold medal, gift of the British Columbia Psychological Association, is offered for outstanding achievement of a Master's or Doctoral student in the study of psychology. It is awarded on the recommendation of the Department of Psychology in conjunction with the Department of Graduate Studies.

**Donor:** BC Psychological Association

**Value:** Medal, Award Certificate and Continuing Education Workshop gift certificate (valued at approx. \$180)

**Number:** One

**Placement in which Calendar:** Graduate

**Award Type:** Medal

**Eligibility:** Available to a full or part time graduate student enrolled in the Psychology Program. First preference will be given to a student who is graduating from the program.

**Criteria:** Academic excellence.

**Note:** Preference will be given to applicants with outstanding community involvement.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a letter outlining community involvement.

**Effective Date:** Established 2008

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the Psychology Department Faculty in conjunction with the Department of Graduate Studies.

### **SCSB20080910.05**

#### **New Terms and Conditions — Talisman Energy Scholarship for Aboriginal Students**

That the new Terms and Conditions for the Talisman Energy Scholarship for Aboriginal Students be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Admission

**Award Name:** Talisman Energy Scholarship for Aboriginal Students

**Calendar Description/Intent:** Talisman Energy is committed to partnering with educational institutions that work with local and Aboriginal communities, like the University of Northern British Columbia. Talisman Energy is proud to support Aboriginal students at the University of Northern British Columbia who are in pursuit of their postsecondary education.

**Donor:** Talisman Energy

**Value:** \$1,000

**Number:** 2

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship

**Eligibility:** Available to a full or part time undergraduate Aboriginal student. First preference will be given to a resident of British Columbia, Alberta or Saskatchewan.

**Criteria:** Academic excellence

**Note:** Preference will be given to applicants with community service.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a letter outlining your community service.

**Effective Date:** Established 2008

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

### **SCSB20080910.06**

#### **Calendar Description Change — Canadian Citizenship Celebration Scholarships**

That the name of the donor as it appears in the Calendar Description for the Canadian Citizenship Celebration Scholarships be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Open

**Award name:** Canadian Citizenship Celebration Award

**Calendar Description/Intent:** In recognition that at a time that many countries, including the United States, refused to admit those fleeing Hitler's Austria, Canada welcomed the Testator's parents and their family, and permitted them thereafter to acquire citizenship and to live and to prosper in

freedom, the Testator intends to provide students born outside of Canada and the United States of America with scholarship support to pursue their university education.

**Donor:** ~~Estate of George C. Stevens~~

**Value:** variable (determined upon activation of the awards)

**Number:** variable, but no less than three (3) awards per year (to be determined upon the activation of the awards)

**Placement in which Calendar:** Undergraduate and Graduate

**Undergraduate and Graduate Award Type:** Scholarship

**Undergraduate and Graduate Eligibility Requirements:** Full time student

**Conditions:** Each scholarship applicant shall have been born outside Canada and the United States of America. Neither parent of the applicant, at the date of his or her birth, shall be (or at any time shall have been) a citizen of either Canada or the United States of America. The applicant shall have lawfully immigrated to Canada, and at the date of application shall have been a permanent resident of Canada (within the meaning of the Immigration Act) for a period of not less than three years. The applicant shall affirm that it is his or her intention, upon completion of studies (including if applicable, programs of studies abroad), to remain in Canada, to acquire Canadian citizenship (if he or she is not then a citizen) and to attempt to contribute to this country's prosperity. The university shall, over a reasonable period of time, attempt to achieve diversity, on the basis of the national origin of the applicants, in its selection of scholarship recipients.

**Effective Date:** To be announced

#### **Revised Terms and Conditions — Liane Flick – Prince George Alzheimer's Society**

##### **Scholarship**

That the revised Terms and Conditions for the Liane Flick – Prince George Alzheimer's Society Scholarship be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Graduate

**Award Name:** ~~Liane Flick – Prince George Alzheimer's Society Endowed Graduate Research Scholarship~~  
Alzheimer Society of B.C. (Prince George) Endowment Fund & Bursary

**Calendar Description/Intent:** Founded in 1989<sup>1</sup>, the mission of the ~~Prince George Alzheimer's Society~~  
Alzheimer Society of B.C. is to alleviate the personal and social consequences of Alzheimer's Disease (AD) and related dementias, to promote public awareness and to search for and research into the causes and the cures of this life-altering illness. To this end, a graduate research scholarship has been established at UNBC.

**Donor:** Prince George Alzheimer's Society Alzheimer Society of B.C. (Prince George)

**Value:** \$1,000

**Number:** One

**Placement in which Calendar:** Graduate

**Award Type:** Scholarship

**Eligibility:** Available to a full or part time graduate student who has a demonstrated interest in, or experience with, dementia-related issues.

**Criteria:** Academic excellence

**Application Instructions:** Provide your thesis proposal from your intended thesis topic. Include a statement regarding your interest in, or experience with, dementia-related issues.

**Effective Date:** Established 2005

**Recipient Selection:** Committee consisting of at least the Dean, Graduate Studies and a representative of the ~~Prince George Alzheimer's Society~~  
Alzheimer Society of B.C.

**SCSB20080910.08**

**Revised Terms and Conditions — Anna Sorkomova Memorial Bursaries**

That the revised Terms and Conditions for the Anna Sorkomova Memorial Bursaries be approved.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Open

**Award Name:** Anna Sorkomova Memorial Bursaries

**Calendar Description/Intent:** These awards are in memory of Anna Sorkomova, graduate exchange student at UNBC from Yakutsk in Siberia. The donor has established these awards to help alleviate some of the financial hardships that international students encounter in coming to Canada to study and participate in full-time studies and/or exchange programs. The donor is committed to personally assist these students overcome some of the cultural challenges they experience and to help us learn from their cultures.

**Donor:** Charles A. Buchan, B.Comm., CA, Partner with Deloitte & Touche

**Value:** \$1,500

**Number:** Two

**Placement in which Calendar:** Undergraduate and Graduate

**Award Type:** Bursary

**Eligibility:** Available to full time undergraduate or graduate international exchange students from Yakutsk State University, Russia or from other parts of the Eastern World to study at UNBC will be given priority, on the condition that the balance of funding for the exchange is in place at the time of the award decision former eastern communist bloc countries or as chosen by UNBC.

**Criteria:** Demonstrated financial need

**Conditions:** ~~For exchange students from Yakutsk State University various parts of the former eastern communist bloc countries, the funds will be used towards the purchase of return air travel from Yakutsk, Siberia to Prince George, Canada. In the event there are additional funds remaining following the purchasing of the airline tickets by the UNBC International Centre Coordinator, these funds will be designated to enhancing the student's monthly stipend in equal monthly portions. (NOTE: In the event the airfare costs exceed \$1,500 the student will be responsible for reimbursing the UNBC International Centre.)~~

**Application Instructions:** Fill out all sections of the Awards Application form.

**Effective Date:** Established 2000

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the International Centre ~~Coordinator~~ Operations Director.

**SCSB20080910.09**

**Revised Terms and Conditions — British Columbia Medical Services Foundation (administered by the Vancouver Foundation) Annual Graduate Scholarship in Health Sciences for First Nations**

That the revised Terms and Conditions for the British Columbia Medical Services Foundation (administered by the Vancouver Foundation) Annual Graduate Scholarship in Health Sciences for First Nations be approved.  
Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Graduate

**Award Name:** British Columbia Medical Services Foundation ~~(administered by the Vancouver Foundation) Annual Graduate Scholarship in Health Sciences~~ Scholarship for First Nations

**Calendar Description/Intent:** The British Columbia Medical Services Foundation Scholarship Fund was

established by John H.V. Gilbert, under the stewardship of the British Columbia Medical Services Foundation (BCMSF) administered by the Vancouver Foundation. The BCMSF actively promotes health education, explores solutions to health care issues and advances study in the health sciences. The BCMSF is pleased to recognize outstanding First Nations students pursuing graduate level studies in Health Sciences at UNBC with this Annual Scholarship. This Graduate Scholarship fits with the Foundation's support of health-related research in both academic and community settings in British Columbia and recognizes First Nations students who have the potential to make a valuable contribution to health services and research in BC.

**Donor:** The British Columbia Medical Services Foundation (administered by the Vancouver Foundation)

**Value:** \$5,000

**Number:** One

**Placement in which Calendar:** Graduate

**Award Type:** Scholarship

**Eligibility:** Available to a full time graduate student enrolled in Health Sciences. Recipient must be a First Nation's student who is a resident of Northern British Columbia.

**Criteria:** Academic excellence

**Application Instructions:** Fill out all sections of the Awards Application form and attach a submission of research abstracts.

**Effective Date:** Established 2001

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

### **SCSB20080910.10**

#### **Revised Terms and Conditions — Northern Trust Bursary**

That the revised Terms and Conditions for the Northern Trust Bursary be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Open

**Award Name:** Northern Trust Bursary

**Calendar Description/Intent:** Northern Trust was established in 2004 to be a catalyst for Northern BC to grow a strong diversified economy by stimulating sustainable growth. Northern Trust has established this bursary to encourage future entrepreneurs from Northern Trust communities who are committed to contributing to the future of those regions, and are experiencing financial need during their postsecondary studies.

**Donor:** Northern Development Initiative Trust

**Value:** \$2,000

**Number:** One

**Placement in which Calendar:** Undergraduate and Graduate

**Award Type:** Bursary

**Eligibility:** Available to a full time undergraduate or graduate student enrolled in any program of study who is a resident of a community within the regions of the Northern Development Initiative Trust.

**Criteria:** Demonstrated financial need and academic proficiency.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a 300 – 500 word submission outlining ~~how~~ your community involvement and future plans to establish a business or career in the north or central BC. Describe how this fits with the vision, mission and mandate of the Northern Trust, which can be found at [www.nditrust.ca](http://www.nditrust.ca).

**Conditions:** Recipients of this award must be a resident of a community within the regions of the Northern Development Initiative Trust.

**Note:** In the event that two or more applicants are equally qualified, preference will be given to the candidate with the letter which best demonstrates the impact and significance of your community involvement.

**Effective Date:** Established 2007

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080910.11**

**Revised Terms and Conditions — Phil Bodman Memorial Bursary**

That the revised Terms and Conditions for the Phil Bodman Memorial Bursary be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** In-course

**Award Name:** Phil Bodman Memorial Bursary

**Calendar Description/Intent:** The Council of Forest Industries, Northern Operations Forest Education Programme established the Phil Bodman Memorial Bursary in order to assist students experiencing need who have completed their first year of study in Natural Resources Management (Forestry) program. The COFI northern education region encompasses the area from Valemount to Hazelton and Quesnel to Fort Nelson.

Phil Bodman graduated from UBC Forestry in 1950 RPF 172. His first job upon graduating was with the BCFS mapping forestry lookout sites throughout BC. He was a consultant for Industrial Forestry Services in Prince George during the 60's and was often contracted to West Fraser Mills in Quesnel for their RPF work. They ultimately offered him a full time position in 1969 as their first and only RPF, later becoming their Chief Forester and Vice President of Woodlands. His ability, enthusiasm and forward thinking contributed greatly to West Fraser's growth – he totally enjoyed his job. Phil was a very active member with numerous forestry associations. Outdoor activities and his family were very important to Phil. He died in a helicopter crash in 1977 which also claimed the life of Sam Ketcham, President of West Fraser and the pilot.

**Donor:** Council of Forestry Industries, Northern Operations Forest Education Programme

**Value:** \$1,000

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to a full time undergraduate student with a declared major Natural Resources Management (Forestry) who has completed 30 credit hours.

**Criteria:** Demonstrated financial need and GPA standing of at least 2.5.

**Application Instructions:** Fill out the Financial Need section of the Awards Application form.

**Conditions:** No one may hold the Phil Bodman Memorial Bursary and the Sam Ketcham Memorial Scholarship at the same time.

**Effective Date:** Established 2007

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20080910.12**

**Revised Terms and Conditions — Sam Ketchum Memorial Scholarship**

That the revised Terms and Conditions for the Sam Ketchum Memorial Scholarship be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** In-course

**Award Name:** Sam Ketcham Memorial Scholarship

**Calendar Description/Intent:** The Council of Forest Industries, Northern Operations Forest Education Programme established the Sam Ketcham Memorial Scholarship in order to assist top performing students who have completed their first year of study in Natural Resources Management (Forestry) program. The COFI northern education region encompasses the area from Valemount to Hazelton and Quesnel to Fort Nelson. Samuel Kendall Ketcham (Sam) was born in Seattle, Washington in 1930 and grew up in the lumber business. He was the youngest of three sons born to Henry and Eugenia Ketcham. Sam attended Yale University and studied law at the University of Washington before becoming a partner in his father's Seattle based lumber brokerage firm, H.H. Ketcham Lumber. In 1955, Sam and his two brothers bought a small lumber planing mill in Quesnel, BC and Sam moved to Quesnel to run the business. During a career that spanned three decades, Sam was the driving force behind building West Fraser into one of the country's most well respected forest industry firms.

**Donor:** Council of Forestry Industries, Northern Operations Forest Education Programme

**Value:** \$1,000

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship

**Eligibility:** Available to a full time undergraduate student with a declared major in Natural Resources Management (Forestry) who has completed 30 credit hours. Preference will be given to a student who has not received this award previously.

**Criteria:** Academic excellence.

**Conditions:** No one may hold the Sam Ketcham Memorial Scholarship and the Phil Bodman Memorial Bursary at the same time. Students who have won this award may hold other awards up to a total value of \$5,000 in the same year.

**Effective Date:** Established 2007

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

### **SCSB20080910.13**

#### **Revised Terms and Conditions — Planning Institute of British Columbia Scholarship and Book Prize**

That the revised Terms and Conditions for the Planning Institute of British Columbia Scholarship and Book Prize be approved.

Effective date: September 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** In-course

**Award Name:** Planning Institute of British Columbia Scholarship & ~~Annual Book Prize~~

**Calendar Description/Intent:** The Planning Institute of British Columbia has been dedicated to the advancement of the planning profession of British Columbia and the Yukon since 1958. Members of the Planning Institute serve the interests of the public in providing full, clear and accurate information on public planning matters.

**Donor:** Planning Institute of British Columbia

**Value:** ~~\$1,000 Scholarship per annum, \$100 Annual Book Prize~~ \$3,000

**Number:** ~~1 One Scholarship & 1 (one) Prize~~

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship ~~and Prize~~

**Eligibility:** Available to a full time undergraduate student with a declared major in Environmental

Planning who has completed 90 credit hours and who is a Student member in good standing with the Planning Institute of British Columbia. Preference given to participation in one or more of the following planning related initiatives as defined by activities: in class projects; the UNBC Student Planners Association; or within the University Community and/or in the larger region served by UNBC.

**Criteria:** Academic excellence

**Conditions:** Students who have won other awards funded by the Planning Institute of British Columbia in the same year are ineligible to win this award.

**Note:** Successful applicants can not receive this award more than once.

**Application Instructions:** Fill out all sections of the Awards Application form and attach your Resume.

**Effective Date:** Established 2002

**Recipient Selection:** ~~Senate Committee on Scholarships and Bursaries on recommendation by the College of Science and Management,~~ in consultation with the Planning Institute of British Columbia.

#### **SCSB20080910.14**

#### **Revised Terms and Conditions — Van Adrichem Undergraduate Summer Research Bursary**

That the revised Terms and Conditions for the Van Adrichem Undergraduate Summer Research Bursary be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** In-course

**Award Name:** Van Adrichem Undergraduate Summer Research Bursary

**Calendar Description/Intent:** The intent of the van Adrichem Undergraduate Summer Research Bursary is to provide financial support to a third or fourth year undergraduate student pursuing summer research projects. Mr. van Adrichem believes that giving the students the opportunity to experience research at the undergraduate level will enhance their education and spark a lifetime interest in research, increasing the likelihood of continuing on with research at the graduate level. Michael van Adrichem was an active horticultural researcher in northern British Columbia. He spent fifteen years in the Prince George research branch of the Federal Department of Agriculture, where his main emphasis was on the winter ~~hardi-ness~~ hardiness of raspberries. This award, the first endowed undergraduate research bursary at UNBC will assist in the enhancement of knowledge about plant biological processes in the north.

**Donor:** Mr. and Mrs. Michael van Adrichem and Family

**Value:** ~~TBA~~ \$1,750

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to a full or part time undergraduate student who ~~is enrolled in third or fourth year in a program within the Faculty of Natural Resources and Environmental Studies~~ has completed 60 credit hours. Preference will be given to students doing applied research ~~with a focus on northern ecosystems and plants during the summer immediately following the granting of the award, or by demonstrating a strong case for alternative timing.~~

**Criteria:** ~~Academic proficiency with a minimum GPA of 3.00, financial need~~ Demonstrated financial need and overall GPA standing of 3.00 total.

**Note:** ~~Selection of the recipient will be made on the recommendation of the Faculty of Natural Resources and Environmental Studies, inclusive of the Chair of Biology and chaired by the Associate Vice President Research~~

**Application Instructions:** ~~Attach a copy of your research abstract to your application form and complete the financial need section of the form.~~ Fill out all sections of the Awards Application form and attach an abstract of your research. The deadline to apply is March 1 of the year in which the research is conducted.

**Effective Date:** Endowed 1994

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the Chair of Ecosystem Science and Management and verification by the UNBC Awards Office.

**SCSB20080910.15**

**Dissolution of Terms and Conditions — Van Adrichem Family Bursary**

That the dissolution of the Terms and Conditions for the Van Adrichem Family Bursary be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**~~van Adrichem Family Bursary~~**

~~The van Adrichem family came to Prince George in 1962. Their eight children graduated from O'Grady Catholic High School. Mr. van Adrichem has been actively involved in education for some 25 years.~~

~~Donor Mr. and Mrs. Michael van Adrichem and Family~~

~~Value \$500~~

~~Number One~~

~~Eligibility Available to a graduating high school student admitted to the Plant Biology Program at UNBC. If no suitable candidate from this program is identified, the award will be given to a declared Biology major.~~

~~Criteria Satisfactory academic standing and demonstrated financial need.~~

~~Endowed 1994~~

**SCSB20080910.19**

**Inclusion of EBUS Academy on the Approved List of Schools — UNBC Scholars Award**

CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

**3.1 Detailed Enrolment Report**

Dean Madak provided a report regarding enrolment, noting that enrolment was up 2.3% over the previous year. In response to a question, Dean Madak added that other universities had experienced similar growth, but not all of them to the extent that UNBC had. The Chair of Senate thanked Dean Madak for his report.

**3.2 Report on International Recruitment and Retention**

Ms. C. Russell attended the Senate meeting and provided an overview of this report. Dr. Jago indicated that, in reversing the decision made by the UNBC budget cabinet last year, to locate International Studies

---

with Continuing Studies, there was strong feeling that International Studies should be integrated into the main service areas of the University as opposed to being set up as a separate business. Ms. Russell was asked how the targets of 10 – 15% international students were arrived at, and she replied that the Canadian Education Centre had laid out guidelines for institutions to follow for general international enrolment targets. She added that UNBC had not yet met these targets, and that our enrolment numbers were currently around 5%.

A Senator expressed his pleasure with the report, adding that he hoped Senate would continue to receive reports of this quality, and asked if this report could be made available on the UNBC website. Dr. Jago responded that the report was public, and the most appropriate location for the report to be posted was on the Student Success web page. He concluded with the sentiment that it should be routine for documents of this nature to come to Senate, and that once reports are tabled in Senate, they become public documents.

Ms. Russell was asked, with regard to the proposed budget outlined in the report, whether UNBC hit its enrolment targets this year. Ms. Russell responded that the undergraduate student enrolments had dropped slightly this year, which may have been influenced by the fact that there were a number of vacant staff positions in the International Studies area, which are key to enrolment. When asked whether these positions had now been filled, Ms. Russell replied that the Admissions position was posted within the past few days and would hopefully be filled soon.

#### **4.0 President's Report**

**Jago**

##### **4.1 Budget Guidelines, 2009-2010**

Dr. Jago provided Senators with a presentation regarding the budget guidelines for the 2009-2010 fiscal year. He indicated that a balanced budget was projected to the end of this fiscal year, with no need to embark on mid-year cost reductions, although the budget was tight. He also identified the financial challenges UNBC has faced in the past year and will continue to face. One of the challenges noted by the Chair was the 2.6% reduction to the base budget in March of the previous fiscal year, which resulted in a shortfall of approximately \$1 million. Because the reduction was to the university's base budget, it is reflected in the revenue projections for future years. Another challenge identified by Dr. Jago was the collapse of the stock market, which he indicated has hit the endowment funds, which in turn affects the flow of funds to scholarships and bursaries, as well as Research Chairs. He noted a detailed report in this regard would be received within the next few days, which would need to be assessed. He also noted that the economic downturn could affect future government funding. However, for the purposes of the 2009/10 budget, the university was relying on the Ministry's projections of future government funding. The President was of the opinion that funding from the federal government would also remain static.

Dr. Jago indicated that the budget reductions of the past few years had affected at least some Programs, and he was sensitive to the fact that many operational areas are vulnerable to further cuts. The assumptions built into the budget are FTE growth of 2%, consistent with what has been obtained this year, as well as a tuition fee increase allowance of 2%. Dr. Jago noted that salary increases are built into the budget, that the aim is to maintain the current level of operations, and that units will be advised to work within their current budgets. The President also noted that negative earnings from the endowment fund might require some redirection of funds from the operating budget to support scholarships and research chairs. With regard to the Strategic Investment Fund, Dr. Jago advised that the plan was to maintain this initiative in principle, at the rate of \$500,000, \$330,000 of which has already been committed. He added that consideration would need to be given to the "rules of engagement" for the fund, but that he feels it is an important initiative worth retaining. It is also intended, Dr. Jago stated, that the capital equipment replacement fund be retained at \$800,000, noting that the needs in this regard are greater than the amount available. With regard to the maintenance of operations at their current level, Dr. Jago indicated that minor capital funding would be maintained at the current level. He also noted that the residence subsidy would likely be increased by \$50,000 to \$250,000.

The President reiterated that the aim for the coming fiscal year is to maintain stability. With regard to revenue, Dr. Jago noted that two potential fee increases are being considered, which he expected to be controversial. First, consideration is being given to increasing residence fees, but any additional funding that resulted would be invested to improve the quality of the residences, including the installation of wireless networks. Second, an increase to parking fees is being contemplated. Dr. Jago added that

increased parking rates are being considered partly because it is currently cheaper to drive to UNBC than to use alternate modes of transportation. The Green University Committee had also raised this concern. If parking fees are raised, additional revenues obtained would be directed into the green fund to assist with achieving the goals established by the Green University Committee. Finally, with regard to revenues, Dr. Jago mentioned that the Research University Council was lobbying the provincial government for reinstatement of the funds that were lost earlier this year.

In relation to the budget process, the President reported that the plan is to revert somewhat to the process that had been used prior to the past few years. It was noted that President's Executive Council (PEC) would take the lead in developing and finalizing the budget, but that additional individuals would be invited to meet with PEC to provide input regarding the budget. This expanded group would meet at least three times before the end of March. Dr. Jago added that he would keep President's Council involved in the process. He also indicated that he had met with the Senate Committee on the University Budget. The President noted that he had ensured the committee that they would receive the budget information they required in January, and that in early March they would be provided with the opportunity to advise the President and PEC of their recommendations regarding budgetary issues. He noted that, since the guidelines had been shared with Senate, they were now public and would be posted on the budget area of the UNBC website.

#### 4.2 Other matters

Dr. Jago reported that the dates for the workshop involving the Board of Governors and Senate are the evening of Friday, January 23 and during the day on Saturday, January 24. The focus of the workshop will be university governance, including the respective roles of the Senate and the Board, as well as identification of areas of overlap between the two bodies. Dr. Jago suggested that shared areas of interest and concern be identified and targeted for discussion on how the two governance bodies might work together in addressing them. He added that he had considered the notion of striking a senate committee to provide advice on the workshop and possible foci, but for now asked that Senators send their ideas to him. Dr. Jago advised Senators that at the December meeting he would provide a fuller account of what might be discussed at the workshop.

The President indicated that he was delighted at the recent #2 ranking of UNBC in Maclean's magazine. He added that he was struck by the complementarity of the ratings UNBC had received recently, results which were reported in Maclean's magazine, the Globe and Mail, and the National Post. The President noted that he was preparing summaries of the reports to provide to the Board of Governors, and would be willing to include them in the Senate package. He suggested that the Provost bring the reports to the joint Senate and Board workshop and report on what he views as positive aspects identified in the reports, as well as areas that could use improvement. In this way, the discussion may bring the Senate and the Board together on identifying, and conversing about, the possible strengths to be built upon and weaknesses to be addressed. A student Senator suggested that, since student Senator terms of office are only one year in length, the workshop be designed in such a way as to be offered every year. Dr. Jago responded that a workshop of this nature had not been offered since 1994, so the upcoming workshop would be somewhat of an experiment. He thus suggested that the question of whether the workshop should be offered on a yearly basis be discussed at the end of the workshop.

<b>Action:</b>	Dr. Jago to provide Senate with summaries of the recent reports in which UNBC was ranked against other universities.
----------------	--

#### 5.0 Report of the Provost

Dale

##### 5.1 Completion of the Planning Phase of the Academic Visioning Initiative

Dr. Dale indicated that, with regard to the closure of the Academic Visioning Initiative (AVI) planning phase, discussion of which had begun at the previous Senate meeting, he had a verbal motion to put to Senate. Dr. Dale read the motion, moved the motion, and then asked for a seconder for the motion.

**Motion:**

Dale / Michalos

That, on the recommendation of the Special Senate AVI Steering Committee:

- 1) the Special Senate AVI Steering Committee be dissolved;
- 2) the recommendations outlined in the final reports of the Academic Alignment Working Group and the Pedagogy Working Group be carried on, with the input of Senate

Dr. Jago advised Senators that, because the motion was not included in the meeting package, it would be appropriate if Senators wished to defer this item to the next meeting of Senate. A Senator asked whether the dissolution of the Academic Alignment Working Group (AAWG) was included in the motion. The Provost replied that it was not, as both working groups had submitted final reports to Senate, so could be considered dissolved. In response, the Senator noted that the second recommendation in the recommendations adopted by Senate in June, 2008, from the final report of the AAWG, established that the group be continued as a Senate-appointed committee. He felt this required addressing. Dr. Jago suggested that it should be made clear in the motion that one of the implications of dissolving the AVI Steering Committee would be to reject recommendation 2 of the AAWG, and given the confusion created by the current motion, indicated it would be appropriate to table the motion.

**Motion to postpone:**

Hyndman / Tasa

That the motion to dissolve the AVI Steering Committee be postponed to the next meeting of Senate.  
CARRIED.

## 6.0 Question Period

A Senator asked what movement the University was making to demonstrate that it was Canada's Green University. Dr. Jago thanked the Senator for this question, and indicated that the Provost was the chair of the Green University Committee, which had been looking into the appointment of two people to examine energy conservation and sustainability. He indicated that, essentially, there was a lot happening behind the scenes that hadn't yet come to fruition. Dr. Dale noted that he was sympathetic to this comment, and was concerned that we weren't included in the Globe and Mail publication regarding green universities, and had questioned whether it was the result of a lack of publicity or promotion. Dr. Jago concluded with the statement that UNBC has established the claim that it is Canada's Green University, and must live up to it. Dr. Jago recommended that a report from the Green University Committee be presented at the Senate meeting in December or January.

<b>Action:</b> Dr. Dale to arrange for a report from the Green University Committee to be provided at the Senate meeting in December or January.
--

A Senator reminded Senators that a motion had been passed by Senate to replace the breadth requirement in time for publication in the 2009-2010 calendar, a deadline which would not be met. He suggested that some sort of action needed to be taken. Dr. Dale responded that some confusion seemed to have existed over the difference between course-based breadth requirements and the change to learning outcomes that had been proposed. He added that the issue of breadth had been discussed at the last meeting of the Senate Committee on Academic Policy and Planning (SCAPP), and the committee would be recommending to Senate that the timeline for the conversion to the new breadth requirement be removed. The Senator who had raised the concern responded that this motion had resulted in unintended consequences, as students weren't currently required to meet any breadth requirements, and asked how this could be addressed. Dr. Dale replied that a policy vacuum had been created by the process of changing the breadth requirement. He added that students should be advised to continue to meet a form of breadth, but that he didn't think there was much that could be done about this issue now. Dr. Dale was asked if something would be coming from SCAPP to Senate, and he replied that Senate should expect a motion from SCAPP regarding the breadth requirement at the December meeting of Senate. The question was raised as to whether the plan was still to provide Chairs with assistance in ensuring that their programs meet the new requirements for breadth, and Dr. Dale responded that it was. Dr. Owen, Director of the Centre for Teaching, Learning and Technology indicated that the AVI Pedagogy Working Group had been reconstituted in a different form and would be assisting with this process.

## 7.0 Committee Reports

It was proposed that motions S-200811.03 to S-200811.05 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200811.03**

**Revision to Program Requirements — Environmental Engineering (BASc Program)**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the calendar entry for Environmental Engineering (BASc Program) be modified as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Environmental Engineering (BASc Program)

Kerry Reimer, Associate Professor and Program Chair

Joselito Arocena, Professor, and Canada Research Chair, Soil and Environmental Sciences

Ron Thring, Professor and Co-Director

Jueyi Sui, Associate Professor and Co-Director

Philip Owens, Associate Professor and Endowed Chair Landscape Ecology

Peter Jackson, Professor

Michael Rutherford, Associate Professor

Youmin Tang, Associate Professor, and Canada Research Chair, Climate Prediction and Predictability

Stephen Dery, Assistant Professor, and Canada Research Chair, Northern Hydrometeorology

Steve Helle, Assistant Professor

Jianbing Li, ~~Associate Professor~~ Associate Professor

**Website:** <http://www.unbc.ca/engineering>

Engineers serve society across a wide range of economic sectors, and an increased number of engineering graduates are needed by the province to assure its economic growth and maintain its high quality of life. ~~As one aspect of this~~ Therefore, future development decisions in most major sectors of the British Columbia economy must fully integrate environmental and economic factors. Problems in water, air and soil pollution control and remediation, solid waste management, mine waste disposal, and geo-environmental engineering require highly skilled engineers with a solid background in environmental engineering, strong communication skills and the ability to work across disciplines. The program prepares graduates for a wide range of employment opportunities where the technical expertise and ~~problem solving~~ problem-solving skills of engineers are needed in conjunction with a strong awareness and understanding of environmental issues and problems. This is the case most particularly for resource industries (e.g. forestry, fisheries, mining, oil and gas, pulp and paper, and the agri-food industry); various government departments

and research organizations; and in environmental engineering consulting companies. It is also anticipated that graduates will work in the new environmental economy – areas related to environmental reclamation, remediation and restoration.

The Environmental Engineering Bachelor of Applied Science program is a 4.5 year (nine semester) joint degree between the University of British Columbia and the University of Northern British Columbia. The program is based on a unique collaboration between UNBC and UBC that capitalizes on the strength of UNBC in Environmental Science and the strength of UBC in Engineering. It incorporates complementary elements and expertise from each institution while maintaining the exposure of students to the distinctive character of both institutions. The program starts with a two-year foundation in mathematics, basic and environmental sciences from UNBC. In the third and fourth years, the program provides a thorough education and training in engineering fundamentals, engineering analysis and engineering design, largely through courses in Civil Engineering and Chemical and Biological Engineering at the University of British Columbia. The final term at UNBC exposes students to practical environmental engineering problems.

The Environmental Engineering program is accredited by the Canadian Engineering Accreditation Board of ~~the Canadian Council of Professional Engineers Canada~~.

### **Admission Requirements**

Admission to the program is limited and is based on academic qualifications and available space. Priority admission will be given to students who meet admission criteria and apply by the deadline of **March 1**.

Applicants from BC and Yukon secondary schools must:

- Meet UNBC admission requirements, and
- Have an average of at least 75% based on the following four courses: Principles of Math 12, English 12 and two provincially examinable Science 12 courses. In addition, applicants must have successfully completed Chemistry 11 ~~and either Biology 11 or Biology 12~~ in order to meet course prerequisites in the Program. Physics 12 or an equivalent is strongly recommended, as it is a prerequisite for first-year Physics courses in the program. Students who are admitted without the Physics 12 prerequisite may be delayed in their studies as they may not be able to complete the first four semesters of the program in the normal two year time period. Meeting the minimum GPA does not guarantee admission. Under exceptional circumstances the prerequisites may be waived.

Other applicants must demonstrate that they possess qualifications at least equivalent to the BC and Yukon requirement.

### **Regulations**

Unless otherwise specified, the rules and regulations will be those applicable at the institution (UBC or UNBC) at which the students are attending at the time the rules/regulations need to be applied. In the case where the rules and regulations are needed to cover the program as a whole, or where the institution of attendance is not relevant, then the more stringent rules/regulations will be applied. Any academic appeals will be handled using the procedures at the institution where the rules/regulations need to be applied.

### **Residency**

The minimum residency requirement is 90 credits. These may be fulfilled through a combination of courses taken at UNBC and UBC, provided that at least 30 credits are completed at each of the two institutions.

### **Progression**

Progression between years and institutions requires good academic standing in the program at the most recent institution of residence (UNBC or UBC). At UNBC this means a GPA of at least 2.00 or 63%. At UBC this means an average of at least 55%, and passing grades in at least 65% of the credits taken.

### **Graduation**

It is the responsibility of the student to ensure that his/her degree requirements are met. Students must have a CGPA of at least 2.00 (63%) over all courses at both institutions to graduate. The diploma will carry crests from both granting institutions (UNBC and UBC).

### **Transfers**

Transfers into the program are allowed provided that the prerequisite courses or articulated courses are completed, and space is available in the program. Acceptance of transfers into the program will be based upon GPA, with priority given to those with the highest GPA. Regardless of the articulated courses transferred, students must satisfy the residency requirement (see above).

### **Co-operative Education**

Co-operative education, available through UBC Engineering Co-op. is an optional but strongly recommended element of the Environmental Engineering program.

### **Program Requirements**

UNBC requirements:	<del>91</del> <u>90</u> credit hours
UBC degree	<del>70</del> <u>71</u> credit hours

requirements:

**Total credits for degree: 161 credit hours**

**Semester 1 and 2 completed at UNBC**

BIOL 101-4	Introduction to Biology I
BIOL 102-4	Introduction to Biology II
CHEM 100-3	General Chemistry I
CHEM 101-3	General Chemistry II
CHEM 120-1	General Chemistry Lab I
CHEM 121-1	General Chemistry Lab II
CPSC 110-3	Introduction to Computer Systems and Programming
ENSC 100-1	Introduction to Engineering Seminar
<u>ENSC 150-3</u>	<u>Fundamentals of Environmental Engineering</u>
<u>ENSC 151-1</u>	<u>Engineering Tools</u>
MATH 100-3	Calculus I
MATH 101-3	Calculus II
NRES 100-3	Communications in NRES
PHYS 110-4	Introductory Physics I: Mechanics
PHYS 111-4	Introductory Physics II: Waves and Electricity
CORE 101-3	Humanities
or CORE 103-3	Social Sciences or three credit hours of Humanities and Social Science courses. Humanities and Social Science courses may be selected from among the areas that are considered Humanities and Social Science for purposes of the BA (General). POLS 100-3 Contemporary Political Issues is recommended in meeting this requirement as it is a prerequisite for ENPL 401-3 in semester 9 of the program.

**Semester 3 and 4 completed at UNBC**

<u>BIOL 110-3</u>	<u>Introductory Ecology</u>
CHEM 200-3	Physical Chemistry I
CHEM 220-3	Organic and Biochemistry
<del>ENSC 200-3</del>	<del>Fundamentals of Environmental Engineering</del>
ENSC 201-3	Introduction to Atmospheric Science
<del>ENSC 202-3</del>	<del>Introduction to Aquatic Systems</del>
<u>ENSC 210-3</u>	<u>Material and Energy Balances</u>
ENSC 350-3	Fluid Mechanics
<u>ENSC 451-3</u>	<u>Groundwater Hydrology</u>
<del>FSTY 205-3</del>	<del>Introduction to Soil Science</del>
<u>GEOG 210-3</u>	<u>Geomorphology</u>
MATH 200-3	Calculus III
MATH 220-3	Linear Algebra
MATH 230-3	Linear Differential Equations and Boundary Value Problems
MATH 371-3	Probability and Statistics for Scientists and Engineers

**Semester 5 and 6 completed at UBC**

Note: Course lists for Semesters 5 through 8 completed at UBC are provided for information only. Please refer to the UBC calendar for official requirements.

<del>CHBE 241-3</del>	<del>Material and Energy Balances</del>
CHBE 242-3	Chemical and Biological Process Technology
CHBE 364-2	Environmental Engineering Laboratory
CHBE 373-3	Water Pollution Control
CHBE 484-3	Green Engineering Principles and Applications for Process Industries
<u>CHBE 485-3</u>	<u>Air Pollution Prevention and Control</u>
CIVL 200-3	Engineering and Sustainable Development
CIVL 210-4	Soil Mechanics I

CIVL 315-4	Fluid Mechanics II
CIVL 316-4	Hydrology and Open Channel Flow
MINE 391-3	Mining and the Environment
<u>EOSC 429-3</u>	<u>Groundwater Contamination</u>

~~Three credit hours of technical elective chosen from a constrained list.~~

### **Semester 7 and 8 completed at UBC**

CHBE 346-3	Chemical and Biological Engineering Thermodynamics
CHBE 351-3	Transport Phenomena II
CHBE 459-3	Chemical and Biological Engineering Economics
<del>CHBE 485-3</del>	<del>Air Pollution Prevention and Control</del>
<u>CIVL 311-4</u>	<u>Soil Mechanics II</u>
CIVL 402-2	Engineering Law and Contracts in Civil Engineering
CIVL 408-3	Geoenvironmental Engineering
CIVL 416-3	Environmental Hydraulics
CIVL 418-3	Engineering Hydrology

Three credit hours of design elective chosen from a list of ~~design oriented~~ design-oriented courses.

Nine credit hours of technical electives chosen from a constrained list.

### **Semester 9 completed at UNBC**

ENPL 401-3	Environmental Law
ENSC 417-6	Designing Solutions in Environmental Engineering
ENSC 418-3	Environmental Measurement and Analysis

Three credit hours of Social Science or Humanities elective.

Three credit hours of elective.

### **Technical electives available at UNBC for the UBC portion of the curriculum in the UBC/UNBC Joint Environmental Engineering Program**

The following UNBC courses may be used to meet a Technical Elective requirement in the UBC portion of the Joint UBC/UNBC Environmental Engineering BAsc. program. Normally, no more than one course from the list may be used. To qualify towards UBC technical elective requirements, the technical elective must be taken prior to transition to UBC.

### **Technical Electives at UNBC**

ENSC 404-3	Waste Management
ENSC 406-3	Environmental Modelling
ENSC 408-3	Storms
ENSC 425-3	Global Change Science
<del>ENSC 451-3</del>	<del>Groundwater Hydrology</del>
ENSC 452-3	Reclamation and Remediation of Disturbed Environments
ENSC 453-3	Environmental Resources Management and Decision Making
FSTY 455-3	Biogeochemical Processes in Soil Systems
NREM 410-3	Watershed Management

**S-200811.04**

**New Course Approval — ENSC 151-1**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENSC 151-1 Engineering Tools be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides an introduction to engineering problem solving using common software tools, including spreadsheets, CAD, and GIS software. Case studies provide relevance and serve to bind together many of the topics covered in the course.

Preclusions: ENSC 200-3

**S-200811.05**

**New Course Approval — ENSC 210-3**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENSC 210-3 Material and Energy Balances be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides an introduction to the analysis of environmental engineering processes using the laws of conservation of mass and energy. Material and energy balances are applied to open and closed systems, non-reacting and reacting systems, and non-steady state systems.

Prerequisites: Admission to the Environmental Engineering Program

Co-requisites: CHEM 200, MATH 200

**To Senate for Information:**

The following items were presented to Senate for information. Senators were invited to pose any questions they might have regarding the motions.

**SCAPP200810.05**

**Change to Course Number and Calendar Course Description — ENSC 200-3**

That the changes to the course number and calendar course description for ENSC 200-3 Fundamentals of Environmental Engineering be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 200-3 ENSC 150-3 **Fundamentals of Environmental Engineering****

~~This course introduces Environmental Engineering~~ is introduced through the application of engineering problem-solving methods by introducing principles, applications, and design concepts to contemporary environmental concerns. Topics include physical, chemical, and biological fundamentals; water, soil and air pertinent to water quality and pollution; drinking water and waste water treatment; solid and hazardous waste management; and air pollution and control. Additionally, the course includes some fundamental engineering concepts, such as the centroid of a body and composite bodies, moments, and Mohr's circle. Lab sessions include an introduction to computer-based engineering analysis and design tools such as spreadsheets, CAD and GIS. A tour of a wastewater treatment plant or another similar facility provides context for the lecture material.

~~Prerequisites: 30 credit hours and admission to the Environmental Engineering program~~

~~Co-requisites: MATH 100-3 and MATH 101-3, or MATH 152-3, and CHEM 101-3~~

~~Precluded: ENSC 200-3~~

**SCAPP200810.09**

**Change to Calendar Course Description and Co-requisites — ENSC 417-6**

That the changes to the calendar course description and co-requisites for ENSC 417-6 Designing Solutions in Environmental Engineering be approved as proposed.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 417-6 Designing Solutions in Environmental Engineering** In this project-oriented course, students ~~will~~ apply concepts and principles from Environmental Science and fundamentals from Engineering to design ~~E~~engineering solutions to ~~E~~environmental problems. The course may include group projects and working with an industry in north/central BC, ~~and cooperative work with students in ENSC 418-3 and ENPL 419-3.~~

~~Prerequisites: completion of 90 credit hours in an Engineering Program.~~

~~Co-requisites: ENSC 418-3/ENVS 418-3. The students will take the courses concurrently and use ENSC 417-6 to develop a mitigation strategy/design.~~

**SCAPP200810.10**

**Change to Calendar Course Description and Prerequisites — ENSC 451-3**

That the changes to the calendar course description and prerequisites for ENSC 451-3 Groundwater Hydrology be approved as proposed.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 451-3 Groundwater Hydrology** This course introduces fundamental principles of groundwater flow ~~and subsurface contaminant transport~~, and their application to solve problems related to groundwater resources evaluation, development, and management. Topics include the role of groundwater in geological processes, the occurrence and movement of groundwater, steady-state and transient well hydraulics, aquifer testing techniques, ~~sire characterization~~, unsaturated flow theory, groundwater quality and contamination, ~~contaminant transport simulation~~, ~~petroleum hydrocarbon transport and remediation systems~~, and groundwater modeling techniques. Supporting computer software may be used.

Prerequisites: ~~ENSC 202 or ENSC 350 or GEOG 310~~ MATH 100-3 and MATH 101-3, or MATH 152-3, or permission of the instructor.

**SCAPP200810.11**

**Change to Prerequisites, Co-Requisites and Calendar Course Description — FSTY 408-3**

That the prerequisites and co-requisites be changed for FSTY 408-3 Forest Practices & Management to reflect the revised requirements for Forestry majors, and that the calendar course description be changed as proposed.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**FSTY 408-3 Forest Practices & Management** Principles and operational practices for the management of forest land including forest estate planning, harvest scheduling, and legislative requirements.

*Prerequisites:* FSTY 302-3 minimum of 90 credit hours

*Co-requisites:* ~~FSTY 405-3~~

**7.2 Senate Committee on Research and Graduate Studies**

**Fondahl**

It was proposed that motions S-200811.06 and S-200811.07 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200811.06**

**New Course Approval — NRES 773-3**

Fondahl / Casperson

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course NRES 773-3 Advanced Qualitative Research Methodology be approved as proposed.

Effective date: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This seminar course explores methodological approaches to, and theoretical frameworks of, qualitative research. Emphasis is given to exploring key concepts of validity, rigour, reliability, subjectivity/objectivity, and ethics of concern to qualitative researchers. The course surveys various frameworks including indigenous, feminist, and critical methodologies, among others, to understand their assumptions and approaches to fieldwork including interviewing, survey work, field notes, writing results, and reciprocity. This course explores how to translate abstract concepts such as place, space, scale, region, and mobility into viable field methods.

**S-200811.07**

**New Course Approval — NRES 774-3**

Fondahl / Casperson

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course NRES 774-3 Dimensions of Outdoor Recreation and Nature-Based Tourism be approved as proposed.

Effective date: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course integrates ecological and social science approaches to the study of outdoor recreation, nature-based tourism and protected areas. The course emphasizes the latest quantitative and qualitative theoretical research and its applicability to recreation and tourism and draws upon examples from British Columbia, Canada and the world.

**Prerequisites:** Permission of the Instructor

**To Senate for Information:**

The following items were presented to Senate for information. Senators were invited to pose any questions they might have regarding the motions.

**SCRG200810.08**

**Change to Calendar Course Description — ENSC 651-3**

That the changes to the calendar course description for ENSC 651-3 Groundwater Hydrology be approved as proposed.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 651-3 Groundwater Hydrology** This course introduces fundamental principles of groundwater flow ~~and subsurface contaminant transport~~, and their applications to solve problems related to groundwater resources evaluation, development, and management. Topics include the role of groundwater in geological processes, the occurrence and movement of groundwater, steady-state and transient well hydraulics, aquifer testing techniques, site characterization, unsaturated flow theory, groundwater quality and contamination, contaminant transport simulation, petroleum hydrocarbon transport and remediation systems, and groundwater modeling techniques. Supporting computer software may be used.

**7.3 Senate Committee on Scholarships and Bursaries**

**Madak**

**S-200811.08**

**Revised Administrative Policies — Undergraduate Admissions Awards**

Madak / McGill

That, on the recommendation of the Senate Committee on Scholarships and Bursaries, the revisions to the Administrative policies for undergraduate admissions awards be approved as proposed.

Effective date: October 2008

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**3. Administrative Policies**

Unless otherwise stated these policies apply to the criteria listed on subsequent pages.

**Admission Awards**

Admission awards are open to students commencing an undergraduate degree program at the University of Northern British Columbia for the first time. ~~To be considered for awards adjudicated on the basis of criteria such as leadership skills and community service, it is recommended that students submit a résumé or curriculum vitae along with a completed Application for Awards to the Awards and Financial Aid office.~~

New students will be evaluated on their admission average as calculated by the Office of the Registrar. Students who have prior post-secondary experience will be evaluated on the grade point average of their transferable courses as calculated by the Office of the Registrar.

A limited number of admission awards are based solely on academic standing, and may be provisionally offered to new students at the time of admission to the University, based on self-reported grades and/or transfer GPA. Students who wish to be considered for these awards are strongly advised to apply for admission to the University as early as possible.

Other admission awards require application. To be considered for these awards, students are advised to submit an awards application by the March 1 deadline.

To be considered for awards adjudicated on the basis of criteria such as leadership skills and community service, it is recommended that students submit a résumé or curriculum vitae along with a completed Application for Awards to the Awards and Financial Aid office.

**To Senate for Information:**

The following items were presented to Senate for information. Senators were invited to pose any questions they might have regarding the motions.

**SCSB20081008.03**

**Revised Terms and Conditions — David Hoy Memorial Annual Scholarships**

That the revised Terms and Conditions for the David Hoy Memorial Annual Scholarships be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** Open

**Award Name:** David Hoy Memorial Annual Scholarship

**Calendar Description/Intent:** David Hoy began his career as a logger in the Fort St James area when at the age of twenty he started his operations under the company name, Tsayta Contracting Ltd. From there the number of companies has grown to sixteen or more. He was a very dynamic individual who was far ahead of his years. He died in a crash on August 5, 1998 while flying his helicopter and cruising timber in the Fort St James area. He leaves behind three children, two sons and one daughter. His two sons Ben and Andrew have completed their degrees at the University of British Columbia as Registered Professional Foresters and are now running their Dad's main logging company, K & D Logging Ltd. under the KDL Group Logo. ~~His two sons are currently studying to be Registered Professional Foresters and they will likely follow their Dad's footsteps.~~ The companies David was involved with along with his two partners, Ken Rasmussen and Keith Playfair, employed the largest number of individuals in the area except for the mills. David was an excellent businessman with a big heart who helped almost everyone he touched in some manner or other. He was highly respected by his business associates and loved very much by his family.

**Donor:** The staff at Deloitte & Touche LLP, Chartered Accountants

**Value:** \$1,000

**Number:** One

**Placement in which Calendar:** Undergraduate and Graduate

**Award Type:** Scholarship

**Eligibility:** Available to a full time undergraduate or graduate student. First preference will be given to a student from the Fort St. James area enrolled in the Forestry Program. Second preference will be given to any student enrolled in the Forestry Program who has indicated he/she will continue to pursue his/her studies to become a Registered Professional Forester.

**Criteria:** Academic proficiency.

**Conditions:** In the event that there are no applicants from the Fort St. James area, the award should be given, at the discretion of the University of Northern British Columbia, to a student who is from an outlying community et. Vanderhoof, Fort Fraser, Fraser Lake or Burns Lake.

**Note:** Student eligible to receive award more than once, subject to maintaining the eligibility and criteria academic standing for this award.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a letter outlining your career goals.

**Effective Date:** Established 2000

**Recipient Selection:** Awards Officer/Committee-Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20081008.04**

**Revised Terms and Conditions — David Hoy Memorial Endowed Scholarships**

That the revised Terms and Conditions for the David Hoy Memorial Endowed Scholarships be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** Open

**Award Name:** David Hoy Memorial Endowed Scholarship Fund

**Calendar Description/Intent:** David Hoy began his career as a logger in the Fort St James area when at the age of twenty he started his operations under the company name, Tsayta Contracting Ltd. From there the number of companies has grown to sixteen or more. He was a very dynamic individual who was far ahead of his years. He died in a crash on August 5, 1998 while flying his helicopter and cruising timber in the Fort St James area. He leaves behind three children, two sons and one daughter. His two sons Ben and Andrew have completed their degrees at the University of British Columbia as Registered Professional Foresters and are now running their Dad's main logging company, K & D Logging Ltd. under the KDL Group Logo. ~~His two sons are currently studying to be Registered Professional Foresters and they will likely follow their Dad's footsteps.~~ The companies David was involved with along with his two partners, Ken Rasmussen and Keith Playfair, employed the largest number of individuals in the area except for the mills. David was an excellent businessman with a big heart who helped almost everyone he touched in some manner or other. He was highly respected by his business associates and loved very much by his family.

**Donor:** Mrs. Lori Hoy

**Value:** \$1,000

**Number:** Two

**Placement in which Calendar:** Undergraduate and Graduate

**Award Type:** Scholarship

**Eligibility:** Available to a full time undergraduate or graduate student. One of the scholarships must be given to a student from the Fort St. James area and enrolled in the Forestry Program. The second recipient must be any student enrolled in the Forestry Program who has indicated he/she will continue to pursue his/her studies to become a Registered Professional Forester.

**Criteria:** Satisfactory academic standing.

**Conditions:** In the event that there are no applicants from the Fort St. James area, the award should be given, at the discretion of the University of Northern British Columbia, to a student who is from an outlying community et. Vanderhoof, Fort Fraser, Fraser Lake or Burns Lake.

**Note:** Student eligible to receive award more than once, subject to maintaining the eligibility and criteria academic standing for this award.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a letter outlining your career goals.

**Effective Date:** Endowed 2000

**Recipient Selection:** ~~Awards Officer/Committee~~ Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20081008.06**

**Revised Terms and Conditions — UNBC Leadership Awards**

That the revised Terms and Conditions for the UNBC Leadership Awards be approved.

Effective date: October 2008

A Senator suggested that the purpose of this award, to reward “those students who have made an effort to balance their academics with leadership activities,” appeared to be somewhat at odds with the effect of the proposed motion, lowering the academic criteria. She indicated that, although she was not opposed to lowering the requirement from “Academic Proficiency” (B- average) to “Satisfactory Academic Standing” (normally a minimum C average), a C average didn’t, in her opinion, demonstrate a balance between academics and leadership activities. She suggested the wording in the preamble of the award be revised to reflect an emphasis on leadership. Dr. Jago thanked the Senator for her comments, and asked Dean Madak, Chair of the Senate Committee on Scholarships and Bursaries, to refer these comments to that committee for consideration.

**Action:** P. Madak to bring the matter expressed regarding the UNBC Leadership Awards to the Senate Committee on Scholarships and Bursaries.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**UNBC Leadership Awards**

As one of MacLean's magazine's 'Leaders of Tomorrow', UNBC is committed to rewarding those students who have made an effort to balance their academics with leadership activities-both within their school and their community.

**Value** \$2,000

**Number** Twenty

**Eligibility** Available to full-time students entering UNBC directly from high school.

**Criteria** ~~Academic proficiency and~~ Demonstrated leadership/involvement and satisfactory academic standing

**Application Instructions** Complete the UNBC Leadership Awards application form and attach the required documentation.

**Note** The deadline to apply for these awards is December 15 each year.

**Established** 2003

**SCSB20081008.05**

**Dissolution of Terms and Conditions — FMC of Canada Limited Environmental Engineering Scholarship**

That the dissolution of the Terms and Conditions for the FMC of Canada Limited Environmental Engineering Scholarship be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CALENDAR INFORMATION:**

**Award Category:** ~~Admission~~

**Award Name:** ~~FMC of Canada Limited Environmental Engineering Scholarship~~

**Calendar Description/Intent:** ~~As a worldwide company with stake holdings in northern British Columbia, FMC wishes to ensure a strong northern employee base, and to protect the environment. At FMC, people across operations work together in teams. Their shared perspectives spark innovation, identify opportunities, and generate exciting new products.~~

**Donor:** ~~FMC of Canada Limited Peroxygen Chemicals Division~~

**Value:** ~~\$2,000~~

**Number:** ~~One~~

**Placement in which Calendar:** ~~Undergraduate~~

**Award Type:** ~~Scholarship~~

**Eligibility:** ~~Available to a full time first year student who is entering the his/her first year of the Environmental Engineering program. Preference will be given to a resident of northern British Columbia.~~

**Criteria:** ~~Academic excellence.~~

**Effective Date:** ~~Established 2003~~

**Recipient Selection:** ~~Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.~~

**SCSB20081008.09**

**Awarding of 2009/2010 Merit-Based Entrance Awards**

That the 2009/2010 merit-based entrance awards be offered as proposed.

Effective date: October 2008

**To Senate for Information:****SCAA200810.04**

That the 2007-2008 Annual Report (September 1, 2007 to August 31, 2008) from the Senate Committee on Academic Appeals be approved as proposed, and forwarded to Senate for information.

Effective date: October 3, 2008

## 7.5 Senate Committee on Nominations

Reid

**S-200811.09****Membership Changes to Senate and/or Senate Committees (no material)**

Thomson / Donker

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate and/or Senate committees as indicated, be approved as proposed.

As there were no further nominations from the floor, the motion was CARRIED and the candidates were declared appointed.

**Senate Committee on Regional Policy and Inter-Institutional Relations**

Regional Student (until March 31, 2009)

Kim Howcroft

**Senate Committee on Academic Policy and Planning**

Faculty Member, CASHS (until March 31, 2010)

Nicholas Tyras

**Senate Committee on First Nations and Aboriginal Peoples**

Faculty Member, CSAM (until March 31, 2009)

Kevin Keen

**Senate Committee on Scholarships and Bursaries**

Faculty Senator, CASHS (until March 31, 2011)

Student Senator (until March 31, 2009)

Colin Chasteauneuf  
Joseph Jeffery**Senate Committee on the University Budget**

Faculty Senator, CASHS (until March 31, 2011)

Boris DeWiel

## 8.0 Other Business

## 8.1 Report of the Registrar (no material)

Kerr

The Registrar had nothing to report.

## 9.0 Information (no material)

There were no items for information.

10.0 **S-200811.10****Move to In Camera Session**

Hyndman / Donker

That the meeting move In Camera.

CARRIED.

11.0 **S-200811.13****Adjournment**

Tasa / McGill

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 4:50 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

December 10, 2008  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, T. Binnema, N. Black, C. Bock, D. Casperson, C. Chasteauneuf, B. DeWiel, H. Domshy, H. Donker, B. Ellis, C. Greening, R. Hoffman, J. Holler, K. Hutchings, J. Hyndman, C. Jago, E. Jensen, G. Kerr (Secretary of Senate), J. Li, D. Macknak, P. Madak, B. McGill, C. Myers (Recording), G. Prkachin, M. Reid, S. Rennebohm, R. Robinson, J. Schneider, T. Shaw, M. Thomson, S. Wagner, J. Young, S. Zahir

**Regrets:**

M. Dale, S. Déry, G. Fondahl, J. Jeffery, A. Michalos, D. Nyce, E. Sharp, D. Tasa

---

The meeting commenced at 3:30 p.m.

**1.0 S-200812.01**

**Approval of the Agenda**

Annis / Rennebohm

That the Agenda for the December 10, 2008 Public Session of Senate be approved as presented.

Senator Reid asked to add agenda item 7.5.1 (Appointments to Senate Committees) under the report of the Senate Committee on Nominations.

**Friendly amendment:**

That the Agenda for the December 10, 2008 Public Session of Senate be approved, with the addition of agenda item 7.5.1 (Appointments to Senate Committees).

CARRIED.

**2.0 Approval of Senate Minutes:**

**S-200812.02**

**Approval of Senate Minutes of November 12, 2008**

Hutchings / Madak

That the Minutes of the November 12, 2008 Public Session of Senate be approved as presented.

Senator Reid noted that he had been absent from the November Senate meeting, but was listed as having attended.

**Friendly amendment:**

That the Minutes of the November 12, 2008 Public Session of Senate be approved, with Senator Reid's name being moved to "Regrets" from "Present."  
CARRIED.

**Action:** C. Myers to amend Senate minutes of November 12, 2008 to show Senator Reid's name under "Regrets."

**S-200812.03**

**Approval of Senate Minutes of Electronic Meeting — October 22, 2008**

Reid / Hutchings

That the Minutes of the electronic meeting of Senate, with voting ending on October 22, 2008, be approved as presented.  
CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

**3.1 Summaries of Reports Ranking UNBC Jago**

Dr. Jago provided brief commentary on these reports, noting that, with regard to the Research InfoSource report, he was most pleased with the comprehensive analysis. He added that this was the first time UNBC had been included in the Globe & Mail rankings where the scores given to the university have been helpful to senior administration in addressing issues. In relation to the Maclean's magazine report, Dr. Jago noted that it was based on a restricted number of criteria, which had given UNBC an advantage. Dr. Jago concluded with the comment that these reports were provided to Senate for information only, and that he had asked the Provost to look at these indicators and others, and to provide a presentation at the joint Board and Senate workshop in January for discussion.

**3.2 Update on Joint Senate / Board of Governors Workshop Jago**

The proposed agenda for this workshop was distributed at the Senate meeting. Dr. Jago went over the itinerary, noting that a recently appointed Board member had emphasized the need to undertake a new strategic planning exercise at UNBC, which Dr. Jago felt was something that should be discussed between the Board and Senate. He added that he wanted to employ a facilitator for the day, and that the two he preferred were unavailable. Dr. Jago thus asked Senators to let him know if they were able to recommend anyone for this task. He asked Senators if they had any comments regarding the itinerary, and none were forthcoming.

**4.0 President's Report Jago**

The President had nothing further to report.

**5.0 Report of the Provost Dale**

**5.1 Completion of the Planning Phase of the Academic Visioning Initiative**

In the absence of Dr. Dale, this motion was presented by Dean Young.

**S-200812.04**

Young / Casperson

That, on the recommendation of the Special Senate AVI Steering Committee:

- 1) the Special Senate AVI Steering Committee and the Academic Alignment Working Group be dissolved;
- 2) the recommendations outlined in the final reports of the Pedagogy Working Group and the Academic Alignment Working Group, adopted by Senate on June 11, 2008, be carried on with the input of Senate, except for Recommendation 2 from the final report of the Academic Alignment Working Group, which states as follows:

“2. As per the Terms of Reference, the AAWG continue to exist as a Senate-appointed Committee and work with the Senate AVI Steering Group to fully implement academic alignment-related plans by September, 2010.”  
UNANIMOUSLY CARRIED.

## 6.0 Question Period

A student Senator asked why no minors were recorded on UNBC parchments, and noted this was an issue for undergraduate students. The Registrar responded that a report had been made to Senate by the previous Registrar in April 2008, at which time she noted that the current practice of UNBC was not to record minors, which was the common practice across Canada. That report had been accepted by Senate. The student Senator reiterated that this had become an issue for students and she was being questioned about it, and asked if there was any way this information could be included on parchments. The Registrar and President clarified that the transcript is the official record of a student's progress, and is what is used for job applications and the like. The student Senator expressed that students feel their accomplishment of completing a minor is not being recognized appropriately. Another student Senator asked if there was an alternative, as students may not wish to display their complete transcript to potential employers. Dr. Jago commented on the process in relation to this request. He noted that the report had been provided to Senate by the previous Registrar in the recent past, which was now being opened to question again. He added that, because this was a matter of academic policy, it should be referred to the Senate Committee on Academic Policy and Planning (SCAPP), and if they wish to reopen the matter, they will. The President concluded with the comment that he didn't think personally that the University was doing students a disservice by not capturing the minor on the parchment. He added that it would be up to SCAPP members as to whether they wished to reopen this discussion.

<b>Action:</b>	C. Myers to add the issue of recording minors on parchments to the next SCAPP agenda, and to provide previous documentation on this matter to the committee.
----------------	--

A Senator asked the Registrar to declare, for the minutes, which calendar, print or online, was UNBC's official version of the calendar. She noted that there were conflicting statements on this matter. The Registrar responded that the online calendar had recently been updated to include a phrase noting that, in cases of discrepancy, the print version of the calendar was the official version. The Senator thanked the Registrar for this information.

It was noted by a Senator that he was involved with high school basketball, and that an event was recently held in the Northern Sport Centre (NSC), for which the rental cost was prohibitive. He asked whether there was a way that this could be addressed, as he felt it is useful for purposes of showcasing UNBC to hold these types of events in the NSC. Dr. Jago explained that the NSC is under the governance of the Northern Sport Centre Limited, which is responsible for setting the prices and ensuring that the facility operates in a break-even position. Ms. Eileen Bray, Vice President Administration and Finance, added that the NSC currently requires subsidization to achieve a balanced budget, and although she understands the difficulty for some to meet the rental price, the Northern Sport Centre Limited Board was not yet in a position where they could lower the price. A Senator asked whether funding from the Strategic Investment Fund could be used to subsidize the NSC. Dr. Jago responded that, in order to do so, a proposal would need to be made to the University for budget consideration to subsidize events that have recruitment potential. He reiterated that the Northern Sport Centre Limited is a different entity from the University, and that they have a mandate to run a business that doesn't require subsidization.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Dale

In the absence of Dr. Dale, this report was presented by Dean Young.

**S-200812.05**

**Approval of Student Exchange Agreement Between Utsunomiya University, Japan and the University of Northern British Columbia**

Holler / Casperson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the student exchange agreement between Utsunomiya University, Japan and the University of Northern British Columbia be approved as proposed.

Effective date: January 2009

CARRIED.

An Executive Summary of the proposed changes to the English Program curriculum was included for information.

It was suggested that motions S200812.06 to S200812.09 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200812.06**

**New Course Approval — ENGL 204-3**

Macknak / Robinson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENGL 204-3 Introduction to Television and Film Production be approved as proposed.

Proposed semester of first offering: May 2009

CARRIED.

A Senator asked what the situation was regarding resources for the new English courses, as it was noted on the motion forms that no new resources were required for staffing, although it appeared that funding was being provided for staffing. A representative from the Program, Dr. M. Romanets, responded that they had received funding from the Strategic Investment Fund and would be financing positions for two instructors. The Senator replied that the forms should indicate this, and Dr. Romanets responded that it had been noted initially, but must have been lost in the process.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course offers an introduction to the theory and practice of television and film production.

**Prerequisites:** ENGL 104-3

**S-200812.07**

**New Course Approval — ENGL 304-3**

Macknak / Robinson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENGL 304-3 Digital Art be approved as proposed.

Proposed semester of first offering: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides instruction in the theory and practice of digital art.

**Prerequisites:** ENGL 204-3, or permission of the instructor.

**S-200812.08**

**New Course Approval — ENGL 404-3**

Macknak / Robinson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENGL 404-3 Advanced Television and Film Production be approved as proposed.

Proposed semester of first offering: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course offers advanced instruction in the theory and practice of television and film production.

**Prerequisites:** ENGL 104-3, ENGL 204-3, or permission of the instructor

**S-200812.09**

**New Course Approval — ENGL 431-3**

Macknak / Robinson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENGL 431-3 Northern BC Literature be approved as proposed.

Proposed semester of first offering: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This advanced course in Northern BC Literature will study authors such as Barry McKinnon, Eden Robinson, Brian Fawcett, George Stanley, Jacqueline Baldwin, and Ken Belford.

**Prerequisites:** two lower division English courses excluding ENGL 170-3, or 45 credit hours, or permission of the instructor

**S-200812.10**

**Approval of New Joint Major in English and Environmental Studies**

McGill / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new Joint Major in English and Environmental Studies be approved as proposed.

Proposed start date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**General Calendar Description:** The English / Environmental Studies joint major equips students with communication skills and knowledge of environmental issues, regulations and policies. The major prepares students to have a positive influence on the environment through written and other forms of expression. This joint major is of particular interest to students who wish to pursue a career in environmental writing, creative non-fiction, science writing and/or journalism.

## Curriculum: Program Requirements

### Lower Division Requirement

ENGL 104-3 Introduction to Film  
ENGL 209-3 Introduction to TV Studies  
ENGL 231-3 An Introduction to Canadian Literature  
ENGL 283-3 Introduction to Romantic Literature  
BIOL 110-3 Introductory Ecology  
FNST 100-3 The Aboriginal Peoples of Canada  
ENVS 101-3 Introduction to Environmental Citizenship  
GEOG100-3 Environments and People  
ENPL 205-3 Environment and Society  
PHIL 202-3 Comparative Religion OR FNST 303-3 First Nations Religion and Philosophy

*Note: CPSC 150-3 (Computer Applications) or ENGL 201-3 Computing in the Humanities are recommended for students without computing experience.*

One of

ENGL 102-3 Poetry  
ENGL 103-3 Fiction  
ENGL 270-3 Expository Writing  
ENGL 271-3 Creative Writing

One of:

ENGL 200-3 Gender and Literary Theory  
ENGL 300-3 Theory  
ENGL 400-3 Contemporary Theory

One of:

ENGL 284-3 Introduction to Victorian Literature  
ENGL 285-3 Modern British Literature

One of:

GEOG101-3 Human Geography  
NREM 101-3 Introduction to Natural Resources Management and Conservation  
GEOG 206-3 Social Geography  
INTS 101-3 Canada and the World

### Upper Division Requirement

The following twenty-seven credit hours (nine courses) of environmental courses at the 300 or 400 level:

ENPL 319-3 Social Research Methods  
ENVS 309-3 Women and Environmental Studies

or HIST 421-3	Special Topics in Environmental History
or INTS 470-3	International Environmental Policy
ENVS 325-3	Global Environmental Change: Science and Policy
ENVS 326-3	Natural Resources, Environmental Issues and Public Engagement
HIST 360-3	Introduction to Environmental History
NREM 303-3	First Nations' Approaches to Resource Management
or FNST 304-3	First Nations Environmental Philosophy
NREM 306-3	Society, Policy and Administration

ENVS 440-3	Internship
or ENGL 444-(2-6)	Internship

Twenty-four credit hours (eight courses) of English courses at the 300 or 400 level:

One of:

- ENGL 309-3 Intermediate Studies in Film or Television
- ENGL 383-3 Romantic Literature
- ENGL 384-3 Victorian Literature

Two of:

- ENGL 430-3 Special Topics in Canadian Literature
- ENGL 480-3 Science Fiction
- ENGL 483-3 Special Topics in Romantic Literature
- ENGL 486-3 Literature of the Fantastic
- ENGL 493-3 Cultural Studies

Fifteen additional credit hours of English (five courses) are required to ensure the fulfillment of the 24 credit hour upper division requirement in English. Two courses may be chosen from the following list of English ancillary courses:

- WMST 304-3 Contemporary Women's Writing in an International Frame
- WMST 306-3 Indigenous Women: Perspectives
- WMST 309-3 Gender and Film
- WMST 401-3 Cultural Studies: Gender, Race and Representation
- WMST 411-3 Contemporary Feminist Theories

### **Elective Requirement**

Elective credit hours as necessary to ensure a minimum of 120 credit hours. Electives may be at any level in any subject sufficient to ensure completion of a minimum of 120 credit hours.

**S-200812.11**

**New Course Approval — EDUC 392-3**

McGill / Madak

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course EDUC 392-3 Classroom Practice and Seminar: First Nations Language and Culture be approved as proposed.

Proposed semester of first offering: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This three-week equivalent practicum provides teacher candidates enrolled in the Education Diploma in a First Nations Language and Culture program (Elementary Years) with supervised practical experience in a school classroom setting that offers, as part of its mandate, instruction in a First Nations Language and Culture. As part of the practicum experience, weekly seminars address ongoing practical issues confronting teachers of First Nations languages and cultures including pedagogy, classroom management, reflection, learning resources, and professional concerns. The course is graded on a Pass/Fail basis.

**Prerequisites:** EDUC 390-3

**Pre- or Co-requisites:** EDUC 380-3; EDUC 333-2; EDUC 341-2; EDUC 342-2; EDUC 351-2; EDUC 356-2; EDUC 446-2; EDUC 435-2

It was suggested that motions S200812.12 and S200812.13 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200812.12**

**Calendar Description Revision — Education Diploma in a First Nations Language and Culture (Elementary Years)**

Holler / Madak

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the calendar description for the Education Diploma in a First Nations Language and Culture (Elementary Years) be changed as proposed.

Effective date: January 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Education Diploma in a First Nations Language and Culture (Elementary Years)

### **Professional Education Coursework (Gitksanimx and Nisga'a):**

EDUC 380-3	Foundations of Education
EDUC 333-2	Learning, Development and Motivation
EDUC 341-2	Principles of Instruction
EDUC 342-2	Social Dynamics of Classrooms

EDUC 351-2	Curriculum and Instruction: Second Language
EDUC 356-2	Language and Literacy Development
EDUC 446-2	Aboriginal Education: Epistemology
EDUC 435-2	Learning and Diversity: Inclusive Classrooms
EDUC 390-3	Classroom Practice and Seminar 1
EDUC 391-3	Classroom Practice and Seminar 2

**Professional Education Coursework (Ts'msyen Sm'algyax):**

### **Elective Requirement**

Electives at any level in any subject sufficient to ensure completion of a minimum of 120 credit hours.

### **BSW: Child Welfare Specialization**

The Child Welfare Specialization ~~has been~~is designed to provide a program of studies that prepares students for practice in child welfare, while also satisfying the general practice criteria required for BSW accreditation and for designation as a Registered Social Worker (RSW).

Students must meet all prerequisites for entry into the BSW program at UNBC and be accepted into the school. The fourth year practicum ~~will~~takes place in a government child welfare service (BC Ministry for Children and Families, or a fully delegated First Nations child welfare agency or an approved government agency in another province). Completion of the specialization is noted on the student's graduating transcript.

The Child Welfare Specialization ~~has been~~is designed to provide a social work degree that ~~will~~prepares students for social work practice in all child and family serving agencies. In addition, the program ~~has been~~is designed to meet the BC Ministry for Children and Families entry level expectations for child protection positions.

### **Program Requirement**

SOCW 300-3 Communication Skills in Social Work Practice  
SOCW 301-3 Critical Social Work Practice

~~SOCW 410-3 First Nations Social Work Issues~~  
SOCW 421-3\* Human Growth and Development  
SOCW 455-3 First Nations Governance and Social Policy  
SOCW 456-3 Family Caring Systems  
SOCW 457-3 Individual and Community Wellness

### **Elective Courses**

Any three upper division social work electives.

**S-200812.15**

**Removal of Deadline Date of December 2008 for Amendment to Breadth Requirements**

Holler / Domshy

That, on the recommendation of the Senate Committee on Academic Policy and Planning, Senate amend Senate motion S-200612.04 (Amendment to Breadth Requirements) by striking the phrase "not later than December 2008."

Effective date: Immediately upon approval by Senate  
CARRIED.

A Senator indicated that there was interest on the part of faculty and Senators to resume discussion of what constitutes breadth and depth of knowledge, and asked if some time could be set aside at the January Senate meeting to discuss this. The President agreed to this request, but asked that it be discussed at a meeting of the Senate Committee on Academic Policy and Planning (SCAPP) first. The Senator responded that it had already been discussed at SCAPP. Dr. Jago indicated that, if this discussion was to take place at Senate in January, the Chair of SCAPP should provide a briefing document on the discussion that took place at SCAPP. The Senator noted that the purpose of this motion is to allow for more time for that discussion. Dr. Jago thanked the Senator, and indicated that, if SCAPP needs more time before bringing this to Senate, that is acceptable.

**Action:** When this item is added to the Senate agenda, M. Dale to provide a briefing document to Senate regarding the SCAPP discussion on the breath requirement.

**To Senate for Information:**

**SCAPP200811.04**

**Course Title Change — ANTH 405-3**

That the course title change from ANTH 405-3 Topics in Landscapes and Place to ANTH 405-3 Landscapes, Place and Culture be approved as proposed.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**~~ANTH 405 - Topics in Landscapes and Place~~      Landscapes, Place and Culture**

~~An examination and critique of the anthropological approaches to landscape, space and place. Cross-cultural and cross-temporal case studies will be used. This course provides an examination and critique of the anthropological approaches to landscape, space and place. Cross-cultural and cross-temporal case studies are used.~~

*Prerequisites:* upper division standing

*Precluded:* ANTH 413-3

**SCAPP200811.13**

**Course Prerequisite Change — SOCW 302-6**

That the addition of SOCW 310-3 First Nations Social Work Issues as a prerequisite to SOCW 302-6 Social Work Field Education be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

SOCW 302-6 Social Work Field Education    An initial three-day per week field placement, which includes a bi-weekly integrative seminar, is required of all students.

Students ~~will be~~ are involved in a wide range of practice roles and responsibilities at the individual, family, group and community levels. The course provides an initial opportunity for students to link social work concepts and theory with practice skills. It also introduces students to the structure, goals and operation of different human service agencies. Field practice objectives and details ~~will be~~ are worked out among the student, the agency field supervisor and the faculty practicum advisor. ~~The three-day per week placement includes a bi-weekly integrative seminar.~~

*Prerequisites:* SOCW 300-3, 301-3, 310-3 and 320-3; enrollment limited to students admitted to the School of Social Work

#### **SCAPP200811.14**

##### **Course Number and Preclusion Change — SOCW 410-3**

That the changes to the course number and preclusion for SOCW 410-3 First Nations Social Work Issues, on page 257 of the Undergraduate Academic Calendar 2008 – 2009, be approved as proposed. Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

SOCW ~~410-3~~ 310-3 First Nations Social Work Issues ~~First Nations Social Work Practice Issues~~ This course examines methods of developing an antiracist social work practice in the context of First Nations experience. Particular emphasis is placed on understanding emerging models and structures within First Nations communities. The development of these models is explored within a context of analyzing the impact of the colonial experience. Students are introduced to alternative methods including some of the healing strategies and organizational structures in First Nations communities.

*Prerequisites:* enrollment limited to students admitted to the School of Social Work

*Preclusion:* SOCW 410-3

#### **SCAPP200811.16**

##### **Course Prerequisite Change — SOCW 421-3**

That the prerequisite requirements for admission to SOCW 421-3 Human Growth and Development be changed to allow admission of Health Sciences, Nursing and Psychology students without permission of the Social Work Chair.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**SOCW 421-3 Human Growth and Development** This course examines human growth and development with an emphasis on social processes from birth to death. The course follows a life cycle approach and addresses the influence of issues such as culture, class, gender and sexual orientation. Linkages are drawn between individual human development and health and social welfare policy, particularly as it affects residents of northern British Columbia. **Note: students who have not taken a human growth and development course must take this course prior to graduating with a BSW.**

*Prerequisites:* Enrollment limited to students admitted to Health Sciences, Nursing, Psychology and School of Social Work, or with permission of the Social Work Chair. If students have previously taken a human growth and development course, they must check with a Student Advisor to ensure that the course meets the Human Growth and Development requirement.

*Precluded:* PSYC 345-3

## 7.2 Senate Committee on Research and Graduate Studies

Fondahl

In the absence of Dr. Fondahl, this report was presented by Dean McGill.

### **S-200812.16**

**Revised Terms and Conditions — Marumi Scholarships**

That the revised Terms and Conditions for the Marumi Scholarships be approved.

Effective Date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** In-course

**Award Name:** Marumi Scholarships

**Calendar Description/Intent:** Marumi Sangyo Co. Ltd., based in Nagoya, Japan, dates back to 1948 when they established a small lumber company dealing just in domestic lumber and finally moving into building and land development. Since 1990, Marumi has been a major importer of forest products from northern BC, with which it is building close ties. The scholarships are a fitting way of helping express these ties as the company moves into its 50th anniversary year. The intent of the endowment is to recognize and financially reward outstanding students pursuing professional qualifications in natural resources. As the University develops international relationships, the Fund will also foster recipient student exchange between UNBC and Universities in Japan.

**Donor:** Marumi Sangyo ~~Group~~ Co. Ltd.

**Value:** ~~2 at \$2,000~~ \$2,500 (renewable for up to one year upon re-application); ~~and~~  
1 at \$1,000

**Number:** ~~Three~~ Two

**Placement in which Calendar:** Undergraduate

**Award Type:** Scholarship

**Eligibility:** Available to a full time undergraduate student with a declared major in the Bachelor of Science Program, in the fields of either ~~Forestry~~, Environmental Studies or Natural Resource Management who has completed 30 credit hours.

Preference for selection of students will be as follows:

- a) One ~~\$2,000~~ \$2,500 Scholarship is open to any student with the required declared major(s);
- b) One ~~\$2,000~~ \$2,500 Scholarship is open to any student coming to UNBC from a Japanese University. If there are no eligible applicants from a Japanese University, a second award will be given according to item (a). ~~with first priority given to those students on the International Exchange Program with UNBC, currently from the Universities of Osaka International University, Utsumoniya University and possibly Hokkaido and Hiroshima Universities. If a student on the exchange program does not qualify, the award will then be open to any Japanese International Student.~~

c) ~~One \$1,000 Scholarship will be available for one UNBC student for studying in Japan on the International Exchange Program and may be used for return airfare or other expenses related to this exchange.~~

**Criteria:** Academic excellence for award (a) and academic proficiency for award (b).

**Conditions:**

a) This award is renewable, upon re-application, subject to the recipient maintaining the criteria academic standing for this award.

b) ~~The one \$1,000 award is available for one year only for the UNBC student studying in Japan.~~

**Application Instructions:** Fill out all sections of the Awards Application form and attach your Resume.

**Effective Date:** Endowed 1997

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20081112.10**

**Revised Terms and Conditions — Initiatives Prince George (Tourism Prince George) Bursary Fund**

That the revised Terms and Conditions for the Initiatives Prince George (Tourism Prince George) Bursary Fund be approved.

Effective Date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** In-course

**Award Name:** Initiatives Prince George (Tourism Prince George) Bursary Fund

**Calendar Description/Intent:** Initiatives Prince George is ~~a not for profit society, which is the~~ City of Prince George's economic development corporation mandated to ~~encourage, promote,~~ develop and market tourism for the Prince George area. With the enormous growth potential of recreational tourism in the area, ~~Tourism Initiatives~~ Prince George recognizes the future demand for tourism professionals to lead the industry and encourages programs to prepare these individuals. Through fund-raising initiatives, ~~Tourism Initiatives~~ Prince George supports this bursary fund at UNBC.

**Donor:** Initiatives Prince George ~~Tourism Prince George~~

**Value:** \$500

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Bursary

**Eligibility:** Available to a full time undergraduate student with a declared major in the Nature-Based Tourism Management program who has completed 60 credit hours. The recipient must be a resident of Northern British Columbia by virtue of birth or uninterrupted residence for three years immediately prior to commencing current studies at UNBC.

**Criteria:** Demonstrated financial need and satisfactory academic standing.

**Application Instructions:** Fill out the financial need section of the Awards Application form and answer the question regarding northern BC residency.

**Effective Date:** Established 1997

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20081112.12**

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**UNBC Scholars**

**Application Instructions** No application is required. Each high school in northern British Columbia will nominate ~~the one~~ student with the highest GPA at the end of grade 11 (minimum 80%). In the event that two or more students have an equal GPA at the end of grade 11 and the high school is unable to break the tie, a subcommittee of the Senate Committee on Scholarships and Bursaries may ask the candidates for additional information to enable UNBC to break the tie and determine the recipient.

**S-200812.22****Revisions to Senate Handbook**

Madak / Jensen

That, on the recommendation of the Steering Committee of Senate, the revisions to the Senate Handbook be approved as proposed.

Effective date: December 10, 2008

Dr. Jago provided Senators with an overview of the proposed changes, noting that the impetus for the changes was the recent revision to position titles for some senior administrators. In particular, it was being proposed that the Dean of Graduate Programs be added to the membership of Senate. President's Executive Council (PEC) reviewed the Senate Handbook and reached the conclusion that, if the Dean of Graduate Programs was being added to the membership, the Dean of Student Success and Enrolment Management should be removed as a voting member. The justification for this recommendation was that adding another senior administrator would also require the addition of faculty Senators and student Senators, in accordance with the University Act. PEC members felt that it would be preferable to retain the ratio of senior administrators to faculty and student Senators as it currently exists. Finally, PEC had reviewed the terms of reference for Senate committees in accordance with the powers and responsibilities of Senate as outlined in the University Act, to ensure that these were covered off in the Senate Handbook.

It was asked whether the title of the Director of Continuing Education could be changed to the Director of Continuing Studies to reflect the title of this position at UNBC. The President noted that the University Act made reference to a Director of Continuing Education, but that this could be changed in the Senate Handbook to Director of Continuing Studies.

**Action:** C. Myers to change Director of Continuing Education to Director of Continuing Studies in the Senate Handbook.

A Senator expressed concern regarding the proposed revision to the mandate of the Steering Committee of Senate (SCS), in the form of the new bullet added to that committee's terms of reference, which states "To serve as the Senate standing committee to consider and take action on behalf of the senate on all matters that may be referred to the senate by the board." He noted that the section of the University Act from which this was taken is with regard to powers, not responsibilities, and that his concern was that the wording of this clause was essentially delegation of Senate powers, so Senate could be bypassed and the Steering Committee could be used as an executive council. Dr. Jago responded that this clause was included in the Steering Committee's terms of reference as it was a power in the Act that wasn't properly reflected in the Senate Handbook, and since the SCS oversees the business of Senate and the placement of items on the agenda, it was determined that this was the most appropriate Senate Committee for this power to reside. The President added that, because agenda items normally make their way onto the Senate agenda by way of a Senate committee, placing this power with the SCS would ensure that the manner in which matters are referred by the Board of Governors to Senate could be expedited. He emphasized that in no way was it envisioned that the SCS would function as an executive council. A Senator replied that it may not be the intention that the SCS function in that manner, but someone referring to this clause in the future may not be aware of the intention.

**Motion:**

Casperson / Hyndman

That the proposed addition to the terms of reference for the Steering Committee of Senate be struck.  
CARRIED.

Dr. Jago noted that the effect of this motion would be to leave this power unaddressed. He added that the Senate Handbook would be referred back to the Steering Committee of Senate for revision with regard to this clause.

**Action:** C. Myers to add this to the agenda for the Steering Committee of Senate.

**Main motion as amended:**

That, on the recommendation of the Steering Committee of Senate, the revisions to the Senate Handbook be approved as proposed, with the exception of the bullet added under the terms of reference for the Steering Committee of Senate, which reads as follows: "To serve as the Senate standing committee to consider and take action on behalf of the senate on all matters that may be referred to the senate by the board."

Effective date: December 10, 2008

CARRIED.

**7.5 Senate Committee on Nominations**

**Reid**

**Report of Resignations from Senate:**

Lay Regional Senator — Northern Lights College Region

Bruce Simard

**7.5.1 Appointments to Senate Committees**

Senator Reid noted that there were two faculty Senators (Senator Chasteauneuf and Senator Hyndman) who had put their names forward to fill two vacant positions on the Senate Committee on Academic Policy and Planning (SCAPP). He noted that the terms of office for the positions were from January 1, 2009 to March 31, 2009. Senator Reid called for further nominations from the floor, and there being none, Senators Chasteauneuf and Hyndman were appointed to SCAPP.

**8.0 Other Business**

**8.1 Report of the Registrar**

**Kerr**

The Registrar reported that 16 percent of grades had been received by the Office of the Registrar. He added that, of the grades expected, 39 percent were tardy, and asked faculty members for their cooperation in submitting grades in a timely fashion.

**8.2 2007-2008 Annual Report from the College of Arts, Social and Health Sciences (for information)**

Dean Young thanked members of the College of Arts, Social and Health Sciences who had provided input and information for this report.

**8.3 2007-2008 Annual Report from the College of Science and Management (for information)**

Dean McGill expressed his appreciation to members of the College of Science and Management for their input into this report.

**9.0 Information**

There were no items for information.

**10.0 S-200812.23**

**Adjournment**

Hutchings / Holler

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 4:30 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

January 21, 2009  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, T. Binnema, N. Black, D. Casperson, C. Chasteauneuf, M. Dale, S. Déry, B. DeWiel, H. Donker, G. Fondahl, C. Greening, R. Hoffman, J. Holler, K. Hutchings, J. Hyndman, C. Jago, J. Jeffery, E. Jensen, G. Kerr (Secretary of Senate), D. Macknak, P. Madak, B. McGill, A. Michalos, C. Myers (Recording), G. Prkachin, M. Reid, S. Rennebohm, J. Schneider, E. Sharp, D. Tasa, M. Thomson, S. Wagner, J. Young, S. Zahir

**Regrets:**

C. Bock, H. Domshy, J. Li, D. Nyce, R. Robinson, T. Shaw

---

The meeting commenced at 3:35 p.m.

**1.0 S-200901.01**

**Approval of the Agenda**

That the Agenda for the January 21, 2009 Public Session of Senate be approved as presented.

The Chair asked Senators to consider the attachment of two motions to agenda item 5.1 (Report Regarding External Review of the Computer Science Program). A Senator responded that a motion to adopt the agenda should come first. The Chair responded that, if Senate proceeded in this manner, it would take a two-thirds majority vote to add the motions as requested.

**Motion:**

Hyndman / Casperson  
That the agenda be adopted as presented.  
CARRIED.

**Motion:**

McGill / Macknak  
That the agenda be revised to attach motions to agenda item 5.1 (Report Regarding External Review of the Computer Science Program).

Discussion ensued with regard to this motion, particularly the process that had been undertaken. A Senator noted that since the Senate package had been received, an additional report was provided to Senators, and now it has been requested that two motions be considered. The President clarified that the motions under discussion were, in fact, included in the text of the report from the Chairs of the Senate Committee on Academic Policy and Planning (SCAPP) and the Senate Committee on Research and Graduate Studies (SCRGS). It was asked whether only the two motions were to be considered, and not

the other recommendations contained in the report. The President responded that, yes, only the two motions were to be considered.

A vote was taken and the motion was DEFEATED.

Dr. Jago indicated that the agenda item will be discussed, but that no motions will be considered at this meeting. He added that motions can be included on a subsequent Senate agenda if that is the determination of SCAPP and SCRGS.

## **2.0 S-200901.02**

### **Approval of Senate Minutes**

Holler / Tasa

That the Minutes of the November 12, 2008 Public Session of Senate be approved as presented.  
CARRIED.

## **3.0 Business Arising from Previous Minutes of Senate**

### **3.1 Breadth Requirement Discussion**

A Senator asked whether there were more concrete ideas about how to proceed with implementing the breadth requirement. The Provost replied that his personal preference would be to get the implementation of the learning outcomes well underway before going back to reconsider the breadth requirement. Another Senator indicated that he was not content with breadth the way it is currently articulated, because it will be difficult to implement and it seems that the Programs are not keen on doing so. He also expressed concern about the lack of an approach toward interdisciplinarity that existed with the previous expression of the breadth requirement. He suggested this could be remedied by requiring that students take a suite of courses to ensure that they are exposed to epistemologies and methods of several disciplines. Dr. Dale replied that he expected there was much sympathy to that concern. He agreed that some of the benefits of the previous breadth requirement were lost with the gains that were obtained by adopting breadth as articulated in the Academic Visioning Initiative. Dr. Dale also noted that perhaps it would not be as much work to implement the breadth requirement as Programs expected, because much of what is required is already being done implicitly. A Senator asked whether a Program could introduce a content-based notion of breadth as part of the process of implementing the learning outcomes. The Provost responded that Programs have some autonomy, but their proposals will still need to proceed through SCAPP. He added that he would encourage Programs to submit something in that regard in their proposals if they believe that content-based breadth would fill an academic hole in their Program.

## **4.0 President's Report**

**Jago**

The President reminded Senators of the joint Board of Governors and Senate workshop to be held this coming weekend, and thanked them for their strong participation rate.

Dr. Jago expressed congratulations to Dr. Deborah Poff. Dr. Poff has accepted an appointment as President of Brandon University. Dr. Jago noted that he and Dr. Poff worked closely together for years when she was Vice-President (Academic) at UNBC, and that she is an incredible talent. The President extended, on behalf of Senate, congratulations and best wishes to Dr. Poff as she takes up her new post. Senators echoed Dr. Jago's sentiments by showing applause.

## **5.0 Report of the Provost**

**Dale**

### **5.1 Report Regarding External Review of the Computer Science Program**

Dr. Dale began the discussion by indicating that he is sensitive to issues of process, and hopes he has proceeded correctly, but if not, he apologizes. He summarized the consultation that had taken place to date. As an aside, the Provost noted that the recommendations in the response to the review are not required to correspond to the recommendations made by the external reviewers. He reported that the report on the external review from the Dean of the College of Science and Management had been

provided to SCAPP and SCRGS. According to the guidelines for conducting external reviews, approval for any recommendations is not required by those committees. The committees discussed the reports and expressed concerns, but made no formal motions with regard to the reports. Some Senators requested additional information beyond what was provided in the Senate meeting package, the report of the Chairs of CASHS and CSAM. The report of the Dean was thus provided to Senate, but in a modified version as a result of concerns that had been expressed at the SCAPP and SCRGS meetings regarding issues of confidentiality. Motions based on the recommendations would be provided at the next meeting of Senate. Dr. Dale asked for the will of Senate, whether they wished to discuss this issue now without benefit of motions or defer discussion to the next meeting when motions would be available. The Chair provided advice in this regard, noting that this was not a ruling, but advice only. He suggested that the debate should be in relation to the motions, so should be postponed until the motions formed part of the agenda. That being said, Dr. Jago indicated that the Provost's report was open for discussion.

A Senator questioned how he could make a reasoned determination on the recommendations and vote on the motions without the benefit of further background documentation, particularly the report of the external reviewers. The Provost replied that part of the problem is that the report of the external reviewers contains references to individuals and is not appropriate for circulation. This information would need to be severed from the report, and he indicated he was not sure that this was the best way to proceed. A Senator replied that there are comments in the report from the external reviewers noting that they felt it was suitable to be released publicly. He added that he was frustrated with the process, and that he liked the advice of the Chair.

It was questioned whether there were any votes at SCAPP and SCRGS, and the Provost responded that there were no motions to be voted on. When asked why not, Dr. Dale replied that the guidelines do not require that approval be obtained from SCAPP and SCRGS. Thus, as there was no requirement for motions to be tabled, Dr. Dale noted that it would be expected that motions would only result if they came from the floor if people felt strongly one way or another about the report. Dr. Fondahl noted that she had the same understanding as Dr. Dale with regard to the process. A Senator reported that the guidelines suggest that the report should come from SCAPP and SCRGS, not the Chairs of the committees. He read a portion of the minutes of the SCAPP meeting at which the external review was discussed, which indicated that a member of SCAPP had suggested that what was to be synthesized in the report to Senate were recommendations from SCAPP and SCRGS, none of which had been made. The Senator added that, although he was not a member of SCAPP, he had read the SCAPP minutes, and felt that the discussion at Senate would be better informed if Senators were at least provided with the minutes of that meeting. Another Senator added that she had heard that someone had attempted to make a motion at SCRGS and was discouraged from doing so at that time, and that she would like to see SCAPP and SCRGS be directed to vote on this matter.

The President thanked Senators for their comments, noting that this was a new situation that hadn't been dealt with before, and that the Provost was clear on the point that he was seeking advice. Dr. Jago remarked that the process of program reviews from a number of years back had been adopted, and that it was still an important process today. He expressed that this is a rare privilege, and that UNBC is a self-accrediting university, which carries a great deal of autonomy. In Ontario for instance, revisions to academic programs require adherence to a very stringent review process. For these reasons, Dr. Jago opined, it is fundamental that when a critical review of a Program is received, it is properly addressed. He felt that the comments suggesting that further information was required were fair points, but emphasized the need to address reviews, particularly when they are of a highly critical nature. Dr. Jago added that it was the responsibility of Senate to insist on the highest quality academic programs, and that he wanted Senators to understand the importance of this issue coming to Senate.

A Senator asked what would happen now, given the importance of this issue. The Chair replied that this is a matter for the Provost to consider, and that a number of points had been made that were worthy of further consideration.

## **6.0 Question Period**

No questions were posed.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Dale

It was suggested that motions S-200901.03 and S-200901.04 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

#### **S-200901.03**

##### **Approval of Student Exchange Agreement Between Hebei University, China and the University of Northern British Columbia**

Hyndman / Prkachin

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the student exchange agreement between Hebei University, China and the University of Northern British Columbia be approved as proposed.

Effective date: January 2009

CARRIED.

A Senator asked what constitutes a partnering body and if there was a quality assurance process. Ms. Russell, Director of Student Success, responded that there was a rigorous policy framework in place to determine partnerships, which she would be willing to provide to the Senator who asked the question.

#### **S-200901.04**

##### **Approval of Student Exchange Agreement Between Francis Marion University, United States of America and the University of Northern British Columbia**

Hyndman / Prkachin

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the student exchange agreement between Francis Marion University, United States of America and the University of Northern British Columbia be approved as proposed.

Effective date: May 2009

CARRIED.

#### **S-200901.05**

##### **New Course Approval — ANTH 230-3**

Zahir / Donker

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ANTH 230-3 Introduction to Forensic Anthropology be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course examines the contribution of anthropology to the recovery, identification and interpretation of recent human skeletal remains. Topics covered include forensic archaeology, methods of biological and personal identification, trauma and taphonomy, crime scene analysis, the anthropologist as expert witness, war crimes and mass graves.

It was suggested that motions S-200901.06 to S-200901.12 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

#### **S-200901.06**

##### **Change to Program Requirements — Biology Major**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, BIOL 303-3 (Plant Physiology) and BIOL 305-3 (Plant Morphology and Anatomy) be replaced with BIOL 304-3 (Plants, Society and the Environment) as an Upper Division Requirement for the Biology Major.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### Upper Division Requirement

#### 300 Level

BIOL 311-3 Cell and Molecular Biology  
BIOL 323-3 Evolutionary Biology  
BIOL 325-3 Ecological Analyses

One of:

~~BIOL 303-3 Plant Physiology~~  
BIOL 304-3 Plants, Society and the Environment  
BIOL 321-3 Animal Physiology

Two of:

BIOL 301-3 Systematic Botany  
~~BIOL 305-3 Plant Morphology and Anatomy~~  
BIOL 307-3 Ichthyology and Herpetology  
BIOL 308-3 Ornithology and Mammalogy

#### S-200901.07

#### **Change to Program Requirements — Biology Minor**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, BIOL 303-3 (Plant Physiology) and BIOL 305-3 (Plant Morphology and Anatomy) be replaced with BIOL 304-3 (Plants, Society and the Environment) as an Upper Division Requirement for the Biology Minor.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

*Proposed new entry (Minor in Biology)*

Requirements

BIOL 101-4 Introductory Biology I  
BIOL 102-4 Introductory Biology II

One of:

BIOL 201-3 Ecology  
BIOL 210-3 Genetics

One of:

BIOL 202-3 Invertebrate Zoology  
BIOL 203-3 Microbiology  
BIOL 204-3 Plant Biology

One of:

BIOL 301-3 Systematic Botany  
~~BIOL 305-3 Plant Morphology and Anatomy~~  
BIOL 307-3 Ichthyology and Herpetology  
BIOL 308-3 Ornithology and Mammalogy

One of:

~~BIOL 303-3 Plant Physiology~~

BIOL 304-3 Plants, Society and the Environment

BIOL 311-3 Cell and Molecular Biology

BIOL 321-3 Animal Physiology

Six additional credit hours in Biology at the 400 level.

**S-200901.08**

**Course Deletion — BIOL 303-3**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course BIOL 303-3 Plant Physiology be deleted and removed from the calendar.

Effective date: September 2009

CARRIED.

**S-200901.09**

**Course Deletion — BIOL 305-3**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course BIOL 305-3 Plant Morphology and Anatomy be deleted and removed from the calendar.

Effective date: September 2009

CARRIED.

**S-200901.10**

**Course Deletion — BIOL 401-3**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course BIOL 401-3 Plant-Microbial Interactions be deleted and removed from the Calendar.

Effective date: September 2009

CARRIED.

**S-200901.11**

**New Course Approval — BIOL 304-3**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course BIOL 304-3 Plants, Society and the Environment be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course explores the interactions between plants and humans, and how plants and their essential services are altered by human activities and the environment. Lectures and labs permit student-driven exploration of how plants, society and the environment are integrated. Students will investigate the underlying mechanisms of plant function and adaptation to address ~~present day~~ present-day environmental issues such as rising greenhouse gas concentrations, disturbance events, and biological invasions.

**Prerequisites:** BIOL 204 or by permission of the instructor.

**S-200901.12**

**New Course Approval — BIOL 318-3**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course BIOL 318-3 Fungi and Lichens be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course uses lectures, field and laboratory exercises to introduce students to the diversity of the Fungal Kingdom, including lichenized fungi. Students learn to recognize fungal and lichen structures and identify taxa. Emphasis is placed upon fungi and lichens in their natural environments, their ecology and physiology, and their importance to ecosystem function. Field trips and labs teach students to collect, isolate and identify fungi and lichens.

**Prerequisites:** BIOL 101-4 and 102-4

An Executive Summary of proposed changes to the Bachelor of Commerce Marketing Major curriculum was included for information.

It was suggested that motions S-200901.13 to S-200901.15 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

### **S-200901.13**

#### **Change to Program Requirements — Major in Marketing**

McGill / Hartley

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the major in Marketing be revised as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in Marketing**

Marketing refers to the set of activities needed to find, build, and serve markets for products and services. Students of marketing acquire analytical tools from economics, mathematics, statistics and the social and behavioural sciences. A major in Marketing is useful for such positions as account representatives, brand managers, advertising executives and market researchers. Marketing majors may find employment in the private sector, in non-profit organizations, and in government. Marketing concepts and principles are of particular importance to small businesses and new business ventures.

The minimum requirement for a Bachelor of Commerce with a major in Marketing is 120 credit hours which includes the Common Requirements for all business students as well as the required courses in the major.

### **Program Requirements**

Note: Students enrolling in any course required for a major in the Bachelor of Commerce degree must have completed all prerequisite courses with a minimum of "C-" or better. In exceptional circumstances the Program Chair may waive this requirement on a case by case basis.

## Lower Division Requirement

### 100 Level

<a href="#">COMM 100-3*</a>	Introduction to Canadian Business
<a href="#">ECON 100-3</a>	Microeconomics
<a href="#">ECON 101-3</a>	Macroeconomics
<a href="#">MATH 150-3**</a>	Finite Mathematics for Business and Economics
or <a href="#">MATH 220-3</a>	Linear Algebra
<a href="#">MATH 152-3**</a>	Calculus for Non-majors
or <a href="#">MATH 100-3</a>	Calculus I

\*Students transferring with 30 or more credit hours of courses required for the Commerce degree are exempt from this requirement.

\*\*Students wishing to pursue additional Math courses as electives are advised to choose MATH 100-3 (Calculus I) and MATH 220-3 (Linear Algebra).

Students not having the appropriate prerequisites for any courses must consult with the Business Advisor.

### 200 Level

<a href="#">COMM 210-3</a>	Financial Accounting
<a href="#">COMM 211-3</a>	Managerial Accounting

### Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 120 credit hours.

#### **S-200901.14**

##### **Course Deletion — COMM 345-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course COMM 345-3 Retail Management be deleted and removed from the Calendar.

Effective date: September 2009

CARRIED.

#### **S-200901.15**

##### **New Course Approval — COMM 347-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course COMM 347-3 Marketing Channels and Retail Management be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides insights into marketing distribution systems, retailing and wholesaling as well as relevant legislation. Further, this course emphasizes the structure of retailing in ~~Canada~~Canada, and the retail management of location, layout, inventory, personnel, sales, promotion, financial control and pricing procedures.

**Prerequisites:** COMM 240-3

An Executive Summary of proposed changes to the Geography Program curriculum was included for information.

### **S-200901.16**

#### **Change to Calendar Description — Geography Degrees and Geography BA Major**

Holler / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the calendar introduction to Geography degrees and the Geography BA major be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~The Geography program offers both a Bachelor of Science and a Bachelor of Arts in Geography. The programs place strong emphasis on the geography of the North, the Pacific Northwest, and the importance of contemporary geographic technologies. The Bachelor of Science program emphasizes physical geography (geomorphology and watershed processes) while the Bachelor of Arts provides exposure to a range of courses in human geography.~~

~~Students entering a Geography program should be comfortable with the use of a computer for word processing. Introductory computer courses are available at UNBC.~~ Geography is an interdisciplinary bridge between the human and physical sciences, studying human - environment interactions. The Geography program offers both a Bachelor of Science and a Bachelor of Arts. The BSc in physical geography examines the natural environment and the interaction of climate, soils, vegetation and landforms, while the BA in human geography focuses on cultural, social, economic and rural environments. Degrees emphasise the geography of the North and contemporary geographic technologies.

## Geography Program (BA)

### Major in Geography

~~The Bachelor of Arts emphasizes human and cultural geography. Strong emphasis is placed on the geography of the North in general and of the Pacific Northwest in particular.~~ provides students with comprehensive training in the study of human geography, emphasizing the cultural, social, economic, and political connections between people and their environments. We offer courses that give students the conceptual and methodological means to make sense of the places and spaces they occupy, and how these relate to the rest of the world. Particular emphasis is on issues of community development, social justice, environmental equity, and population health in northern environments as a starting point for understanding the dynamics of place-making in a global context.

~~Undergraduate students are required to take 19 Geography courses (57 credit hours). Of these, 30 credit hours must be upper division. Elective credit hours must be taken to ensure completion of 120 credit hours, and must include at least 21 elective credit hours at the 300 or 400 level, in any subject.~~

~~Undergraduate students are required to take 19 Geography courses (57 credit hours) of Geography courses, of which Of these, 30 credit hours must be upper division. To meet the overall minimum degree requirement of Elective credit hours must be taken to ensure completion of 120 total credit hours, students are also required to take elective courses, including a minimum of and must include at least 21 elective credit hours at the 300 or 400 upper-division level, in any subject.~~

The minimum requirement for the completion of a Bachelor of Arts with a major in Geography is 120 credit hours.

## **S-200901.17**

### **Change to Degree Requirements — Geography Program (BSc)**

McGill / Reid

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the Geography Program (BSc) be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Geography Program (BSc)

### Major in Geography

This degree focuses on geography as an earth science, with introductions to biology, chemistry, mathematics and physics, followed by upper-level courses in climatology, hydrology, geomorphology, soils and weathering, and geomatics. This combination enables the understanding of the interactions between the atmosphere, lithosphere, hydrosphere and biosphere, aided by the use of statistical techniques, mapping, remote sensing and geographic information systems. Courses will develop applied field and technical skills for associated career paths.

Undergraduate students are required to take a minimum of 43 ~~11~~ Geography courses (~~39~~ 31 credit hours). Of these courses, a minimum of five ~~nine~~ must be upper division. Students are required to take a minimum of 24 ~~24~~ credit hours of Elective Science Courses, of which 15 credit hours must be upper division ~~(300 and 400 level)~~ in order to successfully complete degree requirements. Additional electives~~,~~ are required to ensure the completion of a minimum of ~~425~~ 120 credit hours.

The minimum requirement for completion of a Bachelor of Science with a major in Geography is ~~425~~ 120 credit hours.

### Program Requirements

#### Lower Division Requirement

##### 100 Level

BIOL 101-4 Introductory Biology I

or BIOL 110-3 Introductory Ecology

~~BIOL 102-4 Introductory Biology II~~

CHEM 100-3 General Chemistry I

CHEM 101-3 General Chemistry II

CHEM 120-1 General Chemistry Lab I

CHEM 121-1 General Chemistry Lab II

GEOG 101-3 Human Geography

or GEOG 202-3 Economic Geography

~~MATH 152-3 Calculus for Non-majors~~ MATH 100-3 Calculus I

MATH 101-3 Calculus II

PHYS 100-4 Introduction to Physics I

or PHYS 110-4 Introductory Physics I: Mechanics  
GEOG 100-3 Environments and People; The Geography of Natural Hazards  
GEOG 111-1 Theory and Practice of Physical Geography

200 Level

~~BIOL 201-3 Ecology~~  
ENSC 201-3 ~~Introduction to Atmospheric Science~~ Weather and Climate  
FSTY 205-3 Introduction to Soil Science  
GEOG 200-3 Geography of BC  
GEOG 205-3 Cartography and Geomatics  
GEOG 210-3 Geomorphology  
MATH 240-3 Basic Statistics

Upper Division Requirement

300 Level

GEOG 300-3 Geographic Information Systems  
GEOG 310-3 Hydrology or NREM 410-3 Watershed Management  
GEOG 311-3 ~~Concepts in Geomorphology~~ Drainage Basin Geomorphology  
~~MATH 342-3 Biostatistics~~  
GEOG 312-3 Geomorphology of Cold Regions

Two of:

ENSC 312-3 Boundary-layer Meteorology  
~~BIOL 301-3 Systematic Botany~~  
FSTY 425-3 Soil Formation and Classification or FSTY 315-3 Forest Soil Management  
GEOG 432-3 Remote Sensing  
GEOG 333-3 Geography Field Camp  
GEOG 320-3 Sedimentology

One of:

GEOG 301-3 Cultural Geography  
~~GEOG 302-3 Geography of Russia~~  
~~GEOG 303-3 Recreational Geography~~  
~~GEOG 305-3 Political Geography~~  
GEOG 306-3 Geography of International Development

400 Level

GEOG 402-3 Geography of the Circumpolar North  
~~or GEOG 403-3 Aboriginal Geography~~  
~~NREM 411-3 Environmental and Professional Ethics~~

~~Four~~ Three of:

GEOG 405-3 Fluvial Geomorphology

GEOG 411-3 ~~Advanced Elements in Geomorphology~~ Quaternary and Surficial

Geology

GEOG 412-3 Geomorphology of Cold Regions

GEOG 413-3 Advanced GIS

GEOG 414-3 Weathering Processes

GEOG 432-3 ~~Remote Sensing~~

GEOG 457-3 Advanced Remote Sensing

ENSC 425-3 Global Change Science

Elective Requirement

Science Electives

~~Six~~ Nine credit hours of Science electives at any level and  
~~Fifteen~~ credit hours of Science electives at the 300 or 400 level

Elective Science Courses

Anthropology

ANTH 100-3 Archaeological and Biological Approaches

ANTH 200-3 Biological Anthropology

ANTH 205-3 Introduction to Archaeology

ANTH 220-3 Introduction to Primatology

ANTH 301-3 Archaeological Lab Methods

ANTH 311-3 Nutritional Anthropology

ANTH 312-3 Human Adaptability

ANTH 320-3 Biology of Circumpolar Peoples

ANTH 420-3 Races, Racism and Human Biology

Biology:

All courses allowed, ~~except BIOL 350-3 Ethnobotany~~

Chemistry:

All courses allowed

Computer Science:

All courses allowed

Environmental Planning

ENPL 305 Environmental Impact Assessment

ENPL 402 Terrain Assessment

Environmental ~~Studies~~ Science:

The following courses are allowed:

~~ENPL 402-3 Terrain Assessment~~

~~ENSC 202-3 Aquatic Systems~~ Introduction to Aquatic Systems

ENSC 308-3 Northern Contaminated Environments

ENSC 312-3 Boundary-layer Meteorology

ENSC 350-3 Fluid Mechanics

ENSC 404 Waste Management

ENSC 406-3 Environmental Modelling

ENSC 408-3 Storms

ENSC 412-3 Air Pollution

ENSC 418-3 Environmental Measurement and Analysis

ENSC 425-3 Global Change Science

ENSC 450-3 Geophysical Data Analysis

ENSC 451-3 Groundwater Hydrology

ENSC 452-3 Reclamation and Remediation of Disturbed Environments

ENSC 453-3 Environmental Resource Management and Decision Making

ENSC 454-3 Snow and Ice

Forestry:

All courses allowed

Geography:

The following courses are allowed:

~~GEOG 210-3 Geomorphology~~

~~GEOG 300-3 Geographic Information Systems~~

~~GEOG 310-3 Hydrology~~

~~GEOG 311-3 Concepts in Geomorphology~~

~~GEOG 412-3 312-3 Geomorphology of Cold Regions~~

GEOG 333-3 Geography Field Camp

GEOG 320-3 Sedimentology

GEOG 405-3 Fluvial Geomorphology

GEOG 411-3 ~~Advanced Elements in Geomorphology~~ Quaternary Surficial Geology

GEOG 413-3 Advanced GIS

GEOG 414-3 Weathering Processes

GEOG 432-3 Remote Sensing

GEOG 457-3 Advanced Remote Sensing

Math:

All courses allowed

Natural Resources Management:

The following courses are allowed:

NREM 100-3 Field Skills

NREM 101-3 Introduction to Natural Resources Management and Conservation

NREM 203-3 Resource Inventories and Measurement  
NREM 204-3 Introduction to Wildlife and Fisheries  
NREM 210-3 Integrated Resource Management  
NREM 333-3 Field Applications in Resource Management

Physics:

All courses allowed

General Electives

Electives at any level in any subject sufficient ~~credit hours as necessary~~ to ensure completion of a minimum of ~~125~~ 120 credit hours.

**S-200901.18**

**Change to Program Requirements and Calendar Description — BSc Geography Minor in Geomorphology**

Schneider / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the BSc Geography Minor in Geomorphology calendar description and course requirements be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Minor in Geomorphology

~~The aim of the minor is to show a level of competence in a theme, field or program direction that a student feels would be beneficial to her/his career and which would be ancillary to the major. A minor in Geomorphology is appropriate for students who wish to obtain a level of competence in the history of Earth's landscapes, surface processes and environmental change.~~

The minors consists of key courses offered are those where there is a group of courses which, when taken together, provide a degree of proficiency in a that field that is actively sought after by environmental consulting firms and government agencies. By designating this group of courses as a minor the student is able to demonstrate a level of proficiency in that field.  
~~This minor is appropriate to those who wish to attain a degree of specialization in geomorphology.~~

A maximum of two courses (six credit hours) used to fulfill program requirements for a major or another minor may also be used to fulfill requirements for a minor in Geomorphology. The minimum requirement for the completion of the minor in Geomorphology is 18 credit hours.

Requirements

GEOG 210-3 Geomorphology

GEOG 311-3 ~~Concepts in Geomorphology~~ Drainage Basin Geomorphology

Four of:

GEOG 310-3 Hydrology

GEOG 405-3 Fluvial Geomorphology

GEOG 411-3 ~~Advanced Elements in Geomorphology~~ Quaternary and Surficial Geology  
GEOG ~~312-3412-3~~ Geomorphology of Cold Regions  
GEOG 300-3 Geographic Information Systems  
or GEOG 413-3 Advanced GIS  
or GEOG 432-3 Remote Sensing  
GEOG 414-3 Weathering Processes  
FSTY 205-3 Introduction to Soil Science  
or FSTY 425-3 Soil Formation and Classification

**S-200901.19**

**Change to Program Requirements and Calendar Description — BSc Geography Minor in Physical Geography**

Hyndman / Jensen

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the BSc Geography Minor in Physical Geography calendar description and course requirements be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Minor in Physical Geography

~~The aim of the minor is to show a level of competence in a theme, field or program direction that a student feels would be beneficial to her/his career and which would be ancillary to the major. A minor in Physical Geography is appropriate for students who seek a broad-based exposure to earth and environmental sciences. Prospective teachers, human geographers, and government agency and environmental consulting employees will find the study of Earth's processes and the natural environment beneficial to their future careers. The minors offered are those where there is a~~ consists of a group of courses which, when taken together, provide a degree of proficiency in that field Physical Geography.

~~This minor may be appropriate for someone who needs a broader background than in the geomorphology minor, such as for prospective teachers.~~

A maximum of two courses (six credit hours) used to fulfill program requirements for a major or another minor may also be used to fulfill requirements for a minor in Physical Geography. The minimum requirement for the completion of the minor in Physical Geography is 18 credit hours.

Requirements:

GEOG 210-3 Geomorphology

FSTY 205-3 Introduction to Soil Science

ENSC 201-3 ~~Introduction to Atmospheric Science~~ Weather and Climate

Three of\*:

ENSC 312-3 Boundary-layer Meteorology

or ENSC 408-3 Storms

GEOG 310-3 Hydrology

or GEOG 405-3 Fluvial Geomorphology  
GEOG 311-3 ~~Concepts in Geomorphology~~ Drainage Basin Geomorphology

or GEOG 413-3 Advanced GIS  
or GEOG 432-3 Remote Sensing  
GEOG 414-3 Weathering Processes

It was suggested that motions S-200901.20 and S-200901.21 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200901.20**

**New Course Approval — GEOG 111-1**

McGill / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course GEOG 111-1 Theory and Practice of Physical Geography be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course introduces physical geography students to the theory and practice of physical geography, particularly in BC, through seminars and invited presentations involving professional practitioners in the region and province. A weekend field trip is required. This course is intended for students who want to major in Physical Geography.

**Prerequisites:** permission of Program Chair

**S-200901.21**

**New Course Approval — GEOG 320-3**

McGill / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course GEOG 320-3 Sedimentology be approved as proposed.

Proposed semester of first offering: January 2011

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course considers processes that deposit sediments in Earth's diverse environments that include lakes, rivers, and oceans. At the end of the course students will be able to reconstruct environmental conditions that led to formation of stratified earth materials. Principles of lithostratigraphy, biostratigraphy, chronostratigraphy, sequence stratigraphy, and the facies concept are key topics of the course.

**Prerequisites:** GEOG 210-3

An Executive Summary of proposed changes to Health Sciences Programs curricula was included for information.

It was suggested that motions S-200901.22 and S-200901.23 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200901.22**

**Change to Degree Requirements — Bachelor of Health Sciences (MATH 242-3)**

Reid / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, degree requirements for Bachelor of Health Sciences be changed from MATH 242-3 Statistics for Social and Health Sciences to MATH 240-3 Basic Statistics.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**2nd year-15 credits**

HHSC 111-3 Anatomy and Physiology I

HHSC 112-3 Anatomy and Physiology II

HHSC 201-3 Ethics and Law in Health Care

HHSC 311-3 Nutrition

~~MATH 242-3 Statistics for Social and Health Sciences~~

MATH 240-3 Basic Statistics

or ECON 205-3 Statistics for the Social and Management Sciences

**S-200901.23**

**Change to Degree Requirements — Bachelor of Health Sciences (NURS 402-3)**

Reid / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, degree requirements for Bachelor of Health Sciences be changed from NURS 402-3 Health Promotion to HHSC 473-3 Health Promotion.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**4th year-6 credits**

HHSC 421-3 Medical Geography

~~NURS 402-3 Health Promotion~~

HHSC 473-3 Health Promotion

An Executive Summary of proposed changes to the Rural Acute Care Nursing Certificate curriculum was included for information.

**S-200901.24**

**Change to Title and Preamble — Rural Acute Care Nursing Certificate**

Hyndman / Zahir

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the title and preamble for the Rural Acute Care Nursing Certificate be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Rural Acute-Care Nursing Certificate Program**

The Rural Acute-Care Nursing Certificate Program provides the opportunity for Registered Nurses to pursue a concentrated program of courses in Rural Acute-Care Nursing. The Certificate ~~will provides~~ students with some of the essential knowledge and clinical skills needed to provide nursing care in rural ~~community hospitals~~ practice.

The Certificate ~~p~~Program has been developed as an academic program that is practice-driven, and is supported by health authorities across British Columbia. It is based upon the principles of primary health care, and an orientation to the needs of nurses working in acute-care facilities in rural and remote communities.

### **S-200901.25**

#### **Change to Degree Requirements — BSc in Natural Resources Management (Inclusion of the Minor in Indigenous Ecological Knowledge in the List of Eligible Minors)**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the BSc in Natural Resources Management (Forest Ecology and Management major) include the minor in Indigenous Ecological Knowledge within the list of eligible minors necessary for completing the degree requirements, and that the Calendar be amended to reflect this addition.

Effective date: May 2009

CARRIED.

A Senator asked whether this motion had been forwarded to the Senate Committee on First Nations and Aboriginal Peoples, and Senator Macknak responded that it had.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Major in Forest Ecology and Management**

Undergraduate students are required to take a total of 96 credit hours of program core courses in addition to a qualified minor as outlined below.

The minimum requirement for completion of a Bachelor of Science with a major in Forest Ecology and Management is 123 credit hours.

## **Program Requirements**

### **Lower Division Requirement**

#### **100 Level**

BIOL 101-4	Introductory Biology I
BIOL 102-4	Introductory Biology II
CHEM 100-3	General Chemistry I
CHEM 101-3	General Chemistry II
CHEM 120-1	General Chemistry Lab I
CHEM 121-1	General Chemistry Lab II
COMM 100-3	Introduction to Canadian Business
ECON 100-3	Microeconomics

MATH 152-3	Calculus for Non-majors
NREM 100-3*	Field Skills
NREM 101-3	Introduction to Natural Resources Management and Conservation
NRES 100-3	Communications in Natural Resources and Environmental Studies

*\*Note: Applications for exemption from NREM 100-3 must be made within the first year of study in any Natural Resource Management major.*

### **200 Level**

BIOL 201-3	Ecology
COMM 230-3	Organizational Behaviour
ENSC 201-3	Introduction to Atmospheric Science
FSTY 201-3	Forest Plant Systems
FSTY 205-3	Introduction to Soil Science
FSTY 207-1	Ecological Classification
FSTY 209-4	Forest Biology and Silvics
GEOG 205-3	Cartography and Geomatics
or GEOG 300-3	Geographic Information Systems
GEOG 210-3	Geomorphology
MATH 240-3	Basic Statistics
NREM 203-3	Resource Inventories and Measurements

### **Upper Division Requirement**

#### **300 Level**

FSTY 305-4	Silviculture I
FSTY 307-3	Disturbance Ecology and Forest Health
FSTY 317-1	Forest Disturbance Agents
FSTY 310-3	Forest Economics
or NREM 306-3	Society, Policy and Administration
NREM 303-3	First Nations' Approaches to Resource Management
NREM 333-3	Field Applications in Resource Management

#### **400 Level**

FSTY 408-3	Forest Practices and Management
NREM 400-4	Natural Resources Planning
NREM 411-3	Environmental and Professional Ethics
NRES 421-1	Professional Writing
and NRES 422-2	Undergraduate Report
or NRES 430-6	Undergraduate Thesis

### **Minor requirement associated with Forest Ecology and Management major**

Forest Ecology and Management students are required to complete a minor as part of their degree. The eligible minors will allow students to gain a solid foundation in numerous specialized areas of forest management.

Eligible minors include:

- Biology and Conservation
- Earth Sciences
- Environmental Planning
- Environmental Science
- Environmental Studies
- Forest Recreation
- General Business
- Geographic Information Systems (GIS)
- Global Environmental Change
- Indigenous Ecological Knowledge
- Natural Resources Planning and Operations
- Social Dimensions of Natural Resources Management

Minors have different credit hours requirements, but for all minors 12 credit hours must be at the upper division (i.e., 300 or 400 level). Students must ensure that all prerequisite courses have been completed for elective choices in each minor. Beyond the specific minor requirements, students must complete elective credit hours as necessary to ensure completion of a minimum of 123 credit hours.

It was suggested that motions S-200901.26 and S-200901.27 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200901.26**

**Change to Program Requirements and Calendar Description — Joint Major in Chemistry / Physics  
McGill / Jensen**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the calendar entry for the Joint Major in Chemistry / Physics degree program be modified as proposed.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Joint Major in Chemistry/Physics**

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Chemistry and Physics is 126 credit hours.

PHYS 307-3 (Selected Topics in Environmental Physics) may not be used as Physics credit toward any Physics major, minor, or joint major.

**Program Requirements**

**Lower Division Requirement**

<u>PHYS 351-3</u>	<u>Optics and Photonics I</u>

Three credit hours of 300 or 400 level Physics  
Six credit hours of 400 level Physics

### Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 126 credit hours.

#### **S-200901.27**

#### **Change to Program Requirements and Calendar Description — Joint Major in Computer Science / Physics**

McGill / Jensen

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the calendar entry for the Joint Major in Computer Science / Physics degree program be modified as proposed.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### Joint Major in Computer Science/Physics

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Computer Science and Physics is 127 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics or Computer Science major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics or Computer Science major or joint major.

PHYS 307-3 (Selected Topics in Environmental Physics) may not be used as Physics credit toward any Physics major, minor, or joint major.

### Program Requirements

#### Lower Division Requirement

CPSC 100-4	Computer Programming I
CPSC 101-4	Computer Programming II
CPSC 141-3	Discrete Computational Mathematics
CPSC 142-3	Discrete Computational Mathematics II

CPSC 200-3	Algorithm Analysis and Development
CPSC 231-4	Computer Organization and Architecture
CPSC 281-3	Data Structures I
MATH 100-3	Calculus I
or MATH 105-3	Enriched Calculus
MATH 101-3	Calculus II
MATH 200-3	Calculus III
MATH 220-3	Linear Algebra
MATH 230-3	Linear Differential Equations and Boundary Value Problems
PHYS 110-4	Introductory Physics I: Mechanics
PHYS 111-4	Introductory Physics II: Waves and Electricity
PHYS 200-3	Thermal Physics
PHYS 202-4	Electromagnetism and Optics
PHYS 205-3	Modern Physics I

#### Upper Division Requirement

CPSC 320-3	Programming Languages
CPSC 321-3	Operating Systems
CPSC 370-3	Functional and Logic Programming

\*Six credit hours of 300 or 400 level Computer Science.

Six credit hours of 400 level Computer Science (excluding seminar, project, and special topics courses).

<del>MATH 333-3</del>	- <del>Partial Differential Equations</del>
<del>—or MATH 334-3</del>	- <del>Ordinary Differential Equations</del>
<u>MATH 336-3</u>	<u>Intermediate Differential Equations</u>
MATH 335-3	Numerical Analysis I
<del>MATH 340-3</del>	- <del>Introduction to Probability</del>
<u>MATH 371-3</u>	<u>Probability and Statistics for Scientists and Engineers</u>
PHYS 300-3	Classical Mechanics
PHYS 302-3	Quantum Mechanics I
PHYS 305-4	Electronics [which must be taken before CPSC 231-4 (Computer Organization and Architecture)]
<del>PHYS 390-3</del>	- <del>Advanced Physics Laboratory</del>
<u>PHYS 404-3</u>	<u>Solid State Physics</u>

\*Three credit hours of 300 or 400 level Physics.

Six credit hours of 400 level Physics (excluding seminar, project, and special topics courses).

\*Three of these nine credit hours must be at the 400 level so that a minimum of 15 credit hours of 400 level Computer Science and Physics are completed.

#### Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 127 credit hours.

**To Senate for Information:**

**SCAPP200812.34**

**Change to Course Title and Calendar Course Description — GEOG 100-3**

That the changes to the course title and calendar course description for GEOG 100-3 Environments and People be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

GEOG 100-3 Environments and People: The Geography of Natural Hazards

This course is intended to introduce students to the Earth's physical processes that are hazardous to people. Students will be able to identify which regions of the world are at greatest risk for a given hazard and how humans can mitigate the loss of life and property. ~~an interdisciplinary understanding of earth and environmental processes and the results of human intervention in these processes. This includes the changing relationship of humans with the natural world and different approaches to understanding and solving environmental problems, local to global. It investigates such issues as human populations, loss of biodiversity, air and water pollution, energy use, climate change and ozone depletion.~~

**SCAPP200812.35**

**Change to Course Title, Calendar Course Description, Prerequisites, and Preclusions — GEOG 310-3**

That the changes to the course title, calendar course description, prerequisites and preclusions for GEOG 310-3 Hydrology be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

GEOG 310-3 Hydrology. This course is an introduction to physical hydrology.

It examines ~~and will include~~ the components of the hydrological cycle, ~~an~~ and investigates investigation of the processes of water movement and storage, ~~and an introduction to drainage basin form and process in the environment.~~

*Prerequisites:* ENSC 201-3 and MATH 240-3, or permission of instructor

*Precluded:* NREM 410-3

**SCAPP200812.36**

**Change to Course Title, Calendar Course Description and Prerequisites — GEOG 311-3**

That the changes to the course title, calendar course description and prerequisites for GEOG 311-3 Concepts in Geomorphology be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

GEOG 311-3 Concepts in Geomorphology Drainage Basin Geomorphology.

~~This course surveys process geomorphology, including: weathering, fluvial, glacial, periglacial, and near-shore marine processes. Emphasis will be on geomorphologic processes associated with Canadian landforms. Field trips may be required.~~ This course focuses on hillslope and fluvial processes in drainage basins. Laboratory exercises introduce quantitative methods to understand patterns of sediment production, movement, and storage in mountain watersheds.

*Prerequisites:* GEOG 210-3 and, PHYS 100-4, and MATH-240-3, or permission of instructor

**SCAPP200812.37**

**Change to Course Prerequisite — GEOG 405-3**

That the change to the prerequisites for GEOG 405-3 Fluvial Geomorphology be approved as proposed.  
Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

GEOG 405-3 Fluvial Geomorphology This course investigates river channel morphometry and landforms developed by running water; and focuses on the physical processes and techniques of measurement. Weekend field trips are required.

*Prerequisites:* GEOG 311-3 or permission of instructor

**SCAPP200812.38**

**Change to Course Title, Calendar Course Description and Prerequisites — GEOG 411-3**

That the changes to the course title, calendar course description and prerequisites for GEOG 411-3 Advanced Elements in Geomorphology be approved as proposed.  
Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

GEOG 411-3 ~~Advanced Elements in Geomorphology.~~ Quaternary and Surficial Geology  
This course ~~emphasizes Quaternary geomorphology~~ examines geomorphic processes and environmental change in BC during the last two million years of Earth's history.  
~~Advanced topics vary from year to year and include examples from the North and BC.~~  
*Prerequisites:* ~~GEOG-210-3, 311-3,~~ or permission of instructor.

**SCAPP200812.39**

**Change to Course Number — GEOG 412-3**

That the change to the course number for GEOG 412-3 Geomorphology of Cold Regions be approved as proposed.  
Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~GEOG 412-3~~ 312-3 Geomorphology of Cold Regions

This course provides a detailed ~~look at~~ examination of the processes and landforms of cold regions.

*Prerequisites:* GEOG 210-3 or permission of the instructor

**SCAPP200812.40**

**Change to Course Prerequisite — GEOG 414-3**

That the change to the prerequisites for GEOG 414-3 Weathering Processes be approved as proposed.  
Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

GEOG 414-3 Weathering Processes This course provides a~~A~~ detailed investigation of weathering processes and their applied aspects.

*Prerequisites:* ~~GEOG 311-3~~ GEOG 312-3 or permission of instructor

**SCAPP200812.08**

**Major Restriction Change — NURS 451-3**

That the changes to the Major Restriction for NURS 451-3 Health Assessment Across the Lifespan be approved as proposed.  
Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 451-3 Health Assessment Across the Lifespan** This course provides students with the knowledge and skills needed to extend their ability to conduct a thorough health assessment for diverse client populations throughout the lifespan. Students conduct age-appropriate comprehensive health histories and physical examinations, identify health concerns and risks, taking into account culture, ethnicity and health beliefs, and make informed clinical judgments. This course includes an extended skills-building workshop. This course is restricted to registered nurses.

*Major Restriction:* Restricted to the Rural ~~Acute Care~~ Nursing Certificate Program or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

**SCAPP200812.09**

**Calendar Course Description Change — NURS 452-6**

That the changes to the calendar course description for NURS 452-6 Chronic Disease Management, Palliative Care and Wound Care be approved as proposed.  
Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 452-6 Chronic Disease Management, Palliative Care and Wound Care**

This course has three components: The Chronic Disease Management component utilizes current, evidence-based knowledge, skills and management tools to provide effective ~~patient-client~~ centred care for ~~clients~~ those with chronic health challenges in rural practice. The Palliative Care section enables ~~the~~ learners to extend their knowledge surrounding palliative care guidelines and ~~concludes with~~ discusses grief and bereavement issues. ~~In~~ The Wound Care component, ~~students learn how to provide~~ examines evidence-based and cost-effective wound care for people residing in rural settings. This course is restricted to registered nurses.

*Major Restriction:* Restricted to the Rural ~~Acute Care~~ Nursing Certificate Program or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

**SCAPP200812.10**

**Calendar Course Description Change — NURS 453-3**

That the changes to the calendar course description for NURS 453-3 Nursing Practice with Older Persons be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 453-3 Nursing Practice with Older Persons** This course focuses on health-promoting, person-centred practice for nurses working with older persons in rural ~~acute care~~ communities. Assessment focuses on the physical and mental health of older persons within the context of their everyday experience and their families and/or cultures. Particular attention is paid to the strengths of the individual as well as the presenting health challenges. Nurses explore strategies to prevent and/or address common health issues experienced by older persons. This course is restricted to registered nurses.

*Major Restriction:* Restricted to the Rural ~~Acute Care~~ Nursing Certificate Program or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

**SCAPP200812.11**

**Calendar Course Description Change — NURS 454-6**

That the changes to the calendar course description for NURS 454-6 Perinatal Care be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 454-6 Perinatal Care** This course spans the antenatal, intrapartum and post-partum continuum ~~with particular~~ focusing on the perinatal skills and competencies required for nurses to support women and their families ~~through as they experience~~ low-risk, normal pregnancies. Students learn to recognize and take action in abnormal situations ~~beyond the bounds of normal~~ and make sound, informed clinical judgments in emergency situations in rural settings. This course involves an ~~extended~~ workshop and practicum. Prior to the practicum, students must provide proof of certification in the Neonatal Resuscitation Program (NRP) and the Fetal Health Surveillance course (FHS). This course is restricted to registered nurses.

*Major Restriction:* Restricted to the Rural ~~Acute Care~~ Nursing Certificate Program or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

**SCAPP200812.12**

**Course Prerequisite and Calendar Course Description Change — NURS 455-6**

That the changes to the course prerequisite and calendar course description and prerequisite for NURS 455-6 Critical Care, Emergency and Trauma be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 455-6 Critical Care, Emergency and Trauma** This course provides students with the practical ~~evidence-based~~ evidence-based information, skills and tools necessary to quickly identify ~~patients~~ clients with critical conditions and to intervene appropriately and effectively within the context and confines of rural nursing practice. The most salient aspects of adult, geriatric and pediatric emergency and critical care encountered in rural practice are examined. ~~This includes rapid and accurate patient assessment, recognition of~~

clinical deterioration, and emergency interventions with stabilization and safe transfer of life threatening conditions. The course includes a focused lab experience and a practicum at a larger tertiary centre. This course is restricted to registered nurses.

*Major Restriction:* Restricted to the Rural Acute Care Nursing Certificate Program or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

*Pre or co-requisites:* NURS 451-3 or equivalent

### **SCAPP200812.13**

#### **Calendar Course Description Change — NURS 456-3**

That the changes to the calendar course description for NURS 456-3 Mental Health and Addictions be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 456-3 Mental Health and Addictions** This course provides ~~students with the~~ basic knowledge and skills required to care for people living with common mental health and addiction issues encountered in rural nursing practice. A holistic relational nursing focus allows students to apply concepts ~~discussed in~~ to a variety of health challenges and to intervene appropriately. Nursing approaches to clinical decision making with clients who have specific mental health problems such as psychotic, mood, anxiety and personality disorders are highlighted. Nursing practice approaches to addictions, substance use, and crisis intervention, including aggression and suicide attempts, are addressed. This course is restricted to registered nurses.

*Major Restriction:* Restricted to the Rural Acute Care Nursing Certificate Program or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

### **SCAPP200812.14**

#### **Major Restriction Change — NURS 457-3**

That the changes to the Major Restriction for NURS 457-3 Living and Working in a Rural Community be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 457-3 Living and Working in a Rural Community** This course enables students to gain an understanding and appreciation of the unique challenges facing nurses who live and work in rural communities. Confidentiality, anonymity, cultural safety, inter-professional relationships, population health, and maintaining competence are addressed. Students gain greater knowledge and sensitivity in the provision of ethical and effective health care for First Nations populations. This course is restricted to registered nurses.

*Major Restriction:* Restricted to the Rural Acute Care Nursing Certificate Program or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

### **SCAPP200812.41**

#### **Change to Course Prerequisite — ORTM 433-(1-6)**

That the change to the prerequisites for ORTM 433-(1-6) Field Experience II be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Prerequisites: Any 300 level ORTM course and 60 credit hours, ~~and~~ or permission of instructor.

**SCAPP200812.44**

**Change to Calendar Course Description — PHYS 115-4**

That the change to the calendar course description of PHYS 115-4 General Introduction to Physics be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**PHYS 115-4** This is an Algebra-based introductory physics course for students without ~~GRADE 12 PHYSICS~~ Grade 12 Physics. Topics covered include physics and measurement, the laws of motion, work and energy, linear momentum and collisions, static equilibrium, elasticity, laws of thermodynamics, fluid mechanics, sound waves, electric field, electric potential, DC circuits, magnetic field, electromagnetic waves, laws of geometrical optics, and elements of modern physics.

Prerequisites: ~~none~~ Students with credit in Physics 12 require permission of the Program Chair.

**7.2 Senate Committee on Research and Graduate Studies**

**Fondahl / Hartley**

**S-200901.28**

**Course Deletion — BIOL 631-3**

McGill / Jensen

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the course BIOL 631-3 Plant-Microbial Interactions be deleted and removed from the Calendar.

Effective date: September 2009

CARRIED.

An Executive Summary of proposed changes to Health Sciences Programs curricula was included for information.

**S-200901.29**

**Change to Program Calendar Description — Master of Community Health Science**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the deletion of HHSC 798-(3-6) Directed Studies from the Master of Community Health Science degree course listing be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Catalog Entries**

<b>HHSC 680 - Directed Studies</b>
Directed Studies.
<b><del>HHSC 798 - Directed Studies</del> Delete Course</b>

**S-200901.30**

**Change to Grade Mode — DISM 794-6**

Wagner / Jensen

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the grade assignments for DISM 794-6 (Disability Management Major Paper) be changed from one of "Pass/Fail" to letter grade.

Effective date: September 2009

CARRIED.

**S-200901.31**

**Calendar Revision — Semester Dates and Economics Program Admission Deadline**

Hyndman / Annis

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the Graduate Calendar (pages 35 and 63) be changed to include a January admission date for students to the MA Development Economics Program.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**a. Semester Dates**

15	Monday	Application deadline for Graduate Studies for January Semester for: <u>Development Economics (MA)</u> , First Nations Studies (MA), Gender Studies (MA), International Studies (MA), Mathematical, Computer, & Physical Sciences (MSc), Natural Resources & Environmental Studies (MA, MSc, MNRES), Political Science (MA), Business Administration (MBA).
----	--------	--

**b. Development Economics (MA Program) page 63**

Application deadlines are found in this calendar under "Semester Dates<sub>1</sub>" or online at: [www.unbc.ca/calendar/graduate](http://www.unbc.ca/calendar/graduate), also under "Semester Dates." The Development Economics MA Program accepts students for the September and January Semesters.

It was suggested that motions S-200901.32 and S-200901.33 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200901.32**

**Change to Program Requirements and Calendar Description — MEd Counselling Specialization**

Chasteauneuf / Zahir

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the MEd Counselling specialization in the School of Education description and regulations be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## MEd Program Requirements

### Thesis Requirement

The thesis pattern of study emphasizes academic study, research, and the successful completion of a thesis. This program pattern is designed to develop each student's ability to evaluate theory and practice, and conduct research that contributes to the discipline. The thesis pattern requires the successful completion of a minimum of 32 credit hours and a maximum of 38 credit hours of graduate course credit in the Multidisciplinary Leadership specialization, or a minimum of 38 credit hours in the Counselling specialization. This credit must include a minimum of 23 credit hours of graduate course work in the Multidisciplinary Leadership specialization, or a minimum of 29 credit hours in the Counselling specialization, and at least nine (9) credit hours of supervised research culminating in the completion of a thesis and the successful defense of it in an oral examination.

### Project Requirement

The project pattern of study emphasizes the study of theory and practice, and the successful completion of an innovative research and/or development project that addresses a particular aspect of practice. This program pattern is designed to develop a student's ability to evaluate and improve professional practice in the discipline. The project pattern requires the completion of a minimum of ~~38~~ 32 credit hours in the Multidisciplinary Leadership specialization, or a minimum of 38 credit hours in the Counselling specialization ~~of graduate course credit~~. This credit must include a minimum of ~~32~~ 26 credit hours of graduate course work in the Multidisciplinary Leadership specialization, or a minimum of 32 credit hours in the counseling specialization, and a maximum of ~~26~~ credit hours ~~of graduate course work~~, and at least six (6) credit hours of supervised work, culminating in the successful completion of a project.

### Comprehensive Examination Requirement

The comprehensive examination pattern of study requires the successful completion of a comprehensive examination that evaluates a candidate's knowledge of theory, research, and practice in his/her field of study. This program pattern is designed to enhance and reinforce a student's knowledge of both theory and practice, as well as their interrelationship. The comprehensive examination pattern requires the successful completion of a minimum of 32 credit hours and a maximum of 38 credit hours of graduate course credit in the Multidisciplinary Leadership specialization, or a minimum of 38 credit hours in the Counselling specialization. This credit must include a minimum of 29 credit hours of graduate course work in the Multidisciplinary Leadership specialization or a minimum of 35 credit hours in the Counselling specialization, and three (3) credit hours awarded upon the successful completion of a written comprehensive examination.

Application can be made to the School of Education Program to enter a thesis or project route after having completed at least 12 credit hours of course work. ~~If approved, the thesis route would consist of four (4) core courses and required focus area courses, a sufficient number of electives, and a thesis.~~

~~The project route would consist of four (4) core courses, required focus area courses, a sufficient number of electives, and a project.~~

The research seminar course, EDUC 795-3, is strongly recommended, and may even be required, if research is to be undertaken. ~~Students may take extra electives, up to a maximum of 38 total credit hours for the degree.~~

### Counselling

The Counselling specialization is designed to prepare counselors to provide professional services and leadership

in counselling and psycho-educational programs offered in schools, post-secondary institutions, social service agencies, and community health organizations. Students have the opportunity to choose the type(s) of counselling they wish to focus upon, and to complete periods of supervised clinical practice in practicum settings that are relevant to their interest, based on availability. The program includes an integrated core of required courses, elective courses, and a thesis, project or comprehensive examination. Counselling students are required to complete ~~seven (7)~~ eight (8) required courses, ~~four (4)~~ three (3) elective courses, and a comprehensive examination. ~~Special~~ Application can be made to the School of Education program to enter a thesis or project route after completion of at least 12 credit hours of course work. If approved, the thesis route would consist of ~~seven (7)~~ eight (8) required courses, ~~two (2)~~ one (1) electives, and the thesis, while a project route would consist of ~~seven (7)~~ eight (8) required courses, ~~three (3)~~ two (2) electives, and a project. The course requirements and courses for the Counselling ~~program~~ specialization appear below.

EDUC 602-4 Quantitative Research Design and Data Analysis  
EDUC 610-4 Qualitative Analysis in Education  
EDUC 613-3 Interpersonal Counselling Skills  
EDUC 711-3 Counselling Theory  
EDUC 712-3 Counselling Practice  
EDUC 714-3 Group Counselling Processes  
EDUC 717-3 Ethics in Counselling  
EDUC 719-3 Counselling Practicum

### **S-200901.33**

#### **New Course Approval — EDUC 717-3**

Chasteauneuf / Zahir

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course EDUC 717-3 Ethics in Counselling be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines ethical and legal issues found in counselling practice with individuals, couples, families, and groups. It also presents an ethical decision-making process and model for application to counselling practice dilemmas. Students will become familiar with counselling codes of ethics.

### **S-200901.34**

#### **Course Deletion — GEOG 612-3**

McGill / Jeffery

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the course GEOG 612-3 Geomorphology of Cold Regions be deleted and removed from the Calendar.

Effective date: September 2009

CARRIED.

It was suggested that motions S-200901.35 and S-200901.36 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

### **S-200901.35**

#### **Calendar Revision — Interdisciplinary Studies Program Admission Deadline for January Semester Admissions**

Hartley / Hutchings

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the admission entry dates for the Interdisciplinary Studies Program (MA and MSc) be revised to include a September 15th deadline for January Semester admissions.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## 1.0 General Admission

Application material is available from the Office of the Registrar or from the web site, [www.unbc.ca/graduateprograms/](http://www.unbc.ca/graduateprograms/). The requirements for admissibility include, but are not limited to: an acceptable academic standing (see 1.3.2); acceptable letters of reference; the availability of a supervisor within the program concerned; and the availability of adequate space and facilities.

All documents submitted to the Office of the Registrar must be in the original language in which they were produced. Documents not produced in the English language must be accompanied by a notarized translation into English. Documents submitted in support of an application become the property of the University of Northern British Columbia and will not subsequently be released.

Application deadlines are **February 15** for September Semester and May Semester admission, and **September 15** for January Semester admission. Individual graduate programs may set other deadlines.

The **deadline** for application to the **English Program** is **January 16** for September Semester admission.

The **deadline** for application to the **Psychology Program** is **January 16** for September Semester admission.

The **deadlines** for application to the **Interdisciplinary Studies (MA and MSc) Program** are **February 15** for September Semester admission; and, **September 15** for January Semester admission.

The **deadline** for application to the **Disability Management Program** is **March 15** for September Semester admission.

The **deadlines** for Canadian applications to the **Master of Business Administration** degree program are **May 15** for September Semester admission and September 15 for January Semester admission. The deadlines for international applications to the Master of Business Administration degree program are April 15 for September Semester admission and July 15 for January Semester Admission.

Applications for admission should be submitted as early as possible to the Office of the Registrar. Applications received after the deadlines may not be processed in time to permit admission.

Intake to Graduate Programs is in the September Semester. However, some programs have intake in the January Semester as well.

Admission to a Graduate Program is valid only for the semester indicated in the letter of offer of admission.

The University of Northern British Columbia specifically reserves the right to exercise its sole, absolute, and unfettered discretion in admitting individuals to the University, its programs, or courses.

Applicants who have been offered admission to a graduate program must indicate, in writing, their intention to accept or decline the offer of admission within thirty days. **Failure to notify the University may result in cancellation of the offer of admission.**

**In order to be considered for admission to Graduate Programs, all applicants must provide the following to the Office of the Registrar by the deadlines noted above:**

1. **Application form for admission to Graduate Programs.**
2. **Application fee.**
3. **Document evaluation fee (if applicable). Please see [Fees](#).**
4. **Three assessment reports (letters of reference) sent directly to UNBC from the referees.**
5. **Official transcripts (one copy) from all post-secondary institutions attended.**

## 6. Statement of Academic Interests (letter of intent).

The following programs require the submission of additional application material in order to complete the application: **Business Administration; Community Health Science; Disability Management; Education (Counselling); English; History; Interdisciplinary Studies; International Studies; Mathematical, Computer, and Physical Sciences; Natural Resources and Environmental Studies; Nursing and Family Nurse Practitioner; Psychology; and Social Work.** See individual program listings for further information.

### **S-200901.36**

#### **Calendar Revision — Interdisciplinary Studies Program Admission Deadline for May Semester Admissions**

Hartley / Hutchings

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the admission entry dates for the Interdisciplinary Studies Program (MA and MSc) be revised to include a February 15th deadline for May Semester admissions.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Application material is available from the Office of the Registrar or from the web site, [www.unbc.ca/graduateprograms/](http://www.unbc.ca/graduateprograms/). The requirements for admissibility include, but are not limited to: an acceptable academic standing (see 1.3.2); acceptable letters of reference; the availability of a supervisor within the program concerned; and the availability of adequate space and facilities.

All documents submitted to the Office of the Registrar must be in the original language in which they were produced. 11. **Official transcripts (one copy) from all post-secondary institutions attended.**
12. **Statement of Academic Interests (letter of intent).**

The following programs require the submission of additional application material in order to complete the application: Business Administration; Community Health Science; Disability Management; Education (Counselling); English; History; Interdisciplinary Studies; International Studies; Mathematical, Computer, and Physical Sciences; Natural Resources and Environmental Studies; Nursing and Family Nurse Practitioner; Psychology; and Social Work. See individual program listings for further information.

### **S-200901.37**

#### **Change to Program Requirements — Political Science MA Program**

DeWiel / Hutchings

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the MA Program Requirements and Course Offerings for Political Science be updated to reflect the addition of a Master's Project option and the addition of three courses: POLS 797-9 Master's Project; POLS 617-3 Ethical Leadership and POLS 672-3 Contemporary Theories of Political Community.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### Requirements

Students may choose either a Thesis or a Project option.

### Thesis Option

Requirements for the thesis option comprise four graduate courses, a thesis proposal and a 12 credit thesis. Three of the four required graduate courses must be from the discipline of Political Science and must include POLS 702-3 - Scope and Methods of Political Science.

~~Course work includes POLS 702-3 (Scope and Methods of Political Science), an approved research proposal, and a thesis (POLS 799-12). Besides POLS 702-3, two of the four required graduate courses should be from Political Science.~~

### Project Option

Requirements for the project option comprise five graduate courses, a project proposal and a 9 credit project. Three of the five required graduate courses must be from the discipline of Political Science and must include POLS 702-3 - Scope and Methods of Political Science.

## Course Offerings

\*~~Indicates courses offered every year. All others are offered every other year.~~

POLS 600-3 Classics in Political Theory  
POLS 601-3 Resource Politics  
POLS 603-3\*Social and Health Policy and Administration  
POLS 605-3 Topics in Society and Democracy  
POLS 612-3 Comparative Aboriginal-State Relations  
POLS 613-3 Democracy, Citizenship and Human Rights  
POLS 614-3\*Comparative Federalism  
POLS 615-3\*Comparative Northern Development  
POLS 617-3 Ethical Leadership  
POLS 634-3\* Resource Communities in Transition  
POLS 672-3 Contemporary Theories of Political Community  
POLS 702-3\* Scope and Methods of Political Science  
POLS 704-3 Independent Study  
POLS 797-9 Master's Project  
POLS 799-12 Master's Thesis

#### **Calendar Revision — Audit Fees for Degree and Non-Degree Graduate Students**

Jeffery / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the Audit Fees for Degree and Non-Degree Graduate Students section (refer to Fees section) of the Graduate Academic Calendar be approved.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**\*Is a Main Heading not a sub-heading.**

### **Audit Fees for Degree and Non-Degree Graduate Students\***

Full-time and part-time graduate (degree) students auditing undergraduate courses will be charged the same per-credit-hour fee as part-time undergraduate students.

Graduate (degree) students who audit courses at the graduate or undergraduate level are responsible for all applicable course fees (e.g. ~~filed~~ field trip fees). Ancillary fees are included in the student's full- or part-time graduate program tuition fee units.

Non-degree students ~~and/or those persons holding a four-year Baccalaureate degree~~ as defined in Section ~~1.5~~ 4.3.4 will be charged \$376.11 (half of the cost of taking one course as a non-degree student) for auditing any three-credit hour course. They are responsible for all applicable ancillary and individual course fees.

**S-200901.39**

**Calendar Revision — Final Oral Examinations (Section 7.10 of the Graduate Academic Calendar)**

Hartley / Annis

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the 7.10 Final Oral Examinations section of the Graduate Academic Calendar be approved as proposed.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## 7.10 Final Oral Examinations

All Doctoral programs require a final oral examination. The regulations for such examinations are the same as for Master's programs, except as noted below.

**7.10.1 Formation of the Examining Committee** The final oral examining committee for the Doctoral degree shall consist of the ~~Associate~~ Dean of Graduate Programs or designate as Chair, the supervisory committee, and ~~at least one other an~~ external examiner from outside the university, who will normally attend the oral examination.

Before the dissertation is forwarded to the external examiner, ~~do~~ doctoral supervisory committee members shall each declare in writing to the supervisor and the ~~Associate~~ Dean of Graduate Programs either that the dissertation is of adequate substance to warrant that the student proceed to the final examination or that the dissertation is unsatisfactory and that the student should not be allowed to proceed to the final oral examination. An evaluation of the dissertation's ~~strengths and weaknesses~~ merits and deficiencies should accompany the declaration. A declaration of satisfactory does not constitute final approval of the dissertation. A judgement of unsatisfactory performance by a ~~member of the supervisory committee~~ doctoral supervisory committee member will be reviewed by the ~~Associate~~ Dean of Graduate Programs, but normally constitutes grounds for not sending a copy of the dissertation to the external examiner.

**7.10.2 External Examiner** A distinguished scholar with particular experience both in the field of the dissertation research and in supervising doctoral students shall be chosen as the external examiner. The student's supervisory committee shall make the recommendation, and the supervisor should then make an informal inquiry as to the prospective external examiner's willingness to serve. If the individual is prepared to serve, the nomination is then made by the Supervisor and the Graduate Program Chair to the ~~Associate~~ Dean of Graduate Programs who makes the formal invitation to the external examiner.

The ~~Associate~~ Dean of Graduate Programs will request that the external examiner provide a detailed report on the merits and deficiencies of the dissertation, as well as an overall evaluation using the same categories as those used by internal examiners. The external examiner is requested to present the report to the ~~Associate~~ Dean of Graduate Programs within one month of the receipt of the dissertation. Adequate time must be allowed for the transmission of the dissertation and the receipt of the report. A judgement of unsatisfactory performance by the external examiner will be reviewed by the ~~Associate~~ Dean of Graduate Programs, but normally constitutes a failed attempt of the dissertation defence.

The proposed external examiner must be in a position to review the dissertation objectively and to provide a critical analysis of the work and the presentation. It is therefore essential that the external examiner not have a current or previous association with the student, the supervisor, or the Program which would hinder this type of objective analysis. The external examiner should hold a PhD, hold an appointment with a recognized university or be a recognized scholar in their field, and have no affiliation (as described below) with the student or the supervisor. The supervisor and the student must submit a declaration to the ~~Associate~~ Dean of Graduate Programs that neither party has performed collaborative research work with the external examiner within the last five years. While the definition of "arm's length" is left to the discretion of the Program, justification of the selection may be required by the Office of Research and Graduate Programs.

**7.10.3 Changes in the Examining Committee** The Associate Dean of Graduate Programs must also approve changes to the membership of the examining committee. No changes shall be made to the examining committee after the dissertation is distributed by the Office of Research and Graduate Programs to the committee for examination. Should the dissertation not be submitted for examination within 12 months after the appointment of the examining committee, the committee appointment will lapse and a new appointment shall be necessary.

**7.10.4 Approval For Advancement to the Oral Examination** The Office of Research and Graduate Programs must receive all examiners' reports at least two weeks prior to the intended date of the oral examination.

**7.10.5 Guidelines For Advancement to the Oral Examination** When considering the candidate's advancement to the final oral examination, the ~~committee of internal examiners~~ doctoral supervisory committee members may wish to use the following guidelines:

- a. If all the reports judge the dissertation to be satisfactory, advancement to the oral examination should be automatic. The Office of Research and Graduate Programs shall send copies of all reports to each ~~internal dissertation examiner~~ doctoral supervisory committee member and also to the candidate.
- b. If one or more of the reports judge the dissertation to need major revisions, the Office of Graduate Studies shall send copies of all the reports to ~~each internal dissertation examiner~~ doctoral supervisory committee member and the Graduate Program Chair. Two copies of all the reports are sent to the supervisor who shall provide one copy to the candidate. The ~~committee of internal examiners~~ doctoral supervisory committee members should strive to provide the supervisor and the candidate with specific advice about the nature and scope of the revisions required and any other pertinent matters (such as the time that should elapse before the dissertation will be accepted for reconsideration).
- c. If the ~~internal examiners~~ doctoral supervisory committee members judge an unfavorable report by an external examiner to be unwarranted, they may recommend, through the Graduate Program Chair, that the Associate Dean of Graduate Programs submit the dissertation to a second external examiner.

**7.10.6 Requirements Prior to Oral Examination Scheduling** The examination will normally be held at the Prince George Campus. Exceptions must have the unanimous agreement of all examining committee members and the student. Normally, the oral examination shall be open to all members of the University of Northern British Columbia community. In exceptional cases, the final oral examination may be closed, for example, when the results of the dissertation research must be kept confidential for a period of time. In such cases, the ~~examining committee~~ doctoral supervisory committee members and Graduate Program Chair shall recommend such action to the Associate Dean of Graduate Programs who may then approve that the final oral examination be closed to all but the examining committee and the Associate Dean of Graduate Programs (or designate).

**Candidate Information** At least two weeks prior to the oral examination, the candidate must submit to the Office of Research and Graduate Programs the following information: biographical data (where and when born); outstanding points in career, awards, etc.; list of degrees obtained (where and when); the exact title of the dissertation; an abstract of the dissertation (not more than 350 words); and a list of publications. This information is used to advertise the oral examination.

**Note: The above documentation should be submitted in electronic form.**

**Notice of Examination** Except in the case of a closed examination and provided the information is received in sufficient time to meet publication deadlines, a notice of the candidate's oral examination will be published. Students, staff and faculty members who are not members of the examining committee are invited and encouraged to attend the oral examination, but are not permitted to participate in the formal questioning.

**7.10.7 Format of the Examination** The first part of the oral examination shall consist of an oral presentation by the candidate to include a summary of the salient points of the research within a time span of 25 to 30 minutes. This is followed by the questioning and examination of the candidate by the ~~examining~~ examining committee. The question period is normally about two ~~and a half~~ hours in duration.

It is the responsibility of the Chair of the oral examination to pose questions raised by the external examiner (if not in attendance).

The Chair of the oral examination may exercise discretion in allowing questions from the audience following completion of the formal examination.

**7.10.8 Decision of the Committee** Following completion of the formal examination, the candidate and audience are required to withdraw from the examination room. The ~~examiners~~ examining committee members will consider their report and will also determine the nature of and procedures for approval of any revisions that will be required prior to submission of the dissertation.

The examining committee may exercise its discretion on ~~such the following matters as to:~~ who must approve the required revisions, time limits for the completion of revisions, the necessity for a second oral examination, and any other matters. These matters should be summarized in a memorandum sent to the student by the Supervisor. Before being sent to the student, the memorandum should be circulated to the examining committee members for confirmation. It shall be the responsibility of a designated member of the oral examination committee (normally the supervisor) to ensure that all such revisions are completed before the copies of the unbound dissertation are submitted to the Office of Research and Graduate Programs for binding. The candidate will be recommended for the PhD degree when the dissertation, accompanied by a signed statement from the supervisor that the required revisions are completed, is submitted to the Office of Research and Graduate Programs, providing all other degree requirements have been satisfied.

**7.10.9 Report of the Committee** The final judgement of the examiners on the dissertation and the oral examination shall be reported to the ~~Associate~~ Dean of Graduate Programs in the term "pass" or "fail". The dissertation must be passed by the external examiner and a majority of members of the examining committee. In the case of a failure for the dissertation at the PhD level a detailed written report will be prepared by the Chair and made available to the candidate and also submitted to the ~~Associate~~ Dean of Graduate Programs.

A student who receives a failure on either the dissertation or the oral examination twice shall be required to withdraw from his/her doctoral program.

**To Senate for Information:**

**SCRG200812.03**

**Changes to Course Title and Calendar Course Description — ANTH 605-3**

That the changes to the title and calendar course description for ANTH 605-3 Topics in Landscapes and Place be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ANTH 605 – Topics in Landscapes and Place Landscapes, Place and Culture**

~~An examination and critique of the anthropological approaches to landscape space and place. Cross-cultural and cross-temporal case studies will be used.~~ This course provides an

examination and critique of the anthropological approaches to landscape, space and place. Cross-cultural and cross-temporal case studies are used.

**SCRGS200812.11**

**Change to Course Prerequisites — GEOG 605-3**

That the changes to the prerequisites for Geography 605-3 Fluvial Geomorphology be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

GEOG 605-3 Fluvial Geomorphology This course investigates ~~An investigation of~~ river channel morphometry and landforms developed by running water, and focuses on the physical processes and techniques of measurement. Weekend field trips are required.

*Prerequisites:* ~~GEOG 310-3 or equivalent or p-~~ Permission of instructor

**SCRGS200812.12**

**Change to Course Title, Calendar Course Description and Prerequisites — GEOG 611-3**

That the changes to the course title, calendar course description and prerequisites for GEOG 611-3 Geomorphology of Northern BC be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

GEOG 611-3 ~~Geomorphology of Northern BC~~ Quaternary and Surficial Geology  
This course ~~reviews the geomorphology of this region with emphasis on the Quaternary history and relevant glacial and fluvial processes. Special topics, which vary from year to year, will be a component of this course. Field trips required.~~ examines geomorphic processes and environmental change in BC during the last two million years of Earth's history.

*Prerequisites:* ~~GEOG 210-3, 311-3 or p-~~ Permission of instructor

**Criteria:** Academic Excellence Proficiency

**SCSB20081210.04**

**Calendar Description Revision — UNBC Athletics Awards**

That the calendar description for the UNBC Athletics Awards be revised as proposed.

Effective date: December 2008

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

- Value:** ~~\$500~~ a minimum of \$500, up to a maximum value of tuition and fees
- Number:** ~~Ten~~ Up to Ten
- Criteria:** Recipients must meet UNBC admission, enrolment and full-time attendance requirements, and maintain at minimum a cumulative grade point average of 2.00. Final selection will be based on the student's contribution to the athletic team.
- Note:** No application is required. The Athletic ~~Coordinator~~ Director and coaching staff will select the recipients.

#### **SCSB20081210.05**

##### **Revised Terms and Conditions — Allan Forssell Endowed Graduate Scholarship**

That the revised Terms and Conditions for the Allan Forssell Endowed Graduate Scholarship be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Value:** \$1,000 ~~\$900~~

**Conditions:** Successful applicants must agree to:

1. Provide SET-BC with their photo and bio;
2. SET-BC publicly announcing their name as the recipient of this award.

#### **SCSB20081210.06**

##### **Revised Terms and Conditions — Gerald Kirschke Memorial Bursary**

That the revised Terms and Conditions for the Gerald Kirschke Memorial Bursary be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Description/Intent:** This bursary was established in memory of Gerald Kirschke. Gerald was a second generation logger who grew up in the Prince George area. Gerry, along with Bruce Murdoch owned and operated Six Mile Lake Logging Ltd. which operated east of town throughout the seventies and eighties. His father Bill Kirschke owned and operated Six Mile Lake Sawmills on Tabor Lake throughout the fifties and sixties. Gerry was well respected throughout the forest industry and believed there was a strong future in forestry for the North. This bursary is intended to support a student in Natural Resources Management who is experiencing financial need.

#### **SCSB20081210.07**

##### **Revised Terms and Conditions — Northern Trust Bursary**

That the revised Terms and Conditions for the Northern Trust Bursary be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Name:** Northern Development ~~Trust~~ Bursary

**Application Instructions:** Fill out all sections of the Awards Application form and attach a 300 word submission outlining your community involvement and future plans to establish a business

or career in the north or central BC. Describe how this fits with the vision, mission and mandate of the Northern Development Trust, which can be found at [www.northerndevelopment.bc.ca](http://www.northerndevelopment.bc.ca) [www.nditrust.ca](http://www.nditrust.ca).

#### **SCSB20081210.08**

##### **Revised Terms and Conditions — BC Association of Social Workers, Northern Branch Bursary**

That the revised Terms and Conditions for the BC Association of Social Workers, Northern Branch Bursary be approved.

Effective date: January 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Eligibility:** Available to full time students who have completed at least 90 credit hours towards a degree in Social Work and are members of the BCASW. Recipients must be residents of northern British Columbia. First preference will be given to single parents.

**Note:** Should two or more students qualify, the Chair of the School of Social Work program will recommend a candidate on the basis of the student's potential to contribute most to the northern British Columbia social work field. The recipients will be invited to address a meeting of the BC Association of Social Workers.

#### **SCSB20081210.09**

##### **Calendar Description Revision — Section I (Awards); 1. Applications**

That the following text replace Section I.1. Applications, on page 265 of the 2008-2009 Undergraduate Calendar.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **1. Applications**

Application forms for awards are available at the offices of high school guidance counsellors, other post-secondary institutions, and at UNBC ~~Student Success Centres~~ Awards and Financial Aid Office. An on-line application form is also available by accessing the UNBC website [www.unbc.ca/finaid/](http://www.unbc.ca/finaid/).

Individual applicants are responsible for knowing the application deadlines, providing complete information on the application form and for supplying any supporting documentation that is required. Students are advised to read information listed under Application Instructions to their UNBC awards application form.

The deadline for Early Admission Awards is November 15. Unless otherwise stated, the deadline for applying for all other awards is **March 1, 2009**.

Application forms are not carried over from one award period to the next. Applicants are required to submit a new application form, along with any supporting documentation required, for each award period.

#### **7.4 Senate Committee on Nominations**

**Reid**

##### **S-200901.40**

##### **Membership Changes to Senate and/or Senate Committees (no material)**

Reid / Prkachin

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate and/or Senate committees as indicated, be approved as proposed.

CARRIED.

**7.5 Steering Committee of Senate**

**Jago**

**S-200901.41**

**Revision to Senate Handbook — Terms of Reference for the Steering Committee of Senate**

Holler / Hutchings

That, on the recommendation of the Steering Committee of Senate, the revision to the terms of reference for the Steering Committee of Senate be approved as proposed.

Effective date: January 21, 2009

CARRIED.

A Senator expressed that this revision completely satisfied the concerns he had raised at the previous meeting. The Chair responded that this was simply a matter of phraseology, and that the Steering Committee had always intended the process to work as outlined in this revised version of the terms of reference.

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**Kerr**

The Registrar had nothing to report.

**9.0 Information (no material)**

There were no items for information.

**10.0 S-200901.42**

**Move to In Camera Session**

Reid / Binnema

That the meeting move In Camera.

CARRIED.

**11.0 S-200901.51**

**Adjournment**

Holler / McGill

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 4:45 p.m.

**RECORD OF PROCEEDINGS OF  
INFORMAL MEETING OF SENATORS  
(QUORUM NOT OBTAINED)**

February 11, 2009  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, T. Binnema, N. Black, D. Casperson, M. Dale, B. Deo, S. Déry, B. DeWiel, H. Domshy, H. Donker, G. Fondahl, R. Hoffman, J. Holler, K. Hutchings, J. Hyndman, C. Jago, E. Jensen, G. Kerr (Secretary of Senate), J. Li, D. Macknak, P. Madak, B. McGill, A. Michalos, C. Myers (Recording), D. Nyce, G. Prkachin, M. Reid, S. Rennebohm, J. Schneider, E. Sharp, D. Tasa, M. Thomson, S. Wagner, J. Young, S. Zahir

**Regrets:**

J. Bankole, C. Bock, C. Chasteauneuf, C. Greening, J. Jeffery, R. Robinson, T. Shaw

---

The meeting commenced at 3:40 p.m. Dr. Jago explained that the meeting was delayed as he was waiting to see if an additional student Senator would arrive, as Senate was short of meeting a quorum of student Senators. An additional student did not join the meeting, so the meeting proceeded with the understanding that any motions carried at this meeting would require ratification at the next meeting of Senate.

**1.0 S-200902.01**

**Approval of the Agenda**

Annis / Hutchings

That the Agenda for the February 11, 2009 Public Session of Senate be approved as presented.  
CARRIED, contingent upon ratification.

**2.0 S-200902.02**

**Approval of Senate Minutes**

Jensen / Hutchings

That the Minutes of the January 21, 2009 Public Session of Senate be approved as presented.  
CARRIED, contingent upon ratification.

**3.0 Business Arising from Previous Minutes of Senate**

Dr. Jago noted that there were two items of business arising, namely the Computer Science Program external review and the breadth requirement discussion, both of which would be addressed under the Report of the Provost.

**4.0 President's Report**

**Jago**

The President had nothing to report.

---

## 5.0 Report of the Provost

Dale

Dr. Dale reported that the external review of the Computer Science Program would be discussed further at the Senate Committee on Academic Policy and Planning (SCAPP) and the Senate Committee on Research and Graduate Studies (SCRGS) prior to being returned to Senate for additional consideration. With regard to the breadth requirement, the Provost indicated that he had asked Senators Jensen and Holler to meet with him to discuss how to proceed, as they had raised concerns at the previous Senate meeting. In addition, Dr. Dale received a report from Dr. Owen, Director of the Centre for Teaching, Learning and Technology, regarding pedagogical practices and how to deal with the lack of traditional breadth. Information from the discussion and report will be merged. Dr. Jago suggested that Senate meet in committee of the whole at its next meeting, for the purpose of discussing the breadth requirements only, with no resolutions or motions attached to the discussion. He added that, in this way, the discussion in Senate could be used to inform discussion at SCAPP and SCRGS. Senators generally agreed to this idea, so the President asked that the Provost prepare a briefing document to be provided to Senators, and that this be placed on the agenda for the next meeting of Senate.

<b>Action:</b>	Dr. Dale to prepare a briefing document on the breadth requirement discussion to be provided to Senate.
	Ms. Myers to place this item on the next agenda of Senate, to be held in a meeting of a committee of the whole.

Dr. Jago reported that the issue of the external review of the Computer Science Program had been discussed in the Steering Committee of Senate. It had been suggested that this issue be referred back to SCAPP and SCRGS for further consideration prior to being returned to the Senate agenda. It was also recommended that the report of the external reviewers be provided to Senate, and that it be discussed in camera owing to its confidential nature, while Senate move back into public session to discuss any resolutions or motions related to the external review. Dr. Jago added that this approach had the full support of the members of the Steering Committee of Senate.

<b>Action:</b>	Ms. Myers to add the matter of the external review of the Computer Science Program to the agendas for the March SCAPP and SCRGS meetings.
----------------	---

## 6.0 Question Period

A Senator admitted that her question was not necessarily the purview of Senate, but asked about the recent changes to the travel arrangements procedures. She suggested that, in relation to the recent changes, the additional fees being charged will be borne on the backs of research grants. The Chair responded that this was not really a matter for Senate to consider, but noted that Ms. Sheila Keith, Director of Purchasing, Contracts, and Risk Management could be asked to attend Senate to address any questions or concerns. He added that the University has been working on establishing this type of arrangement for some time, and that it was not unusual for universities to utilize processes of this nature.

<b>Action:</b>	Ms. Myers to invite Ms. Keith to attend an upcoming meeting of Senate to address questions related to the recent changes to the procedures for making travel arrangements.
----------------	--

A Senator asked about the status of the searches for the President and Librarian positions, as well as the procedure for replacing the Dean of the College of Science and Management (CSAM), who he understood would be going on administrative leave. The President responded that the President's search committee has shortlisted candidates and is preparing for interviews. The Provost replied that the search committee for the Librarian has a short list of two, who will be visiting campus in the near future. With regard to the Dean of CSAM, the Provost responded that the manner in which to proceed was currently being contemplated. He added that at a recent meeting of the CSAM Chairs, whether to do an internal or external search was discussed. The Senator noted that members of the Program to which he belonged recommended an external search begun expeditiously. The Chair thanked the Senator for his suggestion.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Dale

#### **S-200902.03**

##### **Approval of Student Exchange Agreement Between Universitaet des Saarlandes, Germany and the University of Northern British Columbia**

Holler / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the student exchange agreement between Universitaet des Saarlandes, Germany and the University of Northern British Columbia be approved as proposed.

Effective date: January 2009

CARRIED, contingent upon ratification.

#### **S-200902.04**

##### **Calendar Change — English Language Requirements**

Reid / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Undergraduate calendar (page 34): English Language Requirements be approved as proposed.

Effective date: September 2009

CARRIED, contingent upon ratification.

It was proposed that motions S-200902.05 and S-200902.06 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in that manner.

#### **S-200902.05**

##### **New Course Approval — FNST 312-3**

Dale / Donker

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course FNST 312-3 Image of the Indian in Film be approved as proposed.

Proposed semester of first offering: May 2009

CARRIED, contingent upon ratification.

#### **S-200902.06**

##### **New Course Approval — FNST 313-3**

Dale / Donker

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course FNST 313-3 Healing within Art: Space, Time and Materials be approved as proposed.

Proposed semester of first offering: May 2009

CARRIED, contingent upon ratification.

An Executive Summary of proposed changes to the School of Nursing curriculum was included for information.

It was proposed that motions S-200902.07 to S-200902.11 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in that manner.

#### **S-200902.07**

##### **Calendar Change — School of Nursing (Aims of the BScN Program)**

Dale / Reid

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the last bulleted item in the 'Aims of the BScN Program' be approved as proposed.

Effective date: May 2009

CARRIED, contingent upon ratification.

**S-200902.08**

**Calendar Change — School of Nursing (Standards of Professional Conduct)**

Dale / Reid

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the 'Standards of Professional Conduct' in the School of Nursing be approved as proposed.

Effective date: May 2009

CARRIED, contingent upon ratification.

**S-200902.09**

**Calendar Change — School of Nursing (General Requirements)**

Dale / Reid

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the General Requirements for Nursing be approved as proposed.

Effective date: May 2009

CARRIED, contingent upon ratification.

**S-200902.10**

**Calendar Change — School of Nursing (Immunizations for Nursing)**

Dale / Reid

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the paragraph regarding Immunizations for Nursing be approved as proposed.

Effective date: May 2009

CARRIED, contingent upon ratification.

**S-200902.11**

**Calendar Change — School of Nursing (Minimum Grade and Prerequisite Requirements)**

Dale / Reid

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the minimum grade and prerequisite requirements for Nursing be approved as proposed.

Effective date: May 2009

CARRIED, contingent upon ratification.

It was proposed that motions S-200902.12 to S-200902.14 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in that manner.

**S-200902.12**

**Change to Program Requirements — Northern Collaborative Baccalaureate Nursing Program (Statistics Requirement)**

Dale / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the Statistics requirement for the NCBNP be approved as proposed.

Effective date: May 2009

CARRIED, contingent upon ratification.

**S-200902.13**

**Change to Program Requirements — Post-Diploma Baccalaureate Nursing Program (Statistics Requirement)**

Dale / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the Statistics requirement for the Post-Diploma Baccalaureate Nursing Program be approved as proposed.

Effective date: May 2009

CARRIED, contingent upon ratification.

**S-200902.14**

**Change to Program Requirements — Rural Acute Care Nursing Certificate BScN Completion (Statistics Requirement)**

Dale / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the Statistics requirement for the Rural Acute Care Nursing Certificate BScN Completion be approved as proposed.

Effective date: May 2009

CARRIED, contingent upon ratification.

It was proposed that motions S-200902.15 and S-200902.16 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in that manner.

**S-200902.15**

**New Course Approval — POLS 298-(3-6)**

Dale / Tasa

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course POLS 298-(3-6) Special Topics in Political Science be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED, contingent upon ratification, and with revision to credit hour notation.

A Senator asked whether this course was meant to be offered for either three or six credit hours, or was simply a three credit course that could be taken twice to a maximum of six credit hours, based on the information in the motion form. Senator DeWiel responded that the course was three credit hours only, and could be taken twice to a maximum of six credit hours. It was thus noted that the credit hour notation was incorrect, and should be changed simply to read "POLS 298-3."

<b>Action:</b> Ms. Myers to correct the credit hour notation, from "POLS 298-(3-6)" to "POLS 298-3".
--

**S-200902.16**

**New Course Approval — POLS 327-3**

Dale / Tasa

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course POLS 327-3 Professional Ethics in Governance be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED, contingent upon ratification.

**To Senate for Information:**

**SCAPP200901.43**

**Course Preclusion Change — ANTH 311-3**

That the change to the ANTH 311-3 Nutritional Anthropology preclusion statement be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ANTH 311-3 Nutritional Anthropology** This course undertakes a biocultural examination of the relationship between food (e.g., acquisition and avoidance; distribution; preparation), human health, and society in past and present populations. Lab exercises examine aspects of research methodology, including anthropometrics, dietetics and energetics.

*Prerequisites:* ANTH 200-3 or permission of the instructor

*Precluded:* NURS 206-3, NURS 303-3, HHSC 311-3 (~~this is cross listed with ANTH 311-3~~)

**SCAPP200901.07**

**Course Prerequisite Change — FNST 200-3**

That the removal of the Restriction from FNST 200-3 Methods and Perspectives in First Nations Studies be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**FNST 200 - Methods and Perspectives in First Nations Studies**

This course provides ~~An~~ introduction to approaches to the cultures of contemporary First Nations, including ethics of research and working with communities.

Prerequisites: ~~registration as a major in First Nations Studies or permission of the Program Chair~~ FNST 100

**SCAPP200901.44**

**Calendar Course Description and Preclusion Change — FNST 302-3**

That the change to the calendar course description and preclusions for FNST 302-3 First Nations Health and Healing be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**FNST 302-3 First Nations Health and Healing** This is a seminar on the concepts of health and healing including a review of major published materials. Representatives of First Nations communities and organizations ~~will~~ participate in the seminar.

*Prerequisites:* upper division standing

*Precluded:* NURS 205-3

**SCAPP200901.45**

**Course Preclusion Change — HHSC 311-3**

That the change to the HHSC 311-3 Nutrition preclusion statement be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**HHSC 311-3 Nutrition** This course reviews nutrient requirements across the life span and physiological connections of diet to health and disease. Therapeutic aspects of ~~hyper~~ alimentation parenteral nutrition (total and peripheral) and special diets in disease states are covered.

*Prerequisites:* Enrollment in the BHSc program.

*Precluded:* NURS 206-3, NURS 303-3, ANTH 311-3 ~~(this is cross-listed with HHSC 311-3)~~

**SCAPP200901.16**

**Calendar Course Description and Prerequisite Change — NURS 101-3**

That the changes to the course description and prerequisite for NURS 101-3 The Art and Science of Nursing be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 101-3 The Art and Science of Nursing** This course introduces the beginning student to the dimensions of nursing practice and to individuals accessing health care. Through group and individual learning activities the student is introduced to concepts, practices, issues and trends in nursing and health care. Observational experience with a health care practitioner is incorporated.

~~Prerequisites: none; admission for non-nursing students by permission of the instructor~~

~~Major Restriction: Restricted to students in the NCBNP~~

**SCAPP200901.17**

**Calendar Course Description and Prerequisite Change — NURS 102-3**

That the changes to the course description and prerequisite for NURS 102-3 Communication Theory and Practice be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 102-3 Communication Theory and Practice** This course introduces the student to communication theory and concepts. The student has the opportunity to increase awareness of self and to explore perceptions, culture, language and non-verbal messages. Opportunities exist for the development of communication skills.

~~Prerequisites: none; admission for non-nursing students by permission of the instructor~~

~~Major Restriction: Restricted to students in the NCBNP~~

**SCAPP200901.18**

**Calendar Course Description and Prerequisite Change — NURS 201-4**

That the changes to the course description and prerequisites for NURS 201-4 Introduction to Health Assessment be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 201-4 Introduction to Health Assessment** This course provides the basis to gather a health history and to assess the functioning of individuals through the proper use of physical examination techniques. Psychosocial and cultural assessment is included. The emphasis is on recognition and identification of normal findings.

~~Prerequisites: all 100 level nursing courses; HHSC 111-3 and HHSC 112-3, or BIO 111-3 and BIO 112-3 at CNC, or BIOL 131-3 and BIOL 132-3 at NWCC, or equivalent. Admission for non-nursing students by permission of the instructor.~~

~~Major Restriction: Restricted to students in the NCBNP~~

**SCAPP200901.19**

**Calendar Course Description and Prerequisite Change — NURS 202-3**

That the changes to the course description and prerequisites for NURS 202-3 Pathophysiological Concepts be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 202-3 Pathophysiological Concepts** This course ~~u~~Uses a conceptual approach to examine pathological mechanisms of altered states in human physiology. Topics include the etiology, cellular metabolism, tissue alterations, functional changes, and age-related differences involved in each process.

*Prerequisites:* HHSC 111-3, HHSC 112-3 and HHSC 110-3, or BIO 111-3 and BIO 112-3 and BIO 105-3 at CNC, or BIOL 131-3, BIOL 132-3, and BIOL 133-3 at NWCC, or equivalent.

~~Admission for non-nursing students by permission of the instructor.~~

Major Restriction: Restricted to students in the NCBNP

*Precluded:* NURS 301-3

#### **SCAPP200901.20**

##### **Calendar Course Description and Prerequisite Change — NURS 203-3**

That the changes to the course description and prerequisites for NURS 203-3 Health Promotion in Families be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 203-3 Health Promotion in Families** This course ~~i~~Introduces theory related to families across the lifespan within the context of primary health care in the north. Emphasis is on family assessment skills and working in partnership with families in the development of health promotion and illness and injury prevention strategies. Holistic care of families during transitions such as normal childbearing, child rearing, and caring for an elderly parent is included.

*Pre- or co-requisites:* NURS 101-3; HHSC 111-3 and HHSC 112-3, or BIO 111-3 and BIO 112-3 at CNC, or BIOL 131-3 and BIOL 132-3 at NWCC, or equivalent. ~~Admission for non-nursing students by permission of the instructor.~~

Major Restriction: Restricted to students in the NCBNP

#### **SCAPP200901.21**

##### **Calendar Course Description and Prerequisite Change — NURS 204-3**

That the changes to the course description and prerequisites for NURS 204-3 Healing Modalities be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 204-3 Healing Modalities** This course provides an overview of healing modalities currently used by nurses and other experts in practice in British Columbia. Principles of pharmacology and pharmacodynamics are addressed. Opportunity is provided for students to explore various complementary healing techniques.

*Pre- or co-requisites:* NURS 202-3. ~~Admission for non-nursing students by permission of the instructor.~~

*Major Restriction:* Restricted to students in the NCBNP

**SCAPP200901.48**

**Calendar Course Description and Preclusion Change — NURS 205-3**

That the changes to the course description and preclusions for NURS 205-3 Introduction to First Nations Health be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 205-3 Introduction to First Nations Health** This course provides an overview of First Nations health, factors influencing health status, and issues arising from Northern and remote living. Historical events and their impact on health are introduced. Current barriers to health, along with culturally sensitive nursing implications, are explored.

*Pre- or co-requisites:* ANTH 101-3 or equivalent. Admission for non-nursing students by permission of the instructor.

*Precluded:* FNST 302-3

**SCAPP200901.46**

**Calendar Course Description, Prerequisite and Preclusion Change — NURS 206-3**

That the changes to the course description, prerequisites and preclusion for NURS 206-3 Basic Nutrition be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 206-3 Basic Nutrition** This course examines the nutritional needs of specific client groups throughout the lifespan and in various states of wellness and illness. The course reviews the physiology of carbohydrate, fat, protein, and energy metabolism. Topics include enteral and parenteral nutrition, trends and issues in nutritional practice, and the psychosocial and cultural aspects of food and eating behaviours.

*Pre- or co-requisites:* ~~none; admission of non-nursing students by permission of the instructor~~

*Major Restriction:* Restricted to students in the NCBNP

*Precluded:* NURS 303-3, ANTH 311-3, HHSC 311-3

**SCAPP200901.47**

**Course Preclusion Change — NURS 303-3**

That the changes to the NURS 303-3 Nutrition preclusion statement be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 303-3 Nutrition** This course reviews nutrient requirements across the life span and physiological connections of diet to health and disease. Therapeutic aspects of ~~hyperalimentation~~ parenteral nutrition (total and peripheral) and special diets in disease states are covered.

*Prerequisites:* none; admission for non-nursing students by permission of instructor  
*Precluded:* NURS 206-3, ANTH 311-3, HHSC 311-3

#### **SCAPP200901.22**

##### **Calendar Course Description Change — NURS 313-3**

That the changes to the course description for NURS 313-3 Nursing Practice with the Elderly Adult be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 313-3 Nursing Practice with the Elderly Older Adult** This course examines the knowledge, skills and attitudes required to provide holistic, person-centred care to the older adult in all settings. This course examines the opportunities for nurses to promote wellness for older adults and the incorporation of wellness as a routine part of care. ~~The~~ This course focuses on the older adult's strengths ~~and wisdom~~ in adjusting to the aging process as well as acknowledging the effect of acute and chronic physical and psychological conditions.

*Prerequisites:* NURS 220-5 or permission of the Program Chair

#### **SCAPP200901.23**

##### **Calendar Course Description Change — NURS 316-2.5**

That the changes to the course description for NURS 316-2.5 Clinical Practicum: Elderly Adult be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 316-2.5 Clinical Practicum: Elderly Older Adult** ~~This course provides opportunity for students to integrate concepts and theory related to healthy aging as they care for individual and family clients in acute, long term care and/or community settings. Working with families and groups that support individuals and families dealing with specific conditions of aging is highlighted.~~ This clinical experience focuses on the well older adult living in the community, the older adult living in a care facility and the community-based services available for older adults. This clinical experience provides an opportunity for students to integrate concepts and theory related to the aging process and learn age-appropriate interventions as they care for older adult clients in these settings.

*Pre- or co-requisites:* NURS 313-3

*Precluded:* NURS 314-5

**SCAPP200901.24**

**Calendar Course Description and Prerequisite Change — NURS 403-3**

That the change to the course description and prerequisites for NURS 403-3 Introduction to Nursing Research be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 403-3 Introduction to Nursing Research** This course c~~C~~overs the empirical approach to the development of nursing knowledge and reviews aspects of quantitative and qualitative methods.

*Prerequisites:* ~~NURS 304-32, and MATH 240-3 or ECON 205-3, or permission of the Program Chair 242-3 at UNBC or equivalent~~

**SCAPP200901.25**

**Calendar Course Description and Prerequisite Change — NURS 408-3**

That the changes to the course description and prerequisites for NURS 408-3 Nursing Leadership be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 408-3 Nursing Leadership** This course d~~D~~iscusses nursing as a profession within the health care delivery system. Theory regarding organizational structure, leadership, change, power, accountability and decision-making processes is included and is related to a specific clinical setting.

~~*Pre- or co-requisites:* normally, this course will be taken in the final semester of study~~  
*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

**SCAPP200901.26**

**Calendar Course Description and Prerequisite Change — NURS 415-3**

That the changes to the course description and prerequisites for NURS 415-3 Introduction to Community Health and Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 415-3 Introduction to Community Health and Nursing** This course p~~P~~rovides an introduction to the concept of community and nursing in the community and builds upon previous experiences in community health nursing practice. Nursing theory and practice of working with individuals, families, and population groups in health and in illness are addressed. The trend to more community care in British Columbia is explored.

~~*Prerequisites:* all 300-level required nursing courses in NCBNP~~  
*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

**SCAPP200901.27**

**Calendar Course Description and Prerequisite Change — NURS 420-3**

That the changes to the course description and prerequisites for NURS 420-3 Community Health Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 420-3 Community Health Nursing** This course fFocuses on theory, roles and practices required for community health nursing in a changing system in northern and isolated settings. Emphasis is placed on a population-focused approach to nursing care which includes the promotion of health and prevention of disease and disability.

~~Prerequisites: normally, this course will be taken in the final semester of study in the BScN program~~

Prerequisites: NURS 415-3 and NURS 416-4, or permission of the Program Chair

**SCAPP200901.28**

**Calendar Course Description and Prerequisite Change — NURS 422-3**

That the changes to the course description and prerequisites for NURS 422-3 First Nations Health and Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 422-3 First Nations Health and Nursing** This course eExamines historical and current social, political, and economic factors influencing the health of First Nations people in Canada. Current health issues and related nursing implications are emphasized. Topics include: the impact of colonization on health, effects of rapid cultural changes, nursing management of specific health issues, culturally sensitive approaches to nursing care, the health transfer process, and special topics related to health.

~~Prerequisites: normally this course will be taken in the final semester of study in the BScN program~~

Prerequisites: NURS 415-3 and NURS 416-4, or permission of the Program Chair

**SCAPP200901.29**

**Calendar Course Description and Prerequisite Change — NURS 424-3**

That the changes to the course description and prerequisites for NURS 424-3 Rural Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 424-3 Rural Nursing** This course pProvides content relevant to the practice of nursing in small, rural hospitals, clinics, and health centres in northern settings. The course focuses upon the nursing management of health problems frequently encountered in ambulatory and

emergency settings, including mental health, and obstetrical considerations. Referral mechanisms and standards of practice are emphasized.

~~*Prerequisites:* normally this course will be taken in the final semester of study in the BScN program~~

*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

### **SCAPP200901.30**

#### **Calendar Course Description and Prerequisite Change — NURS 426-3**

That the changes to the course description and prerequisites for NURS 426-3 Acute Care Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 426-3 Acute Care Nursing** This course eExplores the concepts and practices of acute care nursing with various client populations. Problem solving, complex client situations and expanding the professional role of the nurse are central themes of the course.

~~*Prerequisites:* normally this course will be taken in the final semester of study in the BScN program~~

*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

### **SCAPP200901.31**

#### **Calendar Course Description and Prerequisite Change — NURS 428-3**

That the changes to the course description and prerequisites for NURS 428-3 Nursing Management be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 428-3 Nursing Management** This course eExamines nursing management and leadership theory, issues and practice in hospitals, health care agencies and communities. Special focus is on first-line nursing management within rural and northern communities in a changing health care system. Discussion and explorations are grounded in current health care and nursing management practice and research knowledge.

~~*Prerequisites:* normally this course will be taken in the final semester of study in the BScN program~~

*Prerequisites:* NURS 304-3, NURS 306-3

*Major Restriction:* Restricted to Post-Diploma BScN students, or by permission of the Program Chair

### **SCAPP200901.32**

#### **Major Restriction Change — NURS 429-3**

That the changes to the major restriction for NURS 429-3 Nursing Management Practicum be approved as proposed.

Effective date: September 2009

It was noted that the statement under the "Major Restriction" section contained the word "only," which was inconsistent with this statement in the other motions.

**Action:** Ms. Myers to remove the word "only" from the Major Restriction section on this motion form.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 429-3 Nursing Management Practicum** This course permits the extension of skills and knowledge in the practice of nursing leadership and management. Normally, the practicums are in hospitals or in community health care organizations and/or agencies. ~~This course is restricted to registered nurses.~~

*Pre- or co-requisites:* NURS 428-3

~~*Major restrictions:* Restricted to the Rural Acute Care Nursing Certificate or Post-Diploma BScN students only, or by permission of instructor.~~

*Major Restriction:* Restricted to Post-Diploma BScN students, or by permission of the Program Chair

#### **SCAPP200901.33**

##### **Calendar Course Description and Prerequisite Change — NURS 430-3**

That the changes to the course description and prerequisites for NURS 430-3 Community Continuing Care Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 430-3 Community Continuing Care Nursing** ~~This course e~~Explores the role and responsibilities of nursing amongst a broad range of clients in home settings or long term care facilities. Concepts and applications of home health, such as gerontology, palliative care, mental health, rehabilitation, disability, family dynamics, and ethics are covered. Specific acute and chronic conditions, therapies in the home and community referral and liaison with institutions are addressed. A mMultidisciplinary team approach is emphasized.

~~*Prerequisites:* normally this course is taken in the final semester of study~~

*Prerequisites:* NURS 304-3, NURS 306-3

*Major Restriction:* Restricted to Post-Diploma BScN students, or by permission of the Program Chair

#### **SCAPP200901.34**

##### **Calendar Course Description and Major Restriction Change — NURS 431-3**

That the changes to the course description and major restriction for NURS 431-3 Community Continuing Care Nursing Practicum be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 431-3 Community Continuing Care Nursing Practicum** This course enables students to apply concepts and acquire skills of community continuing care professional practice. It

integrates content obtained in NURS 430-3. Students provide direct care in the home setting, apply critical thinking and competent problem-solving, and contribute to decision-making and referral. Students have the ~~opportunity~~ opportunity to work alongside expert practitioners in community continuing care. ~~This course is restricted to registered nurses.~~

*Pre- or co-requisites:* NURS 430-3

*Major restrictions:* ~~Restricted to the Rural Acute Care Nursing Certificate or Post-Diploma BScN students only, or by permission of instructor.~~

*Major Restriction:* Restricted to Post-Diploma BScN students, or by permission of the Program Chair

### **SCAPP200901.35**

#### **Course Prerequisite Change — NURS 432-3**

That the changes to the prerequisites for NURS 432-3 Mental Health Nursing be approved as proposed.  
Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 432-3 Mental Health Nursing** This course eExamines mental health and mental illness in depth with particular attention to identified high-risk groups in the northern nursing practice setting. Cultural, developmental and treatment setting variables are examined using a mental health nursing framework.

*Prerequisites:* ~~normally this course will be taken in the final semester of study~~

*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

### **SCAPP200901.36**

#### **Calendar Course Description and Prerequisite Change — NURS 434-3**

That the changes to the course description and prerequisites for NURS 434-3 Maternal and Child Nursing be approved as proposed.  
Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 434-3 Maternal and Child Nursing** This course eExamines the theory and practice of maternal and child nursing in depth, with particular attention to northern nursing practice. Nursing management of clients at risk or with complex health and psychosocial problems is included. Ethical and cultural issues relevant to maternal and child nursing are addressed.

*Prerequisites:* ~~normally this course will be taken in the final semester of study~~

*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

### **SCAPP200901.37**

#### **Calendar Course Description, Prerequisite and Co-requisite Change — NURS 440-3, 5, 8**

That the changes to the course description, prerequisites and co-requisites for NURS 440-3, 5, 8 Practicum: Community Health Nursing be approved as proposed.  
Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 440-3, 5, 8 Practicum: Community Health Nursing** This course facilitates the integration and application of concepts and models related to community health nursing. It provides the opportunity for students to acquire skills needed to contribute to services and programs in the community. Emphasis is on the nurse as a partner with the community. The NCBNP requires ~~an~~ a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

~~*Pre or co-requisites:* NURS 420-3 or equivalent. All courses in the NCBNP must be completed prior to or concurrently with NURS 440-5 or NURS 440-8~~

*Prerequisites:* NURS 415-3 and NURS 416-4, or permission of the Program Chair

*Co-requisites:* NURS 420-3

### **SCAPP200901.38**

#### **Course Prerequisite and Co-requisite Change — NURS 441-3, 5, 8**

That the changes to the course prerequisites and co-requisites for NURS 441-3, 5, 8 Practicum: First Nations Health and Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 441-3, 5, 8 Practicum: First Nations Health and Nursing** This course provides clinical experiences for nursing students interested in working with First Nations clients, families, and communities. Clinical experiences are in agencies within First Nations communities, or in agencies that primarily serve First Nations clients. The NCBNP requires a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

~~*Pre or co-requisites:* NURS 422-3. All courses in the NCBNP must be taken prior to or concurrently with NURS 441-5 or NURS 441-8~~

*Prerequisites:* NURS 415-3 and NURS 416-4, or permission of the Program Chair

*Co-requisites:* NURS 422-3

### **SCAPP200901.39**

#### **Course Prerequisite and Co-requisite Change — NURS 442-3, 5, 8**

That the changes to the prerequisites and co-requisites for NURS 442-3, 5, 8 Practicum: Rural Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 442-3, 5, 8 Practicum: Rural Nursing** This course facilitates the integration and application of knowledge and skills in rural nursing. Clinical experiences are located in rural hospitals, treatment and diagnostic centres, or community mental health agencies serving rural communities. The NCBNP requires a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

~~*Pre or co-requisites:* NURS 424-3. All courses in the NCBNP must be taken prior to or concurrently with NURS 442-5 or NURS 442-8~~

*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

*Co-requisites:* NURS 424-3

#### **SCAPP200901.40**

##### **Course Prerequisite and Co-requisite Change — NURS 443-3, 5, 8**

That the changes to the prerequisites and co-requisites for NURS 443-3, 5, 8 Practicum: Acute Care Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 443-3, 5, 8 Practicum: Acute Care Nursing** This course enables students to consolidate and extend knowledge and ability in acute care nursing practice. Clinical practice occurs with client populations requiring acute treatment and interventions. The NCBNP requires a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

~~*Pre or co-requisites:* NURS 426-3 or equivalent; all courses in the NCBNP must be taken prior to or concurrently with NURS 443-5 or NURS 443-8~~

*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

*Co-requisites:* NURS 426-3

#### **SCAPP200901.41**

##### **Calendar Course Description, Prerequisite and Co-requisite Change — NURS 444-3, 5, 8**

That the changes to the course description, prerequisites and co-requisites for NURS 444-3, 5, 8 Practicum: Mental Health Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 444-3, 5, 8 Practicum: Mental Health Nursing** This course provides the opportunity for students to integrate and apply relevant theoretical and clinical knowledge in a variety of mental health clinical settings. It provides the opportunity to work with clients with a range of mental health problems, such as substance use and/or misuse, acute mental health problems that necessitate hospitalization, and long-term mental health problems that are addressed through community mental health services. The NCBNP requires ~~an~~ a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

~~*Pre or co-requisites:* NURS 432-3 or equivalent. All courses in the NCBNP must be taken prior to or concurrently with NURS 444-8.~~

*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

*Co-requisites:* NURS 432-3

**SCAPP200901.42**

**Course Prerequisite and Co-requisite Change — NURS 445-5, 5, 8**

That the changes to the prerequisites and co-requisites for NURS 445-3, 5, 8 Practicum: Maternal and Child Nursing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 445-3, 5, 8 Practicum: Maternal and Child Nursing** This course facilitates the integration and application of perinatal and/or pediatric nursing knowledge and skills in the practice setting. Emphasis in the perinatal stream is on a woman- and family-centred approach to pregnancy, childbearing and newborn care. This is carried forward into the pediatric stream with a family-centred approach for nursing care of children and adolescents. Practice experience may be with healthy clients as well as those with complex health issues. Clinical experiences may be in acute or community settings. The NCBNP requires a 5 or 8 credit practicum, and Post-Diploma BScN students complete a 3 credit practicum.

~~*Pre or co-requisites:* NURS 434-3 or equivalent. All courses in the NCBNP must be taken prior to or concurrently with NURS 445-5 or NURS 445-8.~~

*Prerequisites:* all required 300-level Nursing courses for either the NCBNP or Post-Diploma BScN, or permission of the Program Chair

*Co-requisites:* NURS 434-3

The meeting ended at 4:20 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

March 11, 2009  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

J. Bankole, T. Binnema, N. Black, C. Bock, D. Casperson, M. Dale, B. Deo, S. Déry, B. DeWiel, H. Domshy, H. Donker, G. Fondahl, C. Greening, I. Hartley, R. Hoffman, J. Holler, K. Hutchings, C. Jago, J. Jeffery, E. Jensen, G. Kerr (Secretary of Senate), D. Macknak, P. Madak, B. McGill, A. Michalos, C. Myers (Recording), D. Nyce, G. Prkachin, S. Rennebohm, T. Shaw, D. Tasa, S. Wagner

**Regrets:**

E. Annis, C. Chasteauneuf, J. Hyndman, J. Li, M. Reid, R. Robinson, J. Schneider, E. Sharp, M. Thomson, J. Young, S. Zahir

---

The meeting commenced at 3:30 p.m.

**1.0 S-200903.01**

**Approval of the Agenda**

Donker / Jeffery

That the Agenda for the March 11, 2009 Public Session of Senate be approved as presented.  
CARRIED.

Dr. Jago requested Senate's consent to proceed by way of a quasi-committee of the whole so that he could retain the Chair in accordance with Robert's Rules of Order. No opposition was expressed with regard to the request to proceed in this manner.

**2.0 Approval of Senate Minutes:**

**2.1 Notes of informal meeting of Senators, held on February 11, 2009 (for information only)**

**Note:** As a result of lack of quorum at the last Senate meeting, there were no Senate minutes to be approved. The notes from the informal meeting of February 11, 2009 were included for information only, and all agenda items requiring Senate approval from that meeting were included for ratification under Business Arising, below.

**3.0 Business Arising from Previous Minutes of Senate**

---

### 3.1 Recent Changes to Travel Arrangement Procedures

Ms. Sheila Keith, Director of Purchasing, Contracts, and Risk Management, attended the meeting. She responded to questions and concerns expressed in relation to the recent implementation of procedures establishing My Travel as the University's exclusive travel provider. The Chair of Senate thanked Ms. Keith for attending the Senate meeting to provide this information.

### 3.2 Committee of the Whole

Open Discussion

#### 3.2.1 Breadth Requirement

Dale

##### S-200903.03

##### **Quasi-Committee of the Whole — Motion to Convene**

Jensen / Wagner

That Senate move into Committee of the Whole for the purpose of discussing the breadth requirement, and that the discussion be limited to one hour in length.

CARRIED.

The breadth requirement was discussed in the quasi-committee of the whole. The matter will be discussed further at the next meeting of the Senate Committee on Academic Policy and Planning.

##### S-200903.04

##### **Quasi-Committee of the Whole — Motion to Rise**

Casperson/ Donker

That the Committee of the Whole rise.

CARRIED.

### 3.3 S-200903.03

#### **Ratification of Motions from Informal Meeting of February 11, 2009 — Report from the Senate Committee on Academic Policy and Planning**

Dale / Tasa

That the motions approved at the informal meeting of February 11, 2009, originating from the Senate Committee on Academic Policy and Planning, be ratified. The motions as passed are presented below, details on pages 53 to 101 of the February Senate public session package.

Effective date: March 11, 2009

CARRIED.

#### 3.3.1 **Approval of Student Exchange Agreement Between Universitaet des Saarlandes, Germany and the University of Northern British Columbia**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the student exchange agreement between Universitaet des Saarlandes, Germany and the University of Northern British Columbia be approved as proposed.

Effective date: January 2009; formerly motion S-200902.03.

#### 3.3.2 **Calendar Change — English Language Requirements**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Undergraduate calendar (page 34): English Language Requirements be approved as proposed.

Effective date: September 2009; formerly motion S-200902.04.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### English Language Requirements

English is the primary language of instruction and communication at UNBC. Consequently, it is expected that an applicant should be able to demonstrate an acceptable level of proficiency in the use of English to receive and participate in classroom instruction and discussion as well as complete written assignments.

Applicants whose first language is not English, regardless of citizenship or country of origin, must submit evidence of English language proficiency prior to admission.

Acceptable evidence of English language proficiency may be any one of the following:

TOEFL (Test of English as a Foreign Language) score of at least 570 in the paper-based test and at least 230 in the computer-based test. UNBC's institutional TOEFL code is 0320. Note: Applicants taking the new TOEFL exam (September 2005 and beyond) must score at least ~~89~~ 88.

### **3.3.3 New Course Approval — FNST 312-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course FNST 312-3 Image of the Indian in Film be approved as proposed.  
Proposed semester of first offering: May 2009; formerly motion S-200902.05.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course explores the history of images of the Indian in film and how such images continue to influence the ongoing relationships between Indigenous and settler societies today. Included in this course is an exploration of the images presented by Indigenous filmmakers themselves.

**Prerequisites:** FNST 100 or permission of instructor  
**Preclusions:** (FNST 498-3 Image of the Indian in Film)

### **3.3.4 New Course Approval — FNST 313-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course FNST 313-3 Healing within Art: Space, Time and Materials be approved as proposed.  
Proposed semester of first offering: May 2009; formerly motion S-200902.06.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines healing within art from an Indigenous perspective, including fundamental concepts of expressive art as a healing force, creating a space and time for healing within art, and use of basic material such as paint, clay and collage for therapeutic purposes. This course emphasizes experiential learning methods, where students create, process and share art. Students gain an understanding of the socio-political contexts of personal struggles and successes, as well as learn to apply Indigenous spiritual philosophies.

**Prerequisites:** FNST 100 or permission of instructor  
**Preclusions:** (FNST 498-3 Healing Within Art)

An Executive Summary of proposed changes to the School of Nursing curriculum was included for information.

### **3.3.5 Calendar Change — School of Nursing (Aims of the BScN Program)**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the last bulleted item in the 'Aims of the BScN Program' be approved as proposed.  
Effective date: May 2009; formerly motion S-200902.07.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

- NCBNP students will meet professional practice requirements as identified in the current CRNBC Competencies in Context of Entry-level RN Practice in BC (~~2006~~)

### 3.3.6 Calendar Change — School of Nursing (Standards of Professional Conduct)

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the 'Standards of Professional Conduct' in the School of Nursing be approved as proposed.  
Effective date: May 2009; formerly motion S-200902.08.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Standards of Professional Conduct

In addition to all University and Program expectations, all students are expected to abide by professional standards as set forth in the current CRNBC Professional Standards for Registered Nurses and Nurse Practitioners and the Canadian Nurses Association (CNA) Code of Ethics for Registered Nurses (~~2002~~). Violation of professional standards may result in suspension or dismissal from the program or the educational institution.

### 3.3.7 Calendar Change — School of Nursing (General Requirements)

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the General Requirements for Nursing be approved as proposed.  
Effective date: May 2009; formerly motion S-200902.09.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## General Requirements

Nursing courses ~~will~~ are normally ~~be~~ restricted to students admitted into the BScN program, unless otherwise specified in a course description. Not all courses in the Calendar are offered every semester or academic year. Admission to the BScN program does not guarantee registration in any specific course; early registration is advised.

~~A maximum number of three nursing courses may be taken by a non-nursing student without being admitted to the NCBNP.~~

The admission criteria and general requirements set out in the Admissions section of this Calendar are applicable to this section.

### 3.3.8 Calendar Change — School of Nursing (Immunizations for Nursing)

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the paragraph regarding Immunizations for Nursing be approved as proposed.  
Effective date: May 2009; formerly motion S-200902.10.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Immunization & and CPR Certification

All students accepted into the undergraduate School of Nursing will be sent documentation and information regarding immunization policies. Once accepted to the NCBNP, Certificate, or Post-Diploma programs, all students must submit:

- record of immunization status. Current status for the following immunizations is **strongly recommended**: diphtheria, tetanus, poliomyelitis, measles, mumps, rubella, hepatitis B and varicella. A Mantoux test (PPD) for tuberculosis is also strongly recommended. Completed immunization forms for the NCBNP must be submitted to the Admissions Office at the institution the student is currently attending prior to ~~March 31~~ September 30 in the first year of attendance. Students entering the Certificate or Post-Diploma BScN must complete and submit specified immunization forms prior to commencing a course with a clinical component. Failure to do so may result in the student not being allowed to practice in the clinical setting.
- documentation of CPR certification, level C, which must be maintained throughout the program. Proof of CPR certification must be submitted prior to commencement of classes. CPR must be recertified every two years regardless of expiry date on the card.

### 3.3.9 Calendar Change — School of Nursing (Minimum Grade and Prerequisite Requirements)

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the minimum grade and prerequisite requirements for Nursing be approved as proposed. Effective date: May 2009; formerly motion S-200902.11.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Qualification for Degree

It is the responsibility of the student to ensure that his/her degree or certificate requirements are met. Graduation requirements are found in the Regulations and Policies section of this Calendar. To fulfill the requirements of graduation, the student must:

- attain a minimum cumulative GPA of 2.33 (C+) on all courses used for credit towards the degree or certificate
- obtain a minimum passing grade of 2.00 (C) in the following courses, or their equivalents, as applicable to the specific program. *Note: Students enrolling in any required course must have completed all prerequisites with a grade of (C) or better:*
  - all NURS courses, including NURS electives, with the exception of designated clinical practica nursing courses which require a passing grade of (P)
  - all mandatory HHSC courses
  - ANTH 101-3
  - MATH ~~242-3~~ 240-3
  - POLS 403-3
- complete all requirements for the appropriate program as follows:
  - NCBNP BScN within eight years, starting with the first semester of registration in a NURS course in the NCBNP at UNBC or one of its collaborative partner institutions
  - Post-Diploma BScN within eight years, starting with the first semester of registration in a NURS course in the Post-Diploma BScN at UNBC

- Certificate program within six years, starting with the first registration in a NURS course in the Certificate program at UNBC.

**3.3.10 Change to Program Requirements — Northern Collaborative Baccalaureate Nursing Program (Statistics Requirement)**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the Statistics requirement for the NCBNP be approved as proposed.  
Effective date: May 2009; formerly motion S-200902.12.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**200 Level**

MATH 240-3 Basic Statistics (at UNBC)

~~MATH 242-3 Statistics for Social and Health Sciences (at UNBC)~~

or ECON 205-3 Statistics for Social and Management Sciences (at UNBC)

or MATH 104-3 Introduction to Statistics (at CNC)

or MATH 157-3 Business Statistics (at CNC)

or PSYC 201-3 Statistics for the Social Sciences (at CNC)

or MATH 131-3 Introduction to Statistics (at NWCC)

or MATH 251-3 Statistics (at NWCC)

Note: UNBC MATH ~~242-3~~ 240-3, CNC MATH 104-3, or NWCC MATH 131-3 are recommended for the Statistics requirement.

**3.3.11 Change to Program Requirements — Post-Diploma Baccalaureate Nursing Program (Statistics Requirement)**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the Statistics requirement for the Post-Diploma Baccalaureate Nursing Program be approved as proposed.

Effective date: May 2009; formerly motion S-200902.13.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Program Requirements

### Lower Division Requirement

#### 3.3.13 New Course Approval — POLS 298-3

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course POLS 298-3 Special Topics in Political Science be approved as proposed.  
Proposed semester of first offering: September 2009; formerly motion S-200902.15.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The content of this course varies according to instructor and student requests. This course may be repeated, up to a maximum of six credit hours.

#### 3.3.14 New Course Approval — POLS 327-3

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course POLS 327-3 Professional Ethics in Governance be approved as proposed.  
Proposed semester of first offering: September 2009; formerly motion S-200902.16.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course in applied ethics uses the theories and concepts of moral philosophy to examine issues in governance and public service.

Preclusions: COMM 332-3

#### 3.4 **S-200903.04**

**Ratification of Motions from Informal Meeting of February 11, 2009 — Report from the Senate Committee on Research and Graduate Studies**

Fondahl / Nyce

That the motions approved at the informal meeting of February 11, 2009, originating from the Senate Committee on Research and Graduate Studies, be ratified. The motions as passed are presented below, details on pages 170 to 178 of the February Senate public session package.

Effective date: March 11, 2009

CARRIED.

### 3.4.1 Calendar Change — English Language Requirements

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the Graduate Programs Admissions and regulations for 1.1 English Language Requirements (page 37) be approved as proposed.

Effective date: September 2009; formerly motion S-200902.17.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### 1.1 English Language Requirements

English is the primary language of instruction and communication at UNBC. Consequently, it is expected that an applicant should be able to demonstrate an acceptable level of proficiency in the use of English to receive and participate in classroom instruction and discussion, as well as complete written assignments.

Applicants whose first language is not English, regardless of citizenship or country of origin, must submit evidence of English language proficiency prior to admission.

Acceptable evidence of English language proficiency may be any one of the following:

TOEFL (Test of English as a Foreign Language) score of at least 570 in the paper-based test and at least 230 in the computer based test. UNBC's institutional TOEFL code is 0320. Applicants taking the new TOEFL exam (September 2005 and beyond) must score at least ~~89~~ 88.

### 3.4.2 Calendar Description Change — School of Social Work

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the change to the UNBC Academic Calendar Description for School of Social Work be approved as proposed.

Effective date: May 2009; formerly motion S-200902.18.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### Taking a MSW at UNBC

This program requires the successful completion of a minimum course work of 27 credit hours for practicum students, and ~~24~~ 21 credit hours for thesis students. The program comprises an integrated core of five required courses, two elective courses, and a thesis, OR five required courses, four electives, and a practicum.

### 3.4.3 Calendar Revision — Re-Registration (Subsection 2.2 of the Graduate Academic Calendar)

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to Section 2.0 *Registration Procedures and Status*, sub-section 2.2 *Re-registration* be approved as proposed.

Effective date: May 2009; formerly motion S-200902.19.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### 2.2 Enrollment and Re-Enrollment

2.2.1 Continuity of Registration All students are required to either register in every semester (September, January, May) from the time of admission until the requirements of the degree have been met, or formally withdraw in accordance with regulation 2.5

below. Students are required to pay minimum tuition fee units (see Fees section).

~~Students who have withdrawn from their Graduate Program and later wish to return must reapply, pay the reapplication fee, and provide a letter to the Graduate Studies Officer stating their rationale for wishing to return to their Graduate Program.~~

~~Students who have registered at another university or college since last in attendance at the University of Northern British Columbia are required to state the names of all educational institutions of post-secondary level attended and to submit an official transcript of their academic records at these institutions to the Office of the Registrar.~~

**2.2.2 Re-registration** Students who are missing one semester or more of registration and who have not been withdrawn from their graduate program must:

- a) Pay any outstanding fees
- b) Register for those semesters not previously registered in
- c) Pay any new tuition fee units

Students who have registered at another university or college since last in attendance at the University of Northern British Columbia are required to state the names of all educational institutions of post-secondary level attended and to submit an official transcript of their academic records at these institutions to the Office of the Registrar.

**2.2.3 Reinstatement** Students who have withdrawn with permission from their graduate program and later wish to return can only do so if, inclusive of their time away from their graduate program, they have not exceeded the time limit applicable to their graduate program (See Regulation 7.7); and have supervisory support for reinstatement.

Students who have not exceeded the time limit must do the following:

- a) Submit a new Application for Admission to Graduate Programs Form and pay the reapplication fee
- b) Provide a letter to the Graduate Studies Officer stating their rationale for wishing to return to their graduate program
- c) Provide proof of supervisory support for their reinstatement

Students who have registered at another university or college since last in attendance at the University of Northern British Columbia are required to state the names of all educational institutions of post-secondary level attended and to submit an official transcript of their academic records at these institutions to the Office of the Registrar.

Students who have exceeded the time limit period or who have been withdrawn without permission please see section 2.2.4 (Reapplication).

**2.2.4 Reapplication** Students who have either a) been withdrawn without permission or b) whose time limit has expired must re-apply to UNBC as new applicants and pay the reapplication fee. If admitted, students must start anew; normal program requirements apply, including time limitations regardless of previously completed coursework accepted (see 4.2.1) and minimum tuition fee units.

**3.5 S-200903.05**

**Ratification of Motions from Informal Meeting of February 11, 2009 — Report from the Steering Committee of Senate**

Nyce / McGill

That the motion approved at the informal meeting of February 11, 2009, originating from the Steering Committee of Senate, be ratified. The motion as passed is presented below, details on pages 195 and 196 of the February Senate public session package.

Effective date: March 11, 2009

CARRIED.

**3.5.1 Revision to Senate Handbook — Terms of Reference for the Senate Committee on Student Discipline Appeals**

That, on the recommendation of the Steering Committee of Senate, the revision to the terms of reference for the Senate Committee on Student Discipline Appeals be approved as proposed.

Effective date: Immediately upon approval by Senate; formerly motion S-200902.20.

**4.0 President's Report**

**Jago**

President Jago reminded Senators of the upcoming special Senate budget meeting to be held on March 25, 2009. He added that there would a Town Hall meeting to discuss the budget the day prior to the Senate meeting. At the Senate meeting, there will be a formal presentation to Senate from the President regarding the budget, to provide Senate with an opportunity to offer their advice on the budget. The Senate Committee on the University Budget will also present its report at the Senate meeting. On Friday, March 27, the budget will be presented to the appropriate committee of the Board of Governors, and to the full Board on Saturday, March 28.

**5.0 Report of the Provost**

**Dale**

**6.0 Question Period**

A Senator asked about the status of hiring committee work, specifically for the President and Librarian, as well as whether there were plans to proceed with replacing the Dean of the College of Science and Management. Dr. Jago responded that the President's Search Committee was conducting interviews. Dr. Dale replied that an offer was pending to a University Librarian, and that there were short lists of candidates for the Dean of the College of Arts, Social and Health Sciences, as well as the Chair of Physical Therapy. With regard to the Dean of the College of Science and Management, the Provost indicated that discussions were taking place.

A question was raised regarding the schedule for summer courses. A Senator asked when this would be advertised, adding that other universities advertise their list of courses a year in advance, and asking why UNBC didn't do the same. The Provost responded that this was a good idea. The Registrar indicated that the schedule was slightly late this year, although it had been later in previous years. He added that it is difficult to determine what professors will be available to teach in the summer, but if the Office of the Registrar had that information, they could certainly entertain advertising these courses. The Registrar offered to look at the standard in British Columbia regarding the advertisement of summer courses and report back to Senate.

<b>Action:</b> G. Kerr to look at the standard in British Columbia regarding the advertisement of summer courses and report back to Senate.
---

## 7.0 Committee Reports

### 7.1 Senate Committee on Scholarships and Bursaries

Madak

#### To Senate for Information:

##### **SCSB20090211.03**

##### **Revised Terms and Conditions — Northern BC Graduate Students' Society Legacy Scholarship**

That the revised Terms and Conditions for the Northern BC Graduate Students' Society Legacy Scholarship be approved.

Effective date: September 2009

##### **SCSB20090211.04**

##### **2008/2009 SCSB Annual Report**

That the 2008/2009 SCSB Annual Report be approved.

Effective date: February 2009

A Senator questioned why there was not a motion to receive this report. Dr. Jago responded that it is the prerogative of Senate to request that any items coming to Senate for information be approved by Senate.

##### **S-200902.21A**

##### **Motion to Receive Report**

Casperson / Jensen

That the 2008/2009 annual report of the Senate Committee on Scholarships and Bursaries be received.  
CARRIED.

## 8.0 Other Business

### 8.1 Report of the Registrar (no material)

Kerr

### 8.2 UNBC's Statement on the 2010 Olympic Games (for discussion) (Page 44)

The President indicated that this memorandum was for the advice of Senate. He added that a number of students have indicated a wish to be involved with the Olympics, and that lower mainland universities are closed during that time. There was thus a request for clarification regarding the University's position, which is essentially "business as usual." There were no comments from Senators regarding the statement.

## 9.0 Information (no material)

There were no items for information.

## 10.0 **S-200902.27**

### **Adjournment**

Tasa / Greening

That the Senate meeting be adjourned.  
CARRIED.

The meeting ended at 4:50 p.m.

**SPECIAL SENATE BUDGET MEETING  
PUBLIC SESSION  
MINUTES**

March 25, 2009  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, J. Bankole, N. Black, D. Casperson, M. Dale, B. DeWiel, H. Domshy, H. Donker, G. Fondahl, C. Greening, R. Hoffman, J. Holler, J. Jeffery, K. Hutchings, J. Hyndman, C. Jago, E. Jensen, G. Kerr (Secretary of Senate), D. Macknak, P. Madak, B. McGill, A. Michalos, C. Myers (Recording), D. Nyce, G. Prkachin, M. Reid, S. Rennebohm, D. Tasa, M. Thomson, S. Wagner, S. Zahir

**Regrets:**

C. Bock, T. Binnema, C. Chasteauneuf, B. Deo, S. Déry, J. Li, R. Robinson, J. Schneider, E. Sharp, T. Shaw, J. Young

---

The meeting commenced at 3:30 p.m. Dr. Jago thanked Senators who were attending their final meeting of Senate.

**1.0 S-20090325.01**

**Approval of the Agenda**

Thomson / McGill

That the Agenda for the March 25, 2009 Public Session of Senate be approved as presented.  
CARRIED.

**2.0 2009 / 2010 Budget Review and Discussion**

**2.1 Presentation of Preliminary 2009 / 2010 Budget Information**

**Jago**

Dr. Jago delivered a presentation regarding the budget (included with these minutes as "Appendix I"). He noted that the information contained in the presentation was for discussion and for the purpose of seeking advice from Senate. He also thanked President's Executive Council (PEC) for their work on the budget. Dr. Jago went through the slides in the presentation, highlighting several matters. He noted that PEC needed to make choices regarding identified critical needs; that government funding had increased, which was essentially restoration of the funding cut last year; that there was approximately a 17% increase in federal funding for indirect costs of research; that tuition fees would be increased by 2%; that an enrolment growth of 2% was projected, which was a risk in the budget assumptions; and that a significant area of risk, both short- and long-term, is endowment funds, which were down by approximately 20%. Dr. Jago added that, with regard to the endowment funds, they are being preserved by limiting the funds withdrawn while maintaining the level of funding needed for scholarships and endowed

research Chairs. Spending will need to be reduced long-term from these funds, which will have an impact in the 2010-2011 budget year.

Dr. Jago also noted that there were challenges with regard to inflation on library books and serials, as well as the exchange rate, and that 3% for inflation had been allocated to library acquisitions and other areas to address this concern. Potential risk was also mentioned with regard to the provincial budget, as a new budget will be tabled after the election, which may be changed from the initial budget. Information was provided in the presentation regarding additional fee increases, such as residence fees, parking fees, and student fees. Dr. Jago added that a major maintenance project was being conducted on the residence, and that the increase in parking fees had been recommended by the Green Committee. He also noted that the University was negotiating with PG Transit to improve bus routes, and that cheaper rates for carpoolers would be provided as would taxi vouchers for unexpected events for carpoolers. Dr. Jago indicated that critical needs in the amount of \$3.3 million were identified by budget holders, with funding being provided only to the amount of \$1.8 million. The strategic investment fund would not be continued as it was decided to allocate that funding to critical needs. The budget is balanced at approximately \$65 million, and the major goal of this year's budget was to maintain stability after the budget implications of the past few years.

## **2.2 S-20090325.02**

**Donker**

### **2009 Report from the Senate Committee on the University Budget (SCUB)**

Jeffery / Jensen

That the 2009 Annual Report from the Senate Committee on the University Budget be received.

Senator Donker provided the report of the Senate Committee on the University Budget (SCUB). He noted that, in last year's report of SCUB, morale rebuilding was recommended, as were transparency and clarity in the budgeting process. He indicated that huge steps forward had been made this year, and that all the information SCUB requested from senior administration was received. The Chair of SCUB noted that recommendations made by SCUB this year were that the strategic goals of the University be reflected in the budget by being embedded in the budgeting process, but added that this can't be expected to be addressed during the term of an interim President, but was being recommended for the next President. Further recommendations were the use of a risk assessment approach, examining possible methods for restructuring tuition fees, and addressing critical needs. Senator Donker added that it was concerning that no funding was available for critical needs.

CARRIED.

After the reports were delivered, Dr. Jago invited Senators to comment or raise questions. A Senator suggested that particularly difficult economic times will be forthcoming in the next few years, and asked Dr. Jago if he had any parting advice regarding preparing for that challenge. Dr. Jago noted that a study regarding the effects of the recession on universities was currently being circulated to senior administrators and the Board of Governors, which provides insight into what might happen. He confirmed that years three and four pose even greater risk, and that the Deputy Minister of Advanced Education and Labour Market Development has indicated a review of post-secondary institutions, including funding formulae. Dr. Jago stressed that it was essential that the University engage rigorously in this discussion. He added that the research-intensive universities had done better than the teaching universities in recent years only because of graduate student funding, and that prior to that, only basic undergraduate funding was provided for all students. Dr. Jago also suggested that the focus be placed on bringing in revenue rather than devastating the budget on the expenditure side. He noted that many opportunities exist, but that people need to be focused, operate strategically, and be prepared to capitalize on opportunities. He suggested that the University work with government strategically to develop academic programming appropriate to northern BC.

Several other questions were asked and budget-related matters were discussed. One of the questions raised related to secure bicycle storage, and Dr. Jago responded that this was contained in the basement of the library. In response, Senators reported that, as a result of the renovations to the library, that space was believed to have been lost. Dr. Jago replied that, if this was the case, he would bring the matter forward so another location could be sought for bicycle storage.

Dr. Jago thanked Senator Donker and the members of the Senate Committee on the University Budget for their report and their contributions to the budget process.

- 3.0**    **S-20090325.03**  
**Move to In Camera Session**  
Casperson / Domshy  
That the meeting move In Camera.  
CARRIED.
- 4.0**    **S-20090325.07**  
**Adjournment**  
General Consent  
That the Senate meeting be adjourned.  
CARRIED.

The meeting ended at 4:45 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

April 15, 2009  
3:30 – 5:30 PM

Room 7-172 Bentley Centre - Prince George Campus

---

**Present:**

E. Annis, S. Beeler, T. Binnema, N. Black, C. Bock, D. Casperson, C. Chasteauneuf, A. Dayanandan, S. Déry, H. Donker, U. Eka, R. Ellis, G. Fondahl, W. Haque, I. Hartley, R. Hoffman, K. Hutchings, J. Hyndman, A. Jacob, C. Jago, J. Jeffery, E. Jensen, T. Knudsen, R. Lazenby, T. Levis, P. Madak (Acting Secretary of Senate), W. McGill, S. McKenzie, C. Myers (Recording), C. O'Callaghan, M. Reid, S. Rennebohm, R. Robinson, K. Vandersteen, S. Wagner, J. Young, S. Zahir

**Regrets:**

D. Macknak, A. Michalos, D. Nyce, I. Uche-Ezeala, A. Yakemchuk

---

The meeting commenced at 3:30 p.m. Prior to commencing the meeting, Dr. Jago introduced several new Senators.

**1.0 S-200904.01**

**Approval of the Agenda**

Annis / Hutchings

That the Agenda for the April 15, 2009 Public Session of Senate be approved as presented.

CARRIED.

**2.0 S-200904.02**

**Approval of Senate Minutes**

Reid / Déry

That the Minutes of the March 11, 2009 Public Session of Senate be approved as presented.

CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

No business arising was identified.

**4.0 President's Report**

**Jago**

Dr. Jago reported that he was delighted to welcome Dr. George Iwama as UNBC's next President, along with his wife Dr. Marilyn Iwama. He had dinner with the Iwamas on a recent trip to Ottawa, which was very enjoyable. Dr. Jago added that, in his opinion, UNBC has a bright future with Dr. Iwama.

## 5.0 Report of the Provost

Dale

Dr. Dale reported that the search committees were close to reaching a decision for the position of the Dean of the College of Arts and Social Sciences and the Chair of the Physical Therapy Program. He added that the Ministry would be on campus on Friday to discuss the Physical Therapy Program.

## 6.0 Question Period

A Senator asked whether procedures were underway to fill the position of the Dean of the College of Science and Management. Dr. Dale responded that no plans had been made to fill this position. Dean McGill noted that this question had been raised at Senate for 3 months consecutively but that he would not be leaving until the end of December, 2009.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Dale

An Executive Summary of proposed changes to the Health Sciences Programs was included for information.

It was proposed that motions S-200904.03 to S-200904.05 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

#### **S-200904.03**

#### **Change to Degree Requirements — Bachelor of Health Sciences (BHSc) Program**

Dale / Young

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the degree requirements for the Bachelor of Health Sciences (BHSc) program be changed from NURS 301-3 Advanced Pathophysiology to HHSC 301-3 Pathophysiology.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **3rd year -12 credits**

HHSC 330-3 Health Information Management Technology

HHSC 370-3 Occupational Health

~~NURS 301-3 Advanced Pathophysiology~~

HHSC 301-3 Pathophysiology

SOCW 444-3 Social Work Critical Issues in Aging

#### **S-200904.04**

#### **Change to Program Requirements — Bachelor of Health Sciences (BHSc) Prerequisite Statement**

Dale / Young

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the addition of a C- or better prerequisite statement for the Bachelor of Health Sciences (BHSc) program be approved as proposed.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

To be awarded the BHSc degree, students are required to complete 120 credit hours of University-level courses. This consists of 57 credit hours of common requirements for all BHSc students, with the remainder coming from the following ~~M~~ majors, and electives, ~~as follows~~:

Biomedical Studies: Students take 48 credit hours of courses from the Biomedical Studies major and 15 elective credit hours.

Community and Population Health-Aboriginal and Rural Health: Students take 33 credit hours from the common course requirements for both Community and Population Health Majors, as well as a minimum of 12 credit hours (6 specified, 6 with some choice) in Aboriginal and Rural Health-related courses, thus adding to a focus of knowledge and understanding of this specific subject material. The remaining 18 credit hours ~~will be~~ are obtained from elective credit hours.

Community and Population Health-Environmental Health: Students take 33 credit hours ~~from~~ from the common course requirements for both Community and Population Health Majors, as well as a minimum of 12 credit hours (6 specified, 6 with some choice) in Environmental Health-related courses, thus adding to a focus of knowledge and understanding of this specific subject material. The remaining 18 credit hours ~~will be~~ are obtained from elective credit hours.

Students enrolling in Health Sciences courses with prerequisites are required to have completed all prerequisite courses for those courses with a C- or better, or have permission to enroll from the Program Chair.

## Pg 224, 2008/2009 Calendar

### Health and Human Science

Students enrolling in Health Sciences courses with prerequisites are required to have completed all prerequisite courses for those courses with a C- or better, or have permission to enroll from the Program Chair.

#### **HHSC 101-3 Introduction to Health Sciences I: Issues and**

**Controversies** This course provides a A review of current issues and controversies with respect to individual and population health. Topics covered ~~will~~ include infectious disease, cancer, genetic disease, behavioural determinants of health, addictive behaviour, eating behaviour and the role of nutrition in chronic disease.

*Prerequisites: none*

#### **S-200904.05**

#### **Change to Program Preamble — Bachelor of Health Sciences (BHSc) Program**

Dale / Young

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Bachelor of Health Sciences (BHSc) program preamble be approved as proposed.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## 2<sup>nd</sup> column

Graduation from either of the Community and Population Health Majors enables students to embark on careers or graduate programs related to health care management, administration, information systems or public health.

Students pursuing the Biomedical Studies Major are required to complete a set of courses that enables them to be ~~better~~ prepared for application to professional programs, ~~for example such as, in~~ medicine, nursing, pharmacy, occupational therapy, dentistry, speech pathology or physiotherapy. This major provides a foundational, multidisciplinary knowledge base that is focused ~~more~~ on the natural, ~~and~~ physical, and social sciences, ~~thus enabling those students to be better prepared to undertake health-related research or to work in scientific laboratories.~~ and includes population health and research methodology.

All students graduating with the Bachelor of Health Sciences degree will have developed critical analytical skills, life-long learning skills, and the ability to work from the evidence of best practice.

### **S-200904.06**

#### **Change to Program Requirements — BHSc Major in Community and Population Health (Environmental Health)**

Dale / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, HHSC 430-3 Toxicology & Environmental Health be listed as an elective in the BHSc major in Community and Population Health – Environmental Health.

Effective date: May 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Students must take:

ENPL 205-3 Environment and Society

ENSC 308-3 Northern Contaminated Environments

Students must take an additional 6 credit hours from the following list (please note that some of these courses may require additional prerequisites):

ECON 410-3	Health Economics
ENPL 208-3	First Nations Community and Environmental Planning
ENPL 304-3	Mediation, Negotiation and Public Participation
ENVS 306-3	Human Ecology
HIST 360-3	An Introduction to Environmental History
<u>HHSC 430-3</u>	<u>Toxicology &amp; Environmental Health</u>
INTS 470-3	International Environmental Policy
NREM 306-3	Society, Policy and Administration
or POLS 334-3	Society, Policy and Administration of Natural Resources

It was proposed that motions S-200904.07 and S-200904.08 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

### **S-200904.07**

#### **New Course Approval — HHSC 105-3**

Dale / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HHSC 105-3 Functional Anatomy be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The purpose of this course is to provide a macroscopic examination of the human body. Lecture topics include musculoskeletal system and mobility, and major organ systems including cardiovascular, digestive and neurological, with emphasis on how these systems integrate for body function. A laboratory component is included. This course is appropriate for students who intend to enter health profession fields.

#### **S-200904.08**

##### **New Course Approval — HHSC 301-3**

Dale / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HHSC 301-3 Pathophysiology be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This lecture course examines central concepts in pathophysiology. Topics include cell-tissue biology, mechanisms of self-defense, and alterations to organs and systems, all in relation to human health.

An Executive Summary of proposed changes to the History Program curriculum was included for information.

It was proposed that motions S-200904.09 to S-200904.12 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

#### **S-200904.09**

##### **New Course Approval — HIST 257-3**

Dale / Binnema

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 257-3 Public Law in Canada be approved as proposed.

Proposed semester of first offering: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Public law includes the areas of law regulating the internal operations of governments and state agencies, the interactions among orders or levels of government and the interactions between state and non-state actors. Subjects covered in this course include constitutional law, administrative law, human rights law and criminal law and procedures.

#### **S-200904.10**

##### **New Course Approval — HIST 258-3**

Dale / Binnema

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 258-3 Private Law in Canada be approved as proposed.

Proposed semester of first offering: September 2009

A Senator asked whether this course had sufficient overlap with the course COMM 300-3 (Introduction to Business Law), which covers contracts and torts, to require that course to be precluded. Another Senator noted that the proposed new course, POLS 258-3, would likely also be impacted by the answer to this question, as it was cross-listed with HIST 258-3. Senator Binnema indicated that he was not certain of the response to this question. The Chair asked for confirmation that the matter at issue was whether preclusions should be considered, and not whether to approve the new course. The Senator who had

raised the question replied that Dr. Jago's interpretation was correct. It was therefore suggested that the matter be referred to the Office of the Registrar which, in consultation with the Programs, would advise Senate about whether there is an issue that should result in preclusions.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Private law refers in general to the areas of law that regulate the interactions among non-state actors including citizens, corporations and non-state agencies. The course covers such areas as property law, torts, contracts, family law and commercial law in Canada.

#### **S-200904.11**

##### **New Course Approval — HIST 295-3**

Dale / Binnema

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 295-3 History of Law be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course examines the historical origins and development of the law and its subsequent evolution within the social, political, economic and legal contexts.

#### **S-200904.12**

##### **New Course Approval — HIST 441-3**

Dale / Binnema

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HIST 441-3 Internship in Legal Studies be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This is an academic work study course delivered in relevant workplace settings where students experience the work environment in an assortment of law and legal services occupations.

An Executive Summary of proposed changes to the Political Science Program curriculum was included for information.

It was proposed that motions S-200904.13 to S-200904.17 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

#### **S-200904.13**

##### **Change to Program Requirements — Major in Political Science**

Dale / Binnema

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Program requirements for the Major in Political Science be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

It was proposed that motions S-200904.18 and S-200904.19 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200904.18**

**New Course Approval — POLS 257-3**

Dale/ Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course POLS 257-3 Public Law in Canada be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Public law includes the areas of law regulating the internal operations of governments and state agencies, the interactions among orders or levels of government and the interactions between state and non-state actors. Subjects covered in this course include constitutional law, administrative law, human rights law and criminal law and procedures.

**S-200904.19**

**New Course Approval — POLS 258-3**

Dale/ Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course POLS 258-3 Private Law in Canada be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Private law refers in general to the areas of law that regulate the interactions among non-state actors including citizens, corporations and non-state agencies. The course covers such areas as property law, torts, contracts, family law and commercial law in Canada.

An Executive Summary of Biochemistry and Molecular Biology curriculum changes was included for information.

**S-200904.20**

**Change to Program Requirements — Biochemistry and Molecular Biology BSc (Preamble) and Major and Minor in Biochemistry and Molecular Biology**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the program preamble for the Biochemistry and Molecular Biology B.Sc. degree, and changes to the Major and Minor in Biochemistry and Molecular Biology Degree, be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Biochemistry and Molecular Biology are the disciplines upon which Biotechnology is based. The Biochemistry and Molecular Biology program provides students with a thorough understanding of all aspects of the life sciences, including practical and theoretical studies along with an understanding of ethical issues. The course of study is truly an amalgam of both disciplines. It also includes a grounding in organic chemistry and the physical sciences as these are the disciplines from which modern Biochemistry and Molecular Biology were born. The degree is designed with sufficient flexibility to allow students to follow their interests and they can expand the degree to include minors or course work in any number of complementary disciplines from computer science to mathematics to business to environmental studies. (BCMB) major investigates how molecules work in living systems. There is no clear line dividing living from non-living systems; rather, there is a gradual increase in complexity from clearly inanimate molecules up to obviously complex organisms. The goal of biochemistry and molecular biology is to understand how simple, inanimate molecular interactions support life.

The BCMB major has two main components: learning about molecules and learning about the scientific method. The former involves acquiring expertise in the foundations of biochemistry, such as organic and physical chemistry, and then exploring biological molecules and how they operate in living systems. The latter involves exploring how science asks questions to understand the workings of nature, while developing competence in laboratory skills and analysis. These two aspects are linked because an understanding of how information is acquired is as important as the information itself, since different experimental systems can yield different insights into complex biological problems.

BCMB majors continue on to successful careers in a diverse range of fields, notably medicine, teaching, pharmacy, the biotechnology industry, science policy, and law. BCMB majors acquire strong skills in laboratory techniques, and are therefore qualified for many kinds of research positions, including graduate programs such as immunology, molecular genetics, and developmental biology. BCMB majors are encouraged to pursue their interests by combining BCMB with minors in other fields, such as computer science, physics, business, or education.

## Major in Biochemistry and Molecular Biology

The major in Biochemistry and Molecular Biology requires students to take at least 85 credit hours of Biochemistry & Molecular Biology, Biology, and Chemistry courses, of which 42 credit hours must be upper division (i.e. 300 or 400 level). The minimum requirement for completion of a Bachelor of Science with a major in Biochemistry and Molecular Biology is 129 credit hours.

## Program Requirements

### Lower Division Requirement

#### 100 Level

- BIOL 101-4 Introductory Biology I
- BIOL 102-4 Introductory Biology II
- CHEM 100-3 General Chemistry I
- CHEM 101-3 General Chemistry II
- CHEM 120-1 General Chemistry Lab I
- CHEM 121-1 General Chemistry Lab II
- PHYS 100-4 Introduction to Physics I
  - or PHYS 110-4 Introductory Physics I: Mechanics
- PHYS 101-4 Introduction to Physics II
  - or PHYS 111-4 Introductory Physics II: Waves & Electricity

One of the following three options:

- MATH 100-3 Calculus I
  - and MATH 101-3 Calculus II
- or MATH 105-3 Enriched Calculus
  - and MATH 101-3 Calculus II
- or MATH 150-3 Finite Mathematics for Business and Economics
  - and MATH 152-3 Calculus for Non-majors

*Students are strongly encouraged to take MATH 100-3 or MATH 105-3, and MATH 101-3, for the ~~first year~~ first-year Mathematics requirement.*

#### 200 Level

BIOL 201-3 Ecology  
BIOL 203-3 Microbiology  
BIOL 210-3 Genetics  
CHEM 201-3 Organic Chemistry I  
CHEM 203-3 Organic Chemistry II  
CHEM 204-3 Introductory Biochemistry  
CHEM 250-1 Organic Chemistry Lab I  
CHEM 251-1 Organic Chemistry Lab II  
CHEM 255-1 Biochemistry Lab I

#### Upper Division Requirement

#### 300 Level

BIOL 311-3 Cell and Molecular Biology  
BIOL 312-3 Molecular Cell Physiology  
BIOL 323-3 Evolutionary Biology  
CHEM 306-3 Intermediary Metabolism  
CHEM 307-3 Proteins  
CHEM 308-3 Biochemistry Lab II  
CHEM 330-3 Nucleic Acids  
CHEM 340-3 Physical Biochemistry

#### 400 Level

BIOL 423-3 Molecular Evolution and Ecology  
BIOL 425-3 Applied Genetics and Biotechnology  
~~CHEM 405-3 Topics in Biochemistry~~  
CHEM 409-3 Enzymology  
One of:  
BCMB 401-3 Basic Science of Oncology  
BCMB 402-3 Macromolecular Structure  
BCMB 403-3 Advanced Nucleic Acids

#### Subject Requirements

Twelve additional credit hours of Biology and/or Chemistry at the 200 level or above, of which at least 6 credit hours must be at the 300 or 400 level to ensure completion of 42 ~~upper-division~~ upper-division Biochemistry & Molecular Biology, Biology, and/or Chemistry credits. Note: NRES 430-6 can count toward this requirement with permission of the Program Chair.

#### Elective Requirements

Elective credit hours as necessary to ensure completion of 129 credit hours.

### Minor in Biochemistry and Molecular Biology

The minor in Biochemistry and Molecular Biology is designed to provide students with a core of study in the field of Biochemistry and Molecular Biology. The program of study includes a grounding in chemistry and biology since these are the traditional disciplines from which modern ~~B~~biochemistry and ~~M~~molecular ~~B~~biology were born. The minimum requirement for completion of the minor in Biochemistry and Molecular Biology is 41 credit hours, of which at least 12 credit hours must be at the ~~upper-division~~ upper-division level.

#### 100 Level

BIOL 101-4 Introductory Biology I  
BIOL 102-4 Introductory Biology II  
CHEM 100-3 General Chemistry I  
CHEM 101-3 General Chemistry II  
CHEM 120-1 General Chemistry Lab I  
CHEM 121-1 General Chemistry Lab II

#### 200 Level

BIOL 210-3 Genetics  
CHEM 201-3 Organic Chemistry I  
CHEM 203-3 Organic Chemistry II  
CHEM 204-3 Introductory Biochemistry  
CHEM 255-1 Biochemistry Lab I

Note: Students are allowed to double-count all applicable first and second year courses; however, they must take ~~upper-division~~ upper-division courses for the minor that are not included in their major requirements or ~~upper-division~~ upper-division

subject requirements to ensure completion of 12 ~~upper-division~~ upper-division credit hours outside of their major. Students must ensure that all prerequisites are fulfilled prior to taking a course.

300 and 400 Level

12 credit hours must be chosen from the following:

BCMB 401-3 Basic Science of Oncology  
BCMB 402-3 Macromolecular Structure  
BCMB 403-3 Advanced Nucleic Acids  
BIOL 311-3 Cell and Molecular Biology  
BIOL 312-3 Molecular Cell Physiology  
BIOL 323-3 Evolutionary Biology  
BIOL 423-3 Molecular Evolution and Ecology  
BIOL 425-3 Applied Genetics and Biotechnology  
CHEM 306-3 Intermediary Metabolism  
CHEM 307-3 Proteins  
CHEM 308-3 Biochemistry Lab II  
CHEM 330-3 Nucleic Acids  
CHEM 340-3 Physical Biochemistry  
CHEM 405-3 Topics in Biochemistry  
CHEM 409-3 Enzymology

It was proposed that motions S-200904.21 to S-200904.23 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

#### **S-200904.21**

##### **New Course Approval — BCMB 401-3**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course, BCMB 401-3 Basic Science of Oncology, be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This is a lecture-based course designed to provide insight into our basic understanding of the biological chemistry of cancer. Major topics include chemical carcinogenesis, genomic instability, oncogenes and tumor suppressor genes, cell growth, apoptosis, tumor progression and metastasis, tumor angiogenesis, hormones, viruses, and drug resistance. This course also provides an in-depth look at the advanced technology used in controlling the disease, including immunotherapy and therapeutic approaches in controlling gene expression.

#### **S-200904.22**

##### **New Course Approval — BCMB 402-3**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course, BCMB 402-3 Macromolecular Structure, be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This is a lecture-based course designed to provide students with an understanding of the theory behind structural techniques used in biochemical laboratories. Topics include X-ray crystallography, nuclear magnetic resonance spectroscopy and electron microscopy; students are expected to develop an understanding of the theory and application of these techniques and technical considerations. Students also learn how to judge the quality of data.

#### **S-200904.23**

### **New Course Approval — BCMB 403-3**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course, BCMB 403-3 Advanced Nucleic Acids, be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This is a lecture-based course designed to provide in-depth knowledge on advanced topics in nucleic acid biochemistry. Topics include mechanistic analysis of nucleic acid metabolism; the RNA world hypothesis and theories of the origin of life; epigenetics; specificity and role of polymerases and repair pathways; replication and recombination mechanisms; RNA structural motifs and physical processing in gene expression; structure and function of non-coding RNA; silencing and micro RNA; catalytic RNA molecules; and applications of RNA molecules.

### **S-200904.24**

#### **New Course Approval — CPSC 351-3**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 351-3 Management Information Systems be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course emphasizes the strategic role of information systems in modern business. Topics include the technical foundations of information systems, the impact of information systems on business operations and decision-making, and the processes that are required for successful implementation of business information systems.

It was proposed that motions S-200904.25 and S-200904.26 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

### **S-200904.25**

#### **Change to Program Requirements and Calendar Description — Environmental Science (BSc Program)**

Dale / Déry

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the program requirements and calendar description for Environmental Science (B.Sc. Program) be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Program Requirements**

\*Important: Courses with an asterisk (\*) have prerequisites not taken in the major requirements; it is the student's responsibility to ensure that they have completed the required prerequisites.

## Lower Division Requirement

### 100 Level

BIOL 101-4	Introductory Biology I
BIOL 102-4	Introductory Biology II
CHEM 100-3	General Chemistry I
CHEM 101-3	General Chemistry II
CHEM 120-1	General Chemistry Lab I
CHEM 121-1	General Chemistry Lab II
MATH 100-3	Calculus I
MATH 101-3	Calculus II
PHYS 100-4	Introduction to Physics I
and PHYS 101-4	Introduction to Physics II
or PHYS 110-4	Introductory Physics I: Mechanics
and PHYS 111-4	Introductory Physics II: Waves and Electricity

### 200 Level

BIOL 201-3	Ecology
BIOL 203-3	Microbiology
CHEM 201-3	Organic Chemistry I
CHEM 250-1	Organic Chemistry Lab I
ENSC 201-3	Introduction to Atmospheric Science
ENSC 202-3	Introduction to Aquatic Systems
FSTY 205-3	Introduction to Soil Science
GEOG 205-3	Cartography and Geomatics
GEOG 210-3	Geomorphology
<del>MATH 342-3</del>	<del>Biostatistics</del>
<u>MATH 240-3</u>	<u>Basic Statistics</u>
<u>Or MATH 371-3</u>	<u>Probability and Statistics for Scientists and Engineers</u>

#### **S-200904.26**

#### **Change to Calendar Description — Environmental Science (BSc Program) “Areas of Focus”**

Dale / Déry

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the wording for the Environmental Science calendar description of “Areas of Focus” be revised as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Areas of Focus

Students ~~may~~ must choose to focus in an environmental system (atmospheric, aquatic, terrestrial or ecological), in Environmental Chemistry or in Environmetrics (environmental techniques). Four courses from one of the following lists are required, with the following provisions ~~that~~:

1. at least two of the courses must be at the upper division (300 or 400 level); and
2. courses used to fulfill major requirements above may not be used to fulfill an area of focus requirement.
  - i. Aquatic Systems
  - ii. Atmospheric Systems
  - iii. Terrestrial Systems
  - iv. Ecological Systems
  - v. Environmental Chemistry
  - vi. Environmetrics

### To Senate for Information:

#### **SCAPP200903.32**

##### **Calendar Course Description Change — ENPL 204-3**

That the change(s) to the course description for ENPL 204-3 Principles and Practices of Planning be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~History, theory, methods and processes in regional planning; contemporary issues and professional practices.~~

This course provides an introduction to, and understanding of, land use planning systems. Land use planning practice is heavily influenced by the legal and institutional structures in place, the values of the society it serves, and the local dynamics that exist. To gain an increased understanding of the importance of the context of planning, this course examines the structure of various land use planning systems, with a detailed focus on the structure and operation of the Canadian system. The course draws heavily upon examples of planning at the provincial and local levels in British Columbia.

#### **SCAPP200903.33**

##### **Calendar Course Description and Prerequisite Change — ENPL 401-3**

That the change(s) to the course description and prerequisites for ENPL 401-3 Environmental Law be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

ENPL 401-3 Environmental Law

This course covers the interpretation and application of international, national, provincial, and aboriginal environmental law. ~~Interpretation and application.~~ (This course is recommended for students who intend to pursue the study of law.)

~~Prerequisites: POL 100~~

Prerequisites: 60 credit hours

### **SCAPP200903.37**

#### **Calendar Course Description, Title and Prerequisite Change — ENSC 425-3**

That the changes to the Calendar course description, title and prerequisites for ENSC 425-3 Global Change Science be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~ENSC 425-3 Global Change Science—Climate Change and Global Warming Earth's environmental systems—atmosphere, biosphere, lithosphere and hydrosphere—are intimately interconnected and undergoing periodic and chaotic natural variability. A fifth "system"—the anthrosphere (human species)—has become an increasingly significant component of the Earth system. This course covers topics in global change science including: past climate and environmental change, climate and environmental variability and prediction, climate and environmental change interactions with biological organisms and ecosystems, implications of climate and environmental change for terrestrial systems, and the human role in global change.~~

Climate change and global warming caused by human activity has become one of the most significant environmental, social and economic threats that we have faced. This course presents the science of global climate change and global warming. Emphasis is placed on scientific principles responsible for climate changes, observed evidence of global climate change and global warming, and future climate change. Course topics include climate system, greenhouse effect, El Niño, atmospheric and ocean circulation, Earth's past and present climate, climate models, future climate projection, and climate change impacts on Canada.

Prerequisites: ENSC 201 ~~ENSC 201~~ and ~~BIOL 110~~ or BIOL 204

Precluded: ENSC-625

### **SCAPP200903.09**

#### **Change to Calendar Course Description and Prerequisites — HHSC 111-3**

That the change(s) to the calendar course description and prerequisites for HHSC 111-3 be approved as proposed.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **Pg 224, 2008/2009 Calendar 2<sup>nd</sup> Column**

**HHSC 111-3 Anatomy and Physiology I** This course is the first half of a comprehensive survey of the structures and functions of the human organ systems. Lecture topics include cellular physiology, histology, and studies of the integumentary, skeletal, nervous and endocrine systems. A laboratory component is included. This course is appropriate for students who intend to enter ~~H~~health Sciences ~~programs~~ profession fields.

*Prerequisites:* Biology 12 and Chemistry 11

*Recommended:* HHSC 105-3

### **SCAPP200903.38**

#### **Calendar Course Description Change — MATH 100-3**

That the calendar description for MATH 100-3 Calculus I be changed as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is an introduction to the calculus functions of one variable, primarily for majors and students in the sciences. Functions of one variable, inverses, limits and limit theorems, continuity, the difference quotient and derivatives, rules for differentiation, differentiability, the mean value theorem, the differential as a linear functional, definitions and derivatives of trigonometric functions, informal definitions of logarithmic and exponential functions and their derivatives, L'Hopital's rule, higher derivatives, maxima and minima, curve sketching, Newton's method, antiderivatives, definite integrals, the fundamental theorem of calculus, integrals of elementary functions, area between curves, applications of integration, and integration by substitution are discussed. All sections of this course ~~are will be~~ taught using the Maple software.

#### **SCAPP200903.39**

##### **Calendar Course Description and Prerequisite Change — MATH 101-3**

That the changes to the course description and prerequisites for MATH 101-3 Calculus II be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides a continuation of MATH 100. Areas of study include the definition of the natural logarithm as an integral and of the exponential function as its inverse, integration by substitution and by parts, miscellaneous techniques of integration, improper integrals, volumes by slicing and by shell techniques, the trapezoidal rule and Simpson's rule, infinite sequences and series, Taylor series, masses, volumes, moments, centre of mass, first order linear differential equations, definition of partial derivatives. All sections of this course ~~are will be~~ taught using the Maple software.

~~MATH 100 Minimum Grade of C- or MATH 105 Minimum Grade of C-~~  
Prerequisites: MATH 100-3 or MATH 105-3

#### **SCAPP200903.40**

##### **Calendar Course Description and Prerequisite Change — MATH 150-3**

That the changes to the course description and prerequisites for MATH 150-3 Finite Mathematics for Business and Economics be changed as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**MATH 150-3 Finite Mathematics for Business and Economics** This course is offered primarily for students in the School of Business and the Economics Program. The course covers functions and graphs, linear systems of equations, matrix notation and properties, matrix inversion, linear programming, sets, counting and probability, and an introduction to actuarial mathematics.

**This course may not be used for credit towards a major, or joint major, in Mathematics or Computer Science.**

~~Prerequisites: Math 12 or~~ Principles of Math 12 or MATH 115-3

#### **SCAPP200903.21**

##### **Course Prerequisite Change — POLS 320-3**

That the change(s) to the prerequisite for POLS 320-3 Canadian Politics and Policy be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 320-3 Canadian Politics and Policy** This course provides an introduction to the concepts, goals and methods of policy analysis, with applications to current policy issues in Canada, British Columbia and the North. Topics include public opinion surveys and the statistical analysis of policy preferences.

*Prerequisites:* ECON 205-3 or ~~MATH 242-3~~ MATH 240-3

## 7.2 Senate Committee on Research and Graduate Studies

Fondahl / Hartley

An Executive Summary and labour market articles related to the proposed new Academic Program Proposal for a PhD in Health Sciences were included for information.

### **S-200904.27**

#### **New Academic Program Approval — PhD in Health Sciences**

Hartley / Casperson

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new PhD in Health Sciences be approved as proposed.

Proposed start date: September 2009

Dr. Jago noted that this was the first proposed new PhD program since 1997, so it is a significant development. He added that Senate approval was one step in the process of having the degree approved, which needed to also be approved by the province and the UNBC Board of Governors. Several questions were raised, discussed and addressed. It was asked whether a proposed start date of September 2009 was realistic given the approval processes required. Dr. Hartley responded that the Senate Committee on Research and Graduate Studies had also discussed this. He noted that when the proposal was initiated, in December 2008, it was perceived that September 2009 would be appropriate, but the start date would more likely be January 2010 at the earliest. Dr. Jago noted that the Ministry approval process was unlikely to be complete in time for this motion to be considered at the June Board meeting. He added that, because the next Board meeting after that would be held in September 2009, a January 2010 start date would likely be more realistic, so the Provost may wish to revise the proposed start date prior to posting the material on the Ministry's website for comment.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**General Calendar Description:** The PhD in Health Sciences offers students the opportunity to develop an advanced level of understanding and training in any one scientific discipline, or a combination of scientific disciplines, related to human health, the processes (e.g. sociological, biological, chemical, physical) that influence human health or the organization and delivery of health services. The PhD in Health Sciences promotes an integration of the linkages between social, ethical, political, and cultural dimensions, and an understanding of basic biological, ecological and physical determinants of health. Students are expected to acquire a familiarity with the scope of disciplines that contribute to knowledge and practice in health while developing expertise in a specific disciplinary area. Graduates from this program will have an area of concentration and a familiarity with other disciplines and be able to work constructively and show leadership within the increasingly complex multidisciplinary frameworks that are evolving across all parts of the health continuum.

Students must complete 6 credit hours of a **mandatory interdisciplinary seminar series: HHSC 800-3 Graduate Seminar I and HHSC 801-3 Graduate Seminar II**. The seminars cover core topics of Grant Writing and Project Management, Ethics and Human Subjects Research, and Methodologies Employed in Health Sciences Research as well as presentations on areas of concentration by faculty and senior students in the program.

Students must also complete a 12 credit hour thesis (**HHSC 890-12 PhD Dissertation**) to the satisfaction of their committee. In addition, they must also take a minimum of 6 credit hours in elective courses relevant to their area of concentration as determined by their supervisor. Students may be required, at the discretion of their supervisory committee, to take additional courses within their area of concentration.

Students must pass three separate checks on their academic progress towards a PhD: a qualifying exam, a defense of the thesis proposal, and a defense of the thesis. The qualifying exam is tailored to ensure a cross-disciplinary aptitude, and tests the student's grasp of the core interdisciplinary materials presented in the seminar series as well as core concepts of their area of concentration derived from elective course work. The thesis proposal defense is tailored to ensure students have a grasp of their area of concentration, and therefore examines the level of knowledge within the area of concentration. Upon successfully passing both the qualifying examination and the thesis proposal defense, students are granted candidate status, and embark upon the thesis work under the supervision of their faculty advisor. Following completion of the research, candidates must defend their thesis before an examination committee.

### Summary

HHSC 800-3 Graduate Seminar I	3 Credit Hours
HHSC 801-3 Graduate Seminar II	3 Credit Hours
Elective Courses	6 Credit Hours
HHSC 890-12 PhD Dissertation	<u>12 Credit Hours</u>
Total Required	24 Credit Hours

### Admission Requirements

Students are normally expected to hold a Master's degree from an accredited post-secondary institution. Normally, applicants must hold a cumulative GPA of 3.33 (B+) from the Baccalaureate and Master's degree, to be calculated over the last 30 credits of graded academic work.

In addition to a completed UNBC Graduate Application Form, applicants must provide official transcripts from all post-secondary institutions attended, a statement of intent indicating the student's research interests, possible future career aspirations, and perceived fit within the Faculty mandate and research directions; three letters of reference; and a sample of written academic work. GRE scores are optional. Only students with high GPAs and innovative research interests are likely to be successful in their applications.

Application deadlines are found in this calendar under "Semester Dates" or on line at [www.unbc.ca/calendar/graduate](http://www.unbc.ca/calendar/graduate), and also under "Semester Dates." The Health Sciences PhD Program accepts students for the September semester.

For additional information about graduate admissions or to download application materials, go to the Graduate Programs website at [www.unbc.ca/graduateprograms](http://www.unbc.ca/graduateprograms).

### Recommended Progression

#### **First Year: Mandatory Interdisciplinary Seminar, Elective Graduate Courses, Qualifying Exam**

During the first two semesters, students take a **mandatory interdisciplinary seminar series: HHSC 800-3 and HHSC 801-3 Graduate Seminars**. Based upon determinations made either prior to entry into the program, or in the first semester, elective courses determined by the supervisor will be also taken.

#### **Second Year: Area of Concentration, Defense of Thesis Proposal**

If students are required to take additional courses to address deficiencies within their area of concentration, they may select courses from relevant course offerings within the UNBC programs, or from other accredited graduate programs in other post-secondary institutions. In addition, students normally conduct some exploratory research in their area of concentration. Students in their second and third years are expected to present on their area of concentration to the interdisciplinary seminar series as an exercise in communicating their research field to a more general audience.

At the end of their course work, PhD students normally take a qualifying exam consisting of written and oral components. The general part of the exam should demonstrate the student's ability to synthesize and extrapolate from the core interdisciplinary materials presented in the seminar program. The specialty part of the exam assesses the student's background knowledge and familiarity with the theory and methodology associated with his/her thesis topic. Students normally take the qualifying exam upon completion of the 12 credit hours of required core courses.

Once course work is complete, students work towards finalizing a thesis proposal, which should demonstrate academic rigour and be of publishable quality. Students are expected to present the thesis proposal before their committee, and to demonstrate their knowledge within their area of concentration. Normally, this defense is scheduled either at the end of the third semester or at the beginning of the fourth semester of study.

### **Third to Fifth Year: Thesis**

Upon successful completion of course work, and the successful completion of the qualifying exam and the defense of the thesis proposal, the student is officially designated as a PhD candidate, and proceeds to full-time work on the thesis under the direct supervision of the advisor and any other designated committee members. Once the thesis proposal has been approved by the committee, any major changes made to the thesis proposal require further approval of the committee.

Under normal circumstances, students are expected to complete their research and the writing of the thesis within three years of becoming a doctoral candidate.

It was proposed that motions S-200904.28 to S-200904.30 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

#### **S-200904.28**

##### **New Course Approval — HHSC 800-3**

Hartley / Hyndman

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course HHSC 800-3 Graduate Seminar I be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This seminar is geared toward developing critical thinking skills and aims to help students evaluate a broad spectrum of topics. The seminar functions to generate debate on key issues, promotes interaction with faculty members and other students in the program, and acts as a context for presentations by the students and invited speakers. Each PhD student is expected to give two 50-minute presentations. One presentation will be on a topic agreed upon by the student and the course instructor, and the other is related to the student's thesis research.

#### **S-200904.29**

##### **New Course Approval — HHSC 801-3**

Hartley / Hyndman

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course HHSC 801-3 Graduate Seminar II be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This seminar is geared toward developing critical thinking skills and aims to help students evaluate a broad spectrum of topics. The seminar functions to generate debate on key issues, promotes interaction with faculty members and other students in the program, and acts as a context for presentations by the students and invited speakers. Each PhD student is expected to give two 50-minute presentations. One presentation will be on a topic agreed upon by the student and the course instructor, and the other is related to the student's thesis research.

**S-200904.30**

**New Course Approval — HHSC 890-12**

Hartley / Hyndman

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course HHSC 890-12 PhD Dissertation be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The doctoral thesis must emphasize the candidate's original research or provide an original investigation, interpretation or synthesis of existing research.

**To Senate for Information:**

**SCRGS200903.03**

**Calendar Course Description and Title Change — ENSC 625-3**

That the changes to the Calendar course description and title for ENSC 625-3 be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~ENSC 625-3 Global Change Sciences—Climate Change and Global Warming Earth's environmental systems— atmosphere, biosphere, lithosphere and hydrosphere— are intimately interconnected and undergoing periodic and chaotic natural variability. A fifth "system"— the anthrosphere (human species)— has become an increasingly significant component of the Earth system. This course covers topics in global change science including: past climate and environmental change, climate and environmental variability and prediction, climate and environmental change interactions with biological organisms and ecosystems, implications of climate and environmental change for terrestrial systems, and the human role in global change.~~

The climate change and global warming caused by human activity has become one of the most significant environmental, social and economic threats that we have faced. This course presents the science of global climate change and global warming. Emphasis is placed on scientific principles responsible for climate changes, observed evidence of global climate change and global warming, and future climate change. Course topics include climate system, greenhouse effect, El Niño, atmospheric and ocean circulation, Earth's past and present climate, climate models, future climate projection, and climate change impacts on Canada.

**7.3 Steering Committee of Senate**

**Jago**

**S-200904.31**

**Revision to Senate Handbook — Terms of Reference for the SCAPP and SCRGS Continuing Studies Credit Committee (CSCC)**

Casperson / Hyndman

That, on the recommendation of the Steering Committee of Senate, the revision to the terms of reference for the SCAPP and SCRGS Continuing Studies Credit Committee be approved as proposed.

Effective date: Immediately upon approval by Senate

CARRIED.

**7.4 Senate Committee on Nominations**

**Reid**

**S-200904.32**

**Membership Changes to Senate Committees (no material)**

General Consent

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on

Senate committees as indicated, be approved as proposed.

Senator Reid asked that Senators consider a revision to the proposed appointments, noting that the position of Faculty Member on the Senate Committee on Academic Appeals was not actually available, and recommending that David Casperson thus be appointed instead to the position of Faculty Senator from CSAM on the Senate Committee on Honorary Degrees and Other Forms of Special Recognition. Senators were in agreement with the proposed revision, noted below by “~~strike through~~” for the position removed and “underline” for the position added to the report.

CARRIED.

**8.0 Other Business**

**8.1 Computer Science Program External Review**

**Dale / Fondahl**

**8.1.1 S-200904.33**

**Move to In Camera Session**

Bock / Reid

That the meeting move In Camera.

CARRIED.

The meeting moved in camera. After review of documents containing confidential information in the in camera session, the following motions resulted for consideration in the public session of Senate:

Motion 1:

That admissions to the undergraduate major in Computer Science (for September 2010) be suspended starting in September 2009 and that the suspension be maintained until a new Computer Science undergraduate curriculum that meets outside scrutiny is passed by Senate. (If that approval occurs before September 2009, the suspension will not be necessary.)

Motion 2:

That admissions to graduate programs in Computer Science (for September 2010) be suspended starting in September 2009 and that the suspension be maintained until a new Computer Science undergraduate curriculum that meets outside scrutiny is passed by Senate. (If that approval occurs before September 2009, the suspension will not be necessary.)

**Motion:**

Dale / Fondahl

That admissions to the undergraduate major in Computer Science (for September 2010) be suspended starting in September 2009 and that the suspension be maintained until a new Computer Science undergraduate curriculum that meets outside scrutiny is passed by Senate.

Discussion ensued regarding this motion. The vote was taken by ballot, and this motion was DEFEATED.

In light of the decision regarding motion 1, the Provost requested that motion 2 be withdrawn.

### 3.0 Business Arising from Previous Minutes of Senate

#### 3.1 Report from Office of the Registrar regarding HIST 258-3 preclusion (no material)

The Acting Registrar reported that, upon consulting with the Programs involved, it was determined that no preclusion was required for this course as the content is different from the other Program's course offering.

#### 3.2 Bicycle storage (no material)

Dr. Jago informed Senators that Ms. Shelley Rennick had advised him that bicycle storage was still available in the library basement, and that access can be obtained by requesting a key from Facilities. After-hours (when the library is closed) access is available to the space upon request to Security. A more accessible storage space is currently being sought.

### 4.0 President's Report

Jago

Dr. Jago had nothing to report.

### 5.0 Report of the Provost

Dale

Dr. Dale reported that, with regard to the Master of Physical Therapy Program, UNBC officials had met with the Ministry to discuss the budget and capital expenditures. He added that the University was currently waiting for the finalized budget to be brought down by the provincial government after the election, as this may have an effect on the Program.

### 6.0 Question Period

No questions were posed.

### 7.0 Committee Reports

#### 7.1 Senate Committee on Academic Policy and Planning

Dale

##### **S-200905.04**

##### **Approval of Memorandum of Understanding and Cooperation — Maple Leaf Education Systems and UNBC**

Dale / Ellis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the memorandum of understanding and cooperation between the Maple Leaf Education Systems and its Schools, China and the University of Northern British Columbia be approved as proposed.

Effective date: May 2009

CARRIED.

##### **S-200905.05**

##### **Approval of Partnership Agreement — Michigan Technological University, University of Puerto Rico-Mayaguez, Universidad de Sonora, Universidad Autónoma de Aguascalientes, University of Northern British Columbia and Lakehead University**

Dale / Lazenby

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the partnership agreement between MICHIGAN TECHNOLOGICAL UNIVERSITY (U.S.A.), UNIVERSITY OF PUERTO RICO-MAYAGUEZ (Puerto Rico), UNIVERSIDAD DE SONORA (Mexico), UNIVERSIDAD AUTÓNOMA DE AGUASCALIENTES (Mexico), UNIVERSITY OF NORTHERN BRITISH COLUMBIA (Canada), & LAKEHEAD UNIVERSITY (Canada) for the purposes of exchange and student support be approved as proposed.

Effective date: May 2009

CARRIED.

An Executive Summary of the proposed changes to the Economics Program was included for information.

It was proposed that motions S-200905.06 to S-200905.19 be dealt with as an omnibus motion, and in the absence of opposition, Senate proceeded in this manner.

**S-200905.06**

**Course Deletion — ECON 303-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 303-3 Economics of Technological Change be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.07**

**Course Deletion — ECON 306-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 306-3 Economics of Industrial Organization be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.08**

**Course Deletion — ECON 309-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 309-3 Economics of Major World Regions be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.09**

**Course Deletion — ECON 316-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 316-3 Government and the Economy be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.10**

**Course Deletion — ECON 330-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 330-3 Resource Economics be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.11**

**Course Deletion — ECON 402-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 402-3 Topics in Labour Economics be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.12**

**Course Deletion — ECON 405-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 405-3 Topics in Environmental Economics be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.13**

**Course Deletion — ECON 408-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 408-3 Topics in International Economics be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.14**

**Course Deletion — ECON 415-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 415-3 Topics in the Economics of Social Policy be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.15**

**Course Deletion — ECON 417-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, ECON 417-3 Topics in Monetary and Financial Economics be deleted as proposed.

Effective date: September 2009

CARRIED.

**S-200905.16**

**New Course Approval — ECON 120-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ECON 120-3 Globalization and the World's Economies be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course examines the shifting spatial dynamics of the world economy. Trends in world production, trade, and investment over the past 200 years are analyzed and the reasons for these shifts discussed. Contemporary dimensions of globalization are identified with a focus on examining the rise and re-emergence of new global powers such as Brazil, Russia, India and China.

**S-200905.17**

**New Course Approval — ECON 206-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ECON 206-3 Methods of Economic Evaluation be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course provides an introduction to the analysis and evaluation of socio-economic issues, projects, programs and policies. Contemporary techniques of project and program evaluation are examined. Methods of economic evaluation include cost-benefit, cost-effectiveness and impact analyses. These methods and techniques are applied to issues such as health care, deregulation, wildlife, and resource investment.

**S-200905.18**

**New Course Approval — ECON 423-(3, 6)**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ECON 423-(3, 6) Economics Field School be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course allows students to learn about the application of economics in specific contexts. Course location varies with instructor and year taken. This course may be repeated to a maximum of 6 credit hours if the course content differs.

**Prerequisites:** Upper division standing and permission of the Chair.

**S-200905.19**

**New Course Approval — ECON 435-3**

Dale / Dayanandan

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ECON 435-3 Financial Economics and Quantitative Methods be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course explores the theoretical and conceptual foundations of financial economics. The course also includes the study of quantitative methods for testing some of the basic financial propositions in finance.

**Prerequisites:** ECON 100-3, 101-3 and 205-3.

An Executive Summary of the proposed changes to the Bachelor of Education Program curriculum was included for information.

**S-200905.20**

**Change to Calendar Description — Bachelor of Education Program**

Dale / Déry

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the calendar description for the Bachelor of Education (BE) program be approved as proposed.

Proposed start date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~UNBC's Bachelor of Education degree (BEd) program and Bachelor of Education degree completion program are is offered at the Prince George campus and at the Terrace campuses. At the Prince George campus, the BEd program is a two-year after-degree program that offers both the Elementary (g Grades K-7); and Secondary (g Grades 8-12) Sstreams. At the Terrace campus, only the Elementary Stream is offered. It is designed for university students who have already completed a first degree and who wish to continue their education in order to become teachers. The BEd degree is a two-year program that consists of 73 credit hours in Education course work of which 20 credit hours is classroom experience. The BEd degree completion program is available only to applicants who have completed a UNBC Education Diploma in a First Nations Language and Culture and consists of an additional 53 credit hours of Education course work of which 17 credit hours is classroom experience. All Education courses within the BEd degree program and the BEd degree completion program are required; there are no elective courses offered.~~

~~At the Terrace campus, the Elementary Stream is offered. There are three routes of entry into the BEd program at the Terrace campus. Subject to the admission requirements for Elementary (Grades K-7), S students may apply to enter the BEd Elementary program with one of the following: (a) an acceptable bachelor's degree or and complete the two-year after-degree program as described above. Alternatively, students may enter the BEd program after having completed (b) a minimum 90 credit hours of undergraduate course work which includes 30 senior-level credits in a teachable field. or (c) a UNBC Education Diploma in a First Nations Language and Culture (minimum 92 credit hours). Students applying for admission under item (c) will be admitted to the BEd Elementary degree completion program and must complete, prior to graduation, the required Education courses not taken as part of the Education Diploma program and sufficient additional credit hours in a teachable field to attain a minimum 150 credit hours of combined academic, Education Diploma and BEd course work. Upon completion of the two-year BEd program or the two-year BEd degree completion program, students will graduate with a five-year (163 credit) Bachelor of Education degree. The third route of entry is with a UNBC Education Diploma in a First Nations Language and Culture (92 credits). Students pursuing this route may be admitted to the two-year BEd degree completion program, which includes an additional 12 senior-level credits in a teachable field along with the remainder of the Education coursework needed to complete a five-year (154 credit) BEd degree.~~

~~Subject to the admission requirements for Secondary (Grades 8-12), students may apply to enter the Secondary program after having completed a four-year Bachelor of Arts, Bachelor of Science, or Bachelor of Commerce degree (120 credit hours) or the equivalent. Upon completion of the two-year BEd program, students will graduate with a BEd degree.~~

~~Each model and stream of UNBC's BEd program provides students with the course work and classroom experience to prepare them to be qualified teachers. Upon successful completion of the program, graduates are recommended to the British Columbia College of Teachers (BCCT) for professional certification. Certification by the BCCT is required for employment in the British Columbia public school system. All Education courses within the Elementary and Secondary Streams are required; there are no elective courses offered.~~

~~The Elementary and Secondary programs in Prince George begin in September of each year. The Elementary program in Terrace begins in September of each odd-numbered year. and The application deadline for all Education programs is **March 15** of the year in which students intend to begin their program. Students needing advice about the application process or about any of the Education courses admission requirements are encouraged to contact either the Office of the Registrar Student Recruitment and Advising Centre or the School Experience Office in the School of Education Program. Students applying to who are interested in applying to the BEd program at the Terrace campus ~~also~~ may also contact the Northwest Regional campus for information.~~

## Elementary (Grades K-7)

The Elementary Sstream prepares teacher candidates to work with the unique learning needs of children who are beginning their school years. This model reflects current thinking about optimizing the match between educational theory and children's levels of cognitive and social development. The Elementary Sstream is designed to educate teachers to combine pedagogical

excellence across disciplinary areas with a learner-centered approach to practice. Philosophically, the program is designed around constructivist principles, and it emphasizes approaches to practice such as inquiry-based learning, strategies for instruction, integration of language across the curriculum, inclusion of diverse learners and perspectives, the development of caring and respectful communities of learners, and reflective practice. Successful applicants to the Elementary Stream will be assigned to a cohort group of students and will normally take their Education courses with that cohort group over the two years.

## Admission Requirements

Applicants to the BEd degree Elementary Stream at the Prince George campus must have completed (with a minimum grade point average of C+ on the most recent 60 credit hours of university credit hours completed), a four-year one of the following:

- (a) an acceptable bachelor's degree of which 60 credit hours, including 30 senior level credit hours, must be in Arts, Science, or in other teachable fields relevant to the BC School system (120 credits) or the equivalent with a minimum of ninety (90 credits) in Arts, Science, or in other teachable fields relevant to the BC School system. The remaining credits may come from any discipline. Applicants to the Elementary Stream at the Terrace campus must have completed one of: 1) a four-year Bachelor's degree (120 credits) or the equivalent as described above; 2) or  
(b) a minimum of ninety (90) credit hours of undergraduate course work, of which sixty (60) credit hours, including 30 senior level credit hours, must be in Arts, Science, or in other teachable fields relevant to the BC School system, and including 30 senior level credits in a teachable field; or 3)

Applicants to the BEd degree completion program must have completed a UNBC Education Diploma in a First Nations Language and Culture (minimum 92 credit hours).

Transfer credit for course work relating to the ninety (90) credit hours that has been completed prior to UNBC registration shall not be subject to the ten-year provision in the university calendar regulation regarding *Time Limit for Transfer Credit* but shall be determined by the School of Education, program based upon the British Columbia College of Teachers' acceptable course work and degree policy.

In addition to the entry qualifications admission requirements described above, the following requirements must be met (see note following):

1. Successful completion, with a C+ average, of six (6) credit hours of acceptable English literature and composition at any level (one of the following: (a) three (3) credit hours of English literature and three (3) credit hours of English composition or (b) six (6) credit hours of acceptable English literature). Courses in linguistics, language study, grammar, technical or business writing, communication, or English as a second language are not acceptable to meet the English requirement.
2. Three (3) credit hours in mathematics (not including Statistics).
3. Three (3) credit hours in a laboratory science. Laboratory science credit hours are normally selected from Biology, Chemistry, Environmental Science, Physical Geography, Health and Human Sciences, or Physics.
4. Six (6) credit hours of approved Canadian Studies, at any level, applicable to teaching in the British Columbia school curriculum. Credit hours will normally be selected from Anthropology, First Nations Studies, Geography, History, Northern Studies, or Political Science courses that contain significant Canadian content (upon review, credit hours from other disciplines may be recognized as meeting the Canadian content requirement).
5. Competence in basic computer applications. In addition to the requirements specified above, applicants must also have the following:

6. ~~Minimum grade point average of "C+" on the most recent 60 credit hours of university credits completed.~~
7. ~~Successful completion with a "C+" average in the 6 credits/semester hours or equivalent in the undergraduate English composition and literature courses.~~
5. Submission of the completed application forms ~~that include~~ including the Experience with Children and Youth statement Form, three (3) Confidential Reference Forms, and the Personal Statement Form.

Note: Applicants who do not meet the requirements in items 1-4 above but who otherwise meet the admission requirements may be admitted provisionally to the BEd program with the approval of the Chair if they have completed a minimum of 12 credit hours of the required course work. Applicants admitted provisionally to the program under this section will not be recommended to the British Columbia College of Teachers for certification until they successfully complete the course work requirements.

## Program Requirements

### Elementary (K-7)

Entry route, with 60 credit hours of acceptable undergraduate course work in a teachable field, via one of (a) an acceptable four-year Bachelor's degree (120 credits) or the equivalent with or (b) a minimum of 90- 90 credits hours of acceptable course work in a teachable field;

#### Year 1: First Semester

## Secondary (Grades 8-12)

The Secondary program is a two-year after-degree program that prepares individuals to teach in grades 8 through 12 in specialty areas. This model reflects current thinking about optimizing the match between educational theory and children's levels of cognitive and social development. The Secondary Sstream is designed to educate teachers to combine pedagogical excellence across disciplinary areas with a learner-centered approach to practice. Philosophically, the program is designed around constructivist principles, and it emphasizes approaches to practice such as inquiry-based learning, strategies for instruction, integration of language across the curriculum, inclusion of diverse learners and perspectives, the development of caring and respectful communities of learners, and reflective practice. Successful applicants to the Secondary Sstream ~~will be~~ are assigned to a cohort group of approximately 35 students and ~~will~~ normally take all of their courses with that cohort group.

### **Admission Requirements**

Applicants to the Secondary Sstream must have completed, with a minimum grade point average of C+ on the most recent 60 credit hours of university credit hours completed, a four-year Bachelor of Arts, Bachelor of Science, or Bachelor of Commerce degree (120 credit hours) or the equivalent with a minimum of ninety (90) credit hours in Arts, Science, or Business Administration or in other teachable fields relevant to teaching in the BC School system. The remaining credit hours may come from any discipline.

In addition to a ~~four-year bachelor's degree~~, applicants must include the following within their program: the entry requirements described above, the following requirements must be met (see note following):

1. Successful completion, with a C+ average, of six (6) credit hours of acceptable English literature and composition at any level (one of the following: (a) three (3) credit hours of English literature and three (3) credit hours of English composition or (b) six (6) credit hours of acceptable English literature). Courses in linguistics, language study, grammar, technical or business writing, communication, or English as a second language are not acceptable to meet the English requirement.
- ~~2. Competence in basic computer applications.~~
- ~~3.2.~~ One of the following:
  - a. One teachable major and one teachable minor, or
  - b. Two (2) teachable minors, or
  - c. One teachable major

~~In addition to the requirements specified above, applicants must also have the following:~~

- ~~1. Minimum grade point average of "C+" on the most recent 60 credit hours of university credits completed.~~
- ~~2. Successful completion with a "C+" average in the 6 credits/semester hours or equivalent in the undergraduate English composition and literature courses.~~
- ~~4.3. Submission of the completed application forms that include the Experience with Children and Youth statement Form, three (3) letters of reference, Confidential Reference Forms, and the Personal Statement Form.~~

Note: Applicants who do not meet the English requirement in item 1 above but who otherwise meet the admission requirements may be admitted provisionally to the BEd program with the approval of the Chair. Applicants admitted provisionally to the program under this section will not be recommended to the British Columbia College of Teachers for certification until they successfully complete the English requirements.

**S-200905.22**

**New Course Approval — INTS 335-3**

Dale / Ellis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course INTS 335-3 Global Environmental Challenge: Sustainability be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:**

This course introduces social and natural science students to the monumental challenge of achieving global environmental sustainability. The roles of ethics, knowledge, and social, political and economic action in this process are examined, focusing especially on science and public policy. A common, trans-disciplinary vocabulary and a problem-solving approach to sustainability are developed and applied to case studies of environmental problems on scales from local to global.

**Prerequisites:** 60 credit hours

**Preclusions:** ENVS 325-3 Global Environmental Change: Science and Policy

**To Senate for Information:**

**SCAPP200904.21**

**Course Number Change — ECON 110-3**

That the course number change for ECON 110-3 Health Economics be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Proposed revision with changes underlined and deletions indicated clearly:**

ECON ~~4210~~-3 Introduction to Health Economics and Policy This course provides a general understanding of health and health care from an economic perspective. It introduces models of health production and discusses the socio-economic determinants of health. Topics considered ~~in the course~~ may include the efficient and equitable allocation of scarce resources in health, alternative methods of

health care financing and delivery, the effect of health uncertainty on insurance, and the effects of externalities and information asymmetries in the health sector on the behaviour of health care providers and receivers. Issues of health policy in Canada, including those for remote and rural areas, and other countries are examined.

*Prerequisites:* none

*Preclusions:* ECON 110-3

**SCAPP200904.22**

**Course Title and Calendar Description Change — ECON 305-3**

That the change(s) to the title and course description for ECON 305-3 Environmental Economics be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

ECON 305-3 Environmental Economics and Environmental Policy ~~The study of the relationship between economic performance and policies and environmental consequences. Global and BC issues are addressed.~~ This course is an introduction to environmental economics emphasizing the relationship between economic activities and environmental quality. It introduces students to frameworks for measuring environmental costs and benefits, and evaluating the efficiency and equity of environmental policies. Local and global environmental issues, including ozone depletion and climate change, are analyzed.

**SCAPP200904.24**

**Course Prerequisite and Calendar Description Change — ECON 310-3**

That the change in the prerequisites and course description for ECON 310-3 Intermediate Microeconomics be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

ECON 310-3 Intermediate Microeconomic Theory ~~The study of the main principles and techniques of economic analysis in their application to modern theories of price, production, distribution and the theory of the firm.~~ This course examines the main principles and techniques of economic analysis in their application to modern theories of price, production, distribution and theory of the firm.

*Prerequisites:* ECON 100-3, 101-3, MATH 152-3 or MATH 100-3, or permission of the instructor.

**SCAPP200904.25**

**Course Prerequisite and Calendar Description Change — ECON 312-3**

That the change in the prerequisites and course description for ECON 312-3 Introduction to Econometrics be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

ECON 312-3 Introduction to Econometrics In this course, ~~s~~Simple linear regression, maximum likelihood estimators, and multiple regression ~~will be~~ are used for in applied economic analysis. Students ~~will be~~ are introduced to various software programs.

*Prerequisites:* ECON 100-3, 101-3, 205-3, MATH 150-3, MATH152-3 or MATH 100, or permission of the instructor.

**SCAPP200904.26**

**Course Prerequisite and Calendar Description Change — ECON 320-3**

That the change in the prerequisites and course description for ECON 320-3 Introduction to Mathematical Economics be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

ECON 320-3 Introduction to Mathematical Economics ~~The mathematical interpretation of fundamental economic concepts such as demand, supply and competitive equilibrium. Application of calculus to production and distribution theory.~~ In this course, the mathematical interpretation of fundamental economic concepts such as demand, supply and competitive equilibrium are examined. Calculus is used in the analysis of production and distribution theory.

*Prerequisites:* ECON 205-3, 310-3, MATH 150-3, MATH 152-3 or MATH 100-3, or permission of the instructor.

**SCAPP200904.23**

**Course Title and Calendar Description Change — ECON 401-3**

That the change(s) to the title and course description for ECON 401-3 Global Economy be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

ECON 401-3 Global Economy and Development ~~This course analyzes the evolution, of, and assesses competing theories, of, the world economy. Particular attention is paid to analyzing the "new globalism" of the 1990s and examining the implications for policy makers.~~ global economy. The prospects for developing countries within the global economy are examined.

*Prerequisites:* ECON 100-3, ECON 101-3, and ECON 311-3, or permission of the instructor

**SCAPP200904.27**

**Course Prerequisite and Calendar Description Change — ECON 410-3**

That the change in the prerequisites and course description for ECON 410-3 Health Economics be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

ECON 410-3 Health Economics In this course, economic analysis is applied to health care. Topics covered may include models of ~~physician-induced~~ physician-induced demand, health insurance (private versus national), cost benefit analysis and the evaluation of health technology.

*Prerequisites:* ECON 100-3 and 101-3, or ECON 210, or permission of the instructor.

**7.2 Senate Committee on Research and Graduate Studies**

**Fondahl / Hartley**

An Executive Summary of the proposed changes to the Economics Program was included for information.

**S-200905.23**

**New Course Approval — ECON 623-(3, 6)**

Fondahl / Dayanandan

That the Senate Committee on Research and Graduate Studies recommend to Senate that the new course ECON 623-(3, 6) Economics Field Study be approved as proposed.

Proposed semester of first offering: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course allows students to learn about the application of economics in specific contexts. Course location varies with instructor and year taken. This course may be repeated to a maximum of 6 credit hours if the course content differs.

**Prerequisites:** Graduate student standing and permission of the Chair.

**To Senate for Information:**

**SCRGS200904.05**

**Changes to Course Title and Calendar Course Description — ECON 601-3**

That the change(s) to the title and course description for ECON 601-3 Global Economy be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

ECON 601-3 Global Economy and Development This course analyzes the evolution, ~~of,~~ and assesses competing theories, ~~of, the world economy.~~ ~~Particular attention is paid to analyzing the "new globalism" of the 1990s and examining the implications for policy makers.~~ global economy. The prospects for developing countries within the global economy are examined.

**7.3 Steering Committee of Senate**

**Jago**

**SCS200905.24**

**Revision to Senate Handbook — Addition of Terms of Reference for the SCAPP Subcommittee on Art Acquisition**

Ellis / Casperson

That, on the recommendation of the Steering Committee of Senate, the revisions to the Senate Handbook to add the Terms of Reference for the SCAPP Subcommittee on Art Acquisition be approved as proposed.

Effective date: Immediately upon approval by Senate

CARRIED.

**7.4 Senate Committee on Nominations**

**Binnema**

**S-200905.25**

**Membership Changes to Senate and/or Senate Committees (no material)**

Binnema / Donker

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate and/or Senate committees as indicated, be approved as proposed.

CARRIED.

Dr. Jago called for further nominations from the floor, and as none were forthcoming, all the proposed candidates were declared appointed.

## Senate Committees

Senate Committee on Academic Policy and Planning  
Faculty Senator (to March 31, 2012)

Saif Zahir

Senate Committee on First Nations and Aboriginal Peoples  
First Nations Representative — Lheidli T'enneh (to March 31, 2011)

Karen Neu

First Nations Representative — Member at Large (to March 31, 2011)

Ben Berland (Carrier-Sekani Tribal Council)

Senate Committee on Honorary Degrees and Other Forms of Special Recognition  
Faculty Senator — CASHS (to March 31, 2012)

Shannon Wagner  
(current incumbent)

Senate Committee on Scholarships and Bursaries  
Faculty Senator — CASHS (to March 31, 2012)

Stan Beeler

Senate Committee on the University Budget  
Faculty Senator — CASHS (to March 31, 2011)

Ajit Dayanandan

Senate Committee on Student Discipline Appeals  
Faculty Senator — CASHS (to March 31, 2012)

Stan Beeler

## **8.0 Other Business**

### **8.1 UNBC Undergraduate Survey 2009 (presentation)**

**Madak**

Dean Madak presented data from a survey outlining why students chose to attend UNBC. Dean Madak noted that this report had been commissioned by President's Executive Council, the survey was undertaken in the first two weeks of February, and was presented to all undergraduate students regardless of year of study. The response rate from males and females matched the general student population, with more responses being received from full-time than part-time students. Table One contains a breakdown of the responses, and notes that the highest response rate was from second-year students. Most students noted that they had learned about UNBC from a recruiter, and came to UNBC because of the programs and small class size, and because it was "close to home" and was located in northern BC. Dean Madak responded to questions from Senators regarding the report. One of the questions he was asked related to whether graduate student survey data exists. Dean Madak responded that the provincial government surveyed graduate students two years ago, but that he was not familiar with that report. Dr. Jago asked Dean Madak if he could obtain that report for Senate, and Dean Madak replied that he could.

<b>Action:</b> Dean Madak to obtain the report from the provincial government regarding a survey of graduate students.
--

Dr. Jago thanked Dean Madak for his report.

## **9.0 Information**

### **9.1 Final Report on the Joint Senate / Board of Governors Workshop**

This report, from a workshop that took place on January 24, 2009, was presented to Senators for information.

**10.0**    **S-200905.26**  
**Move to In Camera Session**  
Ellis / Knudsen  
That the meeting move In Camera.  
CARRIED.

**Motion to Thank the Chair of Senate:**

Ellis / Nyce  
That Senate expresses its deep appreciation and gratitude to Dr. Jago for serving as the Chair of Senate, and for being a champion for UNBC and the North.  
CARRIED.

**11.0**    **S-200905.34**  
**Adjournment**  
Lazenby / Hutchings  
That the Senate meeting be adjourned.  
CARRIED.

The meeting ended at 4:10 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

August 24, 2009  
3:30 – 5:30 PM  
Conference Centre 6-205/211

---

**Present:**

S. Beeler, G. Ashoughian, C. Bock, D. Casperson, C. Chasteauneuf, M. Dale, A. Dayanandan, J. DeGrace (Secretary of Senate), H. Donker, R. Ellis, G. Fondahl, W. Haque, K. Hutchings, J. Hyndman, G. Iwama (Chair), E. Jensen, T. Knudsen, P. MacMillan (representative of I. Hartley), P. Madak, W. McGill, S. McKenzie, C. Myers (Recording), M. Reid, R. Robinson, I. Uche-Ezeala, K. Vandersteen, S. Wagner, A. Yakemchuk, S. Zahir

**Regrets:**

E. Annis, T. Binnema, S. Déry, U. Eka, R. Hoffman, I. Hartley, A. Jacob, J. Jeffery, R. Lazenby, T. Levis, D. Macknak, D. Nyce, C. O'Callaghan, S. Rennebohm, J. Young

---

**NOTE:** Since this meeting did not have a quorum, it was decided to proceed with the meeting and seek ratification of all approval items at a later date. All motions were subsequently ratified by an electronic meeting of Senate with voting ending on August 31, 2009.

The meeting commenced at 3:30 p.m.

Mr. John DeGrace, Secretary of Senate, introduced himself to Senators, as he was attending his first meeting of Senate since returning to UNBC. He also warmly welcomed the new President and Chair of Senate, Dr. George Iwama. Dr. Iwama subsequently introduced a new member of Senate, Ms. Gohar Ashoughian, University Librarian.

**1.0 S-200908.01**

**Approval of the Agenda**

Hutchings / Zahir

That the Agenda for the August 24, 2009 Public Session of Senate be approved as presented.  
CARRIED.

**2.0 S-200908.02**

**Approval of Senate Minutes**

Yakemchuk / Donker

That the Minutes of the May 13, 2009 Public Session of Senate be approved as presented.  
CARRIED.

### 3.0 Business Arising from Previous Minutes of Senate (no material)

There was no business arising.

### 4.0 President's Report

Iwama

Dr. Iwama reported that his first seven weeks at UNBC have been positive. He has been looking at previous planning exercises and wants to build on this work, having conversations with Senators and others in the fall in this regard. He added that, in the fall, he would be travelling to the regions to meet with students, alumni, and UNBC employees in the regions. He planned to bring the results of his discussions back to Senate.

#### **S-200908.03**

#### **Approval of Revisions to the UNBC Harassment and Discrimination Policy**

Iwama / Wagner

That the changes to the UNBC Harassment and Discrimination Policy be approved as proposed.

Effective date: Changed from "Immediately upon approval by Senate and the Board of Governors" to "Immediately upon approval by Senate, the Board of Governors, and the Faculty Association."

Dr. Dale indicated that the procedures in this policy were subject to approval by the Faculty Association, so if it was approved by Senate it would become the subject of a memorandum of understanding with the Faculty Association and would then be forwarded to the Board of Governors for approval. Thus, it would not become effective until it was approved by the Faculty Association and the Board of Governors. It was therefore agreed that the "Effective date" should be changed to read "Immediately upon approval by Senate, the Board of Governors, and the Faculty Association."

A Senator questioned whether Senate had the authority to approve this motion. Discussion ensued about this point, and it was noted that the policy had been approved by Senate previously. The Secretary of Senate indicated that, if Senate chose not to approve the policy, the new policy, if approved by the Board and Faculty Association, would nonetheless supersede the previous policy.

Several questions were raised to which the Harassment and Discrimination Advisor, Dr. Cindy Hardy, responded. She was asked whether she felt the proposed changes were positive, and she replied that, in her opinion, they were.

It was questioned whether the reference to the Senate Committee on Academic Appeals in section 9.1 of the policy was correct. It was suggested that the Senate Committee on Student Discipline Appeals would be a more appropriate body to hear appeals.

#### **Motion:**

Hyndman / Reid

That the reference to the Senate Committee on Academic Appeals in section 9.1 of the policy be changed to the Senate Committee on Student Discipline Appeals.

CARRIED.

After discussion concluded, the seconder, Senator Wagner, subsequently withdrew her second to the motion. The Chair asked whether anyone else was willing to second the motion, and Dean McGill did so. The main motion was CARRIED.

### 5.0 Report of the Provost

Dale

### 6.0 Question Period

No questions were posed.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Dale

It was proposed that motions S-200908.04 to S-200908.06 be dealt with as an omnibus motion, and Senate proceeded in this manner.

#### **S-200908.04**

##### **Approval of Student Exchange Agreement — Gakushuin Women's College, Japan and the University of Northern British Columbia**

MacMillan / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the student exchange agreement between Gakushuin Women's College, Japan and the University of Northern British Columbia be approved as proposed.

Effective date: Changed from September 2009 to January 2010

CARRIED.

#### **Friendly amendment:**

Casperson / Hyndman

That the effective dates for motions S-200908.04 to S-200908.06 be changed from September 2009 to January 2010.

CARRIED.

#### **S-200908.05**

##### **Approval of Partnership Agreement — Daemen College (U.S.A.), Prescott College (U.S.A.), Universidad de Guanajuato (Mexico), Universidad Lasalle (Mexico), St. Francis Xavier University (Canada), & University of Northern British Columbia**

MacMillan / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the partnership agreement between Daemen College (U.S.A.), Prescott College (U.S.A.), Universidad de Guanajuato (Mexico), Universidad Lasalle (Mexico), St. Francis Xavier University (Canada), & University of Northern British Columbia (Canada) for the purposes of exchange and student support be approved as proposed.

Effective date: Changed from September 2009 to January 2010

CARRIED.

#### **S-200908.06**

##### **Approval of Student Exchange Agreement — Wenzhou University, China and the University of Northern British Columbia**

MacMillan / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the student exchange agreement between Wenzhou University, China and the University of Northern British Columbia be approved as proposed.

Effective date: Changed from September 2009 to January 2010

CARRIED.

An Executive Summary of the proposed changes to the Bachelor of Health Sciences Program was included for information.

Motions S-200908.07 to S-200908.10 were dealt with as an omnibus motion.

#### **S-200908.07**

##### **Change to Program Requirements — Addition of Honours Program, Bachelor of Health Sciences**

Dale / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the expansion of the Bachelor of Health Sciences (BHSc) program, by adding an Honours option, be approved as proposed.

Effective date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Page 140, 2009/2010 calendar**

**Under:**

### **Elective Requirement for all BHSC Majors**

Electives at any level sufficient to ensure completion of a minimum 120 credit hours.

### **Bachelor of Health Sciences Honours (BHSc, Honours)**

Admission to the honours program takes place after the end of the second year (i.e., upon completion of 60 credit hours) and requires a minimum CGPA of 3.33 over the previous 30 credit hours, or permission of the Program Chair. Consultation with Student Advising is highly recommended before applying. Attaining the minimum requirement does not guarantee admission to the honours program, which is at the discretion of the Program Chair. To remain in the honours program, students must maintain a minimum SGPA of 3.33. All honours students complete a thesis project (HHSC 490-6 Honours Thesis) under the direct supervision of a faculty member.

To be awarded the BHSc Honours degree, students are required to complete 126 credit hours. This consists of 57 credit hours of common requirements for all BHSc students, with the remainder coming from the following Majors, and electives, as follows:

**Biomedical Studies:** 48 credit hours of courses from the Biomedical Studies major; 12 elective credit hours of which at least 3 credit hours must be at the Health Sciences upper level; and the following 9 Honours credit hours:

HHSC 490-6 Honours Thesis  
HHSC 497-3 Senior Seminar

**Community and Population Health - Aboriginal and Rural Health:** 33 credit hours from the common course requirements for both Community and Population Health Majors, as well as a minimum of 12 credit hours (6 specified, 6 chosen) in Aboriginal and Rural Health-related courses; 15 credit hours are obtained from elective credit hours; and the following 9 Honours credit hours:

HHSC 490-6 Honours Thesis  
HHSC 497-3 Senior Seminar

**Community and Population Health - Environmental Health:** Students take 33 credit hours from the common course requirements for both Community and Population Health Majors, as well as a minimum of 12 credit hours (6 specified, 6 chosen) in Environmental Health-related courses; 15 credit hours are obtained from elective credit hours; and the following 9 Honours credit hours:

HHSC 490-6 Honours Thesis  
HHSC 497-3 Senior Seminar

The minimum requirement for completion of a BHSc Honours is 126 credit hours.

All Honours Thesis research must comply with the Research Ethics Board and is carried out under the discretion of the program.

**S-200908.08**

**New Course Approval — HHSC 490-6**

Dale / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HHSC 490-6 Honours Thesis be approved as proposed.

Proposed semester of first offering: Changed from September 2009 to September 2010

CARRIED.

**Friendly amendment:**

Wagner / Reid

That the effective date for motions S-200908.08 and S-200908.09 be changed from September 2009 to September 2010.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

In this course students pursue an independent research project. Credit for this course is based on designing and implementing a research methodology, analyzing data and presenting findings in a thesis format. This course is a total of 6 credit hours and is normally completed over the September and January semesters.

Prerequisites: HHSC 451-3 and acceptance into BHSc Honours program.

**S-200908.09**

**New Course Approval — HHSC 497-3**

Dale / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course HHSC 497-3 Senior Seminar be approved as proposed.

Proposed semester of first offering: Changed from September 2009 to September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides an integrative seminar on research design and methodologies for advanced students. Enrolment is restricted to fourth-year Bachelor of Health Sciences Honours students who have completed 90 credit hours.

Prerequisites: HHSC 451-3 and acceptance into BHSc Honours program.

**S-200908.10**

**Change to Program Requirements — Bachelor of Health Sciences General Requirements (Switching Majors)**

Dale / Wagner

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the BHSc general requirements be approved as proposed.

Effective date: September 2009

CARRIED.

**Friendly amendment:**

Wagner / Reid

That the effective date for motion S-200908.10 be changed from September 2009 to October 2009.

It was pointed out that it would be problematic to make this change mid-semester, so the friendly amendment to the motion was subsequently WITHDRAWN.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Page 138, 2009/2010 calendar  
2<sup>nd</sup> column**

**General Requirements**

To be awarded the BHSc degree, students are required to complete 120 credit hours of University-level courses. This consists of 57 credit hours of common requirements for all BHSc students, with the remainder coming from the following Majors, and electives, as follows: Biomedical Studies: 48 credit hours of courses from the Biomedical Studies major and 15 elective credit hours.

Community and Population Health\_- Aboriginal and Rural Health: 33 credit hours from the common course requirements for both Community and Population Health Majors, as well as a minimum of 12 credit hours (6 specified, 6 with some choice) in Aboriginal and Rural Health-related courses, ~~thus adding to a focus of knowledge and understanding of this specific subject material.~~ The remaining 18 credit hours ~~will be~~ are obtained from elective credit hours.

Community and Population Health\_- Environmental Health: 33 credit hours ~~from~~ from the common course requirements for both Community and Population Health Majors, as well as a minimum of 12 credit hours (6 specified, 6 with some choice) in Environmental Health-related courses, ~~thus adding to a focus of knowledge and understanding of this specific subject material.~~ The remaining 18 credit hours ~~will be~~ are obtained from elective credit hours.

**To change BHSc majors, students must apply through Student Advising.**

An Executive Summary of the proposed changes to the Nursing Program was included for information.

Motions S-200908.11 to S-200908.13 were dealt with as an omnibus motion.

**S-200908.11**

**Course Credit Hours Change — NURS 498-3**

Dale / Donker

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the credit hours for NURS 498-3 Special Topics in Nursing be approved as proposed.

Effective date: September 2009

CARRIED.

The representative from the Nursing Program who was in attendance at the meeting indicated that this motion was time-sensitive and needed to be instituted prior to the start of the September 2009 semester.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 498-(1-6) 3 Special Topics in Nursing** ~~This~~ A course ~~explores~~ on a special topic in nursing. The topic varies, depending on student interest and faculty availability. No more than six credit hours in Special Topics courses may be applied towards a BScN degree.

*Prerequisites:* upper division standing, ~~and~~ permission of the instructor, and permission of the Program Chair

#### **S-200908.12**

#### **Course Credit Hours Change — NURS 499-3**

Dale / Donker

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the credit hours for NURS 499-3 Independent Study in Nursing be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 499-(1-6) 3 Independent Study in Nursing** ~~A~~ This course ~~explores~~ on a selected topic in nursing based on readings and learning experiences directed by an instructor. The course format and requirements ~~will be~~ are based on a formal contract with the instructor. No more than six credit hours in Independent Study courses may be applied towards a BScN degree.

*Prerequisites:* upper division standing, ~~and~~ permission of the instructor, and permission of the Program Chair

#### **S-200908.13**

#### **Calendar Description Change — Nursing Program (Academic Performance)**

Dale / Donker

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the Academic Performance requirements for Nursing be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Academic Performance**

~~The student is subject to all policies and regulations of the institution(s) where they are registered for courses. In matters related to academic appeals and academic dishonesty, students are subject to the policies and rules of the institution where they are registered for courses. Issues related to progression through the program, such as probation, are governed by UNBC guidelines on academic standing and continuance.~~

~~Students may repeat a nursing course once. Students who do not obtain the minimum passing grade, as defined under 'Qualification for Degree', in a required nursing course twice are required to withdraw from the program. A student who is required to withdraw from a required clinical course due to unsatisfactory performance will automatically be assigned a grade of F.~~

Students must adhere to all policies and regulations of the institution(s) where they are registered for courses. This requirement includes, but is not limited to, matters related to academic appeals and academic dishonesty. Progression through the program is governed by guidelines on academic standing and continuance. Probation guidelines are governed by UNBC.

Students must obtain the minimum passing grade for all required Nursing (NURS or equivalent) courses as defined under "Qualification for Degree." Students who do not meet these criteria may repeat the course once. If, on the second attempt, the student does not meet the minimum passing grade, he/she will be required to withdraw from the program and will not be allowed to reapply to the program at any time in the future.

Students who do not demonstrate satisfactory performance in a clinical or theory course will be placed on a Learning Contract/Action Plan. For clinical courses, issues related to the implementation of the Learning Contract/Action Plan must be resolved by the final grade submission or a grade of "F" will automatically be assigned. Students who are removed from a clinical setting due to "unsafe or unprofessional" performance/conduct will receive a final grade of "F" in that clinical course. For theory courses, issues related to the implementation of a Learning Contract/Action Plan must be resolved by the final grade submission or the student will not receive the minimum passing grade for the course.

Motions S-200908.14 and S-200908.15 were dealt with as an omnibus motion.

#### **S-200908.14**

#### **Change to Program Requirements — Biology Major (Addition of BIOL 318-3)**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the addition of BIOL 318-3 (Fungi and Lichens) as a required option in the Upper Division Requirement for the Biology Major be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Upper Division Requirement**

### **300 Level**

BIOL 311-3                    Cell and Molecular Biology  
BIOL 323-3   Evolutionary Biology  
BIOL 325-3   Ecological Analyses  
MATH 240-3 Basic Statistics

One of:

- BIOL 304-3 Plant, Society and the Environment
- BIOL 321-3 Animal Physiology

Two of:

- BIOL 301-3 Systematic Botany
- BIOL 318-3 Fungi and Lichens
- BIOL 307-3 Ichthyology and Herpetology
- BIOL 308-3 Ornithology and Mammalogy

**S-200908.15**

**Change to Program Requirements — Biology Major (Subject Requirements)**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the subject requirements for the Biology major be approved as proposed.

Effective date: Changed from May 2009 to September 2009

CARRIED.

**Friendly amendment:**

Dale / McGill

That the effective date for this motion be changed to September 2009.

CARRIED, contingent upon ratification.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Subject Requirements

Fifteen additional credit hours chosen from the following, of which at least six credit hours must be at the 400 level:

Any 300 or 400 level BIOL courses

- ENSC 406-3 Environmental Modelling
- ~~FSTY 309-3 Fire Ecology and Management~~
- FSTY 307-3 Disturbance Ecology and Forest Health

**S-200908.16**

**New Course Approval — COMM 353-3**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course COMM 353-3 Business Data Communications and Networking be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

It was noted that the course, COMM 250-3, listed under the "Prerequisites" section should be "CPSC 250-3."

<b>Action:</b> C. Myers to correct the "Prerequisites" on the motion form.
--

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides an understanding of basic data communications and networking concepts with emphasis on business computing. Topics covered include data transmission and encoding, Internet and Internet2, Network Layer model, network protocols, data privacy and security, and data communication hardware. Students learn about protocols and topologies of Local Area Networks (LANs), Wireless LANs, Wide Area Networks (WANs), Metropolitan Area Networks (MANs), and Backbone Networks (BNs). Students also engage in researching emerging technologies and present a case-study.

**Prerequisites:** CPSC 250-3 or permission of Chair

**Preclusions:** CPSC 344-3, CPSC 440-3

**S-200908.17**

**New Program Approval — Minor in Computing**

Dale / Zahir

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new Minor in Computing be approved as proposed.

Proposed start date: September 2009

It was suggested that this minor violated Academic Regulation 23, as the program requirements did not contain 12 upper-division credit hours. The Chair of the Computer Science Program responded that there were other minors at UNBC that violated this regulation, but also proposed some revisions to the program requirements.

**Motion:**

Casperson / Zahir

That the calendar description and curriculum requirements for the minor in Computer Science be amended as follows:

- 1) The General Calendar Description be changed from "The Minor in Computing requires the following 26 credit hours of courses" to read "The Minor in Computing requires the following 29 credit hours of courses."
- 2) The statement "one additional upper-division Computer Science course" be added at the bottom of the list of courses under the heading "Requirements."

CARRIED.

<b>Action:</b> C. Myers to revise this motion form to incorporate the proposed revisions.
---

The main motion was subsequently CARRIED. Dr. Iwama encouraged that other minors be reviewed and, where necessary, brought into compliance with the academic regulations.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**General Calendar Description:**

The Minor in Computing requires the following 29 credit hours of courses:

**Curriculum:**

Requirements:

CPSC 100-4 Programming 1  
CPSC 101-4 Computer Programming II  
CPSC 200-3 Algorithm Analysis and Development  
CPSC 281-3 Data Structures 1

CPSC 141-3 Discrete Mathematics

CPSC 300-3 Software Engineering

CPSC 324-3 Introduction to Database Systems

CPSC 344-3 Data Communications and Networking

One additional upper-division Computer Science course

Motions S-200908.18 and S-200908.19 were dealt with as an omnibus motion.

**S-200908.18**

**New Course Approval — CPSC 324-3**

Dale / Zahir

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 324-3 Introduction to Database Systems be approved as proposed.

Proposed semester of first offering: Changed from September 2009 to January 2010

CARRIED.

**Friendly amendment:**

Dale / Zahir

That the effective dates for motions 200908.18 and S-200908.19 be changed from September 2009 to January 2010.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course focuses on the relational database model. Topics include storage structure and access methods, data definition and data manipulation language, relational algebra and calculus, and SQL. An introduction to database design using entity-relationship model, functional dependencies, and theory of normalization is provided. A relational DBMS is used for understanding SQL and application development in SQL-like languages and general purpose host languages with application program interfaces.

**Prerequisites:** CPSC 281-3

**Preclusions:** CPSC 422-3

**S-200908.19**

**New Course Approval — CPSC 344-3**

Dale / Zahir

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 344-3 Data Communications and Networking be approved as proposed.

Proposed semester of first offering: Changed from September 2009 to January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides an understanding of basic concepts underlying data communications and networking. Topics covered include data transmission and encoding, Internet and Internet2, Network Layer model, multiplexing, circuit switching, packet switching, network protocols, and data communication hardware. Students also learn about protocols and topologies of Local Area Networks (LANs), Wireless LANs, Wide Area Networks (WANs).

Metropolitan Area Networks (MANs), and Backbone Networks (BNs). The basic concepts of network design and implementation, network management, and network security are also introduced.

**Preclusions: CPSC 440-3, COMM 353-3**

An Executive Summary of changes to the School of Environmental Planning curriculum was included for information.

Motions S-200908.20 to S-200908.24 were dealt with as an omnibus motion.

**S-200908.20**

**Change to Program Requirements and Calendar Description — Environmental Planning (BPI)**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the calendar entry for Environmental Planning (BPI) program requirements be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

School of Environmental Planning (BPI)

John Curry, Associate Professor

David Connell, Assistant Professor, and Acting Program Chair

~~Eric Rapaport, Assistant Professor, and Acting Program Chair~~

Orland Wilkerson, Assistant Professor

Raymond Chipeniuk, Adjunct Professor

Theresa Healy, Adjunct Professor

Richard Krehbiel, Adjunct Professor

James Randall, Adjunct Professor

Finlay Sinclair, Adjunct Professor

Website: <http://www.unbc.ca/planning>

The Bachelor of Planning degree provides a broad education in environmental planning. The focus is on understanding the relationship between people and the environment and on reducing the environmental impact of human activities.

The study of planning examines public processes that improve the quality of decisions affecting the environment. Responsible planning integrates various private and public interests and identifies viable, workable options. Planners play a vital role in decisions about decision-making processes concerning the future of human settlements, resource management, environmental protection, human health and well-being, economic development, and many other areas. Ultimately, the work of planners becomes part of, or a catalyst to, public policy.

~~The~~ To achieve its purposes, Environmental Planning offers a comprehensive program of courses, such as environmental assessment, ecological design, economic development, First Nations planning, land use planning, and sustainable communities. Each course provides a creative and challenging learning environment for students to tackle today's most contentious issues such as sustainability, climate change, biodiversity, environmental stewardship, and

urban sprawl. Environmental Planning offers unique perspectives on a rapidly evolving field of study and solutions for an increasingly complex world.

Environmental Planning is dedicated to upholding professional standards of practice and is accredited by the Canadian Institute of Planners (CIP) and the Planning Institute of British Columbia (PIBC). Accreditation is a system for promoting national standards of education in planning and for recognizing educational institutions for a level of performance, integrity, and quality.

Accreditation benefits students in Environmental Planning in three ways:

Current students can apply for Student Membership in PIBC;

Graduates are eligible for Full Membership in PIBC and CIP after only two years of professional planning experience; and

Employers in the planning field look for students graduating from an accredited planning program, thus significantly improving graduates' job prospects.

Three majors are available to students completing the Bachelor of Planning:

- Northern and Rural Community Planning
- First Nations Planning
- Natural Resources Planning
- ~~Energy Specialization available in Fort St. John~~

Planning students complete a set of program requirements totaling 69 credit hours in addition to completing the specialized course requirements for each major.

### **Program Requirements**

#### **Program requirements for all majors in planning**

Lower Division General Environmental Planning Requirement

100 Level

ECON 100-3 Microeconomics

ENPL 104-3 Introduction to Planning

~~POLS100-3 Contemporary Political Issues~~

One of the following:

ENGL 170-3 Writing and Communication Skills

or POLS 290-3 Research and Writing for Political Science

or NRES 100-3 Communications in Natural Resources and Environmental Studies

200 Level

ENPL 204-3 Principles and Practices of Planning

ENPL 205-3 Environment and Society

ENPL 206-3 Planning Analysis and Techniques

ENPL 207-3 Introduction to Computer Aided Design

ENPL 208-3 First Nations Community and Environmental Planning

GEOG 210-3 Geomorphology

POLS 200-3 Canadian Government and Politics

One of the following:

GEOG 204-3 Introductory Geographical Information Systems for the Social Sciences  
or GEOG 300-3 Geographic Information Systems

One of the following:

ECON 205-3 Statistics for the Social and Management Sciences  
or MATH 240-3 Basic Statistics  
or MATH 371-3 Probability and Statistics for Scientists and Engineers

Upper Division General Planning Requirement

300 Level

ENPL 301-3 Sustainable Communities  
ENPL 303-3 Spatial Planning with GIS  
ENPL 304-3 Mediation, Negotiation and Public Participation  
ENPL 305-3 Environmental Impact Assessments  
ENPL 313-3 Rural Community Economic Development  
ENPL 318-3 Professional Planning Practice  
ENPL 319-3 Social Research Methods

400 Level

ENPL 401 - 3 Environmental Law  
ENPL 410 - 3 Land Use Planning  
ENPL 411 - 3 Planning Theory, Process and Implementation  
ENPL 415 - 3 Ecological Design

In addition, students may undertake ENPL 420-1 Research Methodology, ENPL 430-3 Undergraduate Thesis, ENPL 431-3 Professional Report, ENPL 440 (2-6) Internship as part of their electives.

**S-200908.21**

**Change to Program Requirements — Bachelor of Environmental Planning (Major in First Nations Planning)**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Major in First Nations Planning, Bachelor of Environmental Planning be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Major in First Nations Planning

First Nation communities have ~~significant, and growing,~~ significant and growing demands for qualified planners. As many First Nations move to define land claims in Canada, potentially giving First Nations significant responsibilities for land and community planning, and as others work to build upon existing treaties, the availability of skilled planners becomes essential. However, planning by, and with, First Nations requires specific skills and abilities in the planners, whether or not they themselves are First Nation.

For most First Nation communities few distinctions are made between ecological/environmental planning and planning for social and cultural needs. Cultural and social needs are developed from within, and are grounded in, the ecosystem. First Nations

planning must necessarily integrate ~~all~~ all; First Nations wish to remain grounded in tradition; and seek to move into the future through sound community economic development and skilled land management. Most, ~~finally~~, face significant community development needs, including infrastructure development, housing, and health planning. Students ~~will~~ need not just a sound grasp of planning principles, but ~~will need to~~ also an understanding of the protocols, history, social structure, and ecology of Canadian First Nations. Further, cross cultural translation skills, community participation techniques, and a ~~sound~~ solid grounding in ethics ~~will be~~ are required.

Students ~~enroled~~ enrolled in the First Nations Planning Major must successfully complete 121 credit hours. Major and elective course requirements must also be met. ~~Students must ensure that they complete course prerequisites before registering in any course.~~

General requirement: \_\_\_\_\_ 72 credit hours  
 Major requirement: \_\_\_\_\_ 40 credit hours  
 Elective requirement: \_\_\_\_\_ 9 credit hours

-

~~The minimum requirement for a Bachelor of Planning with a Major in First Nations Planning is 121 credit hours.~~

Program requirement for all majors in planning: 69 credit hours  
Major requirement: 19 credit hours  
Major elective requirement: 18 credit hours  
General elective requirement: 15 credit hours

The minimum requirement for a Bachelor of Planning with a Major in First Nations Planning is 121 credit hours.

NREM 303-3 First Nations' Approaches to Resource Management  
SOCW 455-3 First Nations Governance and Social Policy  
SOCW 457-3 Individual and Community Wellness

Of the above lower and upper division course requirements, students must select a minimum of three FNST courses (nine credit hours).

Students must ensure that all prerequisites are fulfilled prior to registering in any courses.

General electives courses are 15 credit hours. Students are encouraged to use the general electives to take a minor offered in First Nation Studies, or other courses associated to aboriginal and First Nations issues.

**S-200908.22**

**Change to Program Requirements — Bachelor of Environmental Planning (Major in Natural Resources Planning)**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Major in Natural Resources Planning, Bachelor of Environmental Planning be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Major in Natural Resources Planning

The major in Natural Resources Planning is designed to provide students with an understanding of the complexities of including the natural and cultural environment in planning decision-making. The major is intended to address both project-level and large-scale environmental planning issues that occur in developments that impact the natural environment.

The objective of this major is to familiarize students with planning and decision-making in a variety of sectors that include provincial land use planning, environmental assessment, watershed planning and integrated resource and environmental management. These areas of planning are characterised by complex and intricate problems that revolve around how to use our natural resources and who should decide. The multidimensional aspects of environmental management include natural and cultural complexity, different desired futures, value differences, assessment and monitoring tools, and integration methods. This major emphasizes an understanding of planning in both the substantive realm (natural and social sciences); and the procedural realm (the process of including people in the decision-making process).

Students ~~enrolled~~enrolled in the Natural Resources Planning Major must successfully complete ~~424~~ 120 credit hours. Major and elective course requirements must also be met. Students must ensure that they complete course prerequisites before registering in any course. Students interested in working with biological and environmental aspects of natural resource planning should take BIOL 101 and BIOL 102 as elective courses and BIOL 201 as the ecology elective as they are prerequisite courses for many of the other biological and environmental courses. Furthermore, those students interested in the environmental sciences should also consider taking first- and second-year Chemistry courses as part of the general electives. Students interested in integrated natural resource planning are encouraged to take BIOL 102 and a mix of courses in areas of Political Science, First Nations (FNST or ENPL), Environment Sciences (ENSC), Geography and Outdoor Recreation and Tourism Management, and International Studies and Economics.

General requirement: \_\_\_\_\_ 72 credit hours

Major requirement: \_\_\_\_\_ 40 credit hours

Elective requirement: \_\_\_\_\_ 9 credit hours

~~The minimum requirement for a Bachelor of Planning with a Major in Natural Resource Planning is 121 credit hours.~~

Program requirement for all majors in planning: \_\_\_\_\_ 69 credit hours

Major requirement:	17 credit hours
Major elective requirement:	18 - 22 credit hours
General elective requirement:	Elective credit hours as necessary to ensure the completion of 120 credit hours.

The minimum requirement for a Bachelor of Planning with a Major in Natural Resource Planning is 120 credit hours.

ORTM 407-3 Recreation, Tourism, Communities

Students must ensure that all prerequisites are fulfilled prior to registering in any courses.

Students are encouraged to use the general electives to take a minor offered in areas of Natural Resource, International Studies and First Nation Studies, or other fields associated with natural resources and environmental management

#### **S-200908.23**

#### **Change to Program Requirements — Bachelor of Environmental Planning (Major in Northern and Rural Community Planning)**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Major in Northern and Rural Community Planning, Bachelor of Environmental Planning be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Major in Northern and Rural Community Planning**

The focus of this major is to promote an understanding of the complexity and diversity of environmental problems, to develop an appreciation of community change processes, and to provide planners with knowledge which will improve the quality of the built environment and reduce the impact of human activities on the natural world. The unique planning requirements of smaller communities and rural regions demand a grounding in both physical and social

science methods and an understanding of the relationship between northern communities and surrounding rural resource regions. Environmental planning necessitates strategic thought and action combined with knowledge grounded in professional practice. The northern rural and community planning major combines concepts such as bioregionalism, sustainability, and landscape design within the context of physical land use planning, social planning and community economic development.

Northern and Rural Community Planning is the application of environmental planning principles and practices to the often unique social, economic, and ecological issues confronting northern and circumpolar communities in Canada and elsewhere in the northern hemisphere. Successfully addressing these issues requires an appreciation of how and why communities change, an understanding of relationships between northern communities and surrounding rural resource regions, an understanding of the place and function of northern communities and rural regions in the ~~global~~ global environment, and a grounding in both physical and social science methods of research and analysis.

Students ~~enrolled~~ enrolled in the Northern and Rural Community Planning Major must successfully complete 120 credit hours, ~~including a minimum of 57 credit hours of upper division courses~~. Students must ensure that ~~they complete course~~ all prerequisites are fulfilled prior to ~~before~~ registering in any courses.

General requirement: \_\_\_\_\_ 72 credit hours  
Major requirement: \_\_\_\_\_ 39 credit hours  
Elective requirement: \_\_\_\_\_ 9 credit hours

Program requirement for all majors in planning: 69 credit hours  
Major requirement: 15 credit hours  
Major elective requirement: 18 credit hours  
General elective requirement: 18 credit hours

The minimum requirement for a Bachelor of Planning with a Major in Northern and Rural Community Planning is 120 credit hours.

SOCW 320-3 Critical Social Policy

Students must ensure that all prerequisites are fulfilled prior to taking the course.

General electives courses are comprised of a total of 18 credit hours. Students are encouraged to use the general electives to take a minor offered in Geography and Political Science, First Nation Studies, or other fields associated with community development.

#### **S-200908.24**

#### **Change to Program Requirements — Minor in Planning**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Minor in Planning be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Minor in Planning

The minor in Planning is designed to provide students with an opportunity to acquire a basic knowledge of planning theory and methods. The minor consists of 12 required credits (four designated courses) and six credits from a set of elective courses. A maximum of two courses (six credit hours) used to fulfill program requirements for a major or another minor may also be used to fulfill requirements for a minor in Planning.

The Minor in Planning requires the completion of 18 credit hours of ENPL Planning Courses, of which 12 credit hours must be at the upper division level. ~~Of the 12 upper division credit hours, a minimum of 6 credit hours must be at the 400 level.~~

Required

ENPL 104-3 Introduction to Planning  
ENPL 204-3 Principles and Practices of Planning  
ENPL 301-3 Sustainable Communities: Structure and Sociology  
ENPL 411-3 Planning Theory, Process and Implementation

Two of:

ENPL 305-3 Environmental Impact Assessment  
ENPL 318-3 Rural Community Economic Development  
ENPL 319-3 Social Research Methods  
ENPL 410-3 Land Use Planning  
ENPL 415-3 Ecological Design  
~~ENPL 419-3 Social Research Methods~~  
~~ENVS 414-3 Environmental and Professional Ethics~~

**S-200908.25**

**Change to Program Requirements — Environmental Studies Major**

Dale / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course changes for the BA Major in Environmental Studies be approved as proposed.

Effective date: Immediately

Since GEOG 424-3 was being added as a required course, it was questioned whether the prerequisite to GEOG 424-3 (GEOG 206-3) should be also added as a required course, and if so, whether the degree requirements (72 credit hours) would still be correct. As a representative from the Environmental Studies Program was not in attendance at the meeting to answer this question, it was suggested that the motion be postponed until this could be clarified.

**Motion to postpone Senate motion S-200908.25:**

Casperson / Hyndman

That Senate motion S-200908.25 be postponed until the Environmental Studies Program clarifies whether GEOG 206-3, as a prerequisite for the additional required course GEOG 424-3, should also be added as a required course.

CARRIED.

<b>Action:</b> C. Myers to advise the Environmental Studies Program of Senate's request.
--

An Executive Summary of proposed changes to the Mathematics Program curriculum was included for information.

**S-200908.26**

**Change to Program Requirements — Joint Major in Economics/Mathematics**

Dale / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the Joint Major in Economics/Mathematics be approved as proposed.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## BSc (Joint Major in Economics/Mathematics)

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Economics and Mathematics is 121 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics major, minor or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics major or joint major.

## Program Requirements

### Literacy Requirement

One of:

ENGL 170-3 Writing and Communication Skills

ENGL 270-3 Expository Writing

### Economic Requirements

ECON 100-3 Microeconomics

ECON 101-3 Macroeconomics

ECON 202-3 History of Economic Thought

ECON 203-3 Canadian Economic History

ECON 205-3 Statistics for Social and Management Science

ECON 310-3 Intermediate Microeconomic Theory

ECON 311-3 Intermediate Macroeconomic Theory

ECON 312-3 Introduction to Econometrics

ECON 320-3 Introduction to Mathematical Economics

One of the following three courses:

ECON 451-3 Advanced Microeconomic Theory

ECON 452-3 Advanced Macroeconomic Theory

ECON 453-3 Advanced Econometrics

Twelve additional credit hours of 300 or 400 level Economics.

### Mathematics Requirements

MATH 100-3 Calculus I

or MATH 105-3 Enriched Calculus

MATH 101-3 Calculus II

MATH 200-3 Calculus III

MATH 201-3 Introduction to Complex Analysis

MATH 220-3 Linear Algebra

~~MATH 221-3 Operations Research~~

MATH 224-3 Foundations of Modern Mathematics

MATH 230-3 Linear Differential Equations and Boundary Value Problems

MATH 320-3 Survey of Algebra

or MATH 302-3 Theory of Metric Spaces

~~MATH 340-3 Introduction to Probability~~

MATH 371-3 Probability and Statistics for Scientists and Engineers

Six additional credit hours of 300 or 400 level Mathematics (~~MATH 341-3 is strongly recommended~~ MATH 372-3 is strongly recommended).

Six additional credit hours of 400 level Mathematics.

### Additional Requirements

CPSC 100-4 Computer Programming I

### Elective Requirements

Elective credit hours as necessary to ensure completion of a minimum of 121 credit hours.

Motions S-200908.27 to S-200908.31 were dealt with as an omnibus motion.

**200908.27**

**Course Deletion — MATH 440-3**

Dale / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, MATH 440-3 Advanced Probability and Statistics be deleted as a course offering.

Proposed semester of first offering: Changed from September 2009 to January 2010

CARRIED.

**Friendly amendment:**

Dale / Hyndman

That the effective dates for motions 200908.27 and S-200908.29 be changed from September 2009 to January 2010.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~The course will consider the following advanced topics in Probability and Statistics: Limit theorems: laws of large numbers and CLT, Kolmogorov inequality, weak and strong convergence, large deviations, Markov chains with applications, ergodic theorems, martingales, and martingale methods, extreme value theory and order statistics, estimation of parameters.~~

**S-200908.28**

**New Course Approval — MATH 471-3**

Dale / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course MATH 471-3 Linear Models be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses the estimation of parameters in the multiple linear regression model by the least-squares method. Topics covered include the statistical properties of the least-squares estimators, the Gauss-Markov theorem, estimates of residual and regression sums of squares, distribution theory under normality of the observations, assessment of normality, variance stabilizing transformations, examination of multicollinearity, variable selection methods, logistic regression for a binary response, log-linear models for count data, and generalized linear models.

**Preclusions:** MATH 671-3, MATH 499-3 - Special Topics – Regression

**Prerequisites:** One of MATH 100-3 or MATH 152-3 and one of MATH 240-3, MATH 371-3, ECON 205-3, or PSYC 315-4

**Course Equivalencies:** MATH 671-3

**S-200908.29**

**New Course Approval — MATH 472-3**

Dale / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course MATH 472-3 Survey Sampling Design and Analysis be approved as proposed.

Proposed semester of first offering: Changed from September 2009 to January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses the planning and practice of sample surveys. Topics covered include simple random sampling, unequal probability sampling, stratified sampling, cluster sampling, multistage sampling, cost-effective design, analysis and control of sources of sampling and non-sampling error, ratio estimation, model-based regression estimation, resampling, and replication methods.

**Prerequisites:** One of MATH 100-3 or MATH 152-3 and one of MATH 240-3, MATH 371-3, ECON 205-3, or PSYC 315-4

**Preclusions:** MATH 672-3; MATH 499-3 - Special Topics – Design of Sample Surveys

**Course Equivalencies:** MATH 672-3

**S-200908.30**

**New Course Approval — MATH 473-3**

Dale / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course MATH 473-3 Experimental Design and Analysis be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses experimental designs and analyses. Topics covered include basic principles and guidelines for designing experiments, simple comparative designs, single factor analysis of variance, block designs, factorial designs, response surface methods and designs, nested and split plot designs, and the analysis of covariance.

**Prerequisites:** One of MATH 100-3 or MATH 152-3 and one of MATH 240-3, MATH 371-3, ECON 205-3, or PSYC 315-4

**Preclusions:** MATH 673-3; MATH 499-3 - Special Topics – Design of Experiments

**Course Equivalencies:** Proposed MATH 673-3

**S-200908.31**

**New Course Approval — MATH 475-3**

Dale / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course MATH 475-3 Methods for Multivariate Data be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses practical techniques for the analysis of multivariate data. Topics covered include estimation and hypothesis testing for multivariate means and variances; partial, multiple and canonical correlations; principal components analysis and factor analysis for data reduction; multivariate analysis of variance; discriminant analysis for classification; and cluster analysis.

**Prerequisites:** One of MATH 150-3 or MATH 220-3, and MATH 471-3

**Preclusions:** MATH 675-3; MATH 499-3 – Special Topics – Applied Multivariate Analysis

**Course Equivalencies:** MATH 675-3

**To Senate for Information:**

**SCAPP200908.07**

**Course Prerequisite Change — ARTS 101-3**

That the changes to the prerequisites for ARTS 101-3 Learning Strategies be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

*Northern Advancement program students are required to take these courses and ~~so~~ have priority for registration. Any spaces remaining may be filled by other students.*

ARTS 101-3 Learning Strategies This course helps students identify their strengths and weaknesses as learners, master essential academic learning strategies, identify appropriate career goals and majors, and make a successful transition to university.

**Prerequisites:** ~~none~~ Fewer than 30 credit hours or permission of Program Dean/Regional Chair

**Precluded:** CORE 100-3, NRES 100-3

**SCAPP200908.08**

**Change to Course Description and Prerequisite — ARTS 102-3**

That the changes to the course description and prerequisites for ARTS 102-3 Research Writing be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Northern Advancement program students are required to take these courses and so have priority for registration. Any spaces remaining may be filled by other students.

ARTS 102-3 Research Writing This course is the second half of a comprehensive study in University Study Skills that will complements ARTS 101-3 and focuses primarily on skills associated with effective research writing techniques. In addition, ~~the~~ The course also focuses on the knowledge and skills necessary for the productions of university-level, library-based research papers. Using the library, mastering computers, reviewing grammar, and presenting findings orally ~~will be~~ are integral components of the process.

~~Prerequisites: none~~ Fewer than 30 credit hours or permission of Program Dean/Regional Chair

~~Precluded: CORE 100-3, NRES 100-3~~

### **SCAPP200908.22**

#### **Course Description and Prerequisite Change — CPSC 200-3**

That the change(s) to the course description and prerequisite for CPSC 200-3 Algorithm Analysis and Development I be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~**CPSC 200-3 Algorithm Analysis and Development** Topics include asymptotic complexity and notation. Algorithm analysis. Comparison of various sorting algorithms. NP Completeness. Assertions, loop and data type invariants and an introduction to program correctness. Correctness proofs of simple programs. Recursion relationships. Applications.~~

**CPSC 200-3 Algorithm Analysis and Development** This course introduces the development and analysis of algorithms. Topics include asymptotic complexity and notation, algorithm analysis, comparison of sorting algorithms, NP Completeness, assertions, and loop and data type invariants. An introduction to program correctness is given and correctness proofs of simple programs are discussed. Recursion relationships are examined. Applications of algorithms are considered.

~~Prerequisites: CPSC 101-4 and CPSC 142-3~~ 141-3

### **SCAPP200908.23**

#### **Course Title and Description Change — CPSC 300-3**

That the changes to the title and course description for CPSC 300-3 Software Engineering I be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~**CPSC 300-3 Software Engineering I** ~~F~~This course examines fundamental problem-solving concepts, the software development process, software requirements and specifications, software design and implementation, verification and validation, organization and management of programming teams, and documentation. Students work on a ~~major team programming~~~~

project over two semesters, and should enroll in CPSC 301-3 upon successful completion of this course.

Prerequisites: CPSC 281-3

**SCAPP200908.13**

**Course Prerequisite Change — NURS 220-5**

That the change(s) to the prerequisite for NURS 220-5 Extended Clinical Practicum I be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 220-5 Extended Clinical Practicum I** ~~This practicum p~~Provides the opportunity for consolidated clinical nursing practice with adults who have health problems. This course builds on previous clinical practice with the adult and ~~will~~ occurs in various settings in northern BC.

~~Prerequisites: NURS 205 3, 211 5. Restricted to students in the NCBNP.~~

Prerequisites: All required 100 and 200 level NURS and HHSC courses (or equivalent) in the NCBNP

Major Restriction: Restricted to students in the NCBNP.

**SCAPP200908.15**

**Course Description and Title Change — NURS 451-3**

That the change(s) to the course description and title for NURS 451-3 Health Assessment Across the Lifespan be approved as proposed.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 451-3 Health Assessment Across the Lifespan and RN First Call**

This course provides students with the knowledge and skills needed to extend their ability to conduct a thorough health assessment for diverse client populations throughout the lifespan. The competencies required for RN First Call certified practice are taught. Students conduct age-appropriate comprehensive health histories and physical examinations, identify health concerns and risks, taking into account culture, ethnicity and health beliefs, and make informed clinical judgments. The diagnoses and treatment of minor acute illnesses and the suturing of minor wounds, as determined by the CRNBC approved Decision Support Tools, are included. ~~This course includes a~~An extended skills-building workshop is included. ~~This course is restricted to registered nurses. Upon successful completion students apply for CRNBC RN First Call Practice Certification.~~

**SCAPP200907.01**

**New Course Approval — XWRI 131-3**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XWRI 131-3 Writing Winning Funding and Grant Proposals be approved as proposed.

Proposed semester of first offering: May 2009

**SCAPP200907.02**

**New Course Approval — XGIS 111-1**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XGIS 111-1 Geographic Information Systems – Module One: Data Creation and Manipulation be approved as proposed.

Proposed semester of first offering: May 2009

A Senator noted that in some cases students could obtain credit for courses offered by Continuing Studies for credit and a credit course with very similar content, such as XGIS and GEOG. The Registrar responded that the Senate Committee on Academic Policy and Planning would be reviewing this matter.

**SCAPP200907.03**

**New Course Approval — XGIS 112-1**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XGIS 112-1 Geographic Information Systems – Module Two: Software Customization, Data Symbolization, Labeling and Map Output be approved as proposed.

Proposed semester of first offering: May 2009

**SCAPP200907.04**

**New Course Approval — XGIS 113-1**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XGIS 113-1 Geographic Information Systems – Module Three: Geodatabases, Attributes and Data Conversion be approved as proposed.

Proposed semester of first offering: May 2009

**SCAPP200907.05**

**New Course Approval — XGIS 114-1**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XGIS 114-1 Geographic Information Systems – Module Four: Vector GIS Analysis and Modeling be approved as proposed.

Proposed semester of first offering: May 2009

**SCAPP200907.06**

**New Course Approval — XGIS 115-1**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XGIS 115-1 Geographic Information Systems – Module Five: Raster GIS Analysis be approved as proposed.

Proposed semester of first offering: May 2009

**SCAPP200907.07**

**New Course Approval — XGIS 116-1**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XGIS 116-1 Geographic Information Systems – Module Six: TINS, Perspectives, Flys, Referencing and Rectification be approved as proposed.

Proposed semester of first offering: May 2009

**SCAPP200907.08**

**New Course Approval — XMAT 161-1**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XMAT 161-1 Intermediate Algebra: Module 1 be approved as proposed.

Proposed semester of first offering: May 2009

**SCAPP200907.09**

**New Course Approval — XMAT 162-1**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XMAT 162-1 Intermediate Algebra: Module 2 be approved as proposed.

Proposed semester of first offering: May 2009

**SCAPP200907.10**

**New Course Approval — XMAT 163-1**

That, on the recommendation of the Continuing Studies Credit Committee, the new course XMAT 163-1 Intermediate Algebra: Module 3 be approved as proposed.  
Proposed semester of first offering: May 2009

**7.2 Senate Committee on Research and Graduate Studies**

**Fondahl / Hartley**

**S-200908.32**

**Approval of New Certificate — “Leading for Learning,” School of Education**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new “Leading for Learning” School of Education graduate level Certificate be approved as proposed.

Proposed start date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Thesis, Project or Comprehensive Examination**

EDUC 797-3 Comprehensive Examination

EDUC 798-6 MEd Project (Research or non-research option)

EDUC 799-9 MEd Thesis

**Leading for Learning Graduate Certificate**

The Leading for Learning Graduate Certificate is intended for those professionals who wish to receive a British Columbia Education Leadership Council approved certificate. The certificate prepares graduates to become recognized educational leaders whether in a teacher-leader or administrative-leader position. The certificate is designed to ladder into the MEd Multidisciplinary specialization degree.

**Admission**

Admission requirements are the same as for the MEd degree.

The Leading for Learning Graduate Certificate requires 15 credit hours of course work — that is, five courses, two of which are required courses in the MEd Multidisciplinary Leadership (MDL) specialization, and the other three of which are part of a series of acceptable courses for the Educational Leadership Focus Area of the MDL. The certificate courses are normally offered over a four-semester cycle. While it is expected that most certificate completers will continue with completion of a Masters of Education Multidisciplinary Leadership degree, students may choose to complete only the certificate. The schedule of courses offered on most UNBC campuses allows completion of the certificate first and in the sequence of courses as follows but this is not a requirement. Variation from this schedule of courses requires the permission of the MEd MDL coordinator and School Chair. It is also possible to complete the MEd MDL without meeting all the requirements of the certificate. The five required courses in their intended sequence are:

- |           |                     |   |
|-----------|---------------------|---|
| <u>1.</u> | <u>EDUC 626 - 3</u> | <u>Inclusive Education: Learning for All</u>                              |
| <u>2.</u> | <u>EDUC 609 - 3</u> | <u>Aboriginal Learners: History, Culture, and Ways of Knowing</u>         |
| <u>3.</u> | <u>EDUC 617 - 3</u> | <u>Leading for Learning: Teacher Leadership and Principal Preparation</u> |
| <u>4.</u> | <u>EDUC 656 - 3</u> | <u>Instructional Leadership</u>   |
| <u>5.</u> | <u>EDUC 606 - 3</u> | <u>Leading for Change</u>   |

Students already enrolled in the MEd MDL specialization may complete these courses and receive the certificate, subject to a sequence of available courses being offered by the university.

It was proposed that Senate motions S-200908.33 to S-200908.36 be dealt with as an omnibus motion, and Senate proceeded in this manner.

**S-200908.33**

**Course Deletion — EDUC 605-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, EDUC 605-3 Multidisciplinary Leadership: Theory and Practice be deleted.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~This course surveys historical and contemporary literature about leadership, emphasizing the multiplicity of perspectives, values and beliefs represented. A central theme is that leadership is not limited to positions of responsibility, but is a complex phenomenon arising from a variety of events, social roles and contexts. Other areas of focus include the ethics of leadership; the social, cultural, economic and oranzizational contexts for leadership; gender and leadership; and contemporary challenges for leaders.~~

**S-200908.34**

**Course Deletion — EDUC 646-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, EDUC 646-3 First Nations Education be deleted.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~A study of educational foundations, curriculum and instruction theory, and teaching practices in relation to the needs and resources of First Nations students. This course will also include a critical examination of commercially produced teaching resources that are currently available for use in First Nations schools.~~

**S-200908.35**

**Course Deletion — EDUC 647-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, EDUC 647-3 Educational Issue in Northern Schools be deleted.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~A study of educational issues in relation to the unique needs and resources of students and educators in northern communities. The issues selected for this course will be of particular interest to teachers, counsellors and school administrators.~~

**S-200908.36**

**Course Deletion — EDUC 657-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, EDUC 657-3 Educational Issues in Northern Communities be deleted.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~This course focuses on the complexity of issues facing northern and rural communities and school leaders. Topics include the challenges of inclusivity and diversity in smaller schools, distance education, recruitment and retention of teachers, professional development, building school community involvement and outreach, aboriginal education, technology, economic and financial resources, and the social dynamics of changing rural environments.~~

Motions S-200908.37 to S-200908.39 were dealt with as an omnibus motion.

**S-200908.37**

**New Course Approval — EDUC 617-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course EDUC 617-3 Leading for Learning: Teacher Leadership and Principal Preparation be approved as proposed.

Proposed semester of first offering: September 2009 (previously offered as EDUC 692-3 Special Topics)  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course provides an overview of the skills, knowledge, and personal attributes central to effective teacher leadership and principal leadership in schools in British Columbia. It features a current emphasis on distributed leadership and on various kinds of influence within schools that function as sustainable learning communities. The course explores collegial relationships as a background for instructional improvement and invites identification of personal leadership goals as well as plans for implementation.

**Preclusions: EDUC 615-3**

**S-200908.38**

**New Course Approval — EDUC 626-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course EDUC 626-3 Inclusive Education: Learning for All be approved as proposed.

Proposed semester of first offering: September 2009 (previously offered as EDUC 692-3 Special Topics)  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course presents “inclusive education” as a transition toward the predominance of a “success for all” educational philosophy. Components of inclusion include but are not limited to integration of exceptional students and examination of achievement data for minority groups. Issues of quality and equity of educational opportunity for all genders, orientations, cultures, religions, and socioeconomic groups are also explored. Connections are made to current instructional concepts such as culturally relevant practice and differentiated instruction. Students are expected to apply course content to develop action inquiry projects designed to improve equity in their own professional settings.

**Preclusions:** EDUC 535-3 and EDUC 635-3

**S-200908.39**

**New Course Approval — EDUC 609-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies and the Senate Committee on First Nations and Aboriginal Peoples, the new course EDUC 609-3 Aboriginal Learners: History, Culture, and Ways of Knowing be approved as proposed.

Proposed semester of first offering: September 2009 (previously offered as EDUC 692-3 Special Topics)  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course explores the difficult history Aboriginal people have had with western education. It also explores Indigenous ways of knowing, contemporary educational theory, and instructional practices in relation to the needs and resources of Aboriginal students in rural and urban northern communities. Students will be encouraged to examine achievement data and to explore cultural assumptions around definitions of Aboriginal student success. Students will consider the cultural relevance of teaching resources, assessment tools, and school improvement interventions. Issues of Aboriginal access, retention, and participation in education systems will be emphasized, along with the need for rebuilding trust among educational institutions and Aboriginal communities.

**Preclusions:** EDUC 646-3

Motions S-200908.40 and S-200908.41 were dealt with as an omnibus motion.

**S-200908.40**

**Calendar Description Change — Master of Education (Deletion of Courses EDUC 605-3, EDUC 646-3, EDUC 647-3, and EDUC 657-3)**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, courses EDUC 605-3 Multidisciplinary Leadership: Theory and Practice, EDUC 646-3 First Nations Education, EDUC 647-3 Educational Issue in Northern Schools, and EDUC 657-3 Educational Issues in Northern Communities be deleted from the calendar.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **p.68 [Counselling]**

### Elective Courses

EDUC 603-4 Advanced Educational Research Data Analysis  
EDUC 618-3 Working with Parents and Families  
EDUC 619-3 First Nations Counselling  
EDUC 620-4 Educational Measurement and Evaluation  
EDUC 633-3 Human Development: Implications for Education  
EDUC 634-3 Achievement Motivation  
EDUC 635-3 Educating Exceptional Students  
EDUC 636-3 Language and Learning Disabilities

**S-200908.42**

**Course Deletion — MATH 640-3**

Fondahl / Donker

That, on the recommendation of the Senate Committee on Research and Graduate Studies, MATH 640-3 Advanced Probability and Statistics be deleted as a course offering.

Effective date: September 2009

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~The course will consider the following advanced topics in Probability and Statistics: Limit theorems: laws of large numbers and CLT, Kolmogorow inequality, weak and strong convergence, large deviations, Markow chains with applications, ergodic theorems, martingales, and martingale methods, extreme value theory and other statistics, estimation of parameters.~~

Motions S-200908.43 to S-200908.46 were dealt with as an omnibus motion.

**S-200908.43**

**New Course Approval — MATH 671-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course MATH 671-3 Linear Models be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses the estimation of parameters in the multiple linear regression model by the least-squares method. Topics covered include the statistical properties of the least-squares estimators, the Gauss-Markov theorem, estimates of residual and regression sums of squares, distribution theory under normality of the observations, assessment of normality, variance stabilizing transformations, examination of multicollinearity, variable selection methods, logistic regression for a binary response, log-linear models for count data, and generalized linear models.

**Preclusions:** MATH 471-3; MATH 499-3 - Special Topics – Regression

**Course Equivalencies:** MATH 471-3

**S-200908.44**

**New Course Approval — MATH 672-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course MATH 672-3 Survey Sampling Design and Analysis be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses the planning and practice of sample surveys. Topics covered include simple random sampling, unequal probability sampling, stratified sampling, cluster sampling, multistage sampling, cost-effective design, analysis and control of sources of sampling and non-sampling error, ratio estimation, model-based regression estimation, resampling, and replication methods.

**Preclusions:** MATH 472-3; MATH 499-3 - Special Topics – Design of Sample Surveys]

**Course Equivalencies:** MATH 472-3

**S-200908.45**

**New Course Approval — MATH 673-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course MATH 673-3 Experimental Design and Analysis be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses experimental designs and analyses. Topics covered include basic principles and guidelines for designing experiments, simple comparative designs, single factor

analysis of variance, block designs, factorial designs, response surface methods and designs, nested and split plot designs, and the analysis of covariance.

**Preclusions:** MATH 473-3; MATH 499-3 – Special Topics – Design of Experiments

**Course Equivalencies:** MATH 473-3

**S-200908.46**

**New Course Approval — MATH 675-3**

Fondahl / MacMillan

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course MATH 675-3 Methods for Multivariate Data be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course discusses practical techniques for the analysis of multivariate data. Topics covered include estimation and hypothesis testing for multivariate means and variances; partial, multiple and canonical correlations; principal components analysis and factor analysis for data reduction; multivariate analysis of variance; discriminant analysis for classification; and cluster analysis.

**Preclusions:** MATH 475-3; MATH 499-3 - Special Topics – Applied Multivariate Analysis

**Course Equivalencies:** MATH 475-3

**To Senate for Information:**

**SCRG200908.23**

**2008 Annual Report to Senate from the Senate Committee on Research and Graduate Studies**

That the 2008 Annual Report (January 1, 2008 to December 31, 2008) from the Senate Committee on Research and Graduate Studies be approved by SCRG and forwarded to Senate.

Effective date: August 5, 2009

**7.3 Steering Committee of Senate**

**Iwama**

In order for Dr. Iwama to present the report from the Steering Committee of Senate, Dr. Dale assumed the Chair.

**S-200908.47**

**Revision to Senate Handbook — Terms of Reference for the Senate Committee on Research and Graduate Studies (SCRG)**

Iwama / Casperson

That, on the recommendation of the Senate Committee on Research and Graduate Studies and the Steering Committee of Senate, the revision to the terms of reference for the Senate Committee on Research and Graduate Studies be approved as proposed.

Effective date: Immediately upon approval by Senate

CARRIED.

**S-200908.48**

**Revision to Senate Handbook — Terms of Reference for the Senate Committee on Scholarships and Bursaries (SCSB)**

Iwama / Zahir

That, on the recommendation of the Steering Committee of Senate, the revision to the terms of reference for the Senate Committee on Scholarships and Bursaries be approved as proposed.

Effective date: Immediately upon approval by Senate

CARRIED.

**S-200908.49**

**Revision to Senate Handbook — Terms of Reference for the Senate Committee on Honorary Degrees and Other Forms of Special Recognition (SCHDSR)**

Iwama / Hutchings

That, on the recommendation of the Steering Committee of Senate, the revision to the terms of reference for the Senate Committee on Honorary Degrees and Other Forms of Special Recognition be approved as proposed.

Effective date: Immediately upon approval by Senate

CARRIED.

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**DeGrace**

Mr. DeGrace noted that he had nothing to report, but invited the Dean of Student Success and Enrolment Management, Dr. Madak, to provide a report on enrolment numbers. Dean Madak highlighted the following points in his report:

- The numbers presented are as of August 15, 2009, and will change until the add/drop date in September
- Overall, registration numbers are down by .5% from last year
- Numbers have dropped most significantly in the College of Arts, Social and Health Sciences graduate student population
- International student numbers are up, while BC high school student numbers are down
- Projected FTE's are up 2.3%
- August is a big registration period for undergraduates, following the same pattern as last year
- Graduate students often register late, and there may be outstanding graduate registrations from the regions, who often submit regional student registration forms in bulk
- Students can register for Continuing Studies courses for credit throughout the September semester, so numbers may change as a reflection of these registrations
- Overall, undergraduate registrations are down, while graduate registrations have increased
- Registrations are down 33.3% from the lower mainland area, suggesting that the University needs to recruit from other British Columbia areas, as well as outside BC, in order to keep undergraduate numbers up

Dean Madak concluded his report and invited questions. A Senator commented that, if graduate student numbers are growing, the University should be putting more resources into this area, which fits with being a research-intensive university and builds on strengths.

It was noted that CNC had a recent increase in enrolment in transfer courses, and UNBC should be encouraging these students to come to UNBC in two years. Dean Madak agreed with this suggestion.

**9.0 Information**

**9.1 Report of the Harassment and Discrimination Policy Advisor**

This report was provided for information.

**10.0**    **S-200908.50**  
**Move to In Camera Session**  
Casperson / Hyndman  
That the meeting move In Camera.  
CARRIED.

**11.0**    **S-200908.54**  
**Adjournment**  
Hyndman / Donker  
That the Senate meeting be adjourned.  
CARRIED.

The meeting ended at 5:30 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

October 14, 2009  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre

---

**Present:**

T. Binnema, S. Beeler, D. Casperson, C. Chasteauneuf, M. Dale, H. Donker, J. DeGrace (Secretary of Senate; Recording), R. Ellis, G. Fondahl, W. Haque, R. Hoffman, K. Hutchings, J. Hyndman, G. Iwama, A. Jacob, J. Jeffery, E. Jensen, R. Lazenby, W. McGill, S. McKenzie, C. O'Callaghan, M. Reid, I. Uche-Ezeala, S. Wagner, A. Yakemchuk, J. Young

**Regrets:**

E. Annis, G. Ashoughian, C. Bock, A. Dayanandan, S. Déry, U. Eka, I. Hartley, D. Macknak, D. Nyce, S. Rennebohm, R. Robinson, K. Vandersteen, S. Zahir

---

The meeting commenced at 3:30 p.m.

**1.0 S-200910.01**

**Approval of the Agenda**

Hyndman / Reid

That the Agenda for the October 14, 2009 Public Session of Senate be approved as presented.  
CARRIED.

**2.0 S-200910.02**

**Approval of Senate Minutes**

Hyndman / Reid

That the Minutes of the August 24, 2009 Public Session of Senate be approved as presented.  
CARRIED.

Mr. DeGrace advised Senators that, referring to MATH 671, 672, 673 and 675, the date of first offering of the courses had been corrected from January 2009 (a typographical error) to January 2010.

**3.0 Business Arising from Previous Minutes of Senate**

**S-200910.03**

**Change to Program Requirements — Environmental Studies Major**

Ellis / Casperson

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course changes for the BA Major in Environmental Studies be approved as proposed.

Effective date: January 2010

CARRIED.

---

Mr. DeGrace called attention to revised motion S-200910.03, which replaced the motion which had been circulated previously. In this corrected version, HIST 360-3, which had been removed accidentally from the Upper Division requirements for the Major in Environmental Studies, had been restored. In addition, he noted that the Geography Program had indicated their intent to waive the prerequisite for GEOG 424-3 for Environmental Studies students.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Environmental Studies (BA Program)

---

Kathy Lewis, Professor, and Program Chair

Annie Booth, Associate Professor

Art Fredeen, Associate Professor

Scott Green, Associate Professor

Neil Hanlon, Associate Professor

Ken Wilkening, Associate Professor

Karyn Sharp, Lecturer

**Website:** <http://www.unbc.ca/envs>

## Major in Environmental Studies

The Bachelor of Arts in Environmental Studies emphasizes a social science and humanities perspective on environmental issues. The program provides a strong philosophical, social and scientific basis for understanding the full diversity of environmental issues and positions students to be effective agents for mitigation of, and/or adaptation to, environmental change.

Degree requirements: 72 credit hours

Area of focus: 24 to 29 credit hours

Elective credit hours in any subject as necessary to ensure completion of a minimum of 120 credit hours.

### Program Requirements

#### Lower Division Requirement

##### 100 Level

ANTH 101-3	Peoples and Cultures
or FNST 100-3	The Aboriginal Peoples of Canada
BIOL 110-3	Introductory Ecology
CHEM 110-3	Chemistry for Everyday Life
or CHEM <del>404</del> 100-3	General Chemistry I
ENPL 104-3	Introduction to Planning
ENVS 101-3	Introduction to Environmental Citizenship
GEOG 100-3	Environments and People

POLS 100-3 Contemporary Political Issues

**Note:** CPSC 150-3 (*Computer Applications*) is recommended for students without computing experience. Students who wish to take the Science, Technology and Society area of focus should take BIOL 101-4 and 102-4 instead of BIOL 110. Students who wish to take the First Nations area of focus should choose FNST 100-3.

### 200 Level

ENGL 270-3 Expository Writing  
or ENGL 271-3 Creative Writing  
ENPL 205-3 Environment and Society  
GEOG 204-3 GIS for the Social Sciences  
or GEOG 300-3 Geographic Information Systems  
GEOG 205-3 Cartography and Geomatics  
PHIL 202-3 Comparative Religion  
or FNST 303-3 First Nations Religion and Philosophy

### Upper Division Requirement

#### 300 Level

ENVS 309-3 Women and Environmental Studies  
ENVS 325-3 Global Environmental Change: Science and Policy  
  
ENVS 326-3 Natural Resources, Environmental Issues and Public Engagement  
INTS 307-3 Global Resources  
or GEOG 401-3 Resource Geography  
or HIST 360-3 An Introduction to Environmental History  
NREM 303-3 First Nations' Approaches to Resource Management  
or GEOG 401-3 Resource Geography  
or ENPL 208-3 First Nations Community and Environmental Planning

#### 400 Level

~~ANTH 405-3 Topics in Landscape and Place~~  
ENPL 401-3 Environmental Law  
ENPL 319-3 Social Research Methods  
ENVS 414-3 Environmental and Professional Ethics  
ENVS 440-3 Internship  
GEOG 424-3 Social Geography of Northern Communities  
NRES 421-1 Professional Writing  
or NRES 422-2 Undergraduate Report  
or NRES 430-6 Undergraduate Thesis  
~~POLS 434-3 Resource Communities in Transition~~

### Areas of Focus

Students must choose one of the following areas of focus. Courses used to fulfill major requirements above may not be used to satisfy an area of focus requirement.

1. Global Environmental Studies
2. Communities and Environmental Citizenship
3. Natural Resource Management
4. Science, Technology, and Society
5. First Nations

## Global Environmental Studies

### Required:

INTS 101-3	Canada and the World
GEOG 101-3	Human Geography
or GEOG 206-3	Social Geography

### Choose ~~six~~ SEVEN of:

<u>ANTH 405-3</u>	<u>Topics in Landscape and Place</u>
FNST 416-3	Indigenous Perspective
GEOG 306-3	Geography of International Development
GEOG 402-3	Geography of the Circumpolar North
GEOG 422-3	Geography Of World Economy
GEOG 426-3	Geographies of Culture, Rights & Power
INTS 309-3	Global Science and Technology
INTS 371-3	Globalization
INTS 410-3	Environment and Development in the Circumpolar North
INTS 470-3	International Environmental Policy
INTS 480-3	Pacific Environment
NORS 101-3	Introduction to the Circumpolar North
NORS 311-3	Lands and Environments of the Circumpolar North 1
NORS 331-3	Contemporary Issues of the Circumpolar North
ORTM 414-3	Polar Tourism and Recreation
POLS 415-3	Comparative Northern Development

## Communities and Environmental Citizenship

### Required:

ENPL 301-3	Sustainable Communities: Structure and Sociology
GEOG 206-3	Social Geography
<del>GEOG 424-3</del>	<del>Social Geography of Northern Communities</del>
GEOG 426-3	Geographies of Culture, Rights & Power

POLS 335-3 Community Politics  
or POLS 316-3 Municipal Government and Politics

**Choose three FIVE of:**

COMM 100-3 Introduction to Canadian Business  
ANTH 405-3 Topics in Landscape and Place  
COMM 230-3 Organizational Behaviour  
ENPL 304-3 Mediation, Negotiation & Public Participation  
ENPL 313-3 Rural Community Economic Development  
FNST 215-3 Issues in External Relations for Contemporary Indigenous Peoples  
FNST 407-3 First Nations Perspectives on Race, Class, Gender and Power  
GEOG 305-3 Political Geography  
GEOG 308-3 Introduction to Medical Geography  
GEOG 309-3 Geography of Migration and Settlement  
ORTM 100-3 Leisure in Life  
ORTM 407-3 Recreation, Tourism and Communities

## Natural Resource Management

**Required:**

NREM 100-3 Natural Resources Management I  
NREM 101-3 Natural Resources Management II  
NREM 210-3 Integrated Resource Management  
ORTM 100-3 Leisure in Life

**Choose one of:**

FNST 203-3 Introduction to Traditional Ecological Knowledge  
NREM 203-3 Resource Inventories and Measurements  
ORTM 200-3 Sustainable Outdoor Recreation and Tourism

**Choose three FOUR of:**

ENPL 304-3 Mediation, Negotiation & Public Participation  
ENPL 305-3 Environmental Impact Assessment  
ENSC 302-3 Energy Development  
GEOG 401-3 Resource Geography  
INTS 307-3 Global Resources  
INTS 309-3 Global Science and Technology  
NREM 333-3 Field Applications in Resource Management  
NREM 400-3 Natural Resources Planning  
POLS 315-3 Contemporary Issues in the Circumpolar North

## Science, Technology, and Society

### Required:

BIOL 101-4	Introductory Biology I
BIOL 102-4	Introductory Biology II
BIOL 201-3	Ecology
INTS 309-3	Global Science and Technology

### Choose five SIX of:

ENSC 201-3	Introduction to Atmospheric Science
ENSC 202-3	Introduction to Aquatic Systems
ENPL 303-3	Spatial Planning with Geographical Information Systems
ENSC 308-3	Northern Contaminated Environments
ENSC 404-3	Waste Management
ENSC 425-3	Global Change Science
FSTY 205-3	Introduction to Soil Science
INTS 205-3	Introduction to International Studies
NREM 333-3	Field Applications in Resource Management

## First Nations

### Choose at least one FNST course and two additional courses from the following:

ANTH 206-3	Ethnography of Northern British Columbia
FNST 215-3	Issues in External Relations for Contemporary Indigenous Peoples
FNST 216-3	Issues in Internal Relations for Contemporary Indigenous Peoples
FNST 249-3	Aboriginal Resource Planning
GEOG 206-3	Social Geography
POLS 220-3	Canadian Law and Aboriginal Peoples

### Choose five SIX of:

<u>ANTH 405-3</u>	<u>Topics in Landscape and Place</u>
BIOL 350-3	Ethnobotany
ENPL 208-3	First Nations Community and Environmental Planning
FNST 280-3	Aboriginal Medicines I - Harvesting and Preservation
FNST 300-3	Research Methods in First Nations Studies
FNST 304-3	First Nations Environmental Philosophy and Knowledge
FNST 416-3	International Perspectives
FNST 451-3	Traditional Use Studies

GEOG 301-3	Cultural Geography
GEOG 403-3	Aboriginal Geography
HIST 390-3	Aboriginal People in Canada
NREM 303-3	First Nations Approach to Resource Management
ORTM 306-3	Indigenous Tourism and Recreation
POLS 412-3	Comparative Aboriginal State Relations

## Elective Requirement

Elective credit hours in any subject as necessary to ensure completion of a minimum of 120 credit hours.

### 4.0 President's Report

Iwama

President Iwama reported that, at present, enrollment initiatives were uppermost in his mind, and that he was also engaged in discussions relating to the proposed Wood Innovation and Design Centre.

Dr. Iwama said that he would be consulting with the University community on matters surrounding a new "University Plan." There had been five previous plans over the years, and the essence of these had been extracted and placed on a University web site ([www.unbc.ca/plan](http://www.unbc.ca/plan)). On this site had been placed the University's vision and mission as articulated previously, the University's values, and the institutional priorities – along with links to the original documents and a summary of those documents. Dates would be provided for upcoming meetings with the University community. In these discussions the President wants to reach out to the regions. He had already visited Quesnel, and will be taking the conversation further afield. All of the meetings would be "town hall" style, and there would be the opportunity for e-mail commentary as well. Everywhere he went, people seemed to be strongly supportive of UNBC and wanting to help.

The President noted that preparations for a response to the H1N1 virus were underway, and that many scenarios were under discussion. The problem, he said, lay in the ambiguity surrounding the evolving situation.

Dr. Iwama looked forward to his formal installation as University President on October 16<sup>th</sup>, and said that he viewed the event as a "celebration of the campus."

### 5.0 Report of the Provost

Dale

Dr. Dale referred to the proposed Master of Physical Therapy program, and said that government budget issues made this unlikely to be a stand-alone program. At present the program was being examined along the lines of the Northern Medical Program model with UBC.

The "Wood Innovation and Design Centre" was a complex issue. The proposal had been mentioned twice in the Speech from the Throne, but the details of the project remained unclear, the intent varying depending upon the connections of the several interested parties. For his part, the Provost was trying to assure that there would be academic content in the project. Possible collaborators were UBC, BCIT and Partnerships BC, and a business plan was hoped for by early December.

### 6.0 Question Period

Dr. Casperson asked whether, in the course of discussion of a new University Plan, Senate would be included, and how that process would work. Dr. Iwama responded that the entire University Community – including Senate – would be involved in the process. December had been suggested as a "notional" time at which discussions would be finalized and a new University Plan in place. He wanted time with Senate

to discuss some 6 or 8 topics, and this might require a restructuring of one or more meetings. He noted that former President Jago had suggested that Senate might be wise to move to a “consent agenda” format for dealing with certain types of Calendar and Curriculum change matters, in order to make time for broader discussions.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Dale

#### **S-200910.04**

##### **Breadth Requirements**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, Senate tell the Colleges that they are now in charge of breadth, based on the definition of breadth from the subcommittee, and ask that they report back to Senate in one year regarding what they are doing, and in two years regarding what they have done.

Effective date: Immediately upon approval by Senate

It was noted that the recommendation now before Senate had been generated by a subcommittee of SCAPP charged with responding to issues that had been raised in the area of breadth requirements. Dean Young suggested that breadth requirements needed to be broad enough to be embraced by the community, and at the same time specific enough to be useful. The motion now before Senate also reflected approaches that had been suggested by the Colleges.

Dr. Binnema opposed the motion. He thought that lack of a University-wide requirement would not serve students well. He noted that other BC universities did have specific requirements and that, without specifics, breadth requirements with integrity would not arise from the motion before Senate. Dr. Young noted that the Colleges were invited to develop specific requirements where applicable; but he pointed out that, for requirements to apply to all programs in a practical manner, they would have to be extremely minimal. In addition, it was necessary to take out that a high percentage of new admissions to the University were transfer students already partway through their degree programs. In his view, addressing breadth at the College level actually enabled rigour.

Dr. Casperson recalled that it had been issues surrounding the previous breadth requirements and their applicability to transfer students that had largely de-railed those requirements. What was needed, he thought, was a university-wide solution that would take into account issues that arise with different categories of student. In Dr. Young’s view what had been advanced to Senate was in fact the most credible solution. Dr. Hyndman called attention to the Simon Fraser University requirements, highly-specific, that were working successfully. They were applicable in all programs and included both writing (in designated “writing courses”) and quantitative courses. But, she suggested that what was before Senate now was an improvement over the previous regulation.

Dean McGill had not been content with the motion as presented. He pointed out that the diversity within each of the two Colleges was as great as within the University as a whole. He was concerned that the colleges, in turn, might devolve breadth determinations to the individual program areas, which would put the University back where it had been previously. Senate needed to decide what should be the breadth requirement for the University as a whole. Dr. Ellis thought that, at the very least, Senate needed to state clearly “what Breadth means to this University,” without which statement there would be no consistent application of the requirement.

Dr. Iwama noted that the present motion called upon the Colleges to do what individual programs had not done. He thought the fundamentally important matter was that all UNBC graduates show evidence of breadth on their records, but there were significant issues in respect of course availability and timetabling.

Dr. Hutchings noted that the motion called upon Colleges to “report back to Senate,” and we might find ourselves having done nothing after two years. Dean Young pointed out that this matter had been under discussion for two years, and that there had been no breadth requirement in place for those two years.

Dr. Dale noted that each College contained both traditional Arts and Science programs, and professional programs. While the quality of a History degree, for example, would be enhanced by including a science

requirement, some professional programs might have to be exempted from the requirement on practical grounds.

Ms. McKenzie recalled that, as a UNBC student, it had been easy to understand the former breadth requirement. Now there was no clear requirement in place, and she would be comfortable with a return to the “quadrant” approach. Ms. O’Callaghan said that she had been a UNBC student under the former requirement, and had also provided academic advisement in this area. She thought it was important that students understand very clearly what it is that is required of them. Students should be able to use transferred credits to meet a University breadth requirement. The motion before Senate was too vague, she thought, and perhaps some “middle ground” could be found.

Dr. Casperson recalled that the former requirement disintegrated over technical issues surrounding implementation. While a centralized mechanism was needed, he was concerned that, if Senate were to approve a prescriptive proposal, negative reactions would be generated.

**Motion:**

Casperson/Haque

That the motion be referred to SCAPP for further consideration and response to Senate at a future date.  
CARRIED.

**7.2 Senate Committee on Admissions and Degrees**

**Dickson**

**S-200910.05**

**Revision to Undergraduate Calendar — “Other Admission Categories” (“Mature Student Entry” and “Interest Only” Sections)**

Hyndman / Reid

That, on the recommendation of the Senate Committee on Admissions and Degrees, the “Mature Student Entry” and “Interest Only” sections under “Other Admission Categories” (p. 32 of the 2009-2010 Undergraduate Calendar) be amended as proposed.

Effective date: Immediately upon approval by Senate

CARRIED.

Mr. DeGrace explained that the changes proposed were for the purpose of providing students with greater clarity. It was suggested, and agreed to by the mover and seconder, that the fourth bullet under the heading “Mature Student Entry” have added to it the parenthetical comment: “(Students who have attempted 15 or more post-secondary academic credits are considered as potential transfer students.)”.

Dr. Ellis asked why Interest Only students needed to re-apply every semester. Mr. DeGrace explained that this category was intended for students who, in almost all cases, wanted to take only one or two courses. Such students should expect to apply on a case-by-case basis. The category was not intended for continuing students, who should seek regular admission.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Mature Student Entry**

Each mature student application will be reviewed on its own merits. Mature applicants must ~~be~~:

- be Canadian Citizens or Permanent Residents of Canada
- have been out of secondary school for at least three years
- be 21 years of age on or before the first day of classes
- have attempted fewer than 15 post-secondary academic credits

[Students who have attempted 15 or more post-secondary academic credits are considered as transfer students.]

Students must submit transcripts of any post-secondary work that they have completed for the purpose of prerequisite checks, and a résumé of both academic and other activities (employment, service, etc.) for the past three years. The University may exercise its discretion by admitting on a probationary basis.

[This formalizes current practice. Commonly, and in the best interest of the student, the Office of the Registrar limits the number of courses that Mature Students may take in their first semester.]

## **Interest Only**

Students who do not intend to pursue a degree or certificate program at UNBC, but want to take courses for credit, may do so under the category of Interest Only to a maximum of 30 credits, provided they have not previously been refused admission to UNBC under any other category. This category of admission permits easy access to UNBC studies as minimal documentation at the point of entry is required.

Interest only students must:

- Enrol on a part-time basis at UNBC (~~less~~ fewer than 9 credit hours)
- Re-apply every semester
- Obtain a minimum semester grade point average of 2.00 in order to remain eligible for re-entry under this category.

Note:

1. Interest Only students who wish to continue their studies beyond 30 credit hours in pursuit of a UNBC credential must re-apply, meet the general admission requirements as stated in the Calendar and, as applicable, declare a Major (see Academic Regulation 20).
2. Applicants whose first language is not English should refer to the section [English Language Requirements](#).
3. Applicants ~~previously or~~ currently on academic probation or required to withdraw from any post-secondary institution are not eligible to apply for admission ~~or re-entry~~ under this category.

**S-200910.06**

**Revision to Undergraduate Calendar — “Admission from Secondary Schools and CEGEP in Other Canadian Provinces (Alberta and the Northwest Territories)” Section**

Hyndman / Reid

That, on the recommendation of the Senate Committee on Admissions and Degrees, the changes to the “Admission from Secondary Schools and CEGEP in Other Canadian Provinces (Alberta and the Northwest Territories)” section, on page 29 of the 2009/2010 Undergraduate Academic Calendar, be approved as proposed.

Effective date: Immediately upon approval by Senate

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Alberta, the Northwest Territories and Nunavut**

Successful completion of an academic grade 12 program that leads to graduation and includes at least five courses with an overall 65% average selected from:

- English 30-1 or English Language Arts 30-1
- at least three additional courses selected from the following: Aboriginal Studies 30, Biology 30, Blackfoot Language & Culture 30, Chemistry 30, Chinese Language & Culture 30, Cree 30, English 35, Francais 30, French 30, French 31A/B/C, French Language Arts 30, German 30/30S, German 31, German Language & Culture 30, Gonawo K'e 35, Inuktitut 35, Inuktitut Studies 35, Italian Language & Culture 30, Japanese Language & Culture 30, Language 30, Latin 30, Math 30, Mathematics 31, Physics 30, Pure Math 30, Science 30, Social Studies 30, South Slavey 35, Spanish Language & Culture 30, Tilcho Yati 25, Ukrainian Language & Culture 30/30S, Ukrainian Language Arts 30, World Geography 30, World History 30
- additional level 30 or level 31 courses necessary for the successful completion of grade 12. The fifth course subject must be distinct from the four academic courses (e.g., English Language Arts 30-1 and English Language Arts 30-2 cannot both be used).

**7.3 Senate Committee on Scholarships and Bursaries**

**Madak**

**To Senate for Information:**

**SCSB20090513.03**

**Approval of New Terms and Conditions — Chapter B – P.E.O. Sisterhood Bursary**

That the new Terms and Conditions for the Chapter B – P.E.O. Sisterhood Bursary be approved.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** Open

**Award Name:** Chapter B – P.E.O. Sisterhood Bursary

**Calendar Description/Intent:** P.E.O. Sisterhood is an international philanthropic and educational organization for women founded in 1869. The organization assists women in achieving their educational goals through bursaries, scholarships, grants and loans. P.E.O. also runs their own liberal arts college for women in Nevada, Missouri.

**Donor:** Chapter B – P.E.O. Sisterhood

**Value:** \$1,000

**Number:** One

**Placement in which Calendar:** Undergraduate and Graduate

**Award Type:** Bursary

**Eligibility:** Available to a full time undergraduate or graduate female student.

**Note:** This is a one-time award.

**Criteria:** Demonstrated financial need and academic proficiency.

**Application Instructions:** Fill out all sections of the Awards Application form.

**Effective Date:** Established 2009

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

#### **SCSB20090513.04**

##### **Revised Terms and Conditions — NCMA Community Development Scholarship**

To revise the NCMA Community Development Scholarship commencing the 2009-2010 Academic Year with alterations to the Eligibility section as requested by the donor as proposed.

Effective date: May 2009

Dr. Ellis pointed out that (on p. 70 of 132) Eligibility for the NCLGA (formerly NCMA) Community Development Scholarship should be “Available to a full or part time undergraduate student with a declared major in ~~Bachelor of Commerce~~, Public Administration and...”. [“Bachelor of Commerce” to be deleted].

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Eligibility:** Available to a full or part time undergraduate student with a declared major in ~~Bachelor of Commerce~~, Public Administration and Community Development who has completed 60 credit hours. ~~First preference will~~ Must be given to a resident of Northern British Columbia.

#### **SCSB20090513.05**

##### **Revised Terms and Conditions — UNBC Students for Life Bursary for Single Parents**

That the revised Terms and Conditions for the UNBC Students for Life Bursary for Single Parents be approved.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Eligibility:** Available to a full or part time undergraduate or graduate student who is a single parent with permanent custody of his/her child(ren).

#### **SCSB20090513.06**

##### **Revised Terms and Conditions — Vancouver Port Authority Annual Scholarship**

That the revised Terms and Conditions for the Vancouver Port Authority Annual Scholarship be approved.

Effective date: May 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Name:** ~~Vancouver Port Metro Vancouver Authority Annual~~ Scholarship

**Donor:** ~~Vancouver Port Metro Vancouver Authority Annual~~ Scholarship

**Application Instructions:** Fill out all sections of the Awards Application form and attach your Resume.

**Effective Date:** Established 1998

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20090812.03**

**Revised Terms and Conditions — Brownridge & Company Insurance Services Inc. Annual Athletic Bursaries**

That the revised Terms and Conditions for the Brownridge & Company Insurance Services Inc. Annual Athletic Bursaries be approved.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Donor:** Brownridge & Company Insurance Services Inc. and UNBC

**Value:** \$2,000 each ~~plus full tuition waivers~~

**SCSB20090812.04**

**Revised Terms and Conditions — Brownridge Athletic Bursary**

That the revised Terms and Conditions for the Brownridge Athletic Bursary be approved.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Donor:** Brian and Jackie Brownridge and UNBC

**SCSB20090812.05**

**Revised Terms and Conditions — Eleanor (Elly) Alaska-Lee Johnsen Foundation Scholarship**

That the revised Terms and Conditions for the Eleanor (Elly) Alaska-Lee Johnsen Foundation Scholarship be approved.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Value:** ~~\$2,500~~ \$1,000

**Number:** ~~Ten~~ Five

**SCSB20090812.06**

**Revised Terms and Conditions — Gertrude Bryant and Family Endowed Bursary Fund**

That the revised Terms and Conditions for the Gertrude Bryant and Family Endowed Bursary Fund be approved.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Name:** Gertrude Bryant and Family Endowed ~~Bursary~~ Award

**Undergraduate Award Type:** ~~Bursary~~ Award

**~~Undergraduate Eligibility Requirements:~~** Available to a full-time student, who is a resident of British Columbia (north of 100 Mile House), and is graduating from UNBC and ~~enrolled in their second year of the UBC undergraduate program in Medicine and resident who has been accepted into~~ the Northern Medical Program.

**~~Recipient Selection:~~** ~~Committee chaired by the Assistant Dean of Student Affairs, NMP (UBC) and/or the Associate VP of Medicine, UNBC.~~ Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**SCSB20090812.07**

**Revised Terms and Conditions — Northern Trust Bursary**

That the revised Terms and Conditions for the Northern Trust Bursary be approved.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Name:** Northern ~~Trust~~ Development Bursary

**Calendar Description/Intent:** Northern ~~Trust~~ Development was established in 2004 to be a catalyst for Northern BC to grow a strong diversified economy by stimulating sustainable growth. Northern ~~Trust~~ Development has established this bursary to encourage future entrepreneurs from Northern ~~Trust~~ Development communities who are committed to contributing to the future of those regions, and are experiencing financial need during their postsecondary studies.

**Eligibility:** Available to a full time undergraduate or graduate student enrolled in any business program of study who is a ten (10) year resident of a community within the regions of the Northern Development Initiative Trust.

**Conditions:** Recipients of this award must be a ten (10) year resident of a community within the regions of the Northern Development Initiative Trust.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a 300 word submission outlining your community involvement and future plans to establish a business or career in the north or central BC. Describe how this fits with the vision, mission and mandate of the Northern ~~Trust~~ Development, which can be found at [www.nditrust.ca](http://www.nditrust.ca) [www.northerndevelopment.bc.ca](http://www.northerndevelopment.bc.ca).

**SCSB20090812.08**

**Revised Terms and Conditions — Peter Bentley Athletic Scholarships**

That the revised Terms and Conditions for the Peter Bentley Athletic Scholarships be approved.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Value:** ~~Up to a maximum of full tuition and fees~~ \$2,000

**Number:** ~~Varies~~ Two

- One (1) to a women's varsity athletics team member

- One (1) to a men's varsity athletics team member

**SCSB20090812.09**

**Revised Terms and Conditions — UNBC Alumni Association Athletics Award**

That the revised Terms and Conditions for the UNBC Alumni Association Athletics Award be approved.

Effective date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Note:** Successful applicants must be willing to contact the Alumni Association to participate in any promotional activities relating to the ~~bursary~~ award.

**Recipient Selection:** Candidates ~~must be nominated by~~ will be selected by the coaches of their respective teams on behalf of ~~to~~ the UNBC Alumni Association Board of Directors. The preferred candidate will be recommended by the UNBC Alumni Association Board of Directors and approved by the Senate Committee on Scholarships and Bursaries.

**SCSB20090812.14**

**Revisions to the Excellence in Teaching Awards**

That the Excellence in Teaching Awards be revised.  
Effective date: September 2009

**7.4 Steering Committee of Senate**

**Iwama**

**S-200910.07**

**Revisions to Senate Handbook — Section 3 (w) (“Regular Meetings”)**

Jeffrey / Hyndman

That the Steering Committee of Senate recommend to Senate that the revisions to section 3 (w) (“Regular Meetings”) of the Senate Handbook be approved as proposed.

Effective date: Upon approval by Senate, to be implemented in the 2010/2011 academic year  
CARRIED.

Mr. DeGrace explained that the proposed changes would make for speedier passage of motions through the committee process to enactment by the Senate.

**S-200910.08**

**Revisions to Senate Handbook — Terms of Reference for the Senate Committee on Regional Policy and Inter-Institutional Relations**

Hutchings / Jeffery

That, on the recommendation of the Senate Committee on Regional Policy and Inter-Institutional Relations and the Steering Committee of Senate, the revisions to the terms of reference for the Senate Committee on Regional Policy and Inter-Institutional Relations be approved as proposed.

Effective date: Upon approval by Senate  
CARRIED.

Dr. Hyndman noted that the asterisk after the phrase beginning “Two students...” should be deleted.

**7.5 Senate Committee on Nominations**

**Reid**

**S-200910.09**

**Membership Changes to Senate and Senate Committees (no material)**

Reid / Hyndman

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate and Senate committees as indicated, be appointed as proposed.

Dr. Reid asked that the name “Rheanna Robinson” be added to the list of nominees for appointment as a Lay Senator appointment to the Senate Committee on Honorary Degrees and Other Forms of Special Recognition, to 31 March 2012. He noted that the appointment was appropriate at this time, because the Alumni Association was charged with setting up a task force to recommend a candidate for University Chancellor. There were no nominees from the floor.

CARRIED.

**SENATE OR SENATE COMMITTEE POSITION TO BE FILLED**  
***(except when otherwise noted, all terms begin immediately)***

**CANDIDATE**

### **Senate**

Undergraduate Student Senator (replacing Thomas Knudsen, until March 31, 2010)

Drew Adamick

Undergraduate Student Senator (replacing Tara Levis, until March 31, 2010)

Chantal Carriere

### **Senate Committee on Academic Policy and Planning**

Faculty Senator (replacing Waqar Haque, until March 31, 2012)

Ajit Dayanandan

### **SCAPP Art Acquisition Subcommittee**

Ad Hoc Expert (BFA Program instructor, associated with Emily Carr University) (until March 31, 2011)

Theresa Sapergia

Ad Hoc Expert (Curator at Two Rivers Gallery) (until March 31, 2012)

George Harris

### **Senate Committee on Nominations**

Student Senator (until March 31, 2010)

Shawn Rennebohm (2<sup>nd</sup> term)

Faculty Senator (until March 31, 2012)

Matt Reid (2<sup>nd</sup> term)

Faculty Senator (until March 31, 2012)

Ted Binnema (2<sup>nd</sup> term)

## **7.5.1 Election of Vice Chair of Senate**

Senator Hutchings nominated Dr. Mark Dale to serve a second one-year term as Vice Chair. There being no further nominations, Senator Dale was elected by acclamation.

It was noted that a new Vice-Chair will need to be appointed in the fall of 2010, as Dr. Dale will have served 2 consecutive terms.

## **8.0 Other Business**

### **8.1 Report of the Registrar (no material)**

**DeGrace**

Dean Madak reported on student registrations as of 1 October. Overall, FTE registrations were down by 3.1 percent compared to the same date in 2008. He recalled that, in 2008, registration increased between the last date for add/drop and 1 October, but in 2009 this did not happen. The largest drop in student numbers was from the lower mainland, due probably to the creation of several "special purpose universities" in that region. In addition, demographic trends for university age students in northern BC were downward. That said, he noted that additional (late) registrations were expected in certain programs, and in that context he was awaiting a more accurate account.

He noted that Dr. Haque was finalizing development of a "dashboard" system for displaying student registration data to allow easier statistical review. He would demonstrate this at the next Senate meeting in the context of displaying results for the 1 November registration "snapshot."

## **9.0 Information**

**Fondahl**

### **9.1 Framework Agreement Between University of Alaska and Canadian Partners Concerning Mutual Goals and Cooperation**

This item was presented for information only.

## **10.0 S-200910.10**

### **Adjournment**

Hyndman / McGill

That the Senate meeting be adjourned.

CARRIED.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

November 18, 2009  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre

---

**Present:**

D. Adamick, E. Annis, G. Ashoughian, S. Beeler, T. Binnema, C. Carriere, D. Casperson, A. Dayanandan, J. DeGrace (Secretary of Senate), S. Déry, U. Eka, R. Ellis, G. Fondahl, W. Haque, R. Hoffman, K. Hutchings, J. Hyndman, J. Jeffery, R. Lazenby, D. Macknak, W. McGill, S. McKenzie, C. Myers (Recording), C. O'Callaghan, S. Rennebohm, R. Robinson, K. Vandersteen, S. Wagner, S. Zahir

**Regrets:**

C. Bock, C. Chasteauneuf, M. Dale, H. Donker, I. Hartley, G. Iwama, A. Jacob, E. Jensen, A. Michalos, D. Nyce, M. Reid, I. Uche-Ezeala, A. Yakemchuk, J. Young

---

The meeting commenced at 3:30 p.m. In the absence of the Chair and Vice Chair, the Secretary indicated that the Chair had suggested the meeting be chaired by Senator Casperson. He added, however, that this would require a suspension of the rules in the Senate Handbook and asked if someone would be willing to move a motion to suspend the rules so that Senator Casperson could chair the meeting.

**Motion:**

Wagner / Annis

That the rules of the Senate Handbook be suspended so Senator Casperson can chair the meeting.  
CARRIED.

**1.0 S-200911.01**

**Approval of the Agenda**

Hutchings / Hyndman

That the Agenda for the November 18, 2009 Public Session of Senate be approved as presented.

CARRIED.

**2.0 S-200911.02**

**Approval of Senate Minutes**

Hyndman / Annis

That the Minutes of the October 14, 2009 Public Session of Senate be approved as presented.

CARRIED.

**3.0 Business Arising from Previous Minutes of Senate (no material)**

No business arising was identified.

---

**4.0 President's Report** **Iwama**

As the President was absent, no report was available.

**5.0 Report of the Provost** **Dale**

The Provost was absent from the meeting, so no report was provided.

**6.0 Question Period**

No questions were posed.

**7.0 Committee Reports**

**7.1 Senate Committee on Academic Policy and Planning** **Dale**

In the absence of Dr. Dale, this report was presented by Dr. Fondahl.

**S-200911.03**

**Amendment of Memorandum of Understanding and Cooperation — Maple Leaf Education Systems and UNBC**

Hutchings / Macknak

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the amended memorandum of understanding and cooperation between the Maple Leaf Education Systems and its Schools, China and the University of Northern British Columbia be approved as proposed.

Effective date: Immediately upon approval by Senate

Concern was expressed about reducing TOEFL requirements. The Registrar responded that there are four quadrants associated with TOEFL testing, and perhaps students should be required to meet a certain threshold in all quadrants rather than simply overall. The Senator expressing concern replied that she was happy to hear of this proposal, but felt the motion should be postponed until the particulars of the quadrant system were finalized.

**Motion to postpone:**

Wagner / Ellis

That Senate motion S-200911.03 be postponed.

A Senator indicated that she didn't see a direct correlation between this motion and changes to the TOEFL scoring method, as the motion was to reduce the requirement for English 12, which would not be affected by any discussion of TOEFL in the future. A Senator questioned the wisdom of reducing these requirements. It was noted that the reduction was proposed in order to coincide with agreements that Maple Leaf Education Systems has with other Canadian institutions.

The motion to postpone this motion was subsequently WITHDRAWN, and the main motion was DEFEATED.

**S-200911.04**

**Change to Program Requirements and Calendar Description — Education Diploma in a First Nations Language and Culture (Elementary Years)**

Hyndman / Hoffman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the calendar description for the Education Diploma in a First Nations Language and Culture (Elementary Years) be changed as proposed.

Effective date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Education Diploma in a First Nations Language and Culture (Elementary Years)

The Education Diploma in a First Nations Language and Culture is a minimum 92 credit hour teacher education program that prepares individuals to teach an approved First Nations language and culture at the Elementary Years level.

This program of study has been developed in partnership with the Language Authority for a First Nation. This model reflects the current thinking about building on the rich linguistic and cultural heritage of students to optimize the match between educational theory, children's level of cognitive and social development, and the particular First Nations language and culture. Successful completion of this program of study will lead to a recommendation to the British Columbia College of Teachers that a Developmental Standard Term Certificate in the specific First Nations Language and Culture be granted. The Education Diploma in a First Nations Language and Culture is designed to educate teachers to combine pedagogical excellence across disciplinary areas with a learner-centered approach to practice. Philosophically, the program is designed around constructivist principles, emphasizes approaches to practice such as inquiry-based learning, strategies for instruction, integration of language and culture across the curriculum, inclusion of diverse learners and perspectives, and the development of caring and respectful practice.

Programs of study leading to recommendation for this teaching credential are available for Gitksan Language and Culture, ~~and for~~ Nisga'a Language and Culture, Ts'msyen Language and Culture, and Carrier Language and Culture. The Education Diploma in a First Nations Language and Culture (Gitksan) has been developed in partnership with the Siwiixo'osxwim Wilnatahl Gitksanimx Society. The Education Diploma in a First Nations Language and Culture (Nisga'a) has been developed in partnership with the Nisga'a Language Authority of Wilp Wilxo'oskwhl Nisga'a (WWN), and is offered at the WWN campus. The Education Diploma in a First Nations Language and Culture (Ts'msyen Sm'algyax) has been developed in partnership with the Ts'msyen Sm'algyax Language Authority and is offered at the Prince Rupert campus. The Education Diploma in a First Nations Language and Culture (Carrier) has been developed in partnership with the College of New Caledonia and with the Carrier Linguistic Society (Ft. St. James) and the Lake Babine Education Authority (Burns Lake) and is offered in Ft. St. James and Burns Lake respectively.

### **Admission Requirements**

Students selected for this program of study will be admitted according to the “Undergraduate Admissions” categories, criteria, and processes established by UNBC and specified in the early sections of this Undergraduate Calendar. In addition to the specified entrance requirements, applicants are encouraged to identify their fluency in the specific language (Gitksanimx,   Nisga'a, Ts’msyen Sm’algyax, or Carrier language) and their knowledge of Gitksan culture and history,   Nisga'a culture and history, Ts’msyen culture and history, or Carrier culture and history. Advanced placement in language courses may be considered for speakers who are able to demonstrate their fluency in the language.

There are two points of entry to this program of study: following the completion of the Diploma in First Nations Language, or concurrently while completing the required First Nations Studies and general academic coursework. Students must be admitted to this program of study prior to beginning their professional education courses. The Certificate in First Nations Language, and the Diploma in First Nations Language are described in the First Nations Studies section of the calendar.

### **Criminal Records Search**

In addition to the admission application requirements outlined for admission to UNBC, applicants are required to undergo a criminal record search and provide evidence of this prior to being considered for admission to the Education Diploma in a First Nations Language and Culture (Elementary Years). Refer to Undergraduate Regulations and Policies (Academic Regulation #18) in this Calendar.

### **Program Requirements**

#### **First Nations Studies Credits:**

The required First Nations Studies credits can be met by completing a Diploma in First Nations Language. Students will need to include the following First Nations Studies language, linguistics and culture courses in their program of study:

#### **Language (33 credits):**

A First Nations Language: Levels 1-4 in Gitksanimx or Nisga'a (FNST 131-3, FNST 132-3, FNST 231-3, FNST 232-3); or Gitksanimx (FNST 143-3, FNST 144-3, FNST 243-3, FNST 244-3); or Nisga'a: (FNST 139-3, FNST 140-3, FNST 239-3, FNST 240-3); or Levels 1-4 in Sm’algyax (FNST 137-3, FNST 138-3, FNST 237-3, FNST 238-3); or Levels 1-4 in Carrier (FNST 133-3, FNST 134-3, FNST 233-3, FNST 234-3); and FNST 223-3, FNST 321-3, FNST 322-3, FNST 324-3, FNST 325-3, FNST 421-3, FNST 422-3 (Gitksanimx,   Nisga'a, Sm’algyax or Carrier)

#### **Linguistics (9 credits):**

FNST 220-3, FNST 320-3, FNST 420-3

**Culture Studies (9 credits):**

FNST 161-3 (or Gitksan: FNST 173-3 or Nisga'a: FNST 169-3; or Sm'algyax: FNST 167-3 or Carrier: FNST 163-3)

FNST 162-3 (or Gitksan: FNST 174-3 or Nisga'a: FNST 170-3; or Ts'msyen: FNST 168-3 or Carrier: FNST 164-3)

FNST 216-3

**General Academic Coursework**

~~BCCT~~ ~~The Required~~ ~~General Academic Coursework~~ of 18 credit hours can be met with the following courses. ~~(18 credits-~~ (Some of these credits may be completed as part of the Diploma in First Nations Language):

3 credits English Composition-Suggested: ENGL 170-3 or equivalent

3 credits English Literature-Suggested: ENGL 103-3, ENGL 120-3, ENGL 210-3, ENGL 260-3 or equivalent

3 credits Mathematics-Suggested: ~~MATH 152-3~~, MATH 190-4, or equivalent

3 credits Lab Sciences-Suggested: BIOL 101-4, BIOL 110-3 and BIOL 111-1 or equivalent

6 credits of Canadian Studies (3 credits History and 3 credits Geography recommended)-Suggested: FNST 100-3, FNST 250-3, GEOG 203-3, HIST 210-3, HIST 302-3 or equivalent

**Professional Education Coursework:**

EDUC 380-3	Foundations of Education
EDUC 333-2	Learning, Development and Motivation
EDUC 341-2	Principles of Instruction
EDUC 342-2	Social Dynamics of Classrooms
EDUC 351-2	Curriculum and Instruction: Second Language
EDUC 356-2	Language and Literacy Development
EDUC 446-2	Aboriginal Education: Epistemology
EDUC 435-2	Learning and Diversity: Inclusive Classrooms
EDUC 390-3	Classroom Practice and Seminar 1
EDUC 391-3	Classroom Practice and Seminar 2

**S-200911.05**

**Change to Program Requirements — Minor in Biology and Conservation**

McGill / Adamick

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the minor for Biology and Conservation be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Minor in Biology and Conservation**

The minor in Biology and Conservation provides students with a background in ecological principles and techniques associated with the management and conservation of animal and plant populations and communities associated with a range of ecosystems. Upon completion of the minor, students will have a broad background in genetics and evolution, population and community dynamics, ecological analysis, and the key problems and approaches for conserving biological diversity.

The minor in Biology and Conservation requires the completion of a minimum of 27 credit hours of study (plus associated prerequisites). A maximum of two courses (6 credit hours) used to fulfill the requirements for a major, or another minor, may also be used to fulfill requirements for this minor. Forest Ecology and Management Majors will have the following pre-requisites as part of the major core requirements. Students from other majors will need to fulfill the prerequisite requirements for this minor.

BIOL 101-4	Introductory Biology I
BIOL 102-4	Introductory Biology II
BIOL 201-3	Ecology
MATH 240-3	Basic Statistics

**Required Courses**

BIOL 210-3	Genetics
BIOL 325-3	Ecological Analysis
BIOL 410-3	Population and Community Ecology
BIOL 411-3	Conservation Biology

Five of the following courses, three of which must be Biology courses:

NREM 204-3	Introduction to Wildlife and Fisheries
<del>BIOL 303-3</del>	<del>Plant Physiology</del>
<del>BIOL 305-3</del>	<del>Plant Morphology and Anatomy</del>
<u>BIOL 304-3</u>	<u>Plants, Society and the Environment</u>
BIOL 307-3	Ichthyology and Herpetology
BIOL 308-3	Ornithology and Mammalogy
BIOL 321-3	Animal Physiology
BIOL 323-3	Evolutionary Biology
BIOL 350-3	Ethnobotany

<del>BIOL 401-3</del>	<del>Plant-Microbial Interactions</del>
<del>BIOL 318-3</del>	<del>Fungi and Lichens</del>
BIOL 402-3	Aquatic Plants
BIOL 404-3	Plant Ecology
BIOL 406-3	Fish Ecology
BIOL 412-3	Wildlife Ecology
BIOL 440-3	Internship
ENPL 305-3	Environmental Impact Assessment
ENVS 325-3	Global Environmental Change
NREM 413-3	Agroforestry

### **S-200911.06**

#### **New Program Approval — Minor in Statistics**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new Minor in Statistics be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Minor in Statistics**

The Minor in Statistics requires students to take 24 credit hours, 18 of which must be upper-division credit hours.

There is no limit to the number of courses that may be used to fulfill program requirements for a major or another minor with a Minor in Statistics.

## **Requirements**

### **Lower Division Requirement**

MATH 100-3 Calculus I or MATH 105-3 Enriched Calculus

MATH 101-3 Calculus II

### **Upper Division Requirement**

MATH 371-3 Probability and Statistics for Scientists and Engineers

MATH 372-3 Mathematical Statistics

Four of:

MATH 441-3 Nonparametric Statistics

MATH 471-3 Linear Models

MATH 472-3 Survey Sampling Design and Analysis

MATH 473-3 Experimental Design and Analysis

MATH 475-3 Methods for Multivariate Data

BIOL 325-3 Ecological Analyses

ECON 312-3 Introduction to Econometrics

ENSC 450-3 Geophysical Data Analysis

GEOG 300-3 Geographical Information Systems

GEOG 308-3 Introduction to Medical Geography

GEOG 413-3 Advanced GIS

GEOG 428-3 Advanced Medical Geography

GEOG 432-3 Remote Sensing  
GEOG 457-3 Advanced Remote Sensing  
HHSC 350-3 Introduction to Epidemiology

Note: Students are required to complete any additional prerequisite courses.

## Recommended

MATH 240-3 Basic Statistics

Motions S-200911.07 and S-200911.08 were dealt with as an omnibus motion.

### **S-200911.07**

#### **Change to Degree Requirements — Computer Science-Mathematics Joint Degree Major**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the Computer Science-Mathematics joint degree major be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Joint Major in Computer Science/Mathematics

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Computer Science and Mathematics is ~~424~~ 123 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics or Computer Science major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics or Computer Science major or joint major.

## Program Requirements

### Literacy Requirement

One of:

ENGL 170-3 Writing and Communication Skills

ENGL 270-3 Expository Writing

### Lower Division Requirement

CPSC 100-4 Computer Programming I

CPSC 101-4 Computer Programming II

CPSC 141-3 Discrete Computational Mathematics

CPSC 142-3 Discrete Computational Mathematics II

CPSC 200-3 Algorithm Analysis and Development

CPSC 230-4 Introduction to Logic Design

CPSC 231-4 Computer Organization and Architecture

CPSC 281-3 Data Structures I

MATH 100-3 Calculus I

or MATH 105-3 Enriched Calculus

MATH 101-3 Calculus II

MATH 200-3 Calculus III

MATH 201-3 Introduction to Complex Analysis

MATH 220-3 Linear Algebra

~~MATH 226-3 Advanced Linear Algebra~~

MATH 224-3 Foundations of Modern Mathematics

## General Science Requirement

Two of:

BIOL 101-4 Introductory Biology I  
BIOL 102-4 Introductory Biology II  
CHEM 100-3 General Chemistry I  
and CHEM 120-1 General Chemistry Lab I  
CHEM 101-3 General Chemistry II  
and CHEM 121-1 General Chemistry Lab II  
PHYS 100-4 Introduction to Physics I  
or PHYS 110-4\* Introductory Physics I:  
PHYS 111-4\* Introductory Physics II: Waves and Electricity

\*Note: PHYS 110-4 (Introductory Physics I: Mechanics) and PHYS 111-4 (Introductory Physics II: Waves and Electricity) are strongly recommended for all majors.

## Upper Division Requirement

CPSC 320-3 Programming Languages  
CPSC 321-3 Operating Systems  
CPSC 370-3 Functional and Logic Programming

\*\*Six credit hours of 300 or 400 level Computer Science.  
Six credit hours of 400 level Computer Science (excluding seminar, project, and special topics courses).

MATH 320-3 Survey of Algebra  
MATH 326-3 Advanced Linear Algebra  
MATH 335-3 Numerical Analysis I  
MATH 371-3 Probability and Statistics for Scientists and Engineers

\*\*~~Six~~ Three credit hours of 300 or 400 level Mathematics.  
Six credit hours of 400 level Mathematics.

\*\*Note: Three of these ~~12~~ 9 credit hours must be at the 400 level so that the total number of Computer Science and Mathematics credit hours at the 400 level is at least 15.

Note: CPSC 340-3 (Theory of Computation) is recommended.

## Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of ~~42~~41~~23~~ credit hours.

### **S-200911.08**

#### **Change to Degree Requirements — Mathematics-Physics Joint Degree Major**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the revisions to the Mathematics-Physics joint degree major be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Joint Major in Mathematics/Physics

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Mathematics and Physics is 125 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics major or joint major.

PHYS 307-3 (Selected Topics in Environmental Physics) may not be used as Physics credit toward any Physics major, minor, or joint major.

## Program Requirements

### Lower Division Requirement

CPSC 100-4 Computer Programming I  
MATH 100-3 Calculus I  
    or MATH 105-3 Enriched Calculus  
MATH 101-3 Calculus II  
MATH 200-3 Calculus III  
MATH 201-3 Introduction to Complex Analysis  
MATH 220-3 Linear Algebra  
~~MATH 226-3 Advanced Linear Algebra~~  
MATH 230-3 Linear Differential Equations and Boundary Value Problems  
PHYS 110-4 Introductory Physics I: Mechanics  
PHYS 111-4 Introductory Physics II: Waves and Electricity  
PHYS 200-3 Thermal Physics  
PHYS 202-4 Electromagnetism and Optics  
PHYS 205-3 Modern Physics I  
PHYS 206-4 Modern Physics II

### Upper Division Requirement

MATH 320-3 Survey of Algebra  
~~MATH 326-3 Advanced Linear Algebra~~  
MATH 335-3 Numerical Analysis I  
MATH 336-3 Intermediate Differential Equations  
MATH 371-3 Probability and Statistics for Scientists and Engineers

~~\*Six~~ Three credit hours of 300 or 400 level Mathematics.  
Six credit hours of 400 level Mathematics.

PHYS 300-3 Classical Mechanics  
PHYS 302-3 Quantum Mechanics I  
PHYS 310-3 Classical Electromagnetism I  
PHYS 400-3 Quantum Mechanics II  
PHYS 407-3 Statistical Mechanics

\*Six credit hours of 300 or 400 level Physics.

\*Note: Three of these ~~42~~ 9 credit hours must be at the 400 level so that a minimum of 15 credit hours of 400 level Mathematics and Physics are completed.

## Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 125 credit hours.

### **S-200911.09**

#### **Revision of Academic Regulations 17, 21 and 23**

Hutchings / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Undergraduate Academic Regulations 17, 21 and 23 be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## 17. Time Limit for Transfer Credit

Transfer credit normally will not be awarded for courses completed in excess of ten academic years prior to the date of first UNBC registration. Courses more than ten years old normally will be assigned unspecified credit. Once transfer credit has been allowed, in order for transfer credit to be retained a student may not be absent from the University for more than three consecutive semesters. Otherwise, transfer credit will be re-evaluated as though this were the student's first UNBC admission and registration.

## 21. Declaring a Major

All undergraduate students other than students enrolled in professional programs ~~or~~ General/Integrated degrees or the Bachelor of Fine Arts program (for whom Majors do not apply), are required to declare a Major before the end of the semester in which they will complete 30 credit hours (See Academic Regulation 2). Students intending to pursue ~~and~~ General or Integrated degree program must declare this intent before the end of the semester in which they will complete 30 credit hours. A student who transfers into the University must declare a Major at the time of application. Declaration forms are available from the Office of the Registrar.

Students must contact a ~~program advisor~~ Student Advisor in their area of study to declare or to change a Major.

## 23. Minors

Minors are permitted in all undergraduate programs other than in professional programs or the Bachelor of Fine Arts program. Minors are not required except in the Forest Ecology and Management major. A ~~m~~Minor requires a minimum of 18 credit hours, at least 12 of which must be upper division. In most cases, the upper limit requirement for a ~~m~~Minor is 27 credit hours, at least 12 of which must be upper division. Normally, a maximum of two courses (six to eight credit hours) used to fulfill requirements for a ~~m~~Major (or another ~~m~~Minor) may also be used to fulfill requirements for a ~~m~~Minor. In all ~~m~~Minors in the College of Science and Management (See Academic Structure pages) that require a minimum of 24 credits, the ~~100-level~~ 100-level credits used to fulfill requirements for a ~~m~~Major (or another ~~m~~Minor) may also be used to fulfill requirements for a ~~m~~Minor, and in some such ~~m~~Minors further credits used to fulfill requirements for a ~~m~~Major (or another ~~m~~Minor) may also be used to fulfill requirements for a ~~m~~Minor. "Please refer to the program pages for specific details." Students are not permitted to include more than two ~~m~~Minors in the same degree program.

Motions S-200911.10 and S-200911.11 were dealt with as an omnibus motion.

### **S-200911.10**

#### **Revision of Undergraduate Appeals-Related Academic Regulations**

Jeffery / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning and the Senate Committee on Academic Policy and Planning, the revisions to Academic Regulations 44, 45, 46, 48, 49, 50, 51, 52, and 53 in the 2009-2010 Undergraduate Calendar be approved as proposed.

Effective date: January 2010

CARRIED.

Some Senators expressed a dislike for the idea of placing a permanent notation on a student's transcript with regard to non-academic misconduct. Others responded that a permanent notation was carried on the record if a student was required to withdraw for academic reasons, so non-academic misconduct should warrant similar treatment.

**Motion:**

Ellis

That the sentence "Once the matter of suspension is final and upheld, a permanent notation will be placed on the student's transcript" be removed from Academic Regulation 46.c.

As there was no seconder for this motion, the motion FAILED.

**Motion:**

Wagner / Ellis

That the word "permanent" be removed from the sentence "Once the matter of suspension is final and upheld, a permanent notation will be placed on the student's transcript" in Academic Regulation 46.c.

Discussion ensued with regard to this motion, and the motion was subsequently WITHDRAWN.

After further discussion, it was suggested that the sentence be struck and the language of this regulation be referred back to SCAPP and SCAA for reconsideration. Others were of the opinion that the motion had already been considered by these two committees and deemed appropriate for forwarding to Senate so should not be referred back to the committees.

**Motion:**

Hyndman / Adamick

That the sentence "Once the matter of suspension is final and upheld, a permanent notation will be placed on the student's transcript" be removed from Academic Regulation 46.c. (undergraduate) and Academic Regulation 25.c. (graduate) with the understanding the motions will be referred back to the Senate Committee on Academic Policy and Planning and the Senate Committee on Academic Appeals for reconsideration.

DEFEATED.

A Senator noted that there was no language in these regulations to address a situation whereby the course instructor is the student's supervisor. The Registrar agreed to take these comments under advisement and to bring back a revision to Senate through the appropriate Senate committees to address this concern.

**Action:** J. DeGrace to bring forward a revision to the regulation to address a situation whereby the course instructor is the student's supervisor.

The omnibus motion covering Senate motions S-200911.10 and S-200911.11 was subsequently CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**44. Academic Offenses**

Any conduct that violates the ~~ethical or legal~~ standards of the University as set out in the Undergraduate University Calendar, particularly those related to academic honesty, is a serious offense. ~~Informal means to resolve complaints of academic dishonesty may be used. If such means are unsuccessful or inappropriate~~ The formal processes set out in these Regulations are to be followed. ~~An impartial committee, t~~ The Senate Committee on Academic Appeals, provides for ~~complete~~ impartial ~~examination of the complaint or allegations~~ review of decisions made at lower levels as defined in these Regulations. The Minimum sanctions for an academic offense includes reprimands and reduction of grades; the maximum sanction is dismissal from the student's academic program or suspension from the University (see Academic Regulation 46 (Academic Sanctions)). Such offenses include, but are not limited to the following:

- a. **Plagiarism:** Plagiarism occurs when a student submits or presents work of another person in such a manner as to lead the reader to believe that it is the student's original work; self-plagiarism is the submission of work previously submitted for academic credit without prior written and signed approval of the current course instructor. ~~This offense includes using citations which have been designed in order to mislead the reader as to the nature or authenticity of the source.~~
- b. **Cheating:** Cheating takes numerous forms and includes, but is not limited to, the following: copying from another student's work or allowing another student to copy from one's own work; obtaining a copy of an examination before it is officially available; misrepresenting or falsifying references, citations, or sources of information; knowingly recording or reporting false or invented empirical or statistical data; and possession of notes, books, diagrams or other aids during examinations that are not authorized by the examiner (See Regulation 39(a)).
- c. **Submitting False Records:** Knowingly submitting false medical or criminal records, transcripts, or other such certificates or information, ~~under false pretences.~~
- d. **Withholding Records:** Non-disclosure of previous attendance at a post-secondary institution, and of the transcript of record pertaining thereto, or of other documentation required by the University.
- e. **Misrepresenting One's Own Identity:** Impersonation or the imitation of a student in class, in a test or examination or class assignment ~~is a breach of academic honesty.~~ Both the impersonator and the individual impersonated may be charged.
- f. **Falsification of Results:** The falsification of laboratory and research results.
- g. **Submission of False Information:** The submission of false or misrepresented information on any form used by the University or an agent thereof.
- ~~h. **Submitting Academic Work Twice for Credit:** Unless prior written and signed permission is obtained, submitting for credit any academic work for which credit has previously been obtained or may be sought in another course or program of study in the University or elsewhere. This includes, for example, materials such as library research papers posted on the World Wide Web.~~
- a. **Aiding or Abetting** any of the above academic offences.

#### 45. Procedure on Suspicion of an Academic Offence

- a. An instructor, invigilator or administrator who suspects plagiarism, cheating, or any other academic offence, and has evidence to support the accusation, will review the contents of the student's file in the Office of the Registrar to determine whether the record indicates a prior academic offense, and will obtain a copy of the UNBC Report Form for Academic Misconduct. The instructor or administrator then will contact the student to inform the student fully of the offence and to present the evidence for it. ~~The instructor will review the contents of the student's file in the Office of the Registrar to determine whether the record indicates a prior academic offense.~~ The student may request that a third party (for example another faculty member, a teaching assistant, a staff member, or the ombudsperson) be present at this or any subsequent meetings.
- b. If the issue ~~can be~~ is resolved at this level, the faculty member or administrator will fill in Part A of the UNBC Report Form for Academic Misconduct and forward it to the Office of the Registrar to be placed in the student's file. Discussions with the Chair or Dean may be held at

the request of either the faculty member or the student, and the Dean may also be brought in at any stage if requested by either party.

- c. ~~If the matter is not resolved between the student and faculty member or administrator, or if it is a serious case (which may involve probation, or suspension), it will be discussed by the student, faculty member, and the Chair of the program involved or, in the case of professional programs that have their own internal appeals committees, reviewed by those committees. Discussions with the Chair or Dean may be held at the request of either the faculty member or the student, and the Dean may also be brought in at any stage if requested by either party.~~ After these discussions or reviews, the Chair and Dean will complete Parts B and C respectively of the Report Form for Academic Misconduct. ~~If Whether or not~~ a penalty is imposed, a copy of the Report Form will be placed in the student's file in the Office of the Registrar, and copied to the student.
- d. ~~All forms, whatever the outcome, will be filed in the Office of the Registrar.~~ The student may appeal any lower level decisions ~~of the Dean or President~~ to the level of the Senate Committee on Academic Appeals (see Academic Regulations 49, 50).

#### 46. Academic Sanctions

~~Registration at the University of Northern British Columbia and the right to access the library, specialized equipment or all other academic facilities implies a commitment on the part of a student to use such facilities in accordance with established rules. A student not fulfilling these obligations will have academic sanctions imposed upon him/her. "Every student accepted for registration at the University of Northern British Columbia shall be deemed to have agreed to be bound by the regulations and policies of the University and of the Program in which that student is enrolled" (Academic Calendar notices, p.1). A student not adhering to the University's Regulations and Policies shall be subject to academic sanctions.~~

~~If a student has been found guilty of an academic offense, the student will be subjected to a penalty or penalties appropriate to the offense. Normally, academic offenses will be dealt with in the first instance by the instructor. A range of penalties is described below:~~

- a. **Reprimand:** This is a written warning to a student from the Instructor, Program Chair or the Dean of the College that the student's behaviour is considered unacceptable to the University and that a record of the unacceptable behaviour has been placed in the student's file in the Office of the Registrar.
- b. **Reduction of Grade:** A reduction of grade, including assigning a failing grade, may be applied to an examination, test, ~~or~~ assignment or course to which an offense is relevant and will be decided upon by the instructor, in consultation as may be appropriate with the Chair or Dean. ~~Policies with respect to regrading and review of assignments or exams are under the direction and purview of the Program Chair.~~
- e. ~~**Probation:** In addition to any other penalty which may be applied, the Dean of a student's College may place a student on probation, or may prohibit the student from taking a course or courses, or may recommend suspension, either for a specified period or indefinitely, to the President.~~
- c. **Suspension:** A student's Dean may recommend suspension, either for a specified period or indefinitely, to the President. On the recommendation of the Dean, the President may suspend a student from the University, either for a specified period or indefinitely. Prior to the President's

decision becoming final, the student will be informed in writing of the recommendation. The student will be given 15 working days following such notification to lodge an appeal before the President's final decision becomes effective. Any such appeal must be made in writing to the Registrar and will be reviewed by the Senate Committee on Academic Appeals (SCAA). Once the matter of suspension is final and upheld, a permanent notation will be placed on the student's transcript.

#### 47. Academic Standing - Definition

Students are expected to meet the necessary minimum standards for performance while attending UNBC. Those who fail to meet the minimum standard will be placed on academic probation. The minimum standard is defined as an academic average on nine or more credit hours of UNBC course work that produces a cumulative grade point average (CGPA) of at least 2.00.

[No amendment is proposed to this Section, which is included to provide context.]

#### 48. Conditions of Academic Standing

- a. **Academic Probation:** "Academic Probation" constitutes a warning to a student that the student's academic performance has been at a level which, if continued, could disqualify the student from graduation; and further that continued performance below the required standard could lead to requirement to withdraw from the University on academic grounds.

Students may be placed on Academic Probation under the following conditions:

- i. Admission to the University on the basis of an unproven or unsuccessful previous university record.
- ii. A UNBC cumulative GPA of less than 2.00 after attempting nine credits of course work.
- ~~iii. Imposition of a sanction following determination of academic dishonesty~~

Letters of permission will not be given to students on academic probation.

Students who have been placed on Academic Probation who achieve a Semester GPA (SGPA) of 2.00 or greater in subsequent semesters will be allowed to continue their studies at UNBC while on Academic Probation. Students are considered to have returned to good academic standing once their Cumulative GPA (CGPA) is 2.00 or greater. Students are not permitted to graduate while on Academic Probation (see Academic Regulation 32 (Graduation Constraints)).

- b. **Requirement to Withdraw:** The following circumstances may result in a requirement to withdraw from UNBC. These are:
  - i. Discovery that required documentation for admission was withheld, by the student, from the University;
  - ii. Failure to pay for tuition or university services;
  - iii. Failure to achieve an SGPA of 2.00 or higher after the completion of 30 credits while on Academic Probation. Normally, in this case, a requirement to withdraw from the University is for three semesters (one full calendar year);

- iv. A decision by the President of the University that the suspension of a student, for reasons of unsatisfactory conduct, unsatisfactory academic performance, or otherwise reasons clearly indicates that withdrawal from UNBC is in the best interest of the University.

No academic credit earned at any institution during the period of a requirement to withdraw will be considered for transfer to UNBC.

In order to apply for re-admission to the University, students must submit an Application for Admission/Re-admission to the Office of the Registrar. Students must provide, with the application, a letter to the Registrar, stating their rationale for wishing to return to studies at UNBC and documenting any work completed or experience gained which would better qualify them to complete, ~~successfully, work at UNBC~~ studies at UNBC successfully.

Students who are permitted to return to studies at UNBC; return on academic probation, and are subject to the University's policy on academic standing and continuance found in the current calendar.

- c. **Second Requirement to Withdraw:** Students Required to Withdraw from the University a second time normally will not be considered for readmission for at least two full calendar years following the Requirement to Withdraw. Re-admission will only be on presentation of compelling evidence that the student is both able and prepared to succeed in University studies.

## 49. Appeals Process

All students have the natural and reasonable right to appeal grades given during the term, the final grade of a course, and other academic policies and decisions of the University. The Senate Committee on Academic Appeals (SCAA) is the final adjudicator ~~on~~ in such matters. All formal appeals must be made through the Registrar, in writing and with necessary documentation, within 15 working days of the receipt of the decision in question. The student's written appeal must state clearly the decision being appealed, the reason(s) why the decision is considered to be unfair, what decision would be considered fair, and why it would be fair. ~~In this regard, it~~ It is incumbent upon the student to advise the University, via the Office of the Registrar, of their current ~~mailing address~~ contact information. All written appeals to the Senate Committee on Academic Appeals (SCAA) should indicate whether an in-person hearing is being requested. Otherwise, cases are adjudicated on the basis of ~~a detailed written submission~~ the written submissions.

## 50. Senate Committee on Academic Appeals: Procedures

The Senate Committee on Academic Appeals (SCAA) follows the principles of natural justice. That is, its procedures are fair and open, appropriate to the matter under consideration, and provide the opportunity for those affected to put forward their views fully for consideration by the Committee. ~~As an internal administrative committee, it is free to~~ Following these principles, the Committee develops its own procedures and practices to conduct appeals and is not constrained by strict rules of procedure and evidence.

A quorum consists of a majority of voting members, including at least one student member and two faculty members. No faculty or student committee member with previous direct involvement in the case may hear the appeal. The appellant has the right to challenge the neutrality of any member of the Committee scheduled to hear his/her appeal. The Chair, with the advice of the Committee, will rule on the validity of the challenge.

If the appellant requests an in-person hearing, the ~~respondent~~ interested parties (e.g., the course Instructor(s), Chair and/or Dean) will be notified and may also appear at the appeal, when available. Appeals shall be based on the appellant's written submission (all relevant evidence and documentation related to the matter which is under appeal, and all relevant information contained in the student record). New evidence cannot be presented at the hearing.

If the appellant asks to be present at the hearing yet fails to appear before the Committee on the appointed day and time, the Committee may, without further notice, proceed to hear the appeal based on the written submission. If there are compassionate or medical grounds for nonappearance, the Chair or the Secretary to the Committee must be notified immediately. The Chair will determine the acceptability of these grounds and whether the appeal hearing should be ~~tabled~~ postponed.

~~Natural justice applies to both student and faculty alike.~~ All forms of adjudication are held in the strictest confidence and ~~are~~ normally are attended only by members of the Committee and the parties to the particular appeal. Upon written notification to the Senate Committee on Academic Appeals (SCAA), appellants may ~~seek third-party representation to attend in support of their appeal, although their participation is normally limited to providing moral support only~~ be accompanied by an additional party for the purpose of personal support.

In extraordinary cases, the appellant or other parties may wish to retain legal counsel. Any person(s) retaining legal counsel for purposes of representation are obliged to inform the Senate Committee on Academic Appeals (SCAA) in writing 15 working days prior to the scheduled meeting.

The Secretary to Senate, in consultation with the Committee Chair as appropriate, ~~will review~~ reviews each request to hear an appeal before any hearing or adjudication. This review is intended to ensure that the nature of the appeal is consistent with ~~University policy and procedures~~ the mandate of the Committee and to ensure that the appeal is both valid and ~~cannot~~ could not be resolved by other means. In some instances the review may lead to a reversal of the decision before review, while in other instances it may indicate there are insufficient grounds for an appeal or that further documentation is required. In all cases, however, any decision to hear or not to hear an appeal rests with the Committee.

The Senate Committee on Academic Appeals reviews decisions made at lower levels when requested to do so by the appellant. Normally it rules in two areas. It considers whether appropriate and fair adjudication was exercised in respect of a case and, where it concludes that there was unfairness, it may direct a readjudication using a procedure that it prescribes as being appropriate and fair. It considers whether the penalty assessed was consistent with University Regulations and practice and was not pernicious and, where it concludes that there was a lack of consistency or an unreasonable response, it may state its concerns clearly and direct a reconsideration. The Committee may act, whether a reconsideration has been directed or not, to overturn or to support a decision. Whatever the matter under consideration, the Committee and all parties to the appeal are provided by the Registrar with the same information, sufficient to permit a meaningful hearing. The Committee maintains a record of its deliberations and provides the reason(s) for its decisions.

## **51. Appeal of Term Grades While Course is in Progress**

Students who have reason to believe their term grade, (while a course is in progress,) is inaccurate should meet with their course instructor immediately. If both the instructor and the student agree, on the basis of an informal review, the matter is thereby concluded and a change of grade is submitted if necessary.

Students who wish to appeal grades other than final grades, formally, should initiate the following process:

- a. The student obtains an Academic Appeals Form from the Office of the Registrar and forward submits it to the Program Chair.
- b. The Chair meets the instructor(s) on the matter, obtains the instructor's(s') comments and adds the Chair's comments.
- c. ~~If no resolution favourable to the student is reached within seven working days, proceed to the next step: student~~ the Chair, without delay, submits the form to the Dean.
- d. ~~If not resolved within seven days, proceed to the next step: no resolution acceptable to the student is reached within seven working days, the~~ Dean, without delay, submits the form to the Registrar for advancement to the Senate Committee on Academic Appeals.
- e. At any stage in the process, the student may choose to withdraw the appeal by notifying the Registrar.

An appeal may result in a higher, equal or lower grade. The final recourse for all appeals is the Senate Committee on Academic Appeals.

## **52. Appeal of Final Grade**

Students who have reason to believe their final grade in a course, once released by the Office of the Registrar, is inaccurate should meet with their course instructor immediately, if possible (see Academic Regulation 40). If instructor and student agree, on the basis of an informal review, the Office of the Registrar is advised of a grade change and the matter is thereby concluded.

Students who wish to appeal their final grade, formally, should ~~obtain an Appeals Form from the Office of the Registrar, and take it to the instructor: initiate the following process:~~

- ~~a. The instructor (where available) must review the assigned grade with the student after the final grade has been released by the Office of the Registrar.~~
- ~~b. Instructors must provide students with supervised access to their final examination.~~
- ~~c. If not resolved within 15 working days, proceed to the next step on the Appeals Form: student submits the form to the Program Chair.~~
- ~~d. If not resolved within 7 further working days, proceed to the next step: student submits the form to the Dean.~~
- ~~e. If not resolved within 7 further working days, go to the next step: Dean submits form to the Administrative Registrar for advancement to the Senate Committee on Academic Appeals (SCAA).~~
- a. The student obtains an Academic Appeals Form from the Office of the Registrar and forward submits it to the Program Chair.
- b. The Chair meets the instructor(s) on the matter, obtains the instructor's(s') comments and adds the Chair's comments.

- c. ~~If no resolution favourable to the student is reached within seven working days, proceed to the next step: student~~ If no resolution favourable to the student is reached within seven working days, the Chair, without delay, submits the form to the Dean.
- d. ~~If not resolved within seven days, proceed to the next step: no resolution acceptable to the student is reached within seven working days, the Dean, without delay, submits the form to the Registrar for advancement to the Senate Committee on Academic Appeals.~~
- e. At any stage in the process, the student may choose to withdraw the appeal by notifying the Registrar.

An appeal may result in a higher, equal or lower grade. The final recourse for all appeals is the Senate Committee on Academic Appeals. Evaluation of a student's academic performance for continued enrolment will not be done prior to the completion of a grade appeal process, if the grade in question is ~~the basis for initiating~~ pertinent to the said evaluation.

### 53. Appeal Procedure on Requirement to Withdraw

“Requirement to Withdraw” on academic grounds is ~~an academic~~ a decision under the purview of the student's College Dean. Therefore, a student's first recourse by way of appeal is the Dean. If the Dean agrees to rescind the requirement, the Dean informs the Office of the Registrar and no further action by the student is necessary.

Otherwise, any academic appeal on a requirement to withdraw must be made in writing to the Registrar and will be reviewed by the Senate Committee on Academic Appeals.

#### **S-200911.11**

#### **Revision of Graduate Appeals-Related Academic Regulations**

Jeffery / Hyndman

That, on the recommendation of the Senate Committee on Academic Appeals and the Senate Committee on Academic Policy and Planning, the revisions to Academic Regulations 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, and 33 in the 2009-2010 Undergraduate Calendar be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### 23. Academic Offenses

Any conduct that violates the ~~ethical or legal~~ standards of the University as set out in the Graduate University Calendar, particularly those related to academic honesty, is a serious offense. ~~Informal means to resolve complaints of academic dishonesty may be used. If such means are unsuccessful or inappropriate~~ The formal processes set out in these Regulations are to be followed. ~~An impartial committee, t~~ The Senate Committee on Academic Appeals, provides for complete impartial examination of the complaint or allegations review of decisions made at lower levels as defined in these Regulations. ~~The~~ Minimum sanctions for an academic offense includes reprimands and reduction of grades; the maximum sanction is dismissal from the student's academic program or suspension from the University (see Academic Regulation 24 (Academic Sanctions)). Such offenses include, but are not limited to the following:

- i. **Plagiarism:** Plagiarism occurs when a student submits or presents work of another person in such a manner as to lead the reader to believe that it is the student's original work; self-plagiarism is the submission of work previously submitted for academic credit without prior written and signed approval of the current course instructor. ~~This offense includes using citations which have been designed in order to mislead the reader as to the nature or authenticity of the source.~~
- j. **Cheating:** Cheating takes numerous forms and includes, but is not limited to, the following: copying from another student's work or allowing another student to copy from one's own work; obtaining a copy of an examination before it is officially available; misrepresenting or falsifying references, citations, or sources of information; knowingly recording or reporting false or invented empirical or statistical data; and possession of notes, books, diagrams or other aids during examinations that are not authorized by the examiner (See Regulation 39(a)).
- k. **Submitting False Records:** Knowingly submitting false medical or criminal records, transcripts, or other such certificates or information, ~~under false pretences.~~
- l. **Withholding Records:** Non-disclosure of previous attendance at a post-secondary institution, and of the transcript of record pertaining thereto, or of other documentation required by the University.
- m. **Misrepresenting One's Own Identity:** Impersonation or the imitation of a student in class, in a test or examination or class assignment ~~is a breach of academic honesty.~~ Both the impersonator and the individual impersonated may be charged.
- n. **Falsification of Results:** The falsification of laboratory and research results.
- o. **Submission of False Information:** The submission of false or misrepresented information on any form used by the University or an agent thereof.
- ~~p. **Submitting Academic Work Twice for Credit:** Unless prior written and signed permission is obtained, submitting for credit any academic work for which credit has previously been obtained or may be sought in another course or program of study in the University or elsewhere. This includes, for example, materials such as library research papers posted on the World Wide Web.~~
- p. **Aiding or Abetting** any of the above academic offences.

#### 24. Procedure on Suspicion of an Academic Offence

- d. An instructor invigilator, or administrator who suspects plagiarism, cheating, or any other academic offence, and has evidence to support the accusation, will review the contents of the student's file in the Office of the Registrar to determine whether the record indicates a prior academic offense, and will obtain a copy of the UNBC Report Form for Academic Misconduct. The instructor or administrator then will contact the student to inform the student fully of the offence and to present the evidence for it. ~~The instructor will review the contents of the student's file in the Office of the Registrar to determine whether the record indicates a prior academic offense.~~ The student may request that a third party (for example another faculty member, a teaching assistant, a staff member, or the ombudsperson) be present at this or any subsequent meetings.
- e. If the issue ~~can be~~ is resolved at this level, the faculty member or administrator will fill in Part A of the UNBC Report Form for Academic Misconduct and forward it to the Office of the Registrar to be placed in the student's file. Discussions with the Chair or Dean may be held at

the request of either the faculty member or the student, and the Dean may also be brought in at any stage if requested by either party.

- f. If the matter is not resolved between the student and faculty member or administrator, ~~or if it is a serious case (which may involve probation, or suspension)~~, it will be discussed by the student, faculty member, and the Chair of the program involved or, in the case of professional programs that have their own internal appeals committees, reviewed by those committees. ~~Discussions with the Chair or Dean may be held at the request of either the faculty member or the student, and the Dean may also be brought in at any stage if requested by either party.~~ After these discussions or reviews, the Chair and Dean will complete Parts B and C respectively of the Report Form for Academic Misconduct. ~~If~~ Whether or not a penalty is imposed, a copy of the Report Form will be placed in the student's file in the Office of the Registrar, and copied to the student.
- g. ~~All forms, whatever the outcome, will be filed in the Office of the Registrar. The student may appeal any decisions of the Dean or President to the level of the Committee on Academic Appeals (see Academic Regulations 27, 28).~~

## 25. Academic Sanctions

~~Registration at the University of Northern British Columbia and the right to access the library, specialized equipment or all other academic facilities implies a commitment on the part of a student to use such facilities in accordance with established rules. A student not fulfilling these obligations will have academic sanctions imposed upon him/her.~~ “Every student accepted for registration at the University of Northern British Columbia shall be deemed to have agreed to be bound by the regulations and policies of the University and of the Program in which that student is enrolled” (Academic Calendar notices, p.1). A student not adhering to the University’s Regulations and Policies shall be subject to academic sanctions.

~~If a student has been found guilty of an academic offense, the student will be subjected to a penalty or penalties appropriate to the offense. Normally, academic offenses will be dealt with in the first instance by the instructor. A range of penalties is described below:~~

- a. **Reprimand:** This is a written warning to a student from the Instructor, Program Chair or the Dean of Graduate Studies that the student's behaviour is considered unacceptable to the University and that a record of the unacceptable behaviour has been placed in the student’s file in the Office of the Registrar.
- b. **Reduction of Grade:** A reduction of grade, including assigning a failing grade, may be applied to an examination, test, ~~or~~ assignment or course to which an offense is relevant and will be decided upon by the instructor, in consultation as may be appropriate with the Chair or Dean of Graduate Studies. ~~Policies with respect to regrading and review of assignments or exams are under the direction and purview of the Program Chair.~~
- c. ~~**Probation:** In addition to any other penalty which may be applied, the Dean of Graduate Studies may place a student on probation, or may prohibit the student from taking a course or courses, or may recommend suspension, either for a specified period or indefinitely, to the President.~~
- c. **Suspension:** The Dean of Graduate Studies may recommend suspension, either for a specified period or indefinitely, to the President. On the recommendation of the Dean, the President may suspend a student from the University, either for a specified period or indefinitely. Prior to the President's decision becoming final, the student will be informed in writing of the recommendation. The student will be given 15 working days following such notification to lodge

an appeal before the President's final decision becomes effective. Any such appeal must be made in writing to the Registrar and will be reviewed by the Senate Committee on Academic Appeals (SCAA). Once the matter of suspension is final and upheld, a permanent notation will be placed on the student's transcript.

## 26. Academic Appeals - Definition

Academic appeals deal with the evaluation of a student's academic work: course grades, grades assigned on research papers and other course work, the outcome of written and oral thesis examinations, the results of an assessment to determine if a student's academic performance warrants continued enrolment in Graduate Studies, the outcome of a language examination, and any other academic assessment or evaluation that may be carried out within a Graduate Program.

## 27. General Procedure on Academic Appeals

- a. It is expected that, where appropriate and possible, a student will attempt to resolve a problem informally with the instructor or the appropriate person before initiating a formal appeal process.
- b. Appeals must be submitted in writing, within 15 working days of the action or decision being appealed.
- c. The person to whom the appeal is addressed will normally be a course instructor (for appeals of grades) or a supervisor (in the case of other appeals as listed in Academic Regulation 22 above). This person must acknowledge receipt of the appeal in writing within 10 days.

## 28. Appeals Process

All students have the natural and reasonable right to appeal grades given during the term, the final grade of a course, and other academic policies and decisions of the University. The Senate Committee on Academic Appeals (SCAA) is the final adjudicator ~~on~~ in such matters. All formal appeals must be made through the Registrar, in writing and with necessary documentation, within 15 working days of the receipt of the decision in question. The student's written appeal must state clearly the decision being appealed, the reason(s) why the decision is considered to be unfair, what decision would be considered fair, and why it would be fair. ~~In this regard, it~~ It is incumbent upon the student to advise the University, via the Office of the Registrar, of their current ~~mailing address~~ contact information. All written appeals to the Senate Committee on Academic Appeals (SCAA) should indicate whether an in-person hearing is being requested. Otherwise, cases are adjudicated on the basis of ~~a detailed written submission~~ the written submissions.

## 29. Senate Committee on Academic Appeals: Procedures

The Senate Committee on Academic Appeals (SCAA) follows the principles of natural justice. That is, its procedures are fair and open, appropriate to the matter under consideration, and provide the opportunity for those affected to put forward their views fully for consideration by the Committee. ~~As an internal administrative committee, it is free to~~ Following these principles, the Committee develops its own procedures and practices to conduct appeals and is not constrained by strict rules of procedure and evidence.

A quorum consists of a majority of voting members, including at least one student member and two

faculty members. No faculty or student committee member with previous direct involvement in the case may hear the appeal. The appellant has the right to challenge the neutrality of any member of the Committee scheduled to hear his/her appeal. The Chair, with the advice of the Committee, will rule on the validity of the challenge.

If the appellant requests an in-person hearing, the ~~respondent~~ interested parties (e.g., the course Instructor(s), Chair and/or Dean) will be notified and may also appear at the appeal, when available. Appeals shall be based on the appellant's written submission (all relevant evidence and documentation related to the matter which is under appeal, and all relevant information contained in the student record). New evidence cannot be presented at the hearing.

If the appellant asks to be present at the hearing yet fails to appear before the Committee on the appointed day and time, the Committee may, without further notice, proceed to hear the appeal based on the written submission. If there are compassionate or medical grounds for nonappearance, the Chair or the Secretary to the Committee must be notified immediately. The Chair will determine the acceptability of these grounds and whether the appeal hearing should be ~~tabled~~ postponed.

~~Natural justice applies to both student and faculty alike.~~ All forms of adjudication are held in the strictest confidence and ~~are normally~~ are attended only by members of the Committee and the parties to the particular appeal. Upon written notification to the Senate Committee on Academic Appeals (SCAA), appellants may ~~seek third-party representation to attend in support of their appeal, although their participation is normally limited to providing moral support only~~ be accompanied by an additional party for the purpose of personal support.

In extraordinary cases, the appellant or other parties may wish to retain legal counsel. Any person(s) retaining legal counsel for purposes of representation are obliged to inform the Senate Committee on Academic Appeals ~~(SCAA)~~ in writing 15 working days prior to the scheduled meeting.

The Secretary to Senate, in consultation with the Committee Chair as appropriate, ~~will review~~ reviews each request to hear an appeal before any hearing or adjudication. This review is intended to ensure that the nature of the appeal is consistent with ~~University policy and procedures~~ the mandate of the Committee and to ensure that the appeal is both valid and ~~cannot~~ could not be resolved by other means. In some instances the review may lead to a reversal of the decision before review, while in other instances it may indicate there are insufficient grounds for an appeal or that further documentation is required. In all cases, however, any decision to hear or not to hear an appeal rests with the Committee.

The Senate Committee on Academic Appeals reviews decisions made at lower levels when requested to do so by the appellant. Normally it rules in two areas. It considers whether appropriate and fair adjudication was exercised in respect of a case and, where it concludes that there was unfairness, it may direct a readjudication using a procedure that it prescribes as being appropriate and fair. It considers whether the penalty assessed was consistent with University Regulations and practice and was not pernicious and, where it concludes that there was a lack of consistency or an unreasonable response, it may state its concerns clearly and direct a reconsideration. The Committee may act, whether a reconsideration has been directed or not, to overturn or to support a decision. Whatever the matter under consideration, the Committee and all parties to the appeal are provided by the Registrar with the same information, sufficient to permit a meaningful hearing. The Committee maintains a record of its deliberations and provides the reason(s) for its decisions.

### 30. Appeal of Term Grades While Course is in Progress

Students who have reason to believe their term grade, (while a course is in progress,) is inaccurate should meet with their course instructor immediately. If both the instructor and the student agree, on the basis of an informal review, the matter is thereby concluded and a change of grade is submitted if necessary.

Students who wish to appeal grades other than final grades, formally, should initiate the following process:

- f. The student obtains an Academic Appeals Form from the Office of the Registrar and forward submits it to the Program Chair.
- g. The Chair meets the instructor(s) on the matter, obtains the instructor's(s') comments and adds the Chair's comments.
- h. If no resolution favourable to the student is reached within seven working days, proceed to the next step: student the Chair, without delay, submits the form to the Dean.
- i. If not resolved within seven days, proceed to the next step: no resolution acceptable to the student is reached within seven working days, the Dean, without delay, submits the form to the Registrar for advancement to the Senate Committee on Academic Appeals (SCAA).
- j. At any stage in the process, the student may choose to withdraw the appeal by notifying the Registrar.

An appeal may result in a higher, equal or lower grade. The final recourse for all appeals is the Senate Committee on Academic Appeals.

### 31. Appeal of Final Grade

Students who have reason to believe their final grade in a course, once released by the Office of the Registrar, is inaccurate should meet with their course instructor immediately, if possible (see Academic Regulation 18). If instructor and student agree, on the basis of an informal review, the Office of the Registrar is advised of a grade change and the matter is thereby concluded.

Students who wish to appeal their final grade, formally, should ~~obtain an Appeals Form from the Office of the Registrar, and take it to the instructor:~~ initiate the following process:

- ~~f. The instructor (where available) must review the assigned grade with the student after the final grade has been released by the Office of the Registrar.~~
- ~~g. Instructors must provide students with supervised access to their final examination.~~
- ~~h. If not resolved within 15 working days, proceed to the next step on the Appeals Form: student submits the form to the Program Chair.~~
- ~~i. If not resolved within 7 further working days, proceed to the next step: student submits the form to the Dean.~~
- ~~j. If not resolved within 7 further working days, go to the next step: Dean submits form to the Registrar for advancement to the Senate Committee on Academic Appeals (SCAA).~~

- f. The student obtains an Academic Appeals Form from the Office of the Registrar and forward submits it to the Program Chair.
- g. The Chair meets the instructor(s) on the matter, obtains the instructor's(s') comments and adds the Chair's comments.
- h. If no resolution favourable to the student is reached within seven working days, ~~proceed to the next step: student~~ the Chair, without delay, submits the form to the Dean.
- i. If ~~not resolved within seven days, proceed to the next step: no resolution acceptable to the student is reached within seven working days,~~ the Dean, without delay, submits the form to the Registrar for advancement to the Senate Committee on Academic Appeals.
- j. At any stage in the process, the student may choose to withdraw the appeal by notifying the Registrar.

An appeal may result in a higher, equal or lower grade. The final recourse for all appeals is the Senate Committee on Academic Appeals. Evaluation of a student's academic performance for continued enrolment or qualification to graduate will not be done prior to the completion of a grade appeal process, if the grade in question is the basis for initiating pertinent to the said evaluation.

### **32. Appeals Concerning Academic Program Matters**

In the case of appeals concerning matters other than those listed above, the following procedures shall be followed:

- a. The student must meet with the supervisor, or the supervisory committee, or the Chair of the Program as appropriate (or, if the Chair is the supervisor, the College Dean, or, if the College Dean is the supervisor, the Provost) in an attempt to resolve the matter. Within 5 days of the meeting, the Chair of the Program (or College Dean) must send a written report of the meeting to the Dean of Graduate Programs, with a copy to the student. The report shall notify the Dean of Graduate Programs of the particulars of the case, and of the result of the meeting.
- b. If, after the process set out in 26.a) is completed, the student is unsatisfied with the result and wishes to continue the appeal, a written notice of the student's intention must be sent to the Dean of Graduate Programs within 15 days of receiving the letter from the Chair or other appropriate official. The Dean will acknowledge receipt of the notice within 5 days of receiving it.
- c. The Dean of Graduate Studies will conduct an investigation of the matter. In the course of this investigation, the Dean may ask for written reports from each member of the Committee. Committee members may submit reports even if not asked to do so. Copies of all reports will be made available to the student. After reviewing these reports, the Dean of Graduate Programs will come to one of the following decisions:
  - i. If the Dean is convinced that the process was appropriate, and that the reports clearly indicate academic deficiencies on the part of the student for which the original decision which led to the appeal was appropriate and reasonable, the Dean may decide to uphold the decision.
  - ii. If the Dean is convinced that the examination or other assessment process was flawed or improper, the Dean may order a re-examination or other re-evaluation as appropriate. The

- new examination or evaluation will be conducted either by the same examining committee as the original one, or by a new one, as deemed appropriate by the Dean.
- iii. If the Dean is convinced that the examination or other process was correct, but that factors other than academic merit may have influenced the decision, the Dean may order a re-examination or a re-evaluation, as he/she deems appropriate. The new examination or evaluation will be conducted either by the same examining committee as the original one, or by a new one, as deemed appropriate by the Dean.
  - iv. If the Dean is convinced that a new examination or evaluation is unlikely to resolve the issue, or if the result of the new examination or evaluation is appealed, he/she may, with the consent of the Program, appoint external assessors to evaluate the student's performance.
  - v. In all cases concerning appeals, a further appeal may be made to the Senate Committee on Academic Appeals (SCAA), which shall deal with it according to its rules of procedure (See Academic Regulation 28).

### **33. Appeals Concerning Academic Relationships**

Appeals may arise out of other difficulties involving the academic relationship between students and faculty members. It is sometimes necessary, for instance, for a student to change supervisors, or a student may have other difficulties with a supervisor, or a student may have difficulties of a personal nature with a faculty member. Because the personal and professional relationship between student and faculty member can become entangled, and because problems of this sort can be perceived as potentially career-threatening by a student, there is a need for a process by which a student can seek mediation and resolution in such cases. Because each is different, and because a formal committee procedure as outlined under Academic Regulation 23 may not be appropriate in such cases, the following procedure shall be followed:

- a. A student experiencing such difficulties should attempt to resolve them informally at the level of the individual instructor or the Program Chair.
- b. If this cannot be done, or if the nature of the problem is such that the student does not wish to attempt it, the student should seek the advice of Dean of Graduate Programs, who shall follow one of the following procedures:
  - i. If the Dean thinks it advisable, the Dean shall seek to bring about a solution through informal means.
  - ii. If in the opinion of the Dean the complaint is invalid, the Dean shall advise the student of this opinion, and take no further action.
  - iii. If in the opinion of the Dean the complaint is valid; but ~~believes that~~ an informal solution is unlikely, or if the Dean has attempted an informal solution and has failed, he/she shall advise the student of this fact.
  - iv. In the case of 31.b) ii) and 31.b) iii), the student may choose not to proceed further, or the student may choose to proceed with the matter. In the latter case, the student shall make a written complaint, through the Registrar, to the Senate Committee on Academic Appeals (SCAA), which shall consider it according to its rules of procedure.

Motions S-200911.12 and S-200911.13 were dealt with as an omnibus motion.

**S-200911.12**

**Approval of 2010/2011 Sessional Dates**

Hutchings / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the 2010/2011 Sessional Dates be approved as proposed.

Effective date: For inclusion in the 2010-2011 Undergraduate Academic Calendar

**Amendment:**

That the add/drop date be pushed forward to allow for at least 2 classes, for each weekday, to be held prior to the add/drop date.

CARRIED.

The main motion was also subsequently CARRIED as amended.

The Registrar noted that semester dates and the timetable are interlinked, and that when exceptions are allowed, problems arise, but he agreed with the proposal to adjust the add/drop date. A Senator indicated she thought it would be useful for Senate to discuss the timetable and sessional dates in future (for 2011/12), particularly the important matters to be considered when setting the timetable and sessional dates.

**Action:** That the Steering Committee of Senate be advised that Senate requested a discussion of the timetable and sessional dates.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Definitions**

In each 12-month academic year beginning in September:

September Semester – September to December

January Semester – January to April

May Semester – May to August

June 22, 2011  
July 27, 2011  
August 24, 2011

March 23, 2011: Special Budget Meeting

### **S-200911.13**

#### **Approval of 2011/2012 Provisional Sessional Dates**

Hutchings / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the 2011/2012 provisional Sessional Dates be approved as proposed, and be returned to Senate for final approval in the fall of 2010.

Effective date: For inclusion in the 2011-2012 Undergraduate Academic Calendar

CARRIED.

### **To Senate for Information:**

#### **SCAPP200910.06**

##### **Changes to Course Preclusion — NURS 202-3**

That the changes to the preclusion statement for NURS 202-3 Pathophysiological Concepts be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 202-3 Pathophysiological Concepts** This course uses a conceptual approach to examine pathological mechanisms of altered states in human physiology. Topics include the etiology, cellular metabolism, tissue alterations, functional changes, and age-related differences involved in each process.

*Prerequisites:* HHSC 111-3, HHSC 112-3 and HHSC 110-3, or BIO 111-3 and BIO 112-3 and BIO 105-3 at CNC, or BIOL 131-3, BIOL 132-3, and BIOL 133-3 at NWCC, or equivalent.

*Major Restriction:* Restricted to students in the NCBNP

*Precluded:* NURS 301-3, HHSC 301-3

#### **SCAPP200910.07**

##### **Changes to Course Description and Preclusion — NURS 301-3**

That the changes to the course description and preclusions for NURS 301-3 Advanced Pathophysiology be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NURS 301-3 Advanced Pathophysiology** This course dDiscusses the pathogenesis and pathophysiological mechanisms of select diseases and conditions, with an emphasis upon recent

discoveries in genetics, immunology, and infection and includes conditions relevant to northern BC. Linkages between pathophysiological events and therapeutic modalities are made. This course presumes an understanding of anatomy, physiology, and basic pathophysiology.

*Prerequisites:* none; admission for non-nursing students by permission of the instructor

*Precluded:* NURS 202-3, HHSC 301-3

**SCAPP200910.15**

**Approval of 2008 Annual Report**

That the 2008 Annual Report (September 1, 2008 to August 31, 2009) from the Senate Committee on Academic Policy and Planning be approved by the Committee and forwarded to Senate for information.  
Effective date: October 7, 2009

**7.2 Senate Committee on Research and Graduate Studies**

**Fondahl**

Motions S-200911.14 and S-200911.15 were dealt with as an omnibus motion.

**S-200911.14**

**Approval of 2010/2011 Sessional Dates**

Hyndman / Jeffery

That the Senate Committee on Research and Graduate Studies recommend to Senate that the 2010/2011 Sessional Dates be approved as proposed.

Effective date: For inclusion in the 2010-2011 Graduate Academic Calendar

CARRIED.

**Amendment:**

That the add/drop date be pushed forward to allow for at least 2 classes, for each weekday, to be held prior to the add/drop date.

CARRIED.

The main motion was also subsequently CARRIED as amended.

It was noted that there was an error in the 2010 September Semester, on September 15, which should read "Application deadline for Graduate Studies for January Semester 2011..." rather than 2012.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Note:** The UNBC Awards office will select a maximum of 4 suitable applicants and forward them to KJM Sales Ltd. who will then review the applicants' ~~essays~~ letters of reference and make a recommendation to the UNBC Awards Office.

**Application Instructions:** ~~Fill out all sections of the Awards Application Form and provide a 250-500 word essay outlining their community leadership, academic goals and community involvement. Submit a letter of reference to the Awards and Financial Aid Office. The referral must provide confirmation of your leadership activities, community and recreational involvement.~~

### **SCSB20091014.13**

#### **Murray Keith Memorial Bursary**

That the revised Terms and Conditions for the Murray Keith Memorial Bursary be approved.  
Effective Date: September 2009

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Eligibility:** Available to a full-time student ~~enrolled in the Northern Medical Program at UNBC, a cohort of the UBC Medical Degree Program~~ who is a resident of northern British Columbia with plans to remain here after completing his/her studies, is graduating from UNBC and who has been accepted into the Northern Medical Program.

## **7.4 Steering Committee of Senate**

### **7.4.1 Consent Agenda**

The Chair noted that information had been provided to Senators regarding the use of a consent agenda. He added that the Steering Committee of Senate had proposed a trial period of using a consent agenda, beginning in either December or January. If this proved successful, the Steering Committee would then bring forward a motion to revise the Senate Handbook to incorporate the use of a consent agenda. Questions arose regarding the use of a consent agenda, and a concern was raised that some people might not feel comfortable asking that a motion be pulled from the consent agenda and placed on the regular agenda. Senator Casperson responded that he envisioned the possibility that someone could simply advise the Chair of Senate prior to the meeting of his or her wish to remove an item from the consent agenda.

It was also suggested that some agreed-upon criteria be established with regard to the inclusion of items on a consent agenda. The Chair replied that this was something the Steering Committee could consider,

and that practice may provide clarity in this regard. It was also noted that there may be times when motions need to be reconsidered if they are on a consent agenda and carried, and then questions or concerns arise. There were no objections to proceeding with a trial period of using a consent agenda. The Chair thus indicated that he would pass this information along to the Steering Committee of Senate, and that they would determine how to proceed and whether they would begin in December or January.

**Motion:**

Jeffery / Wagner

That general support be provided for the notion of using a consent agenda.

CARRIED.

**7.5 Senate Committee on Nominations**

**Reid**

In the absence of Senator Reid, Senator Binnema presented the report from this committee.

**S-200911.16**

**Membership Changes to Senate and/or Senate Committees (no material)**

Binnema / Hutchings

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate and/or Senate committees as indicated, be appointed as proposed.

As there were no further nominations for any of the positions noted, the Chair declared all candidates APPOINTED as proposed.

**SENATE OR SENATE COMMITTEE POSITION TO BE FILLED**  
*(except when otherwise noted, all terms begin immediately)*

**CANDIDATE**

**SCAPP Art Acquisition Subcommittee**

Faculty member with a broad interest in the arts)  
(until March 31, 2011)  
UNBC Faculty Member from the UNBC Arts Council

Student Senator (until March 31, 2010)

Drew Adamick

**Senate Committee on Admissions and Degrees**

Undergraduate Student (until March 31, 2010)

Chantal Carriere

**8.0 Other Business**

**8.1 Report of the Registrar (no material)**

**DeGrace**

The Registrar reported that attendance at Senate would be recorded slightly differently from the manner in which it was currently being recorded, in that "Present," "Regrets," and "Absent" would be recorded. He indicated that this had been implemented at a previous institution at which he worked, and that it helped to ensure that Senators responded with regard to their attendance. Mr. DeGrace added that, if Senators contacted the Senate Office after a Senate meeting with a valid reason for missing the meeting, despite having indicated they would attend, their attendance would be recorded as "Regrets" rather than "Absent."

Dean Madak provided an enrolment report, indicating that November 1 was a date that the institution was required to report enrolment to the Ministry, and this report reflected that data. Highlights of the report were that overall enrolment had decreased by 1.12% from 2008, which consisted of a reduction in undergraduate FTEs but an increase in graduate FTEs. The greatest reduction was realized in students from the lower mainland and transfer students, mostly part-time students. Dean Madak noted that the increase in graduate students was positive, but wondered how long these increases could be maintained without further resources being dedicated, particularly with regard to supervisors. International student enrolment had increased by 24%. Dean Madak displayed information outlining the programs with the highest and lowest enrolment numbers.

## **9.0 Information**

No items for information were presented.

## **10.0 S-200911.17 Move to In Camera Session**

Déry / Hutchings

That the meeting move In Camera.

CARRIED.

### **Motion:**

Wagner / Adamick

That Senate officially recognize and thank Chancellor Michalos for his dedication and service to UNBC.

CARRIED.

## **11.0 S-200911.22 Adjournment**

Hutchings / Wagner

That the Senate meeting be adjourned.

CARRIED.

The meeting ended at 5:30 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

December 9, 2009  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre

---

**Present:**

D. Adamick, E. Annis, G. Ashoughian, T. Binnema, C. Bock, C. Carriere, D. Casperson, C. Chasteauneuf, A. Dayanandan, J. DeGrace (Secretary of Senate), S. Déry, H. Donker, R. Ellis, G. Fondahl, W. Haque, I. Hartley, R. Hoffman, K. Hutchings, J. Hyndman, G. Iwama (Chair), E. Jensen, R. Lazenby, D. Macknak, W. McGill, S. McKenzie, C. Myers (Recording), D. Nyce, C. O'Callaghan, M. Reid, R. Robinson, I. Uche-Ezeala, K. Vandersteen, S. Wagner, A. Yakemchuk, S. Zahir

**Regrets:**

S. Beeler, M. Dale (Vice Chair), U. Eka, A. Jacob, J. Jeffery, S. Rennebohm, J. Young

---

The meeting commenced at 3:30 p.m.

**1.0 S-200912.01**

**Approval of the Agenda**

Hutchings / Binnema

That the Agenda for the December 9, 2009 Public Session of Senate be approved as presented.  
CARRIED.

**2.0 S-200912.02**

**Approval of Senate Minutes**

Uche-Ezeala / Annis

That the Minutes of the November 18, 2009 Public Session of Senate be approved as presented.

Senator Adamick noted that he had been in attendance at the meeting, but was not recorded as such. Ms. Myers agreed to make this correction to the minutes.

CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

Mr. DeGrace noted that, at the previous meeting of Senate, he had been asked to address a point in Academic Regulation 32 in the Graduate Calendar, whereby the course instructor is the student's supervisor. He thus proposed that the regulation be amended by adding the phrase "if the instructor is the supervisor, the Chair;" so that the complete first sentence of Academic Regulation 32(a) would read:

- a. The student must meet with the supervisor, or the supervisory committee, or the Chair of the Program as appropriate (or, if the instructor is the supervisor, the Chair; or, if the Chair is the supervisor, the
-

College Dean; or, if the College Dean is the supervisor, the Provost) in an attempt to resolve the matter.

Senators were in general agreement with this proposed amendment.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **32. Appeals Concerning Academic Program Matters**

In the case of appeals concerning matters other than those listed above, the following procedures shall be followed:

- a. The student must meet with the supervisor, or the supervisory committee, or the Chair of the Program as appropriate (or, if the instructor is the supervisor, the Chair; or, if the Chair is the supervisor, the College Dean; or, if the College Dean is the supervisor, the Provost) in an attempt to resolve the matter. Within 5 days of the meeting, the Chair of the Program (or College Dean) must send a written report of the meeting to the Dean of Graduate Programs, with a copy to the student. The report shall notify the Dean of Graduate Programs of the particulars of the case, and of the result of the meeting.

#### **3.1 Consent agendas (verbal report regarding next steps)**

Dr. Iwama reminded Senators that they had agreed to pilot the use of consent agendas for three months beginning in January 2010, in order to allow time for discussion of deeper topics. He added that the Steering Committee would plan the agenda, would which look different than the format of the current agenda, but that Senators were welcome to pull, off the consent agenda, any items that they wished to discuss. The President added that he would provide this information by covering document in January, and that he would attempt to arrange for a discussion topic.

#### **4.0 President's Report**

**Iwama**

Dr. Iwama congratulated Senators on the completion of another term of teaching, and then reported on some initiatives that were currently underway. First, he noted that UNBC was working on a proposal for a "Wood Innovation and Design Centre," in cooperation with the provincial government and Partnerships BC. If this Centre came to fruition, it would provide support for programs such as Engineering, and would establish a UNBC presence in downtown Prince George. Dr. Iwama indicated that this proposal would be presented to the government for consideration by mid-January.

With regard to the UNBC planning process, Dr. Iwama reported that several town hall meetings had been held and that there had been consultation with off-campus groups, including the Chamber of Commerce, and the UNBC regions, whose input he desired. The consultations have been summarized, but he would like to have more discussion with students. Dr. Iwama noted that he hoped to have a refocused and refreshed University Plan drafted by mid-January, to be forwarded to Senate at some point after that time.

Finally, Dr. Iwama advised Senators that the Vice Presidents were moving up to the second floor of the Administration Building to allow for greater communication between the senior administrators and better service to the University community.

#### **5.0 Report of the Provost**

**Dale**

As Dr. Dale was absent from the meeting, there was no report of the Provost.

## 6.0 Question Period

Senator Reid, Chair of the Senate Committee on Nominations, advised Senators that there was a vacant position for a student Senator on the Senate Committee on Academic Appeals, and encouraged any student Senators interested to contact him or Ms. Myers.

A Senator raised a question regarding Continuing Studies courses for credit and the possibility of earning double credit. He indicated he understood there was a policy now in place to prevent this situation until it was formally resolved, but asked if the Director of Continuing Studies would comment. The Director of Continuing Studies, Senator Macknak, responded that he had hoped to resolve this issue sooner, but that a proposal should be available for consideration at the next meeting of Senate. He added that there are currently no registrations allowed in courses for which double credit could be obtained. The Senator noted that there was currently a proposal before the Senate Committee on Academic Policy and Planning to change some degree requirements, in which the number of Continuing Studies course credits that could be applied was limited. He asked whether there was a policy to address this type of situation or if it was a "one-off" set of circumstances. The Registrar responded that this was one of the items on the agenda for discussion with regard to Continuing Studies courses, but that he could not prejudge the outcome of that meeting. The Senator replied that, when this proposed change to degree requirements comes forward to Senate in January, those in a position to do so may want to be prepared to speak to this matter.

The Registrar was questioned about a deferred grade form that had been disseminated, to which he provided clarification and responded he would like to follow up on further to ensure it was consistent with the Academic Regulations.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

Dale

In the absence of the Provost, this report was presented by Dean McGill.

#### **S-200912.03**

#### **Changes to Calendar Course Description and Program Requirements — Bachelor of Fine Arts Program**

Adamick / Donker

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Calendar Course Description and Program requirements for the Bachelor of Fine Arts Program, on page 122 of the 2009/10 undergraduate academic calendar, be approved as proposed, and that the program management context be as set out under the "Rationale" heading in this Motion.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Bachelor of Fine Arts (Fine Arts and Creative Writing) (BFA Program)**

[ECU offers several programs under the "Fine Arts" umbrella. The change in program name is intended to distinguish this one. It also leaves room for the subsequent introduction of other Joint degree programs - for example "Bachelor of Fine Arts (Fine Arts and First Nation Studies)" or "Bachelor of Fine Arts (Fine Arts and History)" if the Universities choose to do so.]

~~Joint degree in Fine Arts and Creative Writing offered through partnership between The University of Northern British Columbia and Emily Carr Institute of Art & Design~~

This text has been moved, and slightly amended, to follow the Faculty List.]

Dee Horne, Professor, and Program Chair  
Karin Beeler, Associate Professor  
Stan Beeler, Associate Professor  
Robert Budde, Associate Professor  
Lisa Dickson, Associate Professor  
Kristen Guest, Associate Professor  
Kevin Hutchings, Associate Professor, and Canada Research Chair, Romantic Studies:  
Environment, Culture, and Representation  
Maryna Romanets, Associate Professor  
Blanca Schorcht, Associate Professor and Regional Chair, South-Central Region  
Marian Scholtmeijer, Assistant Professor

[Faculty listing will be updated editorially in advance of printing the 2010-2011 Calendar, and ECU Faculty members will be caused to be added, clearly identified as being associated with that Institution and not UNBC.]

Website: <http://www.unbc.ca/finearts>

The Joint Degree in Fine Arts and Creative Writing is offered through a partnership between the University of Northern British Columbia and Emily Carr University of Art & Design.

The ~~Bachelor of Fine Arts~~ degree is an interdisciplinary four-year joint-degree program between the ~~University of Northern British Columbia and the Emily Carr University of Art & Design~~ two universities that connects creative writing and studio practice. Courses within the program offer students the opportunity to develop applied, conceptual, and theoretical skills.

The program begins in September of each year and the application deadline is February 1. Anyone ~~needing~~ seeking information about the application process should contact the UNBC Office of the Registrar. Students who want help regarding ~~the required courses~~ course selection are encouraged to contact the ~~Program~~ UNBC Student Advisor.

The UNBC/ECU joint degree in Fine Arts and Creative Writing is an interdisciplinary project-based degree that links creative writing and studio practice within a critical context. Studio courses within the degree ensure that students establish foundational skills during their first year, and that they build expertise within several different disciplines in their second and third years. The fourth year of study focuses on work in an independent studio environment. Concurrently, academic courses in theory and creative writing provide a theoretical basis of understanding that enhances and informs studio experience.

Although intended to support students in central northern BC, the unique character of this program may prove to be attractive for students from elsewhere in Canada and around the

world. Such exposure will not only allow students to develop and combine a significant range of artistic abilities, it will also cultivate highly transferable skills. While many graduates may elect to pursue careers as practicing artists, others may choose to apply for graduate degrees in English or Fine Arts; to apply for professional degrees, such as law or education, requiring highly developed critical thinking skills; to seek employment in areas such as graphic design, web/computer design, and information-based industries.

Students must take 120 credit hours, whether directly or by transfer, split equally between the University of Northern British Columbia and the Emily Carr University of Art & Design. Students may elect to complete a portion of the required courses at the ECU's main campus during the summer months. All costs associated with student travel and stay at ECU are the responsibility of the student.

### **Admission Requirement**

Admission to the Bachelor of Fine Arts joint degree is competitive by direct entry to UNBC based on academic qualifications, portfolio, and available space. Priority admission will be given to students who meet admission criteria and apply by the deadline of February 01. Applications received after the deadline may be reviewed based on available space in the program.

Applicants from BC and Yukon secondary schools must:

- meet the admission requirements as specified in the Admissions section of the UNBC Undergraduate Calendar with an admission average of at least 67%, and UNBC admission requirements, and
- ~~have completed English 12 and other approved Grade 12 courses as specified in the [Admissions](#) section of the Undergraduate Calendar with an admission average of at least 67%, and~~
- submit a portfolio that includes ten examples of studio art and five pieces of creative writing. There will be sessions throughout the year for students to learn how to prepare a portfolio. For dates and times, please click on events on the English Program home page.

[Beginning with 2010 admission, students will be required to submit their portfolios on-line. The UNBC web pages will be updated to provide the necessary information. Portfolio preparation instruction will be provided through ECU.]

Other applicants must demonstrate that they possess qualifications at least equivalent to the UNBC and Yukon requirement.

## **Application of Academic Regulations**

On a semester-by-semester basis, students are subject to the Academic Regulations in place at the institution to which their course numbers are designated (ECU or UNBC or both). Grading, for courses bearing their institutional designation, is by the grading scales of each institution respectively.

## **Transfer Credit and Residency**

Transfer credit and/or advanced standing may be awarded for course work completed at other recognized institutions, and will be assigned by the two institutions in conformity with their Academic Regulations. The minimum residency requirement for graduation is 30 credit hours each at UNBC and ECU.

[For example ECU, in accord with its expertise and standard practice in a subject area, might decide to accept transfer credit of a studio art course against one of the ECU-listed courses without requiring UNBC input. UNBC might do the same in respect of a course under its own listing. Although, from the student's perspective, their "residency" is at UNBC, it is necessary to be clear that they must complete the requisite number of academic credits at each of the two institutions.]

## **Graduation**

It is the responsibility of the student to ensure that his/her degree requirements are met. Students must have a CGPA of at least 2.0 (63%) over all courses at both institutions to graduate.

## **~~Student Transfers and Residency~~**

~~Transfers into the program are allowed as long as the prerequisite courses or articulated courses are completed and there is space available in the program. The deadline for transfer students is the same as all students: February 1. Regardless of the articulated courses transferred, students must complete a minimum of 30 credit hours of their program at each of the granting institutions (at UNBC and at ECU).~~

~~The minimum residency requirement for graduation is 30 credits at each of UNBC and ECU.~~

[This section is not necessary, since the needed information is conveyed under "Transfer Credit and Residency," above.]

# Curriculum

## Program Requirements

[Proposed changes in this area follow extensive consultation between the academic program leaders at each of the participating institutions.]

In order to meet the graduation requirements for a BFA, students must successfully complete the following requirements consisting of 120 credit hours. Students may count no more than 60 credit hours from each of UNBC and ECU towards the degree. For ECU course descriptions, please refer to the following website URL:  
<http://www.ecuad.ca/programs/courses>

Please Note: Many of the ECU courses are ~~to be~~ provided on-line only. For further information, contact the ~~Program Student~~ Advisor. Courses marked with an asterisk (\*) may be available to be taken on-site at Emily Carr during the summer in advance of the semester offering.

## ~~Lower Level Requirements~~

[See below: The structure of the program is revised to indicate requirements by year of study rather than by Lower and Upper Divisions. As restated in this manner, specific changes are indicated beginning with the heading "Foundation (First) Year".

ENGL 104-3 Introduction to Drama and/or Film

#### 2nd year-17 credit hours

BIOL 203-3 Microbiology  
BIOL 210-3 Genetics  
CHEM 201-3 Organic Chemistry I  
CHEM 250-1 Organic Chemistry Lab I  
CHEM 203-3 Organic Chemistry II  
CHEM 251-1 Organic Chemistry Lab II  
CHEM 204-3 Introductory Biochemistry

#### 3rd and 4th years-9 credit hours

BIOL 311-3 Cell and Molecular Biology

Note: Students intending to apply to professional health degree programs are encouraged to take as electives the following courses: PHYS 110-4, PHYS 111-4, MATH 100-3 and MATH 101-3.

Motions S-200912.06 and S-200912.07 were dealt with as an omnibus motion.

#### **S-200912.06**

##### **New Course Approval — NURS 458-6**

Adamick / Annis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course NURS 458-6 Remote Nursing Certified Practice be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course focuses on Remote Nursing Certified Practice competencies. Key content areas include history and physical assessment, advanced clinical reasoning, informed judgment and pharmacotherapeutics for the management of specified common and predictable health conditions. Dispensary management and medication dispensing functions are also included. Content and course evaluation are based on a body-systems approach and incorporate the CRNBC Decision Support Tools for Remote Nursing Certified Practice. An extended workshop focusing on nursing practice in remote communities is included. Upon successful completion students apply for CRNBC Remote Nursing Practice Certification.

Major Restriction: Restricted to the Rural Nursing Certificate Program or Post-Diploma BScN students only, or by permission of the Chair, School of Nursing.

#### **S-200912.07**

##### **Changes to Program Requirements — Addition of NURS 458-6 to the Post-Diploma Baccalaureate Nursing Program**

Adamick / Annis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the addition of NURS 458-6 Remote Nursing Certified Practice to the Post-Diploma Baccalaureate Nursing Program be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **400 Level**

NURS 403-3 Introduction to Nursing Research

NURS 408-3 Nursing Leadership

NURS 415-3 Introduction to Community Health and Nursing

NURS 451-3 ~~Health~~ Health Assessment Across the Lifespan

POLS 403-3 Social and Health Policy and Administration

A minimum of 9 credit hours selected from the following:

ANTH 101-3 Peoples and Cultures

ANTH 201-3 Medical Anthropology  
 COMM 230-3 Organizational Behaviour  
 NURS 301-3 Advanced Pathophysiology  
 NURS 303-3 Nutrition  
 or HHSC 311-3 Nutrition  
 NURS 402-3 Health Promotion  
 or HHSC 473-3 Health Promotion  
 NURS 409-3 Pharmacotherapeutics for Nurses  
 NURS 411-3 Medical Diagnostics for Nurses  
 NURS 412-3 Women and Health  
 NURS 416-4 Clinical Practicum: Community Nursing  
 NURS 452-6 Chronic Disease Management, Palliative Care and Wound Care  
 NURS 453-3 Nursing Practice with Older Persons  
 NURS 454-6 Perinatal Care  
 NURS 455-6 Critical Care, Emergency and Trauma  
 NURS 456-3 Mental Health and Addictions  
 NURS 457-3 Living and Working in a Rural Community  
NURS 458-6 Remote Nursing Certified Practice

An Executive Summary of the proposed changes to the Computer Science curriculum was included for information.

A Senator congratulated members of the Computer Science Program for initiating these changes in response to the external review of their Program.

Motions S-200912.08 to S-200912.37 were dealt with as an omnibus motion.

**S-200912.08**

**Changes to Program Requirements — Computer Science Major**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the Computer Science Major be approved as proposed.

Effective date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Major in Computer Science**

A major in Computer Science requires at least ~~24~~ 20 Computer Science courses and at least ~~67~~ 61 credit hours in Computer Science, at least 27 credit hours of which must be upper division courses, and of those upper-division credits, at least 12 must be taken at the 400 level. MATH 335-3 and MATH 371-3 can count towards this requirement.

The following courses may not be used for credit towards a Computer Science major or joint major:

- MATH 150-3      Finite Mathematics for Business and Economics
- MATH 342-3      Biostatistics

The minimum requirement for completion of a Bachelor of Science with a major in Computer Science is 120 credit hours.

# Program Requirements

**\*Note:** Unless otherwise specified, sStudents enrolling in any Computer Science or Mathematics course with prerequisites are required to have completed all prerequisite courses for that course with a "C-" or better, or have permission to enroll from the Program Chair.

## Lower Division Requirement

### 100 Level

CPSC 100-4	Computer Programming I
CPSC 101-4	Computer Programming II
<del>CPSC 126-3</del>	<del>- Introduction to Computer Systems</del>
CPSC 141-3	Discrete Computational Mathematics
<del>CPSC 142-3</del>	<del>Discrete Computational Mathematics II</del>
<b><u>ENGL 170-3</u></b> <b><u>or ENGL 270-3</u></b>	<b><u>Writing and Communication Skills</u></b> <b><u>Expository Writing</u></b>
MATH 100-3	Calculus I
or MATH 105-3	Enriched Calculus
<del>MATH 101-3</del>	<del>- Calculus II</del>

**\*Note:** MATH 101-3 Calculus II is strongly recommended.

### 200 Level

CPSC 200-3	Algorithm Analysis and Development
<u>CPSC 222-3</u>	<u>Introduction to Concurrent and Distributed Programming</u>
CPSC 230-4	Introduction to Logic Design
CPSC 231-4	Computer Organization and Architecture
<u>CPSC 242-3</u>	<u>Mathematical Topics in Computer Science</u>
<u>CPSC 260-3</u>	<u>Ethics in Computing</u>
CPSC 281-3	Data Structures I
<del>CPSC 290-3</del>	<del>- Systems Analysis and Design</del>
MATH 220-3	Linear Algebra

## General Science Requirement

Students must take two courses from the following list of science courses. It is recommended that computer science majors take PHYS 110-4 and PHYS 111-4. However, students may take any two courses from the following list, according to their interests, to fulfill the general

science requirement:

<u>PHYS 110-4</u>	<u>Introductory Physics I: Mechanics</u>
<u>PHYS 111-4</u>	<u>Introductory Physics II: Waves and Electricity</u>
<u>PHYS 100-4</u>	<u>Introduction to Physics 1</u>
<u>PHYS 101-4</u>	<u>Introduction to Physics 2</u>
<u>CHEM 100-3</u>	<u>General Chemistry 1</u>
<u>CHEM 101-3</u>	<u>General Chemistry 2</u>
<u>BIOL 101-4</u>	<u>Introductory Biology 1</u>
<u>BIOL 102-4</u>	<u>Introductory Biology 2</u>
<u>PSYC 101-3</u>	<u>Psychology as a Science</u>

<u>ENVS 110-3</u>	<u>Introduction to Environmental Citizenship</u>
<u>GEOG 204-3</u>	<u>Introduction to GIS for the Social Sciences</u>
<u>GEOG 205-3</u>	<u>Cartography and Geomatics</u>
<u>GEOG 210-3</u>	<u>Geomorphology</u>

**\*Note:** In some special cases other science courses approved by the Chair of Computer Science may be used to satisfy this requirement.

## Upper Division Requirement

### 300-Level Computer Science Breadth

<u>CPSC 300-3</u>	<u>Software Engineering</u>
CPSC 320-3	Programming Languages
CPSC 321-3	Operating Systems
<u>CPSC 324-3</u>	<u>Introduction to Database Systems</u>
<del>CPSC 325-3</del>	<del>Introduction to Compiler Design</del>
CPSC 340-3	Theory of Computation
<u>CPSC 344-3</u>	<u>Data Communication and Networking</u>
<u>or CPSC 444-3</u>	<u>Computer Networking</u>
<del>CPSC 370-3</del>	<del>- Functional and Logic Programming</del>
<del>MATH 371-3</del>	<del>- Probability and Statistics for Scientists and Engineers</del>

~~\*While not required for the major, students are urged to include CPSC 300-3 (Software Engineering I) and CPSC 301-3 (Software Engineering II) in their program.~~

**\*Note:** MATH 371-3 Probability and Statistics for Scientists and Engineers is strongly recommended.

## 400 Level

At least 12 credit hours of Computer Science courses must be taken at the 400 level, and at least nine of these credit hours must be outside the seminar, project course (other than CPSC 400-3), research course, or special topics course category.

Alternate courses may be substituted for the above with the written permission of the Program Chair and Dean of the College.

## Subject Requirement

~~Six additional credit hours of computer science at any level. MATH 335-3 (Numerical Analysis I) may be counted as a computer science course by computer science majors.~~

Six additional credit hours chosen from the following:

Computer Science at any level  
MATH 335-3 Numerical Analysis I  
MATH 371-3 Probability and Statistics for Scientists and Engineers

## Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 120 credit hours. A total of 45 credit hours in upper division (300 and 400 level) courses from any discipline are required for graduation.

## **S-200912.09**

### **Changes to Program Requirements — Joint Major in Computer Science/Mathematics**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Joint Major in Computer Science/Mathematics be approved as proposed.

Effective date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Joint Major in Computer Science/Mathematics

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Computer Science and Mathematics is 124 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics or Computer Science major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics or Computer Science major or joint major.

## Program Requirements

### Literacy Requirement

One of:

ENGL 170-3	Writing and Communication Skills
ENGL 270-3	Expository Writing

### Lower Division Requirement

CPSC 100-4	Computer Programming I
CPSC 101-4	Computer Programming II
CPSC 141-3	Discrete Computational Mathematics
<del>CPSC 142-3</del>	<del>- Discrete Computational Mathematics II</del>
<u>CPSC 242-3</u>	<u>- Mathematical Topics for Computer Science</u>
CPSC 200-3	Algorithm Analysis and Development
CPSC 230-4	Introduction to Logic Design
CPSC 231-4	Computer Organization and Architecture
CPSC 281-3	Data Structures I
MATH 100-3	Calculus I
or MATH 105-3	Enriched Calculus
MATH 101-3	Calculus II
MATH 200-3	Calculus III
MATH 201-3	Introduction to Complex Analysis
MATH 220-3	Linear Algebra

MATH 226-3	Advanced Linear Algebra
MATH 224-3	Foundations of Modern Mathematics
MATH 230-3	Linear Differential Equations and Boundary Value Problems

## General Science Requirement

Two of:

BIOL 101-4	Introductory Biology I
BIOL 102-4	Introductory Biology II
CHEM 100-3	General Chemistry I
and CHEM 120-1	General Chemistry Lab I
CHEM 101-3	General Chemistry II
and CHEM 121-1	General Chemistry Lab II
PHYS 100-4	Introduction to Physics I
or PHYS 110-4*	Introductory Physics I:
PHYS 111-4*	Introductory Physics II: Waves and Electricity

**\*Note:** PHYS 110-4 (Introductory Physics I: Mechanics) and PHYS 111-4 (Introductory Physics II: Waves and Electricity) are strongly recommended for all majors.

## Upper Division Requirement

CPSC 320-3	Programming Languages
CPSC 321-3	Operating Systems
CPSC 370-3	Functional and Logic Programming

\*Six credit hours of 300 or 400 level Computer Science.

Six credit hours of 400 level Computer Science (excluding seminar, project, and special topics courses).

MATH 320-3	Survey of Algebra
MATH 335-3	Numerical Analysis I
MATH 371-3	Probability and Statistics for Scientists and Engineers

\*Six credit hours of 300\_ or 400\_-level Mathematics.

Six credit hours of 400\_-level Mathematics.

\*Three of these 12 credit hours must be at the 400 level so that the total number of Computer Science and Mathematics credit hours at the 400 level is at least 15.

**Note:** MATH 435-3 (Numerical Analysis II) and CPSC 340-3 (Theory of Computation) are recommended.

## Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 124 credit hours.

**S-200912.10**

**Changes to Program Requirements — Joint Major in Computer Science/Physics**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Joint Major in Computer Science/Physics be approved as proposed.

Effective date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Joint Major in Computer Science/Physics

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Computer Science and Physics is 127 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics or Computer Science major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics or Computer Science major or joint major.

PHYS 307-3 (Selected Topics in Environmental Physics) may not be used as Physics credit toward any Physics major, minor, or joint major.

## Program Requirements

### Literacy Requirement

**One of:**

**ENGL 170-3**

**Writing and Communication Skills**

**ENGL 270-3**

**Expository Writing**

### Lower Division Requirement

CPSC 100-4	Computer Programming I
CPSC 101-4	Computer Programming II
CPSC 141-3	Discrete Computational Mathematics
<del>CPSC 142-3</del>	<del>- Discrete Computational Mathematics II</del>
<u>CPSC 242</u>	<u>Mathematical Topics for Computer Science</u>
CPSC 200-3	Algorithm Analysis and Development
CPSC 231-4	Computer Organization and Architecture
CPSC 281-3	Data Structures I
MATH 100-3	Calculus I
or MATH 105-3	Enriched Calculus
MATH 101-3	Calculus II

MATH 200-3	Calculus III
MATH 220-3	Linear Algebra
MATH 230-3	Linear Differential Equations and Boundary Value Problems
PHYS 110-4	Introductory Physics I: Mechanics
PHYS 111-4	Introductory Physics II: Waves and Electricity
PHYS 200-3	Thermal Physics
PHYS 202-4	Electromagnetism and Optics
PHYS 205-3	Modern Physics I

## Upper Division Requirement

CPSC 320-3	Programming Languages
CPSC 321-3	Operating Systems
CPSC 370-3	Functional and Logic Programming

\*Six credit hours of 300 or 400 level Computer Science.

Six credit hours of 400 level Computer Science (excluding seminar, project, and special topics courses).

MATH 336-3	Intermediate Differential Equations
MATH 335-3	Numerical Analysis I
MATH 340-3	Introduction to Probability
PHYS 300-3	Classical Mechanics
PHYS 302-3	Quantum Mechanics I
PHYS 305-4	Electronics [which must be taken before CPSC 231-4 (Computer Organization and Architecture)]
PHYS 404-3	Solid State Physics

\*Three credit hours of 300- or 400-level Physics.

Six credit hours of 400-level Physics (excluding seminar, project, and special topics courses).

\*Three of these nine credit hours must be at the 400 level so that a minimum of 15 credit hours of 400-level Computer Science and Physics are completed.

### **S-200912.11**

#### **Course Deletion — CPSC 142-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course CPSC 142-3 Discrete Mathematics II be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 142—Discrete Computational Mathematics II~~ Elements of number theory. The Euclidean algorithms. The concept of program correctness. Analysis of algorithms. Partial order. The principle of inclusion and exclusion. Generating functions. Recurrence relations. Algorithmic graph theory.

**S-200912.12**

**Course Deletion — CPSC 290-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 290-3 Systems Analysis and Design be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 290 – Systems Analysis and Design~~ Topics include: Introduction to the basic concepts, ideas and tools involved in the analysis and design phases of software systems development. Comparing and contrasting software systems with other types of systems, the evolution of software system design approaches, basic concepts used to handle complexity and change in software systems, modeling with UML, requirements elicitation. Systems analysis: overview, concepts, activities, and examples. Systems design: overview, concepts, activities, and examples.

**S-200912.13**

**Course Deletion — CPSC 301-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 301-3 Software Engineering II be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 301 – Software Engineering II~~ A continuation of CPSC 300 3. Instead of following a normal lecture format, the instructor will lecture once per week to the entire class and meet regularly with each individual team.

**S-200912.14**

**Course Deletion — CPSC 311-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 311-3 Computer Applications Programming be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 311 – Computer Applications Programming~~ Intended to develop programming skills in an object-oriented language with emphasis on applications programming. Topics include system analysis and design of larger programs programming with classes and objects, dynamic storage allocation, recursion, sorting and searching algorithms. Examples and assignments will be drawn from various areas of computer applications.

**S-200912.15**

**Course Deletion — CPSC 322-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 322-3 Introduction to Concurrent and Distributed Programming be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 322—Introduction to Concurrent and Distributed Programming~~ This course introduces the core concepts, techniques, and tools for concurrent and distributed programming. It covers concurrent programming in shared memory systems and distributed programming in message passing systems. After introducing the necessary concepts, various coordination problems are discussed and then solved using different synchronization mechanisms. Relevant programming environments are introduced and the students will gain hands-on experience through programming assignments in both shared memory systems and message passing systems.

**S-200912.16**

**Course Deletion — CPSC 325-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 325-3 Introduction to Compiler Design be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 325—Introduction to Compiler Design~~ Introduction to programming language translation. Compilers, interpreters, and other language processors. The phases of a compiler. Lexical analysis and scanner design. Syntax analysis and parsing techniques. Semantic analysis and code generation. Compile time and run-time aspects of semantics. Execution environment and run-time support. Code optimization. Testing. The students will design and implement a compiler for a small Pascal-like language.

**S-200912.17**

**Course Deletion — CPSC 401-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 401-3 Software Engineering for Real-Time Systems be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 401—Software Engineering for Real-time Systems~~ This course introduces typical real-time applications including hard vs. soft real-time systems. A reference model for

real-time systems is developed. Other topics covered include scheduling of periodic and aperiodic tasks, resource access control, multiprocessor scheduling and synchronization, real-time aspects of operating systems and communication protocols, software engineering methods for real-time systems, and representing real-time concepts with Unified Modeling Language (UML). Software tools for development of real-time systems are introduced.

**S-200912.18**

**Course Deletion — CPSC 421-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course CPSC 421-3 Advanced Compilation techniques be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 421—Advanced Compilation Techniques~~ Based on the concepts established in CPSC 325 3, ~~this course provides a broad overview of modern techniques for lexical analysis, syntax analysis, syntax directed translation, type checking, code generation, and code optimization. It addresses the implementation aspects of advanced programming language features, and introduces the student to compiler writing tools and compiler generators.~~

**S-200912.19**

**Course Deletion — CPSC 422-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 422-3 Database Systems be deleted from the Calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 422—Database Systems~~ The course will cover relational, hierarchical, and network systems, storage structure and access methods, data definition and data manipulation language, SQL, relational data structure, relational algebra and calculus, query optimization, recovery and concurrency, security and integrity, introduction to functional dependencies, normalization, 1NF, 2NF, 3NF and BCNF. A relational DBMS and data processing software will be used for understanding SQL and other concepts.

**S-200912.20**

**Course Deletion — CPSC 434-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 434-3 Hardware Architecture be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~[CPSC 434 – Hardware Architecture](#) CPU architecture including registers and accumulators, ALU design, control unit, operand codes and instruction sets, register transfer level language, fetch execute cycle and branching, address and data buses, microcoding of instructions. Memory design and addressing, memory types and memory performance, cache and caching techniques, memory indirect addressing. Interrupts and exception handling techniques. DMA controllers. Pipeline and parallel architectures.~~

**S-200912.21**

**Course Deletion — CPSC 443-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 443-3 Mobile Computing be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~[CPSC 443 – Mobile Computing](#) This course provides an overview of internet, TCP/IP and the field of mobile computing. The topics covered in detail include IEEE 802.11 Wireless LANs, Physical Layer for CDMA and OFDM, MAC Layer for CSMA/CA, 2.5G and 3G cellular architectures, Physical Layer for cellular networks (CDMA, TDMA and OFDM), MAC layer for CDMA and TDMA based cellular networks, Mobile IPv4/v6, and Application Layer (IP Multimedia Subsystem, Multimedia Messaging, Location-Based Services).~~

**S-200912.22**

**Course Deletion — CPSC 460-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 460-3 Computer Science Seminar be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~[CPSC 460 – Computer Science Seminar](#) Topic will vary from year to year. Offered in a seminar format with limited enrolment. Students will complete a substantial project under the supervision of the instructor.~~

**S-200912.23**

**Course Deletion — CPSC 490-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 490-3 Computing Project I be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 490 – Computing Project I This course consists of a large computing project undertaken by the student or teams of students. Projects will be geared to industrial or research needs and designed to give the senior students first hand experience in applying their knowledge and skills to the design and implementation of medium to large software systems. Students will employ standard software engineering practices. Regular project team meetings will be held to review project milestones.~~

**S-200912.24**

**Course Deletion — CPSC 491-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course CPSC 491-3 Computing Project II be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 491 – Computing Project II This course consists of a large computing project undertaken by the students or by teams of students. Projects will be geared to industrial or research needs and designed to give the senior students first hand experience in applying their knowledge and skills to the design and implementation of medium to large software systems. Students will employ standard software engineering practices. Regular project team meetings will be held to review project milestones.~~

**S-200912.25**

**Course Deletion — CPSC 496-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 496-3 Undergraduate Research Project II be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~CPSC 496 – Undergraduate Research Project II This course consists of a small research project undertaken by the student or by teams of students. Projects will consist of the definition of a problem in computing and a literature survey of recent work in the field. Students will be encouraged to define their own possible solutions and to prototype the~~

solutions where appropriate. Regular review of progress will be made in meetings. Skills will be developed in the preparation of topic survey notes and in the development of arguments in support for or against published approaches to computing. Students will be expected to prepare and present their work.

**S-200912.26**

**Course Deletion — CPSC 498-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the course CPSC 498-3 Special Topics in Computer Science I be deleted from the calendar.

Effective date: September 2012

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

CPSC 498—Special Topics in Computer Science I The topic of this course will vary depending upon Faculty and student interest and Faculty availability.

**S-200912.27**

**New Course Approval — CPSC 222-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CPSC 222-3 Introduction to Concurrent and Distributed Programming be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 222-3 Introduction to Concurrent and Distributed Programming** This course introduces the core concepts, techniques, and tools for concurrent and distributed programming. Topics include concurrent programming in shared memory systems and distributed programming in message passing systems. After introducing the necessary concepts, various coordination problems are discussed and then solved using different synchronization mechanisms. Relevant programming environments are introduced and students gain hands-on experience through programming assignments in both shared memory systems and message passing systems.

Prerequisites: CPSC 101-4

**S-200912.28**

**New Course Approval — CPSC 242-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 242-3 Mathematical Topics for Computer Science be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 242-3 Mathematical Topics for Computer Science** This course introduces topics in graphs and trees: terminology, trails, paths, cycles, and shortest paths. As well, this course discusses counting methods: principles of inclusion and exclusion, combinatorial identities and arguments, and generating functions. Topics in probability theory are introduced.

**Prerequisites:** CPSC 141-3; and either MATH 100-3 or MATH 105-3

**Preclusions:** CPSC 142-3

**S-200912.29**

**New Course Approval — CPSC 260-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 260-3 Ethics in Computing Science be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**This course focuses on codes of ethics of computing professional societies, technology and human values, costs and benefits of technology, the social context of work in computer science and engineering, copyright, patents, access, and other concepts.**

**S-200912.30**

**New Course Approval — CPSC 346-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 346-3 Cryptography and Data Security be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**This course is an introduction to the basic algorithms for confidentiality and authenticity of data. Topics include cryptographic primitives and specific realizations, transposition and substitution ciphers, modern private and public key encryption systems, digital signature, realization of AES, DES, RSA, and other systems.**

**Prerequisites:** CPSC 100-4 and CPSC 141-3

**S-200912.31**

**New Course Approval — CPSC 377-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 377-3 Introduction to Robotics be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**This course is an introduction to hardware architecture and control architecture of robotic and mechatronic devices. Topics include electronics, sensor capabilities, calibration of sensors, control of sensor I/O, motor and motion control through duty cycle and pulse width modulation.**

Laboratory topics include the development of interfaces between sensors, their control boards and digital circuitry including microprocessors. Microprocessor control of sensors and motors is developed, including the use of reasoning embedded in onboard microprocessor software for control of robotic actions.

**Prerequisites:**      PHYS 100-4 or PHYS 110-4, CPSC 231-4 or permission of the instructor

**S-200912.32**

**New Course Approval — CPSC 400-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 400-3 Software Engineering Project be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The course provides students, working in groups, with a significant project experience in which they can integrate much of the material they have learned in CPSC 300 Software Engineering, including matters relating to requirements, design, human factors, professionalism, and project management.

**Prerequisites:**      CPSC 300-3

**Preclusions:**      CPSC 301-3

**Course Equivalencies:**      CPSC 301-3

**S-200912.33**

**New Course Approval — CPSC 424-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 424-3 Advanced Database Systems be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is an introduction to advanced concepts in database design and applications. Topics discussed include transaction management, concurrency control, query processing and optimization, recovery and security, data warehousing and data mining, handling of special data types such as multimedia, spatial data, and XML documents. An introduction to object-oriented and object-relational models, parallel and distributed databases, and special purpose databases is also provided. Support for complex applications, information retrieval and data analysis is examined.

**Prerequisites:**      CPSC-321 and CPSC-324 or permission of instructor

**Preclusions:**      CPSC-422-3, CPSC-624-3

**S-200912.34**

**New Course Approval — CPSC 425-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 425-3 Introduction to Compiler Design be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 425-3 Introduction to Compiler Design** This course is an introduction to programming language translation, compilers, interpreters, and other language processors. Topics include the phases of a compiler, lexical analysis and scanner design, syntax analysis and parsing techniques, semantic analysis, code generation, compiler generation tools, compile time and run time aspects of semantics, execution environment and run time support, code optimization, and testing. Students design and implement a compiler for a small language.

**Prerequisites:** CPSC 281-3, CPSC 340-3

**Preclusions:** CPSC 325-3.

**S-200912.35**

**New Course Approval — CPSC 444-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 444-3 Computer Networks be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**This course explores essential topics in computer networks including TCP protocol, TCP reliable transport service, Internet protocol IP addresses, IP datagram and datagram forwarding, IPv6, network applications, real time interactive applications protocols (RTP, RTCP, SIP, H.323), security in computer networks, and network management. Network applications discussed include client-server interaction, naming and domain name system DNS, multimedia networking, VoIP, audio and video streaming.**

**Prerequisites:** CPSC 321-3

**S-200912.36**

**New Course Approval — CPSC 451-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 451-3 Digital Image Processing and Computer Vision be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Digital image processing is central to our digital age. This course explores topics in image representation, transforms, enhancement, restoration, segmentation, retrieval, and indexing.**

**Prerequisites:** CPSC 101-4, CPSC 142-3 or CPSC 242-3, MATH 220-3

**S-200912.37**

**New Course Approval — CPSC 475-3**

Casperson / Hyndman

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course CPSC 475-3 Multiagent Systems be approved as proposed.

Proposed semester of first offering: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** An introduction to the theoretical and practical aspects of intelligent agents and multiagent systems, this course is open to undergraduate students majoring in different areas and fosters creative multidisciplinary interaction. Coverage includes the basic concepts, agent architectures, deductive and practical reasoning agents, reactive and hybrid agents, multiagent interactions, human-agent interactions, agreements, communication, and teamwork. Individual or team projects allow students to explore specific topics in their areas of interest through theoretical or laboratory work.

**Prerequisites:** Upper-division standing in Computer Science, or upper-division standing in another area and permission of the instructor.

**S-200912.38**

**New Program Approval — Minor in International Development Studies**

Adamick / Carriere

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new Minor in International Development Studies be approved as proposed.

Proposed start date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**General Calendar Description:** The International Development Studies minor provides students with the opportunity to learn about the lives of the majority of the world's population. Students have the opportunity to explore the diversity of cultures, political systems, histories, and economic strategies that shape the contemporary context for development. By combining courses from several subject areas and analyzing development as a concept and as a practice at the local, national and international levels, the program provides students with the knowledge and perspectives needed to gain a better understanding of the world in which we all live.

The Minor requires 27 credit hours. 12 credit hours are required in the lower division and at least 12 credit hours must be from the upper division. In the upper division, courses must be chosen from at least three subject areas.

**Curriculum:** Lower division required courses:

ANTH 101-3 Peoples and Cultures

ECON 120-3 Globalization and the World's Economies

GEOG 101-3 Human Geography

HIST 191-3 The West and the World Since 1660

In addition, students must take 15 credit hours of elective courses from at least three subject areas of which at least 12 credit hours must be from the upper division.

Students must take two or more of:

ECON 321-3 Economics of Developing Countries  
ECON 401-3 The Global Economy and Development  
ECON 404-3 Poverty, Inequality and Development  
GEOG 306-3 Geography of International Development  
INTS 304-3 International Development

Other approved courses are:

ANTH 401-3 Anthropological Perspectives on Inequality  
ANTH 404-3 Comparative Study of Indigenous Peoples of the World  
ENGL 340-3 Postcolonial Literature  
ENGL 350-3 Comparative Literature  
ENGL 440-3 Postcolonial Literature  
ENGL 450-3 Special Topics in Comparative Literature  
FNST 416-3 Indigenous Issues in International Perspective  
GEOG 301-3 Cultural Geography  
GEOG 305-3 Political Geography  
GEOG 308-3 Introduction to Medical Geography  
GEOG 309-3 Geographies of Migration and Settlement  
GEOG 401-3 Resource Geography  
GEOG 422-3 Geography and the World Economy  
GEOG 426-3 Geographies of Culture, Rights and Power  
HIST 240-3 The Expansion of Europe  
HIST 241-3 The Age of Empire: Europe and the World 1789-1914  
HIST 280-3 Colonial Latin America  
HIST 281-3 Republican Latin America  
HIST 290-3 The Contemporary World  
HIST 380-3 Modern Mexico  
INTS 205-3 Introduction to International Studies  
INTS 306-3 Human Rights  
INTS 308-3 Gender and International Studies  
INTS 350-3 Pacific Relations  
INTS 371-3 Globalization  
INTS 402-3 Pacific Affairs  
OTRM 403-3 International Dimensions of Recreation and Tourism  
POLS 303-3 Democracy and Dictatorship  
POLS 309-3 Politics and Society in China  
POLS 412-3 Comparative Aboriginal State Relations

Students may count up to 12 credit hours in their Major towards their Minor.

**To Senate for Information:**

The following items were presented to Senate for information.

**SCAPP200911.38**

**Course Description Change — CPSC 101-4**

That the changes to the course description for CPSC 101-4 Computer Programming II be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 101-4 Computer Programming II** This course is a continuation of CPSC 100-4. Objects, classes, inheritance and polymorphism are discussed in depth. Other topics include object-oriented program design and development using principles of software

engineering; modeling with UML; GUI components and graphics; dynamic storage allocation, exception handling, the heap, and garbage collection; run-time support for program execution; and the use of standard libraries. Students work cooperatively to complete a medium-sized project. This course requires both tutorial and laboratory components.

*Prerequisites: CPSC 100-4 and CPSC 141-3*

**SCAPP200911.39**

**Course Title and Description Change — CPSC 126-3**

That the changes to the course title and calendar description for CPSC 126-3 Introduction to Computer Systems be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 126-3 Introduction to Computer Systems Computing** This course is an introduction to computer science. It introduces and exposes the student to the many facets and fields of computer science. Topics discussed include history of computing; algorithms, the hardware and software models of the computer, computer security, problem solving using computers and computer programming; basic and emerging concepts and applications of computer science; the basics of computer networking, and the Internet.

*Prerequisites: Math 12 or Principles of Math 12 or Math 115-3*

**SCAPP200911.40**

**Course Title and Description Change — CPSC 141-3**

That the change(s) to the course title and description for CPSC 141-3 Discrete Computational Mathematics I be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike~~through, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 141-3 Discrete Computational Mathematics** Set theory (review). Elements of combinatorics and probability theory. Mathematical induction. Logical and formal reasoning. Functions and relations. Algorithms. Automata theory and formal languages. Graphs. Trees and tree traversal algorithms. Boolean algebra. This course provides an introduction to set theory, elements of combinatorics and probability theory, logical and formal reasoning using predicate and propositional calculus, together with narrative proof techniques. Other topics include well ordered sets, recursive definitions and mathematical induction; introductory number theory including the division algorithm, Euclidean algorithm, prime numbers and the fundamental theorem of arithmetic; properties of functions and relations including bijections, projections, inverses, composition, and Cartesian products.

*Prerequisites: Math 12 or Principles of Math 12 or math 115-3*

*Precluded: CPSC 240-3*

**SCAPP200911.41**

**Course Description and Prerequisite Change — CPSC 200-3**

That the changes to the course description and prerequisites for CPSC 200-3 Algorithm Analysis and Development I be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~**CPSC 200-3 Algorithm Analysis and Development** Topics include asymptotic complexity and notation. Algorithm analysis. Comparison of various sorting algorithms. NP Completeness. Assertions, loop and data type invariants and an introduction to program correctness. Correctness proofs of simple programs. Recursion relationships. Applications.~~

**CPSC 200-3 Algorithm Analysis and Development** This course introduces the development and analysis of algorithms. Topics include asymptotic complexity and notation, algorithm analysis, comparison of sorting algorithms, NP Completeness, assertions, and loop and data type invariants. An introduction to program correctness is given and correctness proofs of simple programs are discussed. Recursion relationships are examined. Applications of algorithms are considered.

*Prerequisites:* CPSC 101-4 and CPSC 142-3 141-3

**SCAPP200911.42**

**Course Prerequisite Change — CPSC 230-4**

That the changes to the prerequisites for CPSC 230-4 Introduction to Logic Design be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 230-4 Introduction to Logic Design** Topics include principles of digital circuit design, boolean algebra, basic switching functions and gate-level implementation, canonical forms, algebraic simplifications, Karnaugh maps, Quine-McCluskey tables, voltage assignments, logic technologies, combinational logic circuits, decoders, encoders, multiplexers, demultiplexers, comparators, adders, sequential logic circuits, clocked flip-flops, registers, counters, register transfer logic, central processing unit, instruction set, addressing modes, arithmetic and logic units, control unit, bus organization.

*Prerequisites:* CPSC 100-4, ~~CPSC 142-3~~ CPSC 141-3

**SCAPP200911.43**

**Course Description Change — CPSC 231-4**

That the changes to the course description for CPSC 231-4 Computer Organization and Architecture be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 231-4 Computer Organization and Architecture** This course introduces computer organization and architecture. Topics include: computer abstractions and technology, characteristics of good computer architecture, instruction set architecture, Reduced Instruction Set Computers (RISC), Complex Instruction Set Architecture Computers (CISC), GPU, processor datapath and control, pipelining, hyper-threading, memory systems, acceleration mechanisms, I/O systems, bus, multiprocessors, parallel computers, and Flynn's Taxonomy. Single Instruction Multiple Data (SIMD) machines, Multiple Instructions Multiple Data (MIMD) machines. Students gain hands-on experience through a series of assembly level programming lab assignments using a simulator of a simple machine.

Prerequisites: CPSC 230-4

**SCAPP200911.44**

**Course Title and Description Change — CPSC 300-3**

That the changes to the title and course description for CPSC 300-3 Software Engineering I be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 300-3 Software Engineering I**—Fundamental problem-solving concepts, the software development process, software requirements and specifications, software design and implementation, verification and validation, organization and management of programming teams, and documentation are discussed. Students work on a ~~major team programming project over two semesters, and should enroll in CPSC 301-3 upon successful completion of this course.~~

Prerequisites: CPSC 281-3

**SCAPP200911.45**

**Course Description and Prerequisite Change — CPSC 320-3**

That the changes to the course description and prerequisites for CPSC 320-3 Programming Languages be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 320-3 Programming Languages** This course is a general introduction to programming languages. Topics include: ~~Formal grammars, Extended Backus-Naur Form (EBNF), and syntax diagrams; lambda calculus, Floyd-Hoare logic, and denotational semantics; data types, memory models, control structures, definitions, and binding; abstraction and parameter passing; programming paradigms; language design and evaluation; and case studies. Assignments include laboratory work.~~ an overview of programming languages and language design objectives, specification of syntax and semantics, virtual machines and language translation, lambda calculus and theoretical fundamentals, program correctness and reasoning about programs, programming language constructs, declarations and types, abstraction mechanisms, and programming paradigms. An interpreter-based approach is used to describe the semantics of language constructs. Assignments include case studies and laboratory work.

Prerequisites: ~~CPSC 231-4 and CPSC 281-3~~ CPSC 242-3 and CPSC 200-3, or permission of

the instructor.

Recommended: CPSC 340-3

**SCAPP200911.46**

**Course Description and Prerequisite Change — CPSC 321-3**

That the changes to the course description and prerequisites for CPSC 321-3 Operating Systems be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 321 - Operating Systems** This course introduces the fundamental concepts of operating systems. Topics include tasking and processes, process co-ordination and synchronization, scheduling and dispatch, physical and virtual memory organization, paging and segmentation, device management, file systems, and security and protection. ~~communications and networking, distributed and real-time systems.~~ Students will study a simple operating system and have an opportunity to make modifications to it in laboratory exercises.

*Prerequisites:* CPSC 231-4, CPSC 281-3, ~~MATH 340~~, CPSC 222, CPSC 242

**SCAPP200911.47**

**Course Description and Prerequisite Change — CPSC 340-3**

That the change(s) to the course description and prerequisites for CPSC 340-3 Theory of Computation be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 340-3 Theory of Computation** This course examines regular expressions, deterministic and non-deterministic finite automata, ~~Mealy machines~~, context-free and other grammars, pushdown automata, Chomsky and Greibach normal forms, Chomsky hierarchy, pumping lemmas, Turing machines, undecidability, computability, recursive function theory, computational complexity of computation, NP-hard and NP-complete problems.

*Prerequisites:* ~~CPSC 241-3~~CPSC 242-3 or CPSC 242-3

**SCAPP200911.48**

**Course Description and Prerequisite Change — CPSC 370-3**

That the change(s) to the course description and prerequisites for CPSC 370-3 Logic and Functional Programming be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 370-3 Logic and Functional Programming** This course provides an introduction to programming in symbolic languages such as the functional language Scheme and the logic programming language Prolog, with applications to systems programming, symbolic computation, artificial intelligence and other ~~and other~~ areas.

Prerequisites: CPSC 281-3 and CPSC 442-3 141-3

**SCAPP200911.49**

**Course Description Change — CPSC 441-3**

That the changes to the course description for CPSC 441-3 Distributed Systems be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 441-3 Distributed Systems** ~~Evolution of technology and concepts underlying distributed computing systems. Fundamentals and principles of distributed computing. Language constructs for distributed programming. Formal specification of distributed systems. Distributed algorithms. Elements of distributed operating systems. Elements of fault-tolerant distributed architecture.~~ This course covers the fundamental principles and paradigms underlying the design of distributed computing systems. Coverage includes the definition and types of distributed systems, communication, processes, naming, synchronization, consistency and replication, fault tolerance, and security. Term projects focus on case studies of specific systems representing web-based, peer-to-peer, mobile, grid, and other modern paradigms.

*Prerequisites:* CPSC 321-3, or permission of the instructor

**SCAPP200911.50**

**Course Description Change — CPSC 442-3**

That the changes to the course description for CPSC 442-3 Parallel Computing be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 442-3 Parallel Computing** ~~Classification of parallel architectures. SIMD vs. MIMD. Distributed vs shared memory. Interconnection networks. Topologies of dynamic and static networks. Basic communications operations. Basic procedures on processor networks. Vectorizing. Pipelining. Parallel algorithms (for matrix multiplication, Gaussian elimination, sorting, etc.). Task scheduling. Implementation of parallel programs on parallel machines. Performance issues in parallel computing. Parallel libraries (PVM and MPI).~~

This course introduces students to concepts in high performance computing. Topics include classification of parallel architectures, basic communications operations, interconnection networks, topologies of dynamic and static networks, performance issues and techniques for optimization, and dynamic programming. Parallel algorithm design for high-performance computing such as applications in computational biology, finite-element and finite-difference methods for numerical simulations, dense/sparse matrix algorithms, and multidimensional data structures is also discussed. Message passing (MPI and OpenMP) is used for implementation of algorithms on high performance cluster computers.

*Prerequisites:* CPSC 321-3 or permission of the instructor

**SCAPP200911.51**

**Course Description and Prerequisite Change — CPSC 450-3**

That the changes to the course description and prerequisites for CPSC 450-3 Bioinformatics be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 450-3 – Bioinformatics** ~~Bioinformatics studies~~ This course introduces computational techniques for solving biological problems. The course introduces students to the computational analysis of biological sequence data and presents an overview of the research, its applications, tools and the methods used to analyze large biological data sets. The topics covered include an introduction to ~~After introducing molecular biology for computer scientists—~~ cells and organelles, chromosome, gene, DNA, RNA, proteins, transcription and translation— ~~the course explores pairwise and multiple sequence alignment, sequence database searches, pattern identification of genes, promoters and transcription factor binding sites, as well as secondary and tertiary structure prediction for RNA and proteins. Markov models for gene prediction are introduced.~~ and bioinformatics, DNA, Markov chains, Gene algorithms, string matching ~~Pairwise alignment, Multiple sequence alignment, Grammatical framework Hidden Markov Models, Protein secondary structure, Protein 3D structure RNA structure, database searching. General Programming skills (e.g. Perl) are required.~~

~~*Co-requisites:* CPSC 422-3 or permission of the instructor.~~

~~*Prerequisites:* CPSC 324-3 or permission of the instructor.~~

**SCAPP200911.52**

**Course Description and Prerequisite Change — CPSC 472-3**

That the changes to the course description and prerequisites for CPSC 472-3 Knowledge Based Systems be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~Rule-based forward-chaining and backward-chaining systems, theorem provers, inference engines and meta-interpreters. Knowledge representation and knowledge acquisition, machine learning techniques. Uncertainty, Bayesian probability, certainty factors, non-monotonic logics and reasoning with beliefs, fuzzy logic and other approaches.~~

This course introduces students to Expert Systems. The two major topics addressed are Rule-based systems and Fuzzy Logic systems. Goal driven forward-chaining and backward-chaining paradigms are introduced. Automatic theorem provers, inference engines and problems of knowledge representation and knowledge acquisition are discussed. Approaches to reasoning about uncertainty are covered including Bayesian probabilities, certainty factors, non-monotonic logics and reasoning with beliefs. A Fuzzy Logic system is implemented and an application is developed and tested.

~~*Prerequisites:* CPSC 371-3 370-3 or permission of the instructor~~

**SCAPP200911.53**

**Course Description and Prerequisite Change — CPSC 474-3**

That the changes to the course description and prerequisites for CPSC 474-3 Natural Language Processing be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 474-3 Natural Language Processing** ~~Formal grammars and the Chomsky hierarchy. Natural languages and models of syntax. Lexicons and augmented lexicons, feature structures, morphology. Top down and bottom up parsers, left corner and chart parsers. Dealing with context sensitivity. Semantic structures and knowledge representation for NLP. Linguistic models, LFP, HPSG, Principles and Parameters. Introduction to discourse models and extra-sentential processing.~~

The course introduces the formal and practical methods of Natural Language processing. Topics include formal grammars and the Chomsky hierarchy, natural languages, models of syntax, augmented lexicons, parsing methods, semantic structures and knowledge representation for natural language processing, linguistic models, discourse models, problems of reference, machine translation, part of speech tagging, ambiguity and information retrieval.

*Prerequisites:* CPSC ~~374-3~~ 370-3 or permission of the instructor

**SCAPP200911.54**

**Course Description and Title Change — CPSC 499-3**

That the change to the course description and title for CPSC 499-3 Special Topics II be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 499-3 Special Topics-II**

The topics for this course ~~will~~ vary, depending on student interest and faculty availability. This course may be retaken any number of times, provided all topics are distinct.

*Prerequisites:* Permission of the instructor

**SCAPP200911.55**

**Calendar Description Change — Environmental Engineering Program**

That the change(s) to the Calendar Description for Environmental Engineering be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Graduation**

It is the responsibility of the student to ensure that his/her degree requirements are met. Students must have a ~~CGPA of at least 2.00 (63%) over all courses~~ good academic standing at

both institutions to graduate: a CGPA of at least 2.00 (63%) over all courses taken at UNBC; and an average of at least 55%, and passing grades in at least 65% of the credits taken at UBC. The diploma will carry crests from both granting institutions (UNBC and UBC).

## 7.2 Senate Committee on Research and Graduate Studies

Fondahl

### **S-200912.39**

#### **Calendar Change — Time Limit for Completion of Master's Degree Requirements**

Reid / Chasteaneuf

That, on the recommendation of the Senate Committee on Research and Graduate Studies, 4.2 Time Limit of the Graduate Calendar be amended to read as proposed.

Effective date: January 1, 2010 but retroactive for all current students

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### 4.2 Time Limit

The maximum time for completion given below is not intended to be the normal time for completion. It is intended to take into account a wide variety of extraordinary circumstances and events that may delay completion.

**4.2.1** Normally, a student proceeding toward a Master's degree will be required to complete all degree requirements within five years (60 consecutive months) from the date of the first registration in the Master's degree. In no case will a degree be awarded in less than 12 consecutive months from the time of the first registration. However, it is expected that a full-time student will complete a Master's degree within 36 consecutive months from the date of first registration.

4.2.2 Variances to the time limits specified in 4.2.1 are as follows:

- Master of Education (Part time) seven years (84 consecutive months),
- Master of Education (Full time) four years (48 consecutive months).

**4.2.2 3** If a degree is not awarded within ~~five years of~~ the specified period following the first registration, the student will be withdrawn from the program. Under exceptional circumstances, time extensions may be granted by the ~~Associate~~ Dean of Graduate Programs. Such requests for time extension must be made in writing to the ~~Associate~~ Dean of Graduate Programs prior to the end of the semester in which the student's time limit expires.

4.2.4 Variances to the time limits specified in 4.2.3 are as follows:

- Master of Education (Part time) seven years (84 consecutive months).

The request must include a timeline for the completion of the degree accompanied by supporting documentation from the student's supervisor.

An Executive Summary of the proposed changes to the Health Sciences curriculum was included for information.

**S-200912.40**

**Change to September Semester Application Deadline — Disability Management MA**

Hartley / Adamick

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the change to the Application deadline for the September Semester for Disability Management (MA), from March 15 to February 15, be approved as proposed.

Effective date: Upon Senate approval

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Page 35, Graduate 2009/10 Calendar:**

**Under 2010 January Semester**

**February**

- 12 Friday Last day to withdraw from January Semester courses without academic penalty\*.
- 15 Monday Application deadline for UNBC administered Graduate Awards.  
Application deadline for the May Semester for the following Graduate Programs:  
Interdisciplinary Studies (MA, MSc).  
Application deadline for the September Semester for the following Graduate Programs:  
Community Health Science (MSc), Disability Management (MA), Education (MEd), First Nations Studies (MA), Gender Studies (MA), History (MA), Interdisciplinary Studies (MA, MSc), International Studies (MA), Mathematical, Computer, & Physical Sciences (MSc), Natural Resources & Environmental Studies (MA, MSc, MNRES) and (PhD), Nursing (MScN, MScN:FNP), Political Science (MA), Social Work (MSW).  
Beginning of Mid-Semester Break. No classes February 15-19.

**March**

- 1 Monday Deadline for application to graduate in 2010.
- ~~15 Monday Application deadline for Disability Management (MA) for September 2010 Semester. (DELETE)~~

**S-200912.41**

**Change to Program Requirements — List of Elective Courses, MA Disability Management Distance Mode**

Hartley / Adamick

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the change to the list of elective courses for the MA Disability Management – Distance Mode, an addition of HHSC 602-3 Organization and Financing of Canadian Health Care, be approved as proposed.

Effective date: Upon Senate approval

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**(Page 66, Graduate 2009 – 2010 Calendar, under Distance Mode)  
Elective Courses**

Candidates must complete a minimum of 9 ~~nine~~ credit hours from the following list. Not more than six credit hours can be from any one area other than Disability Management.

DISM 720-3 Special Topics  
DISM 798-(3-6) Directed Studies  
HHSC 602-3 Organization and Financing of Canadian Health Care  
POLS 603-3 Social and Health Policy and Administration  
PSYC 620-3 Health Psychology  
SOCW 605-3 Community Work/Politics of Change

Other courses may be substituted or added with the approval of the student's Supervisory Committee.

Motions S-200912.42 to S-200912.44 were dealt with as an omnibus motion.

### **S-200912.42**

#### **Change to Program Requirements — Community Health Science, MSc Program (Cancellation of Nursing Stream)**

Wagner / Hutchings

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the changes to the Community Health Science (MSc Program), cancelling the Nursing Stream and making the following deletions, be approved as proposed.

Effective date: Upon Senate approval

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **A) Page 62 (right column)**

### **Admission**

In addition to the admission application requirements outlined in Section 1.0 of the Graduate Academic Calendar, applicants are required to undergo a criminal records search, and provide evidence of this prior to being considered for admission.

~~There are two streams for the Community Health Science (MSc Program): i) General Stream and ii) Nursing Stream. DELETE~~

Application deadlines are found in this calendar under "Semester Dates" or online at: [www.unbc.ca/calendar/graduate.html](http://www.unbc.ca/calendar/graduate.html), also under "Semester Dates." The Community Health Science MSc Program accepts students for the September Semester.

## **B) Page 63 (left column)**

### **~~Additional Prerequisites for Nursing Stream~~**

~~Students are expected to have undergraduate courses in nursing theory, health assessment, and community health nursing. Students must have and maintain practising registration with the Registered Nurses Association of British Columbia. A letter confirming verification of registration from the Association must be received by the Office of the Registrar prior to registration each year. DELETE~~

## **Requirements**

### ~~i) General Stream~~

~~Seven (21 credit hours) courses (21 credit hours) at the graduate level, and a thesis (nine credit hours) are required.~~

### ~~ii) Nursing Stream~~

~~Seven (21 credit hours) courses at the graduate level, and a thesis (nine credit hours) are required. DELETE~~

C) Page 63 (right column)

## Additional Course Requirements

i) ~~General Stream~~

Three ~~(9 credit hours)~~ courses (9 credit hours), chosen in consultation with the advisor.

Examples of courses taken by our students are:

ECON 610-3 Health Economics  
EDUC 603-4 Advanced Educational Research Data Analysis  
GEOG 628-3 Medical Geography  
PSYC 605-4 Quantitative Methods II  
PSYC 620-3 Health Psychology  
PSYC 720-3 Cross-Cultural Communication in Health Care Settings  
SOCW 610-3 Addictions and Mental Health

### Thesis

The thesis (HHSC 799-9) shall be assigned a credit of nine hours.

ii) ~~Nursing Stream~~

NURS 701-6 Advanced Clinical Practice in Community Health Nursing  
~~or NURS 702-6 Continuing Community Care~~  
NURS 702-6 Continuing Community Care  
NURS 703-3 Health Program Development and Evaluation

### Thesis

The thesis (HHSC 799-9) shall be assigned a credit of nine credit hours.

#### **S-200912.43**

#### **Change to Program Requirements — Community Health Science, MSc Program (Addition of HHSC 603-3 to List of Additional Course Requirements)**

Wagner / Hutchings

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the change to the list of additional course requirements in Community Health Sciences (MSc program), an addition of HHSC 603-3 Community Research Methods, be approved as proposed.

Effective date: Upon Senate approval

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

i) General Stream

Three ~~(9 credit hours)~~ courses (9 credit hours), chosen in consultation with the advisor.

Examples of courses taken by our students are:

HHSC 603-3 Community Research Methods

ECON 610-3 Health Economics  
EDUC 603-4 Advanced Educational Research Data Analysis  
GEOG 628-3 Medical Geography  
PSYC 605-4 Quantitative Methods II  
PSYC 620-3 Health Psychology  
PSYC 720-3 Cross-Cultural Communication in Health Care Settings  
SOCW 610-3 Addictions and Mental Health

#### **S-200912.44**

#### **New Course Approval — HHSC 795-3**

Wagner / Hutchings

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course HHSC 795-3 Research Seminar be approved as proposed.

Proposed semester of first offering: January 2010

It was asked whether the effective date of this motion should not be January 2010, and the Registrar responded that, because no courses were created without Senate approval, the proposed semester of first offering was effectively January 2010.

CARRIED, with the "Proposed semester of first offering" changed from "Upon Senate approval" to "January 2010."

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** This course is focused on supporting students' ongoing work with respect to their theses. In particular, the course identifies and explains the various tasks that are typically involved in the development of a thesis, including, for example, design, implementation, analysis, interpretation, and writing. Co-operative problem solving is employed to assist students in developing their thesis plans.

**Prerequisites:** EDUC 602-4 or HHSC 601-3 and HHSC 603-3

**Co-requisites:** Nil.

**Preclusions:** EDUC 795-3

**Course Equivalencies:** EDUC 795-3

An Executive Summary of the proposed changes to the Computer Science Program curriculum was included for information.

Motions S-200912.45 to S-200912.50 were dealt with as an omnibus motion.

#### **S-200912.45**

##### **Course Deletion — CPSC 622-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the course CPSC 622-3 Database Systems be deleted from the calendar.

Effective date: September 2012

CARRIED.

~~CPSC 622 – Database Systems~~ Relational, hierarchical, and network systems, storage structure and access method, data definition and data manipulation languages, SQL, relational data structure, relational algebra and calculus, query optimization, recovery and concurrency, security and integrity, introduction to functional dependencies, normalization, 1NF, 2NF, 3NF and BCNF. A relational DBMS and data processing software will be used for understanding SQL and other concepts.

#### **S-200912.46**

##### **New Course Approval — CPSC 624-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course CPSC 624-3 Advanced Database Systems be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course introduces advanced concepts in database design and applications. Topics include transaction management, concurrency control, query processing and optimization, recovery and security, data warehousing and data mining, handling of special data types such as multimedia, spatial data, and XML documents. An introduction to object-oriented and object-relational models, parallel and distributed databases, and special purpose databases is also provided. Support for complex applications, information retrieval and data analysis is examined.

**Prerequisites:** Permission of the instructor

**Co-requisites:** None

**Preclusions:** CPSC 424-3

**S-200912.47**

**New Course Approval — CPSC 642-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course CPSC 642-3 Parallel Computing be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course introduces students to concepts in high performance computing. Topics include classification of parallel architectures, basic communications operations, interconnection networks, topologies of dynamic and static networks, performance issues and techniques for optimization, and dynamic programming. Parallel algorithm design for high-performance computing—such as applications in computational biology, finite-element and finite-difference methods for numerical simulations, dense/sparse matrix algorithms, and multidimensional data structures—is also discussed. Message passing (MPI and OpenMP) is used for implementation of algorithms on high performance cluster computers.

**Prerequisites:** Permission of instructor

**Co-requisites:** None

**Preclusions:** CPSC 442-3

**S-200912.48**

**New Course Approval — CPSC 644-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course CPSC 644-3 Computer Networks be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course explores essential topics in computer networks including TCP protocol, TCP reliable transport service, Internet protocol IP addresses, IP datagram and datagram forwarding, IPv6, network applications, real time interactive applications protocols (RTP, RTCP, SIP, H.323), security in computer networks, and network management. Network

applications discussed include client-server interaction, naming and domain name system DNS, multimedia networking, VoIP, audio and video streaming.

**Prerequisites:** Permission of the instructor

**Co-requisites:** None

**Preclusions:** CPSC 444-3

**S-200912.49**

**New Course Approval — CPSC 651-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course CPSC 651-3 Digital Image Processing and Computer Vision be approved as proposed.  
Proposed semester of first offering: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Digital image processing is central to our digital age. This course explores topics in image representation, transforms, enhancement, restoration, segmentation, retrieval, and indexing.

**Prerequisites:** Permission of instructor

**Co-requisites:** None

**Preclusions:** CPSC 451-3

**S-200912.50**

**New Course Approval — CPSC 675-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course CPSC 675-3 Multiagent Systems be approved as proposed.  
Proposed semester of first offering: January 2010  
CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Calendar Course Description:** An introduction to the theoretical and practical aspects of intelligent agents and multiagent systems, this course is open to graduate students in different areas and fosters creative multidisciplinary interaction. Coverage includes the basic concepts, agent architectures, deductive and practical reasoning agents, reactive and hybrid agents, multiagent interactions, human-agent interactions, agreements, communication, and teamwork. Individual or team projects allow students to explore specific topics in their areas of interest through theoretical or laboratory work.

**Prerequisites:** Permission of the instructor

**Co-requisites:** none

**Preclusions:** CPSC 475-3

**To Senate for Information:**

The following items were presented to Senate for information.

**SCRG200911.11**

**Change to Calendar Course Description — HHSC 602-3**

That the change to the course description for HHSC 602-3 Organization and Financing of Canadian Health Care, adding a Preclusion of POLS 603-3 and POLS 403-3, be approved as proposed.  
Effective date: Upon Senate approval

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Page 113, Graduate 2009/10 Calendar: Under Health and Human Sciences**

HHSC 602-3 Organization and Financing of Canadian Health Care  
The historical development and current structure and financing of the Canadian health care system ~~will be~~ are related to changes that have occurred in the political, social, and technological environment.

Precluded: POLS 603-3 and POLS 403-3

### **SCRGS200911.12**

#### **Change to Calendar Course Description — HHSC 703-3**

That the changes to the calendar course description for HHSC 703-3 Advanced Qualitative Research Approaches in Health and Human Sciences be approved as proposed.  
Effective date: Upon Senate approval

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Health and Human Sciences

### **b. Page 114**

#### **Under: Health and Human Sciences**

~~HHSC 703-3 Advanced Qualitative Research Approaches in Health and Human Sciences~~ This course ~~will~~ explores various approaches to qualitative research in the health and human sciences. ~~These~~ approaches ~~will be~~ discussed in light of the epistemological and ontological commitments, their methods and their demands upon the researcher. ~~Included~~ will be is an examination of inherent issues of ethics and rigour. The approaches ~~to be~~ examined ~~would~~ normally include: phenomenology, interpretive phenomenology, participatory action research, feminist research, grounded theory and institutional ethnography.

Precluded: NURS 609-3

### **SCRGS200911.40**

#### **Course Description and Prerequisite Change — CPSC 641-3**

That the changes to the course description and prerequisites for CPSC 641-3 Distributed Systems be approved as proposed.  
Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **CPSC 641-3 Distributed Systems ~~Evolution of technology and concepts underlying~~**

~~distributed computing systems. Fundamentals and principles of distributed computing. Language constructs for distributed programming. Formal specification of distributed systems. Distributed algorithms. Elements of distributed operating systems. Elements of fault-tolerant distributed architectures. This course covers the fundamental principles and paradigms underlying the design of distributed computing systems. The coverage includes the definition and types of distributed systems, communication, processes, naming, synchronization, consistency and replication, fault tolerance, and security. Term projects focus on case studies of specific systems representing web-based, peer-to-peer, mobile, grid, and other modern paradigms.~~

~~Prerequisites: CPSC 320-3 and 321-3 or Permission of the instructor  
Precluded: CPSC 441-3~~

**SCRGS200911.41**

**Course Description Change — CPSC 650-3**

That the changes to the course description for CPSC 650-3 Bioinformatics be approved as proposed.  
Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 650 – Bioinformatics** ~~Bioinformatics studies~~ This course introduces computational techniques for solving biological problems. ~~The course introduces students to the computational analysis of biological sequence data and presents an overview of the research, its applications, tools and the methods used to analyze large biological data sets. The topics covered include an introduction to~~ After introducing molecular biology for computer scientists— ~~cells and organelles, chromosome, gene, DNA, RNA, proteins, transcription and translation—~~ the course explores pairwise and multiple sequence alignment, sequence database searches, pattern identification of genes, promoters and transcription factor binding sites, as well as secondary and tertiary structure prediction for RNA and proteins. Markov models for gene prediction are introduced. ~~and bioinformatics, DNA, Markov chains, Gene algorithms, string matching Pairwise alignment, Multiple sequence alignment, Grammatical framework Hidden Markov Models, Protein secondary structure, Protein 3D structure RNA structure, database searching. General Programming skills (e.g. Perl) are required.~~

~~Prerequisites: Permission of the instructor.~~

~~Precluded: CPSC 450-3~~

**SCRGS200911.42**

**Course Description and Prerequisite Change — CPSC 672-3**

That the changes to the course description and prerequisites for CPSC 672-3 Knowledge Based Systems be approved as proposed.  
Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CPSC 672-3 Knowledge Based Systems**

~~Rule-based forward-chaining and backward-chaining systems, theorem provers, inference engines and meta-interpreters. Knowledge representation and knowledge acquisition, machine~~

learning techniques. Uncertainty, Bayesian probability, certainty factors, non-monotonic logics and reasoning with beliefs, fuzzy logic and other approaches.

This course introduces students to Expert Systems. The two major topics addressed are Rule-based systems and Fuzzy Logic systems. Goal-driven forward-chaining and backward-chaining paradigms are introduced. Automatic theorem provers, inference engines and problems of knowledge representation and knowledge acquisition are discussed. Approaches to reasoning about uncertainty, including Bayesian probabilities, certainty factors, non-monotonic logics and reasoning with beliefs, are covered. A Fuzzy Logic system is implemented and an application is developed and tested.

Prerequisites: CPSC 374-3 or permission of the instructor

Precluded: CPSC 472-3

**SCRGS200911.43**

**Course Description and Prerequisite Change — CPSC 674-3**

That the changes to the course description and prerequisites for CPSC 674-3 Natural Language Processing be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~Formal grammars and the Chomsky hierarchy. Natural languages and models of syntax. Lexicons and augmented lexicons, feature structures, morphology. Top down and bottom up parsers, left corner and chart parsers. Dealing with context sensitivity. Semantic structures and knowledge representation for NLP. Linguistic models, LFP, HPSG, Principles and Parameters. Introduction to discourse models and extra-sentential processing.~~

This course introduces the formal and practical methods of Natural Language processing. Topics include formal grammars and the Chomsky hierarchy, natural languages, models of syntax, augmented lexicons, parsing methods, semantic structures and knowledge representation for natural language processing, linguistic models, discourse models, problems of reference, machine translation, part of speech tagging, ambiguity and information retrieval.

Prerequisites: CPSC 374-3 or permission of the instructor

Precluded: CPSC 474-3

##### **Approval of 2008-2009 Annual Report**

That the 2008-2009 Annual Report (September 1, 2008 to August 31, 2009) from the Senate Committee on Academic Appeals be approved as proposed, and forwarded to Senate for information.

Effective date: October 30, 2009

Senator Binnema, Chair of the Senate Committee on Academic Appeals, was asked why the number of appeals has risen since last year. Senator Binnema responded that, in his estimation, as certain Programs grow, so do the number of appeals coming from students in some of those Programs.

#### **8.0 Other Business**

##### **8.1 Report of the Registrar (no material)**

**DeGrace**

Mr. DeGrace reported a change to the proposed semester of first offering for MATH 671 (from January 2011 to September 2010) and MATH 675 (from January 2011 to January 2010), but noted that there was no change required to the corresponding 400-level courses.

#### **9.0 Information**

Senators were advised that a document containing revisions to the student conduct policy and regulations, recently approved by the Board of Governors, was available for pickup near the sign-in sheet.

#### **10.0 S-200912.52**

##### **Adjournment**

Hutchings / Hyndman

That the Senate meeting be adjourned.

CARRIED.

The Senate meeting ended at 4:10 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

January 20, 2010  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre

---

**Present:**

E. Annis, G. Ashoughian, S. Beeler, C. Bock, D. Casperson, C. Chasteauneuf, M. Dale (Vice Chair), A. Dayanandan, H. Donker, R. Ellis, G. Fondahl, W. Haque, I. Hartley, R. Hoffman, K. Hutchings, J. Hyndman, J. Jeffery, E. Jensen, D. Macknak, W. McGill, S. McKenzie, C. Myers (Recording and Acting Secretary of Senate), D. Nyce, C. O'Callaghan, M. Reid, R. Robinson, K. Vandersteen, S. Wagner, S. Zahir

**Regrets:**

T. Binnema, J. DeGrace (Secretary of Senate), S. Déry, G. Iwama (Chair), R. Lazenby, S. Rennebohm, I. Uche-Ezeala, A. Yakemchuk, J. Young

**Absent:**

U. Eka, A. Jacob

---

The meeting commenced at 3:30 p.m. In the absence of the President, the meeting was chaired by the Vice Chair, Dr. Dale.

**1.0 S-201001.01  
Approval of the Agenda**

Reid / Jensen

That the Agenda for the January 20, 2010 Public Session of Senate be approved as presented.

Senators requested removal of the following items from the Consent Agenda, for placement on the Regular Agenda:

- 1) S-201001.10 (Course Prefix, Description and Prerequisite Changes — CHEM 306)
  - 2) S-201001.16 (Change to Program Requirements — Major in Chemistry)
  - 3) SCAPP200912.08 (Course Title and Description Change — POLS 413-3)
  - 4) SCAPP200912.45 (New Course Approval — XREL 112-3)
  - 5) S-201001.25 (New Course Approval – COMM 616-3)
  - 6) S-201001.26 (New Course Approval – COMM 617-3)
  - 7) S-201001.27 (New Course Approval – COMM 618-3)
  - 8) S-201001.28 (New Course Approval – COMM 626-3)
  - 9) S-201001.29 (New Course Approval – COMM 627-3)
  - 10) S-201001.30 (New Course Approval – COMM 628-3)
  - 11) S-201001.31 (New Course Approval – COMM 637-3)
  - 12) S-201001.32 (New Course Approval – COMM 638-3)
  - 13) S-201001.33 (New Course Approval – COMM 639-3)
  - 14) S-201001.34 (New Course Approval – COMM 646-3)
-

- 15) S-201001.35 (New Course Approval – COMM 647-3)
- 16) S-201001.36 (New Course Approval – COMM 648-3)
- 17) S-201001.37 (New Course Approval – COMM 656-3)
- 18) S-201001.38 (New Course Approval – COMM 657-3)
- 19) S-201001.39 (New Course Approval – COMM 658-3)
- 20) S-201001.40 (New Course Approval – COMM 662-3)
- 21) S-201001.41 (New Course Approval – COMM 760-3)
- 22) S-201001.42 (New Course Approval – COMM 762-(3-6))
- 23) S-201001.43 (New Course Approval – COMM 763-12)

The request to remove the new COMM courses was based on the premise that the new MSc in Business Administration was placed on the regular agenda, and that it therefore did not make sense to approve the new courses prior to approving the new degree.

The motion to approve the agenda, as amended, was CARRIED.

**2.0 S-201001.02  
Approval of Senate Minutes**

Hutchings / Jeffery

That the Minutes of the December 9, 2009 Public Session of Senate be approved as presented. CARRIED.

**3.0 Business Arising from Previous Minutes of Senate**

No business arising was identified.

**4.0 President's Report**

**Iwama**

Dr. Dale reported that Dr. Iwama was in Japan on business. Since Dr. Iwama was absent, Dr. Dale read the report from the President, which had been submitted in writing. The President reported that work on the proposal for the Wood Innovation and Design Centre was well underway, and that Dr. Dale would likely be providing further information in his report. Dr. Iwama also reported that the University Plan was in very rough draft form, that the Vice Presidents were currently reviewing the report, and that he planned to discuss the Plan at the Board meeting in January and then bring it to Senate for discussion in February. Dr. Iwama added that a second draft of the report would then be produced and mounted on the Planning website for input, and that he intended for the Plan to be finalized in the spring of 2010. In the President's estimation, the Plan would produce no surprises, as it was essentially an affirmation of what UNBC is — a place of scholarship, of teaching, of service and partnership, and a strong community of people. Dr. Iwama has asked the Vice Presidents to consider this Plan as the basis for their strategic plans, which they will be developing this year. Finally, the President noted that, combined with the strategic action plans of the Vice Presidents, UNBC's direction should be clarified this year, and thanked Senators for their patience while this exercise was undertaken.

In his report, Dr. Iwama also indicated that there would be another meeting jointly between the Board of Governors and the Senate, and that it may be held in June when there is a Board meeting and the new Chancellor is available. In addition, Dr. Iwama reported that the new Chancellor had been selected and agreed to serve UNBC in this capacity, and that the announcement would be made before the beginning of May when his term begins.

It was reported by Dr. Iwama that several initiatives were underway to collect funds for the terrible tragedy in Haiti. He noted some of these initiatives and asked that Senators support the students in their various efforts to reach out and help the community in need.

Finally, the President indicated he was sorry to miss this Senate meeting, since it was the first of the trials to hold an information / discussion session, and that he looked forward to hearing how this went.

## 5.0 Report of the Provost

Dale

Dr. Dale reported on the Wood Innovation and Design Centre, noting that the proposal was moving forward. He indicated that he hoped it would be submitted to the Treasury Board before the Olympics begin. He added that this was a large, complicated, and expensive initiative. Finally, Dr. Dale stated that the current proposal was a concept plan and, if it is approved by the Treasury Board, the development of a full business plan would be the next step. He indicated that this process would take months, and that if approval was granted, it was anticipated the facility would be completed by the summer of 2013 and that students could use the facility beginning in September 2013. Finally, the Provost expressed that this initiative would transform UNBC, the downtown area of Prince George, and the economy of the region, so it was worth pursuing.

## 6.0 Question Period

A Senator asked about the status of the meetings and processes related to Continuing Studies courses for credit. The Director of Continuing Studies, Senator Macknak, responded that several meetings had been held to discuss this, and that processes were being reviewed. He added that the major issue is duplication of course credit, so enrolments have been suspended in courses with overlap until this has been resolved. He added that the SCAPP and SCRGs Continuing Studies Credit Committee would be meeting later this week to look at these issues. It was also asked what the Senate Committee on Academic Policy Planning was doing to ensure the library has the resources needed to support Continuing Studies Courses. The Librarian agreed that this was a concern, and it was noted that Continuing Studies students receive library cards for the duration of their courses. Senator Macknak was asked when Senate would see decisions with regard to these questions, and he responded that the report would likely be available for the next Senate meeting.

## **CONSENT AGENDA**

### **Motion:**

Casperson / Zahir

That the consent agenda be approved as amended.

CARRIED.

## 7.0 Committee Reports

### 7.1 Senate Committee on Academic Policy and Planning

#### **"For Approval" Items:**

An Executive Summary of the proposed revisions to the Biochemistry and Molecular Biology Program curriculum was included for information.

#### **S-201001.03**

#### **Changes to Program Preamble — Biochemistry and Molecular Biology B.Sc. Degree, Major and Minor**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the program preamble for the Biochemistry and Molecular Biology B.Sc. degree, and changes to the Major and Minor in Biochemistry and Molecular Biology Degree, be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~Biochemistry and Molecular Biology are the disciplines upon which Biotechnology is based. The Biochemistry and Molecular Biology program provides students with a thorough understanding of all~~

aspects of the life sciences, including practical and theoretical studies along with an understanding of ethical issues. The course of study is truly an amalgam of both disciplines. It also includes a grounding in organic chemistry and the physical sciences as these are the disciplines from which modern Biochemistry and Molecular Biology were born. The degree is designed with sufficient flexibility to allow students to follow their interests and they can expand the degree to include minors or course work in any number of complementary disciplines from computer science to mathematics to business to environmental studies. (BCMB) investigates how molecules work in living systems. There is no clear line dividing living from non-living systems; rather, there is a gradual increase in complexity from clearly inanimate molecules up to obviously complex organisms. The goal of biochemistry and molecular biology is to understand how simple, inanimate molecular interactions support life and how living systems are shaped by their molecular foundation.

The BCMB degree has two main components: learning about molecules, and learning about the scientific method. The former involves acquiring expertise in the foundations of biochemistry, such as organic and physical chemistry, and then exploring biological molecules and how they operate in living systems. The latter involves exploring how science asks questions to understand the workings of nature, while developing competence in laboratory skills and analysis. These two aspects are linked in that understanding how information is acquired is as important as the information itself, since different experimental systems can yield different insights into complex biological problems.

BCMB majors continue on to successful careers in a diverse range of fields, notably medicine, teaching, pharmacy, the biotechnology industry, science policy, and law. BCMB majors acquire strong skills in laboratory techniques, and are therefore qualified for many kinds of research positions, including graduate programs such as immunology, molecular genetics, and developmental biology. For students with interests in human health but not necessarily its molecular basis, UNBC also offers a degree in Health Science (the BHSc degree), which focuses on the social determinants of health and how health care is delivered. BCMB majors are encouraged to pursue their interests by combining the BCMB degree with minors in other fields, such as computer science, physics, business, or education.

## Major in Biochemistry and Molecular Biology

The major in Biochemistry and Molecular Biology requires students to take at least 85 credit hours of Biology and Chemistry courses, of which 42 credit hours must be upper division (i.e. 300 or 400 level). The minimum requirement for completion of a Bachelor of Science with a major in Biochemistry and Molecular Biology is 129 credit hours.

### Program Requirements

#### Lower-Division Requirement

100 Level

BIOL 101-4 Introductory Biology I

BIOL 102-4 Introductory Biology II

CHEM 100-3 General Chemistry I

CHEM 101-3 General Chemistry II

CHEM 120-1 General Chemistry Lab I

CHEM 121-1 General Chemistry Lab II

PHYS 100-4 Introduction to Physics I

or PHYS 110-4 Introductory Physics I: Mechanics

PHYS 101-4 Introduction to Physics II

or PHYS 111-4 Introductory Physics II: Waves & Electricity

One of the following three options:

MATH 100-3 Calculus I

and MATH 101-3 Calculus II

or MATH 105-3 Enriched Calculus

and MATH 101-3 Calculus II

or MATH 150-3 Finite Mathematics for Business and Economics

and MATH 152-3 Calculus for Non-majors

*Students are strongly encouraged to take MATH 100-3 or MATH 105-3, and MATH 101-3, for the first year Mathematics requirement.*

200 Level

BIOL 201-3 Ecology  
BIOL 203-3 Microbiology  
BIOL 210-3 Genetics  
CHEM 201-3 Organic Chemistry I  
CHEM 203-3 Organic Chemistry II  
CHEM 204-3 Introductory Biochemistry  
CHEM 250-1 Organic Chemistry Lab I  
CHEM 251-1 Organic Chemistry Lab II  
CHEM 255-1 Biochemistry Lab I

### Upper-Division Requirement

300 Level

BIOL 311-3 Cell and Molecular Biology  
BIOL 312-3 Molecular Cell Physiology  
BIOL 323-3 Evolutionary Biology  
CHEM 306-3 Intermediary Metabolism  
CHEM 307-3 Proteins  
CHEM 308-3 Biochemistry Lab II  
CHEM 330-3 Nucleic Acids  
CHEM 340-3 Physical Biochemistry

400 Level

BIOL 423-3 Molecular Evolution and Ecology  
BIOL 425-3 Applied Genetics and Biotechnology  
CHEM 405-3 Topics in Biochemistry  
CHEM 409-3 Enzymology

## Subject Requirements

Twelve additional credit hours of Biology and/or Chemistry at the 200 level or above, of which at least 6 credit hours must be at the 300 or 400 level to ensure completion of 42 upper-division Biology and/or Chemistry credits. Note: NRES 430-6 can count toward this requirement with permission of the Program Chair.

## Elective Requirements

Elective credit hours as necessary to ensure completion of 129 credit hours.

## Minor in Biochemistry and Molecular Biology

The minor in Biochemistry and Molecular Biology is designed to provide students with a core of study in the field of Biochemistry and Molecular Biology. The program of study includes a grounding in chemistry and biology since these are the traditional disciplines from which modern Biochemistry and Molecular Biology were born. The minimum requirement for completion of the minor in Biochemistry and Molecular Biology is 41 credit hours, of which at least 12 credit

hours must be at the upper-division level.

100 Level

BIOL 101-4 Introductory Biology I  
BIOL 102-4 Introductory Biology II  
CHEM 100-3 General Chemistry I  
CHEM 101-3 General Chemistry II  
CHEM 120-1 General Chemistry Lab I  
CHEM 121-1 General Chemistry Lab II

200 Level

BIOL 210-3 Genetics  
CHEM 201-3 Organic Chemistry I  
CHEM 203-3 Organic Chemistry II  
CHEM 204-3 Introductory Biochemistry  
CHEM 255-1 Biochemistry Lab I

Note: Students are allowed to double-count all applicable first- and second-year courses; however, they must take upper-division courses for the minor that are not included in their major requirements or upper-division subject requirements to ensure completion of 12 upper-division credit hours outside of their major. Students must ensure that all prerequisites are fulfilled prior to taking a course.

300 and 400 Level

12 credit hours must be chosen from the following:

BIOL 311-3 Cell and Molecular Biology

BIOL 312-3 Molecular Cell Physiology  
BIOL 323-3 Evolutionary Biology  
BIOL 423-3 Molecular Evolution and Ecology  
BIOL 425-3 Applied Genetics and Biotechnology  
CHEM 306-3 Intermediary Metabolism  
CHEM 307-3 Proteins  
CHEM 308-3 Biochemistry Lab II  
CHEM 330-3 Nucleic Acids  
CHEM 340-3 Physical Biochemistry  
CHEM 405-3 Topics in Biochemistry  
CHEM 409-3 Enzymology

#### **S-201001.04**

#### **Calendar Description Changes — Major in Biochemistry and Molecular Biology**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the calendar description for the major in Biochemistry and Molecular Biology be approved as proposed to reflect the new course prefixes.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Major in Biochemistry and Molecular Biology

The major in Biochemistry and Molecular Biology requires students to take at least 85 credit hours of ~~Biology and Chemistry~~ Biochemistry and Molecular Biology-oriented courses, of which 42 credit hours must be upper division (i.e. 300 or 400 level). The minimum requirement for completion of a Bachelor of Science with a major in Biochemistry and Molecular Biology is 129 credit hours.

### Program Requirements

#### Lower-Division Requirement

#### **S-201001.06**

##### **New Course Approval — BCMB 405-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course BCMB 405-3 Topics in Biochemistry and Molecular Biology be approved as proposed.

Proposed Semester of First Offering: September 2010  
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course considers selected advanced topics in biochemistry. Topics depend on instructor and student interest and normally focus on material not dealt with in other courses. Note: Credit may be granted for both 400- and 600-level offerings of Topics in Chemistry courses, and either the 400- or 600-level or a combination of both may be repeated to a maximum of 6 credit hours, provided the content of the independent offerings of the courses is sufficiently different (as determined by the Program Chair or College Dean).

**Prerequisites:** BCMB 330-3, BCMB 307-3, BCMB 340-3

#### **S-201001.07**

##### **New Course Approval — BCMB 430-6**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course BCMB 430-6 Undergraduate Thesis be approved as proposed.

Proposed Semester of First Offering: September 2010  
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This is a laboratory-based undergraduate research thesis, designed for students with serious research interests. This course includes an oral presentation of research results. Students must

have completed at least 90 credit hours of study and be BCMB major. The thesis may be taken over one or two semesters.

**Prerequisites:** 90 credit hours of study, BCMB major, and permission of the instructor

**S-201001.08**

**New Course Approval — BCMB 499-(1-6)**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course BCMB 499-(1-6) Independent Study be approved as proposed.

Proposed Semester of First Offering: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course concentrates on a particular topic agreed upon by the student and a member of the BCMB faculty. It may be repeated to a maximum of six credit hours. Credit may be granted for both 400- and 600-level offerings of the course provided the content is sufficiently different (as determined by the Program Chair or Dean).

**Prerequisites:** permission of the Program Chair

**S-201001.09**

**Course Prefix, Description and Prerequisite Changes — CHEM 255-1**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course prefix, course description, and prerequisites for CHEM 255-1 be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM BCMB 255-1 Biochemistry Lab I** This is a laboratory-based course in which students explore ~~exploring the~~ basic biochemical and molecular biological laboratory techniques. Topics include buffers, calculations in biochemistry, ~~spectroscopy~~, enzyme kinetics, and lipids carbohydrates and protein purification. Techniques include centrifugation, chromatography, spectrophotometry, and electrophoresis.

Prerequisites: Chem 201-3

Co-requisites: Chem 204-3

Precluded: Chem255-1

**S-201001.11**

**Course Prefix, Description and Prerequisite Changes — CHEM 307-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course prefix, course description, and prerequisites for CHEM 307-3 be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM BCMB 307-3 Proteins** This lecture-based course ~~designed to provides~~ provides in-depth knowledge ~~on~~ of contemporary protein biochemistry, ~~and their applications.~~ Major topics

include structure and function of proteins, protein purification techniques, protein metabolism, protein biotechnology, and proteomics and techniques applied to proteins.

Prerequisites: CHEM 204-3 Minimum Grade of C  
Precluded: CHEM 307-3

**S-201001.12**

**Course Prefix, Description and Prerequisite Changes — CHEM 308-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course prefix, course description, and prerequisites for CHEM 308-3 be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM308-3 Biochemistry Lab II** A laboratory-based course exploring modern biochemical and molecular biological laboratory techniques. Topics include purification and characterization of proteins and nucleic acids. Techniques include centrifugation, chromatography, gel electrophoresis, Western blotting, Northern blotting, in-vitro transcription and translation.

Prerequisites: Chem 255-1 and either Chem 204-3 or Chem220-3

**S-201001.13**

**Course Prefix, Description and Prerequisite Changes — CHEM 330-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course prefix, course description, and prerequisites for CHEM 330-3 be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM BCMB 330-3 Nucleic Acids** This lecture-based course provides an in-depth knowledge of contemporary nucleic acid biochemistry, and their its applications application. Major topics include structure and function of DNA and RNA, ~~small molecules nucleic acid interactions~~ interactions between small molecules and nucleic acids, protein nucleic acid interactions, catalytic RNA, and techniques applied to the study of nucleic acids and ~~post-transcriptional control of~~ gene expression.

Pre-requisites: Chem 204-3 Minimum Grade of C  
Precluded: Chem 330-3

**S-201001.14**

**Course Prefix, Description and Prerequisite Changes — CHEM 340-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course prefix, course description, and prerequisites for CHEM 340-3 be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM BCMB 340-3 Physical Biochemistry** This lecture-based ~~survey~~ course is designed to provide students with a basis for understanding allows students to explore the physical ~~aspects~~ basis of biochemistry through in-depth study of some of the most important biochemical phenomena in nature. The concepts of entropy, enthalpy, and equilibria are discussed in the context of repressor function, photosynthesis, and ATP synthesis. Other topics include the physical basis of biochemical techniques such as centrifugation, electrophoresis, and spectroscopy. ~~Topics include biological applications of thermodynamics, chemical and biochemical kinetics, electrochemical equilibria, cell membrane potentials, oxidative phosphorylation, transport processes, photochemistry, and photosystem II.~~

*Prerequisites:* PHYS 101 or PHYS 111, and CHEM 204-3 with a minimum Grade of C

*Co-requisites:* CHEM 255-1

*Precluded:* CHEM 230-3, CHEM 340-3

#### **S-201001.15**

##### **Course Prefix, Description and Prerequisite Changes — CHEM 409-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course prefix, course description, and prerequisites for CHEM 409-3 be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM BCMB 409-3 Enzymology** This A lecture-based course ~~emphasizing~~ emphasizes the importance and the role of enzymes in biochemistry and molecular biology. Topics include kinetic analysis, mechanisms of enzyme action, regulation of enzyme activity and clinical aspects of enzymology.

*Prerequisites:* CHEM 307-3 Minimum Grade of C

*Co-requisite:* CHEM 330-3

*Precluded:* CHEM 409-3

An Executive Summary of the proposed revisions to the Chemistry Program curriculum was included for information.

#### **S-201001.17**

##### **Change to Program Requirements — Minor in Chemistry**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the Program Requirements for a Minor in Chemistry be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Minor in Chemistry

The minor in Chemistry is designed to provide students with a solid grounding and a core of study in one or more of the subdisciplines of Chemistry. Thus, some flexibility is permitted in satisfying the requirements for a minor. Students have the option to study a range of subdisciplines at the 300 level while counting the 200-level prerequisites toward the minor or to focus on particular subdisciplines through to the 400 level. A maximum of six courses (14 credit hours) of the 100- and 200-level courses used to fulfill requirements for a major (or another minor) may also be used toward a minor in Chemistry.

The minimum requirement for completion of the minor in Chemistry is 29 credit hours.

### 100 Level

CHEM 100-3	General Chemistry I
CHEM 101-3	General Chemistry II
CHEM 120-1	General Chemistry Lab I
CHEM 121-1	General Chemistry Lab II

### 200 Level

At least nine credit hours from:

CHEM 200-3	Physical Chemistry I
CHEM 201-3*	Organic Chemistry I
CHEM 202-3	Inorganic Chemistry I
CHEM 203-3*	Organic Chemistry II
CHEM 204-3*	Introductory Biochemistry
CHEM 210-3	Analytical Chemistry I
CHEM 250-1	Organic Chemistry Lab I
CHEM 251-1	Organic Chemistry Lab II

\*Note: Selections made should incorporate prerequisites for intended upper-division courses.

### 300 and 400 Level

At least 12 credit hours from:

<u>BCMB 306-3</u>	<u>Intermediary Metabolism*</u>
<u>BCMB 307-3</u>	<u>Proteins*</u>
<u>BCMB 308-3</u>	<u>Biochemistry Lab II*</u>
<u>BCMB 401-3</u>	<u>Basic Science of Oncology*</u>
<u>BCMB 402-3</u>	<u>Macromolecular Structure*</u>
<u>BCMB 403-3</u>	<u>Advanced Nucleic Acids*</u>
<u>BCMB 405-3</u>	<u>Topics in Biochemistry and Molecular Biology*</u>
<u>BCMB 409-3</u>	<u>Enzymology*</u>
CHEM 300-3	Physical Chemistry II
CHEM 301-3	Advanced Organic Chemistry I
CHEM 302-4	Environmental Chemistry I
CHEM 303-3	Quantum Chemistry
CHEM 304-3	Advanced Organic Chemistry II
CHEM 305-3	Physical Chemistry III
<del>CHEM 306-3</del>	<del>Intermediary Metabolism</del>
<del>CHEM 307-3</del>	<del>Proteins</del>
<del>CHEM 308-3</del>	<del>Biochemistry Lab II</del>

CHEM 310-3 Analytical Chemistry II  
CHEM 311-3 Analytical Chemistry III  
CHEM 312-3 Organic Chemistry Lab III  
CHEM 315-3 Physical Chemistry Lab  
CHEM 320-3 Inorganic Chemistry II  
CHEM 321-3 Inorganic Chemistry III  
CHEM 322-3 Inorganic Chemistry Lab  
CHEM 400-3 Topics in Environmental Chemistry  
CHEM 402-3 Topics in Organic Chemistry  
CHEM 403-3 Topics in Inorganic Chemistry  
CHEM 404-3 Topics in Physical Chemistry  
CHEM 405-3 Topics in Biochemistry  
CHEM 408-3 Environmental Chemistry II

\* Up to 6 credit hours from BCMB 306-3, BCMB 307-3, BCMB 308-3, BCMB 330-3, BCMB 340-3, BCMB 401-3, BCMB 402-3, BCMB 403-3, BCMB 405-3 or BCMB 409-3 may be used toward a minor in Chemistry

### **S-201001.18**

#### **Change to Program Requirements — Joint Major in Chemistry and Mathematics**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the Chemistry-Mathematics joint degree major be revised and approved as proposed.  
Effective date: September 2010  
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Joint Major in Chemistry/Mathematics

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Chemistry and Mathematics is 125 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics major or joint major.

## Program Requirements

### Lower-Division Requirement

CHEM 100-3 General Chemistry I  
CHEM 101-3 General Chemistry II  
CHEM 120-1 General Chemistry Lab I  
CHEM 121-1 General Chemistry Lab II  
CHEM 200-3 Physical Chemistry I  
CHEM 201-3 Organic Chemistry I  
CHEM 202-3 Inorganic Chemistry I  
CHEM 203-3 Organic Chemistry II  
CHEM 210-3 Analytical Chemistry I  
CPSC 100-4 Computer Programming I  
MATH 100-3 Calculus I  
or MATH 105-3 Enriched Calculus  
MATH 101-3 Calculus II  
MATH 200-3 Calculus III  
MATH 201-3 Introduction to Complex Analysis  
MATH 220-3 Linear Algebra  
~~MATH 226-3 Advanced Linear Algebra~~

MATH 230-3 Linear Differential Equations and Boundary Value Problems  
PHYS 110-4 Introductory Physics I: Mechanics  
PHYS 111-4 Introductory Physics II: Waves and Electricity

## Upper-Division Requirement

### CHEMISTRY

CHEM 300-3 Physical Chemistry II  
or CHEM 305-3 Physical Chemistry III  
CHEM 310-3 Analytical Chemistry II  
or CHEM 311-3 Analytical Chemistry III  
CHEM 320-3 Inorganic Chemistry II  
or CHEM 321-3 Inorganic Chemistry III

\*~~Nine~~ Six credit hours of 300- or 400-level Chemistry \*

Six credit hours of 400 level Chemistry

Up to 6 credit hours from BCMB 306-3, BCMB 307-3, BCMB 308-3, BCMB 330-3, BCMB 340-3, BCMB 401-3, BCMB 402-3, BCMB 403-2, BCMB 405-3 or BCMB 409-3 may be used to satisfy these requirements.

### MATHEMATICS

MATH 320-3 Survey of Algebra  
MATH 326-3 Advanced Linear Algebra  
MATH 335-3 Numerical Analysis I  
MATH 371-3 Probability and Statistics for Scientists and Engineers

~~\*Nine~~ Six credit hours of 300- or 400-level Mathematics\*

Six credit hours of 400-level Mathematics

~~\*Three of these 18 credit hours must be at the 400 level so that a minimum of 15 credit hours of 400 level Chemistry and Mathematics are completed.~~

\*Between the two disciplines, a minimum of 15 credit hours at the 400 level must be completed.

## Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 125 credit hours.

### **S-201001.19**

#### **Change to Program Requirements — Joint Major in Chemistry and Computer Science**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the requirements of the joint major in Chemistry and Computer Science be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Joint Major in Chemistry/Computer Science**

The minimum requirement for completion of a Bachelor of Science with a Joint Major in Chemistry and Computer Science is 126 credit hours.

MATH 342-3 (Biostatistics) may not be used for credit towards any Mathematics or Computer Science major, minor, or joint major.

MATH 150-3 (Finite Mathematics for Business and Economics) may not be used for credit towards any Mathematics or Computer Science major or joint major.

## Program Requirements

### Literacy Requirement

#### One of:

ENGL 170-3      Writing and Communication Skills

ENGL 270-3      Expository Writing

### Lower-Division Requirement

CHEM 100-3 General Chemistry I  
CHEM 101-3 General Chemistry II  
CHEM 120-1 General Chemistry Lab I  
CHEM 121-1 General Chemistry Lab II  
CHEM 200-3 Physical Chemistry I

Six credit hours of 300- or 400-level Chemistry\*

Six credit hours of 400-level Chemistry\*

\*Up to 6 credit hours from BCMB 306-3, BCMB 307-3, BCMB 308-3, BCMB 330-3, BCMB 340-3, BCMB 401-3, BCMB 402-3, BCMB 403-3, BCMB 405-3 or BCMB 409-3 may be used to satisfy these upper-division Chemistry requirements.

One of:

MATH 336-3	Intermediate Differential Equations
PHYS 300-3	Classical Mechanics
PHYS 302-3	Quantum Mechanics I
PHYS 404-3	Solid State Physics
PHYS 351-3	Optics and Photonics I

Three credit hours of 300- or 400-level Physics

Six credit hours of 400-level Physics

### Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 126 credit hours.

#### **S-201001.21**

#### **Change to Credit Hours — CHEM 499-(3-6)**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change in the range of credit hours for CHEM 499-(3-6) Independent Study be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM 499-(3-1-6) Independent Study** This course concentrates ~~Concentration~~ on particular ~~topic(s)~~ topics agreed upon by the students and a member of the Chemistry faculty. It may be repeated for a maximum of six credit hours. Credit may be granted for both 400- and 600-level offerings of the course provided the content is sufficiently different (as determined by the Program Chair or Dean).

Prerequisites: permission of the Program Chair

**S-201001.22**

**Calendar Description Change — Education Diploma in a First Nations Language and Culture (Elementary Years)**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the calendar description for the Education Diploma in a First Nations Language and Culture (Elementary Years) be approved as proposed.

Effective date: January 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Professional Education Coursework (Gitksanimx and Nisga'a):**

EDUC 380-3	Foundations of Education
EDUC 333-2	Learning, Development and Motivation
EDUC 341-2	Principles of Instruction
EDUC 342-2	Social Dynamics of Classrooms
EDUC 351-2	Curriculum and Instruction: Second Language
EDUC 356-2	Language and Literacy Development
EDUC 446-2	Aboriginal Education: Epistemology
EDUC 435-2	Learning and Diversity: Inclusive Classrooms
EDUC 390-3	Classroom Practice and Seminar 1
EDUC 391-3	Classroom Practice and Seminar 2

**Professional Education Coursework (Ts'msyen Sm'algyax and Nak'azdli Carrier):**

EDUC 380-3	Foundations of Education
EDUC 333-2	Learning, Development and Motivation
EDUC 341-2	Principles of Instruction
EDUC 342-2	Social Dynamics of Classrooms
EDUC 351-2	Curriculum and Instruction: Second Language
EDUC 356-2	Language and Literacy Development
EDUC 446-2	Aboriginal Education: Epistemology
EDUC 435-2	Learning and Diversity: Inclusive Classrooms
EDUC 390-3	Classroom Practice and Seminar 1

**S-201001.23****Change to Degree Requirements — BSc Honours (Psychology)**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the undergraduate calendar description for requirements for the BSc Honours degree (Psychology) be changed to: PSYC 490, PSYC 495, PSYC 497, and one additional 400-level PSYC course. Effective date: January 2010  
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## BSc Honours – Psychology

Honours students are required to complete 122 credit hours. Students must successfully complete the 56 credit hours for the Psychology BSc program, 54 credit hours of electives and 12 credit hours from the courses listed below.

PSYC 490-3 Honours Thesis I

PSYC 495-3 Honours Thesis II

PSYC 497-3 Senior Seminar

and ~~One~~ one additional 400-level Psychology course

Each student will complete a thesis project [PSYC 490-3 (Honours Thesis I), PSYC 495-3 (Honours Thesis II)] under the supervision of a faculty member. Admission to the honours program will take place after the end of the second year (i.e., upon completion of 60 credit hours) and will require a minimum CGPA of 3.33. Attaining the minimum requirement will not guarantee admission to the honours program, which will be at the discretion of the Department Program. ~~To remain in the honours program requires the maintenance of~~ students must maintain a minimum CGPA of 3.33.

The minimum requirement for completion of a BSc Honours - Psychology is 122 credit hours.

**S-201001.24****Change to Program Requirements and Calendar Description — Social Work BSW Program**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the School of Social Work BSW Program Calendar information be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### Social Work (BSW Program)

- \* Child Welfare Specialization (BSW)
- \* First Nations Specialization (BSW)

### Social Work (Post Baccalaureate Certificates)

- \* Aboriginal Child and Youth Mental Health Certificate (ACYMHC)
- \* Child Welfare Certificate (CWC)

Dawn Hemingway, Associate Professor, and Chair

~~Gerard Bellefeuille, Associate Professor~~  
Bruce Bidgood, Associate Professor  
Indrani Margolin, Assistant Professor  
Heather Peters, Associate Professor  
Glen Schmidt, Associate Professor  
Si Chava Transken, Associate Professor  
~~Gale Cyr, Assistant Professor~~  
Joanna Pierce, Assistant Professor  
~~Michele A. Sam, Assistant Professor~~  
Dave Sangha, Assistant Professor  
Tammy Stublely, Assistant Professor  
~~Eleanor Wint, Assistant Professor~~  
~~Kwong Tang, Adjunct Professor~~

Website: <http://www.unbc.ca/socialwork>

The School of Social Work offers a schedule of studies leading to the degree of Bachelor of Social Work (BSW).

The Bachelor of Social Work at UNBC is designed to prepare students for beginning-level generalised social work practice with individuals, families, groups and communities. The program's orientation places emphasis on Social Work in northern and remote areas, First Nations, women and the human services, and community practice and research. Analyses of class, gender and race relations are considered central to the Social Work program. As mandated by its accrediting body, the Canadian Association for Social Work Education (CASWE), and the relevant Social Work Codes of Ethics, Social Work at UNBC provides a professional program that advocates for justice and equality, and equips graduates with the intellectual, analytical, practical and professional skills needed to promote beneficial change.

### Admission Requirements

Admission to the Bachelor of Social Work program is limited and is based on academic qualifications and available space. Students will normally complete 60 credit hours of study and achieve a minimum grade point average of 2.67 (B-) (calculated on a student's most recent 60 credit hours of study) and meet other selection criteria prior to program entry. More information about these criteria can be found in the BSW Supplementary Application for Admission form.

Students who have completed a social service worker program at a community college may be eligible for discretionary transfer credit.

The School of Social Work will permit up to three Social Work elective courses to be taken prior to formal admission to the BSW program. Successful completion of these courses does not guarantee admission into the program.

~~Under collaborative agreements between UNBC and the three northern community colleges (College of New Caledonia, Northern Lights College, and Northwest College) students who have completed social service worker training programs at those colleges are eligible to receive credit as determined under the agreement.~~

~~Students who have completed a social service worker training program at other colleges~~

~~may be eligible for discretionary credit.~~

Students will be required to undergo a criminal records search prior to being admitted - Refer to ~~(see Academic Regulation #18 18)~~.

Undergraduate students are required to take 60 credit hours of Upper-Division Social Work courses. The minimum requirement for a Bachelor of Social Work is 120 credit hours.

~~It will be expected that students applying to the School of Social Work with a Baccalaureate degree in a related discipline will normally have completed courses that are equivalent to the four BSW course pre-requisites:~~

Students applying to the School of Social Work will have completed the following four BSW course prerequisites:

SOCW 200-3	Introduction to Social Work Practice
SOCW 201-3	Introduction to Social Welfare
FNST 100-3	The Aboriginal Peoples of Canada
WMST 100-3	Introduction to Women's Studies

Students applying to the School of Social Work with a Baccalaureate degree in a related discipline do not have to complete the four BSW course prerequisites.

Students admitted to the Bachelor of Social Work program are required to withdraw from the Bachelor of Social Work program if they register a second fail in Social Work Field Education (SOCW 302-6 and/or SOCW 402-15).

~~Students outside one of the specializations are required to select 15 credit hours of Social Work electives.~~

The minimum requirement for a Bachelor of Social Work is 120 credit hours.

## Transfer Credit

All transfer credit for course work taken prior to admission to the BSW program will be evaluated, and applied at the time of initial registration in the program. After students have been admitted to the School of Social Work, course work taken in other institutions for transfer credit towards the degree requires a letter of permission prior to the registration in the course.

## Program Requirements

### ~~Lower Division Requirement~~

#### ~~100 and 200 Level~~

<del>SOCW 200-3</del>	<del>Introduction to Social Work Practice</del>
<del>SOCW 201-3</del>	<del>Introduction to Social Welfare</del>
<del>FNST 100-3</del>	<del>The Aboriginal Peoples of Canada</del>
<del>WMST 100-3</del>	<del>Introduction to Women's Studies</del>

### ~~Upper Division Requirement~~

300 Level  
 SOCW 300-3 Social Work Communication Skills  
 SOCW 301-3 Critical Social Work Practice  
 SOCW 302-6 Social Work Field Education  
 SOCW 310-3 First Nations Social Work Issues  
 SOCW 320-3 Critical Social Policy  
 SOCW 330-3 Social Work Research/Policy/Practice  
 SOCW 336-3 Social Work Philosophy and Ethics

400 Level  
 SOCW 401-3 Northern/Remote Social Work Practice  
 SOCW 402-15 Social Work Field Education 2  
 SOCW 420-3 Family/Child Welfare Policy  
 SOCW 421-3\* ~~Human Growth and Development~~

~~\* Please see note on SOCW 421-3 in the course description listings in this calendar.  
 SOCW 421-3 Human Growth and Development~~

Students must select 12 credit hours of 400-Level Social Work courses from the approved list.  
~~Elective Courses~~

~~Fifteen (15) credit hours of Social Work electives. The elective courses are numbered in the 400 ranges, but may be taken by students enrolled in their third or fourth year of studies.~~

Approved 400-Level Social Work Course List

SOCW 422-3 Child Welfare Practice  
 SOCW 424-3 Child Welfare/Sites of Resistance  
 SOCW 426-3 Current Issues in Child Welfare Practice  
 SOCW 432-3 Unemployment and Social Work  
 SOCW 433-3 Women in the Human Services  
 SOCW 435-3 Community Social Policy  
 SOCW 437-3 Social Work with Groups and Communities  
 SOCW 438-3 Comparative Welfare Analysis  
 SOCW 439-3 Social Work/Law and the Justice System  
 SOCW 440-3 Social Work in Mental Health  
 SOCW 441-3 Social Work and Substance Abuse  
 SOCW 442-3 Social Work with Victims of Abuse  
 SOCW 443-3 Medical Social Work  
 SOCW 444-3 Social Work Critical Issues in Aging  
 SOCW 445-3 Social Work and Cross-Cultural Practice  
 SOCW 448-3 Inequality and Income Security  
 SOCW 449-3 Gender and Sexuality  
 SOCW 450-3 Social Work and Family Practice  
 SOCW 452-3 Social Work/Crisis Intervention  
 SOCW 454-3 Disability Issues  
 SOCW 455-3 First Nations Governance and Social Policy  
 SOCW 456-3 Family Caring Systems  
 SOCW 457-3 Individual and Community Wellness

SOCW 498-(3-6) Special Topics  
SOCW 499-3 Directed Readings

### Elective Requirement

Electives at any level in any subject sufficient to ensure completion of a minimum of 120 credit hours.

### BSW: Child Welfare Specialization

The Child Welfare Specialization is designed to provide a program of studies that prepares students for practice in child welfare, while also satisfying the general practice criteria required for BSW accreditation and for designation as a Registered Social Worker (RSW).

Students must meet all prerequisites for entry into the BSW program at UNBC and be accepted into the school. The fourth-year practicum takes place in a government child welfare service (BC Ministry for Children and Families, or a fully delegated First Nations child welfare agency or an approved government agency in another province). Completion of the specialization is noted on the student's graduating transcript.

The Child Welfare Specialization is designed to provide a social work degree that prepares students for social work practice in all child and family serving agencies. In addition, the program is designed to meet the BC Ministry for Children and Families entry-level expectations for child protection positions.

### Program Requirement

SOCW 300-3	Communication Skills in Social Work Practice
SOCW 301-3	Critical Social Work Practice
SOCW 302-6	Social Work Field Education I
SOCW 310-3	First Nations Social Work Issues
SOCW 320-3	Critical Social Policy
SOCW 330-3	Social Work Research, Policy and Practice
SOCW 336-3	Social Work Philosophy and Ethics
SOCW 401-3	Northern and Remote Social Work Practice
SOCW 402-15	Social Work Field Education II
SOCW 420-3	Family/Child Welfare Policy
<del>SOCW 421-3*</del>	<del>Human Growth and Development</del>
<u>SOCW 421-3</u>	<u>Human Growth and Development</u>
SOCW 422-3	Child Welfare Practice
SOCW 426-3	Current Issues in Child Welfare Practice
SOCW 439-3	Social Work/Law and the Justice System

~~\*or equivalent~~

### ~~Elective Courses~~

~~One Social Work Elective.~~

Select one (1) Social Work Elective from the Approved List.

## Elective Requirement

Electives at any level in any subject sufficient to ensure completion of a minimum of 120 credit hours.

### BSW: First Nations Specialization

The First Nations Specialization ~~is designed to provide~~ a program of ~~studies~~ study that prepares students for practice with First Nations people, while also satisfying the general practice criteria required for BSW accreditation and for designation as a Registered Social Worker (RSW).

Students must meet all prerequisites for entry into the BSW program at UNBC and be accepted into the school. The fourth-year practicum takes place with a First Nations organization.

Completion of the specialization is noted on the student's transcript.

### Program Requirement

SOCW 300-3	Communication Skills in Social Work Practice
SOCW 301-3	Critical Social Work Practice
SOCW 302-6	Social Work Field Education I
SOCW 310-3	First Nations Social Work Issues
SOCW 320-3	Critical Social Policy
SOCW 330-3	Social Work Research, Policy and Practice
SOCW 336-3	Social Work Philosophy and Ethics
SOCW 401-3	Northern and Remote Social Work Practice
SOCW 402-15	Social Work Field Education
<del>SOCW 421-3*</del>	<del>Human Growth and Development</del>
<u>SOCW 421-3</u>	<u>Human Growth and Development</u>
SOCW 455-3	First Nations Governance and Social Policy
SOCW 456-3	Family Caring Systems
SOCW 457-3	Individual and Community Wellness

### ~~Elective Courses~~

~~Any three upper division social work electives.~~

Select two Social Work Electives from the Approved List.

### Elective Requirement:

Electives at any level in any subject sufficient to ensure completion of a minimum of 120 credit hours.

### **"For Information" Items:**

#### **SCAPP200912.29**

#### **Course Prerequisite Change — CHEM 302-3**

That the change(s) to the prerequisites for CHEM 302-3 be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM 302-4 Environmental Chemistry I** This course examines the chemistry of the environment, including considerations of the physical processes in the air, soil and water and the influence, monitoring, and removal of pollutants from the environment.

Prerequisites: ~~CHEM 101-3, 121-4~~. At least 3 credit hours of chemistry at the second-year level or beyond. CHEM 200-3 is strongly recommended

**SCAPP200912.30**

**Change to Co-requisites — CHEM 400-3**

That the removal of the co-requisite for CHEM 400-3 Topics in Environmental Chemistry be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM 400-3 Topics in Environmental Chemistry** This course considers advanced and selected topics in chemistry. Topics depend on instructor and student interest and normally focus on advanced material not dealt with in other courses. Note: Credit may be granted for both 400- and 600-level offerings of Topics in Chemistry courses, and either the 400- or 600-level offerings or a combination of both may be repeated to a maximum of 6 credit hours, provided the content of the independent offerings of the courses is sufficiently different (as determined by the Program Chair or College Dean).

Prerequisites: CHEM 302-4

~~Co-requisites: CHEM 408-3~~

**SCAPP200912.04**

**Course Preclusion Change — FNST 249-3**

That a change to the course preclusions for FNST 249-3 Aboriginal Resource Planning, on page 217 of the 2009/2010 undergraduate calendar, be approved as proposed.

Effective date: September 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course is dDesigned for students who have an interest in First Nations and planning. ~~The course will~~ It develops students' research, writing and communication skills. Theis interdisciplinary course combines theory and practices from traditional land-use planning and First Nations practices and ideas concerning resource planning. Students ~~will~~ apply what they learn to issues of particular interest to First Nations in northern British Columbia.

Prerequisites: FNST 100-3

Precluded: ENPL 208-3

An Executive Summary of the proposed revisions to the Political Science Program curriculum was included for information.

**SCAPP200912.05**

**Course Prerequisite Change — POLS 372-3**

That the changes to the prerequisites for POLS 372-3 Theories of Justice be approved as proposed.

Effective date: May 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

*Prerequisites:* upper division standing or permission of the instructor

**SCAPP200912.06**

**Course Title, Calendar Description, and Credit Hours Change — POLS 400-(3-6)**

That the changes to the course title, calendar description, and credit hours for POLS 400-(3-6) Classics in Political Theory, on page 253 of the 2009/2010 undergraduate calendar, be approved as proposed.

Effective date: May 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 400-(3-6) Classics in Political Theory Philosophy** This course provides a close analysis of a classic treatise in political ~~theory~~ philosophy. Texts vary yearly. The course ~~maybe~~ may be repeated for a maximum of six credit hours with permission of the instructor.

**SCAPP200912.07**

**Course Description and Prerequisite Change — POLS 412-3**

That the changes to the course description and prerequisites for POLS 412-3 Comparative Aboriginal State Relations, on page 254 of the 2009/2010 undergraduate calendar be approved as proposed.

Effective date: May 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 412-3 Comparative Aboriginal State Relations A This course is a** comparative study of relations between modern states and aboriginal peoples, and the quest by aboriginal peoples for self-determination.

*Prerequisites:* ~~POLS 202-3 and upper division standing or permission of the instructor~~ 90 credit hours or permission of the instructor.

**SCAPP200912.09**

**Course Title and Description Change — POLS 472-3**

That the changes to the course title and course description for POLS 472-3 Contemporary Theories of Political Community on page 254 of the 2009/2010 undergraduate calendar be approved as proposed.

Effective date: May 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 472-3 ~~Contemporary Theories of Political Community~~ Seminar in Political Philosophy** ~~A comparison of contemporary philosophical approaches to the basic questions of politics: Who are we and how should we live together? This is a participatory seminar in which students are guided through the process of conducting a research project in political philosophy. Topics are chosen according to students' interests.~~

**SCAPP200912.13**

**Course Description Change — SOCW 402-15**

That the changes to the calendar course description for SOCW 402-15 Social Work Field Education 2 be approved as proposed.

Effective date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**SOCW 402-15 Social Work Field Education 2**

This field placement requires students to perform in a social work role or organizational setting five days per week through the entire term. Field education ~~will~~ provides undergraduate students with an opportunity to enhance and refine their social work skills. As much as possible, the assigned field education setting will broadly match the particular type of social work experience that the student wishes to pursue. The course includes ~~four~~ three one-day seminars as part of the field education placement.

Prerequisites: all 100, 200, and 300 level requirements, SOCW 401-3, enrollment limited to students admitted to the Social Work program

**SCAPP200912.35**

**New Course Approval — XPRJ 100-1**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Understanding the Essentials of Project Management XPRJ 100-1 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.36**

**New Course Approval — XPRJ 120-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Project Planning and Cost Management XPRJ 120-3 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.37**

**New Course Approval — XPRJ 130-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Managing with Microsoft Project XPRJ 130-3 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.38**

**New Course Approval — XPRJ 140-2**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Project Teams, Development and Communications XPRJ 140-2 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.39**

**New Course Approval — XPRJ 150-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Project Procurement, Quality and Closing XPRJ 150-3 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.40**

**New Course Approval — XRSK 110-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Risk Assessment XRSK 110-3 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.41**

**New Course Approval — XRSK 112-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Risk Control XRSK 112-3 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.42**

**New Course Approval — XRSK 114-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Risk Financing XRSK 114-3 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.43**

**New Course Approval — XREL 120-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Introduction to the Old Testament XREL 120-3 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.44**

**New Course Approval — XREL 122-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course History of the Christian Church – The last 300 Years XREL 122-3 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.46**

**New Course Approval — XREL 210-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course The Five Books of Moses XREL 210-3 as proposed.

Proposed Semester of First Offering: January 2010

**SCAPP200912.47**

**New Course Approval — XPHO 211-1**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course Photography Essentials: Advanced Photoshop Techniques XPHO 211-1 as proposed.

Proposed Semester of First Offering: January 2010

**7.2 Senate Committee on Research and Graduate Studies**

**“For Approval” Items:**

**S-201001.44**

**Change to Application Requirements — MEd Program, Counselling Specialization**

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the change to the Counselling Specialization in Education (MEd Program) application requirements on page 68 of the 2009/2010 graduate calendar be approved as proposed.

Effective date: January 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Criminal Record Search and Resume**

In addition to the admission application requirements outlined in Section 1.0 of the [Graduate Admissions and Regulations](#), applicants are required to undergo a criminal record search and provide evidence of this prior to being considered for admission. Refer to [Graduate General Regulations and Policies](#).

Applicants are also required to submit a Curriculum Vitae or Resume that indicates the number of hours in each employment or volunteer position. A list of any scholarships or publications should also be included.

#### **S-201001.45**

##### **New Course Approval — FNST 795-3**

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course FNST 795-3 Research Seminar be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course focuses on supporting students' ongoing work on their thesis. In particular, the course will identify and explain the various tasks that are typically involved in the development of a thesis; for example, design, implementation, analysis, interpretation and writing. Co-operative problem solving will be employed to assist students to develop their thesis plans.

**Prerequisites:** FNST 600 and FNST 602

**Preclusions:** EDUC 795-3 and HHSC 795-3

**Course Equivalencies:** EDUC 795-3 and HHSC 795-3

#### **"For Information" Items:**

An Executive Summary of the proposed revisions to the Political Science Program curriculum was included for information.

#### **SCRGS200912.15**

##### **Course Title, Description and Prerequisite Change — POLS 600-3**

That the changes to the course title, description and prerequisites for POLS 600-3 Classics in Political Theory on page 125 of the 2009/2010 graduate calendar be approved as proposed.

Effective date: May 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 600-3 Classics in Political Theory Philosophy** ~~A close analysis of classic treatise in political theory from antiquity to the present. Texts will vary on a yearly basis.~~ This course provides a close analysis of a classic treatise in political philosophy. Texts vary yearly.

~~Prerequisites: POLS 204-3, 300-3, or permission of instructor~~

**SCRGS200912.16**

**Course Description and Prerequisite Change — POLS 612-3**

That the changes to the course description and prerequisite for POLS 612-3 Comparative Aboriginal State Relations of page 125 of the 2009/2010 graduate calendar be approved as proposed.

Effective date: May 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 612-3 Comparative Aboriginal State Relations A** This course is a comparative study of relations between modern states and aboriginal peoples, and the quest by aboriginal peoples for self-determination.

~~Prerequisites: POLS 202-3 and upper division standing or permission of the instructor~~

**SCRGS200912.17**

**Course Description Change — POLS 613-3**

That the changes to the course description for POLS 613-3 Democracy, Citizenship and Human Rights

on page 125 of the 2009/2010 graduate calendar be approved as proposed.

Effective date: May 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 613-3 Democracy, Citizenship and Human Rights** ~~This course examines the relationship between citizenship, rights and democracy in contemporary states. Theoretical models are illustrated using case studies from Canada and around the globe.~~ The course examines key socio-political forces that are shaping democratic governance and challenging the traditional connection between rights and citizenship. Specific topics may include democracy and the secular-religious divide; human rights and the limits of toleration; the politics of ethno-nationalism and multiculturalism; human rights and human security; and the role of truth, amnesty and retribution in the reconciliation of historic injustices.

**SCRGS200912.18**

**Course Title and Description Change — POLS 672-3**

That the changes to the course title and description for POLS 672-3 Contemporary Theories of Political Community on page 125 of the 2009/2010 graduate calendar be approved as proposed.

Effective date: May 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 672-3 Contemporary Theories of Political Community Seminar in Political Philosophy** ~~A comparison of contemporary philosophical approaches to the basic questions of politics: Who are we and how should we live together?~~ This is a participatory seminar in which students are guided through the process of conducting a research project in political philosophy. Topics are chosen according to students' interests.

**“For Information” Items:****SCSB20091209.03****New Terms and Conditions — William Wilfred Kordyban Memorial Award for Cancer Service**

That the new Terms and Conditions for the William Wilfred Kordyban Memorial Award for Cancer Service be approved.

Proposed Start Date: January 2010

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Award Category:** In-course

**Award Name:** William Wilfred Kordyban Memorial Award for Cancer Service

**Calendar Description/Intent:** The Mary Kordyban Foundation believes passionately that volunteers are an important part of providing dignified cancer care locally. This award recognizes those students who are making life better for people who have cancer and their families.

**Donor:** The Mary Kordyban Foundation

**Value:** \$500 (or the nearest multiple of \$100 depending on interest earned)

**Number:** One

**Placement in which Calendar:** Undergraduate

**Award Type:** Award

**Eligibility:** Available to a full or part time undergraduate student studying at the Prince George campus who has completed 60 credit hours. First preference will be given to a nursing student.

**Criteria:** Satisfactory academic standing.

**Conditions:** Student recipient must currently be providing voluntary service to cancer care while attending UNBC.

**Application Instructions:** Fill out all sections of the Awards Application form and attach a letter outlining your volunteer service.

**Effective Date:** Endowed 2009

**Recipient Selection:** Senate Committee on Scholarships and Bursaries on recommendation by the UNBC Awards Office.

**REGULAR AGENDA****8.0 Committee Reports****8.1 Senate Committee on Academic Policy and Planning (SCAPP)****Dale****8.1.1 SCAPP Motions Removed from Consent Agenda for Approval of Senate****S-201001.10****Course Prefix, Description and Prerequisite Changes — CHEM 306-3**

Hyndman / McGill

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the course prefix, course description, and prerequisites for CHEM 306-3 be approved as proposed.

Effective date: September 2010

A Senator suggested that the word “that” should be removed from the first sentence of the calendar description for this course.

CARRIED, with the removal of the word “that” from the first sentence of the calendar course description.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**CHEM BCMB 306-3 Intermediary Metabolism.** This lecture-based course ~~emphasizing that emphasizes~~ the importance of biochemical pathways and macromolecules in physiological systems. The goal of the course is to impart an understanding of metabolism on a cellular scale and the macroscopic implications of impairments in the metabolic pathways. Topics include the metabolism of amino acids, lipids, carbohydrates, nucleotides and how these pathways are interrelated at tissue and organ levels.

Prerequisites: CHEM 204-3 Minimum Grade of C  
Precluded: CHEM 306-3

### **S-201001.16**

#### **Change to Program Requirements — Major in Chemistry**

McGill / Jensen

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change to the Program Requirements for a Major in Chemistry be approved as proposed.

Effective date: September 2010

A question was raised with regard to the statement added to the calendar description, that "a maximum of three credit hours from Continuing Studies may be used towards the elective credits." A Senator asked whether there was a policy on limiting the number of Continuing Studies courses that could be taken for credit. The Provost responded that there was not, but suggested that perhaps one was needed. Another Senator stated that she had a concern with limiting the number of Continuing Studies courses that could be used as elective credits, as students could transfer any number of courses from other institutions and receive credit for them, essentially putting students taking courses through Continuing Studies at UNBC at a disadvantage. The Senator added that she had discussed this matter with the Director of Continuing Studies and that they may have a solution. Dr. Mandy, representing the Program putting this motion forward, indicated that an external review of the Chemistry Program had recently been completed, that changes to their curricula would be made as a result, and that she would be fully prepared to revisit this matter at that time. The Senator who had asked whether there was a policy responded that he was in favour of passing this motion at this time, but was disappointed no policy was in place. Another Senator asked whether, if any policy that might be developed in the future conflicts with current calendar entries, the Programs would be required to make revisions to conform to the policy. The Provost responded that they would not be forced to make revisions, but would be encouraged to revise their calendar text to conform to the policy.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### **Major in Chemistry**

The major in Chemistry requires students to take at least 64 credit hours of Chemistry, 36 credit hours of which must be upper division (i.e., 300 or 400 level).

The minimum requirement for completion of a Bachelor of Science with a major in Chemistry is 128 credit hours.

## Program Requirements

### Lower-Division Requirement

#### 100 Level

BIOL 101-4 Introductory Biology I  
BIOL 102-4 Introductory Biology II  
CHEM 100-3 General Chemistry I  
CHEM 101-3 General Chemistry II  
CHEM 120-1 General Chemistry Lab I  
CHEM 121-1 General Chemistry Lab II

CPSC 100-4 Computer Programming I  
or CPSC 110-3 Introduction to Computer Systems and  
Programming

MATH 100-3 Calculus I  
or MATH 105-3 Enriched Calculus

MATH 101-3 Calculus II  
PHYS 100-4 Introduction to Physics I  
or PHYS 110-4 Introductory Physics I: Mechanics

#### 200 Level

CHEM 200-3 Physical Chemistry I  
CHEM 201-3 Organic Chemistry I  
CHEM 202-3 Inorganic Chemistry I  
CHEM 203-3 Organic Chemistry II  
CHEM 204-3 Introductory Biochemistry  
CHEM 210-3 Analytical Chemistry I  
CHEM 250-1 Organic Chemistry Lab I  
CHEM 251-1 Organic Chemistry Lab II  
MATH 220-3 Linear Algebra

One of :

MATH 200-3 Calculus III

~~MATH 340-3 Introduction to Probability~~

~~MATH 342-3 Biostatistics~~

MATH 371-3 Probability and Statistics for Scientists and Engineers

### Upper-Division Requirement

#### 300 Level

CHEM 300-3 Physical Chemistry II  
or CHEM 305-3 Physical Chemistry III  
CHEM 310-3 Analytical Chemistry II  
or CHEM 311-3 Analytical Chemistry III  
CHEM 315-3 Physical Chemistry Lab  
CHEM 320-3 Inorganic Chemistry II  
or CHEM 321-3 Inorganic Chemistry III  
CHEM 322-3 Inorganic Chemistry Lab

## 400 Level

CHEM 401-3 Chemistry Seminar  
CHEM 406-3 Advanced Laboratory I  
CHEM 407-3 Advanced Laboratory II

\*Nine credit hours of 300 or 400 level Chemistry.\*

\*Three credit hours of 400 level Chemistry.\*

Up to 6 credit hours from BCMB 306-3, BCMB 307-3, BCMB 308-3, BCMB 330-3, BCMB 340-3, BCMB 401-3, BCMB 402-3, BCMB 403-3, BCMB 405-3 BCMB 405-3 or BCMB 409-3 may be used to satisfy these requirements.

\*A minimum of four courses must be completed.

## Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 128 credit hours. A maximum of three credit hours from Continuing Studies may be used towards the elective credits. A total of 54 credit hours of upper-division study (300- and 400-level courses) must be successfully completed to meet degree requirements.

### **SCAPP200912.08**

#### **Course Title and Description Change — POLS 413-3**

That the changes to the course title and course description for POLS 413-3 Democracy and Human Rights, on page 254 of the 2009/2010 undergraduate calendar be approved as proposed. Effective date: May 2010

A Senator asked a question about this course that was answered in the meeting. No further action was taken and no motion was required as a result of the motion being only for the information of Senate and therefore not requiring approval.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**POLS 413-3 Democracy, Citizenship and Human Rights** ~~A comparative examination of political transformation with a focus on prospects for more democratic systems, links between economic change and political change and differing conceptions of human rights. Case studies will be drawn from various countries.~~ This course examines key socio-political forces that are shaping democratic governance and challenging the traditional connection between rights and citizenship. Specific topics may include democracy and the secular-religious divide; human rights and the limits of toleration; the politics of ethno-nationalism and multiculturalism; human rights and human security; and the role of truth, amnesty and retribution in the reconciliation of historic injustices.

### **SCAPP200912.45**

#### **New Course Approval — XREL 112-3**

That, on the recommendation of the SCAPP and SCRGS Continuing Studies Credit Committee, SCAPP approve the new course History of the Christian Church – The First 1700 Years XREL 112-3 as proposed.

Proposed Semester of First Offering: January 2010

A Senator commented that these XREL courses were virtually restricted to the topic of Christianity, and encouraged Continuing Studies to broaden the course content to include other forms of religious study. No motion was required as a result of the motion being only for the information of Senate and therefore not requiring approval.

### 8.1.2 SCAPP Motions for Approval of Senate

#### **S-201001.46**

#### **Change in Designation of Psychology Program to Psychology Department**

Donker / Ellis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change in designation of the Psychology Program to Psychology Department on pages 168 and 169 of the 2009/2010 undergraduate calendar be approved as proposed.

Effective date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Psychology (BSc Program)

Paul Siakaluk, Assistant Professor, and Acting ~~Program~~ Department Chair

Han Li, Professor

Kenneth Prkachin, Professor

Robert Tait, Professor

Sherry Beaumont, Associate Professor

Cindy Hardy, Associate Professor

Henry ~~Hardy~~ Harder, Associate Professor

Glenda Prkachin, Associate Professor

Lorraine Lavallee, Assistant Professor

William Tippett, Assistant Professor

Kyle Matsuba, Adjunct Professor

Elizabeth Rocha, Adjunct Professor

Julie Orlando, Senior Lab Instructor

Website: [www.unbc.ca/psychology](http://www.unbc.ca/psychology)

Psychology is the study of behaviour and mental processes. It focuses on fundamental mechanisms and processes that regulate the behaviour of organisms. The goal of the Psychology ~~program~~ Department at UNBC is to provide advanced knowledge in the substantive areas of psychology to students in the north, with special emphasis on areas of particular need and relevance to the region, especially applications of psychology to the understanding of human social and health problems. In addition, the ~~program~~ Department will provide training adequate to ensure students' competitiveness for advanced graduate study in psychology.

## Major in Psychology

Undergraduate students are required to take 17 psychology courses (53 credit hours). Of these, at least 12 (38 credit hours) must be upper-division courses.

The minimum requirement for completion of a Bachelor of Science with a major in Psychology is 122 credit hours.

## Program Requirements

### Lower Division Requirement

100 and 200 Level

CPSC 150-3 Computer Applications

PSYC 101-3 Psychology as a Science

PSYC 102-3 Psychology and Human Problems

PSYC 215-3 Research Design and Methodology in Psychology I

Two additional Psychology 200-level courses

Note: It is strongly recommended that students planning to major in Psychology select at least one elective course in mathematics and one in biology within the first two years.

## Upper Division Requirement

300 and 400 Level

PSYC 315-4 Design and Analysis of Psychological Research I

PSYC 316-4 Design and Analysis of Psychological Research II

Two of:

PSYC 307-3 Motivation and Emotion

PSYC 317-3 ~~Psychobiology~~ Psychobiology

PSYC 318-3 Sensation and Perception

PSYC 320-3 The Psychology of Learning

PSYC 330-3 Cognition

Two of:

PSYC 301-3 Social Psychology

PSYC 303-3 Introduction to Abnormal Psychology

PSYC 306-3 Theories of Personality

PSYC 309-3 Introduction to Health Psychology

PSYC 345-3 Lifespan Development

One of:

PSYC 442-3 Methods in Developmental Psychology

PSYC 445-3 Methods in Perception and Psychophysics

PSYC 450-3 Tests and Measures

PSYC 455-3 Methods in Social Psychology

PSYC 460-3 Methods in Cognitive Psychology

PSYC 470-3 Psychophysiology

PSYC 475-3 The Evaluation of Social Programs

PSYC 480-3 Critical Analysis in Psychology and the Health Sciences

PSYC 485-3 Current Topics in Psychological Research

Fifteen credit hours of 300- or 400-level Psychology courses.

## Elective Requirement

Electives at any level in any subject sufficient to ensure completion of a minimum of 122 credit hours.

## BSc Honours - Psychology

Honours students are required to complete 122 credit hours. Students must successfully complete the 56 credit hours for the Psychology BSc program, 54 credit hours of electives and 12 credit hours from the courses listed below.

PSYC 490-3 Honours Thesis I

PSYC 495-3 Honours Thesis II

PSYC 497-3 Senior Seminar

One additional 400-level course

Each student will complete a thesis project [PSYC 490-3 (Honours Thesis I), PSYC 495-3 (Honours Thesis II)] under the supervision of a faculty member. Admission to the honours program will take place after the end of the second year (i.e., upon completion of 60 credit hours) and will require a minimum CGPA of 3.33. Attaining the minimum requirement will not guarantee admission to the honours program, which will be at the discretion of the ~~Program~~ Department. To remain in the honours program, students must maintain ~~requires the maintenance of~~ a minimum CGPA of 3.33.

The minimum requirement for completion of a BSc Honours - Psychology is 122 credit hours.

### 8.2 Senate Committee on Research and Graduate Studies (SCRGS)

Fondahl

#### 8.2.1 SCRGS Motions Removed from Consent Agenda for Approval of Senate

At the request of Senators, motion S-201001.47 (agenda item 8.2.2, New Program Approval — MSc in Business Administration) was dealt with prior to motions S-201001.25 to S-201001.43.

Motions S-201001.25 to S-201001.43 were moved as an omnibus motion.

**S-201001.25**

**New Course Approval — COMM 616-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 616-3 Accounting Research 1 be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course reviews and critiques research methods, analysis, and strategies within a specialized area of accounting drawing upon faculty expertise. The course is delivered by individual faculty members in the accounting area on a revolving basis drawing on their active program of accounting research.

**Preclusions:        COMM 416-3 (Advanced Topics in Accounting 1)**

**S-201001.26**

**New Course Approval — COMM 617-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 617-3 Accounting Research 2 be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course reviews and critiques research methods, analysis, and strategies within a specialized area of accounting drawing upon faculty expertise. The course is delivered by individual faculty members in the accounting area on a revolving basis drawing on their active program of accounting research.

**Preclusions:        COMM 417-3 (Advanced Topics in Accounting 2)**

**S-201001.27**

**New Course Approval — COMM 618-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 618-3 Accounting Research 3 be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course reviews and critiques research methods, analysis, and strategies within a specialized area of accounting drawing upon faculty expertise. The course is delivered by individual faculty members in the accounting area on a revolving basis drawing on their active program of accounting research.

**Preclusions:        COMM 418-3 (Advanced Topics in Accounting 3)**

**S-201001.28**

**New Course Approval — COMM 626-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 626-3 Finance Research 1 be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course reviews and critiques research methods, analysis, and strategies within a specialized area of finance drawing upon faculty expertise. The course is delivered by individual faculty members in the finance area on a revolving basis drawing on their active program of finance research.

**Preclusions:            COMM 426-3 (Advanced Topics in Finance 1)**

**S-201001.29**

**New Course Approval — COMM 627-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 627-3 Finance Research 2 be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course reviews and critiques research methods, analysis, and strategies within a specialized area of finance drawing upon faculty expertise. The course is delivered by individual faculty members in the finance area on a revolving basis drawing on their active program of finance research.

**Preclusions:            COMM 427-3 (Advanced Topics in Finance 2)**

**S-201001.30**

**New Course Approval — COMM 628-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 628-3 Finance Research 3 be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course reviews and critiques research methods, analysis, and strategies within a specialized area of finance drawing upon faculty expertise. The course is delivered by individual faculty members in the finance area on a revolving basis drawing on their active program of finance research.

**Preclusions:            COMM 428-3 (Advanced Topics in Finance 3)**

**S-201001.31**

**New Course Approval — COMM 637-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 637-3 Research in Human Resources Management/Organization Behaviour 1 be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course reviews and critiques research methods, analysis, and strategies within a specialized area of human resources management and organization behaviour drawing upon faculty expertise. The course is delivered by individual faculty members on a revolving basis, drawing on their active program of research.

**Preclusions:** COMM 437-3 (Advanced Topics in Human Resources Management and Organization Behaviour 1)

**S-201001.32**

**New Course Approval — COMM 638-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 638-3 Research in Human Resources Management/Organization Behaviour 2 be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course reviews and critiques research methods, analysis, and strategies within a specialized area of human resources management and organization behaviour drawing upon faculty expertise. The course is delivered by individual faculty members on a revolving basis, drawing on their active program of research.

**Preclusions:** COMM 438-3 (Advanced Topics in Human Resources Management and Organization Behaviour 2)

**S-201001.33**

**New Course Approval — COMM 639-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 639-3 Research in Human Resources Management/Organization Behaviour 3 be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course reviews and critiques research methods, analysis, and strategies within a specialized area of operations management and international business drawing upon faculty expertise. The course is delivered by individual faculty members on a revolving basis, drawing on their active program of research.

**Preclusions: COMM 458-3 (Advanced Topics in Operations Management and International Business 3)**

**S-201001.40**

**New Course Approval — COMM 662-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 662-3 Research Methodology be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course emphasizes the development and implementation of the quantitative and qualitative research designs most frequently used in applied and field settings, including case studies, archival research, experimental and quasi-experimental designs, survey research, and observational research. The topic of research ethics is also covered in this course.

**S-201001.41**

**New Course Approval — COMM 760-3**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 760-3 Seminar in Business Administration be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

This course includes a basic introduction to scholarship in business and reviews the current state of theory, research, and practice across the range of topics in business administration. Faculty members within specialized areas of business administration (accounting, finance, human resources management/organizational behaviour, marketing, operations management/international business) present 2 - 3 week modules in their areas of specialization.

**S-201001.42**

**New Course Approval — COMM 762-(3,6)**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 762-(3,6) Independent Research in Business Administration be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Working individually or in a small group, students conduct research under the supervision of a faculty member within a specialized area of business administration. Students normally complete six credit hours of this course.

**Prerequisites: COMM 662 and COMM 760, or permission of the instructor.**

**S-201001.43**

**New Course Approval — COMM 763-12**

McGill / Hartley

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course COMM 763-12 Master's Thesis be approved as proposed.

Proposed semester of first offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strike through~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Designed and executed by the student, the MSc thesis involves an original empirical investigation in the chosen specialized area of business administration.

Prerequisites: COMM 661, COMM 662, and COMM 760

**8.2.2** SCRGS Motions for Approval of Senate:

An Executive Summary of the proposed new MSc in Business Administration curriculum was included for information.

**S-201001.47**

**New Program Approval — MSc in Business Administration**

McGill / Ellis

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new Master of Science in Business Administration be approved as proposed.

Proposed Start Date: September 2010

A Senator asked why this program was being proposed as an MSc rather than an MA degree, and whether additional resources would be required to mount this degree. A Senator from the School of Business responded that, although the MBA degree is the predominant degree in Business Administration, it is not a research-based degree, and that most universities offering a research-based Master's level degree in Business Administration offer an MSc degree. He added that MSc degrees are growing across Canada, as they allow students to concentrate in one area of business. With regard to resources, the representative responded that the School is anticipating a maximum of five to ten students enrolling in the degree, so any courses without students enrolled in them would not be offered. The Chair of the School of Business added that resource allocations would be reviewed to ensure efficiency.

CARRIED.

Lloyd Spurrell, Associate Professor  
Rick Tallman, Associate Professor  
Baotai Wang, Assistant Professor

Website: <http://www.unbc.ca/commerce/>

The goal of the MSc Program in Business Administration is to educate and train business professionals with advanced research skills and extensive knowledge in a specialized area, e.g., accounting, finance, human resources management/organizational behaviour, marketing, operations management/international business. These individuals meet a growing need in Northern British Columbia and beyond for professional skills in establishing, expanding, and managing all types of business enterprises that have long-term sustainability and contribute to the economic growth and vitality of the North and the country at large. The students in the program come from a wide variety of backgrounds, including business, resource development, mathematics, and the social sciences. The MSc is a research-based degree with a thesis and is different from the MBA degree which is a terminal and course-based degree. The MSc in Business Administration is normally completed in two years.

**Admissions:** To be eligible for admission, students are required to have an acceptable academic standing, i.e., a grade point average of at least 3.00 (“B”) in the work of the last 60 credit hours, in a four-year (120 credit hours) baccalaureate degree or equivalent from a recognized institution. The MSc in Business Administration requires students to complete graduate-level courses in statistical and research methods that in turn are grounded in undergraduate-level preparation in mathematics and statistics. Accordingly, all students admitted to the MSc in Business Administration must have sufficient preparation in mathematics and statistics equivalent to the BComm degree at UNBC. Students without the necessary undergraduate preparation are required to complete these mathematics and statistics requirements before they are admitted to the MSc Program in Business Administration. Additionally, students applying to the MSc in Business Administration who hold an undergraduate degree other than the Bachelor of Commerce must have background preparation in their chosen area of MSc specialization (e.g., accounting, finance) equivalent to that obtained through the BComm degree. Students without the necessary undergraduate preparation in their intended specialty area must make up this requirement through undergraduate course work before they are admitted to the MSc in Business Administration. Both sets of requirements (i.e., mathematics/statistics and content specialization in business) may be completed as part of a

Pre-Entry Program for Admission to Graduate Studies, as set out by the Business Graduate Studies Committee and as approved by the Dean of Graduate Programs. The Business Graduate Studies Committee may recommend a conditional offer of admission contingent on completion of additional preparatory courses, but graduate courses within the MSc Program must not be started until the pre-entry course work is completed

Within the MSc Program students study and research topics in one of the specialized areas of Accounting, Finance, Human Resources Management/Organizational Behaviour, Marketing, or Operations Management/International Business. Applicants to the MSc Program must apply to one of the specialized areas within the program and the area faculty will evaluate applications against the background preparation considered necessary for specialized study within the area. Students may apply to other areas of the Business program if their area of first choice is not available.

**Application deadlines are found in this calendar under "Semester Dates" or online at: [www.unbc.ca/calendar/graduate](http://www.unbc.ca/calendar/graduate), also under "Semester Dates."** The MSc Program in Business Administration accepts students for the September Semester.

For additional information about graduate admissions or to download application materials, go to the Graduate Programs website at [www.unbc.ca/graduateprograms](http://www.unbc.ca/graduateprograms).

## Requirements

In first year, the course of study comprises 15 credit hours of courses to provide research knowledge and skills as well as substantive knowledge within a specialized area of concentration in business administration. In second year, the course of study comprises 21 credit hours of courses to provide additional substantive depth in the area of specialized concentration, research in business administration to apply and refine research skills, and a Master's Thesis representing an original empirical investigation in the chosen specialized area of business administration.

### Required Courses for the First Year

COMM 760-3 Seminar in Business Administration (3 credits)

COMM 662-3 Research Methodology or equivalent (3 credits)

One course from the following MSc ResearchTopics courses (3 credits)

Accounting Research 1 (616-3)

Accounting Research 2 (617-3)

Accounting Research 3 (618-3)

Finance Research 1 (626-3)

Finance Research 2 (627-3)

Finance Research 3 (628-3)

Research in Human Resources Management/Organization  
Behaviour 1 (637-3)  
Research in Human Resources Management/Organization  
Behaviour 2 (638-3)  
Research in Human Resources Management/Organization  
Behaviour 3 (639-3)  
Marketing Research 1 (646-3)  
Marketing Research 2 (647-3)  
Marketing Research 3 (648-3)  
Research in Operations Management/International Business 1  
(656-3)  
Research in Operations Management/International Business 2  
(657-3)  
Research in Operations Management/International Business 3  
(658-3)

### **Required Courses for the Second Year**

One course from the following MSc Research Topics Courses (3 credits)

Accounting Research 1 (616-3)  
Accounting Research 2 (617-3)  
Accounting Research 3 (618-3)  
Finance Research 1 (626-3)  
Finance Research 2 (627-3)  
Finance Research 3 (628-3)  
Research in Human Resources Management/Organization  
Behaviour 1 (637-3)  
Research in Human Resources Management/Organization  
Behaviour 2 (638-3)  
Research in Human Resources Management/Organization  
Behaviour 3 (639-3)  
Marketing Research 1 (646-3)  
Marketing Research 2 (647-3)  
Marketing Research 3 (648-3)  
Research in Operations Management/International Business 1  
(656-3)  
Research in Operations Management/International Business 2  
(657-3)  
Research in Operations Management/International Business 3  
(658-3)  
COMM 762-(3-6) Independent Research in Business Administration  
(6 credits)  
COMM 763-12 Master's Thesis (12 credits)

### **Additional Required Courses (taken in either first or second year)**

MATH 671-3 Linear Models (3 credits)  
MATH 675-3 Methods for Multivariate Data (3 credits)

## Requirements

In first year, the course of study comprises 15 credit hours of courses to provide research knowledge and skills as well as substantive knowledge within a specialized area of concentration in business administration. In second year, the course of study comprises 21 credit hours of courses to provide additional substantive depth in the area of specialized concentration, research in business administration to apply and refine research skills, and a Master's Thesis representing an original empirical investigation in the chosen specialized area of business administration. Appendix A contains a detailed rationale and description of the course offerings and sequence for the MSc in Business Administration.

### Required Courses for the First Year

COMM 760-3 Seminar in Business Administration (3 credits)

COMM 662-3 Research Methodology or equivalent (3 credits)

One course from the following MSc Research Topics courses (3 credits)

Accounting Research 1 (616-3)

Accounting Research 2 (617-3)

Accounting Research 3 (618-3)

Finance Research 1 (626-3)

Finance Research 2 (627-3)

Finance Research 3 (628-3)

Research in Human Resources Management/Organization Behaviour 1 (637-3)

Research in Human Resources Management/Organization Behaviour 2 (638-3)

Research in Human Resources Management/Organization Behaviour 3 (639-3)

Marketing Research 1 (646-3)

Marketing Research 2 (647-3)

Marketing Research 3 (648-3)

Research in Operations Management/International Business 1 (656-3)

Research in Operations Management/International Business 2 (657-3)

Research in Operations Management/International Business 3 (658-3)

### Required Courses for the Second Year

One course from the following MSc Research Topics Courses (3 credits)

Accounting Research 1 (616-3)

Accounting Research 2 (617-3)

Accounting Research 3 (618-3)

Finance Research 1 (626-3)

Finance Research 2 (627-3)

Finance Research 3 (628-3)

Research in Human Resources Management/Organization Behaviour 1 (637-3)

Research in Human Resources Management/Organization Behaviour 2 (638-3)

Research in Human Resources Management/Organization Behaviour 3

(639-3)  
 Marketing Research 1 (646-3)  
 Marketing Research 2 (647-3)  
 Marketing Research 3 (648-3)  
 Research in Operations Management/International Business 1 (656-3)  
 Research in Operations Management/International Business 2 (657-3)  
 Research in Operations Management/International Business 3 (658-3)  
 COMM 762-(3-6) Independent Research in Business Administration (6 credits)  
 COMM 763-12 Master's Thesis (12 credits)

**Additional Required Courses (taken in either first or second year)**

MATH 671-3 Linear Models (3 credits)  
 MATH 675-3 Methods for Multivariate Data (3 credits)

**S-201001.48**

**Deletion of University Gold Medals**

Wagner / Jeffery

That, on the recommendation of the Senate Committee on Research and Graduate Studies, Senate delete University Gold Medals.

Effective Date: January 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**4.7 Graduation Awards**

~~University Gold Medals are awarded to the graduating graduate student in each graduate degree program who has the highest cumulative GPA in the graduating class of that degree program, provided that the student's cumulative GPA equals or exceeds the standard for academic excellence (which at the graduate level is 4.00).~~

- ~~• Master of Arts (MA)~~
- ~~• Master of Natural resources and Environmental Studies (MNRES)~~
- ~~• Master of Science in Nursing (MScN)~~
- ~~• Master of Social Work (MSW)~~
- ~~• Master of Education (MEd)~~
- ~~• Master of Science (MSc)~~
- ~~• Master of Business Administration (MBA)~~
- ~~• PhD~~

~~In the event of a tie, multiple awards are conferred.~~

**S-201001.49**

**Replacement of Regulation 4.8 (Graduation with Academic Distinction) with Academic Regulation 17 (Academic Distinction)**

Wagner / Zahir

That, on the recommendation of the Senate Committee on Research and Graduate Studies, Senate remove Regulation 4.8 (Graduation with Academic Distinction) and replace it with new Academic Regulation 17 (Academic Distinction).

Effective Date: January 2010

Dean Hartley noted that the procedure for determining students who would be graduated with academic distinction would be that those who qualify for the Governor General's Gold Medal, but who are not awarded the medal, would be granted distinction. A Senator asked whether the distinction between a thesis grade of "clear pass" and "pass with minor revisions" would be clarified. A Senator responded that part of what was driving the large number of students receiving distinction was the policy that any grade below a B- is considered a failure for graduate students. The Senator also liked the fact that the committee would be evaluating the quality of a student's thesis rather than relying only on the student's GPA, which would also take into consideration the content of the thesis rather than simply whether the student received a "clear pass" or a pass with revisions. A Senator asked why graduate students cannot receive grades lower than B-, and suggested that this be discussed at a future meeting of Senate.

Finally, a Senator asked whether this proposed procedure applied only to thesis-based programs, and was advised that it would also apply to project- and course-based graduate programs.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### ~~4.8 Graduation with Academic Distinction~~

##### ~~Summa Cum Laude~~

~~The designation Summa Cum Laude, meaning "with highest distinction," is awarded to graduates who have a cumulative graduate grade point average of 4.00 or higher, a "clear pass" on their thesis or dissertation, and support from their supervisory committee.~~

##### ~~Magna Cum Laude~~

~~The designation Magna Cum Laude, meaning "with great distinction," is awarded to graduates who have a cumulative grade point average of 4.00 or higher; a "pass with minor revisions" on their thesis or dissertation, and support from their supervisory committee. Students in a non-thesis program are eligible for this honour, if the Program in which they are registered has approved criteria for distinguishing levels of performance on the non-course requirements (e.g., a project, comprehensive examination, a practicum).~~

##### ~~Cum Laude~~

~~The designation Cum Laude, meaning "with distinction," is awarded to graduates who have a cumulative grade point average of 3.75 to 3.99, a "pass with minor revisions" on their thesis or dissertation, and support from their supervisory committee. Students in a non-thesis program are eligible for this honour, if the program in which they are registered has approved criteria for distinguishing levels of performance on the non-course requirements (e.g. a project, comprehensive examination, a practicum).~~

#### 17. Academic Distinction

Each year a very small number of students will be graduated with Distinction. Selection criteria take into account the student's overall academic record and, as appropriate, the quality of the thesis; and are applied by a Dean's Committee on Graduate Honours chaired by the Dean of Graduate Programs. Students do not apply for graduation with distinction.

...and on p. 133 of the 2009-2010 Graduate Calendar:

## Graduation Awards

Please see Academic regulations ~~4.17 (Graduation Awards Academic Distinction)~~ and ~~4.8 (Graduation with academic Distinction)~~ for a list of Graduation Awards.

### 8.3 Senate Committee on Scholarships and Bursaries (SCSB) Madak

#### 8.3.1 SCSB Motions Removed from Consent Agenda for Approval of Senate

No motions from the Senate Committee on Scholarships and Bursaries were moved to the regular agenda from the consent agenda.

### 8.4 Senate Committee on Nominations Reid

#### S-201001.50

#### **Membership Changes to Senate and/or Senate Committees (no material)**

Reid / Hyndman

That, on the recommendation of the Senate Committee on Nominations, and barring further nominations from the floor of Senate, the following candidates, who have met all eligibility requirements to serve on Senate and/or Senate committees as indicated, be appointed as proposed.

#### **SENATE OR SENATE COMMITTEE POSITION TO BE FILLED** *(except when otherwise noted, all terms begin immediately)*

#### **CANDIDATE**

#### **SCAPP Art Acquisition Subcommittee**

Faculty Member knowledgeable in archaeology, visual arts,  
archives or heritage conservation (until March 31, 2011)  
Ad hoc expert (until March 31, 2012)

Sarah De Leeuw  
Farid Rahemtulla

#### **Steering Committee of Senate**

Lay or Regional Senator (until March 31, 2011)

Shelley McKenzie (Lay)

The Chair of the Senate Committee on Nominations called for further nominations, and there being none, the candidates were appointed as proposed.

### 9.0 Other Business

#### 9.1 Report of the Registrar DeGrace

The Registrar was not in attendance, so no report was provided.

#### 9.2 Enrolment Patterns (*Presentation*) Madak / Dale

Dean Madak presented some numbers with regard to enrolment patterns (presentation attached as Appendix I). He noted that the head count of students had decreased by 1.2% from 2009, essentially at the undergraduate level. Head counts have increased for students in Continuing Studies courses for credit, graduate programs, and international programs. With regard to FTE's, numbers are down 2.8% from last January at the same time. Similar patterns to those for head counts have been demonstrated in FTE numbers, with undergraduate student FTE's decreased and graduate and international program numbers increased. In comparison to last year, student FTE's in the College of Arts, Social and Health Sciences are down by 5.4%, while FTE's in the College of Science and Management have increased by 1.4%.

Dean Madak attributed a portion of the reported decreases to the lack of new students registering in the January semester this year, signifying a problem with recruitment and retention. He provided more detail regarding this issue, noting that, with regard to fall-to-fall retention rates for all baccalaureate students (five-year cycles), 66% of first-year students, 76.9% of second-year students, and 77.8% of third-year students were retained. He noted that Maclean's magazine has UNBC ranked at the bottom of universities in Canada with regard to recruitment and retention, and added that five-year cycle retention rates for high school and transfer students were comparable to those for all baccalaureate students.

Dean Madak reported that, for all three groups of students for which recruitment and retention statistics were determined, students with the highest retention rates were less than 25 years old, citizens of a country outside Canada, non-Aboriginal, enrolled full-time (12 or more credits), and beyond their first year of study.

Dr. Madak provided information regarding a report from the BC Council on Admissions and Transfer (BCCAT), which followed students, and their transfer patterns, from high school through to post-secondary education in northern BC. Some major points illuminated in these statistics were that 277 students transferred out of UNBC while only 219 transferred in (a difference of 58 students), and that Northern Lights College sent more students to other post-secondary institutions than it sent to UNBC.

Dr. Dale commented on Dean Madak's presentation. He indicated that FTE targets from the Ministry are continually increased. Thus, even if UNBC maintains the same number of registrations, student numbers appear to be decreasing, which is cause for concern. He added that the first-year experience, both academically and socially, is very important. UNBC has done much with regard to improving the social experience, but can do more academically in this regard, such as having the best faculty members and researchers teach first-year courses. Dr. Dale added that more focus would be useful, such as informal cohorting. He also suggested that there is more to be done to improve processes, which will be addressed. Dr. Dale concluded with the sentiment that UNBC needs to look both at recruitment and retention and the quality of students. A Senator suggested that some students may leave UNBC because they have no relatives in the region. Dr. Dale added that some students may have come to UNBC intending to move on to other programs. A Senator asked whether information was available in relation to the number of students leaving UNBC because they wanted to leave Prince George rather than the University. Dr. Dale replied that it is difficult to obtain information about and from students who leave UNBC, because they have left and are hard to contact. He added, however, that UNBC may be able to follow up with these students with a questionnaire if the Freedom of Information and Protection of Privacy Act will allow it. A Senator asked how many students who leave UNBC end up in universities with programs that are not offered at UNBC. Dean Madak responded that the BCCAT website has this type of information, but only for students who go to other BC post-secondary institutions. One Senator expressed that support outside the classroom, such as with regard to using the library, is important. Another Senator commented that he was astonished by the figures from Northwest Community College and Northern Lights College, thinking that UNBC would receive approximately 50-60% of the students transferring from those institutions. He asked whether concentrating on relationships with those institutions would be useful. Dean Madak replied that it would, that partnerships are important.

## **10.0 Information** *(no material)*

### **10.1 "The Balance Between Undergraduate and Graduate Studies" *(Presentation)***

**Fondahl**

Dr. Fondahl delivered a presentation regarding the balance between undergraduate and graduate studies at UNBC (attached as Appendix II). She noted that the presentation was simply background information to provide context for the discussion to follow. Dr. Fondahl indicated that the current balance had developed organically, and thought that it would be useful for the University to look at how it wants the distribution to look and then plan accordingly. She reported that the number of graduate students at UNBC is 17% of the overall student body, and provided graphs demonstrating UNBC's graduate student percentages in different contexts (such as in comparison with other primarily-undergraduate universities, other comprehensive universities, and US institutions).

After presenting this background material, Dr. Fondahl asked whether a change in balance was desirable, adding that there was no "hidden agenda" for this discussion and that she wanted to focus on the big picture rather than the technical details. Dr. Fondahl asked what UNBC should aim for in this regard, and why. A Senator responded that he would like to see greater continuity for students and increased interaction between undergraduate and graduate students. Another Senator responded that UNBC is a small university with 17% graduate students, and asked what that meant for faculty members. He suggested that most of faculty members' teaching responsibilities are at the undergraduate level, and that graduate studies are at the edge of their workload. As a result, the Senator expressed concern about the capacity of faculty members to be really good at what they do.

One Senator suggested that we are focusing on quantity of students, but need to look at quality also when considering statistical data. Dr. Fondahl responded that the metrics were provided for background

to the discussion only. Another Senator suggested that the point regarding quality was a good one, and that he would like to see an increase to the GPA required for graduate students to enter UNBC.

It was noted by a Senator that, according to the Conference Board of Canada, graduate student participation is half what it is in the United States, and that this results in a lack of innovation. The Senator added that he would like to see graduate education grow, and concluded with the statement that there would be steadily increasing numbers of students seeking a graduate education and that society would encourage this. Another Senator suggested that workload is expanded by working with graduate students, and that some colleagues will not take on graduate students because they do not have the resources. She added that it needed to be acknowledged that 17% graduate students means that a lot of work is done off the edge of people's desks. The comment was added that the Faculty Association needed to adjust the definition of workload.

It was suggested that members of the University needed to bear in mind the way they think about graduate studies and where it fits within the University. For instance, the Dean asked whether we think of ourselves as an undergraduate university tolerating graduate students if it is not too much work, or whether we value graduate students and become immersed in that in a big way. He suggested that, if we want to be in the category of becoming a University that supports graduate studies, we need to think of ourselves as a graduate University. He added that there might be a disciplinary distinction in this regard, in that some Programs want and need graduate students, while others not to the same degree. Finally, the Dean concluded that, if the University fosters research and scholarly thinking associated with graduate studies, it will enrich undergraduate study.

It was expressed by a Senator that she was a great supporter of graduate Programs and that, in order to serve northern BC, the University needed to do a better job of incorporating mature students. She added that she thought it was difficult to have dialogue of this nature without also discussing mechanics such as workload and the quality and quantity of students.

Another Senator was of the opinion that what makes UNBC successful is the quality of its undergraduate students. He added that in his Program, as a result of their undergraduate education, undergraduate students are much more prepared to undertake graduate studies than students in some other universities.

Dr. Fondahl asked Senators to continue to think about and discuss this matter, noting that Senate would come back to this topic in the future. Finally, Dr. Fondahl thanked Senators for their comments and contributions, and invited them to send further comments to her.

**11.0**    **S-201001.51**  
**Move to In Camera Session**  
Casperson / Jensen  
That the meeting move In Camera.  
CARRIED.

**12.0**    **S-201001.60**  
**Adjournment**  
Hutchings / Annis  
That the Senate meeting be adjourned.  
CARRIED.

The meeting ended at 5:25 p.m.

**SENATE MEETING  
PUBLIC SESSION  
MINUTES**

February 10, 2010  
3:30 – 5:30 PM  
Room 7-172 Bentley Centre

---

**Present:**

E. Annis, G. Ashoughian, S. Beeler, T. Binnema, D. Casperson, C. Chasteauneuf, J. DeGrace (Secretary of Senate), H. Donker, U. Eka, R. Ellis, G. Fondahl, W. Haque, I. Hartley, R. Hoffman, K. Hutchings, J. Hyndman, G. Iwama (Chair), A. Jacob, J. Jeffery, E. Jensen, R. Lazenby, D. Macknak, W. McGill, S. McKenzie, C. Myers (Recording), M. Reid, S. Rennebohm, R. Robinson, K. Vandersteen, S. Wagner, A. Yakemchuk, J. Young, S. Zahir

**Regrets:**

C. Bock, M. Dale (Vice Chair), A. Dayanandan, S. Déry, D. Nyce, C. O'Callaghan

**Absent:**

I. Uche-Ezeala

---

The meeting commenced at 3:30 p.m.

**1.0 S-201002.01**

**Approval of the Agenda**

Casperson / Macknak

That the Agenda for the February 10, 2010 Public Session of Senate be approved as presented.  
CARRIED.

**2.0 S-201002.02**

**Approval of Senate Minutes**

Hutchings / Macknak

That the Minutes of the January 20, 2010 Public Session of Senate be approved as presented.  
CARRIED.

**3.0 Business Arising from Previous Minutes of Senate (no material)**

No business arising was identified.

**4.0 President's Report**

**Iwama**

Dr. Iwama noted that the Wood Innovation and Design Centre had been announced in the throne speech, for the third time, and that Dr. Dale was working on the proposal for this Centre for submission to the

---

March Treasury Board meeting. Dr. Iwama also reported that, at a meeting of western university Presidents last week, two items dominated the conversation, namely athletics and education for Aboriginal students. With regard to athletics, the President of Canada West attended the meeting and reported that institutions waiting for decisions with regard to their membership could expect to receive results by May. The other item of conversation related to the recent suspension of funding to the First Nations University of Canada by both the Saskatchewan and federal governments, and the resulting concerns for students attending that institution. Dr. Iwama indicated that he had offered, through the President of the University of Regina, UNBC's support to these students. She had not yet responded to his offer.

#### 4.1 University Plan (*presentation*)

Dr. Iwama presented some information regarding the university plan (attached to these minutes as Appendix I) which is in the process of being updated. He noted at the outset of his presentation that, to honour the work undertaken in previous University Plans, he viewed the plan as a refocusing and refreshing of those plans. Consultations had taken place around campus, Prince George, the region, and with the Board of Governors, and this presentation was a summary of those consultations. He added that summary documents of the consultations were available on the website. The plan would be finalized in the spring, and would be supported by the Action Plans of the Vice Presidents. Dr. Iwama noted that the bulleted items listed under the headings "We will," are a summary of some of the comments resulting from the consultation, and that they are by no means exhaustive, nor exclusive, lists. He added that the "Guiding Principles" ought to guide UNBC's actions and direction. Finally, Dr. Iwama reported that the draft plan would be placed on the website for comment, and that further consultation may take place after that.

After he completed his presentation, Dr. Iwama invited comments and questions. He was asked about the time and costs associated with the plan, and responded that the plan was a five-year plan, and that he was not certain about the costs. He added that specifics will have price tags, and that senior administrators would be judicious in determining what could be done. Dr. Iwama added that he was optimistic about UNBC's supporters, and that having a clear plan and specifics would help the university achieve this support.

With regard to the Wood Innovation and Design Centre, Dr. Iwama was asked whether a plan was available regarding the Centre since it had already been mentioned in the throne speech several times. Dr. Iwama responded that nobody has seen a plan yet except for a high-level sketch of what the Centre might look like, and that this was the first time UNBC had been given the go-ahead to make a submission to the Treasury Board with regard to this initiative. He added that, as soon as any documentation was available, he would share it with Senators.

#### 5.0 Report of the Provost

Dale

As the Provost was not in attendance, no report was provided.

#### 6.0 Question Period

A question was raised with regard to a recent review of classroom space, and whether the report could be provided to Senate. Vice President Bray responded that a full report was not available, but a follow-up meeting would be taking place in the near future. Dr. Iwama agreed that this was important information, and expressed to Vice President Bray that it would be appreciated if this information could be shared with Senate once it was available.

A Senator asked about the status of filling some positions which are currently vacant, and responses were offered by those who were aware of the details.

Another Senator asked whether a list of University committees and the appointment process could be shared with Senators. Dr. Iwama replied that he would ensure Senate received this information.

<b>Action:</b> Dr. Iwama to provide Senators with a list of University committees.
--

Someone questioned the status of making appointments to the regional Senator positions. Senator Reid, Chair of the Senate Committee on Nominations, responded that he had been provided with some names for potential regional Senators as a result of a meeting with the Senate Committee on Regional Policy and Inter-Institutional Relations, and would be following up in the near future.

## 7.0 **S-201002.03**

### **Approval of Motions on the Consent Agenda**

Zahir / Ellis

That the motions on the consent agenda, except for those removed for placement on the regular agenda, be approved as presented.

No motions were removed from the consent agenda.

CARRIED.

## 8.0 **Committee Reports**

### 8.1 **Senate Committee on Academic Policy and Planning**

**McGill (for Dale)**

#### **“For Approval” Items:**

An Executive Summary of the Proposed New Minor in Soils and the Environment was included for information.

#### **S-201002.04**

##### **Approval of New Minor — Minor in Soils and the Environment**

Adamick / Jeffery

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new Minor in Soils and the Environment be approved as proposed.

Effective date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## **Minor in Soils and the Environment**

Processes and their dynamics at the interface between the biosphere, atmosphere, hydrosphere and lithosphere are critical to the regulation of environmental quality from the micro-scale of millimetres to macro-scale climatic conditions. The minor in Soils and the Environment provides students with an opportunity to focus on the Earth's "Critical Zone," the thin outer layer which supports terrestrial life on the planet. The emphasis is on key biological, chemical and physical processes active in soils, and how they influence environmental conditions.

Students are required to take 26 credit hours. Of these, 8 credit hours are prerequisites to FSTY 205, 15 credit hours are required soils courses, and 3 credit hours are selected from a list of suggested elective courses. In addition to the 8 credit hours of prerequisite courses at the 100 level, an additional 6 credit hours can also be used to meet the requirements of a major or another minor.

### **Required Courses**

CHEM 100-3	General Chemistry I
CHEM 101-3	General Chemistry II
CHEM 120-1	General Chemistry Lab I
CHEM 121-1	General Chemistry Lab II
FSTY 205-3	Introductory Soil Science
ENSC 325-3	Soil Physical Processes and the Environment
FSTY 425-3	Soil Formation and Classification
ENSC 435-3	Soil Biological Processes and the Environment
ENSC 460-3	Soil Chemical Processes and the Environment

## Elective Courses\*

Three credit hours from the following list

ENSC 404-3 Waste Management  
ENSC 451-3 Groundwater Hydrology  
ENSC 452-3 Reclamation and Remediation of Disturbed Environments  
FSTY 415-3 Forest Soils

\* Students must ensure they have the appropriate prerequisites to take these courses.

### **S-201002.05**

#### **Change to Program Requirements — Major in Environmental Science**

Hyndman / Jeffery

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Major in Environmental Science be approved as proposed.

Effective date: September 2010

It was noted that the asterisks next to course numbers that were indicated in this motion as requiring removal from the calendar should not be removed, as they were in reference to a note preceding the calendar text shown in the motion.

CARRIED.

<b>Action:</b> Ms. Myers to remove the “ <del>strikethrough</del> ” notation on the asterisks.
--

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### Elective Requirement

Elective credit hours as necessary to ensure completion of a minimum of 127 credit hours.

#### **S-201002.06**

#### **Change to Program Requirements — Minor in Environmental Science**

Adamick / Hutchings

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the Minor in Environmental Science be approved as proposed.

Effective date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The minor in Environmental Science requires the completion, from the courses listed below, of 21 credit hours, 12 of which must be at the upper-division level. A maximum of two courses (~~six 6 credits~~ hours) used to fulfill program requirements for a major or another minor may also be used to fulfill requirements for a minor in Environmental Science.

Students must select at least one course from each of the following categories (important: all courses listed for the minor have prerequisites; it is the student's responsibility to ensure that they have the required prerequisites):

#### **Aquatic Systems**

BIOL 302-3	Limnology
BIOL 402-3	Aquatic Plants
BIOL 406-3	Fish Ecology
ENSC 202-3	Introduction to Aquatic Systems
ENSC 350-3	Fluid Mechanics
ENSC 451-3	Groundwater Hydrology
ENSC 454-3	Snow and Ice
GEOG 310-3	Hydrology

#### **Atmospheric Systems**

ENSC 201-3	Introduction to Atmospheric Science
ENSC 312-3	Boundary-layer Meteorology
ENSC 408-3	Storms
ENSC 412-3	Air Pollution

ENSC 425-3 Global Change Science  
ENSC 454-3 Snow and Ice

### **Ecological Systems**

BIOL 201-3 Ecology  
BIOL 202-3 Invertebrate Zoology  
BIOL 203-3 Microbiology  
BIOL 210-3 Genetics  
BIOL 301-3 Systematic Botany  
BIOL 401-3 Plant-Microbial Interactions  
BIOL 404-3 Plant Ecology  
BIOL 410-3 Population and Community Ecology  
BIOL 411-3 Conservation Biology

### **Terrestrial Systems**

ENSC 325-3 Soil Physical Processes and the Environment  
ENSC 435-3 Soil Biological Processes and the Environment  
ENSC 451-3 Groundwater Hydrology  
ENSC 452-3 Reclamation and Remediation of Disturbed Environments  
ENSC 460-3 Soil Chemical Processes and the Environment  
FSTY 205-3 Introduction to Soil Science  
~~FSTY 455-3 Biogeochemical Processes in Soil Systems~~  
GEOG 210-3 Geomorphology  
GEOG 311-3 Concepts in Geomorphology  
GEOG 405-3 Fluvial Geomorphology  
GEOG 411-3 Advanced Elements in Geomorphology  
GEOG 412-3 Geomorphology of Cold Regions  
GEOG 414-3 Weathering Processes

### **Environmental Pollution and Management**

ENPL 302-3 Energy Development  
ENPL 305-3 Environmental Impact Assessment  
ENSC 308-3 Northern Contaminated Environments  
ENSC 404-3 Waste Management  
ENSC 406-3 Environmental Modelling  
ENSC 412-3 Air Pollution  
ENSC 451-3 Groundwater Hydrology  
ENSC 452-3 Reclamation and Remediation of Disturbed Environments  
ENSC 453-3 Environmental Resources Management and Decision Making  
NREM 410-3 Watershed Management

**S-201002.07**

**Calendar Description Change — Environmental Engineering**

Hutchings / Annis

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the Calendar Description for Environmental Engineering be approved as proposed.

Effective date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**Program Requirements**

**Semester 1 and 2 completed at UNBC**

PHYS 111-4

CORE 101-3 Humanities

or CORE 103-3 Social Sciences

~~Social Sciences~~

or three credit hours of Humanities and Social Science courses with subject matter that deals with the central issues, methodologies, and thought processes of the humanities and social science ~~Humanities and Social Science courses may be selected from among the areas that are considered Humanities and Social Science for purposes of the BA (General). POLS 100-3 Contemporary Political Issues is recommended in meeting this requirement as it is a prerequisite for ENPL 401-3 in semester 9 of the program. (for example, any ANTH, ENGL, ENV5, FSNT, HIST, INTS, NORS, PHIL, POLS, or WMST course that does not principally impart language skills or statistics).~~ GEOG and ENPL courses may qualify with approval.

**S-201002.08**

**Course Deletion — FSTY 455-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, FSTY 455-3 Biogeochemical Processes in Soil Systems be deleted as a course offering.

Effective date: January 2011

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~**FSTY 455 – Biogeochemical Processes in Soil Systems** Principles, components and measurement of physical, chemical and biological processes in soils. Biogeochemical processes will be related to forest fertility and environmental quality concerns such as pollution of soil and water.~~

**S-201002.09**

**New Course Approval — ENSC 325-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENSC 325-3 Soil Physical Processes and the Environment be approved as proposed.

Proposed Semester of First Offering: January 2011

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 325-3 Soil Physical Processes and the Environment** This course focuses on physical principles and processes of soils that influence organisms and the environment, including retention and movement of water, heat transfer, soil strength, gas exchange, transport of solutes, and soil erosion. Examples from areas of land resource management, environmental quality, agriculture and forestry are used to illustrate principles.

**Prerequisites:** FSTY 205 or permission from instructor

**S-201002.10**

**New Course Approval — ENSC 435-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENSC 435-3 Soil Biological Processes and the Environment be approved as proposed.

Proposed Semester of First Offering: January 2011

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 435-3 Soil Biological Processes and the Environment** Processes at the interface between the biosphere, atmosphere, hydrosphere and lithosphere are critical to the regulation of environmental quality on Earth. This course provides an overview of the soil habitat from a biological perspective and of how soil organisms and the processes they mediate play critical roles in a sustainable planet.

**Prerequisites:** FSTY 205 or permission from instructor

**Preclusions:** FSTY 455-3; NREM 655-3; ENSC 635-3

**S-201002.11**

**New Course Approval — ENSC 460-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ENSC 460-3 Soil Chemical Processes and the Environment be approved as proposed.

Proposed Semester of First Offering: January 2012

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ENSC 460-3 Soil Chemical Processes and the Environment** Reactions at the interface of the atmosphere, biosphere, hydrosphere and lithosphere play key roles in regulating environmental quality on Earth. This course focuses on the key chemical processes in soils, in the Earth's "Critical Zone." The fundamental concepts of chemistry and mineralogy are applied to help students understand the soil system and its relevance to processes in natural ecosystems and environments impacted by human activity.

**Preclusions:** FSTY 455-3; NREM 655-3; ENSC 660-3

An Executive Summary of the National Outdoor Leadership School (NOLS) University Course Creation and Credit Transfer Process was included for information.

A copy of the Partnership Protocol Agreement between the University of Northern British Columbia (UNBC) and the National Outdoor Leadership School (NOLS) was included for information.

Motions S-201002.12 to S-201002.16 were dealt with as an omnibus motion.

**S-201002.12**

**New Course Approval — NOLS 100-4**

Adamick / Jeffery

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course NOLS 100-4 The Natural History of Regional Ecosystems be approved as proposed.  
Proposed Semester of First Offering: September 2010

Several questions were asked about these courses, including whether the library would receive any additional funding to cover the increased costs of license agreements and collections for mounting these courses. The representative from the Program responded that he acknowledged that details needed to be worked out once the courses were approved. Concern was raised about the courses having a grade mode of "Pass/Fail," which, it was suggested, presents difficulties in terms of calculating GPAs and award qualification criteria. It was therefore questioned whether any thought had been given to limiting the number of credit hours of "Pass/Fail" grade mode courses that could be taken. The Program representative replied that, after consultation, it had been determined that using the "Pass/Fail" grade mode would be the easiest way to administer these courses. He added that it would be expensive to repeat these courses. It was asked whether the Senate Committee on Academic Policy and Planning could be directed to review the appropriateness of placing limitations on the number of credit hours of "Pass/Fail" grade mode courses that students could take. The Program representative indicated that these courses were similar to exchange courses. Ms. Russell, Director of Student Success, noted that a 30 credit-hour limit was placed on exchange students.

A Senator asked why no First Nations content was contained in these courses, and the Program representative responded that, from what he knows of NOLS in a broad sense, there is First Nations content as the courses address issues unique to the regions in which they are held. Finally, the Program representative was asked how many other universities in Canada offer these courses for credit. He replied that there are five other Canadian universities offering NOLS courses, but they articulate to the University of Utah rather than offering the courses for credit.

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NOLS 100-4 The Natural History of Regional Ecosystems** This course teaches students field natural history and basic field ecology as keys to the exploration of their surroundings and in order to minimize the human effects on the ecosystems through which they travel. This is done through immersion in a wilderness setting, class work, and guided "teachable moments" that develop students' knowledge of local biota.

**S-201002.13**

**New Course Approval — NOLS 300-2**

Adamick / Jeffery

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course NOLS 300-2 Environmental Ethics, Leave No Trace and Leadership be approved as proposed.  
Proposed Semester of First Offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NOLS 300-2 Environmental Ethics, Leave No Trace and Leadership** This course allows students to master "Leave No Trace" principles and develop the teaching skills necessary to pass these ethics on to others effectively. These goals are accomplished in an independent learning community immersed in a remote wilderness environment.

**S-201002.14**

**New Course Approval — NOLS 301-2**

Adamick / Jeffery

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course NOLS 301-2 Group Leadership Techniques be approved as proposed.

Proposed Semester of First Offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NOLS 301-2 Group Leadership Techniques** This course enables students to learn and practice advanced levels of outdoor leadership. Areas of emphasis include high accountability standards, communications, group organization, teamwork, and expedition ethics.

**S-201002.15**

**New Course Approval — NOLS 302-(2-6)**

Adamick / Jeffery

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course NOLS 302-(2-6) Wilderness Skills Practicum be approved as proposed.

Proposed Semester of First Offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NOLS 302-(2-6) Wilderness Skills Practicum** This course teaches students safety and environmental care to develop competence in wilderness travel fundamentals. Students learn the skills needed to travel through the backcountry safely, in a number of different contexts (e.g., canoeing, river travel, backpacking, mountaineering).

**S-201002.16**

**New Course Approval — NOLS 303-2**

Adamick / Jeffery

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course NOLS 303-2 Risk Management, Assessment and Decision Making be approved as proposed.

Proposed Semester of First Offering: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**NOLS 303-2 Risk Management, Assessment and Decision Making** Students learn and practice assessing and managing risks related to weather, climate, travel, and the "human factor." Foundations for decision-making, theory, and communication are practiced. Risk assessment is evaluated on the environment in which the course is based (e.g., land, water or snow).

**S-201002.17**

**New Course Approval — ORTM 332-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course ORTM 332-3 Outdoor Education and Leadership be approved as proposed.

Proposed Semester of First Offering: May 2011

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**ORTM 332-3 Outdoor Education and Leadership** This course explores theory and practice of pedagogy and leadership used in providing travel and recreation experiences in outdoor settings. It bridges theory and practice in safe field-based learning environments. The physical setting as well as the semester in which the course is offered may alter course content from year to year. The course may be repeated when a substantial difference in curriculum exists.

**Prerequisites:** Upper division standing

**S-201002.18**

**Course Deletion — CORE 102-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, CORE 102-3 Introduction to the Physical Sciences be deleted and removed from the Calendar.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

~~**CORE 102-3 Physical Sciences** A course devoted to the physical sciences that will include such topics as, what are Science, Chemistry, Physics, Earth Science, Astronomy and Mathematics?~~

**S-201002.19**

**New Course Approval — PHYS 150-3**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the new course PHYS 150-3 Physics for Future Leaders be approved as proposed.

Proposed Semester of First Offering: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**PHYS 150-3 Physics for Future Leaders** This course examines the physics underlying major technological aspects of modern society and issues of global concern. Through addressing themes such as global warming, the energy problem and alternative sources of energy, nuclear power and nuclear weapons, health and medical technology, pollution of the atmosphere, satellites, telecommunication, and the internet, this course introduces basic physics topics such as motion and energy, atoms and heat, gravity and force, electricity and magnetism, light and electromagnetic waves, radioactivity and nuclear reactions, quantum physics, and relativity. This course requires no scientific or mathematical background and is accessible to students in any discipline.

An Executive Summary of the proposed revisions to the School of Social Work curriculum was included for information.

**S-201002.20**

**Calendar Description Change — Child Welfare Certificate**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the changes to the calendar description of the Child Welfare Certificate be approved as proposed.

Effective date: January 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## Child Welfare Certificate

The Child Welfare Certificate program is open only to Bachelor of Social Work and Bachelor of Child & and Youth Care graduates. The Certificate is designed to prepare students for ~~child protection practice with the Ministry of Children and Family Development. Primary focus is on students learning and practicing specialized skills for child welfare practiced in the northern and rural regions of British Columbia.~~ child welfare work, with a particular focus on practice in the northern and rural regions of British Columbia. However, certificate graduates will be well prepared to work in all agencies and locations that provide child welfare service. The Certificate consists of 18 credit hours. Admission into the Certificate program is limited. Students must establish their course of study with approval from the Chair of the School of Social Work.

### **S-201002.21**

#### **Calendar Description Change — BSW: Child Welfare Specialization**

That, on the recommendation of the Senate Committee on Academic Policy and Planning, the change(s) to the BSW: Child Welfare Specialization description for the School of Social Work be approved as proposed.

Effective date: January 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

## BSW: Child Welfare Specialization

The Child Welfare Specialization is designed to provide a program of studies that prepares students for practice in child welfare, while also satisfying the general practice criteria required for BSW accreditation and for designation as a Registered Social Worker (RSW).

Students must meet all prerequisites for entry into the BSW program at UNBC and be accepted into the school. The fourth year practicum takes place in a ~~government-~~ child welfare setting ~~service (BC Ministry for Children and Families, or a fully delegated First Nations child welfare agency. or an approved government agency in another province).~~ Completion of the specialization is noted on the student's graduating transcript.

The Child Welfare Specialization is designed to provide a social work degree that prepares students for social work practice in all child and family serving agencies. ~~In addition, the program is designed to meet the BC Ministry for Children and Families entry level expectations for child protection positions.~~

### **“For Information” Items:**

#### **SCAPP201001.12**

##### **Course Title and Calendar Description Change — ENSC 312-3**

That the change to the course title and calendar description for ENSC 312-3 Boundary-layer Meteorology, on page 212 of the 2009/2010 undergraduate calendar, be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

#### **ENSC 312 - Boundary-layer Biometeorology**

This course develops an understanding of the pPrinciples of weather and climate at micro-, local and meso- scales; It discusses the processes associated with transfers of heat, mass, and

momentum and resulting climates near the surface; Other topics include fog, urban and forest climates, bioclimatology, local winds, as well as transport and dispersion of air pollution.

### **SCAPP201001.13**

#### **Course Title and Calendar Description Change — FSTY 315-3**

That the changes to the title and course description for FSTY 315-3 Forest Soil Management be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**~~FSTY 315-3 Forest Soil Management~~ FSTY 415-3 Forest Soils** This course examines the distinctive physical, chemical and biological ~~determinants~~ properties of forest soils from an ecological perspective, emphasizing western Canadian examples. ~~productivity and introduces the basic principles of forest site classification, emphasizing systems used in British Columbia.~~ Forest practices in all phases of land management (harvesting, site preparation, stand tending) are examined to provide an understanding of their effects on soil properties and productivity. The regulatory framework governing soil conservation in BC forestry is reviewed, along with methods used to restore productivity to damaged forest soils. Major themes include the role of soils in forest site classifications, carbon and nutrient cycling in forests, soil determinants of forest productivity, and the responses of soils to forest management practices. Field trips and laboratory exercises provide experience in techniques used for assessing forest soil properties and management impacts.

*Prerequisites:* FSTY 205-3

### **SCAPP201001.14**

#### **Course Prerequisite Change — GEOG 111-1**

That the change to the prerequisite for GEOG 111-1 Theory and Practice of Physical Geography be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

GEOG 111-1 Theory and Practice of Physical Geography This course introduces physical geography students to the theory and practice of physical geography, particularly in BC, through seminars and invited presentations involving professional practitioners in the region and province. A weekend field trip is required. This course is intended for students who want to major in Physical Geography.

*Prerequisites:* ~~Permission of the Program Chair~~ none

### **SCAPP201001.15**

#### **Course Prerequisite Change — GEOG 333-3**

That the change to the prerequisite for GEOG 333-3 Geography Field School be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

### GEOG 333-3 Geography Field School

Students apply field methods in physical and/or human geography towards an integrated study of local and global environments. Note: When this course is offered with predominantly human geography content, APEGBC will not consider it suitable for a Professional Geoscience credit.

Prerequisites: ~~None~~ Upper-division standing

Class Restrictions: ~~60 credit hours~~

#### **SCAPP201001.23**

##### **Course Prerequisite Change — MATH 100-3**

That the change to the course prerequisites for MATH 100-3 Calculus I be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**MATH 100-3 Calculus I** This course is an introduction to the calculus functions of one variable, primarily for majors and students in the sciences. Functions of one variable, inverses, limits and limit theorems, continuity, the difference quotient and derivatives, rules for differentiation, differentiability, the mean value theorem, the differential as a linear functional, definitions and derivatives of trigonometric functions, informal definitions of logarithmic and exponential functions and their derivatives, L'Hopital's rule, higher derivatives, maxima and minima, curve sketching, Newton's method, antiderivatives, definite integrals, the fundamental theorem of calculus, integrals of elementary functions, area between curves, applications of integration, and integration by substitution are discussed. All sections of this course are ~~will be~~ taught using the Maple software.

*Prerequisites: MATH 12 or Principles of MATH 12 or MATH 115-3 or Pre-calculus 12*

*Precluded: MATH 105-3 or MATH 152-3*

#### **SCAPP201001.24**

##### **Course Prerequisite Change — MATH 105-3**

That the change to the course prerequisites for MATH 105-3 Enriched Calculus be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**MATH 105-3 Enriched Calculus** A This course provides a rigorous introduction to the calculus of functions of one variable. Core topics covered are similar to those of MATH 100-3, except that the focus is less on the mechanics of calculus and more on the development of the ideas in calculus and of calculus as a foundation of mathematical thought. Additional special topics ~~will~~ may be added by the instructor. Maple labs ~~will~~ accompany this course.

*Precluded: MATH-100*

*MATH 152*

*Prerequisites: MATH 115 Minimum Grade of C- or Principles of Math 12 or Pre-calculus 12.*

**SCAPP201001.25**

**Course Prerequisite Change — MATH 115-3**

That the change to the course prerequisites for MATH 115-3 Precalculus be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**MATH 115-3 Precalculus**

This course covers algebraic manipulation, solutions of algebraic equations, functions, Inverses, graphing, and analytic geometry. It is not normally open to students with credit in Grade 12 Mathematics.

**Prerequisites:** Principles of Math 11 or Pre-calculus 11.

**SCAPP201001.26**

**Course Prerequisite Change — MATH 150-3**

That the change to the course prerequisites for MATH 150-3 Finite Mathematics for Business and Economics be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**MATH 150-3 Finite Mathematics for Business and Economics** This course is offered primarily for students in the School of Business and the Economics Program. ~~The course~~ It covers functions and graphs, linear systems of equations, matrix notation and properties, matrix inversion, linear programming, sets, counting and probability, and an introduction to actuarial mathematics.

**This course may not be used for credit towards a major, or joint major, in Mathematics or Computer Science.**

*Prerequisites:* Principles of Math 12 or MATH 115-3 or Pre-calculus 12 or Math Foundations 12

**SCAPP201001.27**

**Course Prerequisite Change — MATH 152-3**

That the change to the course prerequisites for MATH 152-3 Calculus for Non-Majors be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**MATH 152 Calculus for Non-Majors** Limits, the derivative, techniques of differentiation, exponential functions and exponential growth, maxima and minima, curve sketching, first order linear differential equations, definite and indefinite integrals, partial derivative, optimization of functions of several variables, Lagrange multipliers, with applications in the social and physical sciences. Applications may

vary somewhat from section to section, depending on student's discipline. Not open to mathematics or computer science majors.

*Precluded:* MATH-100  
MATH-105

*Prerequisites:* MATH 115 Minimum Grade of C- or Principles of Math 12 or Pre-calculus 12

**SCAPP201001.28**

**Course Prerequisite and Calendar Description Change — MATH 190-4**

That the changes to the course prerequisites and calendar description for MATH 190-4 Math for Elementary Educators be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**MATH 190 Math for Elementary Educators** This course develops an understanding of mathematical concepts and relationships used in the elementary school curriculum. The content focus is on numbers and number systems, patterns and relationships, shapes and space, and statistics and probability. Problem solving and deductive reasoning are stressed throughout the course. Students who have taken MATH 100, MATH 105, or MATH 152 or equivalent require permission of the Chair.

*Precluded:* MATH-100  
MATH-105  
MATH-152

*Prerequisites:* Principles of Math 11 or Pre-calculus 11 or Math Foundations 11

**SCAPP201001.29**

**Calendar Course Description Change — MATH 220-3**

That the change(s) to the calendar course description for MATH 220-3 Linear Algebra be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**MATH 220-3 Linear Algebra** This course covers sSystems of linear equations, matrix algebra, determinants, vector geometry, vector spaces, eigenvalues and diagonalization. ~~Some use will be made of appropriate software, but previous computer experience is not required.~~

Prerequisites: MATH 100-3 or MATH 105-3

**SCAPP201001.22**

**Course Prerequisite Change — ORTM 410-3**

That the change to the course prerequisite for ORTM 410-3 Research Methods and Analysis, on page 248 of the 2009/2010 undergraduate calendar, be approved as proposed.

Effective date: September 2010

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

Prerequisites: ORTM 300-3 and ECON 205-3 or ~~Math 242-3~~ Math 240-3 or permission of instructor.

**SCAPP200912.32**

**8.2 Senate Committee on Research and Graduate Studies**

**Fondahl / Hartley**

**“For Approval” Items:**

An Executive Summary of the proposed new Master of Education Special Education (MEd SpEd) curriculum was included for information.

**S-201002.22**

**New Master of Education Specialization (Special Education)**

Hartley / Rennebohm

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new Master of Education – Special Education specialization be approved as proposed.

Proposed Start Date: September 2010

CARRIED.

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

The Special Education specialization prepares students to provide professional services and leadership in Special Education and educational programs offered in schools and other educational institutions. The program includes an integrated core of required courses, elective courses, and thesis, project portfolio, or comprehensive examination routes.

This Special Education specialization is delivered online or by other distance technologies. It requires a minimum of 31 graduate credit hours for completion, with an option to take up to 10 additional elective credit hours. The Special Education specialization requires students to complete five (5) required courses, and a sufficient number of elective courses to meet the minimum 31 credit hour graduation requirement including the portfolio (3 credit hours), comprehensive examination (3 credit hours), project (6 credit hours), or thesis (9 credit hours) routes.

**Curriculum:**

**Required Core Courses**

EDUC 601-3 Educational Research Design and Methodology  
EDUC 633-3 Human Development: Implications for Education  
EDUC 635-3 Educating Exceptional Students  
EDUC 636-3 Language and Learning Disabilities

One of the following research courses is required; the other may be taken as elective credit:

EDUC 602-4 Quantitative Research Design and Data Analysis  
EDUC 610-4 Qualitative Analysis in Education

Choose one of the following four routes to completion: Portfolio, Comprehensive Examination, Project, or Thesis.

### 1. Portfolio

EDUC 796-3 Portfolio

and

a minimum of 12 credit hours of additional coursework selected from the list of electives below

### 2. Comprehensive Examination

EDUC 797-3 Comprehensive Examination

and

a minimum of 12 credit hours of additional coursework selected from the list of electives below

### 3. Project

EDUC 798-6 M.Ed. Project

and

a minimum of 9 credit hours of additional coursework selected from the list of electives below

### 4. Thesis

EDUC 799-9 M.Ed. Thesis

and

a minimum of 6 credit hours of additional coursework selected from the list of electives below

### Elective courses<sup>1</sup>

One of EDUC 602-4 and EDUC 610-4 may be taken as an elective provided the other is taken as a required core course.

EDUC 609-3 Aboriginal Learners: History, Culture, and Ways of Knowing  
EDUC 620-4 Educational Assessment and Evaluation  
EDUC 621-3 Classroom Assessment Practices  
EDUC 622-4 Psychoeducational Assessment  
EDUC 631-3 Educational Applications of Computer Technology  
EDUC 632-3 Language Development: Implications for Education  
EDUC 634-3 Achievement Motivation  
EDUC 637-3 Interventions for Literacy Disorders  
EDUC 638-3 Mathematic Disorders and Remediation  
EDUC 639-3 School-Based Teams, Consultants, and Families  
EDUC 640-3<sup>2</sup> Focus on a Selected Disability  
EDUC 642-3 Personal and Career Planning for Students with Special Needs

EDUC 795-3 Research Seminar (Strongly Recommended, and may be required by supervisor if EDUC 799-9 or EDUC 798 Project has been chosen for the completion route)

<sup>1</sup>With the approval of the Graduate Supervisor and Graduate Program Chair, a student may complete up to 6 credit hours of graduate course work not from the above list. These elective credit hours may be other graduate-level EDUC courses, and/or from other UNBC graduate programs, and/or from other accredited Canadian universities via approved transfer agreements (e.g. Western Deans' Agreement).

<sup>2</sup>This course focuses in depth on educational aspects of a specific disability or range of disabilities, such as FASD, Autism Spectrum Disorder, hearing disability and deafness, or visual impairment. The courses are named specifically: e.g., Focus on Autism, Focus on FASD. A student may take this course up to two times (each time with a different focus).

#### **S-201002.23**

##### **New Course Approval — EDUC 622-4**

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course EDUC 622-4 Psychoeducational Assessment be approved as proposed.

Proposed Semester of First Offering: January 2011

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**EDUC 622-4 Psychoeducational Assessment** This course provides an overview of individualized assessment, including formal standardized instruments, informal tests, and classroom-based tools and instruction on the administration and interpretation of Level B tests. There is also a field application involving the design, administration, and interpretation of an individual assessment for learning.

#### **S-201002.24**

##### **New Course Approval — EDUC 637-3**

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course EDUC 637-3 Interventions for Literacy Disorders be approved as proposed.

Proposed Semester of First Offering: January 2011

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**EDUC 637-3 Interventions for Literacy Disorders** This course provides an overview of diagnostic and remedial strategies for literacy disorders. Students are provided with an overview of individualised assessment, including informal tests, and classroom-based tools and instruction on remedial strategies specific to literacy errors and deficiencies. There is also a field application, in which students work in a supervised setting with one child exhibiting a literacy disorder, out of which a final report is produced.

#### **S-201002.25**

##### **New Course Approval — EDUC 638-3**

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course EDUC 638-3 Mathematic Disorders and Remediation be approved as proposed.

Proposed Semester of First Offering: January 2011

CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~strikethrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**EDUC 638-3 Mathematic Disorders and Remediation** This course provides an overview of diagnostic and remedial strategies for mathematics. Students are provided with an overview of individualised assessment, including formal standardised instruments, informal tests, and classroom-based tools and instruction on remedial strategies specific to mathematics errors and deficiencies. There is also a field application, in the form of a brief mathematics clinic in which students work in a supervised setting with one remedial mathematics child, out of which a final report is produced.

**S-201002.26**

**New Course Approval — EDUC 639-3**

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course EDUC 639-3 School-Based Teams, Consultants, and Families be approved as proposed.  
Proposed Semester of First Offering: September 2010  
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**EDUC 639-3 School-Based Teams, Consultants, and Families** This course is an overview of the strategies, policies, and procedures related to school-based team meetings. Included is a review of the professional literature, a description of the roles and responsibilities of team members such as teachers, administrators, parents, students, and families, and an analysis of the techniques used in school-based team meetings.

**S-201002.27**

**New Course Approval — EDUC 640-3**

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course EDUC 640-3 Focus on a Selected Disability be approved as proposed.  
Proposed Semester of First Offering: January 2011  
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):

**EDUC 640-3 Focus on a Selected Disability** This course examines a specific special need, with topics determined by the interests of students and the availability of faculty members to teach them. For example, it may focus in depth on educational aspects of a specific disability or range of disabilities, such as FASD, Autism Spectrum Disorder, hearing disability and deafness, or visual impairment. This course may be taken up to two times but with a different disability focus each time.

**S-201002.28**

**New Course Approval — EDUC 642-3**

That, on the recommendation of the Senate Committee on Research and Graduate Studies, the new course EDUC 642-3 Personal and Career Planning for Students with Special Needs be approved as proposed.  
Proposed Semester of First Offering: January 2011  
CARRIED (consent agenda).

Details of the approved calendar text are as follows (for revisions, deleted text indicated by ~~striketrough~~, new text indicated by underline, and [commentary, where included, in Courier New font within square brackets]):
